
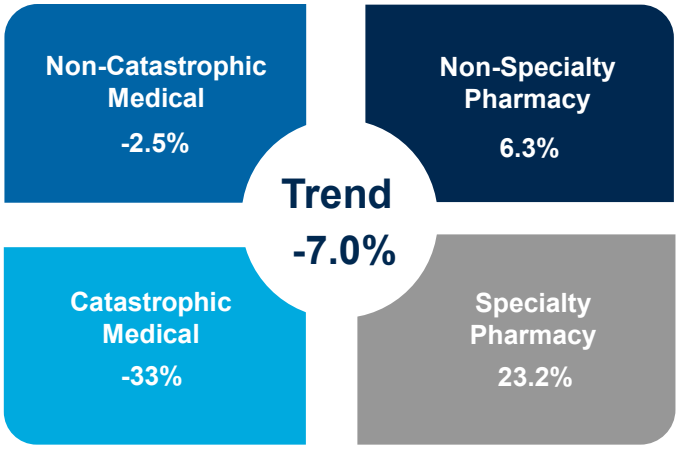
Medical: $17.8M

- Cost Share: 9.5% (7.6% norm)
- Top 3 Diagnostic Categories:
  - Musculoskeletal
  - Neoplasms
  - Circulatory
- Estimated cost trend for medical and pharmacy combined capped at stoploss levels for each year was a decrease of 1.7%
- Chronic cost per member decreased for the second consecutive calendar year

Drivers of Trend



Pharmacy: $4.4M

- Trend Drivers by Component:
  Inflation 3.4%, Utilization 0.9%, & Drug Mix 8.9%
- Generic dispensing rate: 91% (norm = 90.0%)
- Formulary Compliance: 69.2% (increased 12%)
- Pharmacy Ben. Specialty Drug Costs:
  ~$1.9M (45.0% Pharmacy Ben. Spend)
- Cost Share: 9.8% (8.4% norm)
- Top 3 Therapeutic Classes:
  - Antivirals, HIV Specific
  - Anti-Inflam Disease Modifiers
  - Hypoglycemics

TOTAL HEALTH INSIGHT – KEY AREAS

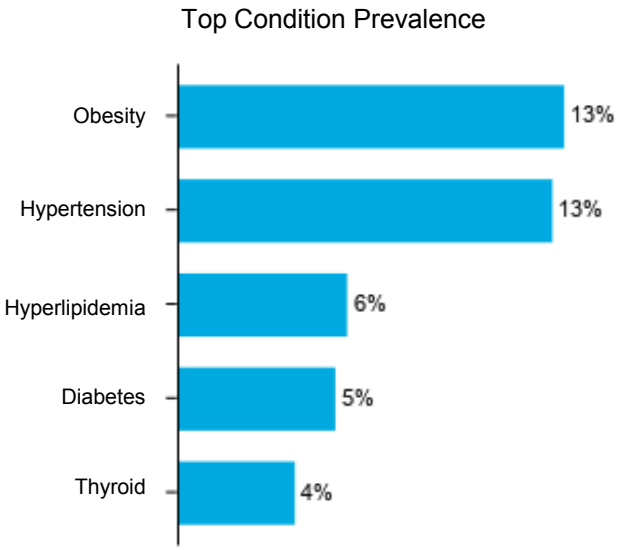
PREVENTION

84% of members had an office visit or visited the health and wellness center

- 65% of the total population and 67% of employees had some type of preventive service
- Roughly 56% of all member types (employees, spouses and dependents) had an annual physical
- Gaps in Care clinical compliance rate at nearly 79%, 1 point above 2019
- 11% of the population had no services during the year

CHRONIC RISK

42% of the population had a chronic condition, and drove 74% of spend



UTILIZATION

-8% medical trend impact from decreased utilization during 2020

- Network penetration increased to 98% for 2020, discounts remained at a rate of 66%
- 31% lower overall ER utilization, 41% lower steerable ER visit rate. 120 remaining steerable ER visits ($116k savings opportunity)
- Urgent Care visit rate 2% higher for 2020. 316 additional visits incurred for viral disease health issues compared to 2019 (COVID-19)
- 2020 savings from Health Matters Care Management Preferred of $1.4m

OPPORTUNITIES

Increase Compliance -

Monitor potential care deferral and prevention results throughout 2021

Chronic population –

Pre-diabetes prevalence of 11% currently

Pharmacy

Specialty medication and management options

CATASTROPHIC SUMMARY

Catastrophic individuals accounted for under 1% of the population and 20% of the total spend ($4.0m combined medical and pharmacy)

OVERVIEW

18* individuals

(18 in prior year)

- 12 over age 50
- 11 employees, 6 spouses, 1 dependent
- 3 were new enrollees during the year (2 employees, 1 spouse)
- 3 are no longer enrolled in the plan

**catastrophic level of $100,000 per individual for CY2020*

COSTS

$223K average cost per individual

- Top individual was $635k
- 97% of medical spend was in-network
- 2 of the individuals were also catastrophic during 2019
- 3 individuals had over $100k in medication spend
- Specialty medications accounted for roughly 17% of total catastrophic costs

CONDITIONS

94% have a chronic condition

- 88% of those with a chronic condition had 2 or more
- Top chronic conditions were: Hypertension, Hyperlipidemia and Diabetes
- 39% have a behavioral diagnosis
- Cancer was the highest diagnostic category by spend and number of individuals impacted, 3
- 1 had a positive diagnosis for COVID-19

ENGAGEMENT

81% engagement rate

- 78% case management engagement rate
- 12 impacted by inpatient management
- 2 engaged with a health coach telephonically
- 7 are aligned to a Cigna Collaborative Care physician
- 92% medication adherence rate

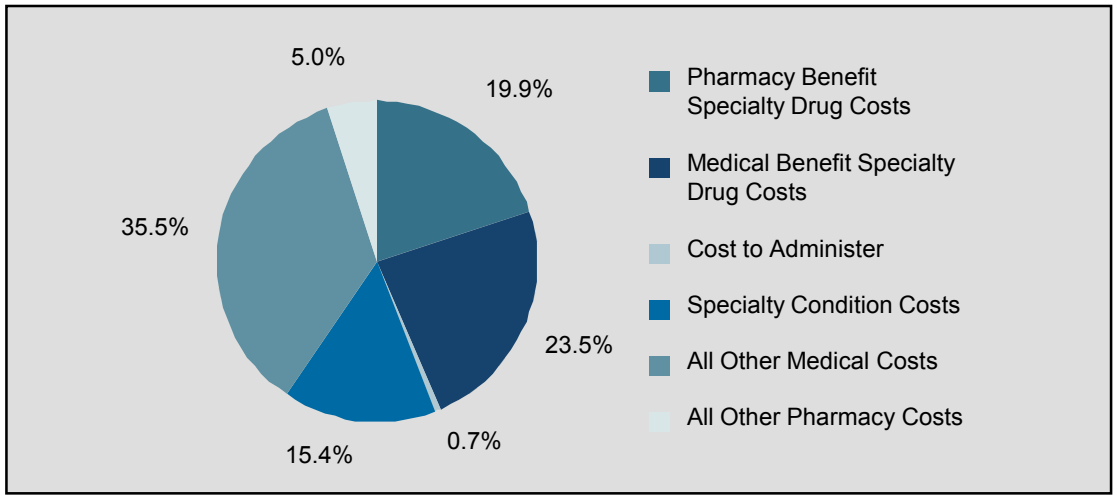
Specialty Pharmacy Highlights

Total Health Plan Spend of Specialty Drug Utilizers - Medical and Pharmacy

Comments

- 6.0% of members (252) are on specialty medications (SRx),
- Driving 36.2% ($7,624,462) of the plan spend,
- 36% of these costs are tied to 'All Other Medical Costs'



Specialty Drug Plan Spend - Medical and Pharmacy

Comments

- The pharmacy benefit dominates the specialty drug spend at $42.43 PMPM,
- Medical SRx HCP/Home Infusion reflects the greatest trend increase of 87%
- 14% of pharmacy costs were managed through the medical benefit.

Account summary(PMPM basis)

Plan Spend	Base	Current	Trend	Norm
Pharmacy Specialty Rx	$34.43	$42.43	23.2%	$66.72
Medical SRx HCP/Home Infusion	$7.09	$13.27	87.2%	$22.86

Top Three Therapeutic Class Trend Drivers - Medical and Pharmacy

Comments

- 58% of all specialty plan spend ($2.5M) is driven by the top three classes,
- 30% of all specialty plan spend is driven by Antiviral drugs,
- The Antivirals class is trending at 5.9%, mainly driven by drug mix,
  - Worthy to note is that 5 of the top 15 specialty drugs across both benefits are antivirals, with Descovy leading its class across both benefits
- The Anti-Inflam Disease Modifiers class is trending at -3.3%%, mainly driven by utilization
  - Worthy to note is that 3 of the top 15 specialty drugs across both benefits are Anti-Inflam Disease Modifiers, with Humira being the leader across both benefits,

Rank				Plan Spend PMPM				Benefit Drug Spend Current PMPM		Unique Members	Utilizing Members

Key Stats and Top Five Therapeutic Class Trend Drivers - Pharmacy

Comments

- Pharmacy plan spend of $1,993,672 was incurred for specialty medications under the pharmacy benefit,
  - This spend spans across 71 customers.
- 41% ($826,959) of specialty pharmacy plan spend under the pharmacy benefits is related to HIV,
- **Worthy to note**
  - Cigna achieved savings of $453,667 through the application of discounts
  - 68% of total pharmacy plan spend was distributed through the Cigna Specialty Pharmacy.
  - Through the Accredo Therapeutic Resource Center® (TRC) model; 53 clinical calls have been carried out spanning 36 'active' patients.

Top 15 Therapeutic Class Trend Drivers by Plan Spend

Comments

- Recall that Non-Specialty Rx is trending 6.3%
- Ten of these 15 classes (in **bold**) are used to treat chronic conditions
  - These 10 therapy classes accounted for $33.22 PMPY (35.2%) of total plan spend
- **Worthy to note**
  - 4 of the top 20 drugs are used to treat diabetes
    - Humalog ranks highest amongst diabetic drugs for total plan spend for diabetes
  - 32.7% of all script volume is attributed to 20 drugs
    - Atorvastatin for cholesterol is #1 by volume.

Additional Miscellaneous Pharmacy Stats

Medication Compliance Rates

Comments

Worthy to Note!

- Well Informed and RationalMed for Cigna reached out to 543 customers and 69 providers and closed 127 gaps in care.
- 50% of members have a hemoglobin A1c value below 7 with an average medication adherence rate of 88%
- Average LDL Cholesterol levels decreased 11% overall, resulting in a projected heart attack rate decrease of 15% in the current period

Plan Compliance Rate		Norm Compliance Rate
83%	Hypertension	77%
78%	Diabetes	72%
81%	Depression	74%
84%	Cholesterol	76%

Generic and Biosimilar Pipeline

Comments

- Over the next several years, several manufacturers will be releasing generic and biosimilar drugs that will help to reduce the cost for some of your current high-cost drugs.
- As these new drugs enter the market, the savings will continue to grow as they gain additional market share and utilization. In addition, we expect that other pharmaceutical manufacturers will also release similar lower cost drugs.
- Anticipated savings will be $38,059 ($0.81 PMPM) in 2021

Projected savings impact (PMPM)

	2021
Specialty (Rx)	$0.08
Specialty (Med)	$0.00
Non-Specialty	$0.73

Incentive Earners	56%	27%	30%
Average $ Earned	$147	$123	$23

* Change calculated so positive variances are "desirable" and negative variances are "undesirable"

- This report assesses the utilization and clinical engagement pattern differences for One Guide users as compared to non-users
- The greatest Network variance was for CCC/CCD/COE Utilization where One Guide users have 24% favorable utilization compared to non-users
- Overall HEI for One Guide users was 35% higher than non-users
- One Guide users with Hypertension conditions were 6% more compliant with evidence-based guidelines than non-users

Current Period reflects claims incurred between Jan. 2020 and Dec. 2020, paid through Feb. 2021
Base Period reflects claims incurred between Jan. 2019 and Dec. 2019, paid through Feb. 2020

RECOMMENDATIONS - PHARMACY

OPPORTUNITY AREA	RECOMMENDATION	WHY?
Costs vary greatly for equivalent medications. The average ingredient cost per script for single source brand drugs was 16.4 times higher than for generic Safety concerns for certain medications exist (i.e. anti-diabetics, blood thinners) Many medications have uses for multiple conditions	Cigna's Essential protection package protects clients and customers against potentially harmful, ineffective and unnecessary drug treatments and rising drug costs Drug Utilization Management ensures that certain medications are reviewed for safety and clinical appropriateness.	Estimated cost reductions of $188k ($4 PMPM) Estimated 463 members impacted Leverages REAL-TIME data across medical/pharmacy, clinical expertise and our connection to network doctors to ensure safe prescribing and access to the most appropriate Medications
Pharmacy is on the rise, largely driven by Specialty drug spend and utilization By 2030, Specialty drugs are likely to represent 70%-80% of total healthcare spend 32% of the specialty plan spend was acquired in a retail setting	First Fill at Specialty Home Delivery (Accredo) Access with scale for cost management Clinical capabilities drive optimal outcomes Personalized experience for customer choice	First Fill at Home Delivery means: •Faster time to therapy: meds shipped within 2-3 days •Earlier opportunities for coaching: welcome call with one-on-one clinical assessment, adherence education and monitoring, financial assistance, and proprietary depression screening. •No disruption on the second fill: •All driving lower costs, better adherence, and a better customer experience

RECOMMENDATIONS - PHARMACY

OPPORTUNITY AREA	RECOMMENDATION	WHY?
By 2030, Specialty drugs are likely to represent 70%-80% of total healthcare spend Specialty drug spend under the pharmacy benefit was $1,993,672, trending at 23%, and was 45% of the total pharmacy spend. Specific to manufacturer copay assistance; customers view these programs favorably, as specialty drug affordability is a significant concern While manufactures regularly provide copay assistance to those in need, these programs can drive up plan costs for payers if left unmanaged	**SaveonSP Program** Increases manufacturer copay assistance use for both plan sponsors and customers. The program works beyond plan copays and out-of-pocket requirements Leverages an exclusive partnership between SaveonSP and Cigna/Express Scripts Targets 95+ specialty drugs in several therapy classes Decreases customer responsibility for select specialty drugs to $0 Product includes the **Out of Pocket Adjuster** program which eliminates members from artificially reaching their out-of-pocket maximum	Estimated savings of $3.22 PMPM. Applies only to specialty medications dispensed through Accredo Requires Exclusive Specialty Home Delivery (ESHD) and Best Start at Specialty (no retail fills) Program fee equal to 25% of realized savings Must begin on plan start or renewal date Copay/coinsurance benefit plans (not applicable to HSA qualified HDHP plans as Specialty drugs are not given a "preventive" designation
By 2030, Specialty drugs are likely to represent 70%-80% of total healthcare spend Specialty drug spend under the pharmacy benefit was $1,993,672, trending at 23%, and was 45% of the total pharmacy spend. Specific to manufacturer copay assistance; customers view these programs favorably, as specialty drug affordability is a significant concern While manufactures regularly provide copay assistance to those in need, these programs can drive up plan costs for payers if left unmanaged	**Out of Pocket Adjuster:** Mitigates the impact of manufacturer sponsored copay coupons programs on pharmacy plan design Removes manufacturer copay assistance (retroactively) from customer's accumulated deductible and out-of-pocket maximums, aligning customer's actual out-of-pocket expense with client's plan benefit intent It eliminates members from artificially reaching their out-of-pocket maximum	Estimated BOB savings ranging $0.25-$1.25 PMPM savings to the plan No cost to the client for the program. Applies only to specialty medications dispensed through Accredo Requires Exclusive Specialty Home Delivery (ESHD) and Best Start at Specialty (no retail fills) Must begin on the date accumulators reset (typically the plan renewal date) Post adjustment notifications sent to impacted customers

RECOMMENDATIONS - MEDICAL

OPPORTUNITY AREA	RECOMMENDATION	WHY?
78% of behavioral health issues were related to stress, depression and anxiety during the year	Continue to promote and raise awareness of behavioral benefits and resources available to all members, including EAP and newer digital/app solutions	Pre-pandemic studies showed approximately 1 in 5 adults in the United States experiences mental illness each year resulting in productivity loss and increased medical expenses
Chronic condition identification rate at 42% of the total group, diabetes prevalence 5% and pre-diabetes risk 11%	Consider implementing Cigna Diabetes Prevention Program during 2021	Industry studies reflect that 30% of individuals with prediabetes will develop type 2 diabetes without meaningful intervention
Pandemic impact creating potential care deferral in prevention and compliance measurements	Review MotivateMe incentive results year over year starting 2Q2021 on a quarterly basis	3Q2020 and 4Q2020 incurred only a return to roughly 2019 levels of preventive care, with little recovery of compliance misses in March-May 2020

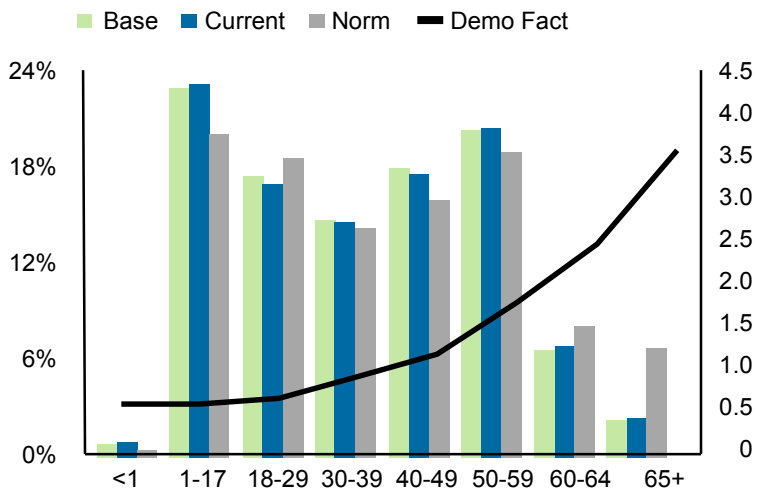
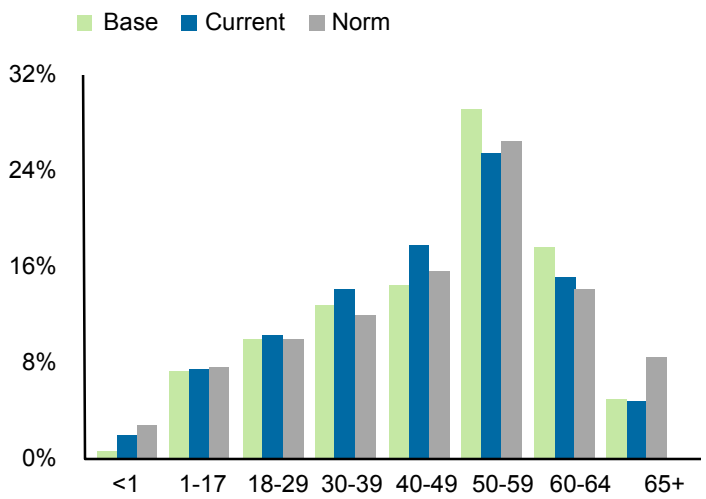
Population Demographic Summary

Percent of membership by age band



Percent of plan spend by age band



Key metrics overview

	Base	Current	Trend	Norm
Percent of Pop. Age 40+	45.8%	46.0%	0.2%	48.3%
Average Member Age	35.0	35.2	0.4%	37.4
Average Employee Age	46.6	46.8	0.6%	48.1
Percent of Population Male	53.4%	53.5%	0.1%	52.4%
Percent of Population Female	46.6%	46.5%	-0.1%	47.6%

Average spend by age band

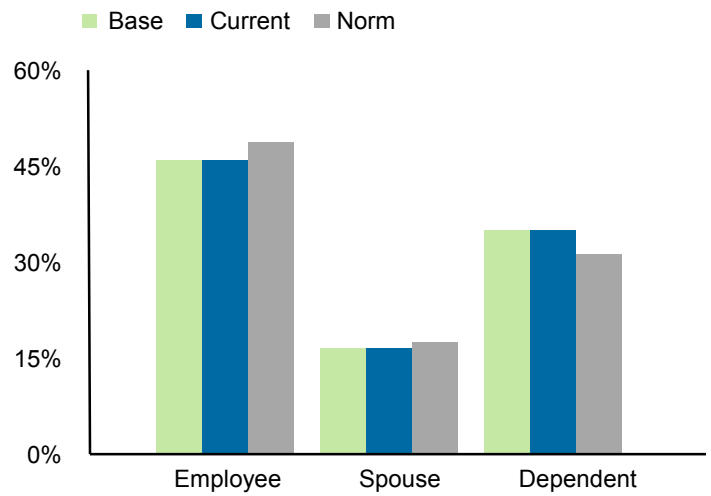
	Base	Current	Trend	Norm
All Members				
40-49	$437	$511	16.7%	$632
50-59	$774	$627	-19.0%	$902
60-64	$1,427	$1,092	-23.5%	$1,113
65+	$1,128	$955	-15.3%	$804
Excluding Catastrophic				
40-49	$390	$398	2.2%	$496
50-59	$512	$523	2.1%	$640
60-64	$768	$760	-1.0%	$806
65+	$879	$712	-19.0%	$612

- Average member age increased from 35.0 years to 35.2 years, an increase of 0.4%
- The percentage of members in the 40+ age range increased from 45.8% to 46.0%, and compares to a norm of 48.3%

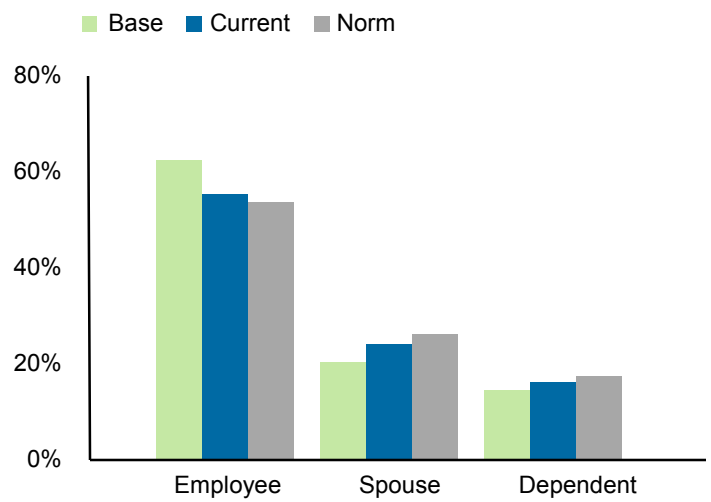
Current Period reflects claims incurred between Jan. 2020 and Dec. 2020, paid through Feb. 2021
Base Period reflects claims incurred between Jan. 2019 and Dec. 2019, paid through Feb. 2020

Population Demographics by Relationship

Percent of members by relationship



Percent of plan spend by relationship



Average spend by relationship

	Base	Current	Trend	Norm
All Members				
Employee	$691	$576	-16.7%	$668
Spouse	$604	$696	15.2%	$914
Dependent	$222	$230	3.7%	$338
Excluding Catastrophic				
Employee	$487	$460	-5.7%	$529
Spouse	$460	$509	10.7%	$633
Dependent	$210	$220	4.7%	$254

- Employees represented 47.1% of the population and 57.2% of spend for the current period, versus norms of 50.0% and 54.9%
- By relationship type, spouses incurred higher per member costs than employees, $696 PMPM for the current period
- Excluding Catastrophic Claimants, spouses incurred higher per member costs compared to employees, $509 PMPM for the current period

Current Period reflects claims incurred between Jan. 2020 and Dec. 2020, paid through Feb. 2021
Base Period reflects claims incurred between Jan. 2019 and Dec. 2019, paid through Feb. 2020

Current Period reflects claims incurred between Jan. 2020 and Dec. 2020, paid through Feb. 2021

Health Matters Care Management - Total Medical Cost Management

Total Medical Cost Management

Management Program	Description	Avoided/Events	Savings Per Avoidance/Event	Total Savings
Radiation Therapy	Through partnership with eviCore, Cigna customers receive end to end Episode of Care management for targeted cancer disease profiles, spanning from referral base (radiation oncologist) to treatment (therapy) to the final delivery of radiological dose.	7	$3,800	$26,600
Cardiology Management	Through a eviCore partnership, Cigna outpatient nuclear cardiology, cardiac cath and stress echo precertifications are clinically reviewed to ensure compliance with our best practice clinical guidelines.	5	$1,351	$6,755
Sleep Therapy	Cigna partners with eviCore to improve the overall quality and cost of sleep services through precertification requirements, movement of studies from an outpatient to home setting (which drives efficiency without sacrificing efficacy), and end to end clinical management of obstructive sleep apnea.	54	$1,492	$80,542
Physical Therapy	Cigna ensures appropriate customer access to outpatient physical therapy/occupational therapy (PT/OT) care by incorporating evidence-based clinical coverage standards; Medical Necessity Reviews (MNR) are conducted for both Participating and Non-Participating PT/OT practitioners.	12	$178	$2,136
Chiropractic Services	Cigna ensures appropriate customer access to quality chiropractic care by incorporating evidence-based clinical coverage standards in reviews for both Participating and Non-Participating providers. Reviews focus on chiropractic care that demonstrates inconsistencies with recommended clinical evidence.	56	$59	$3,304
Musculoskeletal/Pain Management	Cigna works with eviCore healthcare, to provide quality, cost-effective services to customers for select inpatient and outpatient musculoskeletal and pain management services. This program helps eliminate excess utilization when services don't meet evidence-based guidelines to help improve clinical outcomes.	12	$2,713	$32,558
Oncology Management	The savings from Medical Oncology prior authorization reviews performed by eviCore, based on ensuring that proposed treatments align with evidence based treatment options for cancer cases. Savings are based on adherence to widely accepted treatment guidelines, and not based on denial of claims.	6	$6,545	$39,270
Total		152	$1,258	$191,165
% of Medical Claims				1.1%

Current Period reflects claims incurred between Jan. 2020 and Dec. 2020, paid through Feb. 2021

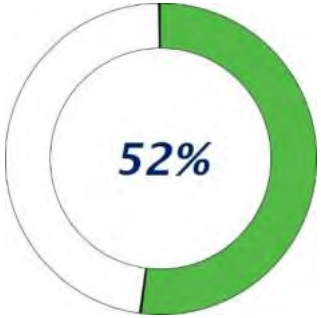
Cigna Health Matters - Engagement Index Summary

Total health engagement as a % of population

Base



Current

Norm - 37%

- Cigna's Health Matters Engagement Index provides greater insight into engagement across all of the health and wellness programs and services Cigna offers
- In the current period 50% of the total population has engaged in two or more Health Maintenance actions or one or more Health Improvement actions. This is a decrease of 2% from the base period of 52%. This compares to a norm of 37%
- When engagement is split into Health Maintenance and Health Improvement activities, 49% of the population has completed 2 or more Health Maintenance activities, and 4% of the population completed 1 or more Health Improvement activities during the current period, compared to 50% and 5% respectively in the base period
- When the population is split into segments using ETG methodology, the Chronic Illness segment had the greatest overall engagement at 68% for the current period

Engagement by behavior type and population segment

Segment	Health Maintenance (HM) (2+)			Health Improvement (HI) (1+)			Total Engagement (2+ HM or 1+ HI)		
	Base	Current	Norm	Base	Current	Norm	Base	Current	Norm
Chronic Illness	66%	65%	59%	11%	9%	14%	70%	68%	66%

Total	50%	49%	35%	5%	4%	5%	52%	50%	37%

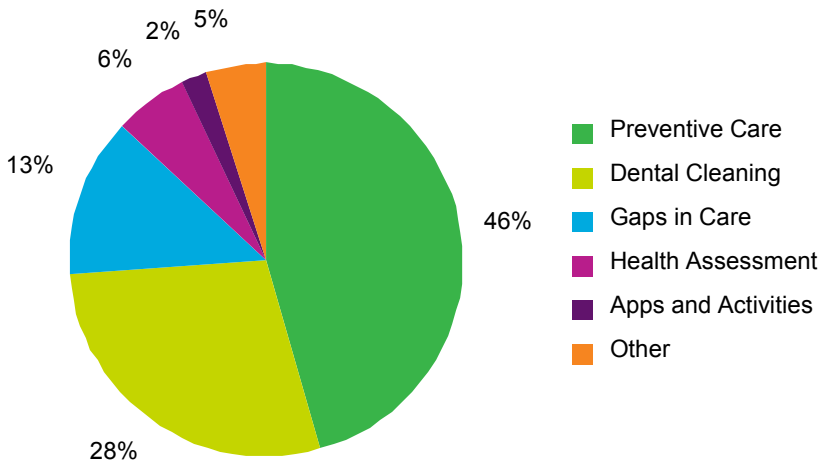
*Major Episode >$500 per episode
**Minor Episode <$500 per episode
*** Healthy - only preventive claims

Current Period reflects claims incurred between Jan. 2020 and Dec. 2020, paid through Feb. 2021
Base Period reflects claims incurred between Jan. 2019 and Dec. 2019, paid through Feb. 2020

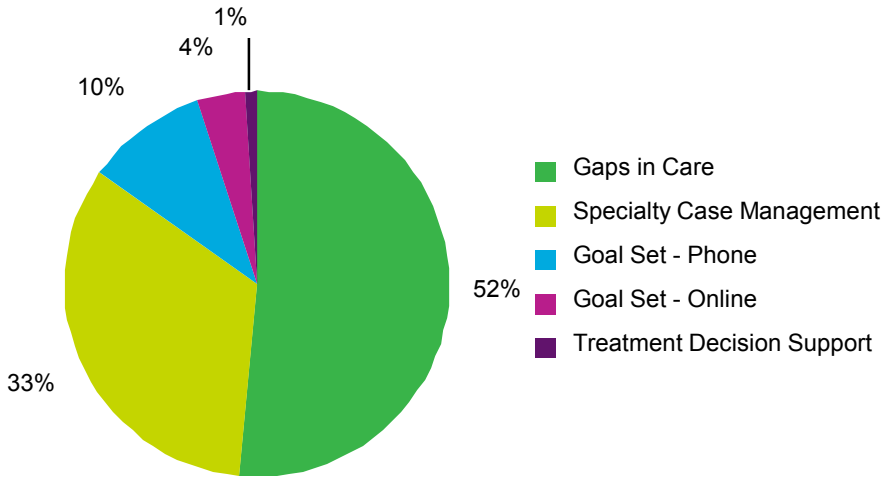
Engagement Index - Top Activities

Top engagement activities

Health Maintenance



Health Improvement



- It is important to understand the activities that drive engagement. The graph above illustrates the activities most often completed for both Health Maintenance and Health Improvement for those individuals meeting the engagement criteria.

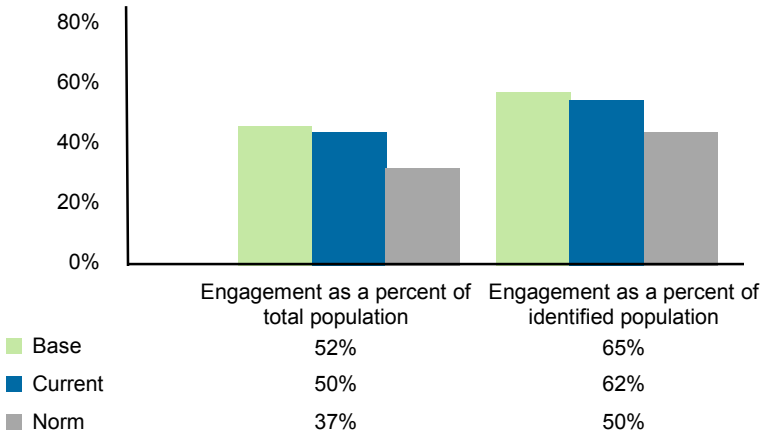
- Top Health Maintenance activities for those meeting the engagement criteria in the current period were, Preventive Care at 46% , Dental Cleaning at 28% and Gaps in Care at 13% . Top Other activities include Goal Set - Phone at 2% , EAP Interaction at 2%

- Top Health Improvement activities for those meeting the engagement criteria in the current period were, Gaps in Care at 52% , Specialty Case Management at 33% and Goal Set - Phone at 10% .

Current Period reflects claims incurred between Jan. 2020 and Dec. 2020, paid through Feb. 2021
Base Period reflects claims incurred between Jan. 2019 and Dec. 2019, paid through Feb. 2020

Cigna Health Matters - Your Health First

Total health engagement as a percent of population



- Cigna's Health Matters prioritizes for coaches the health risks that a customer should work on and predicts optimal outreach to customers (phone, or email/text) which guides them to the health programs that customers prefer (online or live coaching). The Identified Population are outreached members and self-identified customers. YHF focuses on individuals holistically - bringing together lifestyle, social, and behavioral support for individuals.

- The overall population had an engagement rate of 50% in the current period. The Identified population had an engagement rate of 62% in the current period, a decrease of 3% from the base period of 65%. This compares to a norm of 50%

- There were 1,133 members engaged across YHF coaching services. The mode with the greatest engagement during the current period was Preventive Care at 67%

Identified and engaged by program

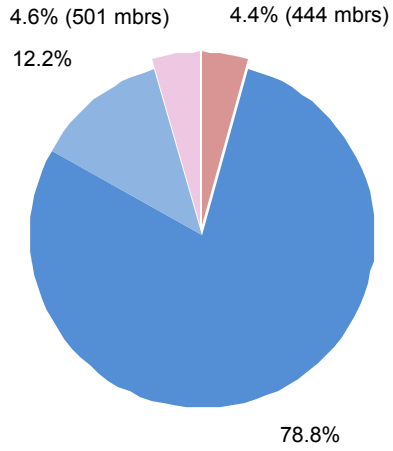
Maintenance Medication Program - Performance Analysis

Performance summary

Cigna 90 Now Effective 01/01/2017: Mandatory

Maintenance Medications	Base	Current
30 Day Prescriptions		
Count	2,982	2,377
Percentage	11.6%	9.0%
90 Day Prescriptions		
Count	22,753	24,085
Percentage	88.4%	91.0%
Savings		$42,484
Savings (PMPM)		$0.90

Pharmacy utilization - maintenance prescriptions



- 30 Day at Non-90 day retail
- 30 Day at 90 day retail
- 90 Day at 90 day retail
- 90 Day at Home Delivery

Percent of members with greater than 80% maintenance medication adherence

	Asthma	Cholesterol	Depression	Diabetes	Hypertension/ Cardiac	Total
30 Day Rx	43.3%	42.1%	69.7%	33.3%	65.6%	53.1%
90 Day Rx	65.2%	86.7%	82.9%	82.9%	83.2%	84.1%

Comments

- Savings are driven both by lower network contracted rates and conversions to 90 Day maintenance prescriptions
- 30 Day RX's decreased 20.3% and 90 Day RX's increased 5.9%
- Of the 444 customers filling 30 day prescriptions at Non-90 day retail pharmacies today, 93.0% are within 1.5 miles of a 90 day retail pharmacy
- Overall medication adherence for those customers using 90 day fills is 31.0% greater than those using 30 day fills

Specialty (Med)	$0.00	$0.00	$0.00
Non-Specialty	$0.73	$1.10	$1.76

Comments

- Over the next several years, several manufacturers will be releasing generic and biosimilar drugs that will help to reduce the cost for some of your current high-cost drugs.
- As these new drugs enter the market, the savings will continue to grow as they gain additional market share and utilization. In addition, we expect that other pharmaceutical manufacturers will also release similar lower cost drugs.
- Anticipated savings will be $0.81 PMPM in 2021 and $4.56 PMPM in 2023

Current Period reflects claims incurred between Jan. 2020 and Dec. 2020, paid through Feb. 2021
Base Period reflects claims incurred between Jan. 2019 and Dec. 2019, paid through Feb. 2020

Antidotes	15	$1,788

Comments

- Cigna's **Essential Protection** package offers the recommended balance of Clinical Programs to protect clients and customers against potentially harmful, ineffective and unnecessary drug treatments and rising drug costs
- The UM savings opportunity is $188,532 , or $407 per impacted customer
- Customer transition communications: All customers taking a medication subject to a new UM edit will receive a letter from Cigna in advance of the change. Customers will be encouraged to discuss the change with their physician, so the best course of action for the patient can be determined

- Plan cost for catastrophic claimants was $79.83 PMPM in the current period, or 15.0% of the total plan cost of $533.57 PMPM
- Plan cost for catastrophic claimants increased from $65.77 PMPM to $79.83 PMPM, contributing 2.9% of the overall 9.7% plan trend
- Catastrophic claimants per thousand increased from 1.2 to 5.0, and compares to a norm of 8.2
- Average cost per claimant decreased from $581,003 to $184,534, and compares to a norm of $220,937
- Catastrophic claimant threshold of $100,000 was used for this analysis

Current Period reflects claims incurred between Jan. 2020 and Dec. 2020, paid through Feb. 2021
Base Period reflects claims incurred between Jan. 2019 and Dec. 2019, paid through Feb. 2020

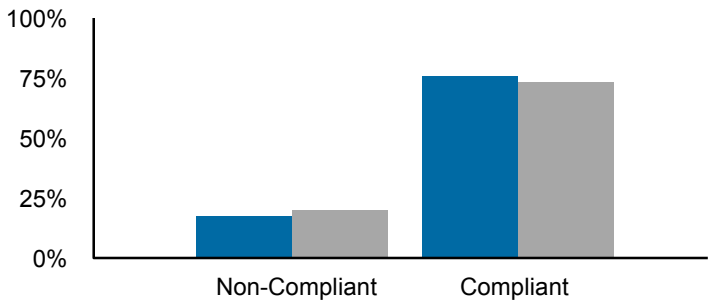
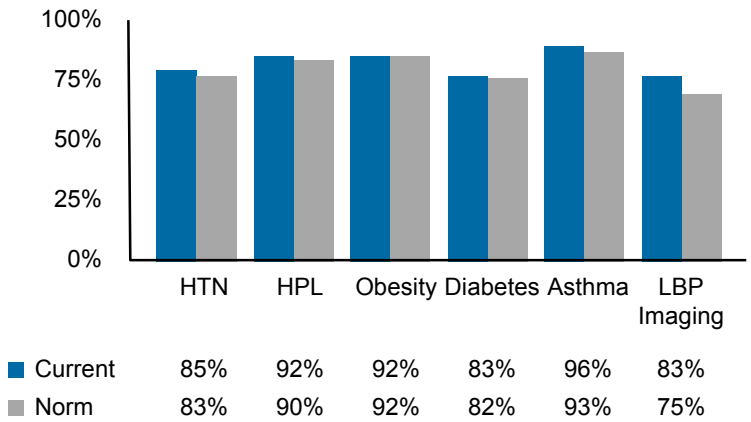
Well Informed Gaps in Care - Summary

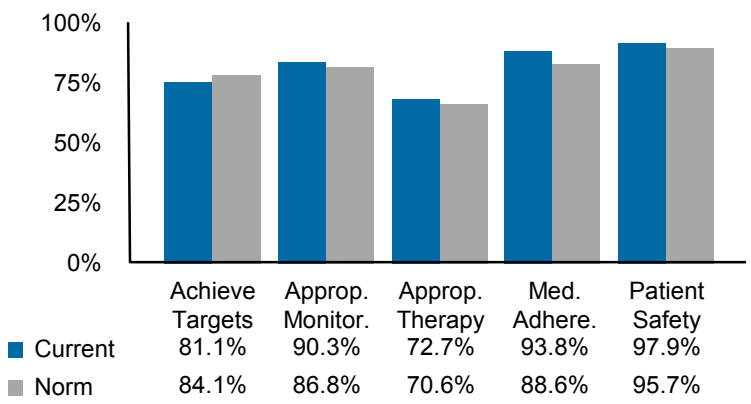
Rule compliance summary



Compliance by condition



Compliance by category



- 1,203 members qualified for a gap in care evaluation, with 408 compliant and 795 non-compliant with evidence-based medicine guidelines
- 81.2% of rules evaluated were compliant with evidence-based medicine guidelines, compared to a norm of 78.0%
- The greatest number of members with gaps was found in the 50-59 age band, with 348 total members
- HTN has the highest prevalence by category at 30%. Compliance rate for this category was 85%, 2% greater than the norm of 83%
- HPL has the next highest prevalence by category at 20%. Compliance rate for this category was 92%, 2% greater than the norm of 90%
- The Diabetes category had the greatest rate of multiple gaps (2 or more), 76%

Current Period reflects Well Informed Gaps in Care program activity between Jan.2020 and Dec.2020

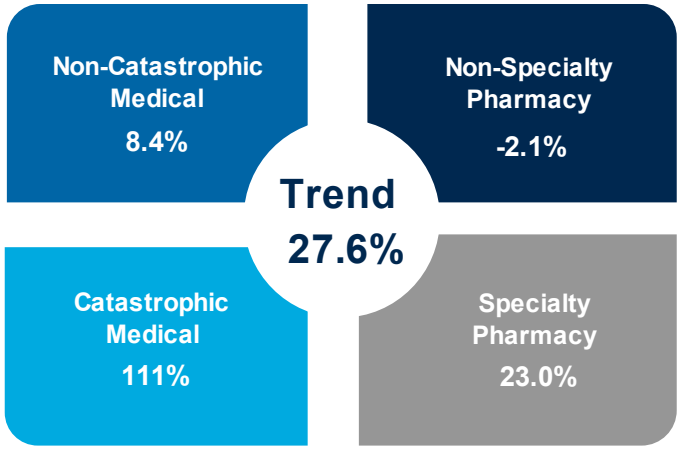
Categories of Trend



Medical: $23.4M

- Cost Share: 7.9% (7.2% norm)
- Top 3 Diagnostic Categories:
  - Infect/Parasit
  - Musculoskeletal
  - Neoplasms
- Estimated cost trend for medical and pharmacy combined capped at stoploss levels for each year was 26.5%
- 35 catastrophic claimants for 2021 (over $100,000 total cost per individual), compared to 18 in 2020

Pharmacy: $4.8M

- Cost Share: 8.1% (7.3% norm)
- Top 3 Therapeutic Classes:
  - Antivirals, HIV Specific
  - Anti-Inflam Disease Modifiers
  - Hypoglycemics
- Utilization Trend: 1%
- Generic dispensing rate: 92%

TOTAL HEALTH INSIGHT OVERVIEW

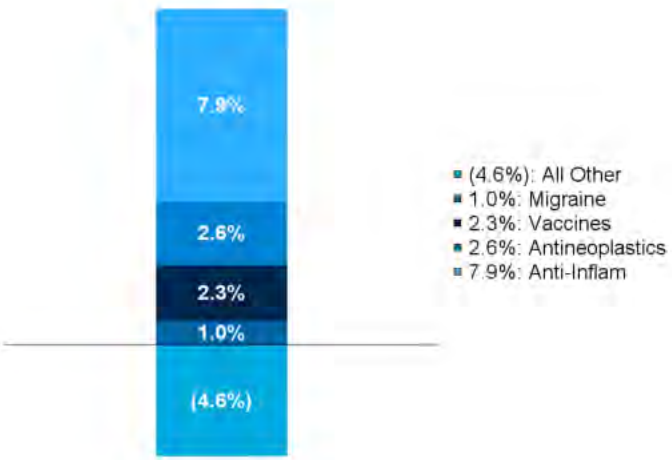
DRIVERS OF PHARMACY TREND

Overall Rx. Tren	↑	9.2%
Inflation	↑	0.9%
Utilization	↑	0.8%
Drug Mix	↑	7.5%

Drug Mix Highlights

- Generic dispensing increased to 91.9% up 0.7%, decreasing costs by ~$234k
- Formulary Compliance: 85.5% (increased 16.8%)
- Pharmacy Ben. Specialty Drug Costs:
  ~$2.4M (50.7% Pharmacy Ben. Spend)

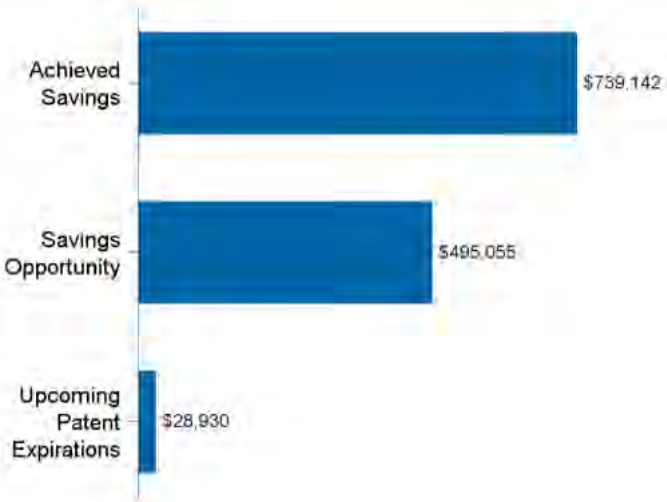
TREND CONTRIBUTION BY CLASS



SPECIALTY SITE OF CARE

44.3% of total plan spend, or $11.8M were associated with specialty medications

SAVINGS & OPPORTUNITIES



MEDICATION ADHERENCE

Plan Compliance Rate		Norm Compliance Rate
81%	Hypertension	77%
78%	Diabetes	72%
78%	Depression	74%
84%	Cholesterol	76%

31% of drug costs were managed through your plan's medical benefit

TOTAL HEALTH INSIGHT – KEY MEDICAL AREAS

UTILIZATION

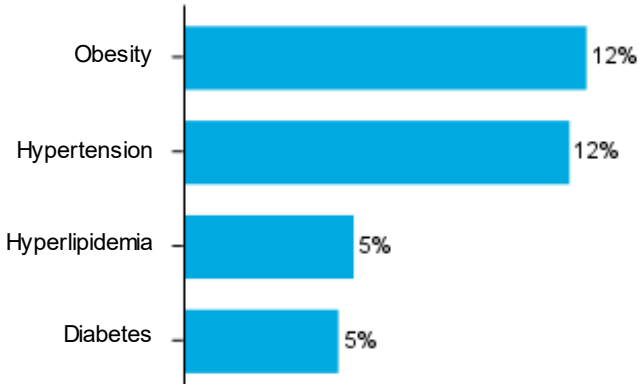
10% trend due to higher medical utilization, excluding catastrophic claimants

- Medical trend components:
  - Utilization: +10%, +$1.8m
  - Service Mix: +1%, +$185k
  - Unit Cost: -4%, -$700k
  - Catastrophic: +25%, +$4.5m
- Covid-19 costs alone accounted for an 8.5% medical trend from prior year (+$2m)
- Medical network penetration rate increased to just under 99%. Discounts increased to 67% for the year
- Cigna Care Designation physicians utilization rate at 53% of opportunity (remaining savings potential of over $229k from specialists only)

CHRONIC RISK

44% of the population had a chronic condition during the year

Top Condition Prevalence



- Pre-diabetes prevalence of over 12% currently
- 65% of diabetes spend was related to type 2 diagnoses
- Diabetes, low back pain and depression are projected to account for the highest percentages of chronic spend over the next 12 months

PREVENTION

87% of members had an office visit or visited the health and wellness center

- 68% of the population had at least one preventive service, 3 points higher than prior year
- 61% of the total population had an annual physical, 5 points higher
- Breast and cervical cancer screening results above norm for the year, colon cancer screening improved from 2020 but remained below norm
- Clinical compliance rate for members with identified conditions increased 3 percentage points and now exceeds industry norm

Cigna.

Catastrophic	**$181.69**	**25.1%**

COVID-19 VACCINES

As COVID-19 Vaccinations become available to individuals across the US it is important to understand who is being vaccinated and at what stage of vaccination are those individuals (1st or 2nd dose for two shot vaccines or 1 dose for the single shot vaccines). The data displayed on this page and the following page will help to illustrate that information.

Key Messages:

- It is extremely important to understand that the COVID-19 vaccination data contained here is likely to be understated due to the involvement of public health agencies in the vaccine efforts. Cigna can only display information on individuals for whom claims have been submitted for the administration of the vaccine.
- Three Vaccines are currently available:
  - Pfizer/BioNTech – 2 Doses, 21 days apart
  - Moderna – 2 Doses, 28 days apart
  - J&J/Jannsen – 1 Dose

* This percentage is the percent of total members with at least one dose of the Covid-19 Vaccine.

CATASTROPHIC SUMMARY

Catastrophic individuals accounted for 1% of the population and 33% of the total spend ($8.8m combined medical and pharmacy costs)

OVERVIEW

35* individuals (18 in prior year)

- 12 under age 40
- 21 employees, 5 spouses, 9 dependents
- 3 were new enrollees during the year (all were newborns)
- 8 are no longer enrolled in the plan
- 8 had a positive diagnosis for COVID-19 (within claim experience only)

COSTS

$253K average cost per individual

- Top individual incurred $749k in total cost
- 99.9% of medical spend was in-network
- 9 individuals had over $100k in medication spend
- Specialty medications accounted for roughly 26% of total catastrophic costs
- 6 individuals were catastrophic in the prior year

CONDITIONS

80% have a chronic condition

- 75% of those with a chronic condition had 2 or more
- Top chronic medical conditions were: Hypertension, Obesity, Diabetes and Hyperlipidemia
- Behavioral health needs were roughly 4 times more prevalent compared to the overall population
- Infectious Disease was the highest diagnostic category by spend (6 individuals)

ENGAGEMENT

91% engagement rate

- 29 impacted by inpatient management
- 26 engaged with case management
- Only 2 engaged with a health coach
- 93% medication adherence rate

47% of individuals that exceeded $50,000 in total cost last year are projected to remain at that level or higher over the next 12 months

**catastrophic level of $100,000 per individual*

Total	**162**	**4.2%**	**$15,154**	**$2,455,019**

- According to research from the American Cancer Society, excess body weight is thought to be responsible for about 11% of cancers in women and about 5% of cancers in men in the United States, as well as about 7% of all cancer deaths

- Being overweight or obese is clearly linked with an increased risk of many types of cancer, including:
  - Breast cancer (in women past menopause)
  - Colon and rectal cancer
  - Endometrial cancer (cancer of the lining of the uterus)
  - Esophagus cancer
  - Gallbladder cancer
  - Kidney cancer
  - Liver cancer
  - Ovarian cancer
  - Pancreas cancer
  - Stomach cancer
  - Thyroid cancer
  - Multiple myeloma
  - Meningioma

Specialty Pharmacy Highlights

Top Three Therapeutic Class Trend Drivers - Medical and Pharmacy

Comments

- 62% of all specialty plan spend ($2.8M) is driven by the top three classes,
- 26% of all specialty plan spend is driven by Antineoplastics drugs,
- The Antineoplastics class is trending upward, mainly driven by utilization and drug mix
  - Worthy to note is that 5 of the top 15 specialty drugs across both benefits are Antineoplastics, with Perjeta leading its class across both benefits
- The Antivirals class is trending at 0.2%, mainly driven by utilization
  - Worthy to note is that 3 of the top 15 specialty drugs across both benefits are Antivirals, with Symtuza being the leader across both benefits,

Rank				Plan Spend PMPM				Benefit Drug Spend Current PMPM		Unique Members	Utilizing Members

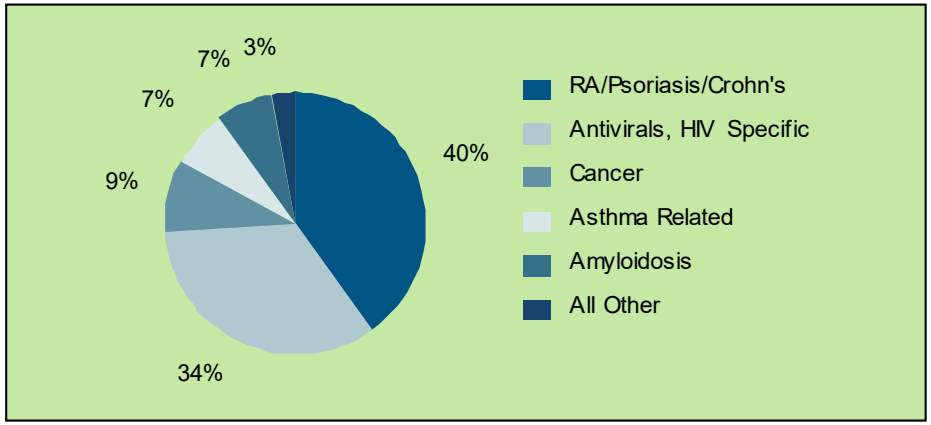
3	1	Antineoplastics	Cancer	$6.59	$25.82	291.9%	$23.95	$4.89	$20.93	17	-
1	2	Antivirals, HIV Specific	Antivirals, HIV Specific	$17.61	$17.64	0.2%	$8.58	$17.64	-	37	15.6%
2	3	Anti-Inflam Disease Modifiers	RA/Psoriasis/Crohn's	$9.64	$17.58	82.3%	$26.78	$16.32	$1.26	17	41.7%

Key Stats and Top Five Therapeutic Class Trend Drivers - Pharmacy

Comments

- Pharmacy plan spend of $2,436,729 was incurred for specialty medications under the pharmacy benefit,
  - This spend spans across 98 customers.
- 40% ($985,190) of specialty pharmacy plan spend under the pharmacy benefits is related to RA/Psoriasis/Crohn's,
- **Worthy to note**
  - Cigna achieved savings of $571,016 through the application of discounts
  - 69% of total pharmacy plan spend was distributed through the Cigna Specialty Pharmacy.
  - Through the Accredo Therapeutic Resource Center® (TRC) model; 118 clinical calls have been carried out spanning 36'active' patients.



Top 15 Therapeutic Class Trend Drivers by Plan Spend

Comments

- Recall that Non-Specialty Rx is trending -2.1%
- Ten of these 15 classes (in **bold**) are used to treat chronic conditions
  - These 10 therapy classes accounted for $34.04 PMPM (33%) of total plan spend
- **Worthy to note**
  - 3 of the top 20 drugs are used to treat diabetes
    - Jardiance ranks highest amongst diabetic drugs for total plan spend for diabetes
  - 34.2% of all script volume is attributed to 20 drugs
    - Atorvastatin for cholesterol is #1 by volume.

Hypertension	89%	87%	2%

Pharmacy

	User	Non user	Variance*
Generic Rate	91%	95%	-4%
Medication Adherence	92%	92%	0%

Motivate Me

	User	Non user	Variance*
Incentive Earners	54%	14%	40%
Average $ Earned	$151	$122	$29

* Change calculated so positive variances are "desirable" and negative variances are "undesirable"

- This report assesses the utilization and clinical engagement pattern differences for One Guide users as compared to non-users
- The greatest Network variance was for CCC/CCD/COE Utilization where One Guide users have 29% favorable utilization compared to non-users
- Overall HEI for One Guide users was 34% higher than non-users
- One Guide users with Diabetes conditions were 5% more compliant with evidence-based guidelines than non-users

Current Period reflects claims incurred between Jan. 2021 and Dec. 2021, paid through Feb. 2022
Base Period reflects claims incurred between Jan. 2020 and Dec. 2020, paid through Feb. 2021

RECOMMENDATIONS - PHARMACY

OPPORTUNITY AREA	RECOMMENDATION	WHY?
Costs vary greatly for equivalent medications. The average ingredient cost per script for single source brand drugs was 10.3 times higher than for generic Safety concerns for certain medications exist (i.e. anti-diabetics, blood thinners) Many medications have uses for multiple conditions	**Cigna's Essential protection package** Protects clients and customers against potentially harmful, ineffective and unnecessary drug treatments and rising drug costs Drug Utilization Management ensures that certain medications are reviewed for safety and clinical appropriateness.	Estimated cost reductions of $94k ($2 PMPM) Estimated 220 members impacted Leverages REAL-TIME data across medical/pharmacy, clinical expertise and our connection to network doctors to ensure safe prescribing and access to the most appropriate Medications
Predictable copay for certain eligible prescription drugs (i.e. insulin), helping to ease the burden of customers' high out-of-pocket costs, particularly those with coinsurance and/or a high deductible Customer-focused program Lowering this potential cost barrier for essential medications can drive better adherence, help improve health outcomes, and reduce overall medical costs	**Patient Assurance Program** We worked with manufacturers to ensure more value goes toward copay reduction at the point of sale, so employees pay no more than a $25 copay per 30-day Rx for eligible medications The manufacturer provides discount of up to $50 per PAP Month Supply ($100 for two month supply and $150 for three month supply) at point of sale to reduce customer cost share down to the cap of $25	Estimated savings of $17k on roughly 81 members Change the medication affordability story and make a meaningful difference for your employees. By removing cost as a barrier to access, we can improve adherence and drive greater affordability for people taking essential medications to manage chronic conditions Available at any in-network retail or home delivery pharmacy.
Specialty medications are known to have adverse side-effects and/or high rates of physician change to dosage and form. Dispensing less than a 90-day supply per prescription for customers new to therapy allows for closer monitoring by Accredo specialists of customer drug tolerance and customer stabilization, and can decrease the potential for drug waste. CDS is intended to increase medication adherence by as much as 6%* for customers influenced by the program moving from a 30 day supply limit at specialty	**Clinical Day Supply** Clinical Day Supply Program for Cigna (CDS) through Accredo leverages smart dispensing logic to ensure customers receive optimal drug supply, driving increased drug safety, cost savings and medication adherence	The Split Fill and Stabilization components of the program apply only to new specialty drug therapies. Members already taking specialty drugs may experience a reduction in day supply only if the medication is identified as being optimally prescribed at a 30 day limit. 5 scripts could be optimized for 5 customers representing $80k of potential savings

RECOMMENDATIONS - MEDICAL

OPPORTUNITY AREA	RECOMMENDATION	WHY?
Plan design: • Remaining potential savings gains from Tier 1/Cigna Care Designation specialists	Consider tiering physician benefit levels to add a differential for the usage of Tier 1/Cigna Care Designation providers on all plan options Communicate availability of provider search and cost transparency tools on myCigna.com and mobile app. Consider offering educational materials at health and wellness center related to Tier 1 specialists	$229k in estimated remaining savings from usage of Tier 1 specialists locally (orthopedics - $100k, general surgery - $72k, neurology - $53k)
Diabetes risk: • Chronic condition identification rate at 44% of the total group, diabetes prevalence 5% and pre-diabetes risk 12%	Consider implementing Cigna Diabetes Prevention Program during 2022	65% of the City of Fort Lauderdale's medical spend for diabetes is for type 2 diagnoses. Industry studies reflect that 30% of individuals with prediabetes will develop type 2 diabetes without meaningful intervention
Behavioral health: • 10% higher behavioral health claimant prevalence during the year, totally driven by mental health needs	Continue encouraging members to seek behavioral health treatment through the modality that best meets their needs, including the multiple available digital therapy solutions and virtual options	Addressing whole person health can help decrease overall healthcare spend 79% of participants saw improvement after engaging in personalized programing available through iPrevail and Happify* **Clinical trial through Prevail Health Solutions*

Population/Percentile Cost Profile

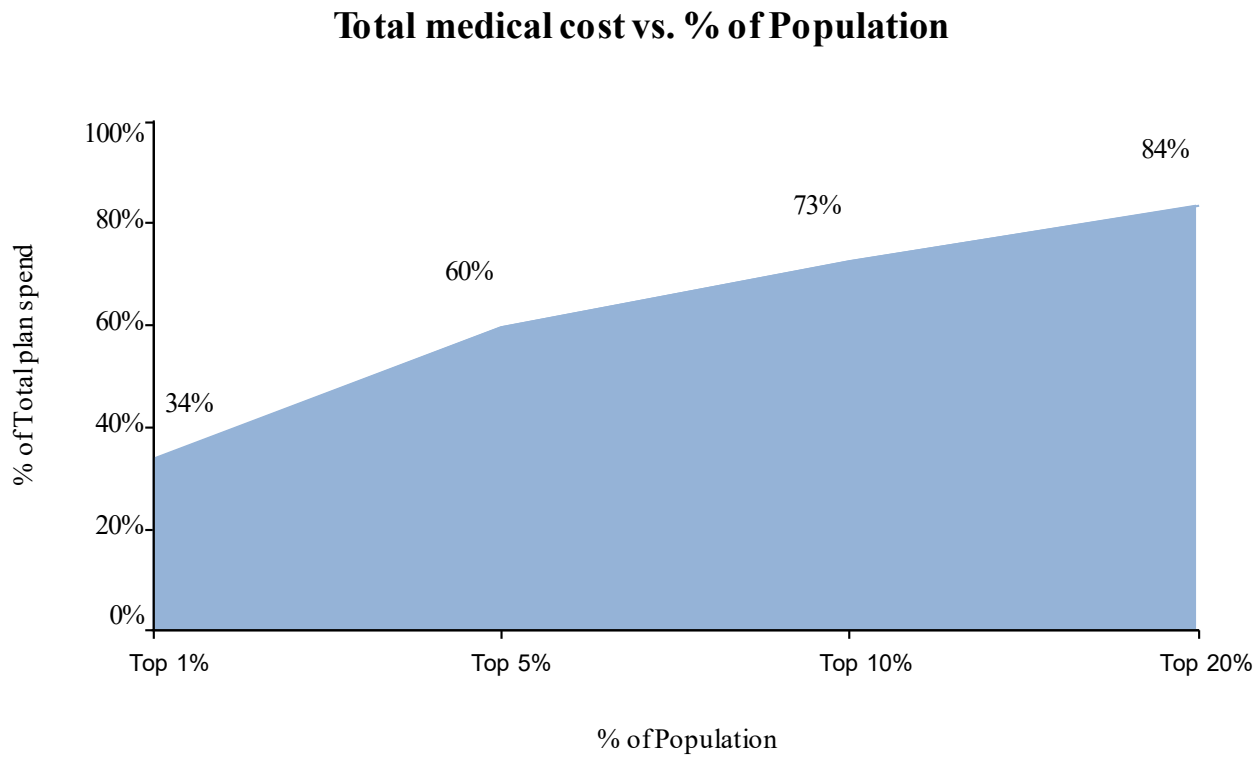
What portion of the population drives your healthplan costs of $28.2 Million?

Top 1% of claimants:
- ✓ 44 individuals
- ✓ 34% of total cost
- ✓ $9.6 Million

Top 5% of claimants:
- ✓ 222 individuals
- ✓ 60% of total cost
- ✓ $17.0 Million

Top 10% of claimants:
- ✓ 444 individuals
- ✓ 73% of total cost
- ✓ $20.7 Million

Top 20% of claimants:
- ✓ 888 individuals
- ✓ 84% of total cost
- ✓ $23.8 Million



Current Period reflects claims incurred between Jan. 2021 and Dec. 2021, paid through Feb. 2022
Base Period reflects claims incurred between Jan. 2020 and Dec. 2020, paid through Feb. 2021

Member Cost Share

Cost sharing per member - medical only

Norm	84.9%	87.8%	69.0%	88.7%	94.8%

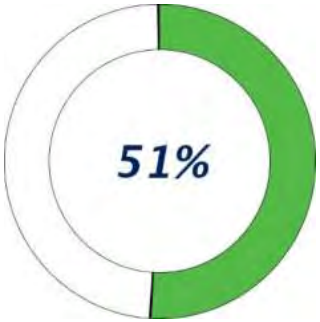
- 3,663 members qualified for a gap in care evaluation, with 1,742 compliant and 1,921 non-compliant with evidence-based medicine guidelines
- 81.5% of rules evaluated were compliant with evidence-based medicine guidelines, compared to a norm of 80.2%
- The greatest number of members with gaps was found in the 50-59 age band, with 627 total members
- The Diabetes category had the greatest rate of multiple gaps (2 or more), 73

Current Period reflects Well Informed Gaps in Care program activity between Jan.2021 and Dec.2021

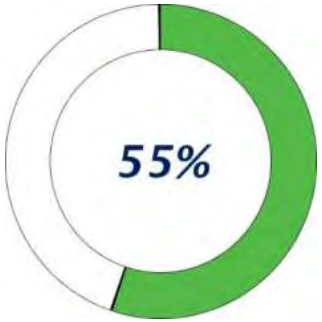
Cigna Health Matters - Engagement Index Summary

Total health engagement as a % of population

Base



Current



Norm - 44%

- Cigna's Health Matters Engagement Index provides greater insight into engagement across all of the health and wellness programs and services Cigna offers
- In the current period 55% of the total population has engaged in two or more Health Maintenance actions or one or more Health Improvement actions. This is an increase of 4% from the base period of 51%. This compares to a norm of 44%
- When engagement is split into Health Maintenance and Health Improvement activities, 54% of the population has completed 2 or more Health Maintenance activities, and 5% of the population completed 1 or more Health Improvement activities during the current period, compared to 49% and 4% respectively in the base period
- When the population is split into segments using ETG methodology, the Chronic Illness segment had the greatest overall engagement at 71% for the current period

Engagement by behavior type and population segment

Segment	Health Maintenance (HM) (2+)			Health Improvement (HI) (1+)			Total Engagement (2+ HM or 1+ HI)		
	Base	Current	Norm	Base	Current	Norm	Base	Current	Norm

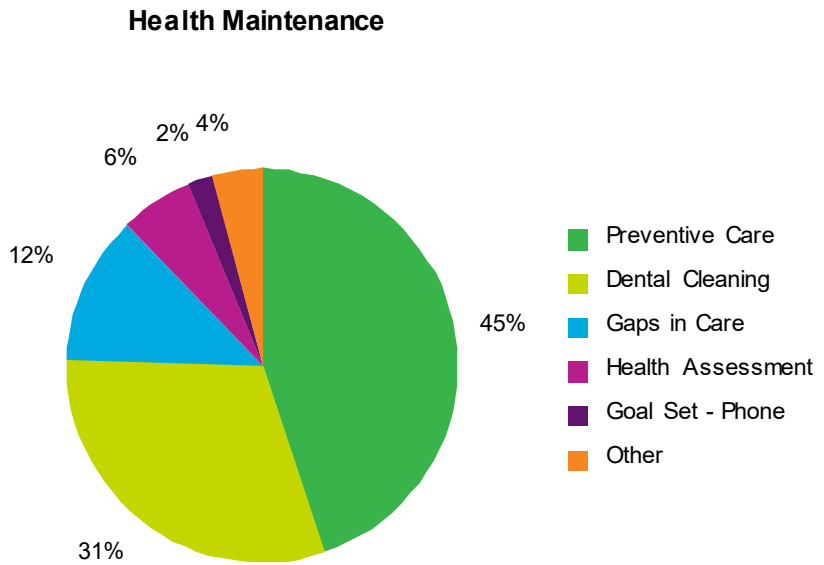
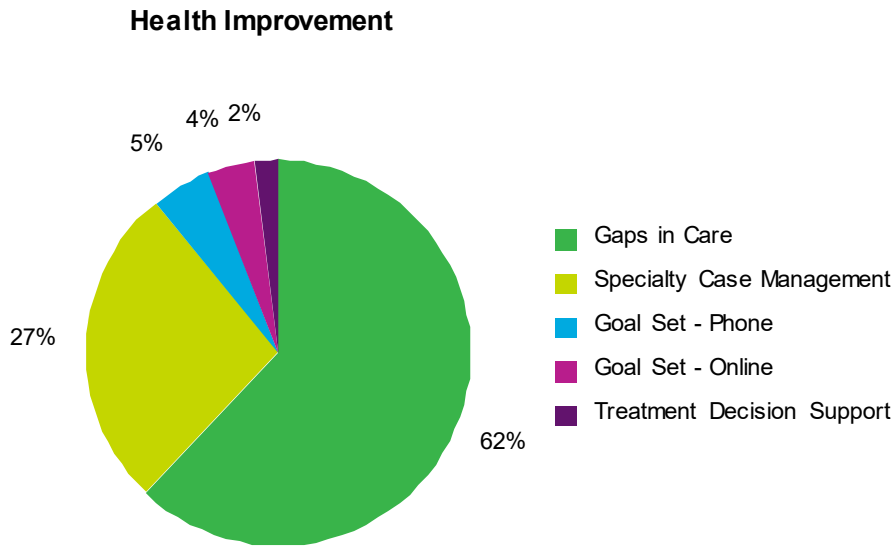
Engagement Index - Top Activities

Top engagement activities





- It is important to understand the activities that drive engagement. The graph above illustrates the activities most often completed for both Health Maintenance and Health Improvement for those individuals meeting the engagement criteria.

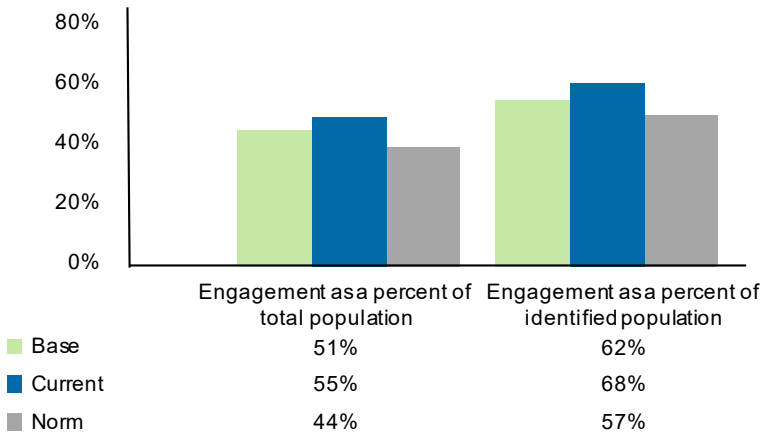
- Top Health Maintenance activities for those meeting the engagement criteria in the current period were, Preventive Care at 46% , Dental Cleaning at 30% and Gaps in Care at 12% . Top Other activities include EAP Interaction at 2% , Apps and Activities at 1%

- Top Health Improvement activities for those meeting the engagement criteria in the current period were, Gaps in Care at 62% , Specialty Case Management at 27% and Goal Set - Phone at 5% .

Current Period reflects claims incurred between Jan. 2021 and Dec. 2021, paid through Feb. 2022
Base Period reflects claims incurred between Jan. 2020 and Dec. 2020, paid through Feb. 2021

Cigna Health Matters - Your Health First

Total health engagement as a percent of population



- Cigna's Health Matters prioritizes for coaches the health risks that a customer should work on and predicts optimal outreach to customers (phone, or email/text) which guides them to the health programs that customers prefer (online or live coaching). The Identified Population are outreached members and self-identified customers. YHF focuses on individuals holistically - bringing together lifestyle, social, and behavioral support for individuals.

- The overall population had an engagement rate of 55% in the current period. The Identified population had an engagement rate of 68% in the current period, an increase of 6% from the base period of 62%. This compares to a norm of 57%

- There were 1,304 members engaged across YHF coaching services. The mode with the greatest engagement during the current period was Preventive Care at 68%

Base Period reflects claims incurred between Jan. 2020 and Dec. 2020, paid through Feb. 2021

Health Matters Care Management - Total Medical Cost Management

Total Medical Cost Management

Management Program	Description	Avoided/Events	Savings Per Avoidance/Event	Total Savings
Radiation Therapy	Through partnership with eviCore, Cigna customers receive end to end Episode of Care management for targeted cancer disease profiles, spanning from referral base (radiation oncologist) to treatment (therapy) to the final delivery of radiological dose.	5	$3,800	$19,000
Cardiology Management	Through a eviCore partnership, Cigna outpatient nuclear cardiology, cardiac cath and stress echo precertifications are clinically reviewed to ensure compliance with our best practice clinical guidelines.	7	$1,372	$9,605
Sleep Therapy	Cigna partners with eviCore to improve the overall quality and cost of sleep services through precertification requirements, movement of studies from an outpatient to home setting (which drives efficiency without sacrificing efficacy), and end to end clinical management of obstructive sleep apnea.	70	$1,513	$105,910
Physical Therapy	Cigna ensures appropriate customer access to outpatient physical therapy/occupational therapy (PT/OT) care by incorporating evidence-based clinical coverage standards; Medical Necessity Reviews (MNR) are conducted for both Participating and Non-Participating PT/OT practitioners.	190	$100	$19,000
Chiropractic Services	Cigna ensures appropriate customer access to quality chiropractic care by incorporating evidence-based clinical coverage standards in reviews for both Participating and Non-Participating providers. Reviews focus on chiropractic care that demonstrates inconsistencies with recommended clinical evidence.	23	$59	$1,357
Musculoskeletal/Pain Management	Cigna works with eviCore healthcare, to provide quality, cost-effective services to customers for select inpatient and outpatient musculoskeletal and pain management services. This program helps eliminate excess utilization when services don't meet evidence-based guidelines to help improve clinical outcomes.	4	$6,854	$27,417
Oncology Management	The savings from Medical Oncology prior authorization reviews performed by eviCore, based on ensuring that proposed treatments align with evidence based treatment options for cancer cases. Savings are based on adherence to widely accepted treatment guidelines, and not based on denial of claims.	6	$6,545	$39,270
Total		305	$726	$221,559
% of Medical Claims				0.9%

Comments

- Cigna's **Essential Protection** package offers the recommended balance of Clinical Programs to protect clients and customers against potentially harmful, ineffective and unnecessary drug treatments and rising drug costs
- The UM savings opportunity is $94,357 , or $429 per impacted customer
- Customer transition communications: All customers taking a medication subject to a new UM edit will receive a letter from Cigna in advance of the change. Customers will be encouraged to discuss the change with their physician, so the best course of action for the patient can be determined

With completed assessments	18 / 86%	6 / 50%	4 / 80%	4 / 80%
With clinical calls	9	1	0	2
Therapy education & Adverse events	Accredo helped educate 4 customers on the importance of therapies and also managed 1 adverse event.			

Current Period reflects claims incurred between Jan. 2021 and Dec. 2021, paid through Feb. 2022
Base Period reflects claims incurred between Jan. 2020 and Dec. 2020, paid through Feb. 2021

Patient Assurance Program - Opportunity

The Patient Assurance Program improves customer affordability by capping customer cost share at $25 per one-month supply for eligible medications. This discount is provided through arrangements with manufacturers to apply up to $50 per one-month supply that goes directly to customer at point of sale.

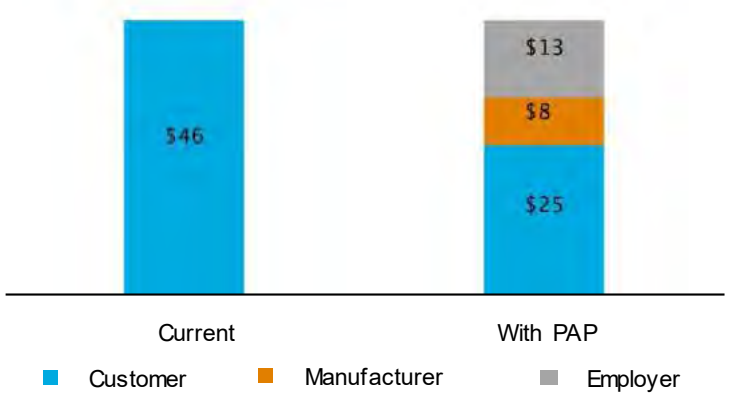
$46 / script
Currently paid by customers
=
$37,834 on 830 scripts

Reduced to

$25 / script
Projected paid by customers
=
$20,750 on 830 scripts

Program value of $17,084 available at point of sale for eligible drugs

Cost Share Per Eligible Script



81 customers would have cost share reduced to $25 / script, saving $17,084 or $0.37 PMPM.

Top Customer Savings by Drug

Drug Name	Customers	Scripts	Current Cost Share	Projected Program Value
Farxiga	12	107	$7,914	$5,239
Humalog Kwikpen U-100	13	82	$5,713	$3,663
Ozempic	12	91	$4,306	$2,031
Other	72	550	$19,900	$6,150
Total	**81**	**830**	**$37,834**	**$17,084**

Comments

- Data includes only eligible drugs with cost share greater than $25 per month
- 81 customers represents 3% of all pharmacy utilizers
- $6,259 of the $17,084 is from manufacturer discounts at the point of sale
- $10,825 of program value is above the maximum manufacturer contribution, and is projected to come from increases in client paid and/or shifts in cost share on other non-PAP claims, depending upon claims timing and plan design

Current Period reflects claims incurred between Jan. 2021 and Dec. 2021, paid through Feb. 2022
Base Period reflects claims incurred between Jan. 2020 and Dec. 2020, paid through Feb. 2021

Clinical Day Supply for Cigna (CDS) - Opportunity

Clinical Day Supply Program for Cigna (CDS) through Accredo leverages smart dispensing logic to ensure customers receive optimal drug supply, driving increased drug safety, cost savings and medication adherence.

5 scripts could be optimized for
5 customers representing
$79,914 of potential savings

Opportunity impact

	Split fill	30 day limits	Stabilization
Customers	1	2	2
Scripts	1	2	2
Day Supply Reduction	15	120	112
Therapeutic Class	• Poisoning	• Amyloidosis • Irritable Bowel	• Arthritis

- Specialty medications are known to have adverse side-effects and/or high rates of physician change to dosage and form. Dispensing less than a 90-day supply per prescription for customers new to therapy allows for closer monitoring by Accredo specialists of customer drug tolerance and customer stabilization, and can decrease the potential for drug waste.
- Savings opportunity is based on home delivery program eligible drugs. If members filled eligible drugs through retail, more savings potential may exist if they switched to home delivery.
- CDS is intended to increase medication adherence by as much as 6%* for customers influenced by the program moving from a 30 day supply limit at specialty. *Express Scripts (2019). *Clinical Days Supply Evaluation.*
- The Split Fill and Stabilization components of the program apply only to new specialty drug therapies. Members already taking specialty drugs may experience a reduction in day supply only if the medication is identified as being optimally prescribed at a 30 day limit.

Non-Specialty	$0.62	$1.32	$1.48

- Over the next several years, several manufacturers will be releasing generic and biosimilar drugs that will help to reduce the cost for some of your current high-cost drugs.
- As these new drugs enter the market, the savings will continue to grow as they gain additional market share and utilization. In addition, we expect that other pharmaceutical manufacturers will also release similar lower cost drugs.
- Anticipated savings will be $0.62 PMPM in 2022 and $8.88 PMPM in 2024

Integrated Value of Well Informed & RationalMed for Cigna

Well Informed and RationalMed for Cigna are gaps in care solutions which deliver alerts to providers and patients to improve health and safety while driving savings for our clients.

Clinical Impact

Opportunity Identified	
Gaps identified	3,592
Providers outreached	346
Customers outreached	770
Success Rate	**339 (9%) closures**
Remaining opportunity	3,253 gaps

Financial Impact

Total Savings	**$24,098**

- Closing these gaps resulted in a savings of $71 per success
- An average of 5 gaps were identified for each of your outreached customers
- The top five conditions addressed for your population were: Diabetes, Coronary Artery Disease, Hyperlipidemia, Blood thinner, Migraine Headache

Dependent	$116	$260	124.7%	$273

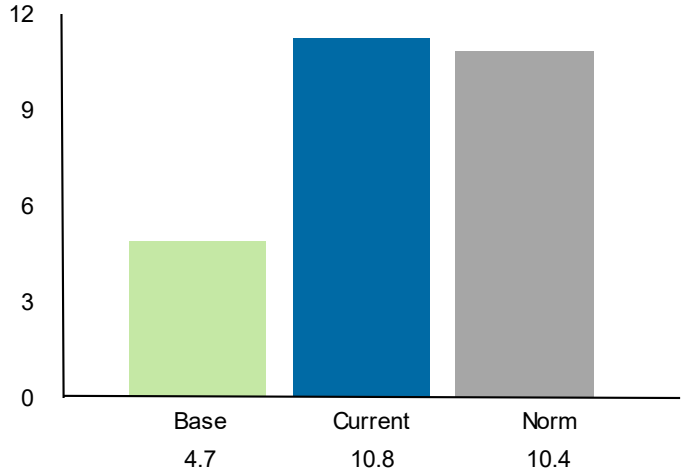
- Employees represented 70.3% of the population and 72.5% of spend for the current period, versus norms of 50.1% and 58.4%
- By relationship type, employees incurred higher per member costs than spouses, $678 PMPM for the current period
- Excluding Catastrophic Claimants, spouses incurred higher per member costs compared to employees, $521 PMPM for the current period

Current Period reflects claims incurred between Jan. 2021 and Dec. 2021, paid through Feb. 2022
Base Period reflects claims incurred between Jan. 2020 and Dec. 2020, paid through Feb. 2021

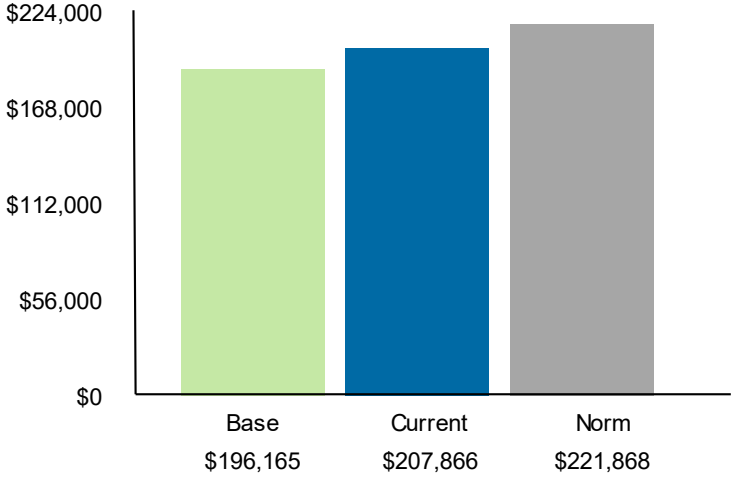
Catastrophic Claim Summary

Health and Wellness Center User Cohort

Catastrophic claimants per 1,000 members



Average plan cost per catastrophic claimant



Member relationship

	Base	Current
Members		
Employee	4	12
Spouse	3	1
Dependent	0	3
Total Members	7	16
Cost Per Member		
Employee	$234,725	$199,280
Spouse	$144,751	$121,313
Dependent	$0	$271,061

- Plan cost for catastrophic claimants was $193.97 PMPM in the current period, or 29.5% of the total plan cost of $657.94 PMPM
- Plan cost for catastrophic claimants increased from $102.45 PMPM to $193.97 PMPM, contributing 18.0% of the overall 29.5% plan trend
- Catastrophic claimants per thousand increased from 4.7 to 10.8, and compares to a norm of 10.4
- Average cost per claimant increased from $196,165 to $207,866, and compares to a norm of $221,868
- Catastrophic claimant threshold of $100,000 was used for this analysis

Current Period reflects claims incurred between Jan. 2021 and Dec. 2021, paid through Feb. 2022
Base Period reflects claims incurred between Jan. 2020 and Dec. 2020, paid through Feb. 2021

Notice to Policyholder - *ADDITIONAL PROGRAMS* – Cigna may, from time to time, offer or arrange for various entities to offer discounts, benefits, services or other consideration to the Policyholder's employees for the purpose of promoting their general health and well-being. For details about these programs, contact Cigna. Any such consideration shall be provided by Cigna in connection with its administrative services agreement for the administration of the Policyholder's self-insured Plan and shall not be considered a benefit of this policy nor create any relationship between Cigna and the Policyholder's employees with respect to this policy.

CIGNA HEALTH AND LIFE INSURANCE COMPANY
(Herein called 'Cigna')

Individual Stop Loss Coverage

Policy Year: January 01, 2021 to December 31, 2021

Covered Expenses: Claims that are Incurred between January 01, 2021 and December 31, 2021 and that Become Due on and after January 01, 2021

Monthly Premium Rates:
For each covered employee $57.20

Individual Stop Loss Benefit Percentage Payable: 100%

Individual Stop Loss Limit: $350,000.00

The following Covered Persons have been identified as High Risk Individuals and shall be subject to the Individual Stop Loss Limit as specified below:

High Risk Individuals None

Benefit Plans Covered by Individual Stop Loss Coverage:

Claim Administrator	Product
Cigna	HRA Open Access Plus
Cigna	Mental Health/Substance Use Disorders
Cigna	OAP In-Network
Cigna	Open Access Plus
Cigna	Pharmacy Expense

Cigna's Maximum Liability per individual: Will be the individual maximum, if any, as set forth in the Benefit Plan less the Individual Stop Loss Limit

Additional exclusions from Individual Stop Loss coverage under this policy:

- Funds contributed by the company or an employee as part of a Health Reimbursement Account, Health Savings Account or Flexible Spending Account.
- Expenses resulting from fixed, per person, per period charges (fixed charges), if any, i.e., contractually determined periodic payments to certain providers based on the number of Plan participants entitled to receive services from the provider, in return for which, such providers furnish certain agreed-upon services to Plan participants.

Payment of premium is considered acceptance of this policy and the terms within.

*Discounts include non-specialty generic drugs. Retail and Home Delivery Specialty Generic drugs are priced according to the Specialty Product List.

PRESCRIPTION FINANCIAL UNDERWRITING CAVEATS

City of Fort Lauderdale

General

· The effective date for this quotation is 1/1/2021 and the policy term will run for 36 months 1/1/2020 through 12/31/2022. Fees and rates represented within this quotation are valid for the policy term.

· This quotation assumes a total in-force of 1,863 employees covered under the pharmacy plan. Should actual enrollment vary by +/- 15 percent or, at any time after the effective date, Cigna's prescription drug rates, administrative fees, dispensing fees, and manufacturer consideration sharing guarantees included in this proposal will be subject to change.

· In the event that Employer purports to terminate such arrangement or enters into an agreement with another pharmacy benefit manager (PBM) or other third party to provide any or all pharmacy benefit management services for Employer's benefit plan prior to the end of such thirty-six (36)-month period, then, within thirty (30) days of CHLIC's written request, Employer shall pay CHLIC a fee in the amount of $1.50 per the average monthly number of Members who were enrolled in the Plan's Pharmacy Benefit from the beginning of the 36-month period to the effective date of such purported termination or other agreement multiplied by the number of months remaining until the end of the 36-month period. However, if this Agreement terminates in its entirety (i.e., with respect to the Plan's medical as well as pharmacy benefit), no such fee shall apply.

· Our discount and dispensing fee guarantees are offered pursuant to the language provided in our ASO contract or amendment, and will only be reconciled and payment issued according to the terms offered and agreed upon in a signed document between CHLIC and the client.

· Employee contribution percentages will be the same as the current arrangement.

· Quotation assumes Cigna standards of implementation, financials, edits, banking, plan operations, formulary, programming, reporting, systems capabilities, online functionality and consulting. Any non-standards may result in fees billable to the client.

· Quotation assumes Cigna is the exclusive provider of mail order, retail and specialty benefits.
· Quotation assumes no client specific network, in-house pharmacy, or onsite pharmacy.
· Quotation assumes exclusive home delivery for specialty medication.
· Quotation assumes a (90) day fill at home delivery for specialty medication. If client elects a 30 day supply for specialty at home delivery Cigna reserves the right to adjust rebates accordingly.
· Quotation assumes up to a ninety (90) day fill at retail pharmacies through Cigna's 90 Now retail 90 network. Retail 90 discount, dispensing fee, and rebate will apply to a minimum 83 day supply.
· Quotation assumes Cigna's 90 Now retail pharmacy network.
· Quotation assumes Cigna's Value prescription drug list.
. Brand claims for purposes of rebate reconciliation exclude 340B, Run-Out, Reversals, Medical Specialty drugs, Compounds, Vaccines.

· Unless otherwise indicated, this proposal assumes applicable requirements of the Patient Protection and Affordable Care Act will be implemented on the effective date/renewal date unless you direct otherwise.
· Cigna reserves the right to revisit and revise the fees if any of the following occur:
- Additional optional services are requested or client structure requirements change significantly
- Modifications to proposed benefit options are requested

Government Regulations

· At Cigna's option, this quotation, and any rate, fee, trend, or other guarantee included in this quotation, or agreements arising from this quotation, shall be void in the event of federal, state or local action impacting the benefit levels quoted herein or affecting our ability to meet our obligations to you, to your employees/our members or to our contracted providers. Should this happen, Cigna will make a good faith effort to work with the Employer to reach a new agreement that equitably reflects the circumstances as altered by government action.

Exclusivity

· This quotation assumes Cigna will be the exclusive pharmacy carrier for all employer worksites. Other competitors "like" products will not be offered in conjunction with the products noted above.

Optional Services

· Additional charges may apply if Cigna is requested to interface with a non-Cigna network, utilization management, third party mental health, prescription drug, or other third party vendor sample.

Average Wholesale Price (AWP)

· References in this proposal to the average wholesale price, or "AWP," of pharmaceutical products are based on the AWPs as published by Medi-Span or other alternative industry-accepted publication reasonably designated by Cigna. In the event of any change in the markup, methodologies, processes, or algorithms underlying the published AWP(s), or if Cigna chooses a benchmark different than AWP or chooses a different source for the AWP, Cigna may adjust any or all of the AWP-based charges to reflect the economics of this proposal prior to such change.

"Cigna HealthCare" refers to various operating subsidiaries of Cigna Corporation. Products and services are provided by these subsidiaries and not by Cigna Corporation. These subsidiaries include Connecticut General Life Insurance Company, Cigna Health and Life Insurance Company, and HMO or service company subsidiaries of Cigna Health Corporation and Cigna Dental Health, Inc.

Private and confidential property of Cigna. Do not duplicate or distribute.

HOW CAN WE HELP YOU TODAY?

Our Employee Assistance Program (EAP) has you covered.

As an employee of City of Fort Lauderdale you have access to our valuable Employee Assistance Program (EAP) at no cost to you.

EAP personal advocates will work with you and your household family members to help you resolve issues you may be facing, connect you with the right mental health professionals, direct you to a variety of helpful resources in your community and more.

Take advantage of a wide range of services offered at no cost to you

- **10** face-to-face counseling sessions with a counselor in your area, as well as video-based sessions.
- **Legal assistance:** 30-minute consultation with an attorney, face-to-face or by phone.*
- **Financial:** 30-minute telephone consultation with a qualified specialist on topics such as debt counseling or planning for retirement.
- **Parenting:** Resources and referrals for childcare providers, before and after school programs, camps, adoption organizations, child development, prenatal care and more.
- **Eldercare:** Resources and referrals for home health agencies, assisted living facilities, social and recreational programs and long-distance caregiving.
- **Pet care:** Resources and referrals for pet sitting, obedience training, veterinarians and pet stores.
- **Identity theft:** 60-minute consultation with a fraud resolution specialist.

We're here to listen. Contact us any day, anytime.

Summary of Benefits and Coverage: What this Plan Covers & What You Pay For Covered Services

Coverage Period: 01/01/2022 - 12/31/2022

City of Fort Lauderdale: Open Access Plus

Coverage for: Individual/Individual + Family | **Plan Type:** OAP

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, go online at www.cigna.com/sp. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbc-glossary or call 1-800-Cigna24 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	For in-network providers: $2,000/individual or $3,000/individual+1 or $4,000/family For out-of-network providers: $2,000/individual or $3,000/individual+1 or $4,000/family Combined medical/behavioral and pharmacy deductible Deductible per individual applies when the employee is the only individual covered under the plan.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the policy, the overall family deductible must be met before the plan begins to pay.
Are there services covered before you meet your deductible?	Yes. In-network preventive care & immunizations, in-network generic preventive drugs.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	For in-network providers: $5,000/individual or $7,000/indvidual+1 or $10,000/family For out-of-network providers: $5,000/individual or $7,000/individual+1 or $10,000/family Combined medical/behavioral and pharmacy out-of-pocket limit	The out-of-pocket limit is the most you could pay in a year for covered services.If you have other family members in this plan, the overall family out-of-pocket limit must be met.
What is not included in the out-of-pocket limit?	Penalties for failure to obtain pre-authorization for services, premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.

Important Questions	Answers	Why This Matters:
Will you pay less if you use a network provider?	Yes. See www.cigna.com or call 1-800-Cigna24 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

Common Medical Event	Services You May Need	What You Will Pay		Limitations, Exceptions, & Other Important Information
		In-Network Provider (You will pay the least)	Out-of-Network Provider (You will pay the most)	
If you visit a health care provider's office or clinic	Primary care visit to treat an injury or illness	10% coinsurance/visit	30% coinsurance	None
	Specialist visit	10% coinsurance/visit	30% coinsurance	None
	Preventive care/ screening/ immunization	No charge/visit** No charge/visit** No charge/screening** No charge/screening**	30% coinsurance/visit** 30% coinsurance/visit 30% coinsurance/ screening** 30% coinsurance/ screening	Coverage birth through age 15 Coverage age 16 and older Coverage birth through age 15 Coverage age 16 and older
		No charge/immunizations** No charge/immunizations**	30% coinsurance/ immunizations** 30% coinsurance/ immunizations	Coverage birth through age 15 Coverage age 16 and older
		**Deductible does not apply	**Deductible does not apply	You may have to pay for services that aren't preventive. Ask your provider if the services needed are preventive. Then check what your plan will pay for.

Common Medical Event	Services You May Need	What You Will Pay		Limitations, Exceptions, & Other Important Information
		In-Network Provider (You will pay the least)	Out-of-Network Provider (You will pay the most)	
If you have a test	Diagnostic test (x-ray, blood work)	10% coinsurance	30% coinsurance	None

Excluded Services & Other Covered Services:

Services Your Plan Generally Does NOT Cover (Check your policy or plan document for more information and a list of any other excluded services.)

- Cosmetic surgery
- Dental care (Adult)
- Dental care (Children)
- Eye care (Children)
- Hearing aids
- Infertility treatment
- Long-term care
- Non-emergency care when traveling outside the U.S.
- Private-duty nursing
- Routine eye care (Adult)
- Routine foot care
- Weight loss programs

Other Covered Services (Limitations may apply to these services. This isn't a complete list. Please see your plan document.)

- Acupuncture
- Bariatric Surgery (in-network only)
- Chiropractic care (20 days)

Your Rights to Continue Coverage:

There are agencies that can help if you want to continue your coverage after it ends. The contact information for those agencies is: Department of Health and Human Services, Center for Consumer Information and Insurance Oversight, at 1-877-267-2323 x61565 or www.cciio.cms.gov. Other coverage options may be available to you, too, including buying individual insurance coverage through the Health Insurance Marketplace. For more information about the Marketplace, visit www.HealthCare.gov or call 1-800-318-2596.

Your Grievance and Appeals Rights:

There are agencies that can help if you have a complaint against your plan for a denial of a claim. This complaint is called a grievance or appeal. For more information about your rights, look at the explanation of benefits you will receive for that medical claim. Your plan documents also provide complete information on how to submit a claim, appeal or a grievance for any reason to your plan. For more information about your rights, this notice, or assistance, contact: Cigna Customer service at 1-800-Cigna24.

Does this plan provide Minimum Essential Coverage? **Yes**

Minimum Essential Coverage generally includes plans, health insurance available through the Marketplace or other individual market policies, Medicare, Medicaid, CHIP, TRICARE, and certain other coverage. If you are eligible for certain types of Minimum Essential Coverage, you may not be eligible for the premium tax credit.

Does this plan meet the Minimum Value Standards? **Yes**

If your plan doesn't meet the Minimum Value Standards, you may be eligible for a premium tax credit to help you pay for a plan through the Marketplace.

Language Access Services:

Spanish (Español): Para obtener asistencia en Español, llame al 1-800-244-6224.
Tagalog (Tagalog): Kung kailangan ninyo ang tulong sa Tagalog tumawag sa 1-800-244-6224.
Chinese (中文): 如果需要中文的帮助，请拨打这个号码 1-800-244-6224.
Navajo (Dine): Dinek'ehgo shika at'ohwol ninisingo, kwiijigo holne' 1-800-244-6224.

----------To see examples of how this plan might cover costs for a sample medical situation, see the next section.----------

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.

Peg is Having a Baby
(9 months of in-network pre-natal care and a hospital delivery)

- **The plan's overall deductible** **$2,000**
- **Specialist coinsurance** **10%**
- **Hospital (facility) coinsurance** **10%**
- **Other coinsurance** **10%**

This EXAMPLE event includes services like:
Specialist office visits *(prenatal care)*
Childbirth/Delivery Professional Services
Childbirth/Delivery Facility Services
Diagnostic tests *(ultrasounds and blood work)*
Specialist visit *(anesthesia)*

Total Example Cost	**$12,700**

In this example, Peg would pay:

Cost Sharing	
Deductibles	$2,000
Copayments	$0
Coinsurance	$1,100
What isn't covered	
Limits or exclusions	$20
The total Peg would pay is	**$3,120**

Managing Joe's type 2 Diabetes
(a year of routine in-network care of a well-controlled condition)

- **The plan's overall deductible** **$2,000**
- **Specialist coinsurance** **10%**
- **Hospital (facility) coinsurance** **10%**
- **Other coinsurance** **10%**

This EXAMPLE event includes services like:
Primary care physician office visits *(including disease education)*
Diagnostic tests *(blood work)*
Prescription drugs
Durable medical equipment *(glucose meter)*

Total Example Cost	**$5,600**

In this example, Joe would pay:

Cost Sharing	
Deductibles	$2,000
Copayments	$0
Coinsurance	$900
What isn't covered	
Limits or exclusions	$20
The total Joe would pay is	**$2,920**

Mia's Simple Fracture
(in-network emergency room visit and follow up care)

- **The plan's overall deductible** **$2,000**
- **Specialist coinsurance** **10%**
- **Hospital (facility) coinsurance** **10%**
- **Other coinsurance** **10%**

This EXAMPLE event includes services like:
Emergency room care *(including medical supplies)*
Diagnostic test *(x-ray)*
Durable medical equipment *(crutches)*
Rehabilitation services *(physical therapy)*

Total Example Cost	**$2,800**

Summary of Benefits and Coverage: What this Plan Covers & What You Pay For Covered Services

Coverage Period: 01/01/2022 - 12/31/2022

City of Fort Lauderdale: Choice Fund Open Access Plus HRA

Coverage for: Individual/Individual + Family | **Plan Type:** OAP

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, go online at www.cigna.com/sp. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbc-glossary or call 1-800-Cigna24 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	For in-network providers: $2,000/individual, $3,000/individual+1 or $4,000/family For out-of-network providers: $2,000/individual, $3,000/individual+1 or $4,000/family Combined medical/behavioral and pharmacy deductible Deductible per individual applies when the employee is the only individual covered under the plan. Amount your employer contributes to your account: Up to $1,000/individual or $1,500/individual + spouse or child or $2,000/family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the policy, the overall family deductible must be met before the plan begins to pay.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	For in-network providers: $5,000/individual, $7,000/individual+1 or $10,000/family (no more than $5,000 per individual in the family) For out-of-network providers: $5,000/individual, $7,000/individual+1 or $10,000/family (no more than $5,000 per individual in the family) Combined medical/behavioral and pharmacy out-of-pocket limit	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Penalties for failure to obtain pre-authorization for services, premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.

Important Questions	Answers	Why This Matters:
Will you pay less if you use a network provider?	Yes. See www.cigna.com or call 1-800-Cigna24 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

Common Medical Event	Services You May Need	What You Will Pay		Limitations, Exceptions, & Other Important Information
		In-Network Provider (You will pay the least)	Out-of-Network Provider (You will pay the most)	
If you visit a health care provider's office or clinic	Primary care visit to treat an injury or illness	10% coinsurance/visit	30% coinsurance	None
	Specialist visit	10% coinsurance/visit	30% coinsurance	None

Excluded Services & Other Covered Services:

Services Your Plan Generally Does NOT Cover (Check your policy or plan document for more information and a list of any other excluded services.)

- Cosmetic surgery
- Dental care (Adult)
- Dental care (Children)
- Eye care (Children)
- Hearing aids
- Infertility treatment
- Long-term care
- Non-emergency care when traveling outside the U.S.
- Private-duty nursing
- Routine eye care (Adult)
- Routine foot care
- Weight loss programs

Other Covered Services (Limitations may apply to these services. This isn't a complete list. Please see your plan document.)

- Acupuncture
- Bariatric Surgery (in-network only)
- Chiropractic care (20 days)

Your Rights to Continue Coverage:

There are agencies that can help if you want to continue your coverage after it ends. The contact information for those agencies is: Department of Health and Human Services, Center for Consumer Information and Insurance Oversight, at 1-877-267-2323 x61565 or www.cciio.cms.gov. Other coverage options may be available to you, too, including buying individual insurance coverage through the Health Insurance Marketplace. For more information about the Marketplace, visit www.HealthCare.gov or call 1-800-318-2596.

Your Grievance and Appeals Rights:

There are agencies that can help if you have a complaint against your plan for a denial of a claim. This complaint is called a grievance or appeal. For more information about your rights, look at the explanation of benefits you will receive for that medical claim. Your plan documents also provide complete information on how to submit a claim, appeal or a grievance for any reason to your plan. For more information about your rights, this notice, or assistance, contact: Cigna Customer service at 1-800-Cigna24.

Does this plan provide Minimum Essential Coverage? **Yes**

Minimum Essential Coverage generally includes plans, health insurance available through the Marketplace or other individual market policies, Medicare, Medicaid, CHIP, TRICARE, and certain other coverage. If you are eligible for certain types of Minimum Essential Coverage, you may not be eligible for the premium tax credit.

Does this plan meet the Minimum Value Standards? **Yes**

If your plan doesn't meet the Minimum Value Standards, you may be eligible for a premium tax credit to help you pay for a plan through the Marketplace.

Language Access Services:

Spanish (Español): Para obtener asistencia en Español, llame al 1-800-244-6224.
Tagalog (Tagalog): Kung kailangan ninyo ang tulong sa Tagalog tumawag sa 1-800-244-6224.
Chinese (中文): 如果需要中文的帮助，请拨打这个号码 1-800-244-6224.
Navajo (Dine): Dinek'ehgo shika at'ohwol ninisingo, kwiijigo holne' 1-800-244-6224.

----------To see examples of how this plan might cover costs for a sample medical situation, see the next section.----------

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.

Peg is Having a Baby
(9 months of in-network pre-natal care and a hospital delivery)

- **The plan's overall deductible** **$2,000**
- **Specialist coinsurance** **10%**
- **Hospital (facility) coinsurance** **10%**
- **Other coinsurance** **10%**

This EXAMPLE event includes services like:
Specialist office visits *(prenatal care)*
Childbirth/Delivery Professional Services
Childbirth/Delivery Facility Services
Diagnostic tests *(ultrasounds and blood work)*
Specialist visit *(anesthesia)*

Total Example Cost	**$12,700**

In this example, Peg would pay:

Cost Sharing	
Deductibles	$2,000
Copayments	$0
Coinsurance	$1,100
What isn't covered	
Limits or exclusions	$20
The total Peg would pay is	**$3,120**

Managing Joe's type 2 Diabetes
(a year of routine in-network care of a well-controlled condition)

- **The plan's overall deductible** **$2,000**
- **Specialist coinsurance** **10%**
- **Hospital (facility) coinsurance** **10%**
- **Other coinsurance** **10%**

This EXAMPLE event includes services like:
Primary care physician office visits *(including disease education)*
Diagnostic tests *(blood work)*
Prescription drugs
Durable medical equipment *(glucose meter)*

Total Example Cost	**$5,600**

In this example, Joe would pay:

Cost Sharing	
Deductibles	$2,000
Copayments	$0
Coinsurance	$900
What isn't covered	
Limits or exclusions	$20
The total Joe would pay is	**$2,920**

Mia's Simple Fracture
(in-network emergency room visit and follow up care)

- **The plan's overall deductible** **$2,000**
- **Specialist coinsurance** **10%**
- **Hospital (facility) coinsurance** **10%**
- **Other coinsurance** **10%**

This EXAMPLE event includes services like:
Emergency room care *(including medical supplies)*
Diagnostic test *(x-ray)*
Durable medical equipment *(crutches)*
Rehabilitation services *(physical therapy)*

Total Example Cost	**$2,800**

In this example, Mia would pay:

Cost Sharing	
Deductibles	$2,000
Copayments	$0
Coinsurance	$80
What isn't covered	
Limits or exclusions	$0
The total Mia would pay is	**$2,080**

The plan would be responsible for the other costs of these EXAMPLE covered services.

Summary of Benefits and Coverage: What this Plan Covers & What You Pay For Covered Services
Coverage Period: 01/01/2022 - 12/31/2022
City of Fort Lauderdale: Open Access Plus IN
Coverage for: Individual/Individual + Family | **Plan Type:** OAP

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, go online at www.cigna.com/sp. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbc-glossary or call 1-800-Cigna24 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	$0	See the Common Medical Events chart below for your costs for services this plan covers.
Are there services covered before you meet your deductible?	No.	You will have to meet the deductible before the plan pays for any services.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	For in-network providers: $5,000/individual, $7,000/individual+1 or $10,000/family Combined medical/behavioral and pharmacy out-of-pocket limit	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.cigna.com or call 1-800-Cigna24 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

Common Medical Event	Services You May Need	What You Will Pay		Limitations, Exceptions, & Other Important Information
		In-Network Provider (You will pay the least)	Out-of-Network Provider (You will pay the most)	
If you visit a health care provider's office or clinic	Primary care visit to treat an injury or illness	$40 copay/visit	Not covered	None
	Specialist visit	$40 copay/visit	Not covered	None
	Preventive care/ screening/ immunization	No charge/visit No charge/screening No charge/immunizations	Not covered	None None None You may have to pay for services that aren't preventive. Ask your provider if the services needed are preventive. Then check what your plan will pay for.
If you have a test	Diagnostic test (x-ray, blood work)	10% coinsurance	Not covered	In-network diagnostic mammogram - No charge
	Imaging (CT/PET scans, MRIs)	$200 copay per type of scan/day	Not covered	None
If you need drugs to treat your illness or condition More information about prescription drug coverage is available at www.cigna.com	Generic drugs (Tier 1)	$20 copay/prescription (retail 30 days), $40 copay/prescription (retail 90 days); $40 copay/prescription (home delivery 90 days)	Not covered	Coverage is limited up to a 90-day supply (retail and home delivery); up to a 30-day supply (retail) and a 90-day supply (home delivery) for Specialty drugs. Certain limitations may apply, including, for example: prior authorization, step therapy, quantity limits. In-network Federally required preventive drugs will be provided at no charge.
	Preferred brand drugs (Tier 2)	$40 copay/prescription (retail 30 days), $80 copay/prescription (retail 90 days); $80 copay/prescription (home delivery 90 days)	Not covered	
	Non-preferred brand drugs (Tier 3)	$60 copay/prescription (retail 30 days), $120 copay/prescription (retail 90 days); $120 copay/prescription (home delivery 90 days)	Not covered	

Common Medical Event	Services You May Need	What You Will Pay		Limitations, Exceptions, & Other Important Information
		In-Network Provider (You will pay the least)	Out-of-Network Provider (You will pay the most)	
If you have outpatient surgery	Facility fee (e.g., ambulatory surgery center)	$500 copay/visit; $200 copay/visit for Upper GI procedures	Not covered	Per visit copay is waived for non-surgical procedures.
	Physician/surgeon fees	No charge	Not covered	None
If you need immediate medical attention	Emergency room care	$200 copay/visit	$200 copay/visit	Per visit copay is waived if admitted
	Emergency medical transportation	No charge	No charge	None
	Urgent care	$60 copay/visit	$60 copay/visit	None
If you have a hospital stay	Facility fee (e.g., hospital room)	$500 copay/day; up to $2500 out-of-pocket annual maximum	Not covered	None
	Physician/surgeon fees	No charge	Not covered	None
If you need mental health, behavioral health, or substance abuse services	Outpatient services	$40 copay/office visit No charge/all other services	Not covered	None
	Inpatient services	$500 copay/day; up to $2500 out-of-pocket annual maximum	Not covered	None
If you are pregnant	Office visits	No charge	Not covered	Primary Care or Specialist benefit levels apply for initial visit to confirm pregnancy. Cost sharing does not apply for preventive services. Depending on the type of services, a copayment, coinsurance or deductible may apply. Maternity care may include tests and services described elsewhere in the SBC (i.e. ultrasound).
	Childbirth/delivery professional services	No charge	Not covered	
	Childbirth/delivery facility services	$500 copay/day; up to $2500 out-of-pocket annual maximum	Not covered	

Common Medical Event	Services You May Need	What You Will Pay		Limitations, Exceptions, & Other Important Information
		In-Network Provider (You will pay the least)	Out-of-Network Provider (You will pay the most)	
If you need help recovering or have other special health needs	Home health care	10% coinsurance	Not covered	16 hour maximum per day
	Rehabilitation services	$20 copay/visit $40 copay/visit for Chiropractic care services	Not covered	Coverage is limited to annual max of: 60 days for Pulmonary rehab and Cognitive therapy services; 60 days for Physical and Cognitive therapy services; 60 days for Occupational and Cognitive therapy services; 60 days for Speech and Cognitive therapy services; 18 days for Cardiac rehab services; 20 days for Chiropractic care services Limits are not applicable to mental health conditions for Physical, Speech and Occupational therapies.
	Habilitation services	$20 copay/visit	Not covered	Services are covered when Medically Necessary to treat a mental health condition (e.g. autism). Limits are not applicable to mental health conditions for Physical, Speech and Occupational therapies.
	Skilled nursing care	10% coinsurance	Not covered	Coverage is limited to 90 days annual max.
	Durable medical equipment	10% coinsurance	Not covered	None
	Hospice services	10% coinsurance/inpatient; 10% coinsurance/outpatient services	Not covered	None
If your child needs dental or eye care	Children's eye exam	Not covered	Not covered	None
	Children's glasses	Not covered	Not covered	None
	Children's dental check-up	Not covered	Not covered	None

Excluded Services & Other Covered Services:

Services Your Plan Generally Does NOT Cover (Check your policy or plan document for more information and a list of any other excluded services.)		
• Cosmetic surgery • Dental care (Adult) • Dental care (Children) • Eye care (Children)	• Hearing aids • Infertility treatment • Long-term care • Non-emergency care when traveling outside the U.S.	• Private-duty nursing • Routine eye care (Adult) • Routine foot care • Weight loss programs
Other Covered Services (Limitations may apply to these services. This isn't a complete list. Please see your plan document.)		
• Acupuncture	• Bariatric surgery	• Chiropractic care (20 days)

Your Rights to Continue Coverage:

There are agencies that can help if you want to continue your coverage after it ends. The contact information for those agencies is: Department of Health and Human Services, Center for Consumer Information and Insurance Oversight, at 1-877-267-2323 x61565 or www.cciio.cms.gov. Other coverage options may be available to you, too, including buying individual insurance coverage through the Health Insurance Marketplace. For more information about the Marketplace, visit www.HealthCare.gov or call 1-800-318-2596.

Your Grievance and Appeals Rights:

There are agencies that can help if you have a complaint against your plan for a denial of a claim. This complaint is called a grievance or appeal. For more information about your rights, look at the explanation of benefits you will receive for that medical claim. Your plan documents also provide complete information on how to submit a claim, appeal or a grievance for any reason to your plan. For more information about your rights, this notice, or assistance, contact: Cigna Customer service at 1-800-Cigna24.

Does this plan provide Minimum Essential Coverage? **Yes**

Minimum Essential Coverage generally includes plans, health insurance available through the Marketplace or other individual market policies, Medicare, Medicaid, CHIP, TRICARE, and certain other coverage. If you are eligible for certain types of Minimum Essential Coverage, you may not be eligible for the premium tax credit.

Does this plan meet the Minimum Value Standards? **Yes**

If your plan doesn't meet the Minimum Value Standards, you may be eligible for a premium tax credit to help you pay for a plan through the Marketplace.

Language Access Services:

Spanish (Español): Para obtener asistencia en Español, llame al 1-800-244-6224.
Tagalog (Tagalog): Kung kailangan ninyo ang tulong sa Tagalog tumawag sa 1-800-244-6224.
Chinese (中文): 如果需要中文的帮助，请拨打这个号码 1-800-244-6224.
Navajo (Dine): Dinek'ehgo shika at'ohwol ninisingo, kwiijigo holne' 1-800-244-6224.

----------To see examples of how this plan might cover costs for a sample medical situation, see the next section.----------

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.

Peg is Having a Baby
(9 months of in-network pre-natal care and a hospital delivery)

- **The plan's overall deductible** **$0**
- **Specialist copayment** **$40**
- **Hospital (facility) coinsurance** **0%**
- **Other coinsurance** **0%**

This EXAMPLE event includes services like:
Specialist office visits *(prenatal care)*
Childbirth/Delivery Professional Services
Childbirth/Delivery Facility Services
Diagnostic tests *(ultrasounds and blood work)*
Specialist visit *(anesthesia)*

Total Example Cost	**$12,700**

In this example, Peg would pay:

Cost Sharing	
Deductibles	$0
Copayments	$1,100
Coinsurance	$100
What isn't covered	
Limits or exclusions	$20
The total Peg would pay is	**$1,220**

Managing Joe's type 2 Diabetes
(a year of routine in-network care of a well-controlled condition)

- **The plan's overall deductible** **$0**
- **Specialist copayment** **$40**
- **Hospital (facility) coinsurance** **0%**
- **Other coinsurance** **0%**

This EXAMPLE event includes services like:
Primary care physician office visits *(including disease education)*
Diagnostic tests *(blood work)*
Prescription drugs
Durable medical equipment *(glucose meter)*

Total Example Cost	**$5,600**

In this example, Joe would pay:

Cost Sharing	
Deductibles	$0
Copayments	$1,200
Coinsurance	$10
What isn't covered	
Limits or exclusions	$20
The total Joe would pay is	**$1,230**

Mia's Simple Fracture
(in-network emergency room visit and follow up care)

- **The plan's overall deductible** **$0**
- **Specialist copayment** **$40**
- **Hospital (facility) coinsurance** **0%**
- **Other coinsurance** **0%**

This EXAMPLE event includes services like:
Emergency room care *(including medical supplies)*
Diagnostic test *(x-ray)*
Durable medical equipment *(crutches)*
Rehabilitation services *(physical therapy)*

Total Example Cost	**$2,800**

In this example, Mia would pay:

Cost Sharing	
Deductibles	$0
Copayments	$400
Coinsurance	$0
What isn't covered	
Limits or exclusions	$0
The total Mia would pay is	**$400**

The plan would be responsible for the other costs of these EXAMPLE covered services.

DISCRIMINATION IS AGAINST THE LAW

Medical coverage

Cigna complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Cigna does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Cigna:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
  - Qualified interpreters
  - Information written in other languages

If you need these services, contact customer service at the toll-free number shown on your ID card, and ask a Customer Service Associate for assistance.

If you believe that Cigna has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance by sending an email to ACAGrievance@Cigna.com or by writing to the following address:

Cigna
Nondiscrimination Complaint Coordinator
PO Box 188016
Chattanooga, TN 37422

If you need assistance filing a written grievance, please call the number on the back of your ID card or send an email to ACAGrievance@Cigna.com. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, or by mail or phone at:

U.S. Department of Health and Human Services
200 Independence Avenue, SW
Room 509F, HHH Building
Washington, DC 20201
1.800.368.1019, 800.537.7697 (TDD)

Complaint forms are available at
http://www.hhs.gov/ocr/office/file/index.html.

All Cigna products and services are provided exclusively by or through operating subsidiaries of Cigna Corporation, including Cigna Health and Life Insurance Company, Connecticut General Life Insurance Company, Evernorth Care Solutions, Inc., Evernorth Behavioral Health, Inc., Cigna Health Management, Inc., and HMO or service company subsidiaries of Cigna Health Corporation and Cigna Dental Health, Inc. Summary of Benefits and Coverage: What this Plan Covers & What You Pay For Covered Services
Coverage Period: 01/01/2022 - 12/31/2022
City of Fort Lauderdale: Open Access Plus IN
Coverage for: Individual/Individual + Family | **Plan Type:** OAP

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, go online at www.cigna.com/sp. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbc-glossary or call 1-800-Cigna24 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	For in-network providers: $1,000/individual, $2,000/individual+1 or $3,000/family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. In-network preventive care & immunizations, office visits, diagnostic test, in-network prescription drugs, emergency room visits, urgent care facility visits, in-network diagnostic mammogram, durable medical equipment.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	For in-network providers: $6,350/individual, $10,000/individual+1 or $12,700/family Combined medical/behavioral and pharmacy out-of-pocket limit	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.

Important Questions	Answers	Why This Matters:
Will you pay less if you use a network provider?	Yes. See www.cigna.com or call 1-800-Cigna24 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

Common Medical Event	Services You May Need	What You Will Pay		Limitations, Exceptions, & Other Important Information
		In-Network Provider (You will pay the least)	Out-of-Network Provider (You will pay the most)	
If you visit a health care provider's office or clinic	Primary care visit to treat an injury or illness	$40 copay/visit Deductible does not apply	Not covered	None
	Specialist visit	$40 copay/visit Deductible does not apply	Not covered	None
	Preventive care/ screening/ immunization	No charge/visit** No charge/screening** No charge/immunizations** **Deductible does not apply	Not covered	None None None You may have to pay for services that aren't preventive. Ask your provider if the services needed are preventive. Then check what your plan will pay for.
If you have a test	Diagnostic test (x-ray, blood work)	10% coinsurance Deductible does not apply	Not covered	In-network diagnostic mammogram - No charge

Excluded Services & Other Covered Services:

Services Your Plan Generally Does NOT Cover (Check your policy or plan document for more information and a list of any other excluded services.)		
• Cosmetic surgery • Dental care (Adult) • Dental care (Children) • Eye care (Children)	• Hearing aids • Infertility treatment • Long-term care • Non-emergency care when traveling outside the U.S.	• Private-duty nursing • Routine eye care (Adult) • Routine foot care • Weight loss programs
Other Covered Services (Limitations may apply to these services. This isn't a complete list. Please see your plan document.)		
• Acupuncture	• Bariatric surgery	• Chiropractic care (20 days)

Your Rights to Continue Coverage:

There are agencies that can help if you want to continue your coverage after it ends. The contact information for those agencies is: Department of Health and Human Services, Center for Consumer Information and Insurance Oversight, at 1-877-267-2323 x61565 or www.cciio.cms.gov. Other coverage options may be available to you, too, including buying individual insurance coverage through the Health Insurance Marketplace. For more information about the Marketplace, visit www.HealthCare.gov or call 1-800-318-2596.

Your Grievance and Appeals Rights:

There are agencies that can help if you have a complaint against your plan for a denial of a claim. This complaint is called a grievance or appeal. For more information about your rights, look at the explanation of benefits you will receive for that medical claim. Your plan documents also provide complete information on how to submit a claim, appeal or a grievance for any reason to your plan. For more information about your rights, this notice, or assistance, contact: Cigna Customer service at 1-800-Cigna24.

Does this plan provide Minimum Essential Coverage? **Yes**

Minimum Essential Coverage generally includes plans, health insurance available through the Marketplace or other individual market policies, Medicare, Medicaid, CHIP, TRICARE, and certain other coverage. If you are eligible for certain types of Minimum Essential Coverage, you may not be eligible for the premium tax credit.

Does this plan meet the Minimum Value Standards? **Yes**

If your plan doesn't meet the Minimum Value Standards, you may be eligible for a premium tax credit to help you pay for a plan through the Marketplace.

Language Access Services:

Spanish (Español): Para obtener asistencia en Español, llame al 1-800-244-6224.
Tagalog (Tagalog): Kung kailangan ninyo ang tulong sa Tagalog tumawag sa 1-800-244-6224.
Chinese (中文): 如果需要中文的帮助，请拨打这个号码 1-800-244-6224.
Navajo (Dine): Dinek'ehgo shika at'ohwol ninisingo, kwiijigo holne' 1-800-244-6224.

----------To see examples of how this plan might cover costs for a sample medical situation, see the next section.----------

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.

Peg is Having a Baby
(9 months of in-network pre-natal care and a hospital delivery)

- **The plan's overall deductible** **$1,000**
- **Specialist copayment** **$40**
- **Hospital (facility) coinsurance** **20%**
- **Other coinsurance** **20%**

This EXAMPLE event includes services like:
Specialist office visits *(prenatal care)*
Childbirth/Delivery Professional Services
Childbirth/Delivery Facility Services
Diagnostic tests *(ultrasounds and blood work)*
Specialist visit *(anesthesia)*

Total Example Cost	**$12,700**

In this example, Peg would pay:

Cost Sharing	
Deductibles	$1,000
Copayments	$40
Coinsurance	$2,200
What isn't covered	
Limits or exclusions	$20
The total Peg would pay is	**$3,270**

Managing Joe's type 2 Diabetes
(a year of routine in-network care of a well-controlled condition)

- **The plan's overall deductible** **$1,000**
- **Specialist copayment** **$40**
- **Hospital (facility) coinsurance** **20%**
- **Other coinsurance** **20%**

This EXAMPLE event includes services like:
Primary care physician office visits *(including disease education)*
Diagnostic tests *(blood work)*
Prescription drugs
Durable medical equipment *(glucose meter)*

Total Example Cost	**$5,600**

In this example, Joe would pay:

Cost Sharing	
Deductibles	$0
Copayments	$1,200
Coinsurance	$10
What isn't covered	
Limits or exclusions	$20
The total Joe would pay is	**$1,230**

Mia's Simple Fracture
(in-network emergency room visit and follow up care)

- **The plan's overall deductible** **$1,000**
- **Specialist copayment** **$40**
- **Hospital (facility) coinsurance** **20%**
- **Other coinsurance** **20%**

This EXAMPLE event includes services like:
Emergency room care *(including medical supplies)*
Diagnostic test *(x-ray)*
Durable medical equipment *(crutches)*
Rehabilitation services *(physical therapy)*

Total Example Cost	**$2,800**

In this example, Mia would pay:

Cost Sharing	
Deductibles	$980
Copayments	$400
Coinsurance	$0
What isn't covered	
Limits or exclusions	$0
The total Mia would pay is	**$1,380**

The plan would be responsible for the other costs of these EXAMPLE covered services.

DISCRIMINATION IS AGAINST THE LAW

Medical coverage

Cigna complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Cigna does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Cigna:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
  - Qualified interpreters
  - Information written in other languages

If you need these services, contact customer service at the toll-free number shown on your ID card, and ask a Customer Service Associate for assistance.

If you believe that Cigna has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance by sending an email to ACAGrievance@Cigna.com or by writing to the following address:

Cigna
Nondiscrimination Complaint Coordinator
PO Box 188016
Chattanooga, TN 37422

If you need assistance filing a written grievance, please call the number on the back of your ID card or send an email to ACAGrievance@Cigna.com. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, or by mail or phone at:

U.S. Department of Health and Human Services
200 Independence Avenue, SW
Room 509F, HHH Building
Washington, DC 20201
1.800.368.1019, 800.537.7697 (TDD)

Complaint forms are available at
http://www.hhs.gov/ocr/office/file/index.html.

All Cigna products and services are provided exclusively by or through operating subsidiaries of Cigna Corporation, including Cigna Health and Life Insurance Company, Connecticut General Life Insurance Company, Evernorth Care Solutions, Inc., Evernorth Behavioral Health, Inc., Cigna Health Management, Inc., and HMO or service company subsidiaries of Cigna Health Corporation and Cigna Dental Health, Inc. The Cigna name, logos, and other Cigna marks are owned by Cigna Intellectual Property, Inc. ATTENTION: If you speak languages other than English, language assistance services, free of charge are available to you. For current Cigna customers, call the number on the back of your ID card. Otherwise, call 1.800.244.6224 (TTY: Dial 711). ATENCIÓN: Si usted habla un idioma que no sea inglés, tiene a su disposición servicios gratuitos de asistencia lingüística. Si es un cliente actual de Cigna, llame al número que figura en el reverso de su tarjeta de identificación. Si no lo es, llame al 1.800.244.6224 (los usuarios de TTY deben llamar al 711).

What You Should Know About Cigna Choice Fund® – Health Reimbursement Account 79

Important Information

THIS IS NOT AN INSURED BENEFIT PLAN. THE BENEFITS DESCRIBED IN THIS BOOKLET OR ANY RIDER ATTACHED HERETO ARE SELF-INSURED BY CITY OF FORT LAUDERDALE WHICH IS RESPONSIBLE FOR THEIR PAYMENT. CIGNA HEALTH AND LIFE INSURANCE COMPANY (CIGNA) PROVIDES CLAIM ADMINISTRATION SERVICES TO THE PLAN, BUT CIGNA DOES NOT INSURE THE BENEFITS DESCRIBED.

THIS DOCUMENT MAY USE WORDS THAT DESCRIBE A PLAN INSURED BY CIGNA. BECAUSE THE PLAN IS NOT INSURED BY CIGNA, ALL REFERENCES TO INSURANCE SHALL BE READ TO INDICATE THAT THE PLAN IS SELF-INSURED. FOR EXAMPLE, REFERENCES TO "CIGNA," "INSURANCE COMPANY," AND "POLICYHOLDER" SHALL BE DEEMED TO MEAN YOUR "EMPLOYER" AND "POLICY" TO MEAN "PLAN" AND "INSURED" TO MEAN "COVERED" AND "INSURANCE" SHALL BE DEEMED TO MEAN "COVERAGE."

HC-NOT89

Explanation of Terms

You will find terms starting with capital letters throughout your certificate. To help you understand your benefits, most of these terms are defined in the Definitions section of your certificate.

The Schedule

The Schedule is a brief outline of your maximum benefits which may be payable under your insurance. For a full description of each benefit, refer to the appropriate section listed in the Table of Contents.

Special Plan Provisions

When you select a Participating Provider, this plan pays a greater share of the costs than if you select a non-Participating Provider. Participating Providers include Physicians, Hospitals and Other Health Professionals and Other Health Care Facilities. Consult your Physician Guide for a list of Participating Providers in your area. Participating Providers are committed to providing you and your Dependents appropriate care while lowering medical costs.

Services Available in Conjunction With Your Medical Plan

The following pages describe helpful services available in conjunction with your medical plan. You can access these services by calling the toll-free number shown on the back of your ID card.

HC-SPP70 01-21

Case Management

Case Management is a service provided through a Review Organization, which assists individuals with treatment needs that extend beyond the acute care setting. The goal of Case Management is to ensure that patients receive appropriate care in the most effective setting possible whether at home, as an outpatient, or an inpatient in a Hospital or specialized facility. Should the need for Case Management arise, a Case Management professional will work closely with the patient, his or her family and the attending Physician to determine appropriate treatment options which will best meet the patient's needs and keep costs manageable. The Case Manager will help coordinate the treatment program and arrange for necessary resources. Case Managers are also available to answer questions and provide ongoing support for the family in times of medical crisis.

Case Managers are Registered Nurses (RNs) and other credentialed health care professionals, each trained in a clinical specialty area such as trauma, high risk pregnancy and neonates, oncology, mental health, rehabilitation or general medicine and surgery. A Case Manager trained in the appropriate clinical specialty area will be assigned to you or your dependent. In addition, Case Managers are supported by a panel of Physician advisors who offer guidance on up-to-date treatment programs and medical technology. While the Case Manager recommends alternate treatment programs and helps coordinate needed resources, the patient's attending Physician remains responsible for the actual medical care.

- You, your dependent or an attending Physician can request Case Management services by calling the **toll-free number** shown on your ID card during normal business hours, Monday through Friday. In addition, your employer, a claim office or a utilization review program (see the PAC/CSR section of your certificate) may refer an individual for Case Management.
- The Review Organization assesses each case to determine whether Case Management is appropriate.
- You or your Dependent is contacted by an assigned Case Manager who explains in detail how the program works. Participation in the program is voluntary - no penalty or benefit reduction is imposed if you do not wish to participate in Case Management.
- Following an initial assessment, the Case Manager works with you, your family and Physician to determine the needs of the patient and to identify what alternate treatment programs are available (for example, in-home medical care in lieu of an extended Hospital convalescence). You are not penalized if the alternate treatment program is not followed.
- The Case Manager arranges for alternate treatment services and supplies, as needed (for example, nursing services or a Hospital bed and other Durable Medical Equipment for the home).
- The Case Manager also acts as a liaison between the insurer, the patient, his or her family and Physician as needed (for example, by helping you to understand a complex medical diagnosis or treatment plan).
- Once the alternate treatment program is in place, the Case Manager continues to manage the case to ensure the treatment program remains appropriate to the patient's needs.

While participation in Case Management is strictly voluntary, Case Management professionals can offer quality, cost-effective treatment alternatives, as well as provide assistance in obtaining needed medical resources and ongoing family support in a time of need.

HC-SPP2 04-10
V1

Additional Programs

We may, from time to time, offer or arrange for various entities to offer discounts, benefits, or other consideration to our members for the purpose of promoting the general health and well being of our members. We may also arrange for the reimbursement of all or a portion of the cost of services

provided by other parties to the Policyholder. Contact us for details regarding any such arrangements.

HC-SPP3 04-10
V1

Care Management and Care Coordination Services

Your plan may enter into specific collaborative arrangements with health care professionals committed to improving quality care, patient satisfaction and affordability. Through these collaborative arrangements, health care professionals commit to proactively providing participants with certain care management and care coordination services to facilitate achievement of these goals. Reimbursement is provided at 100% for these services when rendered by designated health care professionals in these collaborative arrangements.

HC-SPP27 06-15
V1

Important Notices

Direct Access to Obstetricians and Gynecologists

You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

Selection of a Primary Care Provider

This plan generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

For children, you may designate a pediatrician as the primary care provider.

HC-NOT5 01-11

Important Information

Rebates and Other Payments

Cigna or its affiliates may receive rebates or other remuneration from pharmaceutical manufacturers in connection with certain Medical Pharmaceuticals covered under your plan and Prescription Drug Products included on the Prescription Drug List. These rebates or remuneration are not obtained on you or your Employer's or plan's behalf or for your benefit. Cigna, its affiliates and the plan are not obligated to pass these rebates on to you, or apply them to your plan's Deductible if any or take them into account in determining your Copayments and/or Coinsurance.

Cigna and its affiliates or designees, conduct business with various pharmaceutical manufacturers separate and apart from this plan's Medical Pharmaceutical and Prescription Drug Product benefits. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this plan. Cigna and its affiliates are not required to pass on to you, and do not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, Cigna or its designee may send mailings to you or your Dependents or to your Physician that communicate a variety of messages, including information about Medical Pharmaceuticals and Prescription Drug Products. These mailings may contain coupons or offers from pharmaceutical manufacturers that enable you or your Dependents, at your discretion, to purchase the described Medical Pharmaceutical and Prescription Drug Product at a discount or to obtain it at no charge. Pharmaceutical manufacturers may pay for and/or provide the content for these mailings. Cigna, its affiliates and the plan are not responsible in any way for any decision you make in connection with any coupon, incentive, or other offer you may receive from a pharmaceutical manufacturer or Physician.

SaveOnSP Specialty Program

As a participant in the plan, you may opt to enroll in the SaveOnSP program, in which certain pharmaceutical manufacturers may provide assistance for certain costs associated with specific Specialty Prescription Drug Products that are used to treat various conditions, such as: hepatitis C, multiple sclerosis, psoriasis, inflammatory bowel disease, rheumatoid arthritis, oncology and various others (specific drugs and manufacturer programs may vary from time to time).

If you have enrolled and are receiving medications under this program, manufacturer assistance will reduce or eliminate your Out-of-Pocket cost.

If you choose not to sign up with SaveOnSP, your prescription drug cost-share (the amount you pay) for the medications

listed, will be as indicated at the link below, which may be amended from time to time. The Specialty Prescription Drug Products included in this program are considered non-Essential Health Benefits as set forth in the Patient Protection and Affordable Care Act of 2010 (PPACA) and any amount you pay will not count towards your Deductible or Out-of-Pocket Maximums, if any.

To determine if your medication qualifies for the SaveOnSP program, you can go to www.saveonsp.com/Cigna or contact SaveOnSP at 800-683-1074.

HC-IMP304 01-22

Discrimination is Against the Law

Cigna complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability or sex. Cigna does not exclude people or treat them differently because of race, color, national origin, age, disability or sex.

Cigna:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as
  - Qualified interpreters
  - Information written in other languages

If you need these services, contact customer service at the toll-free phone number shown on your ID card, and ask a Customer Service Associate for assistance.

If you believe that Cigna has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability or sex, you can file a grievance by sending an email to ACAGrievance@cigna.com or by writing to the following address:

Cigna
Nondiscrimination Complaint Coordinator
P.O. Box 188016
Chattanooga, TN 37422

If you need assistance filing a written grievance, please call the number on the back of your ID card or send an email to ACAGrievance@cigna.com. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at: https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, or by mail or phone at:

HC-NOT97 07-17

Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA) - Non-Quantitative Treatment Limitations (NQTLs)

Federal MHPAEA regulations provide that a plan cannot impose a Non-Quantitative Treatment Limitation (NQTL) on mental health or substance use disorder (MH/SUD) benefits in any classification unless the processes, strategies, evidentiary standards, or other factors used in applying the NQTL to MH/SUD benefits are comparable to, and are applied no more stringently than, those used in applying the NQTL to medical/surgical benefits in the same classification of benefits as written and in operation under the terms of the plan.

Non-Quantitative Treatment Limitations (NQTLs) include:

- Medical management standards limiting or excluding benefits based on Medical Necessity or whether the treatment is experimental or investigative;
- Prescription drug formulary design;
- Network admission standards;
- Methods for determining in-network and out-of-network provider reimbursement rates;
- Step therapy a/k/a fail-first requirements; and
- Exclusions and/or restrictions based on geographic location, facility type or provider specialty.

A description of your plan's NQTL methodologies and processes applied to medical/surgical benefits and MH/SUD benefits is available for review by Plan Administrators (e.g. employers) and covered persons by accessing the appropriate link below:

Employers (Plan Administrators): https://cignaaccess.cigna.com/secure/app/ca/centralRepo - Log in, select Resources and Training, then select the NQTL document.

Covered Persons: www.cigna.com\sp

To determine which document applies to your plan, select the relevant health plan product; medical management model (inpatient only or inpatient and outpatient) which can be located in this booklet immediately following The Schedule; and pharmacy coverage (whether or not your plan includes pharmacy coverage).

HC-NOT113 01-20

How To File Your Claim

There's no paperwork for In-Network care. Just show your identification card and pay your share of the cost, if any; your provider will submit a claim to Cigna for reimbursement. Out-of-Network claims can be submitted by the provider if the

provider is able and willing to file on your behalf. If the provider is not submitting on your behalf, you must send your completed claim form and itemized bills to the claims address listed on the claim form.

You may get the required claim forms from the website listed on your identification card or by using the toll-free number on your identification card.

CLAIM REMINDERS

- BE SURE TO USE YOUR MEMBER ID AND ACCOUNT/GROUP NUMBER WHEN YOU FILE CIGNA'S CLAIM FORMS, OR WHEN YOU CALL YOUR CIGNA CLAIM OFFICE.

  YOUR MEMBER ID IS THE ID SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.

  YOUR ACCOUNT/GROUP NUMBER IS SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.
- BE SURE TO FOLLOW THE INSTRUCTIONS LISTED ON THE BACK OF THE CLAIM FORM CAREFULLY WHEN SUBMITTING A CLAIM TO CIGNA.

Timely Filing of Out-of-Network Claims

Cigna will consider claims for coverage under our plans when proof of loss (a claim) is submitted within 180 days for Out-of-Network benefits after services are rendered. If services are rendered on consecutive days, such as for a Hospital Confinement, the limit will be counted from the last date of service. If claims are not submitted within 180 days for Out-of-Network benefits, the claim will not be considered valid and will be denied.

WARNING: Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance or statement of claim containing any materially false information; or conceals for the purpose of misleading, information concerning any material fact thereto, commits a fraudulent insurance act.

HC-CLM25 01-11

V11

Eligibility - Effective Date

Employee Insurance

This plan is offered to you as an Employee.

Eligibility for Employee Insurance

You will become eligible for insurance on the day you complete the waiting period if:

- you are in a Class of Eligible Employees; and
- you are an eligible, regular/full-time Employee who normally works at least 32 hours a week; or
- you are an eligible, variable hour Employee who normally works an average of 30 hours per week during the City's Measurement period as required by the Affordable Care Act; and
- you pay any required contribution.

If you were previously insured and your insurance ceased, you must satisfy the Waiting Period to become insured again. If your insurance ceased because you were no longer employed in a Class of Eligible Employees, you are not required to satisfy any waiting period if you again become a member of a Class of Eligible Employees within one year after your insurance ceased.

Eligibility for Dependent Insurance

You will become eligible for Dependent Insurance on the later of:

- the day you become eligible for yourself; or
- the day you acquire your first Dependent.

Waiting Period

The first day of the month following 30 days from date of hire or promotion to a benefit eligible position.

Classes of Eligible Employees

Each Employee as reported to the insurance company by your Employer.

Effective Date of Employee Insurance

You will become insured effective the first day of the month following or coincident to receipt of enrollment requirements by signing (or electronically) an approved payroll deduction or enrollment form, as applicable, but no earlier than the date you become eligible.

Late Entrant - Employee

You are a Late Entrant if:

- you elect the insurance more than 30 days after you become eligible; or
- you again elect it after you cancel your payroll deduction (if required).

Dependent Insurance

For your Dependents to be insured, you will have to pay the required contribution, if any, toward the cost of Dependent Insurance.

Effective Date of Dependent Insurance

Your dependents will become insured effective the first day of the month following or coincident to receipt of enrollment requirements by signing (or electronically) an approved

payroll deduction or enrollment form, as applicable, along with furnishing proof of dependency, but no earlier than the date you become eligible.

Your Dependents will be insured only if you are insured.

Late Entrant – Dependent

You are a Late Entrant for Dependent Insurance if:

- you elect that insurance more than 30 days after you become eligible for it; or
- you again elect it after you cancel your payroll deduction (if required).

Exception for Newborns

Any Dependent child born while you are insured will become insured on the date of baby's birth if you elect Dependent Insurance no later than 31 days after baby's birth. If you do not elect to insure your newborn child within such 31 days, coverage for that child will end on the 31st day. No benefits for expenses incurred beyond the 31st day will be payable.

If notice is given within 60 days of the birth of the child, the insurer may not deny coverage for a child due to the failure of the insured to timely notify the insurer of the birth of the child.

HC-ELG274 M 01-19

Important Information About Your Medical Plan

Details of your medical benefits are described on the following pages.

Opportunity to Select a Primary Care Physician

Choice of Primary Care Physician:

This medical plan does not require that you select a Primary Care Physician or obtain a referral from a Primary Care Physician in order to receive all benefits available to you under this medical plan. Notwithstanding, a Primary Care Physician may serve an important role in meeting your health care needs by providing or arranging for medical care for you and your Dependents. For this reason, we encourage the use of Primary Care Physicians and provide you with the opportunity to select a Primary Care Physician from a list provided by Cigna for yourself and your Dependents. If you choose to select a Primary Care Physician, the Primary Care Physician you select for yourself may be different from the Primary Care Physician you select for each of your Dependents.

Changing Primary Care Physicians:

You may request a transfer from one Primary Care Physician to another by contacting us at the member services number on your ID card. Any such transfer will be effective on the first day of the month following the month in which the processing of the change request is completed.

In addition, if at any time a Primary Care Physician ceases to be a Participating Provider, you or your Dependent will be notified for the purpose of selecting a new Primary Care Physician.

HC-IMP212 01-18

Open Access Plus Medical Benefits

The Schedule

For You and Your Dependents

Open Access Plus Medical Benefits provide coverage for care In-Network and Out-of-Network. To receive Open Access Plus Medical Benefits, you and your Dependents may be required to pay a portion of the Covered Expenses for services and supplies. That portion is the Deductible or Coinsurance.

When you receive services from an In-Network Provider, remind your provider to utilize In-Network Providers for x-rays, lab tests and other services to ensure the cost may be considered at the In-Network level.

If you are unable to locate an In-Network Provider in your area who can provide you with a service or supply that is covered under this plan, you must call the number on the back of your I.D. card to obtain authorization for Out-of-Network Provider coverage. If you obtain authorization for services provided by an Out-of-Network Provider, benefits for those services will be covered at the In-Network benefit level.

Coinsurance

The term Coinsurance means the percentage of Covered Expenses that an insured person is required to pay under the plan in addition to the Deductible, if any.

Deductibles

Deductibles are Covered Expenses to be paid by you or your Dependent before benefits are payable under this plan. Deductibles are in addition to any Coinsurance. Once the Deductible maximum in The Schedule has been reached, you and your family need not satisfy any further medical deductible for the rest of that year.

Out-of-Pocket Expenses - For In-Network Charges Only

Out-of-Pocket Expenses are Covered Expenses incurred for charges that are not paid by the benefit plan because of any Deductibles or Coinsurance. Such Covered Expenses accumulate to the Out-of-Pocket Maximum shown in The Schedule. When the Out-of-Pocket Maximum is reached, all Covered Expenses, except charges for non-compliance penalties, are payable by the benefit plan at 100%.

Out-of-Pocket Expenses - For Out-of-Network Charges Only

Out-of-Pocket Expenses are Covered Expenses incurred for charges that are not paid by the benefit plan. The following Expenses contribute to the Out-of-Pocket Maximum, and when the Out-of-Pocket Maximum shown in The Schedule is reached, they are payable by the benefit plan at 100%:

- Coinsurance.
- Plan Deductible.

The following Out-of-Pocket Expenses and charges do not contribute to the Out-of-Pocket Maximum, and they are not payable by the benefit plan at 100% when the Out-of-Pocket Maximum shown in The Schedule is reached:

- Non-compliance penalties.
- Any benefit deductibles.
- Provider charges in excess of the Maximum Reimbursable Charge.

Accumulation of Plan Deductibles and Out-of-Pocket Maximums

Deductibles and Out-of-Pocket Maximums will accumulate in one direction (that is, Out-of-Network will accumulate to In-Network). All other plan maximums and service-specific maximums (dollar and occurrence) cross-accumulate between In- and Out-of-Network unless otherwise noted.

Open Access Plus Medical Benefits

The Schedule

Note:
For information about your health fund benefit and how it can help you pay for expenses that may not be covered under this plan, refer to "What You Should Know about Cigna Choice Fund".

Multiple Surgical Reduction

Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.

Assistant Surgeon and Co-Surgeon Charges

Assistant Surgeon

The maximum amount payable will be limited to charges made by an assistant surgeon that do not exceed a percentage of the surgeon's allowable charge as specified in Cigna Reimbursement Policies. (For purposes of this limitation, allowable charge means the amount payable to the surgeon prior to any reductions due to coinsurance or deductible amounts.)

Co-Surgeon

The maximum amount payable for charges made by co-surgeons will be limited to the amount specified in Cigna Reimbursement Policies.

Out-of-Network Charges for Certain Services

Charges for services furnished by an Out-of-Network provider in an In-Network facility while you are receiving In-Network services at that In-Network facility: (i) are payable at the In-Network cost-sharing level; and (ii) the allowable amount used to determine the Plan's benefit payment is the amount agreed to by the Out-of-Network provider and Cigna, or as required by applicable state or Federal law.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

Out-of-Network Emergency Services Charges

1. Emergency Services are covered at the In-Network cost-sharing level if services are received from a non-Participating (Out-of-Network) Provider.
2. The allowable amount used to determine the Plan's benefit payment for covered Emergency Services rendered in an Out-of-Network Hospital, or by an Out-of-Network provider in an In-Network Hospital, is the amount agreed to by the Out-of-Network provider and Cigna, or as required by applicable state or Federal law.
3. The allowable amount used to determine the Plan's benefit payment when Out-of-Network Emergency Services result in an inpatient admission is the median amount negotiated with In-Network facilities.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

BENEFIT HIGHLIGHTS	IN-NETWORK	OUT-OF-NETWORK
Lifetime Maximum	Unlimited	

BENEFIT HIGHLIGHTS	IN-NETWORK	OUT-OF-NETWORK
The Percentage of Covered Expenses the Plan Pays **Note:** "No charge" means an insured person is not required to pay Coinsurance.	90%	70% of the Maximum Reimbursable Charge

BENEFIT HIGHLIGHTS	IN-NETWORK	OUT-OF-NETWORK
Maximum Reimbursable Charge The Maximum Reimbursable Charge for Out-of-Network services other than those described in the Schedule sections Out-of-Network Charges for Certain Services and Out-of-Network Emergency Services Charges is determined based on the lesser of the provider's normal charge for a similar service or supply;		
or the amount agreed to by the Out-of-Network provider and Cigna, or a policyholder-selected percentage of a fee schedule Cigna has developed that is based upon a methodology similar to a methodology utilized by Medicare to determine the allowable reimbursement for the same or similar services within the geographic market. In some cases, a Medicare based schedule will not be used and the Maximum Reimbursable Charge for covered services is determined based on the lesser of: • the provider's normal charge for a similar service or supply; or • the 80th percentile of charges made by providers of such service or supply in the geographic area where it is received as compiled in a database selected by Cigna. If sufficient charge data is unavailable in the database for that geographic area to determine the Maximum Reimbursable Charge, then data in the database for similar services may be used. **Note:** The provider may bill you for the difference between the provider's normal charge and the Maximum Reimbursable Charge, in addition to applicable deductibles and/or coinsurance.	Not Applicable	110%

BENEFIT HIGHLIGHTS	IN-NETWORK	OUT-OF-NETWORK
Note: Some providers forgive or waive the cost share obligation (e.g. your deductible and/or coinsurance) that this plan requires you to pay. Waiver of your required cost share obligation can jeopardize your coverage under this plan. For more details, see the Exclusions Section.		
Calendar Year Deductible		
Employee	$2,000 per employee	$2,000 per employee
Employee Plus One	$3,000 per employee plus one	$3,000 per employee plus one
Employee Two or More	$4,000 per employee two or more	$4,000 per employee two or more
Family Maximum Calculation		
Collective Deductible:		
All family members contribute towards the family deductible. An individual cannot have claims covered under the plan coinsurance until the total family deductible has been satisfied.		
Combined Medical/Pharmacy Calendar Year Deductible		
Combined Medical/Pharmacy Deductible: includes retail and home delivery drugs	Yes	No
Home Delivery Pharmacy Costs Contribute to the Combined Medical/Pharmacy Deductible	Yes	In-Network coverage only
Combined Out-of-Pocket Maximum for Medical and Pharmacy expenses		
Employee	$5,000 per employee	$5,000 per employee
Employee within a Family	$5,000 per employee within a Family	$5,000 per employee within a Family
Employee Plus One	$7,000 per employee plus one	$7,000 per employee plus one
Employee Two or More	$10,000 per employee two or more	$10,000 per employee two or more
Individual Calculation:		
Family members meet only their individual Out-of-Pocket and then their claims will be covered at 100%; if the family Out-of-Pocket has been met prior to their individual Out-of-Pocket being met, their claims will be paid at 100%.

Open Access Plus Medical Benefits

Certification Requirements - Out-of-Network

For You and Your Dependents

Pre-Admission Certification/Continued Stay Review for Hospital Confinement

Pre-Admission Certification (PAC) and Continued Stay Review (CSR) refer to the process used to certify the Medical Necessity and length of a Hospital Confinement when you or your Dependent require treatment in a Hospital:

- as a registered bed patient, except for 48/96 hour maternity stays;
- for Mental Health or Substance Use Disorder Residential Treatment Services.

You or your Dependent should request PAC prior to any non-emergency treatment in a Hospital described above. In the case of an emergency admission, you should contact the Review Organization within 48 hours after the admission. For an admission due to pregnancy, you should call the Review Organization by the end of the third month of pregnancy. CSR should be requested, prior to the end of the certified length of stay, for continued Hospital Confinement.

Covered Expenses incurred will be reduced by 50% for Hospital charges made for each separate admission to the Hospital unless PAC is received: prior to the date of admission; or in the case of an emergency admission, within 48 hours after the date of admission.

Covered Expenses incurred for which benefits would otherwise be payable under this plan for the charges listed below will not include:

- Hospital charges for Bed and Board, for treatment listed above for which PAC was performed, which are made for any day in excess of the number of days certified through PAC or CSR; and
- any Hospital charges for treatment listed above for which PAC was requested, but which was not certified as Medically Necessary.

PAC and CSR are performed through a utilization review program by a Review Organization with which Cigna has contracted.

In any case, those expenses incurred for which payment is excluded by the terms set forth above will not be considered as expenses incurred for the purpose of any other part of this plan, except for the "Coordination of Benefits" section.

Outpatient Certification Requirements – Out-of-Network

Outpatient Certification refers to the process used to certify the Medical Necessity of outpatient diagnostic testing and outpatient procedures, including, but not limited to, those listed in this section when performed as an outpatient in a Free-Standing Surgical Facility, Other Health Care Facility or a Physician's office. You or your Dependent should call the toll-free number on the back of your I.D. card to determine if Outpatient Certification is required prior to any outpatient diagnostic testing or outpatient procedures. Outpatient Certification is performed through a utilization review program by a Review Organization with which Cigna has contracted. Outpatient Certification should only be requested for non-emergency procedures or services, and should be requested by you or your Dependent at least four working days (Monday through Friday) prior to having the procedure performed or the service rendered.

Covered Expenses incurred will be reduced by 50% for charges made for any outpatient diagnostic testing or outpatient procedure performed unless Outpatient Certification is received prior to the date the testing or procedure is performed.

Covered Expenses incurred will not include expenses incurred for charges made for outpatient diagnostic testing or outpatient procedures for which Outpatient Certification was performed, but, which was not certified as Medically Necessary.

In any case, those expenses incurred for which payment is excluded by the terms set forth above will not be considered as expenses incurred for the purpose of any other part of this plan, except for the "Coordination of Benefits" section.

Outpatient Diagnostic Testing and Outpatient Procedures

Including, but not limited to:

- Advanced radiological imaging – CT Scans, MRI, MRA or PET scans.
- Home Health Care Services.
- Medical Pharmaceuticals.
- Radiation Therapy.

HC-PAC122 01-21

Prior Authorization/Pre-Authorized

The term Prior Authorization means the approval that a Participating Provider must receive from the Review Organization, prior to services being rendered, in order for certain services and benefits to be covered under this policy.

Services that require Prior Authorization include, but are not limited to:

- inpatient Hospital services, except for 48/96 hour maternity stays.

- inpatient services at any participating Other Health Care Facility.
- residential treatment.
- outpatient facility services.
- partial hospitalization.
- intensive outpatient programs.
- advanced radiological imaging.
- non-emergency Ambulance.
- certain Medical Pharmaceuticals.
- home health care services.
- radiation therapy.
- transplant services.

HC-PRA55 01-21

Covered Expenses

The term Covered Expenses means expenses incurred by a person while covered under this plan for the charges listed below for:

- preventive care services; and
- services or supplies that are Medically Necessary for the care and treatment of an Injury or a Sickness, as determined by Cigna.

As determined by Cigna, Covered Expenses may also include all charges made by an entity that has directly or indirectly contracted with Cigna to arrange, through contracts with providers of services and/or supplies, for the provision of any services and/or supplies listed below. **Any applicable Copayments, Deductibles or limits are shown in The Schedule.**

Covered Expenses

- charges for inpatient Room and Board and other Necessary Services and Supplies made by a Hospital, subject to the limits as shown in The Schedule.
- charges for inpatient Room and Board and other Necessary Services and Supplies made by an Other Health Care Facility, including a Skilled Nursing Facility, a Rehabilitation Hospital or a subacute facility as shown in The Schedule.
- charges for licensed Ambulance service to the nearest Hospital where the needed medical care and treatment can be provided.
- charges for outpatient medical care and treatment received at a Hospital.
- charges for outpatient medical care and treatment received at a Free-Standing Surgical Facility.
- charges for Emergency Services.
- charges for Urgent Care.
- charges by a Physician or a Psychologist for professional services.
- charges by a Nurse for professional nursing service.
- charges for anesthetics, including, but not limited to supplies and their administration.
- charges for diagnostic x-ray.
- charges for advanced radiological imaging, including for example CT Scans, MRI, MRA and PET scans and laboratory examinations, x-ray, radiation therapy and radium and radioactive isotope treatment and other therapeutic radiological procedures.
- charges for chemotherapy.
- charges for blood transfusions.
- charges for oxygen and other gases and their administration.
- charges for Medically Necessary foot care for diabetes, peripheral neuropathies, and peripheral vascular disease.
- charges for screening prostate-specific antigen (PSA) testing.
- charges for laboratory services, radiation therapy and other diagnostic and therapeutic radiological procedures.
- charges made for Family Planning, including medical history, physical exam, related laboratory tests, medical supervision in accordance with generally accepted medical practices, other medical services, information and counseling on contraception, implanted/injected contraceptives, after appropriate counseling, medical services connected with surgical therapies (tubal ligations, vasectomies).
- charges for the following preventive care services as defined by recommendations from the following:
  - the U.S. Preventive Services Task Force (A and B recommendations);
  - the Advisory Committee on Immunization Practices (ACIP) for immunizations;
  - the American Academy of Pediatrics' Periodicity Schedule of the Bright Futures Recommendations for Pediatric Preventive Health Care;
  - the Uniform Panel of the Secretary's Advisory Committee on Heritable Disorders in Newborns and Children; and
  - with respect to women, evidence-informed preventive care and screening guidelines supported by the Health Resources and Services Administration.

Detailed information is available at www.healthcare.gov. For additional information on immunizations, visit the immunization schedule section of www.cdc.gov.

- charges for medical diagnostic services to determine the cause of erectile dysfunction. Penile implants are covered for an established medical condition that clearly is the cause of erectile dysfunction, such as postoperative prostatectomy and diabetes. Penile implants are not covered as treatment of psychogenic erectile dysfunction.
- charges for surgical and non-surgical treatment of Temporomandibular Joint Dysfunction (TMJ).
- charges for acupuncture.
- Medically Necessary orthognathic surgery to repair or correct a severe facial deformity or disfigurement.

Virtual Care

Dedicated Virtual Providers

Charges for the delivery of medical and health-related services and consultations by dedicated virtual providers as medically appropriate through audio, video, and secure internet-based technologies.

Virtual Physician Services

Charges for the delivery of medical and health-related services and consultations as medically appropriate through audio, video, and secure internet-based technologies that are similar to office visit services provided in a face-to-face setting.

Charges for behavioral consultations and services via secure telecommunications technologies that shall include video capability, including telephones and internet, when delivered through a behavioral provider.

Convenience Care Clinic

Convenience Care Clinics provide for common ailments and routine services, including but not limited to, strep throat, ear infections or pink eye, immunizations and flu shots.

Nutritional Counseling

Charges for nutritional counseling when diet is a part of the medical management of a medical or behavioral condition.

Enteral Nutrition

Enteral Nutrition means medical foods that are specially formulated for enteral feedings or oral consumption.

Coverage includes medically approved formulas prescribed by a Physician for treatment of inborn errors of metabolism (e.g., disorders of amino acid or organic acid metabolism).

Internal Prosthetic/Medical Appliances

Charges for internal prosthetic/medical appliances that provide permanent or temporary internal functional supports for non-functional body parts are covered. Medically Necessary repair, maintenance or replacement of a covered appliance is also covered.

HC-COV1122 01-22

Home Health Care Services

Charges for skilled care provided by certain health care providers during a visit to the home, when the home is determined to be a medically appropriate setting for the services. A visit is defined as a period of 2 hours or less. Home Health Care Services are subject to a maximum of 16 hours in total per day.

Home Health Care Services are covered when skilled care is required under any of the following conditions:

- the required skilled care cannot be obtained in an outpatient facility.
- confinement in a Hospital or Other Health Care Facility is not required.
- the patient's home is determined by Cigna to be the most medically appropriate place to receive specific services.

Covered services include:

- skilled nursing services provided by a Registered Nurse (RN), Licensed Practical Nurse (LPN), Licensed Vocational Nurse (LVN) and an Advanced Practice Registered Nurse (APRN).
- services provided by health care providers such as physical therapist, occupational therapist and speech therapist.
- services of a home health aide when provided in direct support of those nurses and health care providers.
- necessary consumable medical supplies and home infusion therapy administered or used by a health care provider.

Note: Physical, occupational, and other Outpatient Therapy Services provided in the home are covered under the Outpatient Therapy Services benefit shown in The Schedule.

The following are excluded from coverage:

- services provided by a person who is a member of the patient's family, even when that person is a health care provider.
- services provided by a person who normally resides in the patient's house, even when that person is a health care provider.
- non-skilled care, Custodial Services, and assistance in the activities of daily living, including but not limited to eating, bathing, dressing or other services; self-care activities; homemaker services; and services primarily for rest, domiciliary or convalescent care.

Home Health Care Services, for a patient who is dependent upon others for non-skilled care and/or Custodial Services, is provided only when there is a family member or caregiver present in the home at the time of the health care visit to provide the non-skilled care and/or Custodial Services.

HC-COV1123 01-22

Hospice Care Services

- charges for a person who has been diagnosed as having six months or fewer to live, due to Terminal Illness, for the following Hospice Care Services provided under a Hospice Care Program:
  - by a Hospice Facility for Room and Board and Services and Supplies;
  - by a Hospice Facility for services provided on an outpatient basis;
  - by a Physician for professional services;
  - by a Psychologist, social worker, family counselor or ordained minister for individual and family counseling;
  - for pain relief treatment, including drugs, medicines and medical supplies;
  - by an Other Health Care Facility for:
    - part-time or intermittent nursing care by or under the supervision of a Nurse;
    - part-time or intermittent services of an Other Health Professional;
  - charges for physical, occupational and speech therapy;
  - charges for medical supplies; drugs and medicines lawfully dispensed only on the written prescription of a Physician; and laboratory services; but only to the extent such charges would have been payable under the policy if the person had remained or been Confined in a Hospital or Hospice Facility.

The following charges for Hospice Care Services are not included as Covered Expenses:

- for the services of a person who is a member of your family or your Dependent's family or who normally resides in your house or your Dependent's house;
- for any period when you or your Dependent is not under the care of a Physician;
- for services or supplies not listed in the Hospice Care Program;
- for any curative or life-prolonging procedures;
- to the extent that any other benefits are payable for those expenses under the policy;
- for services or supplies that are primarily to aid you or your Dependent in daily living.

HC-COV980 01-21

Mental Health and Substance Use Disorder Services

Mental Health Services are services that are required to treat a disorder that impairs the behavior, emotional reaction or thought processes. In determining benefits payable, charges made for the treatment of any physiological conditions related to Mental Health will not be considered to be charges made for treatment of Mental Health.

Substance Use Disorder is defined as the psychological or physical dependence on alcohol or other mind-altering drugs that requires diagnosis, care, and treatment. In determining benefits payable, charges made for the treatment of any physiological conditions related to rehabilitation services for alcohol or drug abuse or addiction will not be considered to be charges made for treatment of Substance Use Disorder.

Inpatient Mental Health Services

Services that are provided by a Hospital while you or your Dependent is Confined in a Hospital for the treatment and evaluation of Mental Health. Inpatient Mental Health Services include Mental Health Residential Treatment Services.

Mental Health Residential Treatment Services are services provided by a Hospital for the evaluation and treatment of the psychological and social functional disturbances that are a result of subacute Mental Health conditions.

Mental Health Residential Treatment Center means an institution which specializes in the treatment of psychological and social disturbances that are the result of Mental Health conditions; provides a subacute, structured, psychotherapeutic treatment program, under the supervision of Physicians; provides 24-hour care, in which a person lives in an open setting; and is licensed in accordance with the laws of the appropriate legally authorized agency as a residential treatment center.

A person is considered confined in a Mental Health Residential Treatment Center when she/he is a registered bed patient in a Mental Health Residential Treatment Center upon the recommendation of a Physician.

Outpatient Mental Health Services

Services of Providers who are qualified to treat Mental Health when treatment is provided on an outpatient basis, while you or your Dependent is not Confined in a Hospital, and is provided in an individual, group or Mental Health Partial Hospitalization or Intensive Outpatient Therapy Program. Covered services include, but are not limited to, outpatient treatment of conditions such as: anxiety or depression which

interfere with daily functioning; emotional adjustment or concerns related to chronic conditions, such as psychosis or depression; emotional reactions associated with marital problems or divorce; child/adolescent problems of conduct or poor impulse control; affective disorders; suicidal or homicidal threats or acts; eating disorders; or acute exacerbation of chronic Mental Health conditions (crisis intervention and relapse prevention) and outpatient testing and assessment.

Mental Health Partial Hospitalization Services are rendered not less than 4 hours and not more than 12 hours in any 24-hour period by a certified/licensed Mental Health program in accordance with the laws of the appropriate legally authorized agency.

A Mental Health Intensive Outpatient Therapy Program consists of distinct levels or phases of treatment that are provided by a certified/licensed Mental Health program in accordance with the laws of the appropriate, legally authorized agency. Intensive Outpatient Therapy Programs provide a combination of individual, family and/or group therapy in a day, totaling nine or more hours in a week.

Inpatient Substance Use Disorder Rehabilitation Services

Services provided for rehabilitation, while you or your Dependent is Confined in a Hospital, when required for the diagnosis and treatment of abuse or addiction to alcohol and/or drugs. Inpatient Substance Use Disorder Services include Residential Treatment services.

Substance Use Disorder Residential Treatment Services are services provided by a Hospital for the evaluation and treatment of the psychological and social functional disturbances that are a result of subacute Substance Use Disorder conditions.

Substance Use Disorder Residential Treatment Center means an institution which specializes in the treatment of psychological and social disturbances that are the result of Substance Use Disorder; provides a subacute, structured, psychotherapeutic treatment program, under the supervision of Physicians; provides 24-hour care, in which a person lives in an open setting; and is licensed in accordance with the laws of the appropriate legally authorized agency as a residential treatment center.

A person is considered confined in a Substance Use Disorder Residential Treatment Center when she/he is a registered bed patient in a Substance Use Disorder Residential Treatment Center upon the recommendation of a Physician.

Outpatient Substance Use Disorder Rehabilitation Services

Services provided for the diagnosis and treatment of Substance Use Disorder or addiction to alcohol and/or drugs, while you or your Dependent is not Confined in a Hospital, including outpatient rehabilitation in an individual, or a Substance Use Disorder Partial Hospitalization or Intensive Outpatient Therapy Program.

Substance Use Disorder Partial Hospitalization Services are rendered no less than 4 hours and not more than 12 hours in any 24-hour period by a certified/licensed Substance Use Disorder program in accordance with the laws of the appropriate legally authorized agency.

A Substance Use Disorder Intensive Outpatient Therapy Program consists of distinct levels or phases of treatment that are provided by a certified/licensed Substance Use Disorder program in accordance with the laws of the appropriate legally authorized agency. Intensive Outpatient Therapy Programs provide a combination of individual, family and/or group therapy in a day, totaling nine, or more hours in a week.

Substance Use Disorder Detoxification Services

Detoxification and related medical ancillary services are provided when required for the diagnosis and treatment of addiction to alcohol and/or drugs. Cigna will decide, based on the Medical Necessity of each situation, whether such services will be provided in an inpatient or outpatient setting.

Exclusions

The following are specifically excluded from Mental Health and Substance Use Disorder Services:

- treatment of disorders which have been diagnosed as organic mental disorders associated with permanent dysfunction of the brain.
- developmental disorders, including but not limited to, developmental reading disorders, developmental arithmetic disorders, developmental language disorders or developmental articulation disorders.
- counseling for activities of an educational nature.
- counseling for borderline intellectual functioning.
- counseling for occupational problems.
- counseling related to consciousness raising.
- vocational or religious counseling.
- I.Q. testing.
- custodial care, including but not limited to geriatric day care.
- psychological testing on children requested by or for a school system.
- occupational/recreational therapy programs even if combined with supportive therapy for age-related cognitive decline.

HC-COV481 12-15

Durable Medical Equipment

- charges made for purchase or rental of Durable Medical Equipment that is ordered or prescribed by a Physician and provided by a vendor approved by Cigna for use outside a Hospital or Other Health Care Facility. Coverage for repair, replacement or duplicate equipment is provided only when required due to anatomical change and/or reasonable wear and tear. All maintenance and repairs that result from a person's misuse are the person's responsibility.

Durable Medical Equipment is defined as items which are designed for and able to withstand repeated use by more than one person; customarily serve a medical purpose; generally are not useful in the absence of Injury or Sickness; are appropriate for use in the home; and are not disposable. Such equipment includes, but is not limited to, crutches, hospital beds, ventilators, insulin pumps and wheel chairs.

Durable Medical Equipment items that are not covered include but are not limited to those that are listed below:

- **Bed Related Items:** bed trays, over the bed tables, bed wedges, pillows, custom bedroom equipment, mattresses, including nonpower mattresses, custom mattresses and posturepedic mattresses.
- **Bath Related Items:** bath lifts, nonportable whirlpools, bathtub rails, toilet rails, raised toilet seats, bath benches, bath stools, hand held showers, paraffin baths, bath mats, and spas.
- **Fixtures to Real Property:** ceiling lifts and wheelchair ramps.
- **Car/Van Modifications.**
- **Air Quality Items:** room humidifiers, vaporizers and air purifiers.
- **Other Equipment:** centrifuges, needleless injectors, heat lamps, heating pads, cryounits, cryotherapy machines, ultraviolet cabinets, that emit Ultraviolet A (UVA) rays sheepskin pads and boots, postural drainage board, AC/DC adaptors, scales (baby and adult), stair gliders, elevators, saunas, cervical and lumbar traction devices, exercise equipment and diathermy machines.

HC-COV1124 02-21

External Prosthetic Appliances and Devices

- charges made or ordered by a Physician for: the initial purchase and fitting of external prosthetic appliances and devices available only by prescription which are necessary for the alleviation or correction of Injury, Sickness or congenital defect.

External prosthetic appliances and devices include prostheses/prosthetic appliances and devices; orthoses and orthotic devices; braces; and splints.

Prostheses/Prosthetic Appliances and Devices

Prostheses/prosthetic appliances and devices are defined as fabricated replacements for missing body parts. Prostheses/prosthetic appliances and devices include, but are not limited to:

- limb prostheses;
- terminal devices such as hands or hooks;
- speech prostheses; and
- facial prostheses.

Orthoses and Orthotic Devices

Orthoses and orthotic devices are defined as orthopedic appliances or apparatuses used to support, align, prevent or correct deformities. Coverage is provided for custom foot orthoses and other orthoses as follows:

- Non-foot orthoses – only the following non-foot orthoses are covered:
  - rigid and semi-rigid custom fabricated orthoses;
  - semi-rigid prefabricated and flexible orthoses; and
  - rigid prefabricated orthoses including preparation, fitting and basic additions, such as bars and joints.
- Custom foot orthoses – custom foot orthoses are only covered as follows:
  - for persons with impaired peripheral sensation and/or altered peripheral circulation (e.g. diabetic neuropathy and peripheral vascular disease);
  - when the foot orthosis is an integral part of a leg brace and is necessary for the proper functioning of the brace;
  - when the foot orthosis is for use as a replacement or substitute for missing parts of the foot (e.g. amputated toes) and is necessary for the alleviation or correction of Injury, Sickness or congenital defect; and
  - for persons with neurologic or neuromuscular condition (e.g. cerebral palsy, hemiplegia, spina bifida) producing spasticity, malalignment, or pathological positioning of the foot and there is reasonable expectation of improvement.

The following are specifically excluded orthoses and orthotic devices:

- prefabricated foot orthoses;
- cranial banding and/or cranial orthoses. Other similar devices are excluded except when used postoperatively for synostotic plagiocephaly. When used for this indication, the cranial orthosis will be subject to the limitations and

maximums of the External Prosthetic Appliances and Devices benefit;

- orthosis shoes, shoe additions, procedures for foot orthopedic shoes, shoe modifications and transfers;
- non-foot orthoses primarily used for cosmetic rather than functional reasons; and
- non-foot orthoses primarily for improved athletic performance or sports participation.

Braces

A Brace is defined as an orthosis or orthopedic appliance that supports or holds in correct position any movable part of the body and that allows for motion of that part.

The following braces are specifically excluded: Copes scoliosis braces.

Splints

A Splint is defined as an appliance for preventing movement of a joint or for the fixation of displaced or movable parts.

Coverage for replacement of external prosthetic appliances and devices is limited to the following:

- replacement due to regular wear. Replacement for damage due to abuse or misuse by the person will not be covered.
- replacement required because anatomic change has rendered the external prosthetic appliance or device ineffective. Anatomic change includes significant weight gain or loss, atrophy and/or growth.
- replacement due to a surgical alteration or revision of the impacted site.

Coverage for replacement is limited as follows:

- no more than once every 24 months for persons 19 years of age and older.
- no more than once every 12 months for persons 18 years of age and under.

The following are specifically excluded external prosthetic appliances and devices:

- external and internal power enhancements for external prosthetic devices; or
- microprocessor controlled prostheses and orthoses; and
- myoelectric and orthoses.

HC-COV1125 01-22

Outpatient Therapy Services

Charges for the following therapy services:

Cognitive Therapy, Occupational Therapy, Osteopathic Manipulation, Physical Therapy, Pulmonary Rehabilitation, Speech Therapy

- Charges for therapy services are covered when provided as part of a program of treatment.

Cardiac Rehabilitation

- Charges for Phase II cardiac rehabilitation provided on an outpatient basis following diagnosis of a qualifying cardiac condition when Medically Necessary. Phase II is a Hospital-based outpatient program following an inpatient Hospital discharge. The Phase II program must be Physician directed with active treatment and EKG monitoring.

  Phase III and Phase IV cardiac rehabilitation is not covered. Phase III follows Phase II and is generally conducted at a recreational facility primarily to maintain the patient's status achieved through Phases I and II. Phase IV is an advancement of Phase III which includes more active participation and weight training.

Chiropractic Care Services

- Charges for diagnostic and treatment services utilized in an office setting by chiropractic Physicians. Chiropractic treatment includes the conservative management of acute neuromusculoskeletal conditions through manipulation and ancillary physiological treatment rendered to specific joints to restore motion, reduce pain, and improve function. For these services you have direct access to qualified chiropractic Physicians.

Coverage is provided when Medically Necessary in the most medically appropriate setting to:

- Restore function (called "rehabilitative"):
  - To restore function that has been impaired or lost.
  - To reduce pain as a result of Sickness, Injury, or loss of a body part.
- Improve, adapt or attain function (sometimes called "habilitative"):
  - To improve, adapt or attain function that has been impaired or was never achieved as a result of congenital abnormality (birth defect).
  - To improve, adapt or attain function that has been impaired or was never achieved because of mental health and substance use disorder conditions. Includes conditions such as autism and intellectual disability, or mental health and substance use disorder conditions that result in a developmental delay.

Coverage is provided as part of a program of treatment when the following criteria are met:

- The individual's condition has the potential to improve or is improving in response to therapy, and maximum improvement is yet to be attained.
- There is an expectation that the anticipated improvement is attainable in a reasonable and generally predictable period of time.
- The therapy is provided by, or under the direct supervision of, a licensed health care professional acting within the scope of the license.
- The therapy is Medically Necessary and medically appropriate for the diagnosed condition.

Coverage for occupational therapy is provided only for purposes of enabling individuals to perform the activities of daily living after an Injury or Sickness.

Therapy services that are not covered include:

- sensory integration therapy.
- treatment of dyslexia.
- maintenance or preventive treatment provided to prevent recurrence or to maintain the patient's current status.
- charges for Chiropractic Care not provided in an office setting.
- vitamin therapy.

Coverage is administered according to the following:

- Multiple therapy services provided on the same day constitute one day of service for each therapy type.

HC-COV982 01-21

Breast Reconstruction and Breast Prostheses

- charges made for reconstructive surgery following a mastectomy; benefits include: surgical services for reconstruction of the breast on which surgery was performed; surgical services for reconstruction of the non-diseased breast to produce symmetrical appearance; postoperative breast prostheses; and mastectomy bras and prosthetics, limited to the lowest cost alternative available that meets prosthetic placement needs. During all stages of mastectomy, treatment of physical complications, including lymphedema therapy, are covered.

Reconstructive Surgery

- charges made for reconstructive surgery or therapy to repair or correct a severe physical deformity or disfigurement which is accompanied by functional deficit; (other than abnormalities of the jaw or conditions related to TMJ disorder) provided that: the surgery or therapy restores or improves function; reconstruction is required as a result of Medically Necessary, non-cosmetic surgery; or the surgery or therapy is performed prior to age 19 and is required as a result of the congenital absence or agenesis (lack of formation or development) of a body part. Repeat or subsequent surgeries for the same condition are covered only when there is the probability of significant additional improvement as determined by the utilization review Physician.

HC-COV631 12-17

Transplant Services and Related Specialty Care

Charges made for human organ and tissue transplant services which include solid organ and bone marrow/stem cell procedures at designated facilities throughout the United States or its territories. This coverage is subject to the following conditions and limitations.

Transplant services include the recipient's medical, surgical and Hospital services; inpatient immunosuppressive medications; and costs for organ or bone marrow/stem cell procurement. Transplant services are covered only if they are required to perform any of the following human to human organ or tissue transplants: allogeneic bone marrow/stem cell, autologous bone marrow/stem cell, cornea, heart, heart/lung, kidney, kidney/pancreas, liver, lung, pancreas or intestine which includes small bowel-liver or multi-visceral. Implantation procedures are also covered for artificial heart, percutaneous ventricular assist device (PVAD), extracorporeal membrane oxygenation (ECMO) ventricular assist device (VAD) and intra-aortic balloon pump (IABP) are also covered.

- All transplant services and related specialty care services, other than cornea transplants, are covered when received at Cigna LifeSOURCE Transplant Network® facilities.
- Transplant services and related specialty care services received at Participating Provider facilities specifically contracted with Cigna for those transplant services and related specialty care services, other than Cigna LifeSOURCE Transplant Network® facilities, are payable at the In-Network level.
- Transplant services and related specialty care services received at any other facility, including non-Participating Provider facilities and Participating Provider facilities not specifically contracted with Cigna for transplant services and related specialty care services, are covered at the Out-of-Network level.
- Cornea transplants received at a facility that is specifically contracted with Cigna for this type of transplant are payable at the In-Network level.

Coverage for organ procurement costs are limited to costs directly related to the procurement of an organ, from a cadaver

or a live donor. Organ procurement costs shall consist of hospitalization and surgery necessary for removal of an organ and transportation of a live donor (refer to Transplant and Related Specialty Care Travel Services). Compatibility testing undertaken prior to procurement is covered if Medically Necessary. Costs related to the search for, and identification of a bone marrow or stem cell donor for an allogeneic transplant are also covered.

Advanced cellular therapy, including but not limited to, immune effector cell therapies and Chimeric Antigen Receptor Therapy (CAR-T) cellular therapy, is covered when performed at a Cigna LifeSOURCE Transplant Network® facility with an approved stem cell transplant program. Advanced cellular therapy received at Participating Provider facilities specifically contracted with Cigna for advanced cellular therapy, other than Cigna LifeSOURCE Transplant Network® facilities, are payable at the In-Network level. Advanced cellular therapy received at any other facility, including non-Participating Provider facilities and Participating Provider facilities not specifically contracted with Cigna for advanced cellular therapy, covered at the Out-of-Network level.

Transplant and Related Specialty Care Travel Services

Charges made for non-taxable travel expenses incurred by you in connection with a preapproved organ/tissue transplant are covered subject to the following conditions and limitations:

- Transplant and related specialty care travel benefits are not available for cornea transplants.
- Benefits for transportation and lodging are available to the recipient of a preapproved organ/tissue transplant and/or related specialty care from a designated Cigna LifeSOURCE Transplant Network® facility.
- The term recipient is defined to include a person receiving authorized transplant related services during any of the following: evaluation, candidacy, transplant event, or post-transplant care.
- Travel expenses for the person receiving the transplant will include charges for: transportation to and from the designated Cigna LifeSOURCE Transplant Network® facility (including charges for a rental car used during a period of care at the designated Cigna LifeSOURCE Transplant Network® facility); and lodging while at, or traveling to and from, the designated Cigna LifeSOURCE Transplant Network® facility.
- In addition to your coverage for the charges associated with the items above, such charges will also be considered covered travel expenses for one companion to accompany you. The term companion includes your spouse, a member of your family, your legal guardian, or any person not related to you, but actively involved as your caregiver who is at least 18 years of age.
- The following are specifically excluded travel expenses: any expenses that if reimbursed would be taxable income, travel costs incurred due to travel within 60 miles of your home; food and meals; laundry bills; telephone bills; alcohol or tobacco products; and charges for transportation that exceed coach class rates.

These benefits for Transplant Services and Related Specialty Care, and for Transplant and Related Specialty Care Travel Services are only available when the covered person is the recipient of an organ/tissue transplant. Travel expenses for the designated live donor for a covered recipient are covered subject to the same conditions and limitations noted above. Charges for the expenses of a donor companion are not covered. No transplant and related specialty care services or travel benefits are available when the covered person is the donor for an organ/tissue transplant, the transplant recipient's plan would cover all donor costs.

HC-COV1126 01-22

Medical Pharmaceuticals

The plan covers charges made for Medical Pharmaceuticals that are administered in an Inpatient setting, Outpatient setting, Physician's office, or in a covered person's home.

Benefits under this section are provided only for Medical Pharmaceuticals which, due to their characteristics (as determined by Cigna), are required to be administered, or the administration of which must be directly supervised, by a qualified Physician or Other Health Professional. Benefits payable under this section include Medical Pharmaceuticals whose administration may initially, or typically, require Physician or Other Health Professional oversight but may be self-administered under certain conditions specified in the product's FDA labeling.

Certain Medical Pharmaceuticals are subject to prior authorization requirements or other coverage conditions. Additionally, certain Medical Pharmaceuticals are subject to step therapy requirements. This means that in order to receive benefits for such Medical Pharmaceuticals, you are required to try a different Medical Pharmaceutical and/or Prescription Drug Product first.

Utilization management requirements or other coverage conditions are based on a number of factors, which may include clinical and economic factors. Clinical factors may include, but are not limited to, the P&T Committee's evaluations of the place in therapy, relative safety or relative efficacy of Medical Pharmaceuticals as well as whether certain supply limits or other utilization management requirements should apply. Economic factors may include, but are not limited to, the Medical Pharmaceutical's cost including, but not limited to, assessments on the cost

effectiveness of the Medical Pharmaceuticals and available rebates. Regardless of its eligibility for coverage under your plan, whether a particular Prescription Drug Product is appropriate for you or any of your Dependents is a determination that is made by you (or your Dependent) and the prescribing Physician.

The coverage criteria for a Medical Pharmaceutical may change periodically for various reasons. For example, a Medical Pharmaceutical may be removed from the market, a new Medical Pharmaceutical in the same therapeutic class as a Medical Pharmaceutical may become available, or other market events may occur. Market events that may affect the coverage status of a Medical Pharmaceutical include, but are not limited to, an increase in the cost of a Medical Pharmaceutical.

HC-COV1168 01-22

Gene Therapy

Charges for gene therapy products and services directly related to their administration are covered when Medically Necessary. Gene therapy is a category of pharmaceutical products approved by the U.S. Food and Drug Administration (FDA) to treat or cure a disease by:

- replacing a disease-causing gene with a healthy copy of the gene.
- inactivating a disease-causing gene that may not be functioning properly.
- introducing a new or modified gene into the body to help treat a disease.

Each gene therapy product is specific to a particular disease and is administered in a specialized manner. Cigna determines which products are in the category of gene therapy, based in part on the nature of the treatment and how it is distributed and administered.

Coverage includes the cost of the gene therapy product; medical, surgical, and facility services directly related to administration of the gene therapy product; and professional services.

Gene therapy products and their administration are covered when prior authorized to be received at In-Network facilities specifically contracted with Cigna for the specific gene therapy service. Gene therapy products and their administration received at other facilities are not covered.

Gene Therapy Travel Services

Charges made for non-taxable travel expenses incurred by you in connection with a prior authorized gene therapy procedure are covered subject to the following conditions and limitations.

Benefits for transportation and lodging are available to you only when you are the recipient of a prior authorized gene therapy; and when the gene therapy products and services directly related to their administration are received at a participating In-Network facility specifically contracted with Cigna for the specific gene therapy service. The term recipient is defined to include a person receiving prior authorized gene therapy related services during any of the following: evaluation, candidacy, event, or post care.

Travel expenses for the person receiving the gene therapy include charges for: transportation to and from the gene therapy site (including charges for a rental car used during a period of care at the facility); and lodging while at, or traveling to and from, the site.

In addition to your coverage for the charges associated with the items above, such charges will also be considered covered travel expenses for one companion to accompany you. The term companion includes your spouse, a member of your family, your legal guardian, or any person not related to you, but actively involved as your caregiver who is at least 18 years of age.

The following are specifically excluded travel expenses: any expenses that if reimbursed would be taxable income, travel costs incurred due to travel within 60 miles of your home; food and meals; laundry bills; telephone bills; alcohol or tobacco products; and charges for transportation that exceed coach class rates.

HC-COV873 01-20

Clinical Trials

This plan covers routine patient care costs and services related to an approved clinical trial for a qualified individual. The individual must be eligible to participate according to the trial protocol and **either** of the following conditions must be met:

- the referring health care professional is a participating health care provider and has concluded that the individual's participation in such trial would be appropriate; or
- the individual provides medical and scientific information establishing that the individual's participation in the clinical trial would be appropriate.

In addition to qualifying as an individual, the clinical trial must also meet certain criteria in order for patient care costs and services to be covered.

The clinical trial must be a phase I, phase II, phase III, or phase IV clinical trial conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition that meets **any** of the following criteria:

- it is a federally funded trial. The study or investigation is approved or funded (which may include funding through in-kind contributions) by one or more of the following:
  - National Institutes of Health (NIH).
  - Centers for Disease Control and Prevention (CDC).
  - Agency for Health Care Research and Quality (AHRQ).
  - Centers for Medicare and Medicaid Services (CMS).
  - a cooperative group or center of any of the entities described above or the Department of Defense (DOD) or the Department of Veterans Affairs (VA).
  - a qualified non-governmental research entity identified in NIH guidelines for center support grants.
  - any of the following: Department of Energy, Department of Defense, Department of Veterans Affairs, if **both** of the following conditions are met:
    - the study or investigation has been reviewed and approved through a system of peer review comparable to the system of peer review of studies and investigations used by the National Institutes of Health (NIH); and
    - the study or investigation assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.
  - the study or investigation is conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration (FDA).
  - the study or investigation is a drug trial that is exempt from having such an investigational new drug application.

The plan does not cover any of the following services associated with a clinical trial:

- services that are not considered routine patient care costs and services, including the following:
  - the investigational drug, device, item, or service that is provided solely to satisfy data collection and analysis needs.
  - an item or service that is not used in the direct clinical management of the individual.
  - a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.
- an item or service provided by the research sponsors free of charge for any person enrolled in the trial.
- travel and transportation expenses, unless otherwise covered under the plan, including but not limited to the following:
  - fees for personal vehicle, rental car, taxi, medical van, ambulance, commercial airline, train.
  - mileage reimbursement for driving a personal vehicle.
  - lodging.
  - meals.
- routine patient costs obtained out-of-network when Out-of-Network benefits do not exist under the plan.

Examples of routine patient care costs and services include:

- radiological services.
- laboratory services.
- intravenous therapy.
- anesthesia services.
- Physician services.
- office services.
- Hospital services.
- Room and Board, and medical supplies that typically would be covered under the plan for an individual who is not enrolled in a clinical trial.

Clinical trials conducted by Out-of-Network providers will be covered only when the following conditions are met:

- In-Network providers are not participating in the clinical trial; or
- the clinical trial is conducted outside the individual's state of residence.

HC-COV1128 01-22

Prescription Drug Benefits
The Schedule

For You and Your Dependents

This plan provides Prescription Drug benefits for Prescription Drug Products provided by Pharmacies as shown in this Schedule. To receive Prescription Drug Benefits, you and your Dependents may be required to pay a Deductible, Copayment or Coinsurance requirement for Covered Expenses for Prescription Drug Products.

You and your Dependents will pay 100% of the cost of any Prescription Drug Product excluded from coverage under this plan. The amount you and your Dependent pays for any excluded Prescription Drug Product to the dispensing Pharmacy, will not count towards your Deductible, if any, or Out-of-Pocket Maximum.

Coinsurance

The term Coinsurance means the percentage of the Prescription Drug Charge for a covered Prescription Drug Product that you or your Dependent are required to pay under this plan in addition to the Deductible, if any.

BENEFIT HIGHLIGHTS	NETWORK PHARMACY	NON-NETWORK PHARMACY
Lifetime Maximum	Refer to the Medical Benefits Schedule	Refer to the Medical Benefits Schedule
Calendar Year Deductible		
Individual	Refer to the Medical Benefits Schedule	Refer to the Medical Benefits Schedule
Family	Refer to the Medical Benefits Schedule	Refer to the Medical Benefits Schedule
Out-of-Pocket Maximum		
Individual	Refer to the Medical Benefits Schedule	Refer to the Medical Benefits Schedule
Family	Refer to the Medical Benefits Schedule	Refer to the Medical Benefits Schedule

Maintenance Drug Products

Maintenance Drug Products must be filled in an amount equal to a consecutive 90 day supply per Prescription Order or Refill at a retail Designated Pharmacy or home delivery Pharmacy, after 3 30-day supply fills at a retail Pharmacy or home delivery Pharmacy. If you do not fill your Maintenance Drug Products in a 90-day supply at a retail Designated Pharmacy or home delivery Pharmacy after the specified 30-day supply fill limit, the Plan will not cover the Maintenance Drug Product.

Certain PPACA Preventive Medications covered under this plan and required as part of preventive care services (detailed information is available at www.healthcare.gov) and certain other preventive care medications as recommended by Cigna are payable at 100% with no Copayment or Deductible, when purchased from a Network Pharmacy. A written prescription is required.

BENEFIT HIGHLIGHTS	NETWORK PHARMACY	NON-NETWORK PHARMACY
Prescription Drug Products at Retail Pharmacies	**The amount you pay for up to a consecutive 30-day supply at a Network Pharmacy**	**The amount you pay for up to a consecutive 30-day supply at a non-Network Pharmacy**
Certain Specialty Prescription Drug Products are only covered when dispensed by a home delivery Pharmacy, after 1 fill of the Specialty Prescription Drug Product at a retail Pharmacy.		
Note: Narcan 4mg Nasal spray and Evzio are covered at no charge. Oral lifestyle drugs quantity limit 6/30 days.		
Tier 1		
Generic Preventive Drugs on the Prescription Drug List	Non-Maintenance Drug Products: No charge	In-network coverage only
	Maintenance Drug Products: No charge for the first 3 fills, then no coverage for a 30-day supply (you would pay the full cost)	In-network coverage only
Generic Non-Preventive Drugs on the Prescription Drug List	Non-Maintenance Drug Products: 30% after plan Deductible	In-network coverage only
	Maintenance Drug Products: 30% after plan Deductible for the first 3 fills, then no coverage for a 30-day supply (you would pay the full cost)	In-network coverage only
Tier 2		
Brand Drugs designated as preferred on the Prescription Drug List	Non-Maintenance Drug Products: 40% after plan Deductible	In-network coverage only
	Maintenance Drug Products: 40% after plan Deductible for the first 3 fills, then no coverage for a 30-day supply (you would pay the full cost)	In-network coverage only
Tier 3		
Brand Drugs designated as non-preferred on the Prescription Drug List	Non-Maintenance Drug Products: 60% after plan Deductible	In-network coverage only
	Maintenance Drug Products: 60% after plan Deductible for the first 3 fills, then no coverage for a 30-day supply (you would pay the full cost)	In-network coverage only
Prescription Drug Products at Retail Designated Pharmacies	**The amount you pay for up to a consecutive 90-day supply at a Designated Pharmacy**	**The amount you pay for up to a consecutive 90-day supply at a non-Designated Pharmacy**
Certain Specialty Prescription Drug Products are only covered when dispensed by a home delivery Pharmacy, after 1 fill of the Specialty Prescription Drug Product at a retail Pharmacy.		
Specialty Prescription Drug Products are limited to up to a consecutive 30-day supply per Prescription Order or Refill.		

BENEFIT HIGHLIGHTS	NETWORK PHARMACY	NON-NETWORK PHARMACY
Note: In this context, a retail Designated Pharmacy is a retail Network Pharmacy that has contracted with Cigna for dispensing of covered Prescription Drug Products, including Maintenance Drug Products, in 90-day supplies per Prescription Order or Refill.		
Note: Narcan 4mg Nasal spray and and Evzio are covered at no charge. Oral lifestyle drugs quantity limit 6/30 days.		
Tier 1		
Generic Preventive Drugs on the Prescription Drug List	No charge	In-network coverage only
Generic Non-Preventive Drugs on the Prescription Drug List	30% after plan Deductible	In-network coverage only
Tier 2		
Brand Drugs designated as preferred on the Prescription Drug List	40% after plan Deductible	In-network coverage only
Tier 3		
Brand Drugs designated as non-preferred on the Prescription Drug List	60% after plan Deductible	In-network coverage only
Prescription Drug Products at Home Delivery Pharmacies	**The amount you pay for up to a consecutive 90-day supply at a Network Pharmacy**	**The amount you pay for up to a consecutive 90-day supply at a non-Network Pharmacy**
Note: Narcan 4mg Nasal spray and Evzio are covered at no charge. Oral lifestyle drugs quantity limit 6/30 days.		
Tier 1		
Generic Preventive Drugs on the Prescription Drug List	No charge	In-network coverage only
Generic Non-Preventive Drugs on the Prescription Drug List	30% after plan Deductible	In-network coverage only
Tier 2		
Brand Drugs designated as preferred on the Prescription Drug List	40% after plan Deductible	In-network coverage only
Tier 3		
Brand Drugs designated as non-preferred on the Prescription Drug List	60% after plan Deductible	In-network coverage only

Prescription Drug Benefits

Covered Expenses

Your plan provides benefits for Prescription Drug Products dispensed by a Pharmacy. Details regarding your plan's Covered Expenses, which for the purposes of the Prescription Drug Benefit include Medically Necessary Prescription Drug Products ordered by a Physician, Limitations, and Exclusions are provided below and/or are shown in The Schedule.

If you or any one of your Dependents, while insured for Prescription Drug Benefits, incurs expenses for charges made by a Pharmacy for Medically Necessary Prescription Drug Products ordered by a Physician, your plan provides coverage for those expenses as shown in The Schedule. Your benefits may vary depending on which of the Prescription Drug List tiers the Prescription Drug Product is listed, or the Pharmacy that provides the Prescription Drug Product.

Coverage under your plan's Prescription Drug Benefits also includes Medically Necessary Prescription Drug Products dispensed pursuant to a Prescription Order or Refill issued to you or your Dependents by a licensed dentist for the prevention of infection or pain in conjunction with a dental procedure.

When you or a Dependent are issued a Prescription Order or Refill for Medically Necessary Prescription Drug Products as part of the rendering of Emergency Services and Cigna determines that it cannot reasonably be filled by a Network Pharmacy, the prescription will be covered pursuant to the, as applicable, Copayment or Coinsurance for the Prescription Drug Product when dispensed by a Network Pharmacy.

Prescription Drug List Management

Your plan's Prescription Drug List coverage tiers may contain Prescription Drug Products that are Generic Drugs, Brand Drugs or Specialty Prescription Drug Products. Determination of inclusion of a Prescription Drug Product to a certain coverage tier on the Prescription Drug List and utilization management requirements or other coverage conditions are based on a number of factors which may include, clinical and economic factors. Clinical factors may include, but are not limited to, the P&T Committee's evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether certain supply limits or other utilization management requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, assessments on the cost effectiveness of the Prescription Drug Product and available rebates. Regardless of its eligibility for coverage under the plan, whether a particular Prescription Drug Product is appropriate for you or any of your Dependents is a determination that is made by you or your Dependent and the prescribing Physician.

The coverage status of a Prescription Drug Product may change periodically for various reasons. For example, a Prescription Drug Product may be removed from the market, a New Prescription Drug Product in the same therapeutic class as a Prescription Drug Product may become available, or other market events may occur. Market events that may affect the coverage status of a Prescription Drug Product include, but are not limited to, an increase in the acquisition cost of a Prescription Drug Product. As a result of coverage changes, for the purposes of benefits the plan may require you to pay more or less for that Prescription Drug Product, to obtain the Prescription Drug Product from a certain Pharmacy (ies) for coverage, or try another covered Prescription Drug Product(s). Please access the internet through the website shown on your ID card or call member services at the telephone number on your ID card for the most up-to-date tier status, utilization management, or other coverage limitations for a Prescription Drug Product.

HC-PHR414 07-20

Limitations

For most Prescription Drug Products you and your Dependent pay only the cost sharing detailed in The Schedule or Prescription Drug Benefits. However, in the event you or your Dependent or your Physician insist on a more expensive Brand Drug where a Therapeutic Equivalent Generic Drug is available, you may be financially responsible for an Ancillary Charge, in addition to any required Brand Drug Copayment and/or Coinsurance. The Ancillary Charge will not apply to your Deductible, if any, or Out of Pocket Maximum.

Your plan includes a Brand Drug for Generic Drug dispensing program. This program allows certain Brand Drugs to be dispensed in place of the Therapeutic Equivalent Generic Drug at the time your Prescription Order or Refill is processed by a participating Pharmacy. Brand Drug for Generic Drug substitution will occur only for certain Brand Drugs included in the program. When this substitution program is applied, the participating Pharmacy will dispense the Brand Drug to you in place of the available Generic Drug. You will be responsible for payment of only a Generic Drug Copayment and/or Coinsurance, after satisfying your Deductible, if any.

Prior Authorization Requirements

Coverage for certain Prescription Drug Products prescribed to you requires your Physician to obtain prior authorization from Cigna or its Review Organization. The reason for obtaining prior authorization from Cigna is to determine whether the

Prescription Drug Product is Medically Necessary in accordance with Cigna's coverage criteria. Coverage criteria for a Prescription Drug Product may vary based on the clinical use for which the Prescription Order or Refill is submitted, and may change periodically based on changes in, without limitation, clinical guidelines or practice standards, or market factors.

If Cigna or its Review Organization reviews the documentation provided and determines that the Prescription Drug Product is not Medically Necessary or otherwise excluded, your plan will not cover the Prescription Drug Product. Cigna, or its Review Organization, will not review claims for excluded Prescription Drug Products or other services to determine if they are Medically Necessary, unless required by law.

When Prescription Drug Products that require prior authorization are dispensed at a Pharmacy, you or your prescribing Physician are responsible for obtaining prior authorization from Cigna. If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed by the Pharmacy, you can ask us to consider reimbursement after you pay for and receive the Prescription Drug Product. You will need to pay for the Prescription Drug Product at the Pharmacy prior to submitting a reimbursement request.

When you submit a claim on this basis, you will need to submit a paper claim using the form that appears on the website shown on your ID card.

If a prior authorization request is approved, your Physician will receive confirmation. The authorization will be processed in the claim system to allow you to have coverage for the Prescription Drug Product. The length of the authorization may depend on the diagnosis and the Prescription Drug Product. The authorization will at all times be subject to the plan’s terms of coverage for the Prescription Drug Product, which may change from time to time. When your Physician advises you that coverage for the Prescription Drug Product has been approved, you can contact a Pharmacy to fill the covered Prescription Order or Refill.

If the prior authorization request is denied, your Physician and you will be notified that coverage for the Prescription Drug Product is not authorized. If you disagree with a coverage decision, you may appeal that decision in accordance with the provisions of the plan by submitting a written request stating why the Prescription Drug Product should be covered.

Step Therapy

Certain Prescription Drug Products are subject to step therapy requirements. This means that in order to receive Benefits for such Prescription Drug Products you are required to try a different Prescription Drug Product(s) first unless you satisfy the plan's exception criteria. You may identify whether a particular Prescription Drug Product is subject to step therapy requirements at the website shown on your ID card or by calling member services at the telephone number on your ID card.

Supply Limits

Benefits for Prescription Drug Products are subject to the supply limits that are stated in The Schedule. For a single Prescription Order or Refill, you may receive a Prescription Drug Product up to the stated supply limit.

Some products are subject to additional supply limits, quantity limits or dosage limits based on coverage criteria that have been approved based on consideration of the P&T Committee’s clinical findings. Coverage criteria are subject to periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may determine whether a Prescription Drug Product has been assigned a dispensing supply limit or similar limit or requirement at the website shown on your ID card or by calling member services at the telephone number on your ID card.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products. If you require Specialty Prescription Drug Products, you may be directed to a Designated Pharmacy with whom Cigna has an arrangement to provide those Specialty Prescription Drug Products.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products. If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you may not receive coverage for the Prescription Drug Product or be subject to the non-Network Pharmacy Benefit, if any, for that Prescription Drug Product. Refer to The Schedule for further information.

New Prescription Drug Products

New Prescription Drug Products may or may not be placed on a Prescription Drug List tier upon market entry. Cigna will use reasonable efforts to make a tier placement decision for a New Prescription Drug Product within six months of its market availability. Cigna’s tier placement decision shall be based on consideration of, without limitation, the P&T Committee’s clinical review of the New Prescription Drug Product and economic factors. If a New Prescription Drug Product not listed on the Prescription Drug List is approved by Cigna or its Review Organization as Medically Necessary in the interim,

the New Prescription Drug Product shall be covered at the applicable coverage tier as set forth in The Schedule.

HC-PHR522 01-22

Your Payments

Covered Prescription Drug Products purchased at a Pharmacy are subject to any applicable Deductible, Copayments or Coinsurance shown in The Schedule, as well as any limitations or exclusions set forth in this plan. Please refer to The Schedule for any required Copayments, Coinsurance, Deductibles or Out-of-Pocket Maximums.

Deductible

Your plan requires that you pay the costs for covered Prescription Drug Products up to the Deductible amount set forth in The Schedule. Until you meet that Deductible amount, your costs under the plan for a covered Prescription Drug Product dispensed by a Network Pharmacy will be the lowest of the following amounts:

- the Prescription Drug Charge; or
- the Network Pharmacy's submitted Usual and Customary (U&C) Charge, if any.

The Schedule sets forth your costs for covered Prescription Drug Products after you have satisfied the Deductible amount.

Coinsurance

Your plan requires that you pay a Coinsurance amount for covered Prescription Drug Products as set forth in The Schedule. After satisfying any applicable annual Deductible set forth in The Schedule, your costs under the plan for a covered Prescription Drug Product dispensed by a Network Pharmacy and that is subject to a Coinsurance requirement will be the lowest of the following amounts:

- the amount that results from applying the applicable Coinsurance percentage set forth in The Schedule to the Prescription Drug Charge; or
- the Network Pharmacy's submitted Usual and Customary (U&C) Charge, if any.

When a treatment regimen contains more than one type of Prescription Drug Products that are packaged together for your or your Dependent's convenience, any applicable Copayment or Coinsurance may apply to each Prescription Drug Product.

You will need to obtain prior approval from Cigna or its Review Organization for any Prescription Drug Product not listed on the Prescription Drug List that is not otherwise excluded. If Cigna or its Review Organization approves coverage for the Prescription Drug Product because it meets the applicable coverage exception criteria, the Prescription Drug Product shall be covered at the applicable coverage tier as set forth in The Schedule.

HC-PHR420 01-21

Exclusions

Coverage exclusions listed under the "Exclusions, Expenses Not Covered and General Limitations" section also apply to benefits for Prescription Drug Products. In addition, the exclusions listed below apply to benefits for Prescription Drug Products. When an exclusion or limitation applies to only certain Prescription Drug Products, you can access the Prescription Drug List through the website shown on your ID card or call member services at the telephone number on your ID card for information on which Prescription Drug Products are excluded.

- coverage for Prescription Drug Products for the amount dispensed (days' supply) which exceeds the applicable supply limit, or is less than any applicable supply minimum set forth in The Schedule, or which exceeds quantity limit(s) or dosage limit(s) set by the P&T Committee.
- more than one Prescription Order or Refill for a given prescription supply period for the same Prescription Drug Product prescribed by one or more Physicians and dispensed by one or more Pharmacies.
- Prescription Drug Products dispensed outside the jurisdiction of the United States, except as required for emergency or Urgent Care treatment.
- Prescription Drug Products which are prescribed, dispensed or intended to be taken by or administered to you while you are a patient in a licensed Hospital, Skilled Nursing Facility, rest home, rehabilitation facility, or similar institution which operates on its premises or allows to be operated on its premises a facility for dispensing pharmaceutical products.
- Prescription Drug Products furnished by the local, state or federal government (except for a Network Pharmacy owned or operated by a local, state or federal government).
- Prescription and non-prescription supplies other than supplies covered as Prescription Drug Products.
- medications used for cosmetic purposes, including, without limitation, medications used to reduce wrinkles, medications used to promote hair growth and fade cream products.

- Prescription Drug Products as a replacement for a previously dispensed Prescription Drug Product that was lost, stolen, broken or destroyed.
- Prescription Drug Products used for the treatment of infertility.
- Medical Pharmaceuticals covered solely under the plan's medical benefits.
- any ingredient(s) in a compounded Prescription Drug Product that has not been approved by the U.S. Food and Drug Administration (FDA).
- medications available over-the-counter that do not require a Prescription Order or Refill by federal or state law before being dispensed, unless state or federal law requires coverage of such medications or the over-the-counter medication has been designated as eligible for coverage as if it were a Prescription Drug Product.
- certain Prescription Drug Products that are a Therapeutic Equivalent or Therapeutic Alternative to an over-the-counter drug(s), or are available in over-the-counter form. Such coverage determinations may be made periodically, and benefits for a Prescription Drug Product that was previously excluded under this provision may be reinstated at any time.
- any product for which the primary use is a source of nutrition, nutritional supplements, or dietary management of disease, even when used for the treatment of Sickness or Injury, unless coverage for such product(s) is required by federal or state law.
- medications used for travel prophylaxis, immunization agents, virus detection testing, virus antibody testing, biological products for allergy immunization, biological sera, blood, blood plasma and other blood products or fractions unless specifically identified on the Prescription Drug List.
- certain Prescription Drug Products that are a Therapeutic Equivalent or Therapeutic Alternative to another covered Prescription Drug Product(s). Such coverage determinations may be made periodically, and benefits for a Prescription Drug Product that was previously excluded under this provision may be reinstated at any time.
- medications that are experimental investigational or unproven as described under the "General Exclusion and Limitations" section of your plan's certificate.

HC-PHR530 01-22

Reimbursement/Filing a Claim

Retail Pharmacy

When you or your Dependents purchase your Prescription Drug Products through a Network Pharmacy, you pay any applicable Copayment, Coinsurance, or Deductible shown in The Schedule at the time of purchase. You do not need to file a claim form for a Prescription Drug Product obtained at a Network Pharmacy unless you pay the full cost of a Prescription Drug Product at a Network Pharmacy and later seek reimbursement for the Prescription Drug Product under the plan. For example, if you must pay the full cost of a Prescription Drug Product to the retail Network Pharmacy because you did not have your ID card, then you must submit a claim to Cigna for any reimbursement or benefit you believe is due to you under this plan. If, under this example, your payment to the retail Network Pharmacy for the covered Prescription Drug Product exceeds any applicable copay, then you will be reimbursed the difference, if any, between the applicable copay and the Prescription Drug Charge for the Prescription Drug Product.

HC-PHR273 01-19
V1

Exclusions, Expenses Not Covered and General Limitations

Exclusions and Expenses Not Covered

Additional coverage limitations determined by plan or provider type are shown in The Schedule. Payment for the following is specifically excluded from this plan:

- care for health conditions that are required by state or local law to be treated in a public facility.
- care required by state or federal law to be supplied by a public school system or school district.
- care for military service disabilities treatable through governmental services if you are legally entitled to such treatment and facilities are reasonably available.
- treatment of an Injury or Sickness which is due to war, declared, or undeclared.
- charges which you are not obligated to pay or for which you are not billed or for which you would not have been billed except that they were covered under this plan. For example, if Cigna determines that a provider or Pharmacy is or has waived, reduced, or forgiven any portion of its charges and/or any portion of Copayment, Deductible, and/or Coinsurance amount(s) you are required to pay for a Covered Expense (as shown on The Schedule) without Cigna's express consent, then Cigna in its sole discretion

shall have the right to deny the payment of benefits in connection with the Covered Expense, or reduce the benefits in proportion to the amount of the Copayment, Deductible, and/or Coinsurance amounts waived, forgiven or reduced, regardless of whether the provider or Pharmacy represents that you remain responsible for any amounts that your plan does not cover. In the exercise of that discretion, Cigna shall have the right to require you to provide proof sufficient to Cigna that you have made your required cost share payment(s) prior to the payment of any benefits by Cigna. This exclusion includes, but is not limited to, charges of a non-Participating Provider who has agreed to charge you or charged you at an In-Network benefits level or some other benefits level not otherwise applicable to the services received.

- charges arising out of or relating to any violation of a healthcare-related state or federal law or which themselves are a violation of a healthcare-related state or federal law.
- assistance in the activities of daily living, including but not limited to eating, bathing, dressing or other Custodial Services or self-care activities, homemaker services and services primarily for rest, domiciliary or convalescent care.
- for or in connection with experimental, investigational or unproven services.

  Experimental, investigational and unproven services are medical, surgical, diagnostic, psychiatric, substance use disorder or other health care technologies, supplies, treatments, procedures, drug or Biologic therapies or devices that are determined by the utilization review Physician to be:

  - not approved by the U.S. Food and Drug Administration (FDA) or other appropriate regulatory agency to be lawfully marketed;
  - not demonstrated, through existing peer-reviewed, evidence-based, scientific literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed;
  - the subject of review or approval by an Institutional Review Board for the proposed use except as provided in the “Clinical Trials” sections of this plan; or
  - the subject of an ongoing phase I, II or III clinical trial, except for routine patient care costs related to qualified clinical trials as provided in the “Clinical Trials” sections of this plan.

  In determining whether any such technologies, supplies, treatments, drug or Biologic therapies, or devices are experimental, investigational, and/or unproven, the utilization review Physician may rely on the clinical coverage policies maintained by Cigna or the Review Organization. Clinical coverage policies may incorporate, without limitation and as applicable, criteria relating to U.S. Food and Drug Administration-approved labeling, the standard medical reference compendia and peer-reviewed, evidence-based scientific literature or guidelines.
- cosmetic surgery and therapies. Cosmetic surgery or therapy is defined as surgery or therapy performed to improve or alter appearance or self-esteem.
- the following services are excluded from coverage regardless of clinical indications: macromastia or gynecomastia surgeries; abdominoplasty; panniculectomy; rhinoplasty; blepharoplasty; redundant skin surgery; removal of skin tags; acupressure; craniosacral/cranial therapy; dance therapy; movement therapy; applied kinesiology; rolfing; prolotherapy; and extracorporeal shock wave lithotripsy (ESWL) for musculoskeletal and orthopedic conditions.
- dental treatment of the teeth, gums or structures directly supporting the teeth, including dental X-rays, examinations, repairs, orthodontics, periodontics, casts, splints and services for dental malocclusion, for any condition. Charges made for services or supplies provided for or in connection with an accidental Injury to teeth are covered provided a continuous course of dental treatment is started within six months of an accident.
- for medical and surgical services intended primarily for the treatment or control of obesity. However, treatment of clinically severe obesity, as defined by the Body Mass Index (BMI) classifications of the National Heart, Lung, and Blood Institute (NHLBI) guideline is covered only at approved centers if the services are demonstrated, through existing peer-reviewed, evidence-based, scientific literature and scientifically based guidelines, to be safe and effective for treatment of the condition. Clinically severe obesity is defined by the NHLBI as a BMI of 40 or greater without comorbidities, or 35-39 with comorbidities. The following are specifically excluded:

  - medical and surgical services to alter appearances or physical changes that are the result of any surgery performed for the management of obesity or clinically severe (morbid) obesity; and
  - weight loss programs or treatments, whether prescribed or recommended by a Physician or under medical supervision.
- unless otherwise covered in this plan, for reports, evaluations, physical examinations, or hospitalization not required for health reasons, including but not limited to employment, insurance or government licenses, and court-ordered, forensic or custodial evaluations.
- court-ordered treatment or hospitalization, unless such treatment is prescribed by a Physician and listed as covered in this plan.

- infertility services including infertility drugs, surgical or medical treatment programs for infertility, including in vitro fertilization, gamete intrafallopian transfer (GIFT), zygote intrafallopian transfer (ZIFT), variations of these procedures, and any costs associated with the collection, washing, preparation or storage of sperm for artificial insemination (including donor fees). Cryopreservation of donor sperm and eggs is also excluded from coverage.
- reversal of male or female voluntary sterilization procedures.
- for treatment of erectile dysfunction. However, penile implants are covered when an established medical condition is the cause of erectile dysfunction, anorgasmy, and premature ejaculation.
- medical and Hospital care and costs for the infant child of a Dependent, unless this infant child is otherwise eligible under this plan.
- non-medical counseling and/or ancillary services, including but not limited to Custodial Services, educational services, vocational counseling, training and, rehabilitation services, behavioral training, biofeedback, neurofeedback, hypnosis, sleep therapy, return to work services, work hardening programs and driver safety courses.
- therapy or treatment intended primarily to improve or maintain general physical condition or for the purpose of enhancing job, school, athletic or recreational performance, including but not limited to routine, long term, or maintenance care which is provided after the resolution of the acute medical problem and when significant therapeutic improvement is not expected.
- consumable medical supplies other than ostomy supplies and urinary catheters. Excluded supplies include, but are not limited to bandages and other disposable medical supplies, skin preparations and test strips, except as specified in the "Home Health Care Services" or "Breast Reconstruction and Breast Prostheses" sections of this plan.
- private Hospital rooms and/or private duty nursing except as provided under the Home Health Care Services provision.
- personal or comfort items such as personal care kits provided on admission to a Hospital, television, telephone, newborn infant photographs, complimentary meals, birth announcements, and other articles which are not for the specific treatment of an Injury or Sickness.
- artificial aids, including but not limited to corrective orthopedic shoes, arch supports, elastic stockings, garter belts, corsets, dentures and wigs.
- hearing aids, including but not limited to semi-implantable hearing devices, audiant bone conductors and Bone Anchored Hearing Aids (BAHAs). A hearing aid is any device that amplifies sound.
- aids or devices that assist with non-verbal communications, including but not limited to communication boards, pre-recorded speech devices, laptop computers, desktop computers, Personal Digital Assistants (PDAs), Braille typewriters, visual alert systems for the deaf and memory books.
- eyeglass lenses and frames and contact lenses (except for the first pair of contact lenses or the first set of eyeglass lenses and frames, and associated services, for treatment of keratoconus or following cataract surgery).
- routine refractions, eye exercises and surgical treatment for the correction of a refractive error, including radial keratotomy.
- all non-injectable prescription drugs, unless Physician administration or oversight is required, injectable prescription drugs to the extent they do not require Physician supervision and are typically considered self-administered drugs, non-prescription drugs, and investigational and experimental drugs, except as provided in this plan.
- routine foot care, including the paring and removing of corns and calluses and toenail maintenance. However, foot care services for diabetes, peripheral neuropathies and peripheral vascular disease are covered when Medically Necessary.
- membership costs or fees associated with health clubs, weight loss programs and smoking cessation programs.
- genetic screening or pre-implantations genetic screening. General population-based genetic screening is a testing method performed in the absence of any symptoms or any significant, proven risk factors for genetically linked inheritable disease.
- dental implants for any condition.
- fees associated with the collection or donation of blood or blood products, except for autologous donation in anticipation of scheduled services where in the utilization review Physician's opinion the likelihood of excess blood loss is such that transfusion is an expected adjunct to surgery.
- blood administration for the purpose of general improvement in physical condition.
- cost of biologicals that are immunizations or medications for the purpose of travel, or to protect against occupational hazards and risks.
- cosmetics, dietary supplements and health and beauty aids.
- enteral feedings, supplies and specially formulated medical foods that are prescribed and non-prescribed, except for infant formula needed for the treatment of inborn errors of metabolism.

- for or in connection with an Injury or Sickness arising out of, or in the course of, any employment for wage or profit.
- massage therapy.
- products and supplies associated with the administration of medications that are available to be covered under the Prescription Drug Benefit. Such products and supplies include but are not limited to therapeutic Continuous Glucose Monitor (CGM) sensors and transmitters and insulin pods.
- expenses incurred by a participant to the extent reimbursable under automobile insurance coverage. Coverage under this plan is secondary to automobile no-fault insurance or similar coverage. The coverage provided under this plan does not constitute "Qualified Health Coverage" under Michigan law and therefore does not replace Personal Injury Protection (PIP) coverage provided under an automobile insurance policy issued to a Michigan resident. This plan will cover expenses only not otherwise covered by the PIP coverage.

General Limitations

No payment will be made for expenses incurred for you or any one of your Dependents:

- for charges by a Hospital owned or operated by or which provides care or performs services for, the United States Government, if such charges are directly related to a military-service-connected Injury or Sickness.
- to the extent that you or any one of your Dependents is in any way paid or entitled to payment for those expenses by or through a public program, other than Medicaid.
- to the extent that payment is unlawful where the person resides when the expenses are incurred.
- for charges which would not have been made if the person had no insurance.
- to the extent that they are more than Maximum Reimbursable Charges.
- to the extent of the exclusions imposed by any certification requirement shown in this plan.
- expenses for supplies, care, treatment, or surgery that are not Medically Necessary.
- charges by any covered provider who is a member of your family or your Dependent's family.
- expenses incurred outside the United States other than expenses for Medically Necessary urgent or emergent care while temporarily traveling abroad.

HC-EXC466 01-22

Coordination of Benefits

This section applies if you or any one of your Dependents is covered under more than one Plan and determines how benefits payable from all such Plans will be coordinated. You should file all claims with each Plan.

Definitions

For the purposes of this section, the following terms have the meanings set forth below:

Plan

Any of the following that provides benefits or services for medical care or treatment:

- Group insurance and/or group-type coverage, whether insured or self-insured which neither can be purchased by the general public, nor is individually underwritten, including closed panel coverage.
- Coverage under Medicare and other governmental benefits as permitted by law, excepting Medicaid and Medicare supplement policies.
- Medical benefits coverage of group, group-type, and individual automobile contracts.

Each Plan or part of a Plan which has the right to coordinate benefits will be considered a separate Plan.

Closed Panel Plan

A Plan that provides medical or dental benefits primarily in the form of services through a panel of employed or contracted providers, and that limits or excludes benefits provided by providers outside of the panel, except in the case of emergency or if referred by a provider within the panel.

Primary Plan

The Plan that determines and provides or pays benefits without taking into consideration the existence of any other Plan.

Secondary Plan

A Plan that determines, and may reduce its benefits after taking into consideration, the benefits provided or paid by the Primary Plan. A Secondary Plan may also recover from the Primary Plan the Reasonable Cash Value of any services it provided to you.

Allowable Expense

The amount of charges considered for payment under the Plan for a Covered Service prior to any reductions due to coinsurance, copayment or deductible amounts. If Cigna contracts with an entity to arrange for the provision of Covered Services through that entity's contracted network of health care providers, the amount that Cigna has agreed to pay that entity is the allowable amount used to determine your coinsurance or deductible payments. If the Plan provides

benefits in the form of services, the Reasonable Cash Value of each service is the Allowable Expense and is a paid benefit.

Examples of expenses or services that are not Allowable Expenses include, but are not limited to the following:

- An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an Allowable Expense.
- If you are confined to a private Hospital room and no Plan provides coverage for more than a semiprivate room, the difference in cost between a private and semiprivate room is not an Allowable Expense.
- If you are covered by two or more Plans that provide services or supplies on the basis of reasonable and customary fees, any amount in excess of the highest reasonable and customary fee is not an Allowable Expense.
- If you are covered by one Plan that provides services or supplies on the basis of reasonable and customary fees and one Plan that provides services and supplies on the basis of negotiated fees, the Primary Plan's fee arrangement shall be the Allowable Expense.
- If your benefits are reduced under the Primary Plan (through the imposition of a higher copayment amount, higher coinsurance percentage, a deductible and/or a penalty) because you did not comply with Plan provisions or because you did not use a preferred provider, the amount of the reduction is not an Allowable Expense. Such Plan provisions include second surgical opinions and precertification of admissions or services.

Claim Determination Period

A calendar year, but does not include any part of a year during which you are not covered under this policy or any date before this section or any similar provision takes effect.

Reasonable Cash Value

An amount which a duly licensed provider of health care services usually charges patients and which is within the range of fees usually charged for the same service by other health care providers located within the immediate geographic area where the health care service is rendered under similar or comparable circumstances.

Order of Benefit Determination Rules

A Plan that does not have a coordination of benefits rule consistent with this section shall always be the Primary Plan. If the Plan does have a coordination of benefits rule consistent with this section, the first of the following rules that applies to the situation is the one to use:

- The Plan that covers you as an enrollee or an employee shall be the Primary Plan and the Plan that covers you as a Dependent shall be the Secondary Plan;
- If you are a Dependent child whose parents are not divorced or legally separated, the Primary Plan shall be the Plan which covers the parent whose birthday falls first in the calendar year as an enrollee or employee;
- If you are the Dependent of divorced or separated parents, benefits for the Dependent shall be determined in the following order:
  - first, if a court decree states that one parent is responsible for the child's healthcare expenses or health coverage and the Plan for that parent has actual knowledge of the terms of the order, but only from the time of actual knowledge;
  - then, the Plan of the parent with custody of the child;
  - then, the Plan of the spouse of the parent with custody of the child;
  - then, the Plan of the parent not having custody of the child; and
  - finally, the Plan of the spouse of the parent not having custody of the child.
- The Plan that covers you as an active employee (or as that employee's Dependent) shall be the Primary Plan and the Plan that covers you as laid-off or retired employee (or as that employee's Dependent) shall be the Secondary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- The Plan that covers you under a right of continuation which is provided by federal or state law shall be the Secondary Plan and the Plan that covers you as an active employee or retiree (or as that employee's Dependent) shall be the Primary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- If one of the Plans that covers you is issued out of the state whose laws govern this Policy, and determines the order of benefits based upon the gender of a parent, and as a result, the Plans do not agree on the order of benefit determination, the Plan with the gender rules shall determine the order of benefits.

If none of the above rules determines the order of benefits, the Plan that has covered you for the longer period of time shall be primary.

When coordinating benefits with Medicare, this Plan will be the Secondary Plan and determine benefits after Medicare, where permitted by the Social Security Act of 1965, as amended. However, when more than one Plan is secondary to Medicare, the benefit determination rules identified above, will be used to determine how benefits will be coordinated.

Effect on the Benefits of This Plan

If this Plan is the Secondary Plan, this Plan may reduce benefits so that the total benefits paid by all Plans during a Claim Determination Period are not more than 100% of the total of all Allowable Expenses.

The difference between the amount that this Plan would have paid if this Plan had been the Primary Plan, and the benefit payments that this Plan had actually paid as the Secondary Plan, will be recorded as a benefit reserve for you. Cigna will use this benefit reserve to pay any Allowable Expense not otherwise paid during the Claim Determination Period.

As each claim is submitted, Cigna will determine the following:

- Cigna's obligation to provide services and supplies under this policy;
- whether a benefit reserve has been recorded for you; and
- whether there are any unpaid Allowable Expenses during the Claims Determination Period.

If there is a benefit reserve, Cigna will use the benefit reserve recorded for you to pay up to 100% of the total of all Allowable Expenses. At the end of the Claim Determination Period, your benefit reserve will return to zero and a new benefit reserve will be calculated for each new Claim Determination Period.

Recovery of Excess Benefits

If Cigna pays charges for benefits that should have been paid by the Primary Plan, or if Cigna pays charges in excess of those for which we are obligated to provide under the Policy, Cigna will have the right to recover the actual payment made or the Reasonable Cash Value of any services.

Cigna will have sole discretion to seek such recovery from any person to, or for whom, or with respect to whom, such services were provided or such payments made by any insurance company, healthcare Plan or other organization. If we request, you must execute and deliver to us such instruments and documents as we determine are necessary to secure the right of recovery.

Right to Receive and Release Information

Cigna, without consent or notice to you, may obtain information from and release information to any other Plan with respect to you in order to coordinate your benefits pursuant to this section. You must provide us with any information we request in order to coordinate your benefits pursuant to this section. This request may occur in connection with a submitted claim; if so, you will be advised that the "other coverage" information, (including an Explanation of Benefits paid under the Primary Plan) is required before the claim will be processed for payment. If no response is received within 55 days of the request, the claim will be closed. If the requested information is subsequently received, the claim will be processed.

Coordination of Benefits with Medicare

If you, your spouse, or your Dependent are covered under this Plan and qualify for Medicare, federal law determines which Plan is the primary payer and which is the secondary payer. The primary payer always determines covered benefits first, without considering what any other coverage will pay. The secondary payer determines its coverage only after the Primary Plan has completed its determination.

When Medicare is the Primary Payer

Medicare will be the primary payer and this Plan will be the secondary payer, even if you don't elect to enroll in Medicare or you receive services from a provider who does not accept Medicare payments, in the following situations:

- COBRA or State Continuation: You, your spouse, or your covered Dependent qualify for Medicare for any reason and are covered under this Plan due to COBRA or state continuation of coverage.
- Retirement or Termination of Employment: You, your spouse, or your covered Dependent qualify for Medicare for any reason and are covered under this Plan due to your retirement or termination of employment.
- Disability: You, your spouse, or your covered Dependent qualify for Medicare due to a disability, you are an active Employee, and your Employer has fewer than 100 employees.
- Age: You, your spouse, or your covered Dependent qualify for Medicare due to age, you are an active Employee, and your Employer has fewer than 20 employees.
- End Stage Renal Disease (ESRD): You, your spouse, or your covered Dependent qualify for Medicare due to End Stage Renal Disease (ESRD) and you are an active or retired Employee. This Plan will be the primary payer for the first 30 months. Beginning with the 31st month, Medicare will be the primary payer.

When This Plan is the Primary Payer

This Plan will be the primary payer and Medicare will be the secondary payer in the following situations:

- Disability: You, your spouse, or your covered Dependent qualify for Medicare due to a disability, you are an active Employee, and your Employer has 100 or more employees.
- Age: You, your spouse, or your covered Dependent qualify for Medicare due to age, you are an active Employee, and your Employer has 20 or more employees.
- End Stage Renal Disease (ESRD): You, your spouse, or your covered Dependent qualify for Medicare due to End Stage Renal Disease (ESRD) and you are an active or retired Employee. This Plan is the primary payer for the first

30 months. Beginning with the 31st month, Medicare will be the primary payer.

Domestic Partners

Under federal law, when Medicare coverage is due to age, Medicare is always the primary payer and this Plan is the secondary payer for a person covered under this Plan as a Domestic Partner. However, when Medicare coverage is due to disability, the Disability payer explanations above will apply.

IMPORTANT: If you, your spouse, or your Dependent do not elect to enroll in Medicare Parts A and/or B when first eligible, or you receive services from a provider who does not accept Medicare payments, this Plan will calculate payment based on what should have been paid by Medicare as the primary payer if the person had been enrolled or had received services from a provider who accepts Medicare payments. A person is considered eligible for Medicare on the earliest date any coverage under Medicare could become effective.

Failure to Enroll in Medicare

If you, your spouse, or your Dependent do not enroll in Medicare Parts A and/or B during the person's initial Medicare enrollment period, or the person opts out of coverage, the person may be subject to Medicare late enrollment penalties, which can cause a delay in coverage and result in higher Medicare premiums when the person does enroll. It can also result in a reduction in coverage under Medicare Parts A and B. If you are planning to retire or terminate employment and you will be eligible for COBRA, state Continuation, or retiree coverage under this Plan, you should enroll in Medicare before you terminate employment to avoid penalties and to receive the maximum coverage under Medicare. Please consult Medicare or the Social Security Administration for more information.

Assistance with Medicare Questions

For more information on Medicare's rules and regulations, contact Medicare toll-free at 1-800-MEDICARE (1-800-633-4227) or at www.medicare.gov. You may also contact the Social Security Administration toll-free at 1-800-772-1213, at www.ssa.gov, or call your local Social Security Administration office.

HC-COB272 01-21

Expenses For Which A Third Party May Be Responsible

This plan does not cover:

- Expenses incurred by you or your Dependent (hereinafter individually and collectively referred to as a "Participant,") for which another party may be responsible as a result of having caused or contributed to an Injury or Sickness.
- Expenses incurred by a Participant to the extent any payment is received for them either directly or indirectly from a third party tortfeasor or as a result of a settlement, judgment or arbitration award in connection with any automobile medical, automobile no-fault, uninsured or underinsured motorist, homeowners, workers' compensation, government insurance (other than Medicaid), or similar type of insurance or coverage. The coverage under this plan is secondary to any automobile no-fault insurance or similar coverage.

Subrogation/Right of Reimbursement

If a Participant incurs a Covered Expense for which, in the opinion of the plan or its claim administrator, another party may be responsible or for which the Participant may receive payment as described above:

- Subrogation: The plan shall, to the extent permitted by law, be subrogated to all rights, claims or interests that a Participant may have against such party and shall automatically have a lien upon the proceeds of any recovery by a Participant from such party to the extent of any benefits paid under the plan. A Participant or his/her representative shall execute such documents as may be required to secure the plan's subrogation rights.
- Right of Reimbursement: The plan is also granted a right of reimbursement from the proceeds of any recovery whether by settlement, judgment, or otherwise. This right of reimbursement is cumulative with and not exclusive of the subrogation right granted in paragraph 1, but only to the extent of the benefits provided by the plan.

Lien of the Plan

By accepting benefits under this plan, a Participant:

- grants a lien and assigns to the plan an amount equal to the benefits paid under the plan against any recovery made by or on behalf of the Participant which is binding on any attorney or other party who represents the Participant whether or not an agent of the Participant or of any insurance company or other financially responsible party against whom a Participant may have a claim provided said attorney, insurance carrier or other party has been notified by the plan or its agents;

- agrees that this lien shall constitute a charge against the proceeds of any recovery and the plan shall be entitled to assert a security interest thereon;
- agrees to hold the proceeds of any recovery in trust for the benefit of the plan to the extent of any payment made by the plan.

Additional Terms

- No adult Participant hereunder may assign any rights that it may have to recover medical expenses from any third party or other person or entity to any minor Dependent of said adult Participant without the prior express written consent of the plan. The plan's right to recover shall apply to decedents', minors', and incompetent or disabled persons' settlements or recoveries.
- No Participant shall make any settlement, which specifically reduces or excludes, or attempts to reduce or exclude, the benefits provided by the plan.
- The plan's right of recovery shall be a prior lien against any proceeds recovered by the Participant. This right of recovery shall not be defeated nor reduced by the application of any so-called "Made-Whole Doctrine", "Rimes Doctrine", or any other such doctrine purporting to defeat the plan's recovery rights by allocating the proceeds exclusively to non-medical expense damages.
- No Participant hereunder shall incur any expenses on behalf of the plan in pursuit of the plan's rights hereunder, specifically; no court costs, attorneys' fees or other representatives' fees may be deducted from the plan's recovery without the prior express written consent of the plan. This right shall not be defeated by any so-called "Fund Doctrine", "Common Fund Doctrine", or "Attorney's Fund Doctrine".
- The plan shall recover the full amount of benefits provided hereunder without regard to any claim of fault on the part of any Participant, whether under comparative negligence or otherwise.
- The plan hereby disavows all equitable defenses in pursuit of its right of recovery. The plan's subrogation or recovery rights are neither affected nor diminished by equitable defenses.
- In the event that a Participant shall fail or refuse to honor its obligations hereunder, then the plan shall be entitled to recover any costs incurred in enforcing the terms hereof including, but not limited to, attorney's fees, litigation, court costs, and other expenses. The plan shall also be entitled to offset the reimbursement obligation against any entitlement to future medical benefits hereunder until the Participant has fully complied with his reimbursement obligations hereunder, regardless of how those future medical benefits are incurred.
- Any reference to state law in any other provision of this plan shall not be applicable to this provision, if the plan is governed by ERISA. By acceptance of benefits under the plan, the Participant agrees that a breach hereof would cause irreparable and substantial harm and that no adequate remedy at law would exist. Further, the Plan shall be entitled to invoke such equitable remedies as may be necessary to enforce the terms of the plan, including, but not limited to, specific performance, restitution, the imposition of an equitable lien and/or constructive trust, as well as injunctive relief.
- Participants must assist the plan in pursuing any subrogation or recovery rights by providing requested information.

HC-SUB128 03-20

Payment of Benefits

Assignment and Payment of Benefits

You may not assign to any party, including, but not limited to, a provider of healthcare services/items, your right to benefits under this plan, nor may you assign any administrative, statutory, or legal rights or causes of action you may have under ERISA, including, but not limited to, any right to make a claim for plan benefits, to request plan or other documents, to file appeals of denied claims or grievances, or to file lawsuits under ERISA. Any attempt to assign such rights shall be void and unenforceable under all circumstances.

You may, however, authorize Cigna to pay any healthcare benefits under this policy to a Participating or Non-Participating Provider. When you authorize the payment of your healthcare benefits to a Participating or Non-Participating Provider, you authorize the payment of the entire amount of the benefits due on that claim. If a provider is overpaid because of accepting duplicate payments from you and Cigna, it is the provider's responsibility to reimburse the overpayment to you. Cigna may pay all healthcare benefits for Covered Expenses directly to a Participating Provider without your authorization. You may not interpret or rely upon this discrete authorization or permission to pay any healthcare benefits to a Participating or Non-Participating Provider as the authority to assign any other rights under this policy to any party, including, but not limited to, a provider of healthcare services/items.

Even if the payment of healthcare benefits to a Non-Participating Provider has been authorized by you, Cigna may, at its option, make payment of benefits to you. When benefits are paid to you or your Dependent, you or your Dependents are responsible for reimbursing the Non-Participating Provider.

If any person to whom benefits are payable is a minor or, in the opinion of Cigna is not able to give a valid receipt for any payment due him, such payment will be made to his legal guardian. If no request for payment has been made by his legal guardian, Cigna may, at its option, make payment to the person or institution appearing to have assumed his custody and support.

When one of our participants passes away, Cigna may receive notice that an executor of the estate has been established. The executor has the same rights as our insured and benefit payments for unassigned claims should be made payable to the executor.

Payment as described above will release Cigna from all liability to the extent of any payment made.

Recovery of Overpayment

When an overpayment has been made by Cigna, Cigna will have the right at any time to: recover that overpayment from the person to whom or on whose behalf it was made; or offset the amount of that overpayment from a future claim payment. In addition, your acceptance of benefits under this plan and/or assignment of Medical Benefits separately creates an equitable lien by agreement pursuant to which Cigna may seek recovery of any overpayment. You agree that Cigna, in seeking recovery of any overpayment as a contractual right or as an equitable lien by agreement, may pursue the general assets of the person or entity to whom or on whose behalf the overpayment was made.

Calculation of Covered Expenses

Cigna, in its discretion, will calculate Covered Expenses following evaluation and validation of all provider billings in accordance with:

- the methodologies in the most recent edition of the Current Procedural terminology.
- the methodologies as reported by generally recognized professionals or publications.

HC-POB132 01-19

Termination of Insurance

Employees

Your insurance will cease on the earliest date below:

- the date you cease to be in a Class of Eligible Employees or cease to qualify for the insurance.
- the last day for which you have made any required contribution for the insurance.
- the date the policy is cancelled.
- the last day of the calendar month in which your Active Service ends except as described below.

Any continuation of insurance must be based on a plan which precludes individual selection.

Temporary Layoff or Leave of Absence

If your Active Service ends due to temporary layoff or leave of absence, your insurance will be continued until the date as determined by your Employer.

Injury or Sickness

If your Active Service ends due to an Injury or Sickness, your insurance will be continued while you remain totally and continuously disabled as a result of the Injury or Sickness. However, your insurance will not continue past the date your Employer cancels your insurance.

Dependents

Your insurance for all of your Dependents will cease on the earliest date below:

- the date your insurance ceases.
- the date you cease to be eligible for Dependent Insurance.
- the last day for which you have made any required contribution for the insurance.
- the date Dependent Insurance is cancelled.

The insurance for any one of your Dependents will cease on the date that Dependent no longer qualifies as a Dependent.

HC-TRM128 12-17

Rescissions

Your coverage may not be rescinded (retroactively terminated) by Cigna or the plan sponsor unless the plan sponsor or an individual (or a person seeking coverage on behalf of the individual) performs an act, practice or omission that constitutes fraud; or the plan sponsor or individual (or a person seeking coverage on behalf of the individual) makes an intentional misrepresentation of material fact.

HC-TRM80 01-11

Medical Benefits Extension Upon Policy Cancellation

If the Medical Benefits under this plan cease for you or your Dependent due to cancellation of the policy, and you or your Dependent is Totally Disabled on that date due to an Injury,

Sickness or pregnancy, Medical Benefits will be paid for Covered Expenses incurred in connection with that Injury, Sickness or pregnancy. However, no benefits will be paid after the earliest of:

- the date you exceed the Maximum Benefit, if any, shown in the Schedule;
- the date a succeeding carrier agrees to provide coverage without limitation for the disabling condition;
- the date you are no longer Totally Disabled;
- 12 months from the date the policy is canceled; or
- for pregnancy, until delivery.

Totally Disabled

You will be considered Totally Disabled if, because of an Injury or a Sickness:

- you are unable to perform the basic duties of your occupation; and
- you are not performing any other work or engaging in any other occupation for wage or profit.

Your Dependent will be considered Totally Disabled if, because of an Injury or a Sickness:

- he is unable to engage in the normal activities of a person of the same age, sex and ability; or
- in the case of a Dependent who normally works for wage or profit, he is not performing such work.

HC-BEX42 04-11

Federal Requirements

The following pages explain your rights and responsibilities under federal laws and regulations. Some states may have similar requirements. If a similar provision appears elsewhere in this booklet, the provision which provides the better benefit will apply.

HC-FED1 10-10

Notice of Provider Directory/Networks

Notice Regarding Provider Directories and Provider Networks

A list of network providers is available to you without charge by visiting the website or by calling the phone number on your ID card. The network consists of providers, including hospitals, of varied specialties as well as general practice, affiliated or contracted with Cigna or an organization contracting on its behalf.

Notice Regarding Pharmacy Directories and Pharmacy Networks

A list of network pharmacies is available to you without charge by visiting the website or by calling the phone number on your ID card. The network consists of pharmacies affiliated or contracted with Cigna or an organization contracting on its behalf.

HC-FED78 10-10

Qualified Medical Child Support Order (QMCSO)

Eligibility for Coverage Under a QMCSO

If a Qualified Medical Child Support Order (QMCSO) is issued for your child, that child will be eligible for coverage as required by the order and you will not be considered a Late Entrant for Dependent Insurance.

You must notify your Employer and elect coverage for that child, and yourself if you are not already enrolled, within 31 days of the QMCSO being issued.

Qualified Medical Child Support Order Defined

A Qualified Medical Child Support Order is a judgment, decree or order (including approval of a settlement agreement) or administrative notice, which is issued pursuant to a state domestic relations law (including a community property law), or to an administrative process, which provides for child support or provides for health benefit coverage to such child and relates to benefits under the group health plan, and satisfies all of the following:

- the order recognizes or creates a child's right to receive group health benefits for which a participant or beneficiary is eligible;
- the order specifies your name and last known address, and the child's name and last known address, except that the name and address of an official of a state or political subdivision may be substituted for the child's mailing address;
- the order provides a description of the coverage to be provided, or the manner in which the type of coverage is to be determined;
- the order states the period to which it applies; and
- if the order is a National Medical Support Notice completed in accordance with the Child Support Performance and Incentive Act of 1998, such Notice meets the requirements above.

The QMCSO may not require the health insurance policy to provide coverage for any type or form of benefit or option not otherwise provided under the policy, except that an order may require a plan to comply with State laws regarding health care coverage.

Payment of Benefits

Any payment of benefits in reimbursement for Covered Expenses paid by the child, or the child's custodial parent or legal guardian, shall be made to the child, the child's custodial parent or legal guardian, or a state official whose name and address have been substituted for the name and address of the child.

HC-FED4 10-10

Special Enrollment Rights Under the Health Insurance Portability & Accountability Act (HIPAA)

If you or your eligible Dependent(s) experience a special enrollment event as described below, you or your eligible Dependent(s) may be entitled to enroll in the Plan outside of a designated enrollment period upon the occurrence of one of the special enrollment events listed below. If you are already enrolled in the Plan, you may request enrollment for you and your eligible Dependent(s) under a different option offered by the Employer for which you are currently eligible. If you are not already enrolled in the Plan, you must request special enrollment for yourself in addition to your eligible Dependent(s). You and all of your eligible Dependent(s) must be covered under the same option. The special enrollment events include:

- **Acquiring a new Dependent.** If you acquire a new Dependent(s) through marriage, birth, adoption or placement for adoption, you may request special enrollment for any of the following combinations of individuals if not already enrolled in the Plan: Employee only; spouse only; Employee and spouse; Dependent child(ren) only; Employee and Dependent child(ren); Employee, spouse and Dependent child(ren). Enrollment of Dependent children is limited to the newborn or adopted children or children who became Dependent children of the Employee due to marriage.
- **Loss of eligibility for State Medicaid or Children's Health Insurance Program (CHIP).** If you and/or your Dependent(s) were covered under a state Medicaid or CHIP plan and the coverage is terminated due to a loss of eligibility, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after termination of Medicaid or CHIP coverage.
- **Loss of eligibility for other coverage (excluding continuation coverage).** If coverage was declined under this Plan due to coverage under another plan, and eligibility for the other coverage is lost, you and all of your eligible Dependent(s) may request special enrollment in this Plan. If required by the Plan, when enrollment in this Plan was previously declined, it must have been declined in writing with a statement that the reason for declining enrollment was due to other health coverage. This provision applies to loss of eligibility as a result of any of the following:
  - divorce or legal separation;
  - cessation of Dependent status (such as reaching the limiting age);
  - death of the Employee;
  - termination of employment;
  - reduction in work hours to below the minimum required for eligibility;
  - you or your Dependent(s) no longer reside, live or work in the other plan's network service area and no other coverage is available under the other plan;
  - you or your Dependent(s) incur a claim which meets or exceeds the lifetime maximum limit that is applicable to all benefits offered under the other plan; or
  - the other plan no longer offers any benefits to a class of similarly situated individuals.
- **Termination of Employer contributions (excluding continuation coverage).** If a current or former Employer ceases all contributions toward the Employee's or Dependent's other coverage, special enrollment may be requested in this Plan for you and all of your eligible Dependent(s).
- **Exhaustion of COBRA or other continuation coverage.** Special enrollment may be requested in this Plan for you and all of your eligible Dependent(s) upon exhaustion of COBRA or other continuation coverage. If you or your Dependent(s) elect COBRA or other continuation coverage following loss of coverage under another plan, the COBRA or other continuation coverage must be exhausted before any special enrollment rights exist under this Plan. An individual is considered to have exhausted COBRA or other continuation coverage only if such coverage ceases: due to failure of the Employer or other responsible entity to remit premiums on a timely basis; when the person no longer resides or works in the other plan's service area and there is no other COBRA or continuation coverage available under the plan; or when the individual incurs a claim that would meet or exceed a lifetime maximum limit on all benefits and there is no other COBRA or other continuation coverage

available to the individual. This does not include termination of an Employer's limited period of contributions toward COBRA or other continuation coverage as provided under any severance or other agreement.

- **Eligibility for employment assistance under State Medicaid or Children's Health Insurance Program (CHIP).** If you and/or your Dependent(s) become eligible for assistance with group health plan premium payments under a state Medicaid or CHIP plan, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after the date you are determined to be eligible for assistance.

Except as stated above, special enrollment must be requested within 30 days after the occurrence of the special enrollment event. If the special enrollment event is the birth or adoption of a Dependent child, coverage will be effective immediately on the date of birth, adoption or placement for adoption. Coverage with regard to any other special enrollment event will be effective no later than the first day of the first calendar month following receipt of the request for special enrollment.

Domestic Partners and their children (if not legal children of the Employee) are not eligible for special enrollment.

HC-FED96 04-17

Effect of Section 125 Tax Regulations on This Plan

Your Employer has chosen to administer this Plan in accordance with Section 125 regulations of the Internal Revenue Code. Per this regulation, you may agree to a pretax salary reduction put toward the cost of your benefits. Otherwise, you will receive your taxable earnings as cash (salary).

A. Coverage elections

Per Section 125 regulations, you are generally allowed to enroll for or change coverage only before each annual benefit period. However, exceptions are allowed:

- if you meet Special Enrollment criteria and enroll as described in the Special Enrollment section; or
- if your Employer agrees, and you meet the criteria shown in the following Sections B through H and enroll for or change coverage within the time period established by your Employer.

B. Change of status

A change in status is defined as:

- change in legal marital status due to marriage, death of a spouse, divorce, annulment or legal separation;
- change in number of Dependents due to birth, adoption, placement for adoption, or death of a Dependent;
- change in employment status of Employee, spouse or Dependent due to termination or start of employment, strike, lockout, beginning or end of unpaid leave of absence, including under the Family and Medical Leave Act (FMLA), or change in worksite;
- changes in employment status of Employee, spouse or Dependent resulting in eligibility or ineligibility for coverage;
- change in residence of Employee, spouse or Dependent to a location outside of the Employer's network service area; and
- changes which cause a Dependent to become eligible or ineligible for coverage.

C. Court order

A change in coverage due to and consistent with a court order of the Employee or other person to cover a Dependent.

D. Medicare or Medicaid eligibility/entitlement

The Employee, spouse or Dependent cancels or reduces coverage due to entitlement to Medicare or Medicaid, or enrolls or increases coverage due to loss of Medicare or Medicaid eligibility.

E. Change in cost of coverage

If the cost of benefits increases or decreases during a benefit period, your Employer may, in accordance with plan terms, automatically change your elective contribution.

When the change in cost is significant, you may either increase your contribution or elect less-costly coverage. When a significant overall reduction is made to the benefit option you have elected, you may elect another available benefit option. When a new benefit option is added, you may change your election to the new benefit option.

F. Changes in coverage of spouse or Dependent under another employer's plan

You may make a coverage election change if the plan of your spouse or Dependent: incurs a change such as adding or deleting a benefit option; allows election changes due to Special Enrollment, Change in Status, Court Order or Medicare or Medicaid Eligibility/Entitlement; or this Plan and the other plan have different periods of coverage or open enrollment periods.

G. Reduction in work hours

If an Employee's work hours are reduced below 30 hours/week (even if it does not result in the Employee losing eligibility for the Employer's coverage); and the Employee (and family) intend to enroll in another plan that provides Minimum Essential Coverage (MEC). The new coverage must be effective no later than the 1st day of the 2nd month following the month that includes the date the original coverage is revoked.

H. Enrollment in a Qualified Health Plan (QHP)

The Employee must be eligible for a Special Enrollment Period to enroll in a QHP through a Marketplace or the Employee wants to enroll in a QHP through a Marketplace during the Marketplace's annual open enrollment period; and the disenrollment from the group plan corresponds to the intended enrollment of the Employee (and family) in a QHP through a Marketplace for new coverage effective beginning no later than the day immediately following the last day of the original coverage.

HC-FED95 04-17

Eligibility for Coverage for Adopted Children

Any child who is adopted by you, including a child who is placed with you for adoption, will be eligible for Dependent Insurance, if otherwise eligible as a Dependent, upon the date of placement with you. A child will be considered placed for adoption when you become legally obligated to support that child, totally or partially, prior to that child's adoption.

If a child placed for adoption is not adopted, all health coverage ceases when the placement ends, and will not be continued.

The provisions in the "Exception for Newborns" section of this document that describe requirements for enrollment and effective date of insurance will also apply to an adopted child or a child placed with you for adoption.

HC-FED67 09-14

Coverage for Maternity Hospital Stay

Group health plans and health insurance issuers offering group health insurance coverage generally may not, under a federal law known as the "Newborns' and Mothers' Health Protection Act": restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section; or require that a provider obtain authorization from the plan or insurance issuer for prescribing a length of stay not in excess of the above periods. The law generally does not prohibit an attending provider of the mother or newborn, in consultation with the mother, from discharging the mother or newborn earlier than 48 or 96 hours, as applicable.

Please review this Plan for further details on the specific coverage available to you and your Dependents.

HC-FED11 10-10

Women's Health and Cancer Rights Act (WHCRA)

Do you know that your plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema? Call Member Services at the toll free number listed on your ID card for more information.

HC-FED12 10-10

Group Plan Coverage Instead of Medicaid

If your income and liquid resources do not exceed certain limits established by law, the state may decide to pay premiums for this coverage instead of for Medicaid, if it is cost effective. This includes premiums for continuation coverage required by federal law.

HC-FED13 10-10

Requirements of Family and Medical Leave Act of 1993 (as amended) (FMLA)

Any provisions of the policy that provide for: continuation of insurance during a leave of absence; and reinstatement of

insurance following a return to Active Service; are modified by the following provisions of the federal Family and Medical Leave Act of 1993, as amended, where applicable:

Continuation of Health Insurance During Leave

Your health insurance will be continued during a leave of absence if:

- that leave qualifies as a leave of absence under the Family and Medical Leave Act of 1993, as amended; and
- you are an eligible Employee under the terms of that Act.

The cost of your health insurance during such leave must be paid, whether entirely by your Employer or in part by you and your Employer.

Reinstatement of Canceled Insurance Following Leave

Upon your return to Active Service following a leave of absence that qualifies under the Family and Medical Leave Act of 1993, as amended, any canceled insurance (health, life or disability) will be reinstated as of the date of your return.

You will not be required to satisfy any eligibility or benefit waiting period to the extent that they had been satisfied prior to the start of such leave of absence.

Your Employer will give you detailed information about the Family and Medical Leave Act of 1993, as amended.

HC-FED93 10-17

Uniformed Services Employment and Re-Employment Rights Act of 1994 (USERRA)

The Uniformed Services Employment and Re-employment Rights Act of 1994 (USERRA) sets requirements for continuation of health coverage and re-employment in regard to an Employee's military leave of absence. These requirements apply to medical and dental coverage for you and your Dependents. They do not apply to any Life, Short-term or Long-term Disability or Accidental Death & Dismemberment coverage you may have.

Continuation of Coverage

For leaves of less than 31 days, coverage will continue as described in the Termination section regarding Leave of Absence.

For leaves of 31 days or more, you may continue coverage for yourself and your Dependents as follows:

You may continue benefits by paying the required premium to your Employer, until the earliest of the following:

- 24 months from the last day of employment with the Employer;
- the day after you fail to return to work; and
- the date the policy cancels.

Your Employer may charge you and your Dependents up to 102% of the total premium.

Reinstatement of Benefits (applicable to all coverages)

If your coverage ends during the leave of absence because you do not elect USERRA at the expiration of USERRA and you are reemployed by your current Employer, coverage for you and your Dependents may be reinstated if you gave your Employer advance written or verbal notice of your military service leave, and the duration of all military leaves while you are employed with your current Employer does not exceed 5 years.

You and your Dependents will be subject to only the balance of a waiting period that was not yet satisfied before the leave began. However, if an Injury or Sickness occurs or is aggravated during the military leave, full Plan limitations will apply.

If your coverage under this plan terminates as a result of your eligibility for military medical and dental coverage and your order to active duty is canceled before your active duty service commences, these reinstatement rights will continue to apply.

HC-FED18 10-10

Claim Determination Procedures

The following complies with federal law. Provisions of applicable laws of your state may supersede.

Procedures Regarding Medical Necessity Determinations

In general, health services and benefits must be Medically Necessary to be covered under the plan. The procedures for determining Medical Necessity vary, according to the type of service or benefit requested, and the type of health plan. Medical Necessity determinations are made on a preservice, concurrent, or postservice basis, as described below:

Certain services require prior authorization in order to be covered. The booklet describes who is responsible for obtaining this review. You or your authorized representative (typically, your health care professional) must request prior authorization according to the procedures described below, in the booklet, and in your provider's network participation documents as applicable.

When services or benefits are determined to be not covered, you or your representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the booklet, in your provider's network participation documents as applicable, and in the determination notices.

Note: An oral statement made to you by a representative of Cigna or its designee that indicates, for example, a particular service is a Covered Expense, is authorized for coverage by the plan, or that you are eligible for coverage is not a guarantee that you will receive benefits for services under this plan. Cigna will make a benefit determination after a claim is received from you or your authorized representative, and the benefit determination will be based on, your eligibility as of the date services were rendered to you and the terms and conditions of the plan in effect as of the date services were rendered to you.

Preservice Determinations

When you or your representative requests a required prior authorization, Cigna will notify you or your representative of the determination within 15 days after receiving the request. However, if more time is needed due to matters beyond Cigna's control, Cigna will notify you or your representative within 15 days after receiving your request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

If the determination periods above would seriously jeopardize your life or health, your ability to regain maximum function, or in the opinion of a health care professional with knowledge of your health condition, cause you severe pain which cannot be managed without the requested services, Cigna will make the preservice determination on an expedited basis. Cigna will defer to the determination of the treating health care professional regarding whether an expedited determination is necessary. Cigna will notify you or your representative of an expedited determination within 72 hours after receiving the request.

However, if necessary information is missing from the request, Cigna will notify you or your representative within 24 hours after receiving the request to specify what information is needed. You or your representative must provide the specified information to Cigna within 48 hours after receiving the notice. Cigna will notify you or your representative of the expedited benefit determination within 48 hours after you or your representative responds to the notice. Expedited determinations may be provided orally, followed within 3 days by written or electronic notification.

If you or your representative attempts to request a preservice determination, but fails to follow Cigna's procedures for requesting a required preservice determination, Cigna will notify you or your representative of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless you or your representative requests written notification.

Concurrent Determinations

When an ongoing course of treatment has been approved for you and you wish to extend the approval, you or your representative must request a required concurrent coverage determination at least 24 hours prior to the expiration of the approved period of time or number of treatments. When you or your representative requests such a determination, Cigna will notify you or your representative of the determination within 24 hours after receiving the request.

Postservice Determinations

When you or your representative requests a coverage determination or a claim payment determination after services have been rendered, Cigna will notify you or your representative of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Cigna's control, Cigna will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

Notice of Adverse Determination

Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: information sufficient to identify the claim including, if applicable, the date of service, provider and claim amount; diagnosis and treatment codes, and their meanings; the specific reason or reasons for the adverse determination including, if applicable, the denial code and its meaning and a description of any standard that was used in the denial; reference to the specific plan provisions on which the determination is based; a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; a description of the plan's review procedures and the time limits applicable, including a statement of a claimant's rights to bring a civil action under section 502(a) of ERISA following an adverse benefit determination on appeal, (if applicable); upon request and free

of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your claim; and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; a description of any available internal appeal and/or external review process(es); information about any office of health insurance consumer assistance or ombudsman available to assist you with the appeal process; and in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

HC-FED104 01-19

Appointment of Authorized Representative

You may appoint an authorized representative to assist you in submitting a claim or appealing a claim denial. However, Cigna may require you to designate your authorized representative in writing using a form approved by Cigna. At all times, the appointment of an authorized representative is revocable by you. To ensure that a prior appointment remains valid, Cigna may require you to re-appoint your authorized representative, from time to time.

Cigna reserves the right to refuse to honor the appointment of a representative if Cigna reasonably determines that:

- the signature on an authorized representative form may not be yours, or
- the authorized representative may not have disclosed to you all of the relevant facts and circumstances relating to the overpayment or underpayment of any claim, including, for example, that the billing practices of the provider of medical services may have jeopardized your coverage through the waiver of the cost-sharing amounts that you are required to pay under your plan.

If your designation of an authorized representative is revoked, or Cigna does not honor your designation, you may appoint a new authorized representative at any time, in writing, using a form approved by Cigna.

HC-FED88 01-17

Medical - When You Have a Complaint or an Appeal

For the purposes of this section, any reference to "you" or "your" also refers to a representative or provider designated by you to act on your behalf; unless otherwise noted.

We want you to be completely satisfied with the services you receive. That is why we have established a process for addressing your concerns and solving your problems.

Start With Customer Service

We are here to listen and help. If you have a concern regarding a person, a service, the quality of care, contractual benefits, or a rescission of coverage, you may call the toll-free number on your ID card, explanation of benefits, or claim form and explain your concern to one of our Customer Service representatives. You may also express that concern in writing.

We will do our best to resolve the matter on your initial contact. If we need more time to review or investigate your concern, we will get back to you as soon as possible, but in any case within 30 days. If you are not satisfied with the results of a coverage decision, you may start the appeals procedure.

Internal Appeals Procedure

To initiate an appeal of an adverse benefit determination, you must submit a request for an appeal to Cigna within 180 days of receipt of a denial notice. If you appeal a reduction or termination in coverage for an ongoing course of treatment that Cigna previously approved, you will receive, as required by applicable law, continued coverage pending the outcome of an appeal.

You should state the reason why you feel your appeal should be approved and include any information supporting your appeal. If you are unable or choose not to write, you may ask Cigna to register your appeal by telephone. Call or write us at the toll-free number on your ID card, explanation of benefits, or claim form.

Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medical Necessity or clinical appropriateness will be considered by a health care professional.

We will respond in writing with a decision within 30 calendar days after we receive an appeal for a required preservice or concurrent care coverage determination or a postservice Medical Necessity determination. We will respond within 60 calendar days after we receive an appeal for any other postservice coverage determination. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

In the event any new or additional information (evidence) is considered, relied upon or generated by Cigna in connection with the appeal, this information will be provided automatically to you as soon as possible and sufficiently in advance of the decision, so that you will have an opportunity to respond. Also, if any new or additional rationale is

considered by Cigna, Cigna will provide the rationale to you as soon as possible and sufficiently in advance of the decision so that you will have an opportunity to respond.

You may request that the appeal process be expedited if the time frames under this process would seriously jeopardize your life, health or ability to regain maximum functionality or in the opinion of your health care provider would cause you severe pain which cannot be managed without the requested services.

If you request that your appeal be expedited, you may also ask for an expedited external Independent Review at the same time, if the time to complete an expedited level-one appeal would be detrimental to your medical condition.

When an appeal is expedited, Cigna will respond orally with a decision within 72 hours, followed up in writing.

External Review Procedure

If you are not fully satisfied with the decision of Cigna's internal appeal review and the appeal involves medical judgment or a rescission of coverage, you may request that your appeal be referred to an Independent Review Organization (IRO). The IRO is composed of persons who are not employed by Cigna, or any of its affiliates. A decision to request an external review to an IRO will not affect the claimant's rights to any other benefits under the plan.

There is no charge for you to initiate an external review. Cigna and your benefit plan will abide by the decision of the IRO.

To request a review, you must notify the Appeals Coordinator within 4 months of your receipt of Cigna's appeal review denial. Cigna will then forward the file to a randomly selected IRO. The IRO will render an opinion within 45 days.

When requested, and if a delay would be detrimental to your medical condition, as determined by Cigna's reviewer, or if your appeal concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but you have not yet been discharged from a facility, the external review shall be completed within 72 hours.

Notice of Benefit Determination on Appeal

Every notice of a determination on appeal will be provided in writing or electronically and, if an adverse determination, will include: information sufficient to identify the claim including, if applicable, the date of service, provider and claim amount; diagnosis and treatment codes, and their meanings; the specific reason or reasons for the adverse determination including, if applicable, the denial code and its meaning and a description of any standard that was used in the denial; reference to the specific plan provisions on which the determination is based; a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other Relevant Information as defined below; a statement describing any voluntary appeal procedures offered by the plan and the claimant's right to bring an action under ERISA section 502(a), if applicable; upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your appeal, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; and information about any office of health insurance consumer assistance or ombudsman available to assist you in the appeal process. A final notice of an adverse determination will include a discussion of the decision.

You also have the right to bring a civil action under section 502(a) of ERISA if you are not satisfied with the decision on review. You or your plan may have other voluntary alternative dispute resolution options such as Mediation. One way to find out what may be available is to contact your local U.S. Department of Labor office and your State insurance regulatory agency. You may also contact the Plan Administrator.

Relevant Information

Relevant Information is any document, record or other information which: was relied upon in making the benefit determination; was submitted, considered or generated in the course of making the benefit determination, without regard to whether such document, record, or other information was relied upon in making the benefit determination; demonstrates compliance with the administrative processes and safeguards required by federal law in making the benefit determination; or constitutes a statement of policy or guidance with respect to the plan concerning the denied treatment option or benefit for the claimant's diagnosis, without regard to whether such advice or statement was relied upon in making the benefit determination.

Legal Action

If your plan is governed by ERISA, you have the right to bring a civil action under section 502(a) of ERISA if you are not satisfied with the outcome of the Appeals Procedure. In most instances, you may not initiate a legal action against Cigna until you have completed the appeal processes. However, no action will be brought at all unless brought within three years after proof of claim is required under the Plan. However, no action will be brought at all unless brought within 3 years after a claim is submitted for In-Network Services or within three years after proof of claim is required under the Plan for Out-of-Network services.

HC-FED110 01-21

COBRA Continuation Rights Under Federal Law

For You and Your Dependents

What is COBRA Continuation Coverage?

Under federal law, you and/or your Dependents must be given the opportunity to continue health insurance when there is a "qualifying event" that would result in loss of coverage under the Plan. You and/or your Dependents will be permitted to continue the same coverage under which you or your Dependents were covered on the day before the qualifying event occurred, unless you move out of that plan's coverage area or the plan is no longer available. You and/or your Dependents cannot change coverage options until the next open enrollment period.

When is COBRA Continuation Available?

For you and your Dependents, COBRA continuation is available for up to 18 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your termination of employment for any reason, other than gross misconduct; or
- your reduction in work hours.

For your Dependents, COBRA continuation coverage is available for up to 36 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your death;
- your divorce or legal separation; or
- for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Who is Entitled to COBRA Continuation?

Only a "qualified beneficiary" (as defined by federal law) may elect to continue health insurance coverage. A qualified beneficiary may include the following individuals who were covered by the Plan on the day the qualifying event occurred: you, your spouse, and your Dependent children. Each qualified beneficiary has their own right to elect or decline COBRA continuation coverage even if you decline or are not eligible for COBRA continuation.

The following individuals are not qualified beneficiaries for purposes of COBRA continuation: domestic partners, grandchildren (unless adopted by you), stepchildren (unless adopted by you). Although these individuals do not have an independent right to elect COBRA continuation coverage, if you elect COBRA continuation coverage for yourself, you may also cover your Dependents even if they are not considered qualified beneficiaries under COBRA. However, such individuals' coverage will terminate when your COBRA continuation coverage terminates. The sections titled "Secondary Qualifying Events" and "Medicare Extension For Your Dependents" are not applicable to these individuals.

Secondary Qualifying Events

If, as a result of your termination of employment or reduction in work hours, your Dependent(s) have elected COBRA continuation coverage and one or more Dependents experience another COBRA qualifying event, the affected Dependent(s) may elect to extend their COBRA continuation coverage for an additional 18 months (7 months if the secondary event occurs within the disability extension period) for a maximum of 36 months from the initial qualifying event. The second qualifying event must occur before the end of the initial 18 months of COBRA continuation coverage or within the disability extension period discussed below. Under no circumstances will COBRA continuation coverage be available for more than 36 months from the initial qualifying event. Secondary qualifying events are: your death; your divorce or legal separation; or, for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Disability Extension

If, after electing COBRA continuation coverage due to your termination of employment or reduction in work hours, you or one of your Dependents is determined by the Social Security Administration (SSA) to be totally disabled under Title II or XVI of the SSA, you and all of your Dependents who have elected COBRA continuation coverage may extend such continuation for an additional 11 months, for a maximum of 29 months from the initial qualifying event.

To qualify for the disability extension, all of the following requirements must be satisfied:

- SSA must determine that the disability occurred prior to or within 60 days after the disabled individual elected COBRA continuation coverage; and
- A copy of the written SSA determination must be provided to the Plan Administrator within 60 calendar days after the date the SSA determination is made AND before the end of the initial 18-month continuation period.

If the SSA later determines that the individual is no longer disabled, you must notify the Plan Administrator within 30 days after the date the final determination is made by SSA. The 11-month disability extension will terminate for all covered persons on the first day of the month that is more than 30 days after the date the SSA makes a final determination that the disabled individual is no longer disabled.

All causes for "Termination of COBRA Continuation" listed below will also apply to the period of disability extension.

Medicare Extension for Your Dependents

When the qualifying event is your termination of employment or reduction in work hours and you became enrolled in Medicare (Part A, Part B or both) within the 18 months before

the qualifying event, COBRA continuation coverage for your Dependents will last for up to 36 months after the date you became enrolled in Medicare. Your COBRA continuation coverage will last for up to 18 months from the date of your termination of employment or reduction in work hours.

Termination of COBRA Continuation

COBRA continuation coverage will be terminated upon the occurrence of any of the following:

- the end of the COBRA continuation period of 18, 29 or 36 months, as applicable;
- failure to pay the required premium within 30 calendar days after the due date;
- cancellation of the Employer's policy with Cigna;
- after electing COBRA continuation coverage, a qualified beneficiary enrolls in Medicare (Part A, Part B, or both);
- after electing COBRA continuation coverage, a qualified beneficiary becomes covered under another group health plan, unless the qualified beneficiary has a condition for which the new plan limits or excludes coverage under a pre-existing condition provision. In such case coverage will continue until the earliest of: the end of the applicable maximum period; the date the pre-existing condition provision is no longer applicable; or the occurrence of an event described in one of the first three bullets above;
- any reason the Plan would terminate coverage of a participant or beneficiary who is not receiving continuation coverage (e.g., fraud).

Moving Out of Employer's Service Area or Elimination of a Service Area

If you and/or your Dependents move out of the Employer's service area or the Employer eliminates a service area in your location, your COBRA continuation coverage under the plan will be limited to out-of-network coverage only. In-network coverage is not available outside of the Employer's service area. If the Employer offers another benefit option through Cigna or another carrier which can provide coverage in your location, you may elect COBRA continuation coverage under that option.

Employer's Notification Requirements

Your Employer is required to provide you and/or your Dependents with the following notices:

- An initial notification of COBRA continuation rights must be provided within 90 days after your (or your spouse's) coverage under the Plan begins (or the Plan first becomes subject to COBRA continuation requirements, if later). If you and/or your Dependents experience a qualifying event before the end of that 90-day period, the initial notice must be provided within the time frame required for the COBRA continuation coverage election notice as explained below.
- A COBRA continuation coverage election notice must be provided to you and/or your Dependents within the following timeframes:
  - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the loss of coverage, 44 days after loss of coverage under the Plan;
  - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the occurrence of a qualifying event, 44 days after the qualifying event occurs; or
  - in the case of a multi-employer plan, no later than 14 days after the end of the period in which Employers must provide notice of a qualifying event to the Plan Administrator.

How to Elect COBRA Continuation Coverage

The COBRA coverage election notice will list the individuals who are eligible for COBRA continuation coverage and inform you of the applicable premium. The notice will also include instructions for electing COBRA continuation coverage. You must notify the Plan Administrator of your election no later than the due date stated on the COBRA election notice. If a written election notice is required, it must be post-marked no later than the due date stated on the COBRA election notice. If you do not make proper notification by the due date shown on the notice, you and your Dependents will lose the right to elect COBRA continuation coverage. If you reject COBRA continuation coverage before the due date, you may change your mind as long as you furnish a completed election form before the due date.

Each qualified beneficiary has an independent right to elect COBRA continuation coverage. Continuation coverage may be elected for only one, several, or for all Dependents who are qualified beneficiaries. Parents may elect to continue coverage on behalf of their Dependent children. You or your spouse may elect continuation coverage on behalf of all the qualified beneficiaries. You are not required to elect COBRA continuation coverage in order for your Dependents to elect COBRA continuation.

How Much Does COBRA Continuation Coverage Cost?

Each qualified beneficiary may be required to pay the entire cost of continuation coverage. The amount may not exceed 102% of the cost to the group health plan (including both Employer and Employee contributions) for coverage of a similarly situated active Employee or family member. The premium during the 11-month disability extension may not exceed 150% of the cost to the group health plan (including both employer and employee contributions) for coverage of a similarly situated active Employee or family member.

For example: If the Employee alone elects COBRA continuation coverage, the Employee will be charged 102% (or 150%) of the active Employee premium. If the spouse or one Dependent child alone elects COBRA continuation coverage, they will be charged 102% (or 150%) of the active Employee premium. If more than one qualified beneficiary elects COBRA continuation coverage, they will be charged 102% (or 150%) of the applicable family premium.

When and How to Pay COBRA Premiums

First payment for COBRA continuation

If you elect COBRA continuation coverage, you do not have to send any payment with the election form. However, you must make your first payment no later than 45 calendar days after the date of your election. (This is the date the Election Notice is postmarked, if mailed.) If you do not make your first payment within that 45 days, you will lose all COBRA continuation rights under the Plan.

Subsequent payments

After you make your first payment for COBRA continuation coverage, you will be required to make subsequent payments of the required premium for each additional month of coverage. Payment is due on the first day of each month. If you make a payment on or before its due date, your coverage under the Plan will continue for that coverage period without any break.

Grace periods for subsequent payments

Although subsequent payments are due by the first day of the month, you will be given a grace period of 30 days after the first day of the coverage period to make each monthly payment. Your COBRA continuation coverage will be provided for each coverage period as long as payment for that coverage period is made before the end of the grace period for that payment. However, if your payment is received after the due date, your coverage under the Plan may be suspended during this time. Any providers who contact the Plan to confirm coverage during this time may be informed that coverage has been suspended. If payment is received before the end of the grace period, your coverage will be reinstated back to the beginning of the coverage period. This means that any claim you submit for benefits while your coverage is suspended may be denied and may have to be resubmitted once your coverage is reinstated. If you fail to make a payment before the end of the grace period for that coverage period, you will lose all rights to COBRA continuation coverage under the Plan.

You Must Give Notice of Certain Qualifying Events

If you or your Dependent(s) experience one of the following qualifying events, you must notify the Plan Administrator within 60 calendar days after the later of the date the qualifying event occurs or the date coverage would cease as a result of the qualifying event:

- Your divorce or legal separation; or
- Your child ceases to qualify as a Dependent under the Plan.
- The occurrence of a secondary qualifying event as discussed under “Secondary Qualifying Events” above (this notice must be received prior to the end of the initial 18- or 29-month COBRA period).

(Also refer to the section titled “Disability Extension” for additional notice requirements.)

Notice must be made in writing and must include: the name of the Plan, name and address of the Employee covered under the Plan, name and address(es) of the qualified beneficiaries affected by the qualifying event; the qualifying event; the date the qualifying event occurred; and supporting documentation (e.g., divorce decree, birth certificate, disability determination, etc.).

Newly Acquired Dependents

If you acquire a new Dependent through marriage, birth, adoption or placement for adoption while your coverage is being continued, you may cover such Dependent under your COBRA continuation coverage. However, only your newborn or adopted Dependent child is a qualified beneficiary and may continue COBRA continuation coverage for the remainder of the coverage period following your early termination of COBRA coverage or due to a secondary qualifying event. COBRA coverage for your Dependent spouse and any Dependent children who are not your children (e.g., stepchildren or grandchildren) will cease on the date your COBRA coverage ceases and they are not eligible for a secondary qualifying event.

COBRA Continuation for Retirees Following Employer’s Bankruptcy

If you are covered as a retiree, and a proceeding in bankruptcy is filed with respect to the Employer under Title 11 of the United States Code, you may be entitled to COBRA continuation coverage. If the bankruptcy results in a loss of coverage for you, your Dependents or your surviving spouse within one year before or after such proceeding, you and your covered Dependents will become COBRA qualified beneficiaries with respect to the bankruptcy. You will be entitled to COBRA continuation coverage until your death. Your surviving spouse and covered Dependent children will be entitled to COBRA continuation coverage for up to 36 months following your death. However, COBRA continuation

coverage will cease upon the occurrence of any of the events listed under “Termination of COBRA Continuation” above.

Interaction With Other Continuation Benefits

You may be eligible for other continuation benefits under state law. Refer to the Termination section for any other continuation benefits.

HC-FED66 07-14

Definitions

Active Service

You will be considered in Active Service:

- on any of your Employer's scheduled work days if you are performing the regular duties of your work on a full-time basis on that day either at your Employer's place of business or at some location to which you are required to travel for your Employer's business.
- on a day which is not one of your Employer's scheduled work days if you were in Active Service on the preceding scheduled work day.

HC-DFS1095 12-17

Ambulance

Licensed ambulance transportation services involve the use of specially designed and equipped vehicles for transporting ill or injured patients. It includes ground, air, or sea transportation when Medically Necessary and clinically appropriate.

HC-DFS1480 01-21

Ancillary Charge

An additional cost, outside of plan cost sharing detailed in The Schedule of Prescription Drug Benefits, which may apply to some Prescription Drug Products when you request a more expensive Brand Drug when a lower cost, Therapeutic Equivalent, Generic Drug is available. The Ancillary Charge is the amount by which the cost of the requested Brand Drug exceeds the cost of the Generic Drug.

HC-DFS1553 01-21

Biologic

A virus, therapeutic serum, toxin, antitoxin, vaccine, blood, blood component or derivative, allergenic product, protein (except any chemically synthesized polypeptide), or analogous product, or arsphenamine or derivative of arsphenamine (or any other trivalent organic arsenic compound), used for the prevention, treatment, or cure of a disease or condition of human beings, as defined under Section 351(i) of the Public Health Service Act (42 USC 262(i)) (as amended by the Biologics Price Competition and Innovation Act of 2009, title VII of the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, § 7002 (2010), and as may be amended thereafter).

HC-DFS840 10-16

Biosimilar

A Biologic that is highly similar to the reference Biologic product notwithstanding minor differences in clinically inactive components, and has no clinically meaningful differences from the reference Biologic in terms of its safety, purity, and potency, as defined under Section 351(i) of the Public Health Service Act (42 USC 262(i)) (as amended by the Biologics Price Competition and Innovation Act of 2009, title VII of the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, § 7002 (2010), and as may be amended thereafter).

HC-DFS841 10-16

Brand Drug

A Prescription Drug Product that Cigna identifies as a Brand Drug product across its book-of-business, principally based on available data resources, including, but not limited to, First DataBank or another nationally recognized drug indicator source, that classify drugs or Biologics as either brand or generic based on a number of factors. Not all products identified as a "brand name" by the manufacturer, Pharmacy, or your Physician may be classified as a Brand Drug under the plan.

HC-DFS842 10-16

Business Decision Team

A committee comprised of voting and non-voting representatives across various Cigna business units such as clinical, medical and business leadership that is duly authorized by Cigna to effect changes regarding coverage treatment of Prescription Drug Products and Medical Pharmaceuticals based on clinical findings provided by the P&T Committee, including, but not limited to, changes regarding tier placement and application of utilization

management to Prescription Drug Products and Medical Pharmaceuticals.

HC-DFS1494 07-20

Charges

The term charges means the actual billed charges; except when Cigna has contracted directly or indirectly for a different amount including where Cigna has directly or indirectly contracted with an entity to arrange for the provision of services and/or supplies through contracts with providers of such services and/or supplies.

HC-DFS1193 01-19

Chiropractic Care

The term Chiropractic Care means the conservative management of neuromusculoskeletal conditions through manipulation and ancillary physiological treatment rendered to specific joints to restore motion, reduce pain and improve function.

HC-DFS55 04-10
V1

Convenience Care Clinics

Convenience Care Clinics are staffed by nurse practitioners and physician assistants and offer customers convenient, professional walk-in care for common ailments and routine services. Convenience Care Clinics have extended hours and are located in or near easy-to-access, popular locations (pharmacies, grocery and free-standing locations) with or without appointment.

HC-DFS1629 07-21

Custodial Services

Any services that are of a sheltering, protective, or safeguarding nature. Such services may include a stay in an institutional setting, at-home care, or nursing services to care for someone because of age or mental or physical condition. This service primarily helps the person in daily living. Custodial care also can provide medical services, given mainly to maintain the person's current state of health. These services cannot be intended to greatly improve a medical condition; they are intended to provide care while the patient cannot care for himself or herself. Custodial Services include but are not limited to:

- Services related to watching or protecting a person;
- Services related to performing or assisting a person in performing any activities of daily living, such as: walking, grooming, bathing, dressing, getting in or out of bed, toileting, eating, preparing foods, or taking medications that can be self administered, and
- Services not required to be performed by trained or skilled medical or paramedical personnel.

HC-DFS4 04-10
V1

Dependent

Dependents are:

- your lawful spouse; or
- your Domestic Partner; and
- any child of yours who is
  - less than 26 years old.
  - from 26 years until the end of the calendar year in which the child reaches the age of 30, provided the child is unmarried and does not have a dependent of his own, is a Florida state resident or a full-time or part-time student, and is not covered under a plan of their own or entitled to benefits under Title XVIII of the Social Security Act. CIGNA may require such proof at least once each year until the end of the calendar year in which he attains age 30; and
  - who is 26 or more years old, and primarily supported by you and incapable of self-sustaining employment by reason of mental or physical handicap.Proof of the child's condition and dependence may be required to be submitted to the plan as a condition of coverage after the date the child ceases to qualify above. However, if a claim is denied, proof must be submitted by the Employee that the child is and has continued to be mentally or physically handicapped.

A child includes a legally adopted child, including that child from the date of placement in the home or from birth provided that a written agreement to adopt such child has been entered into prior to the birth of such child. Coverage for a legally adopted child will include the necessary care and treatment of an Injury or a Sickness existing prior to the date of placement or adoption. A child also includes a foster child or a child placed in your custody by a court order from the date of placement in the home. Coverage is not required if the adopted or foster child is ultimately not placed in your home. It also includes:

- a stepchild;
- a stepchild who lives with you;
- a child born to an insured Dependent child of yours until such child is 18 months old.

If your Domestic Partner has a child, that child will also be included as a Dependent.

Benefits for a Dependent child or student will continue until the last day of the calendar year in which the limiting age is reached.

Anyone who is eligible as an Employee will not be considered as a Dependent spouse. A child under age 26 may be covered as either an Employee or as a Dependent child. You cannot be covered as an Employee while also covered as a Dependent of an Employee.

No one may be considered as a Dependent of more than one Employee.

HC-DFS872 M 10-16

Designated Pharmacy

A Network Pharmacy that has entered into an agreement with Cigna, or with an entity contracting on Cigna's behalf, to provide Prescription Drug Products or services, including, without limitation, specific Prescription Drug Products, to plan enrollees on a preferred or exclusive basis. For example, a Designated Pharmacy may provide enrollees certain Specialty Prescription Drug Products that have limited distribution availability, provide enrollees with an extended days' supply of Prescription Drug Products or provide enrollees with Prescription Drug Products on a preferred cost share basis. A Pharmacy that is a Network Pharmacy is not necessarily a Designated Pharmacy.

HC-DFS1614 01-22

Domestic Partner

A Domestic Partner is defined as a person of the same or opposite sex who:

- shares your permanent residence;
- is no less than 18 years of age;
- is financially interdependent with you and has proven such interdependence by providing evidence of one of the following: The parties to the domestic partnership share a residence as evidenced by the same residential address on a valid driver license or state identification card; or joint ownership of Florida homestead property as joint tenants with right of survivorship with both owners having been granted a homestead exemption on the property; or joint ownership of Florida homestead property as tenants in common with both owners having been granted a homestead exemption on that property; or a lease showing the domestic partner as co-lessee residents of residential real property; and
- is not eligible for marriage to each other as provided in Section 741.21, Florida Statutes, as may be amended and revised; and
- has signed jointly with you, a notarized affidavit attesting to the above which can be made available to Cigna upon request.

In addition, you and your Domestic Partner will be considered to have met the terms of this definition as long as neither you nor your Domestic Partner:

- has not previously during the calendar year included more than one other domestic partner as a domestic partner under the plan;
- is a party to a marriage recognized by Florida law; or has any other Domestic Partner, spouse or spouse equivalent of the same or opposite sex has any other Domestic Partner, spouse or spouse equivalent of the same or opposite sex.

You and your Domestic Partner must have registered as Domestic Partners, if you reside in a state that provides for such registration.

The section of this certificate entitled "COBRA Continuation Rights Under Federal Law" will not apply to your Domestic Partner and his or her Dependents on a pre-tax basis

HC-DFS1614 04-10

V1 M

Emergency Medical Condition

Emergency medical condition means a medical condition which manifests itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson,

who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy; serious impairment to bodily functions; or serious dysfunction of any bodily organ or part.

HC-DFS394 11-10

Emergency Services

Emergency services means, with respect to an emergency medical condition, a medical screening examination that is within the capability of the emergency department of a Hospital, including ancillary services routinely available to the emergency department to evaluate the emergency medical condition; and such further medical examination and treatment, to the extent they are within the capabilities of the staff and facilities available at the Hospital, to stabilize the patient.

HC-DFS1482 01-21

Employee

The term Employee means a full-time employee of the Employer who is currently in Active Service.

HC-DFS1094 M 12-17

Employer

The term Employer means the plan sponsor self-insuring the benefits described in this booklet, on whose behalf Cigna is providing claim administration services.

HC-DFS1615 01-22

Essential Health Benefits

Essential health benefits means, to the extent covered under the plan, expenses incurred with respect to covered services, in at least the following categories: ambulatory patient services, emergency services, hospitalization, maternity and newborn care, mental health and substance use disorder services, including behavioral health treatment, prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management and pediatric services, including oral and vision care.

HC-DFS411 01-11

Expense Incurred

An expense is incurred when the service or the supply for which it is incurred is provided.

HC-DFS10 04-10
V1

Free-Standing Surgical Facility

The term Free-Standing Surgical Facility means an institution which meets all of the following requirements:

- it has a medical staff of Physicians, Nurses and licensed anesthesiologists;
- it maintains at least two operating rooms and one recovery room;
- it maintains diagnostic laboratory and x-ray facilities;
- it has equipment for emergency care;
- it has a blood supply;
- it maintains medical records;
- it has agreements with Hospitals for immediate acceptance of patients who need Hospital Confinement on an inpatient basis; and
- it is licensed in accordance with the laws of the appropriate legally authorized agency.

A Free-Standing Surgical Facility, unless specifically noted otherwise, is covered with the same cost share as an Outpatient Facility.

HC-DFS1484 01-21

Generic Drug

A Prescription Drug Product that Cigna identifies as a Generic Drug product at a book-of-business level principally based on

available data resources, including, but not limited to, First DataBank or another nationally recognized drug indicator source, that classify drugs or Biologics (including Biosimilars) as either brand or generic based on a number of factors. Not all products identified as a "generic" by the manufacturer, Pharmacy or your Physician may be classified as a Generic Drug under the plan. A Biosimilar may be classified as a Generic Drug for the purposes of benefits under the plan even if it is identified as a "brand name" drug by the manufacturer, Pharmacy or your Physician.

HC-DFS846 10-16

Hospice Care Program

The term Hospice Care Program means:

- a coordinated, interdisciplinary program to meet the physical, psychological, spiritual and social needs of dying persons and their families;
- a program that provides palliative and supportive medical, nursing and other health services through home or inpatient care during the illness;
- a program for persons who have a Terminal Illness and for the families of those persons.

HC-DFS51 04-10
V1

Hospice Care Services

The term Hospice Care Services means any services provided by: a Hospital, a Skilled Nursing Facility or a similar institution, a Home Health Care Agency, a Hospice Facility, or any other licensed facility or agency under a Hospice Care Program.

HC-DFS52 04-10
V1

Hospice Facility

The term Hospice Facility means an institution or part of it which:

- primarily provides care for Terminally Ill patients;
- is accredited by the National Hospice Organization;
- meets standards established by Cigna; and
- fulfills any licensing requirements of the state or locality in which it operates.

HC-DFS53 04-10
V1

Hospital

The term Hospital means:

- an institution licensed as a hospital, which: maintains, on the premises, all facilities necessary for medical and surgical treatment; provides such treatment on an inpatient basis, for compensation, under the supervision of Physicians; and provides 24-hour service by Registered Graduate Nurses;
- an institution which qualifies as a hospital, a psychiatric hospital or a tuberculosis hospital, and a provider of services under Medicare, if such institution is accredited as a hospital by the Joint Commission on the Accreditation of Healthcare Organizations; or
- an institution which: specializes in treatment of Mental Health and Substance Use Disorder or other related illness; provides residential treatment programs; and is licensed in accordance with the laws of the appropriate legally authorized agency.

The term Hospital does not include an institution which is primarily a place for rest, a place for the aged, or a nursing home.

HC-DFS1485 01-21

Hospital Confinement or Confined in a Hospital

A person will be considered Confined in a Hospital if he is:

- a registered bed patient in a Hospital upon the recommendation of a Physician;
- receiving treatment for Mental Health and Substance Use Disorder Services in a Mental Health or Substance Use Disorder Residential Treatment Center.

HC-DFS807 12-15

Injury

The term Injury means an accidental bodily injury.

HC-DFS12 04-10
V1

Maintenance Drug Product

A Prescription Drug Product that is prescribed for use over an extended period of time for the treatment of chronic or long-term conditions such as asthma, hypertension, diabetes and heart disease, and is identified principally based on consideration of available data resources, including, but not limited to, First DataBank or another nationally recognized drug indicator source and clinical factors. For the purposes of benefits, the list of your plan's Maintenance Drug Products does not include compounded medications, Specialty Prescription Drug Products or Prescription Drug Products, such as certain narcotics that a Pharmacy cannot dispense above certain supply limits per Prescription Drug Order or Refill under applicable federal or state law. You may determine whether a drug is a Maintenance Medication by calling member services at the telephone number on your ID card.

HC-DFS847 10-16

Maintenance Treatment

The term Maintenance Treatment means:

- treatment rendered to keep or maintain the patient's current status.

HC-DFS56 04-10
V1

Maximum Reimbursable Charge - Medical

The Maximum Reimbursable Charge for covered services for Open Access Plus is determined based on the lesser of:

- the provider's normal charge for a similar service or supply;
- the amount agreed to by the Out-of-Network provider and Cigna; or
- a policyholder-selected percentage of a fee schedule Cigna has developed that is based upon a methodology similar to a methodology utilized by Medicare to determine the allowable reimbursement for the same or similar service within the geographic market.

The percentage used to determine the Maximum Reimbursable Charge is listed in The Schedule.

In some cases, a Medicare based schedule will not be used and the Maximum Reimbursable Charge for covered services is determined based on the lesser of:

- the provider's normal charge for a similar service or supply;
- the amount agreed to by the Out-of-Network provider and Cigna; or
- the 80th percentile of charges made by providers of such service or supply in the geographic area where it is received as compiled in a database selected by Cigna. If sufficient charge data is unavailable in the database for that geographic area to determine the Maximum Reimbursable Charge, then data in the database for similar services may be used.

The Maximum Reimbursable Charge is subject to all other benefit limitations and applicable coding and payment methodologies determined by Cigna. Additional information about how Cigna determines the Maximum Reimbursable Charge is available upon request.

HC-DFS1631 01-22

Medicaid

The term Medicaid means a state program of medical aid for needy persons established under Title XIX of the Social Security Act of 1965 as amended.

HC-DFS16 04-10
V1

Medical Pharmaceutical

An FDA-approved prescription pharmaceutical product, including a Specialty Prescription Drug Product, typically required to be administered in connection with a covered service by a Physician or Other Health Professional within the scope of the provider's license. This definition includes certain pharmaceutical products whose administration may initially or typically require Physician or Other Health Professional oversight but may be self-administered under certain conditions specified in the product's FDA labeling.

HC-DFS1632 01-22

Medically Necessary/Medical Necessity

Health care services, supplies and medications provided for the purpose of preventing, evaluating, diagnosing or treating a Sickness, Injury, condition, disease or its symptoms, that are all of the following as determined by a Medical Director or Review Organization:

- required to diagnose or treat an illness, Injury, disease or its symptoms;
- in accordance with generally accepted standards of medical practice;
- clinically appropriate in terms of type, frequency, extent, site and duration;

- not primarily for the convenience of the patient, Physician or Other Health Professional;
- not more costly than an alternative service(s), medication(s) or supply(ies) that is at least as likely to produce equivalent therapeutic or diagnostic results with the same safety profile as to the prevention, evaluation, diagnosis or treatment of your Sickness, Injury, condition, disease or its symptoms; and
- rendered in the least intensive setting that is appropriate for the delivery of the services, supplies or medications. Where applicable, the Medical Director or Review Organization may compare the cost-effectiveness of alternative services, supplies, medications or settings when determining least intensive setting.

In determining whether health care services, supplies, or medications are Medically Necessary, the Medical Director or Review Organization may rely on the clinical coverage policies maintained by Cigna or the Review Organization. Clinical coverage policies may incorporate, without limitation and as applicable, criteria relating to U.S. Food and Drug Administration-approved labeling, the standard medical reference compendia and peer-reviewed, evidence-based scientific literature or guidelines.

HC-DFS1486 01-21

Medicare

The term Medicare means the program of medical care benefits provided under Title XVIII of the Social Security Act of 1965 as amended.

HC-DFS17 04-10
V1

Necessary Services and Supplies

The term Necessary Services and Supplies includes any charges, except charges for Room and Board, made by a Hospital for medical services and supplies actually used during Hospital Confinement.

The term Necessary Services and Supplies will not include any charges for special nursing fees, dental fees or medical fees.

HC-DFS1488 01-21

Network Pharmacy

A retail or home delivery Pharmacy that has:

- entered into an agreement with Cigna or an entity contracting on Cigna's behalf to provide Prescription Drug Products to plan enrollees.
- agreed to accept specified reimbursement rates for dispensing Prescription Drug Products.
- been designated as a Network Pharmacy for the purposes of coverage under your Employer’s plan.

This term may also include, as applicable, an entity that has directly or indirectly contracted with Cigna to arrange for the provision of any Prescription Drug Products the charges for which are Covered Expenses.

HC-DFS1198 01-19

New Prescription Drug Product

A Prescription Drug Product, or new use or dosage form of a previously FDA-approved Prescription Drug Product, for the period of time starting on the date the Prescription Drug Product or newly-approved use or dosage form becomes available on the market following approval by the U.S. Food and Drug Administration (FDA) and ending on the date Cigna makes a Prescription Drug List coverage status decision.

HC-DFS1498 07-20

Nurse

The term Nurse means a Registered Graduate Nurse, a Licensed Practical Nurse or a Licensed Vocational Nurse who has the right to use the abbreviation "R.N.," "L.P.N." or "L.V.N."

HC-DFS22 04-10
V1

Other Health Care Facility

The term Other Health Care Facility means a facility other than a Hospital or Hospice Facility. Examples of Other Health Care Facilities include, but are not limited to, licensed skilled nursing facilities, rehabilitation Hospitals and subacute facilities.

HC-DFS1489 01-21

Other Health Professional

The term Other Health Professional means an individual other than a Physician who is licensed or otherwise authorized under the applicable state law to deliver medical services and supplies. Other Health Professionals include, but are not limited to physical therapists, registered nurses and licensed practical nurses. Other Health Professionals do not include providers such as Certified First Assistants, Certified Operating Room Technicians, Certified Surgical Assistants/Technicians, Licensed Certified Surgical Assistants/Technicians, Licensed Surgical Assistants, Orthopedic Physician Assistants and Surgical First Assistants.

HC-DFS1490 01-21

Participating Provider

The term Participating Provider means a person or entity that has a direct or indirect contractual arrangement with Cigna to provide covered services and/or supplies, the Charges for which are Covered Expenses. It includes an entity that has directly or indirectly contracted with Cigna to arrange, through contracts with providers of services and/or supplies, for the provision of any services and/or supplies, the Charges for which are Covered Expenses.

HC-DFS1194 01-19

Patient Protection and Affordable Care Act of 2010 ("PPACA")

Patient Protection and Affordable Care Act of 2010 means the Patient Protection and Affordable Care Act of 2010 (Public Law 111-148) as amended by the Health Care and Education Reconciliation Act of 2010 (Public Law 111-152).

HC-DFS412 01-11

Pharmacy

A duly licensed Pharmacy that dispenses Prescription Drug Products in a retail setting or via home delivery. A home delivery Pharmacy is a Pharmacy that primarily provides Prescription Drug Products through mail order.

HC-DFS851 10-16

Pharmacy & Therapeutics (P&T) Committee

A committee comprised of physicians and an independent pharmacist that represent a range of clinical specialties. The committee regularly reviews Medical Pharmaceuticals or Prescription Drug Products, including New Prescription Drug Products, for safety and efficacy, the findings of which clinical reviews inform coverage determinations made by the Business Decision Team. The P&T Committee's review may be based on consideration of, without limitation, U.S. Food and Drug Administration-approved labeling, standard medical reference compendia, or scientific studies published in peer-reviewed English-language bio-medical journals.

HC-DFS1495 07-20

Physician

The term Physician means a licensed medical practitioner who is practicing within the scope of his license and who is licensed to prescribe and administer drugs or to perform surgery. It will also include any other licensed medical practitioner whose services are required to be covered by law in the locality where the policy is issued if he is:

- operating within the scope of his license; and
- performing a service for which benefits are provided under this plan when performed by a Physician.

HC-DFS25 04-10
V1

Prescription Drug Charge

The Prescription Drug Charge is the amount that, prior to application of the plan's cost-share requirement(s), the plan sponsor is obligated to pay for a covered Prescription Drug Product dispensed at a Network Pharmacy, including any applicable dispensing fee and tax.

HC-DFS1320 01-19
V1

Prescription Drug List

A list that categorizes drugs, Biologics (including Biosimilars) or other products covered under the plan's Prescription Drug benefits that have been approved by the U.S. Food and Drug Administration (FDA) into coverage tiers. This list is adopted by your Employer as part of the plan. The list is subject to periodic review and change, and is subject to the limitations and exclusions of the plan. You may determine to which tier a particular Prescription Drug Product has been assigned through the website shown on your ID card or by calling customer service at the telephone number on your ID card.

HC-DFS1496 07-20

Prescription Drug Product

A drug, Biologic (including a Biosimilar), or other product that has been approved by the U.S. Food and Drug Administration (FDA), certain products approved under the Drug Efficacy Study Implementation review, or products marketed prior to 1938 and not subject to review and that can, under federal or state law, be dispensed only pursuant to a Prescription Order or Refill. For the purpose of benefits under the plan, this definition may also include products in the following categories if specifically identified in the Prescription Drug List:

- Certain durable products and supplies that support drug therapy;
- Certain diagnostic testing and screening services that support drug therapy;
- Certain medication consultation and other medication administration services that support drug therapy; and
- Certain digital products, applications, electronic devices, software and cloud based service solutions used to predict, detect and monitor health conditions in support of drug therapy.

HC-DFS1633 01-22

Prescription Order or Refill

The lawful directive to dispense a Prescription Drug Product issued by a Physician whose scope of practice permits issuing such a directive.

HC-DFS856 10-16

PPACA Preventive Medication

The Prescription Drug Products or other medications (including over-the-counter medications) designated as payable by the plan at 100% of the cost (without application of any Deductible, Copayment or Coinsurance) as required by applicable law under any of the following:

- Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force.
- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration.
- With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

A written prescription is required to process a claim for a PPACA Preventive Medication. You may determine whether a drug is a PPACA Preventive Medication through the internet website shown on your ID card or by calling member services at the telephone number on your ID card.

HC-DFS1513 10-20

Preventive Treatment

The term Preventive Treatment means treatment rendered to prevent disease or its recurrence.

HC-DFS57 04-10
V1

Primary Care Physician

The term Primary Care Physician means a Physician who qualifies as a Participating Provider in general practice, internal medicine, family practice OB/GYN or pediatrics; and who has been voluntarily selected by you and is contracted as a Primary Care Physician with, as authorized by Cigna, to provide or arrange for medical care for you or any of your insured Dependents.

HC-DFS40 04-10
V1

Psychologist

The term Psychologist means a person who is licensed or certified as a clinical psychologist. Where no licensure or

certification exists, the term Psychologist means a person who is considered qualified as a clinical psychologist by a recognized psychological association. It will also include any other licensed counseling practitioner whose services are required to be covered by law in the locality where the policy is issued if he is operating within the scope of his license and performing a service for which benefits are provided under this plan when performed by a Psychologist.

HC-DFS26 04-10
V1

Review Organization

The term Review Organization refers to an affiliate of Cigna or another entity to which Cigna has delegated responsibility for performing utilization review services. The Review Organization is an organization with a staff of clinicians which may include Physicians, Registered Graduate Nurses, licensed mental health and substance use disorder professionals, and other trained staff members who perform utilization review services.

HC-DFS808 12-15

Room and Board

The term Room and Board includes all charges made by a Hospital for room and meals and for all general services and activities needed for the care of registered bed patients.

HC-DFS1481 01-21

Sickness – For Medical Insurance

The term Sickness means a physical or mental illness. It also includes pregnancy. Expenses incurred for routine Hospital and pediatric care of a newborn child prior to discharge from the Hospital nursery will be considered to be incurred as a result of Sickness.

HC-DFS50 04-10
V1

Skilled Nursing Facility

The term Skilled Nursing Facility means a licensed institution (other than a Hospital, as defined) which specializes in:

- physical rehabilitation on an inpatient basis; or
- skilled nursing and medical care on an inpatient basis;

but only if that institution: maintains on the premises all facilities necessary for medical treatment; provides such treatment, for compensation, under the supervision of Physicians; and provides Nurses' services.

HC-DFS31 04-10
V1

Specialist

The term Specialist means a Physician who provides specialized services, and is not engaged in general practice, family practice, internal medicine, obstetrics/gynecology or pediatrics.

HC-DFS33 04-10
V1

Specialty Prescription Drug Product

A Prescription Drug Product or Medical Pharmaceutical considered by Cigna to be a Specialty Prescription Drug Product based on consideration of the following factors, subject to applicable law: whether the Prescription Drug Product or Medical Pharmaceutical is prescribed and used for the treatment of a complex, chronic or rare condition; whether the Prescription Drug Product or Medical Pharmaceutical has a high acquisition cost; and, whether the Prescription Drug Product or Medical Pharmaceutical is subject to limited or restricted distribution, requires special handling and/or requires enhanced patient education, provider coordination or clinical oversight. A Specialty Prescription Drug Product may not possess all or most of the foregoing characteristics, and the presence of any one such characteristic does not guarantee that a Prescription Drug Product or Medical Pharmaceutical will be considered a Specialty Prescription Drug Product. Specialty Prescription Drug Products may vary by plan benefit assignment based on factors such as method or site of clinical administration, or by tier assignment or utilization management requirements based on factors such as acquisition cost. You may determine whether a medication is a Specialty Prescription Drug Product through the website shown on your ID card or by calling member services at the telephone number on your ID card.

HC-DFS858 10-16

Stabilize

Stabilize means, with respect to an emergency medical condition, to provide such medical treatment of the condition as may be necessary to assure, within reasonable medical

probability that no material deterioration of the condition is likely to result from or occur during the transfer of the individual from a facility.

HC-DFS413 01-11

Terminal Illness

A Terminal Illness will be considered to exist if a person becomes terminally ill with a prognosis of six months or less to live, as diagnosed by a Physician.

HC-DFS54 04-10
V1

Therapeutic Alternative

A Prescription Drug Product or Medical Pharmaceutical that is of the same therapeutic or pharmacological class, and usually can be expected to have similar outcomes and adverse reaction profiles when administered in therapeutically equivalent doses as, another Prescription Drug Product, Medical Pharmaceutical or over-the-counter medication.

HC-DFS859 10-16

Therapeutic Equivalent

A Prescription Drug Product or Medical Pharmaceutical that is a pharmaceutical equivalent to another Prescription Drug Product, Medical Pharmaceutical or over-the-counter medication.

HC-DFS860 10-16

Urgent Care

Urgent Care is medical, surgical, Hospital or related health care services and testing which are not Emergency Services, but which are determined by Cigna, in accordance with generally accepted medical standards, to have been necessary to treat a condition requiring prompt medical attention. This does not include care that could have been foreseen before leaving the immediate area where you ordinarily receive and/or were scheduled to receive services. Such care includes, but is not limited to, dialysis, scheduled medical treatments or therapy, or care received after a Physician's recommendation that the insured should not travel due to any medical condition.

HC-DFS34 04-10
V1

Usual and Customary (U&C) Charge

The usual fee that a Pharmacy charges individuals for a Prescription Drug Product (and any services related to the dispensing thereof) without reference to reimbursement to the Pharmacy by third parties. The Usual and Customary (U&C) Charge includes a dispensing fee and any applicable sales tax.

HC-DFS861 10-16

The following pages describe the features of your Cigna Choice Fund - Health Reimbursement Account.
Please read them carefully.

What You Should Know About Cigna Choice Fund® – Health Reimbursement Account

Cigna Choice Fund is designed to give you:

Control

More control over how your health care dollars are spent. The health services you get and where you get them are up to you.

Choice

You have the freedom to choose any licensed doctor. However, your costs will be lower for services from Cigna contracted health care professionals because they have agreed to accept discounted payments to help you make the most of your health care dollars.

Flexibility

Flexibility to help you proactively manage your health and maximize your plan coverage. By using our cost and quality tools to find a higher quality and more cost effective doctor, lab or facility, you can reduce the costs that are paid out of your HRA. And if you don't use all of the money in your health reimbursement account, some or all of the unused money may be added to your account for the following year, as long as you stay in the plan. Ask your employer, call Cigna, or log into www.myCigna.com to find out if your HRA limits the amount that can roll over to the next year.

Your plan covers medical care when you're sick, but also includes coverage for preventive care services to help keep you well. Your preventive care is covered at 100% in-network; therefore no HRA funds will need to be used for these services. Preventive health coverage is one of the most important benefits of your health plan. Getting the right preventive services at the right time can help you stay healthy by preventing diseases or by detecting a health problem at a stage that may be easier to treat. Make sure you take advantage of your fully covered in-network preventive care coverage. Log in to www.myCigna.com and read the Preventive Care Quick Reference Guide under the Review My Medical Coverage section.

Health Information and Education

Is it late at night, and you're not sure if you should go to the Emergency Room for an injury or just wait until your doctor is available the next day? Just call the toll-free number on your ID card to reach Cigna's 24-Hour Health Information Line. You'll have access to trained nurses who can help! You also have access to an audio library of health topics 24 hours a day. In addition, the Cigna Healthy Pregnancies, Healthy Babies® program provides prenatal education and support for mothers-to-be.

Tools & Support

We help you keep track with online benefits information, transactions, and account activity; medical and drug cost comparisons; monthly statements; and more. You also have toll-free access to dedicated Customer Service teams, specially trained to answer your questions and address your needs. Customer Service is available 24 hours a day, 7 days a week, every day of the year!

Savings on Health and Wellness Products and Services

Through Cigna Healthy Rewards®, you can save money on a variety of health-related products and services. Offerings include laser vision correction, acupuncture, chiropractic care, weight loss programs, fitness club and equipment discounts and more.

Opportunity to earn funds for future use

If your employer offers the Cigna Healthy Future Account®, you can earn funds to cover qualified expenses for future use, such as retirement. All or a portion of unused HRA funds at the end of each plan year will transfer to this account until you meet the eligibility requirements (such as retirement, reaching age 65, or accumulating a certain number of years of service with your employer). Once you reach your qualifying event, you may then use the Healthy Future Account to pay yourself back for certain expenses defined by your employer. See your benefits administrator for more details.

The Basics

How does it work?

The Cigna Choice Fund Health Reimbursement Account combines medical coverage with a reimbursement account that includes contributions from your employer.

1. **Employer contribution:** Your employer deposits a specific amount of money in a health account to help you pay for some of the costs of covered medical expenses. The health services you receive and where you get them are up to you. The health care costs paid from your HRA typically count toward your deductible (an annual amount you'll pay before the health plan begins to pay for covered health care costs), reducing your share.
2. **Your share:** Once you've used the money in your health account, you pay your expenses up to the deductible.
3. **Your health plan:** After your deductible is met, you pay pre-determined coinsurance or copayments for eligible expenses and the plan pays the rest. When you meet your out-of-pocket maximum (the most you can pay in a plan year), your plan pays eligible expenses at 100%.

If you leave the plan or your employer, the account stays behind.

Which services are covered by my Health Reimbursement Account?

According to federal law, HRA funds can be used to cover only qualified medical expenses for you and your dependents. However, your employer may choose not to allow coverage for certain qualified expenses. Please refer to www.myCigna.com for information on the services for which your HRA funds may be used.

Which services are covered by my medical plan, and which will I have to pay out of my own pocket?

Covered services vary depending on your plan, so visit www.myCigna.com or check your plan materials in this booklet for specific information. In addition to your premiums deducted from your paycheck, you'll be responsible for paying:

- Costs for any services needed after you've spent your health fund, if you haven't met your deductible.
- Your coinsurance or copayments after you meet the deductible and your medical plan coverage begins.

If all of your medical expenses are covered services and the total cost doesn't exceed the amount in your HRA, you may not have additional out-of-pocket costs. Unused money may be available to you if you enroll in the plan again the following year. Check with your employer, call Cigna, or log into www.myCigna.com to see if this option is available to you.

Are services covered if I use out-of-network doctors?

You can visit any licensed doctor or facility. However, if you choose a doctor who participates with Cigna, your costs will be lower.

Tools and Resources at Your Fingertips

Cigna Healthy Awards Account

If your employer offers a Healthy Awards Account, take advantage of certain Cigna incentive award programs, and earn extra award dollars toward your health care expenses, all for taking charge of your health.

To encourage healthy lifestyles and wellness, your employer will deposit the incentive rewards into your health account upon completion of each activity. Your employer may limit how often you can earn awards. For details on these programs you can log into www.myCigna.com, or call Cigna 24/7/365. Always consult with your doctor before beginning or changing your treatment plan or exercise routines.

www.myCigna.com

www.myCigna.com provides fast, reliable and personalized information and services, including:

- Online access to your current account balance, past transactions and claim status, as well as your Explanation of Benefits and health statements.
- Medical cost and drug cost information, including cost estimates specific to you and your plan.
- Frequently asked questions about health care in general and Cigna Choice Fund specifically.
- A number of convenient, helpful tools that let you:

  Compare costs

  Use tools to compare costs and help you decide where to get care. You can compare out-of pocket estimates, specific to your coverage plan, for actual treatment, procedures and costs.

  Find out more about your local hospitals

  Learn how hospitals rank by number of procedures performed, patients' average length of stay, and cost. Go to our online healthcare professional directory for average costs for certain procedures, including total charges and your out-of-pocket expense, based on your Cigna plan. You can also find hospitals that earn the Centers of Excellence designation based on effectiveness in treating selected procedures/conditions and cost.

  Get the facts about your medication, cost, treatment options and side effects

  Use the pharmacy tools to: check your prescription drug costs, listed by specific pharmacy and location (including Cigna Home Delivery Pharmacy); and review your claims history for the past 16 months. Look at condition-specific drug treatments and compare characteristics of more than 200 common medications. Evaluate up to 10 medications at once to better understand side effects, drug interactions and alternatives.

  Take control of your health

  Take the health risk assessment, an online questionnaire that can help you identify and monitor your health status. You can learn about preventive care and check your progress toward healthy goals. And if your results show that you may benefit from other services, you can learn about related Cigna programs on the same site.

  Explore topics on medicine, health and wellness

  Get information on more than 5,000 health conditions, health and wellness, first aid and medical exams through **Healthwise**® Medical Encyclopedia, an interactive library.

  Keep track of your personal health information

  Health Record is your central, secure location for your medical conditions, medications, allergies, surgeries, immunizations, and emergency contacts. You can add your health risk assessment results to **Health Record**, so you can easily print and share the information with your doctor. Your lab results from certain facilities can be automatically entered into your Personal Health Record.

Chart progress of important health indicators

Input key data such as blood pressure, blood sugar, cholesterol (Total/LDL/HDL), height and weight, and exercise regimen. **Health Tracker** makes it easy to chart the results and share them with your doctor.

Getting the Most from Your HRA

You make decisions every day, from buying the family car to choosing the breakfast cereal. Make yourself a more educated health care consumer and you'll find that you, too, can make a difference in the health care services you receive and what you ultimately pay.

Fast Facts

If you choose to see a Cigna participating health care professional, the cost is based on discounted rates, so your costs will be lower. If you visit a health care professional or facility not in the network, you may still use your HRA to pay for the cost of those services, but you will pay a higher rate, and you may have to file claims.

If you need hospital care, there are several tools to help you make informed decisions about quality and cost.

- With the Hospital Comparison tool on www.myCigna.com, you can learn how hospitals rank by number of procedures performed, patients' average length of stay, and cost.
- Visit our healthcare professional directory for Cigna Centers of Excellence, providing hospital scores for specific procedures/conditions, such as cardiac care, hip and knee replacement, and bariatric surgery. Scores are based on cost and effectiveness in treating the procedure/condition, based on publicly available data.
- www.myCigna.com also includes a Healthcare Professional Excellence Recognition Directory. This directory includes information on:
  - Participating physicians who have achieved recognition from the National Committee for Quality Assurance (NCQA) for diabetes and/or heart and stroke care.
  - Hospitals that fully meet The Leapfrog Group patient safety standards.

If you're not sure where to begin, you have access to health advocates.

You now have access to health specialists, including individuals trained as nurses, coaches, nutritionists and clinicians, who will listen, understand your needs and help you find solutions, even when you're not sure where to begin. Partner with a health coach and get help to maintain good eating and exercise habits; support and encouragement to set and reach health improvement goals; and guidance to better manage conditions, including coronary artery disease, low back pain, osteoarthritis, high blood pressure, high cholesterol and more. From quick answers to health questions to assistance with managing more serious health needs, call the toll-free number on your Cigna ID card or visit www.myCigna.com. See your benefits administrator for more details about all of the services you have access to through your plan.

Wherever you go in the U.S., you take the Cigna 24-Hour Health Information Line℠ with you.

Whether it's late at night, and your child has a fever, or you're traveling and you're not sure where to get care, or you don't feel well and you're unsure about the symptoms, you can call the Cigna 24-Hour Health Information Line whenever you have a question. Call the toll-free number on your Cigna ID card and you will speak to a nurse who will help direct you to the appropriate care.

A little knowledge goes a long way.

Getting the facts about your care, such as treatment options and health risks is important to your health and well-being, and your pocketbook. For instance:

- Getting appropriate preventive care is key to staying healthy. Visit www.myCigna.com to learn more about proper preventive care and what's covered under your plan.
- When it comes to medications, talk to your doctor about whether generic drugs are right for you. The brand name drugs you are prescribed may have generic alternatives that could lower your costs. If a generic version of your brand name drug is not available, other generic drugs with the same treatment effect may meet your needs.
- Tools on www.myCigna.com can help you take control of your health and health care spending. You can learn about medical topics and wellness, and keep track of your personal health information. You can also print personalized reports to discuss with your doctor.

Important Information

THIS IS NOT AN INSURED BENEFIT PLAN. THE BENEFITS DESCRIBED IN THIS BOOKLET OR ANY RIDER ATTACHED HERETO ARE SELF-INSURED BY CITY OF FORT LAUDERDALE WHICH IS RESPONSIBLE FOR THEIR PAYMENT. CIGNA HEALTH AND LIFE INSURANCE COMPANY (CIGNA) PROVIDES CLAIM ADMINISTRATION SERVICES TO THE PLAN, BUT CIGNA DOES NOT INSURE THE BENEFITS DESCRIBED.

THIS DOCUMENT MAY USE WORDS THAT DESCRIBE A PLAN INSURED BY CIGNA. BECAUSE THE PLAN IS NOT INSURED BY CIGNA, ALL REFERENCES TO INSURANCE SHALL BE READ TO INDICATE THAT THE PLAN IS SELF-INSURED. FOR EXAMPLE, REFERENCES TO "CIGNA," "INSURANCE COMPANY," AND "POLICYHOLDER" SHALL BE DEEMED TO MEAN YOUR "EMPLOYER" AND "POLICY" TO MEAN "PLAN" AND "INSURED" TO MEAN "COVERED" AND "INSURANCE" SHALL BE DEEMED TO MEAN "COVERAGE."

HC-NOT89

Explanation of Terms

You will find terms starting with capital letters throughout your certificate. To help you understand your benefits, most of these terms are defined in the Definitions section of your certificate.

The Schedule

The Schedule is a brief outline of your maximum benefits which may be payable under your insurance. For a full description of each benefit, refer to the appropriate section listed in the Table of Contents.

Special Plan Provisions

Participating Providers include Physicians, Hospitals and Other Health Professionals and Other Health Care Facilities. Consult your Physician Guide for a list of Participating Providers in your area. Participating Providers are committed to providing you and your Dependents appropriate care while lowering medical costs.

Services Available in Conjunction With Your Medical Plan

The following pages describe helpful services available in conjunction with your medical plan. You can access these services by calling the toll-free number shown on the back of your ID card.

HC-SPP70 01-21

Case Management

Case Management is a service provided through a Review Organization, which assists individuals with treatment needs that extend beyond the acute care setting. The goal of Case Management is to ensure that patients receive appropriate care in the most effective setting possible whether at home, as an outpatient, or an inpatient in a Hospital or specialized facility. Should the need for Case Management arise, a Case Management professional will work closely with the patient, his or her family and the attending Physician to determine appropriate treatment options which will best meet the patient's needs and keep costs manageable. The Case Manager will help coordinate the treatment program and arrange for necessary resources. Case Managers are also available to answer questions and provide ongoing support for the family in times of medical crisis.

Case Managers are Registered Nurses (RNs) and other credentialed health care professionals, each trained in a clinical specialty area such as trauma, high risk pregnancy and neonates, oncology, mental health, rehabilitation or general medicine and surgery. A Case Manager trained in the appropriate clinical specialty area will be assigned to you or your dependent. In addition, Case Managers are supported by a panel of Physician advisors who offer guidance on up-to-date treatment programs and medical technology. While the Case Manager recommends alternate treatment programs and helps coordinate needed resources, the patient's attending Physician remains responsible for the actual medical care.

- You, your dependent or an attending Physician can request Case Management services by calling the **toll-free number** shown on your ID card during normal business hours, Monday through Friday. In addition, your employer, a claim office or a utilization review program (see the PAC/CSR section of your certificate) may refer an individual for Case Management.
- The Review Organization assesses each case to determine whether Case Management is appropriate.
- You or your Dependent is contacted by an assigned Case Manager who explains in detail how the program works. Participation in the program is voluntary - no penalty or benefit reduction is imposed if you do not wish to participate in Case Management.
- Following an initial assessment, the Case Manager works with you, your family and Physician to determine the needs of the patient and to identify what alternate treatment programs are available (for example, in-home medical care in lieu of an extended Hospital convalescence). You are not penalized if the alternate treatment program is not followed.
- The Case Manager arranges for alternate treatment services and supplies, as needed (for example, nursing services or a Hospital bed and other Durable Medical Equipment for the home).
- The Case Manager also acts as a liaison between the insurer, the patient, his or her family and Physician as needed (for example, by helping you to understand a complex medical diagnosis or treatment plan).
- Once the alternate treatment program is in place, the Case Manager continues to manage the case to ensure the treatment program remains appropriate to the patient's needs.

While participation in Case Management is strictly voluntary, Case Management professionals can offer quality, cost-effective treatment alternatives, as well as provide assistance in obtaining needed medical resources and ongoing family support in a time of need.

HC-SPP2 04-10
V1

Additional Programs

We may, from time to time, offer or arrange for various entities to offer discounts, benefits, or other consideration to our members for the purpose of promoting the general health and well being of our members. We may also arrange for the reimbursement of all or a portion of the cost of services provided by other parties to the Policyholder. Contact us for details regarding any such arrangements.

HC-SPP3 04-10
V1

Care Management and Care Coordination Services

Your plan may enter into specific collaborative arrangements with health care professionals committed to improving quality care, patient satisfaction and affordability. Through these collaborative arrangements, health care professionals commit to proactively providing participants with certain care management and care coordination services to facilitate achievement of these goals. Reimbursement is provided at 100% for these services when rendered by designated health care professionals in these collaborative arrangements.

HC-SPP27 06-15
V1

Important Notices

Direct Access to Obstetricians and Gynecologists

You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

Selection of a Primary Care Provider

This plan generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

For children, you may designate a pediatrician as the primary care provider.

Important Information

Rebates and Other Payments

Cigna or its affiliates may receive rebates or other remuneration from pharmaceutical manufacturers in connection with certain Medical Pharmaceuticals covered under your plan and Prescription Drug Products included on the Prescription Drug List. These rebates or remuneration are not obtained on you or your Employer's or plan's behalf or for your benefit. Cigna, its affiliates and the plan are not obligated to pass these rebates on to you, or apply them to your plan's Deductible if any or take them into account in determining your Copayments and/or Coinsurance.

Cigna and its affiliates or designees, conduct business with various pharmaceutical manufacturers separate and apart from this plan's Medical Pharmaceutical and Prescription Drug Product benefits. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this plan. Cigna and its affiliates are not required to pass on to you, and do not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, Cigna or its designee may send mailings to you or your Dependents or to your Physician that communicate a variety of messages, including information about Medical Pharmaceuticals and Prescription Drug Products. These mailings may contain coupons or offers from pharmaceutical manufacturers that enable you or your Dependents, at your discretion, to purchase the described Medical Pharmaceutical and Prescription Drug Product at a discount or to obtain it at no charge. Pharmaceutical manufacturers may pay for and/or provide the content for these mailings. Cigna, its affiliates and the plan are not responsible in any way for any decision you make in connection with any coupon, incentive, or other offer you may receive from a pharmaceutical manufacturer or Physician.

SaveOnSP Specialty Program

As a participant in the plan, you may opt to enroll in the SaveOnSP program, in which certain pharmaceutical manufacturers may provide assistance for certain costs associated with specific Specialty Prescription Drug Products that are used to treat various conditions, such as: hepatitis C, multiple sclerosis, psoriasis, inflammatory bowel disease,

rheumatoid arthritis, oncology and various others (specific drugs and manufacturer programs may vary from time to time).

If you have enrolled and are receiving medications under this program, manufacturer assistance will reduce or eliminate your Out-of-Pocket cost.

If you choose not to sign up with SaveOnSP, your prescription drug cost-share (the amount you pay) for the medications listed, will be as indicated at the link below, which may be amended from time to time. The Specialty Prescription Drug Products included in this program are considered non-Essential Health Benefits as set forth in the Patient Protection and Affordable Care Act of 2010 (PPACA) and any amount you pay will not count towards your Deductible or Out-of-Pocket Maximums, if any.

To determine if your medication qualifies for the SaveOnSP program, you can go to www.saveonsp.com/Cigna or contact SaveOnSP at 800-683-1074.

Discrimination is Against the Law

Cigna complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability or sex. Cigna does not exclude people or treat them differently because of race, color, national origin, age, disability or sex.

Cigna:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as
  - Qualified interpreters
  - Information written in other languages

If you need these services, contact customer service at the toll-free phone number shown on your ID card, and ask a Customer Service Associate for assistance.

If you believe that Cigna has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability or sex, you can file a grievance by sending an email to ACAGrievance@cigna.com or by writing to the following address:

Cigna
Nondiscrimination Complaint Coordinator
P.O. Box 188016
Chattanooga, TN 37422

If you need assistance filing a written grievance, please call the number on the back of your ID card or send an email to ACAGrievance@cigna.com. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at: https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, or by mail or phone at:

U.S. Department of Health and Human Services
200 Independence Avenue, SW
Room 509F, HHH Building
Washington, D.C. 20201
1-800-368-1019, 800-537-7697 (TDD)

Complaint forms are available at http://www.hhs.gov/ocr/office/file/index.html.

HC-NOT97 07-17

Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA) - Non-Quantitative Treatment Limitations (NQTLs)

Federal MHPAEA regulations provide that a plan cannot impose a Non-Quantitative Treatment Limitation (NQTL) on mental health or substance use disorder (MH/SUD) benefits in any classification unless the processes, strategies, evidentiary standards, or other factors used in applying the NQTL to MH/SUD benefits are comparable to, and are applied no more stringently than, those used in applying the NQTL to medical/surgical benefits in the same classification of benefits as written and in operation under the terms of the plan.

Non-Quantitative Treatment Limitations (NQTLs) include:

- Medical management standards limiting or excluding benefits based on Medical Necessity or whether the treatment is experimental or investigative;
- Prescription drug formulary design;
- Network admission standards;
- Methods for determining in-network and out-of-network provider reimbursement rates;
- Step therapy a/k/a fail-first requirements; and
- Exclusions and/or restrictions based on geographic location, facility type or provider specialty.

A description of your plan's NQTL methodologies and processes applied to medical/surgical benefits and MH/SUD benefits is available for review by Plan Administrators (e.g. employers) and covered persons by accessing the appropriate link below:

Employers (Plan Administrators): https://cignaaccess.cigna.com/secure/app/ca/centralRepo - Log in, select Resources and Training, then select the NQTL document.

Covered Persons: www.cigna.com\sp

To determine which document applies to your plan, select the relevant health plan product; medical management model (inpatient only or inpatient and outpatient) which can be located in this booklet immediately following The Schedule; and pharmacy coverage (whether or not your plan includes pharmacy coverage).

HC-NOT113 01-20

How To File Your Claim

If your plan provides coverage when care is received only from In-Network providers, you may still have Out-of-Network claims (for example, when Emergency Services are received from an Out-of-Network provider) and should follow the claim submission instructions for those claims. Claims can be submitted by the provider if the provider is able and willing to file on your behalf. If the provider is not submitting on your behalf, you must send your completed claim form and itemized bills to the claims address listed on the claim form.

You may get the required claim forms from the website listed on your identification card or by using the toll-free number on your identification card.

CLAIM REMINDERS

- BE SURE TO USE YOUR MEMBER ID AND ACCOUNT/GROUP NUMBER WHEN YOU FILE CIGNA'S CLAIM FORMS, OR WHEN YOU CALL YOUR CIGNA CLAIM OFFICE.

  YOUR MEMBER ID IS THE ID SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.

  YOUR ACCOUNT/GROUP NUMBER IS SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.
- BE SURE TO FOLLOW THE INSTRUCTIONS LISTED ON THE BACK OF THE CLAIM FORM CAREFULLY WHEN SUBMITTING A CLAIM TO CIGNA.

Timely Filing of Out-of-Network Claims

Cigna will consider claims for coverage under our plans when proof of loss (a claim) is submitted within 180 days for Out-of-Network benefits after services are rendered. If services are rendered on consecutive days, such as for a Hospital Confinement, the limit will be counted from the last date of service. If claims are not submitted within 180 days for Out-of-Network benefits, the claim will not be considered valid and will be denied.

WARNING: Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance or statement of claim containing any materially false information; or conceals for the purpose of misleading, information concerning any material fact thereto, commits a fraudulent insurance act.

HC-CLM25 01-11
V11

Eligibility - Effective Date

Employee Insurance

This plan is offered to you as an Employee.

Eligibility for Employee Insurance

You will become eligible for insurance on the day you complete the waiting period if:

- you are in a Class of Eligible Employees; and
- you are an eligible, regular/full-time Employee who normally works at least 32 hours a week; or
- you are an eligible, variable hour Employee who normally works an average of 30 hours per week during the City's Measurement period as required by the Affordable Care Act; and
- you pay any required contribution.

If you were previously insured and your insurance ceased, you must satisfy the Waiting Period to become insured again. If your insurance ceased because you were no longer employed in a Class of Eligible Employees, you are not required to satisfy any waiting period if you again become a member of a Class of Eligible Employees within one year after your insurance ceased.

Eligibility for Dependent Insurance

You will become eligible for Dependent Insurance on the later of:

- the day you become eligible for yourself; or
- the day you acquire your first Dependent.

Waiting Period

The first day of the month following 30 days from date of hire or promotion to a benefit eligible position.

Classes of Eligible Employees

Each Employee as reported to the insurance company by your Employer.

Effective Date of Employee Insurance

You will become insured effective the first day of the month following or coincident to receipt of enrollment requirements by signing (or electronically) an approved payroll deduction or

enrollment form, as applicable, but no earlier than the date you become eligible.

Late Entrant - Employee

You are a Late Entrant if:

- you elect the insurance more than 30 days after you become eligible; or
- you again elect it after you cancel your payroll deduction (if required).

Dependent Insurance

For your Dependents to be insured, you will have to pay the required contribution, if any, toward the cost of Dependent Insurance.

Effective Date of Dependent Insurance

Your dependents will become insured effective the first day of the month following or coincident to receipt of enrollment requirements by signing (or electronically) an approved payroll deduction or enrollment form, as applicable, along with furnishing proof of dependency, but no earlier than the date you become eligible.

Late Entrant – Dependent

You are a Late Entrant for Dependent Insurance if:

- you elect that insurance more than 30 days after you become eligible for it; or
- you again elect it after you cancel your payroll deduction (if required).

Exception for Newborns

Any Dependent child born while you are insured will become insured on the date of baby's birth if you elect Dependent Insurance no later than 31 days after baby's birth. If you do not elect to insure your newborn child within such 31 days, coverage for that child will end on the 31st day. No benefits for expenses incurred beyond the 31st day will be payable.

If notice is given within 60 days of the birth of the child, the insurer may not deny coverage for a child due to the failure of the insured to timely notify the insurer of the birth of the child.

HC-ELG274 M 01-19

Important Information About Your Medical Plan

Details of your medical benefits are described on the following pages.

Opportunity to Select a Primary Care Physician

Choice of Primary Care Physician:

This medical plan does not require that you select a Primary Care Physician or obtain a referral from a Primary Care Physician in order to receive all benefits available to you under this medical plan. Notwithstanding, a Primary Care Physician may serve an important role in meeting your health care needs by providing or arranging for medical care for you and your Dependents. For this reason, we encourage the use of Primary Care Physicians and provide you with the opportunity to select a Primary Care Physician from a list provided by Cigna for yourself and your Dependents. If you choose to select a Primary Care Physician, the Primary Care Physician you select for yourself may be different from the Primary Care Physician you select for each of your Dependents.

Changing Primary Care Physicians:

You may request a transfer from one Primary Care Physician to another by contacting us at the member services number on your ID card. Any such transfer will be effective on the first day of the month following the month in which the processing of the change request is completed.

In addition, if at any time a Primary Care Physician ceases to be a Participating Provider, you or your Dependent will be notified for the purpose of selecting a new Primary Care Physician.

HC-IMP212 01-18

Open Access Plus In-Network Medical Benefits The Schedule
For You and Your Dependents
Open Access Plus In-Network Medical Benefits provide coverage for care In-Network. To receive Open Access Plus In-Network Medical Benefits, you and your Dependents may be required to pay a portion of the Covered Expenses for services and supplies. That portion is the Copayment, Deductible or Coinsurance.
When you receive services from an In-Network Provider, remind your provider to utilize In-Network Providers for x-rays, lab tests and other services to ensure the cost may be considered at the In-Network level.
If you are unable to locate an In-Network Provider in your area who can provide you with a service or supply that is covered under this plan, you must call the number on the back of your I.D. card to obtain authorization for Out-of-Network Provider coverage. If you obtain authorization for services provided by an Out-of-Network Provider, benefits for those services will be covered at the In-Network benefit level.
Coinsurance The term Coinsurance means the percentage of Covered Expenses that an insured person is required to pay under the plan in addition to the Deductible, if any.
Copayments/Deductibles Copayments are amounts to be paid by you or your Dependent for covered services. Deductibles are Covered Expenses to be paid by you or your Dependent before benefits are payable under this plan. Deductible amounts are separate from and not reduced by Copayments. Copayments and Deductibles are in addition to any Coinsurance.
Out-of-Pocket Expenses Out-of-Pocket Expenses are Covered Expenses incurred for charges that are not paid by the benefit plan because of any Deductibles, Copayments or Coinsurance. Such Covered Expenses accumulate to the Out-of-Pocket Maximum shown in The Schedule. When the Out-of-Pocket Maximum is reached, all Covered Expenses, except charges for non-compliance penalties, are payable by the benefit plan at 100%.

Open Access Plus In-Network Medical Benefits

The Schedule

Multiple Surgical Reduction

Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.

Assistant Surgeon and Co-Surgeon Charges

Assistant Surgeon

The maximum amount payable will be limited to charges made by an assistant surgeon that do not exceed a percentage of the surgeon's allowable charge as specified in Cigna Reimbursement Policies. (For purposes of this limitation, allowable charge means the amount payable to the surgeon prior to any reductions due to coinsurance or deductible amounts.)

Co-Surgeon

The maximum amount payable for charges made by co-surgeons will be limited to the amount specified in Cigna Reimbursement Policies.

Out-of-Network Charges for Certain Services

Charges for services furnished by an Out-of-Network provider in an In-Network facility while you are receiving In-Network services at that In-Network facility: (i) are payable at the In-Network cost-sharing level; and (ii) the allowable amount used to determine the Plan's benefit payment is the amount agreed to by the Out-of-Network provider and Cigna, or as required by applicable state or Federal law.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

Out-of-Network Emergency Services Charges

1. Emergency Services are covered at the In-Network cost-sharing level if services are received from a non-Participating (Out-of-Network) Provider.

2. The allowable amount used to determine the Plan's benefit payment for covered Emergency Services rendered in an Out-of-Network Hospital, or by an Out-of-Network provider in an In-Network Hospital, is the amount agreed to by the Out-of-Network provider and Cigna, or as required by applicable state or Federal law.

3. The allowable amount used to determine the Plan’s benefit payment when Out-of-Network Emergency Services result in an inpatient admission is the median amount negotiated with In-Network facilities.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

BENEFIT HIGHLIGHTS	IN-NETWORK
Lifetime Maximum	Unlimited
The Percentage of Covered Expenses the Plan Pays **Note:** "No charge" means an insured person is not required to pay Coinsurance.	100%

Open Access Plus In-Network Medical Benefits

Prior Authorization/Pre-Authorized

The term Prior Authorization means the approval that a Participating Provider must receive from the Review Organization, prior to services being rendered, in order for certain services and benefits to be covered under this policy.

Services that require Prior Authorization include, but are not limited to:

- inpatient Hospital services, except for 48/96 hour maternity stays.
- inpatient services at any participating Other Health Care Facility.
- residential treatment.
- outpatient facility services.
- partial hospitalization.
- intensive outpatient programs.
- advanced radiological imaging.
- non-emergency Ambulance.
- certain Medical Pharmaceuticals.
- home health care services.
- radiation therapy.
- transplant services.

HC-PRA55 01-21

Covered Expenses

The term Covered Expenses means expenses incurred by a person while covered under this plan for the charges listed below for:

- preventive care services; and
- services or supplies that are Medically Necessary for the care and treatment of an Injury or a Sickness, as determined by Cigna.

As determined by Cigna, Covered Expenses may also include all charges made by an entity that has directly or indirectly contracted with Cigna to arrange, through contracts with providers of services and/or supplies, for the provision of any services and/or supplies listed below. **Any applicable Copayments, Deductibles or limits are shown in The Schedule.**

Covered Expenses

- charges for inpatient Room and Board and other Necessary Services and Supplies made by a Hospital, subject to the limits as shown in The Schedule.
- charges for inpatient Room and Board and other Necessary Services and Supplies made by an Other Health Care Facility, including a Skilled Nursing Facility, a Rehabilitation Hospital or a subacute facility as shown in The Schedule.
- charges for licensed Ambulance service to the nearest Hospital where the needed medical care and treatment can be provided.
- charges for outpatient medical care and treatment received at a Hospital.
- charges for outpatient medical care and treatment received at a Free-Standing Surgical Facility.
- charges for Emergency Services.
- charges for Urgent Care.
- charges by a Physician or a Psychologist for professional services.
- charges by a Nurse for professional nursing service.
- charges for anesthetics, including, but not limited to supplies and their administration.
- charges for diagnostic x-ray.
- charges for advanced radiological imaging, including for example CT Scans, MRI, MRA and PET scans and laboratory examinations, x-ray, radiation therapy and radium and radioactive isotope treatment and other therapeutic radiological procedures.
- charges for chemotherapy.
- charges for blood transfusions.
- charges for oxygen and other gases and their administration.
- charges for Medically Necessary foot care for diabetes, peripheral neuropathies, and peripheral vascular disease.
- charges for screening prostate-specific antigen (PSA) testing.
- charges for laboratory services, radiation therapy and other diagnostic and therapeutic radiological procedures.
- charges made for Family Planning, including medical history, physical exam, related laboratory tests, medical supervision in accordance with generally accepted medical practices, other medical services, information and counseling on contraception, implanted/injected contraceptives, after appropriate counseling, medical services connected with surgical therapies (tubal ligations, vasectomies).

- charges for the following preventive care services as defined by recommendations from the following:
  - the U.S. Preventive Services Task Force (A and B recommendations);
  - the Advisory Committee on Immunization Practices (ACIP) for immunizations;
  - the American Academy of Pediatrics' Periodicity Schedule of the Bright Futures Recommendations for Pediatric Preventive Health Care;
  - the Uniform Panel of the Secretary's Advisory Committee on Heritable Disorders in Newborns and Children; and
  - with respect to women, evidence-informed preventive care and screening guidelines supported by the Health Resources and Services Administration.

  Detailed information is available at www.healthcare.gov. For additional information on immunizations, visit the immunization schedule section of www.cdc.gov.
- charges for medical diagnostic services to determine the cause of erectile dysfunction. Penile implants are covered for an established medical condition that clearly is the cause of erectile dysfunction, such as postoperative prostatectomy and diabetes. Penile implants are not covered as treatment of psychogenic erectile dysfunction.
- charges for surgical and non-surgical treatment of Temporomandibular Joint Dysfunction (TMJ).
- charges for acupuncture.
- Medically Necessary orthognathic surgery to repair or correct a severe facial deformity or disfigurement.

Virtual Care

Dedicated Virtual Providers

Charges for the delivery of medical and health-related services and consultations by dedicated virtual providers as medically appropriate through audio, video, and secure internet-based technologies.

Virtual Physician Services

Charges for the delivery of medical and health-related services and consultations as medically appropriate through audio, video, and secure internet-based technologies that are similar to office visit services provided in a face-to-face setting.

Charges for behavioral consultations and services via secure telecommunications technologies that shall include video capability, including telephones and internet, when delivered through a behavioral provider.

Convenience Care Clinic

Convenience Care Clinics provide for common ailments and routine services, including but not limited to, strep throat, ear infections or pink eye, immunizations and flu shots.

Nutritional Counseling

Charges for nutritional counseling when diet is a part of the medical management of a medical or behavioral condition.

Enteral Nutrition

Enteral Nutrition means medical foods that are specially formulated for enteral feedings or oral consumption.

Coverage includes medically approved formulas prescribed by a Physician for treatment of inborn errors of metabolism (e.g., disorders of amino acid or organic acid metabolism).

Internal Prosthetic/Medical Appliances

Charges for internal prosthetic/medical appliances that provide permanent or temporary internal functional supports for non-functional body parts are covered. Medically Necessary repair, maintenance or replacement of a covered appliance is also covered.

HC-COV1122 01-22

Home Health Care Services

Charges for skilled care provided by certain health care providers during a visit to the home, when the home is determined to be a medically appropriate setting for the services. A visit is defined as a period of 2 hours or less. Home Health Care Services are subject to a maximum of 16 hours in total per day.

Home Health Care Services are covered when skilled care is required under any of the following conditions:

- the required skilled care cannot be obtained in an outpatient facility.
- confinement in a Hospital or Other Health Care Facility is not required.
- the patient's home is determined by Cigna to be the most medically appropriate place to receive specific services.

Covered services include:

- skilled nursing services provided by a Registered Nurse (RN), Licensed Practical Nurse (LPN), Licensed Vocational Nurse (LVN) and an Advanced Practice Registered Nurse (APRN).
- services provided by health care providers such as physical therapist, occupational therapist and speech therapist.
- services of a home health aide when provided in direct support of those nurses and health care providers.
- necessary consumable medical supplies and home infusion therapy administered or used by a health care provider.

Note: Physical, occupational, and other Outpatient Therapy Services provided in the home are covered under the Outpatient Therapy Services benefit shown in The Schedule.

The following are excluded from coverage:

- services provided by a person who is a member of the patient's family, even when that person is a health care provider.
- services provided by a person who normally resides in the patient's house, even when that person is a health care provider.
- non-skilled care, Custodial Services, and assistance in the activities of daily living, including but not limited to eating, bathing, dressing or other services; self-care activities; homemaker services; and services primarily for rest, domiciliary or convalescent care.

Home Health Care Services, for a patient who is dependent upon others for non-skilled care and/or Custodial Services, is provided only when there is a family member or caregiver present in the home at the time of the health care visit to provide the non-skilled care and/or Custodial Services.

HC-COV1123 01-22

Hospice Care Services

- charges for a person who has been diagnosed as having six months or fewer to live, due to Terminal Illness, for the following Hospice Care Services provided under a Hospice Care Program:
  - by a Hospice Facility for Room and Board and Services and Supplies;
  - by a Hospice Facility for services provided on an outpatient basis;
  - by a Physician for professional services;
  - by a Psychologist, social worker, family counselor or ordained minister for individual and family counseling;
  - for pain relief treatment, including drugs, medicines and medical supplies;
  - by an Other Health Care Facility for:
    - part-time or intermittent nursing care by or under the supervision of a Nurse;
    - part-time or intermittent services of an Other Health Professional;
  - charges for physical, occupational and speech therapy;
  - charges for medical supplies; drugs and medicines lawfully dispensed only on the written prescription of a Physician; and laboratory services; but only to the extent such charges would have been payable under the policy if the person had remained or been Confined in a Hospital or Hospice Facility.

The following charges for Hospice Care Services are not included as Covered Expenses:

- for the services of a person who is a member of your family or your Dependent's family or who normally resides in your house or your Dependent's house;
- for any period when you or your Dependent is not under the care of a Physician;
- for services or supplies not listed in the Hospice Care Program;
- for any curative or life-prolonging procedures;
- to the extent that any other benefits are payable for those expenses under the policy;
- for services or supplies that are primarily to aid you or your Dependent in daily living.

HC-COV980 01-21

Mental Health and Substance Use Disorder Services

Mental Health Services are services that are required to treat a disorder that impairs the behavior, emotional reaction or thought processes. In determining benefits payable, charges made for the treatment of any physiological conditions related to Mental Health will not be considered to be charges made for treatment of Mental Health.

Substance Use Disorder is defined as the psychological or physical dependence on alcohol or other mind-altering drugs that requires diagnosis, care, and treatment. In determining benefits payable, charges made for the treatment of any physiological conditions related to rehabilitation services for alcohol or drug abuse or addiction will not be considered to be charges made for treatment of Substance Use Disorder.

Inpatient Mental Health Services

Services that are provided by a Hospital while you or your Dependent is Confined in a Hospital for the treatment and evaluation of Mental Health. Inpatient Mental Health Services include Mental Health Residential Treatment Services.

Mental Health Residential Treatment Services are services provided by a Hospital for the evaluation and treatment of the psychological and social functional disturbances that are a result of subacute Mental Health conditions.

Mental Health Residential Treatment Center means an institution which specializes in the treatment of psychological and social disturbances that are the result of Mental Health conditions; provides a subacute, structured, psychotherapeutic treatment program, under the supervision of Physicians; provides 24-hour care, in which a person lives in an open setting; and is licensed in accordance with the laws of the

appropriate legally authorized agency as a residential treatment center.

A person is considered confined in a Mental Health Residential Treatment Center when she/he is a registered bed patient in a Mental Health Residential Treatment Center upon the recommendation of a Physician.

Outpatient Mental Health Services

Services of Providers who are qualified to treat Mental Health when treatment is provided on an outpatient basis, while you or your Dependent is not Confined in a Hospital, and is provided in an individual, group or Mental Health Partial Hospitalization or Intensive Outpatient Therapy Program. Covered services include, but are not limited to, outpatient treatment of conditions such as: anxiety or depression which interfere with daily functioning; emotional adjustment or concerns related to chronic conditions, such as psychosis or depression; emotional reactions associated with marital problems or divorce; child/adolescent problems of conduct or poor impulse control; affective disorders; suicidal or homicidal threats or acts; eating disorders; or acute exacerbation of chronic Mental Health conditions (crisis intervention and relapse prevention) and outpatient testing and assessment.

Mental Health Partial Hospitalization Services are rendered not less than 4 hours and not more than 12 hours in any 24-hour period by a certified/licensed Mental Health program in accordance with the laws of the appropriate legally authorized agency.

A Mental Health Intensive Outpatient Therapy Program consists of distinct levels or phases of treatment that are provided by a certified/licensed Mental Health program in accordance with the laws of the appropriate, legally authorized agency. Intensive Outpatient Therapy Programs provide a combination of individual, family and/or group therapy in a day, totaling nine or more hours in a week.

Inpatient Substance Use Disorder Rehabilitation Services

Services provided for rehabilitation, while you or your Dependent is Confined in a Hospital, when required for the diagnosis and treatment of abuse or addiction to alcohol and/or drugs. Inpatient Substance Use Disorder Services include Residential Treatment services.

Substance Use Disorder Residential Treatment Services are services provided by a Hospital for the evaluation and treatment of the psychological and social functional disturbances that are a result of subacute Substance Use Disorder conditions.

Substance Use Disorder Residential Treatment Center means an institution which specializes in the treatment of psychological and social disturbances that are the result of Substance Use Disorder; provides a subacute, structured, psychotherapeutic treatment program, under the supervision of Physicians; provides 24-hour care, in which a person lives in an open setting; and is licensed in accordance with the laws of the appropriate legally authorized agency as a residential treatment center.

A person is considered confined in a Substance Use Disorder Residential Treatment Center when she/he is a registered bed patient in a Substance Use Disorder Residential Treatment Center upon the recommendation of a Physician.

Outpatient Substance Use Disorder Rehabilitation Services

Services provided for the diagnosis and treatment of Substance Use Disorder or addiction to alcohol and/or drugs, while you or your Dependent is not Confined in a Hospital, including outpatient rehabilitation in an individual, or a Substance Use Disorder Partial Hospitalization or Intensive Outpatient Therapy Program.

Substance Use Disorder Partial Hospitalization Services are rendered no less than 4 hours and not more than 12 hours in any 24-hour period by a certified/licensed Substance Use Disorder program in accordance with the laws of the appropriate legally authorized agency.

A Substance Use Disorder Intensive Outpatient Therapy Program consists of distinct levels or phases of treatment that are provided by a certified/licensed Substance Use Disorder program in accordance with the laws of the appropriate legally authorized agency. Intensive Outpatient Therapy Programs provide a combination of individual, family and/or group therapy in a day, totaling nine, or more hours in a week.

Substance Use Disorder Detoxification Services

Detoxification and related medical ancillary services are provided when required for the diagnosis and treatment of addiction to alcohol and/or drugs. Cigna will decide, based on the Medical Necessity of each situation, whether such services will be provided in an inpatient or outpatient setting.

Exclusions

The following are specifically excluded from Mental Health and Substance Use Disorder Services:

- treatment of disorders which have been diagnosed as organic mental disorders associated with permanent dysfunction of the brain.
- developmental disorders, including but not limited to, developmental reading disorders, developmental arithmetic disorders, developmental language disorders or developmental articulation disorders.
- counseling for activities of an educational nature.
- counseling for borderline intellectual functioning.
- counseling for occupational problems.
- counseling related to consciousness raising.
- vocational or religious counseling.

- I.Q. testing.
- custodial care, including but not limited to geriatric day care.
- psychological testing on children requested by or for a school system.
- occupational/recreational therapy programs even if combined with supportive therapy for age-related cognitive decline.

HC-COV481 12-15

Durable Medical Equipment

- charges made for purchase or rental of Durable Medical Equipment that is ordered or prescribed by a Physician and provided by a vendor approved by Cigna for use outside a Hospital or Other Health Care Facility. Coverage for repair, replacement or duplicate equipment is provided only when required due to anatomical change and/or reasonable wear and tear. All maintenance and repairs that result from a person's misuse are the person's responsibility.

Durable Medical Equipment is defined as items which are designed for and able to withstand repeated use by more than one person; customarily serve a medical purpose; generally are not useful in the absence of Injury or Sickness; are appropriate for use in the home; and are not disposable. Such equipment includes, but is not limited to, crutches, hospital beds, ventilators, insulin pumps and wheel chairs.

Durable Medical Equipment items that are not covered include but are not limited to those that are listed below:

- **Bed Related Items:** bed trays, over the bed tables, bed wedges, pillows, custom bedroom equipment, mattresses, including nonpower mattresses, custom mattresses and posturepedic mattresses.
- **Bath Related Items:** bath lifts, nonportable whirlpools, bathtub rails, toilet rails, raised toilet seats, bath benches, bath stools, hand held showers, paraffin baths, bath mats, and spas.
- **Fixtures to Real Property:** ceiling lifts and wheelchair ramps.
- **Car/Van Modifications.**
- **Air Quality Items:** room humidifiers, vaporizers and air purifiers.
- **Other Equipment:** centrifuges, needleless injectors, heat lamps, heating pads, cryounits, cryotherapy machines, ultraviolet cabinets, that emit Ultraviolet A (UVA) rays sheepskin pads and boots, postural drainage board, AC/DC adaptors, scales (baby and adult), stair gliders, elevators, saunas, cervical and lumbar traction devices, exercise equipment and diathermy machines.

HC-COV1124 02-21

External Prosthetic Appliances and Devices

- charges made or ordered by a Physician for: the initial purchase and fitting of external prosthetic appliances and devices available only by prescription which are necessary for the alleviation or correction of Injury, Sickness or congenital defect.

External prosthetic appliances and devices include prostheses/prosthetic appliances and devices; orthoses and orthotic devices; braces; and splints.

Prostheses/Prosthetic Appliances and Devices

Prostheses/prosthetic appliances and devices are defined as fabricated replacements for missing body parts. Prostheses/prosthetic appliances and devices include, but are not limited to:

- limb prostheses;
- terminal devices such as hands or hooks;
- speech prostheses; and
- facial prostheses.

Orthoses and Orthotic Devices

Orthoses and orthotic devices are defined as orthopedic appliances or apparatuses used to support, align, prevent or correct deformities. Coverage is provided for custom foot orthoses and other orthoses as follows:

- Non-foot orthoses – only the following non-foot orthoses are covered:
  - rigid and semi-rigid custom fabricated orthoses;
  - semi-rigid prefabricated and flexible orthoses; and
  - rigid prefabricated orthoses including preparation, fitting and basic additions, such as bars and joints.
- Custom foot orthoses – custom foot orthoses are only covered as follows:
  - for persons with impaired peripheral sensation and/or altered peripheral circulation (e.g. diabetic neuropathy and peripheral vascular disease);
  - when the foot orthosis is an integral part of a leg brace and is necessary for the proper functioning of the brace;
  - when the foot orthosis is for use as a replacement or substitute for missing parts of the foot (e.g. amputated toes) and is necessary for the alleviation or correction of Injury, Sickness or congenital defect; and

- for persons with neurologic or neuromuscular condition (e.g. cerebral palsy, hemiplegia, spina bifida) producing spasticity, malalignment, or pathological positioning of the foot and there is reasonable expectation of improvement.

The following are specifically excluded orthoses and orthotic devices:

- prefabricated foot orthoses;
- cranial banding and/or cranial orthoses. Other similar devices are excluded except when used postoperatively for synostotic plagiocephaly. When used for this indication, the cranial orthosis will be subject to the limitations and maximums of the External Prosthetic Appliances and Devices benefit;
- orthosis shoes, shoe additions, procedures for foot orthopedic shoes, shoe modifications and transfers;
- non-foot orthoses primarily used for cosmetic rather than functional reasons; and
- non-foot orthoses primarily for improved athletic performance or sports participation.

Braces

A Brace is defined as an orthosis or orthopedic appliance that supports or holds in correct position any movable part of the body and that allows for motion of that part.

The following braces are specifically excluded: Copes scoliosis braces.

Splints

A Splint is defined as an appliance for preventing movement of a joint or for the fixation of displaced or movable parts.

Coverage for replacement of external prosthetic appliances and devices is limited to the following:

- replacement due to regular wear. Replacement for damage due to abuse or misuse by the person will not be covered.
- replacement required because anatomic change has rendered the external prosthetic appliance or device ineffective. Anatomic change includes significant weight gain or loss, atrophy and/or growth.
- replacement due to a surgical alteration or revision of the impacted site.

Coverage for replacement is limited as follows:

- no more than once every 24 months for persons 19 years of age and older.
- no more than once every 12 months for persons 18 years of age and under.

The following are specifically excluded external prosthetic appliances and devices:

- external and internal power enhancements for external prosthetic devices; or
- microprocessor controlled prostheses and orthoses; and
- myoelectric and orthoses.

HC-COV1125 01-22

Outpatient Therapy Services

Charges for the following therapy services:

Cognitive Therapy, Occupational Therapy, Osteopathic Manipulation, Physical Therapy, Pulmonary Rehabilitation, Speech Therapy

- Charges for therapy services are covered when provided as part of a program of treatment.

Cardiac Rehabilitation

- Charges for Phase II cardiac rehabilitation provided on an outpatient basis following diagnosis of a qualifying cardiac condition when Medically Necessary. Phase II is a Hospital-based outpatient program following an inpatient Hospital discharge. The Phase II program must be Physician directed with active treatment and EKG monitoring.

  Phase III and Phase IV cardiac rehabilitation is not covered. Phase III follows Phase II and is generally conducted at a recreational facility primarily to maintain the patient's status achieved through Phases I and II. Phase IV is an advancement of Phase III which includes more active participation and weight training.

Chiropractic Care Services

- Charges for diagnostic and treatment services utilized in an office setting by chiropractic Physicians. Chiropractic treatment includes the conservative management of acute neuromusculoskeletal conditions through manipulation and ancillary physiological treatment rendered to specific joints to restore motion, reduce pain, and improve function. For these services you have direct access to qualified chiropractic Physicians.

Coverage is provided when Medically Necessary in the most medically appropriate setting to:

- Restore function (called "rehabilitative"):
  - To restore function that has been impaired or lost.
  - To reduce pain as a result of Sickness, Injury, or loss of a body part.

- Improve, adapt or attain function (sometimes called "habilitative"):
  - To improve, adapt or attain function that has been impaired or was never achieved as a result of congenital abnormality (birth defect).
  - To improve, adapt or attain function that has been impaired or was never achieved because of mental health and substance use disorder conditions. Includes conditions such as autism and intellectual disability, or mental health and substance use disorder conditions that result in a developmental delay.

Coverage is provided as part of a program of treatment when the following criteria are met:

- The individual's condition has the potential to improve or is improving in response to therapy, and maximum improvement is yet to be attained.
- There is an expectation that the anticipated improvement is attainable in a reasonable and generally predictable period of time.
- The therapy is provided by, or under the direct supervision of, a licensed health care professional acting within the scope of the license.
- The therapy is Medically Necessary and medically appropriate for the diagnosed condition.

Coverage for occupational therapy is provided only for purposes of enabling individuals to perform the activities of daily living after an Injury or Sickness.

Therapy services that are not covered include:

- sensory integration therapy.
- treatment of dyslexia.
- maintenance or preventive treatment provided to prevent recurrence or to maintain the patient's current status.
- charges for Chiropractic Care not provided in an office setting.
- vitamin therapy.

Coverage is administered according to the following:

- Multiple therapy services provided on the same day constitute one day of service for each therapy type.
- A separate Copayment applies to the services provided by each provider for each therapy type per day.

HC-COV982 01-21

Breast Reconstruction and Breast Prostheses

- charges made for reconstructive surgery following a mastectomy; benefits include: surgical services for reconstruction of the breast on which surgery was performed; surgical services for reconstruction of the non-diseased breast to produce symmetrical appearance; postoperative breast prostheses; and mastectomy bras and prosthetics, limited to the lowest cost alternative available that meets prosthetic placement needs. During all stages of mastectomy, treatment of physical complications, including lymphedema therapy, are covered.

Reconstructive Surgery

- charges made for reconstructive surgery or therapy to repair or correct a severe physical deformity or disfigurement which is accompanied by functional deficit; (other than abnormalities of the jaw or conditions related to TMJ disorder) provided that: the surgery or therapy restores or improves function; reconstruction is required as a result of Medically Necessary, non-cosmetic surgery; or the surgery or therapy is performed prior to age 19 and is required as a result of the congenital absence or agenesis (lack of formation or development) of a body part. Repeat or subsequent surgeries for the same condition are covered only when there is the probability of significant additional improvement as determined by the utilization review Physician.

HC-COV631 12-17

Transplant Services and Related Specialty Care

Charges made for human organ and tissue transplant services which include solid organ and bone marrow/stem cell procedures at designated facilities throughout the United States or its territories. This coverage is subject to the following conditions and limitations.

Transplant services include the recipient's medical, surgical and Hospital services; inpatient immunosuppressive medications; and costs for organ or bone marrow/stem cell procurement. Transplant services are covered only if they are required to perform any of the following human to human organ or tissue transplants: allogeneic bone marrow/stem cell, autologous bone marrow/stem cell, cornea, heart, heart/lung, kidney, kidney/pancreas, liver, lung, pancreas or intestine which includes small bowel-liver or multi-visceral. Implantation procedures are also covered for artificial heart, percutaneous ventricular assist device (PVAD), extracorporeal membrane oxygenation (ECMO) ventricular assist device (VAD) and intra-aortic balloon pump (IABP) are also covered.

- All transplant services and related specialty care services, other than cornea transplants, are covered when received at Cigna LifeSOURCE Transplant Network® facilities.
- Transplant services and related specialty care services received at Participating Provider facilities specifically contracted with Cigna for those transplant services and

related specialty care services, other than Cigna LifeSOURCE Transplant Network® facilities, are payable at the In-Network level.

- Transplant services and related specialty care services received at any other facility, including non-Participating Provider facilities and Participating Provider facilities not specifically contracted with Cigna for transplant services and related specialty care services, are not covered.
- Cornea transplants received at a facility that is specifically contracted with Cigna for this type of transplant are payable at the In-Network level.

Coverage for organ procurement costs are limited to costs directly related to the procurement of an organ, from a cadaver or a live donor. Organ procurement costs shall consist of hospitalization and surgery necessary for removal of an organ and transportation of a live donor (refer to Transplant and Related Specialty Care Travel Services). Compatibility testing undertaken prior to procurement is covered if Medically Necessary. Costs related to the search for, and identification of a bone marrow or stem cell donor for an allogeneic transplant are also covered.

Advanced cellular therapy, including but not limited to, immune effector cell therapies and Chimeric Antigen Receptor Therapy (CAR-T) cellular therapy, is covered when performed at a Cigna LifeSOURCE Transplant Network® facility with an approved stem cell transplant program. Advanced cellular therapy received at Participating Provider facilities specifically contracted with Cigna for advanced cellular therapy, other than Cigna LifeSOURCE Transplant Network® facilities, are payable at the In-Network level. Advanced cellular therapy received at any other facility, including non-Participating Provider facilities and Participating Provider facilities not specifically contracted with Cigna for advanced cellular therapy, are not covered.

Transplant and Related Specialty Care Travel Services

Charges made for non-taxable travel expenses incurred by you in connection with a preapproved organ/tissue transplant are covered subject to the following conditions and limitations:

- Transplant and related specialty care travel benefits are not available for cornea transplants.
- Benefits for transportation and lodging are available to the recipient of a preapproved organ/tissue transplant and/or related specialty care from a designated Cigna LifeSOURCE Transplant Network® facility.
- The term recipient is defined to include a person receiving authorized transplant related services during any of the following: evaluation, candidacy, transplant event, or post-transplant care.
- Travel expenses for the person receiving the transplant will include charges for: transportation to and from the designated Cigna LifeSOURCE Transplant Network® facility (including charges for a rental car used during a period of care at the designated Cigna LifeSOURCE Transplant Network® facility); and lodging while at, or traveling to and from, the designated Cigna LifeSOURCE Transplant Network® facility.
- In addition to your coverage for the charges associated with the items above, such charges will also be considered covered travel expenses for one companion to accompany you. The term companion includes your spouse, a member of your family, your legal guardian, or any person not related to you, but actively involved as your caregiver who is at least 18 years of age.
- The following are specifically excluded travel expenses: any expenses that if reimbursed would be taxable income, travel costs incurred due to travel within 60 miles of your home; food and meals; laundry bills; telephone bills; alcohol or tobacco products; and charges for transportation that exceed coach class rates.

These benefits for Transplant Services and Related Specialty Care, and for Transplant and Related Specialty Care Travel Services are only available when the covered person is the recipient of an organ/tissue transplant. Travel expenses for the designated live donor for a covered recipient are covered subject to the same conditions and limitations noted above. Charges for the expenses of a donor companion are not covered. No transplant and related specialty care services or travel benefits are available when the covered person is the donor for an organ/tissue transplant, the transplant recipient's plan would cover all donor costs.

HC-COV1126 01-22

Medical Pharmaceuticals

The plan covers charges made for Medical Pharmaceuticals that are administered in an Inpatient setting, Outpatient setting, Physician's office, or in a covered person's home.

Benefits under this section are provided only for Medical Pharmaceuticals which, due to their characteristics (as determined by Cigna), are required to be administered, or the administration of which must be directly supervised, by a qualified Physician or Other Health Professional. Benefits payable under this section include Medical Pharmaceuticals whose administration may initially, or typically, require Physician or Other Health Professional oversight but may be self-administered under certain conditions specified in the product's FDA labeling.

Certain Medical Pharmaceuticals are subject to prior authorization requirements or other coverage conditions. Additionally, certain Medical Pharmaceuticals are subject to

step therapy requirements. This means that in order to receive benefits for such Medical Pharmaceuticals, you are required to try a different Medical Pharmaceutical and/or Prescription Drug Product first.

Utilization management requirements or other coverage conditions are based on a number of factors, which may include clinical and economic factors. Clinical factors may include, but are not limited to, the P&T Committee's evaluations of the place in therapy, relative safety or relative efficacy of Medical Pharmaceuticals as well as whether certain supply limits or other utilization management requirements should apply. Economic factors may include, but are not limited to, the Medical Pharmaceutical's cost including, but not limited to, assessments on the cost effectiveness of the Medical Pharmaceuticals and available rebates. Regardless of its eligibility for coverage under your plan, whether a particular Prescription Drug Product is appropriate for you or any of your Dependents is a determination that is made by you (or your Dependent) and the prescribing Physician.

The coverage criteria for a Medical Pharmaceutical may change periodically for various reasons. For example, a Medical Pharmaceutical may be removed from the market, a new Medical Pharmaceutical in the same therapeutic class as a Medical Pharmaceutical may become available, or other market events may occur. Market events that may affect the coverage status of a Medical Pharmaceutical include, but are not limited to, an increase in the cost of a Medical Pharmaceutical.

HC-COV1168 01-22

Gene Therapy

Charges for gene therapy products and services directly related to their administration are covered when Medically Necessary. Gene therapy is a category of pharmaceutical products approved by the U.S. Food and Drug Administration (FDA) to treat or cure a disease by:

- replacing a disease-causing gene with a healthy copy of the gene.
- inactivating a disease-causing gene that may not be functioning properly.
- introducing a new or modified gene into the body to help treat a disease.

Each gene therapy product is specific to a particular disease and is administered in a specialized manner. Cigna determines which products are in the category of gene therapy, based in part on the nature of the treatment and how it is distributed and administered.

Coverage includes the cost of the gene therapy product; medical, surgical, and facility services directly related to administration of the gene therapy product; and professional services.

Gene therapy products and their administration are covered when prior authorized to be received at In-Network facilities specifically contracted with Cigna for the specific gene therapy service. Gene therapy products and their administration received at other facilities are not covered.

Gene Therapy Travel Services

Charges made for non-taxable travel expenses incurred by you in connection with a prior authorized gene therapy procedure are covered subject to the following conditions and limitations.

Benefits for transportation and lodging are available to you only when you are the recipient of a prior authorized gene therapy; and when the gene therapy products and services directly related to their administration are received at a participating In-Network facility specifically contracted with Cigna for the specific gene therapy service. The term recipient is defined to include a person receiving prior authorized gene therapy related services during any of the following: evaluation, candidacy, event, or post care.

Travel expenses for the person receiving the gene therapy include charges for: transportation to and from the gene therapy site (including charges for a rental car used during a period of care at the facility); and lodging while at, or traveling to and from, the site.

In addition to your coverage for the charges associated with the items above, such charges will also be considered covered travel expenses for one companion to accompany you. The term companion includes your spouse, a member of your family, your legal guardian, or any person not related to you, but actively involved as your caregiver who is at least 18 years of age.

The following are specifically excluded travel expenses: any expenses that if reimbursed would be taxable income, travel costs incurred due to travel within 60 miles of your home; food and meals; laundry bills; telephone bills; alcohol or tobacco products; and charges for transportation that exceed coach class rates.

HC-COV873 01-20

Clinical Trials

This plan covers routine patient care costs and services related to an approved clinical trial for a qualified individual. The individual must be eligible to participate according to the trial protocol and **either** of the following conditions must be met:

- the referring health care professional is a participating health care provider and has concluded that the individual's participation in such trial would be appropriate; or
- the individual provides medical and scientific information establishing that the individual's participation in the clinical trial would be appropriate.

In addition to qualifying as an individual, the clinical trial must also meet certain criteria in order for patient care costs and services to be covered.

The clinical trial must be a phase I, phase II, phase III, or phase IV clinical trial conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition that meets **any** of the following criteria:

- it is a federally funded trial. The study or investigation is approved or funded (which may include funding through in-kind contributions) by one or more of the following:
  - National Institutes of Health (NIH).
  - Centers for Disease Control and Prevention (CDC).
  - Agency for Health Care Research and Quality (AHRQ).
  - Centers for Medicare and Medicaid Services (CMS).
  - a cooperative group or center of any of the entities described above or the Department of Defense (DOD) or the Department of Veterans Affairs (VA).
  - a qualified non-governmental research entity identified in NIH guidelines for center support grants.
  - any of the following: Department of Energy, Department of Defense, Department of Veterans Affairs, if **both** of the following conditions are met:
    - the study or investigation has been reviewed and approved through a system of peer review comparable to the system of peer review of studies and investigations used by the National Institutes of Health (NIH); and
    - the study or investigation assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.
  - the study or investigation is conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration (FDA).
  - the study or investigation is a drug trial that is exempt from having such an investigational new drug application.

The plan does not cover any of the following services associated with a clinical trial:

- services that are not considered routine patient care costs and services, including the following:
  - the investigational drug, device, item, or service that is provided solely to satisfy data collection and analysis needs.
  - an item or service that is not used in the direct clinical management of the individual.
  - a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.
- an item or service provided by the research sponsors free of charge for any person enrolled in the trial.
- travel and transportation expenses, unless otherwise covered under the plan, including but not limited to the following:
  - fees for personal vehicle, rental car, taxi, medical van, ambulance, commercial airline, train.
  - mileage reimbursement for driving a personal vehicle.
  - lodging.
  - meals.
- routine patient costs obtained out-of-network when Out-of-Network benefits do not exist under the plan.

Examples of routine patient care costs and services include:

- radiological services.
- laboratory services.
- intravenous therapy.
- anesthesia services.
- Physician services.
- office services.
- Hospital services.
- Room and Board, and medical supplies that typically would be covered under the plan for an individual who is not enrolled in a clinical trial.

HC-COV1128 01-22

Prescription Drug Benefits
The Schedule

For You and Your Dependents

This plan provides Prescription Drug benefits for Prescription Drug Products provided by Pharmacies as shown in this Schedule. To receive Prescription Drug Benefits, you and your Dependents may be required to pay a Deductible, Copayment or Coinsurance requirement for Covered Expenses for Prescription Drug Products.

You and your Dependents will pay 100% of the cost of any Prescription Drug Product excluded from coverage under this plan. The amount you and your Dependent pays for any excluded Prescription Drug Product to the dispensing Pharmacy, will not count towards your Deductible, if any, or Out-of-Pocket Maximum.

Copayments (Copay)

Copayments are amounts to be paid by you or your Dependent for covered Prescription Drug Products.

BENEFIT HIGHLIGHTS	NETWORK PHARMACY	NON-NETWORK PHARMACY
Lifetime Maximum	Refer to the Medical Benefits Schedule	Refer to the Medical Benefits Schedule
Out-of-Pocket Maximum		
Individual	Refer to the Medical Benefits Schedule	Refer to the Medical Benefits Schedule
Family	Refer to the Medical Benefits Schedule	Refer to the Medical Benefits Schedule

Maintenance Drug Products

Maintenance Drug Products must be filled in an amount equal to a consecutive 90 day supply per Prescription Order or Refill at a retail Designated Pharmacy or home delivery Pharmacy, after 3 30-day supply fills at a retail Pharmacy or home delivery Pharmacy. If you do not fill your Maintenance Drug Products in a 90-day supply at a retail Designated Pharmacy or home delivery Pharmacy after the specified 30-day supply fill limit, the Plan will not cover the Maintenance Drug Product.

Certain PPACA Preventive Medications covered under this plan and required as part of preventive care services (detailed information is available at www.healthcare.gov) and certain other preventive care medications as recommended by Cigna are payable at 100% with no Copayment or Deductible, when purchased from a Network Pharmacy. A written prescription is required.

Prescription Drug Products at Retail Pharmacies	**The amount you pay for up to a consecutive 30-day supply at a Network Pharmacy**	**The amount you pay for up to a consecutive 30-day supply at a non-Network Pharmacy**

Certain Specialty Prescription Drug Products are only covered when dispensed by a home delivery Pharmacy, after 1 fill of the Specialty Prescription Drug Product at a retail Pharmacy.

Note: Narcan 4mg Nasal spray and and Evzio are covered at no charge. Oral lifestyle drugs quantity limit 6/30 days.

BENEFIT HIGHLIGHTS	NETWORK PHARMACY	NON-NETWORK PHARMACY
Tier 1		
Generic Preventive Drugs on the Prescription Drug List	Non-Maintenance Drug Products: No charge	In-network coverage only
	Maintenance Drug Products: No charge for the first 3 fills, then no coverage for a 30-day supply (you would pay the full cost)	In-network coverage only
Generic Non-Preventive Drugs on the Prescription Drug List	Non-Maintenance Drug Products: No charge after $20 Copay	In-network coverage only
	Maintenance Drug Products: No charge after $20 Copay for the first 3 fills, then no coverage for a 30-day supply (you would pay the full cost)	In-network coverage only
Tier 2		
Brand Drugs designated as preferred on the Prescription Drug List	Non-Maintenance Drug Products: No charge after $40 Copay	In-network coverage only
	Maintenance Drug Products: No charge after $40 Copay for the first 3 fills, then no coverage for a 30-day supply (you would pay the full cost)	In-network coverage only
Tier 3		
Brand Drugs designated as non-preferred on the Prescription Drug List	Non-Maintenance Drug Products: No charge after $40 Copay	In-network coverage only
	Maintenance Drug Products: No charge after $40 Copay for the first 3 fills, then no coverage for a 30-day supply (you would pay the full cost)	In-network coverage only
Prescription Drug Products at Retail Designated Pharmacies	**The amount you pay for up to a consecutive 90-day supply at a Designated Pharmacy**	**The amount you pay for up to a consecutive 90-day supply at a non-Designated Pharmacy**
Certain Specialty Prescription Drug Products are only covered when dispensed by a home delivery Pharmacy, after 1 fill of the Specialty Prescription Drug Product at a retail Pharmacy.		
Specialty Prescription Drug Products are limited to up to a consecutive 30-day supply per Prescription Order or Refill.		
Note: In this context, a retail Designated Pharmacy is a retail Network Pharmacy that has contracted with Cigna for dispensing of covered Prescription Drug Products, including Maintenance Drug Products, in 90-day supplies per Prescription Order or Refill.		
Note: Narcan 4mg Nasal spray and and Evzio are covered at no charge. Oral lifestyle drugs quantity limit 6/30 days		

BENEFIT HIGHLIGHTS	NETWORK PHARMACY	NON-NETWORK PHARMACY
Tier 1		
Generic Preventive Drugs on the Prescription Drug List	No charge	In-network coverage only
Generic Non-Preventive Drugs on the Prescription Drug List	No charge after $40 Copay	In-network coverage only
Tier 2		
Brand Drugs designated as preferred on the Prescription Drug List	No charge after $80 Copay	In-network coverage only
Tier 3		
Brand Drugs designated as non-preferred on the Prescription Drug List	No charge after $120 Copay	In-network coverage only
Prescription Drug Products at Home Delivery Pharmacies	**The amount you pay for up to a consecutive 90-day supply at a Network Pharmacy**	**The amount you pay for up to a consecutive 90-day supply at a non-Network Pharmacy**
Note: Narcan 4mg Nasal spray and and Evzio are covered at no charge. Oral lifestyle drugs quantity limit 6/30 days		
Tier 1		
Generic Preventive Drugs on the Prescription Drug List	No charge	In-network coverage only
Generic Non-Preventive Drugs on the Prescription Drug List	No charge after $40 Copay	In-network coverage only
Tier 2		
Brand Drugs designated as preferred on the Prescription Drug List	No charge after $80 Copay	In-network coverage only
Tier 3		
Brand Drugs designated as non-preferred on the Prescription Drug List	No charge after $120 Copay	In-network coverage only

Prescription Drug Benefits

Covered Expenses

Your plan provides benefits for Prescription Drug Products dispensed by a Pharmacy. Details regarding your plan's Covered Expenses, which for the purposes of the Prescription Drug Benefit include Medically Necessary Prescription Drug Products ordered by a Physician, Limitations, and Exclusions are provided below and/or are shown in The Schedule.

If you or any one of your Dependents, while insured for Prescription Drug Benefits, incurs expenses for charges made by a Pharmacy for Medically Necessary Prescription Drug Products ordered by a Physician, your plan provides coverage for those expenses as shown in The Schedule. Your benefits may vary depending on which of the Prescription Drug List tiers the Prescription Drug Product is listed, or the Pharmacy that provides the Prescription Drug Product.

Coverage under your plan's Prescription Drug Benefits also includes Medically Necessary Prescription Drug Products dispensed pursuant to a Prescription Order or Refill issued to you or your Dependents by a licensed dentist for the prevention of infection or pain in conjunction with a dental procedure.

When you or a Dependent are issued a Prescription Order or Refill for Medically Necessary Prescription Drug Products as part of the rendering of Emergency Services and Cigna determines that it cannot reasonably be filled by a Network Pharmacy, the prescription will be covered pursuant to the, as applicable, Copayment or Coinsurance for the Prescription Drug Product when dispensed by a Network Pharmacy.

Prescription Drug List Management

Your plan's Prescription Drug List coverage tiers may contain Prescription Drug Products that are Generic Drugs, Brand Drugs or Specialty Prescription Drug Products. Determination of inclusion of a Prescription Drug Product to a certain coverage tier on the Prescription Drug List and utilization management requirements or other coverage conditions are based on a number of factors which may include, clinical and economic factors. Clinical factors may include, but are not limited to, the P&T Committee's evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether certain supply limits or other utilization management requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, assessments on the cost effectiveness of the Prescription Drug Product and available rebates. Regardless of its eligibility for coverage under the plan, whether a particular Prescription Drug Product is appropriate for you or any of your Dependents is a determination that is made by you or your Dependent and the prescribing Physician.

The coverage status of a Prescription Drug Product may change periodically for various reasons. For example, a Prescription Drug Product may be removed from the market, a New Prescription Drug Product in the same therapeutic class as a Prescription Drug Product may become available, or other market events may occur. Market events that may affect the coverage status of a Prescription Drug Product include, but are not limited to, an increase in the acquisition cost of a Prescription Drug Product. As a result of coverage changes, for the purposes of benefits the plan may require you to pay more or less for that Prescription Drug Product, to obtain the Prescription Drug Product from a certain Pharmacy (ies) for coverage, or try another covered Prescription Drug Product(s). Please access the internet through the website shown on your ID card or call member services at the telephone number on your ID card for the most up-to-date tier status, utilization management, or other coverage limitations for a Prescription Drug Product.

HC-PHR414 07-20

Limitations

For most Prescription Drug Products you and your Dependent pay only the cost sharing detailed in The Schedule or Prescription Drug Benefits. However, in the event you or your Dependent or your Physician insist on a more expensive Brand Drug where a Therapeutic Equivalent Generic Drug is available, you may be financially responsible for an Ancillary Charge, in addition to any required Brand Drug Copayment and/or Coinsurance. The Ancillary Charge will not apply to your Deductible, if any, or Out of Pocket Maximum.

Your plan includes a Brand Drug for Generic Drug dispensing program. This program allows certain Brand Drugs to be dispensed in place of the Therapeutic Equivalent Generic Drug at the time your Prescription Order or Refill is processed by a participating Pharmacy. Brand Drug for Generic Drug substitution will occur only for certain Brand Drugs included in the program. When this substitution program is applied, the participating Pharmacy will dispense the Brand Drug to you in place of the available Generic Drug. You will be responsible for payment of only a Generic Drug Copayment and/or Coinsurance, after satisfying your Deductible, if any.

Prior Authorization Requirements

Coverage for certain Prescription Drug Products prescribed to you requires your Physician to obtain prior authorization from Cigna or its Review Organization. The reason for obtaining prior authorization from Cigna is to determine whether the

Prescription Drug Product is Medically Necessary in accordance with Cigna's coverage criteria. Coverage criteria for a Prescription Drug Product may vary based on the clinical use for which the Prescription Order or Refill is submitted, and may change periodically based on changes in, without limitation, clinical guidelines or practice standards, or market factors.

If Cigna or its Review Organization reviews the documentation provided and determines that the Prescription Drug Product is not Medically Necessary or otherwise excluded, your plan will not cover the Prescription Drug Product. Cigna, or its Review Organization, will not review claims for excluded Prescription Drug Products or other services to determine if they are Medically Necessary, unless required by law.

When Prescription Drug Products that require prior authorization are dispensed at a Pharmacy, you or your prescribing Physician are responsible for obtaining prior authorization from Cigna. If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed by the Pharmacy, you can ask us to consider reimbursement after you pay for and receive the Prescription Drug Product. You will need to pay for the Prescription Drug Product at the Pharmacy prior to submitting a reimbursement request.

When you submit a claim on this basis, you will need to submit a paper claim using the form that appears on the website shown on your ID card.

If a prior authorization request is approved, your Physician will receive confirmation. The authorization will be processed in the claim system to allow you to have coverage for the Prescription Drug Product. The length of the authorization may depend on the diagnosis and the Prescription Drug Product. The authorization will at all times be subject to the plan’s terms of coverage for the Prescription Drug Product, which may change from time to time. When your Physician advises you that coverage for the Prescription Drug Product has been approved, you can contact a Pharmacy to fill the covered Prescription Order or Refill.

If the prior authorization request is denied, your Physician and you will be notified that coverage for the Prescription Drug Product is not authorized. If you disagree with a coverage decision, you may appeal that decision in accordance with the provisions of the plan by submitting a written request stating why the Prescription Drug Product should be covered.

Step Therapy

Certain Prescription Drug Products are subject to step therapy requirements. This means that in order to receive Benefits for such Prescription Drug Products you are required to try a different Prescription Drug Product(s) first unless you satisfy the plan's exception criteria. You may identify whether a particular Prescription Drug Product is subject to step therapy requirements at the website shown on your ID card or by calling member services at the telephone number on your ID card.

Supply Limits

Benefits for Prescription Drug Products are subject to the supply limits that are stated in The Schedule. For a single Prescription Order or Refill, you may receive a Prescription Drug Product up to the stated supply limit.

Some products are subject to additional supply limits, quantity limits or dosage limits based on coverage criteria that have been approved based on consideration of the P&T Committee’s clinical findings. Coverage criteria are subject to periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may determine whether a Prescription Drug Product has been assigned a dispensing supply limit or similar limit or requirement at the website shown on your ID card or by calling member services at the telephone number on your ID card.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products. If you require Specialty Prescription Drug Products, you may be directed to a Designated Pharmacy with whom Cigna has an arrangement to provide those Specialty Prescription Drug Products.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products. If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you may not receive coverage for the Prescription Drug Product or be subject to the non-Network Pharmacy Benefit, if any, for that Prescription Drug Product. Refer to The Schedule for further information.

New Prescription Drug Products

New Prescription Drug Products may or may not be placed on a Prescription Drug List tier upon market entry. Cigna will use reasonable efforts to make a tier placement decision for a New Prescription Drug Product within six months of its market availability. Cigna’s tier placement decision shall be based on consideration of, without limitation, the P&T Committee’s clinical review of the New Prescription Drug Product and economic factors. If a New Prescription Drug Product not listed on the Prescription Drug List is approved by Cigna or its Review Organization as Medically Necessary in the interim,

the New Prescription Drug Product shall be covered at the applicable coverage tier as set forth in The Schedule.

HC-PHR522 01-22

Your Payments

Covered Prescription Drug Products purchased at a Pharmacy are subject to any applicable Deductible, Copayments or Coinsurance shown in The Schedule, as well as any limitations or exclusions set forth in this plan. Please refer to The Schedule for any required Copayments, Coinsurance, Deductibles or Out-of-Pocket Maximums.

Copayment

Your plan requires that you pay a Copayment for covered Prescription Drug Products as set forth in The Schedule. After satisfying any applicable annual Deductible set forth in The Schedule, your costs under the plan for a covered Prescription Drug Product dispensed by a Network Pharmacy and that is subject to a Copayment requirement will be the lowest of the following amounts:

- the Copayment for the Prescription Drug Product set forth in The Schedule; or
- the Prescription Drug Charge; or
- the Network Pharmacy's submitted Usual and Customary (U&C) Charge, if any.

When a treatment regimen contains more than one type of Prescription Drug Products that are packaged together for your or your Dependent's convenience, any applicable Copayment or Coinsurance may apply to each Prescription Drug Product.

You will need to obtain prior approval from Cigna or its Review Organization for any Prescription Drug Product not listed on the Prescription Drug List that is not otherwise excluded. If Cigna or its Review Organization approves coverage for the Prescription Drug Product because it meets the applicable coverage exception criteria, the Prescription Drug Product shall be covered at the applicable coverage tier as set forth in The Schedule.

HC-PHR420 01-21

Exclusions

Coverage exclusions listed under the "Exclusions, Expenses Not Covered and General Limitations" section also apply to benefits for Prescription Drug Products. In addition, the exclusions listed below apply to benefits for Prescription Drug Products. When an exclusion or limitation applies to only certain Prescription Drug Products, you can access the Prescription Drug List through the website shown on your ID card or call member services at the telephone number on your ID card for information on which Prescription Drug Products are excluded.

- coverage for Prescription Drug Products for the amount dispensed (days' supply) which exceeds the applicable supply limit, or is less than any applicable supply minimum set forth in The Schedule, or which exceeds quantity limit(s) or dosage limit(s) set by the P&T Committee.
- more than one Prescription Order or Refill for a given prescription supply period for the same Prescription Drug Product prescribed by one or more Physicians and dispensed by one or more Pharmacies.
- Prescription Drug Products dispensed outside the jurisdiction of the United States, except as required for emergency or Urgent Care treatment.
- Prescription Drug Products which are prescribed, dispensed or intended to be taken by or administered to you while you are a patient in a licensed Hospital, Skilled Nursing Facility, rest home, rehabilitation facility, or similar institution which operates on its premises or allows to be operated on its premises a facility for dispensing pharmaceutical products.
- Prescription Drug Products furnished by the local, state or federal government (except for a Network Pharmacy owned or operated by a local, state or federal government).
- Prescription and non-prescription supplies other than supplies covered as Prescription Drug Products.
- medications used for cosmetic purposes, including, without limitation, medications used to reduce wrinkles, medications used to promote hair growth and fade cream products.
- Prescription Drug Products as a replacement for a previously dispensed Prescription Drug Product that was lost, stolen, broken or destroyed.
- Prescription Drug Products used for the treatment of infertility.
- Medical Pharmaceuticals covered solely under the plan's medical benefits.
- any ingredient(s) in a compounded Prescription Drug Product that has not been approved by the U.S. Food and Drug Administration (FDA).
- medications available over-the-counter that do not require a Prescription Order or Refill by federal or state law before being dispensed, unless state or federal law requires coverage of such medications or the over-the-counter medication has been designated as eligible for coverage as if it were a Prescription Drug Product.
- certain Prescription Drug Products that are a Therapeutic Equivalent or Therapeutic Alternative to an over-the-counter drug(s), or are available in over-the-counter form.

Such coverage determinations may be made periodically, and benefits for a Prescription Drug Product that was previously excluded under this provision may be reinstated at any time.

- any product for which the primary use is a source of nutrition, nutritional supplements, or dietary management of disease, even when used for the treatment of Sickness or Injury, unless coverage for such product(s) is required by federal or state law.
- medications used for travel prophylaxis, immunization agents, virus detection testing, virus antibody testing, biological products for allergy immunization, biological sera, blood, blood plasma and other blood products or fractions unless specifically identified on the Prescription Drug List.
- certain Prescription Drug Products that are a Therapeutic Equivalent or Therapeutic Alternative to another covered Prescription Drug Product(s). Such coverage determinations may be made periodically, and benefits for a Prescription Drug Product that was previously excluded under this provision may be reinstated at any time.
- medications that are experimental investigational or unproven as described under the "General Exclusion and Limitations" section of your plan's certificate.

HC-PHR530 01-22

Reimbursement/Filing a Claim

Retail Pharmacy

When you or your Dependents purchase your Prescription Drug Products through a Network Pharmacy, you pay any applicable Copayment, Coinsurance, or Deductible shown in The Schedule at the time of purchase. You do not need to file a claim form for a Prescription Drug Product obtained at a Network Pharmacy unless you pay the full cost of a Prescription Drug Product at a Network Pharmacy and later seek reimbursement for the Prescription Drug Product under the plan. For example, if you must pay the full cost of a Prescription Drug Product to the retail Network Pharmacy because you did not have your ID card, then you must submit a claim to Cigna for any reimbursement or benefit you believe is due to you under this plan. If, under this example, your payment to the retail Network Pharmacy for the covered Prescription Drug Product exceeds any applicable copay, then you will be reimbursed the difference, if any, between the applicable copay and the Prescription Drug Charge for the Prescription Drug Product.

HC-PHR273 01-19
V1

Exclusions, Expenses Not Covered and General Limitations

Exclusions and Expenses Not Covered

Additional coverage limitations determined by plan or provider type are shown in The Schedule. Payment for the following is specifically excluded from this plan:

- care for health conditions that are required by state or local law to be treated in a public facility.
- care required by state or federal law to be supplied by a public school system or school district.
- care for military service disabilities treatable through governmental services if you are legally entitled to such treatment and facilities are reasonably available.
- treatment of an Injury or Sickness which is due to war, declared, or undeclared.
- charges which you are not obligated to pay or for which you are not billed or for which you would not have been billed except that they were covered under this plan. For example, if Cigna determines that a provider or Pharmacy is or has waived, reduced, or forgiven any portion of its charges and/or any portion of Copayment, Deductible, and/or Coinsurance amount(s) you are required to pay for a Covered Expense (as shown on The Schedule) without Cigna's express consent, then Cigna in its sole discretion

shall have the right to deny the payment of benefits in connection with the Covered Expense, or reduce the benefits in proportion to the amount of the Copayment, Deductible, and/or Coinsurance amounts waived, forgiven or reduced, regardless of whether the provider or Pharmacy represents that you remain responsible for any amounts that your plan does not cover. In the exercise of that discretion, Cigna shall have the right to require you to provide proof sufficient to Cigna that you have made your required cost share payment(s) prior to the payment of any benefits by Cigna. This exclusion includes, but is not limited to, charges of a non-Participating Provider who has agreed to charge you or charged you at an In-Network benefits level or some other benefits level not otherwise applicable to the services received.

- charges arising out of or relating to any violation of a healthcare-related state or federal law or which themselves are a violation of a healthcare-related state or federal law.
- assistance in the activities of daily living, including but not limited to eating, bathing, dressing or other Custodial Services or self-care activities, homemaker services and services primarily for rest, domiciliary or convalescent care.
- for or in connection with experimental, investigational or unproven services.

  Experimental, investigational and unproven services are medical, surgical, diagnostic, psychiatric, substance use disorder or other health care technologies, supplies, treatments, procedures, drug or Biologic therapies or devices that are determined by the utilization review Physician to be:

  - not approved by the U.S. Food and Drug Administration (FDA) or other appropriate regulatory agency to be lawfully marketed;
  - not demonstrated, through existing peer-reviewed, evidence-based, scientific literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed;
  - the subject of review or approval by an Institutional Review Board for the proposed use except as provided in the “Clinical Trials” sections of this plan; or
  - the subject of an ongoing phase I, II or III clinical trial, except for routine patient care costs related to qualified clinical trials as provided in the “Clinical Trials” sections of this plan.

  In determining whether any such technologies, supplies, treatments, drug or Biologic therapies, or devices are experimental, investigational, and/or unproven, the utilization review Physician may rely on the clinical coverage policies maintained by Cigna or the Review Organization. Clinical coverage policies may incorporate, without limitation and as applicable, criteria relating to U.S. Food and Drug Administration-approved labeling, the standard medical reference compendia and peer-reviewed, evidence-based scientific literature or guidelines.
- cosmetic surgery and therapies. Cosmetic surgery or therapy is defined as surgery or therapy performed to improve or alter appearance or self-esteem.
- the following services are excluded from coverage regardless of clinical indications: macromastia or gynecomastia surgeries; abdominoplasty; panniculectomy; rhinoplasty; blepharoplasty; redundant skin surgery; removal of skin tags; acupressure; craniosacral/cranial therapy; dance therapy; movement therapy; applied kinesiology; rolfing; prolotherapy; and extracorporeal shock wave lithotripsy (ESWL) for musculoskeletal and orthopedic conditions.
- dental treatment of the teeth, gums or structures directly supporting the teeth, including dental X-rays, examinations, repairs, orthodontics, periodontics, casts, splints and services for dental malocclusion, for any condition. Charges made for services or supplies provided for or in connection with an accidental Injury to teeth are covered provided a continuous course of dental treatment is started within six months of an accident.
- for medical and surgical services intended primarily for the treatment or control of obesity. However, treatment of clinically severe obesity, as defined by the Body Mass Index (BMI) classifications of the National Heart, Lung, and Blood Institute (NHLBI) guideline is covered only at approved centers if the services are demonstrated, through existing peer-reviewed, evidence-based, scientific literature and scientifically based guidelines, to be safe and effective for treatment of the condition. Clinically severe obesity is defined by the NHLBI as a BMI of 40 or greater without comorbidities, or 35-39 with comorbidities. The following are specifically excluded:

  - medical and surgical services to alter appearances or physical changes that are the result of any surgery performed for the management of obesity or clinically severe (morbid) obesity; and
  - weight loss programs or treatments, whether prescribed or recommended by a Physician or under medical supervision.
- unless otherwise covered in this plan, for reports, evaluations, physical examinations, or hospitalization not required for health reasons, including but not limited to employment, insurance or government licenses, and court-ordered, forensic or custodial evaluations.
- court-ordered treatment or hospitalization, unless such treatment is prescribed by a Physician and listed as covered in this plan.

- infertility services including infertility drugs, surgical or medical treatment programs for infertility, including in vitro fertilization, gamete intrafallopian transfer (GIFT), zygote intrafallopian transfer (ZIFT), variations of these procedures, and any costs associated with the collection, washing, preparation or storage of sperm for artificial insemination (including donor fees). Cryopreservation of donor sperm and eggs is also excluded from coverage.
- reversal of male or female voluntary sterilization procedures.
- for treatment of erectile dysfunction. However, penile implants are covered when an established medical condition is the cause of erectile dysfunction, anorgasmy, and premature ejaculation.
- medical and Hospital care and costs for the infant child of a Dependent, unless this infant child is otherwise eligible under this plan.
- non-medical counseling and/or ancillary services, including but not limited to Custodial Services, educational services, vocational counseling, training and, rehabilitation services, behavioral training, biofeedback, neurofeedback, hypnosis, sleep therapy, return to work services, work hardening programs and driver safety courses.
- therapy or treatment intended primarily to improve or maintain general physical condition or for the purpose of enhancing job, school, athletic or recreational performance, including but not limited to routine, long term, or maintenance care which is provided after the resolution of the acute medical problem and when significant therapeutic improvement is not expected.
- consumable medical supplies other than ostomy supplies and urinary catheters. Excluded supplies include, but are not limited to bandages and other disposable medical supplies, skin preparations and test strips, except as specified in the "Home Health Care Services" or "Breast Reconstruction and Breast Prostheses" sections of this plan.
- private Hospital rooms and/or private duty nursing except as provided under the Home Health Care Services provision.
- personal or comfort items such as personal care kits provided on admission to a Hospital, television, telephone, newborn infant photographs, complimentary meals, birth announcements, and other articles which are not for the specific treatment of an Injury or Sickness.
- artificial aids, including but not limited to corrective orthopedic shoes, arch supports, elastic stockings, garter belts, corsets, dentures and wigs.
- hearing aids, including but not limited to semi-implantable hearing devices, audiant bone conductors and Bone Anchored Hearing Aids (BAHAs). A hearing aid is any device that amplifies sound.
- aids or devices that assist with non-verbal communications, including but not limited to communication boards, pre-recorded speech devices, laptop computers, desktop computers, Personal Digital Assistants (PDAs), Braille typewriters, visual alert systems for the deaf and memory books.
- eyeglass lenses and frames and contact lenses (except for the first pair of contact lenses or the first set of eyeglass lenses and frames, and associated services, for treatment of keratoconus or following cataract surgery).
- routine refractions, eye exercises and surgical treatment for the correction of a refractive error, including radial keratotomy.
- all non-injectable prescription drugs, unless Physician administration or oversight is required, injectable prescription drugs to the extent they do not require Physician supervision and are typically considered self-administered drugs, non-prescription drugs, and investigational and experimental drugs, except as provided in this plan.
- routine foot care, including the paring and removing of corns and calluses and toenail maintenance. However, foot care services for diabetes, peripheral neuropathies and peripheral vascular disease are covered when Medically Necessary.
- membership costs or fees associated with health clubs, weight loss programs and smoking cessation programs.
- genetic screening or pre-implantations genetic screening. General population-based genetic screening is a testing method performed in the absence of any symptoms or any significant, proven risk factors for genetically linked inheritable disease.
- dental implants for any condition.
- fees associated with the collection or donation of blood or blood products, except for autologous donation in anticipation of scheduled services where in the utilization review Physician's opinion the likelihood of excess blood loss is such that transfusion is an expected adjunct to surgery.
- blood administration for the purpose of general improvement in physical condition.
- cost of biologicals that are immunizations or medications for the purpose of travel, or to protect against occupational hazards and risks.
- cosmetics, dietary supplements and health and beauty aids.
- enteral feedings, supplies and specially formulated medical foods that are prescribed and non-prescribed, except for infant formula needed for the treatment of inborn errors of metabolism.

- for or in connection with an Injury or Sickness arising out of, or in the course of, any employment for wage or profit.
- massage therapy.
- products and supplies associated with the administration of medications that are available to be covered under the Prescription Drug Benefit. Such products and supplies include but are not limited to therapeutic Continuous Glucose Monitor (CGM) sensors and transmitters and insulin pods.
- expenses incurred by a participant to the extent reimbursable under automobile insurance coverage. Coverage under this plan is secondary to automobile no-fault insurance or similar coverage. The coverage provided under this plan does not constitute "Qualified Health Coverage" under Michigan law and therefore does not replace Personal Injury Protection (PIP) coverage provided under an automobile insurance policy issued to a Michigan resident. This plan will cover expenses only not otherwise covered by the PIP coverage.

General Limitations

No payment will be made for expenses incurred for you or any one of your Dependents:

- for charges by a Hospital owned or operated by or which provides care or performs services for, the United States Government, if such charges are directly related to a military-service-connected Injury or Sickness.
- to the extent that you or any one of your Dependents is in any way paid or entitled to payment for those expenses by or through a public program, other than Medicaid.
- to the extent that payment is unlawful where the person resides when the expenses are incurred.
- for charges which would not have been made if the person had no insurance.
- to the extent that they are more than Maximum Reimbursable Charges applicable to care, if any, received Out-of-Network (for example, emergency care).
- to the extent of the exclusions imposed by any certification requirement shown in this plan.
- expenses for supplies, care, treatment, or surgery that are not Medically Necessary.
- charges by any covered provider who is a member of your family or your Dependent's family.
- expenses incurred outside the United States other than expenses for Medically Necessary urgent or emergent care while temporarily traveling abroad.

Coordination of Benefits

This section applies if you or any one of your Dependents is covered under more than one Plan and determines how benefits payable from all such Plans will be coordinated. You should file all claims with each Plan.

Definitions

For the purposes of this section, the following terms have the meanings set forth below:

Plan

Any of the following that provides benefits or services for medical care or treatment:

- Group insurance and/or group-type coverage, whether insured or self-insured which neither can be purchased by the general public, nor is individually underwritten, including closed panel coverage.
- Coverage under Medicare and other governmental benefits as permitted by law, excepting Medicaid and Medicare supplement policies.
- Medical benefits coverage of group, group-type, and individual automobile contracts.

Each Plan or part of a Plan which has the right to coordinate benefits will be considered a separate Plan.

Closed Panel Plan

A Plan that provides medical or dental benefits primarily in the form of services through a panel of employed or contracted providers, and that limits or excludes benefits provided by providers outside of the panel, except in the case of emergency or if referred by a provider within the panel.

Primary Plan

The Plan that determines and provides or pays benefits without taking into consideration the existence of any other Plan.

Secondary Plan

A Plan that determines, and may reduce its benefits after taking into consideration, the benefits provided or paid by the Primary Plan. A Secondary Plan may also recover from the Primary Plan the Reasonable Cash Value of any services it provided to you.

Allowable Expense

The amount of charges considered for payment under the Plan for a Covered Service prior to any reductions due to coinsurance, copayment or deductible amounts. If Cigna contracts with an entity to arrange for the provision of Covered Services through that entity's contracted network of health care providers, the amount that Cigna has agreed to pay that entity is the allowable amount used to determine your coinsurance or deductible payments. If the Plan provides

benefits in the form of services, the Reasonable Cash Value of each service is the Allowable Expense and is a paid benefit.

Examples of expenses or services that are not Allowable Expenses include, but are not limited to the following:

- An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an Allowable Expense.
- If you are confined to a private Hospital room and no Plan provides coverage for more than a semiprivate room, the difference in cost between a private and semiprivate room is not an Allowable Expense.
- If you are covered by two or more Plans that provide services or supplies on the basis of reasonable and customary fees, any amount in excess of the highest reasonable and customary fee is not an Allowable Expense.
- If you are covered by one Plan that provides services or supplies on the basis of reasonable and customary fees and one Plan that provides services and supplies on the basis of negotiated fees, the Primary Plan's fee arrangement shall be the Allowable Expense.
- If your benefits are reduced under the Primary Plan (through the imposition of a higher copayment amount, higher coinsurance percentage, a deductible and/or a penalty) because you did not comply with Plan provisions or because you did not use a preferred provider, the amount of the reduction is not an Allowable Expense. Such Plan provisions include second surgical opinions and precertification of admissions or services.

Claim Determination Period

A calendar year, but does not include any part of a year during which you are not covered under this policy or any date before this section or any similar provision takes effect.

Reasonable Cash Value

An amount which a duly licensed provider of health care services usually charges patients and which is within the range of fees usually charged for the same service by other health care providers located within the immediate geographic area where the health care service is rendered under similar or comparable circumstances.

Order of Benefit Determination Rules

A Plan that does not have a coordination of benefits rule consistent with this section shall always be the Primary Plan. If the Plan does have a coordination of benefits rule consistent with this section, the first of the following rules that applies to the situation is the one to use:

- The Plan that covers you as an enrollee or an employee shall be the Primary Plan and the Plan that covers you as a Dependent shall be the Secondary Plan;
- If you are a Dependent child whose parents are not divorced or legally separated, the Primary Plan shall be the Plan which covers the parent whose birthday falls first in the calendar year as an enrollee or employee;
- If you are the Dependent of divorced or separated parents, benefits for the Dependent shall be determined in the following order:
  - first, if a court decree states that one parent is responsible for the child's healthcare expenses or health coverage and the Plan for that parent has actual knowledge of the terms of the order, but only from the time of actual knowledge;
  - then, the Plan of the parent with custody of the child;
  - then, the Plan of the spouse of the parent with custody of the child;
  - then, the Plan of the parent not having custody of the child; and
  - finally, the Plan of the spouse of the parent not having custody of the child.
- The Plan that covers you as an active employee (or as that employee's Dependent) shall be the Primary Plan and the Plan that covers you as laid-off or retired employee (or as that employee's Dependent) shall be the Secondary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- The Plan that covers you under a right of continuation which is provided by federal or state law shall be the Secondary Plan and the Plan that covers you as an active employee or retiree (or as that employee's Dependent) shall be the Primary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- If one of the Plans that covers you is issued out of the state whose laws govern this Policy, and determines the order of benefits based upon the gender of a parent, and as a result, the Plans do not agree on the order of benefit determination, the Plan with the gender rules shall determine the order of benefits.

If none of the above rules determines the order of benefits, the Plan that has covered you for the longer period of time shall be primary.

When coordinating benefits with Medicare, this Plan will be the Secondary Plan and determine benefits after Medicare, where permitted by the Social Security Act of 1965, as amended. However, when more than one Plan is secondary to Medicare, the benefit determination rules identified above, will be used to determine how benefits will be coordinated.

Effect on the Benefits of This Plan

If this Plan is the Secondary Plan, this Plan may reduce benefits so that the total benefits paid by all Plans during a Claim Determination Period are not more than 100% of the total of all Allowable Expenses.

The difference between the amount that this Plan would have paid if this Plan had been the Primary Plan, and the benefit payments that this Plan had actually paid as the Secondary Plan, will be recorded as a benefit reserve for you. Cigna will use this benefit reserve to pay any Allowable Expense not otherwise paid during the Claim Determination Period.

As each claim is submitted, Cigna will determine the following:

- Cigna's obligation to provide services and supplies under this policy;
- whether a benefit reserve has been recorded for you; and
- whether there are any unpaid Allowable Expenses during the Claims Determination Period.

If there is a benefit reserve, Cigna will use the benefit reserve recorded for you to pay up to 100% of the total of all Allowable Expenses. At the end of the Claim Determination Period, your benefit reserve will return to zero and a new benefit reserve will be calculated for each new Claim Determination Period.

Recovery of Excess Benefits

If Cigna pays charges for benefits that should have been paid by the Primary Plan, or if Cigna pays charges in excess of those for which we are obligated to provide under the Policy, Cigna will have the right to recover the actual payment made or the Reasonable Cash Value of any services.

Cigna will have sole discretion to seek such recovery from any person to, or for whom, or with respect to whom, such services were provided or such payments made by any insurance company, healthcare Plan or other organization. If we request, you must execute and deliver to us such instruments and documents as we determine are necessary to secure the right of recovery.

Right to Receive and Release Information

Cigna, without consent or notice to you, may obtain information from and release information to any other Plan with respect to you in order to coordinate your benefits pursuant to this section. You must provide us with any information we request in order to coordinate your benefits pursuant to this section. This request may occur in connection with a submitted claim; if so, you will be advised that the "other coverage" information, (including an Explanation of Benefits paid under the Primary Plan) is required before the claim will be processed for payment. If no response is received within 55 days of the request, the claim will be closed. If the requested information is subsequently received, the claim will be processed.

Coordination of Benefits with Medicare

If you, your spouse, or your Dependent are covered under this Plan and qualify for Medicare, federal law determines which Plan is the primary payer and which is the secondary payer. The primary payer always determines covered benefits first, without considering what any other coverage will pay. The secondary payer determines its coverage only after the Primary Plan has completed its determination.

When Medicare is the Primary Payer

Medicare will be the primary payer and this Plan will be the secondary payer, even if you don't elect to enroll in Medicare or you receive services from a provider who does not accept Medicare payments, in the following situations:

- COBRA or State Continuation: You, your spouse, or your covered Dependent qualify for Medicare for any reason and are covered under this Plan due to COBRA or state continuation of coverage.
- Retirement or Termination of Employment: You, your spouse, or your covered Dependent qualify for Medicare for any reason and are covered under this Plan due to your retirement or termination of employment.
- Disability: You, your spouse, or your covered Dependent qualify for Medicare due to a disability, you are an active Employee, and your Employer has fewer than 100 employees.
- Age: You, your spouse, or your covered Dependent qualify for Medicare due to age, you are an active Employee, and your Employer has fewer than 20 employees.
- End Stage Renal Disease (ESRD): You, your spouse, or your covered Dependent qualify for Medicare due to End Stage Renal Disease (ESRD) and you are an active or retired Employee. This Plan will be the primary payer for the first 30 months. Beginning with the 31st month, Medicare will be the primary payer.

When This Plan is the Primary Payer

This Plan will be the primary payer and Medicare will be the secondary payer in the following situations:

- Disability: You, your spouse, or your covered Dependent qualify for Medicare due to a disability, you are an active Employee, and your Employer has 100 or more employees.
- Age: You, your spouse, or your covered Dependent qualify for Medicare due to age, you are an active Employee, and your Employer has 20 or more employees.
- End Stage Renal Disease (ESRD): You, your spouse, or your covered Dependent qualify for Medicare due to End Stage Renal Disease (ESRD) and you are an active or retired Employee. This Plan is the primary payer for the first

30 months. Beginning with the 31st month, Medicare will be the primary payer.

Domestic Partners

Under federal law, when Medicare coverage is due to age, Medicare is always the primary payer and this Plan is the secondary payer for a person covered under this Plan as a Domestic Partner. However, when Medicare coverage is due to disability, the Disability payer explanations above will apply.

IMPORTANT: If you, your spouse, or your Dependent do not elect to enroll in Medicare Parts A and/or B when first eligible, or you receive services from a provider who does not accept Medicare payments, this Plan will calculate payment based on what should have been paid by Medicare as the primary payer if the person had been enrolled or had received services from a provider who accepts Medicare payments. A person is considered eligible for Medicare on the earliest date any coverage under Medicare could become effective.

Failure to Enroll in Medicare

If you, your spouse, or your Dependent do not enroll in Medicare Parts A and/or B during the person's initial Medicare enrollment period, or the person opts out of coverage, the person may be subject to Medicare late enrollment penalties, which can cause a delay in coverage and result in higher Medicare premiums when the person does enroll. It can also result in a reduction in coverage under Medicare Parts A and B. If you are planning to retire or terminate employment and you will be eligible for COBRA, state Continuation, or retiree coverage under this Plan, you should enroll in Medicare before you terminate employment to avoid penalties and to receive the maximum coverage under Medicare. Please consult Medicare or the Social Security Administration for more information.

Assistance with Medicare Questions

For more information on Medicare's rules and regulations, contact Medicare toll-free at 1-800-MEDICARE (1-800-633-4227) or at www.medicare.gov. You may also contact the Social Security Administration toll-free at 1-800-772-1213, at www.ssa.gov, or call your local Social Security Administration office.

HC-COB272 01-21

Expenses For Which A Third Party May Be Responsible

This plan does not cover:

- Expenses incurred by you or your Dependent (hereinafter individually and collectively referred to as a "Participant,") for which another party may be responsible as a result of having caused or contributed to an Injury or Sickness.
- Expenses incurred by a Participant to the extent any payment is received for them either directly or indirectly from a third party tortfeasor or as a result of a settlement, judgment or arbitration award in connection with any automobile medical, automobile no-fault, uninsured or underinsured motorist, homeowners, workers' compensation, government insurance (other than Medicaid), or similar type of insurance or coverage. The coverage under this plan is secondary to any automobile no-fault insurance or similar coverage.

Subrogation/Right of Reimbursement

If a Participant incurs a Covered Expense for which, in the opinion of the plan or its claim administrator, another party may be responsible or for which the Participant may receive payment as described above:

- Subrogation: The plan shall, to the extent permitted by law, be subrogated to all rights, claims or interests that a Participant may have against such party and shall automatically have a lien upon the proceeds of any recovery by a Participant from such party to the extent of any benefits paid under the plan. A Participant or his/her representative shall execute such documents as may be required to secure the plan's subrogation rights.
- Right of Reimbursement: The plan is also granted a right of reimbursement from the proceeds of any recovery whether by settlement, judgment, or otherwise. This right of reimbursement is cumulative with and not exclusive of the subrogation right granted in paragraph 1, but only to the extent of the benefits provided by the plan.

Lien of the Plan

By accepting benefits under this plan, a Participant:

- grants a lien and assigns to the plan an amount equal to the benefits paid under the plan against any recovery made by or on behalf of the Participant which is binding on any attorney or other party who represents the Participant whether or not an agent of the Participant or of any insurance company or other financially responsible party against whom a Participant may have a claim provided said attorney, insurance carrier or other party has been notified by the plan or its agents;

- agrees that this lien shall constitute a charge against the proceeds of any recovery and the plan shall be entitled to assert a security interest thereon;
- agrees to hold the proceeds of any recovery in trust for the benefit of the plan to the extent of any payment made by the plan.

Additional Terms

- No adult Participant hereunder may assign any rights that it may have to recover medical expenses from any third party or other person or entity to any minor Dependent of said adult Participant without the prior express written consent of the plan. The plan's right to recover shall apply to decedents', minors', and incompetent or disabled persons' settlements or recoveries.
- No Participant shall make any settlement, which specifically reduces or excludes, or attempts to reduce or exclude, the benefits provided by the plan.
- The plan's right of recovery shall be a prior lien against any proceeds recovered by the Participant. This right of recovery shall not be defeated nor reduced by the application of any so-called "Made-Whole Doctrine", "Rimes Doctrine", or any other such doctrine purporting to defeat the plan's recovery rights by allocating the proceeds exclusively to non-medical expense damages.
- No Participant hereunder shall incur any expenses on behalf of the plan in pursuit of the plan's rights hereunder, specifically; no court costs, attorneys' fees or other representatives' fees may be deducted from the plan's recovery without the prior express written consent of the plan. This right shall not be defeated by any so-called "Fund Doctrine", "Common Fund Doctrine", or "Attorney's Fund Doctrine".
- The plan shall recover the full amount of benefits provided hereunder without regard to any claim of fault on the part of any Participant, whether under comparative negligence or otherwise.
- The plan hereby disavows all equitable defenses in pursuit of its right of recovery. The plan's subrogation or recovery rights are neither affected nor diminished by equitable defenses.
- In the event that a Participant shall fail or refuse to honor its obligations hereunder, then the plan shall be entitled to recover any costs incurred in enforcing the terms hereof including, but not limited to, attorney's fees, litigation, court costs, and other expenses. The plan shall also be entitled to offset the reimbursement obligation against any entitlement to future medical benefits hereunder until the Participant has fully complied with his reimbursement obligations hereunder, regardless of how those future medical benefits are incurred.
- Any reference to state law in any other provision of this plan shall not be applicable to this provision, if the plan is governed by ERISA. By acceptance of benefits under the plan, the Participant agrees that a breach hereof would cause irreparable and substantial harm and that no adequate remedy at law would exist. Further, the Plan shall be entitled to invoke such equitable remedies as may be necessary to enforce the terms of the plan, including, but not limited to, specific performance, restitution, the imposition of an equitable lien and/or constructive trust, as well as injunctive relief.
- Participants must assist the plan in pursuing any subrogation or recovery rights by providing requested information.

HC-SUB128 03-20

Payment of Benefits

Assignment and Payment of Benefits

You may not assign to any party, including, but not limited to, a provider of healthcare services/items, your right to benefits under this plan, nor may you assign any administrative, statutory, or legal rights or causes of action you may have under ERISA, including, but not limited to, any right to make a claim for plan benefits, to request plan or other documents, to file appeals of denied claims or grievances, or to file lawsuits under ERISA. Any attempt to assign such rights shall be void and unenforceable under all circumstances.

You may, however, authorize Cigna to pay any healthcare benefits under this policy to a Participating or Non-Participating Provider. When you authorize the payment of your healthcare benefits to a Participating or Non-Participating Provider, you authorize the payment of the entire amount of the benefits due on that claim. If a provider is overpaid because of accepting duplicate payments from you and Cigna, it is the provider's responsibility to reimburse the overpayment to you. Cigna may pay all healthcare benefits for Covered Expenses directly to a Participating Provider without your authorization. You may not interpret or rely upon this discrete authorization or permission to pay any healthcare benefits to a Participating or Non-Participating Provider as the authority to assign any other rights under this policy to any party, including, but not limited to, a provider of healthcare services/items.

Even if the payment of healthcare benefits to a Non-Participating Provider has been authorized by you, Cigna may, at its option, make payment of benefits to you. When benefits are paid to you or your Dependent, you or your Dependents are responsible for reimbursing the Non-Participating Provider.

If any person to whom benefits are payable is a minor or, in the opinion of Cigna is not able to give a valid receipt for any payment due him, such payment will be made to his legal guardian. If no request for payment has been made by his legal guardian, Cigna may, at its option, make payment to the person or institution appearing to have assumed his custody and support.

When one of our participants passes away, Cigna may receive notice that an executor of the estate has been established. The executor has the same rights as our insured and benefit payments for unassigned claims should be made payable to the executor.

Payment as described above will release Cigna from all liability to the extent of any payment made.

Recovery of Overpayment

When an overpayment has been made by Cigna, Cigna will have the right at any time to: recover that overpayment from the person to whom or on whose behalf it was made; or offset the amount of that overpayment from a future claim payment. In addition, your acceptance of benefits under this plan and/or assignment of Medical Benefits separately creates an equitable lien by agreement pursuant to which Cigna may seek recovery of any overpayment. You agree that Cigna, in seeking recovery of any overpayment as a contractual right or as an equitable lien by agreement, may pursue the general assets of the person or entity to whom or on whose behalf the overpayment was made.

Calculation of Covered Expenses

Cigna, in its discretion, will calculate Covered Expenses following evaluation and validation of all provider billings in accordance with:

- the methodologies in the most recent edition of the Current Procedural terminology.
- the methodologies as reported by generally recognized professionals or publications.

HC-POB132 01-19

Termination of Insurance

Employees

Your insurance will cease on the earliest date below:

- the date you cease to be in a Class of Eligible Employees or cease to qualify for the insurance.
- the last day for which you have made any required contribution for the insurance.
- the date the policy is cancelled.
- the last day of the calendar month in which your Active Service ends except as described below.

Any continuation of insurance must be based on a plan which precludes individual selection.

Temporary Layoff or Leave of Absence

If your Active Service ends due to temporary layoff or leave of absence, your insurance will be continued until the date as determined by your Employer.

Injury or Sickness

If your Active Service ends due to an Injury or Sickness, your insurance will be continued while you remain totally and continuously disabled as a result of the Injury or Sickness. However, your insurance will not continue past the date your Employer cancels your insurance.

Retirement

If your Active Service ends because you retire, your insurance will be continued until the date on which your Employer cancels the insurance.

Dependents

Your insurance for all of your Dependents will cease on the earliest date below:

- the date your insurance ceases.
- the date you cease to be eligible for Dependent Insurance.
- the last day for which you have made any required contribution for the insurance.
- the date Dependent Insurance is cancelled.

The insurance for any one of your Dependents will cease on the date that Dependent no longer qualifies as a Dependent.

HC-TRM128 12-17

Rescissions

Your coverage may not be rescinded (retroactively terminated) by Cigna or the plan sponsor unless the plan sponsor or an individual (or a person seeking coverage on behalf of the individual) performs an act, practice or omission that constitutes fraud; or the plan sponsor or individual (or a person seeking coverage on behalf of the individual) makes an intentional misrepresentation of material fact.

HC-TRM80 01-11

Medical Benefits Extension Upon Policy Cancellation

If the Medical Benefits under this plan cease for you or your Dependent due to cancellation of the policy, and you or your Dependent is Totally Disabled on that date due to an Injury, Sickness or pregnancy, Medical Benefits will be paid for Covered Expenses incurred in connection with that Injury, Sickness or pregnancy. However, no benefits will be paid after the earliest of:

- the date you exceed the Maximum Benefit, if any, shown in the Schedule;
- the date a succeeding carrier agrees to provide coverage without limitation for the disabling condition;
- the date you are no longer Totally Disabled;
- 12 months from the date the policy is canceled; or
- for pregnancy, until delivery.

Totally Disabled

You will be considered Totally Disabled if, because of an Injury or a Sickness:

- you are unable to perform the basic duties of your occupation; and
- you are not performing any other work or engaging in any other occupation for wage or profit.

Your Dependent will be considered Totally Disabled if, because of an Injury or a Sickness:

- he is unable to engage in the normal activities of a person of the same age, sex and ability; or
- in the case of a Dependent who normally works for wage or profit, he is not performing such work.

HC-BEX42 04-11

Federal Requirements

The following pages explain your rights and responsibilities under federal laws and regulations. Some states may have similar requirements. If a similar provision appears elsewhere in this booklet, the provision which provides the better benefit will apply.

HC-FED1 10-10

Notice of Provider Directory/Networks

Notice Regarding Provider Directories and Provider Networks

A list of network providers is available to you without charge by visiting the website or by calling the phone number on your ID card. The network consists of providers, including hospitals, of varied specialties as well as general practice, affiliated or contracted with Cigna or an organization contracting on its behalf.

Notice Regarding Pharmacy Directories and Pharmacy Networks

A list of network pharmacies is available to you without charge by visiting the website or by calling the phone number on your ID card. The network consists of pharmacies affiliated or contracted with Cigna or an organization contracting on its behalf.

HC-FED78 10-10

Qualified Medical Child Support Order (QMCSO)

Eligibility for Coverage Under a QMCSO

If a Qualified Medical Child Support Order (QMCSO) is issued for your child, that child will be eligible for coverage as required by the order and you will not be considered a Late Entrant for Dependent Insurance.

You must notify your Employer and elect coverage for that child, and yourself if you are not already enrolled, within 31 days of the QMCSO being issued.

Qualified Medical Child Support Order Defined

A Qualified Medical Child Support Order is a judgment, decree or order (including approval of a settlement agreement) or administrative notice, which is issued pursuant to a state domestic relations law (including a community property law), or to an administrative process, which provides for child support or provides for health benefit coverage to such child and relates to benefits under the group health plan, and satisfies all of the following:

- the order recognizes or creates a child's right to receive group health benefits for which a participant or beneficiary is eligible;
- the order specifies your name and last known address, and the child's name and last known address, except that the name and address of an official of a state or political subdivision may be substituted for the child's mailing address;

- the order provides a description of the coverage to be provided, or the manner in which the type of coverage is to be determined;
- the order states the period to which it applies; and
- if the order is a National Medical Support Notice completed in accordance with the Child Support Performance and Incentive Act of 1998, such Notice meets the requirements above.

The QMCSO may not require the health insurance policy to provide coverage for any type or form of benefit or option not otherwise provided under the policy, except that an order may require a plan to comply with State laws regarding health care coverage.

Payment of Benefits

Any payment of benefits in reimbursement for Covered Expenses paid by the child, or the child's custodial parent or legal guardian, shall be made to the child, the child's custodial parent or legal guardian, or a state official whose name and address have been substituted for the name and address of the child.

HC-FED4 10-10

Special Enrollment Rights Under the Health Insurance Portability & Accountability Act (HIPAA)

If you or your eligible Dependent(s) experience a special enrollment event as described below, you or your eligible Dependent(s) may be entitled to enroll in the Plan outside of a designated enrollment period upon the occurrence of one of the special enrollment events listed below. If you are already enrolled in the Plan, you may request enrollment for you and your eligible Dependent(s) under a different option offered by the Employer for which you are currently eligible. If you are not already enrolled in the Plan, you must request special enrollment for yourself in addition to your eligible Dependent(s). You and all of your eligible Dependent(s) must be covered under the same option. The special enrollment events include:

- **Acquiring a new Dependent.** If you acquire a new Dependent(s) through marriage, birth, adoption or placement for adoption, you may request special enrollment for any of the following combinations of individuals if not already enrolled in the Plan: Employee only; spouse only; Employee and spouse; Dependent child(ren) only; Employee and Dependent child(ren); Employee, spouse and Dependent child(ren). Enrollment of Dependent children is limited to the newborn or adopted children or children who became Dependent children of the Employee due to marriage.
- **Loss of eligibility for State Medicaid or Children's Health Insurance Program (CHIP).** If you and/or your Dependent(s) were covered under a state Medicaid or CHIP plan and the coverage is terminated due to a loss of eligibility, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after termination of Medicaid or CHIP coverage.
- **Loss of eligibility for other coverage (excluding continuation coverage).** If coverage was declined under this Plan due to coverage under another plan, and eligibility for the other coverage is lost, you and all of your eligible Dependent(s) may request special enrollment in this Plan. If required by the Plan, when enrollment in this Plan was previously declined, it must have been declined in writing with a statement that the reason for declining enrollment was due to other health coverage. This provision applies to loss of eligibility as a result of any of the following:
  - divorce or legal separation;
  - cessation of Dependent status (such as reaching the limiting age);
  - death of the Employee;
  - termination of employment;
  - reduction in work hours to below the minimum required for eligibility;
  - you or your Dependent(s) no longer reside, live or work in the other plan's network service area and no other coverage is available under the other plan;
  - you or your Dependent(s) incur a claim which meets or exceeds the lifetime maximum limit that is applicable to all benefits offered under the other plan; or
  - the other plan no longer offers any benefits to a class of similarly situated individuals.
- **Termination of Employer contributions (excluding continuation coverage).** If a current or former Employer ceases all contributions toward the Employee's or Dependent's other coverage, special enrollment may be requested in this Plan for you and all of your eligible Dependent(s).
- **Exhaustion of COBRA or other continuation coverage.** Special enrollment may be requested in this Plan for you and all of your eligible Dependent(s) upon exhaustion of COBRA or other continuation coverage. If you or your Dependent(s) elect COBRA or other continuation coverage following loss of coverage under another plan, the COBRA or other continuation coverage must be exhausted before any special enrollment rights exist under this Plan. An individual is considered to have exhausted COBRA or other

continuation coverage only if such coverage ceases: due to failure of the Employer or other responsible entity to remit premiums on a timely basis; when the person no longer resides or works in the other plan's service area and there is no other COBRA or continuation coverage available under the plan; or when the individual incurs a claim that would meet or exceed a lifetime maximum limit on all benefits and there is no other COBRA or other continuation coverage available to the individual. This does not include termination of an Employer's limited period of contributions toward COBRA or other continuation coverage as provided under any severance or other agreement.

- **Eligibility for employment assistance under State Medicaid or Children's Health Insurance Program (CHIP).** If you and/or your Dependent(s) become eligible for assistance with group health plan premium payments under a state Medicaid or CHIP plan, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after the date you are determined to be eligible for assistance.

Except as stated above, special enrollment must be requested within 30 days after the occurrence of the special enrollment event. If the special enrollment event is the birth or adoption of a Dependent child, coverage will be effective immediately on the date of birth, adoption or placement for adoption. Coverage with regard to any other special enrollment event will be effective no later than the first day of the first calendar month following receipt of the request for special enrollment.

Domestic Partners and their children (if not legal children of the Employee) are not eligible for special enrollment.

HC-FED96 04-17

Effect of Section 125 Tax Regulations on This Plan

Your Employer has chosen to administer this Plan in accordance with Section 125 regulations of the Internal Revenue Code. Per this regulation, you may agree to a pretax salary reduction put toward the cost of your benefits. Otherwise, you will receive your taxable earnings as cash (salary).

A. Coverage elections

Per Section 125 regulations, you are generally allowed to enroll for or change coverage only before each annual benefit period. However, exceptions are allowed:

- if you meet Special Enrollment criteria and enroll as described in the Special Enrollment section; or
- if your Employer agrees, and you meet the criteria shown in the following Sections B through H and enroll for or change coverage within the time period established by your Employer.

B. Change of status

A change in status is defined as:

- change in legal marital status due to marriage, death of a spouse, divorce, annulment or legal separation;
- change in number of Dependents due to birth, adoption, placement for adoption, or death of a Dependent;
- change in employment status of Employee, spouse or Dependent due to termination or start of employment, strike, lockout, beginning or end of unpaid leave of absence, including under the Family and Medical Leave Act (FMLA), or change in worksite;
- changes in employment status of Employee, spouse or Dependent resulting in eligibility or ineligibility for coverage;
- change in residence of Employee, spouse or Dependent to a location outside of the Employer's network service area; and
- changes which cause a Dependent to become eligible or ineligible for coverage.

C. Court order

A change in coverage due to and consistent with a court order of the Employee or other person to cover a Dependent.

D. Medicare or Medicaid eligibility/entitlement

The Employee, spouse or Dependent cancels or reduces coverage due to entitlement to Medicare or Medicaid, or enrolls or increases coverage due to loss of Medicare or Medicaid eligibility.

E. Change in cost of coverage

If the cost of benefits increases or decreases during a benefit period, your Employer may, in accordance with plan terms, automatically change your elective contribution.

When the change in cost is significant, you may either increase your contribution or elect less-costly coverage. When a significant overall reduction is made to the benefit option you have elected, you may elect another available benefit option. When a new benefit option is added, you may change your election to the new benefit option.

F. Changes in coverage of spouse or Dependent under another employer's plan

You may make a coverage election change if the plan of your spouse or Dependent: incurs a change such as adding or deleting a benefit option; allows election changes due to Special Enrollment, Change in Status, Court Order or Medicare or Medicaid Eligibility/Entitlement; or this Plan and the other plan have different periods of coverage or open enrollment periods.

G. Reduction in work hours

If an Employee's work hours are reduced below 30 hours/week (even if it does not result in the Employee losing eligibility for the Employer's coverage); and the Employee (and family) intend to enroll in another plan that provides Minimum Essential Coverage (MEC). The new coverage must be effective no later than the 1st day of the 2nd month following the month that includes the date the original coverage is revoked.

H. Enrollment in a Qualified Health Plan (QHP)

The Employee must be eligible for a Special Enrollment Period to enroll in a QHP through a Marketplace or the Employee wants to enroll in a QHP through a Marketplace during the Marketplace's annual open enrollment period; and the disenrollment from the group plan corresponds to the intended enrollment of the Employee (and family) in a QHP through a Marketplace for new coverage effective beginning no later than the day immediately following the last day of the original coverage.

HC-FED95 04-17

Eligibility for Coverage for Adopted Children

Any child who is adopted by you, including a child who is placed with you for adoption, will be eligible for Dependent Insurance, if otherwise eligible as a Dependent, upon the date of placement with you. A child will be considered placed for adoption when you become legally obligated to support that child, totally or partially, prior to that child's adoption.

If a child placed for adoption is not adopted, all health coverage ceases when the placement ends, and will not be continued.

The provisions in the "Exception for Newborns" section of this document that describe requirements for enrollment and effective date of insurance will also apply to an adopted child or a child placed with you for adoption.

HC-FED67 09-14

Coverage for Maternity Hospital Stay

Group health plans and health insurance issuers offering group health insurance coverage generally may not, under a federal law known as the "Newborns' and Mothers' Health Protection Act": restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section; or require that a provider obtain authorization from the plan or insurance issuer for prescribing a length of stay not in excess of the above periods. The law generally does not prohibit an attending provider of the mother or newborn, in consultation with the mother, from discharging the mother or newborn earlier than 48 or 96 hours, as applicable.

Please review this Plan for further details on the specific coverage available to you and your Dependents.

HC-FED11 10-10

Women's Health and Cancer Rights Act (WHCRA)

Do you know that your plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema? Call Member Services at the toll free number listed on your ID card for more information.

HC-FED12 10-10

Group Plan Coverage Instead of Medicaid

If your income and liquid resources do not exceed certain limits established by law, the state may decide to pay premiums for this coverage instead of for Medicaid, if it is cost effective. This includes premiums for continuation coverage required by federal law.

HC-FED13 10-10

Requirements of Family and Medical Leave Act of 1993 (as amended) (FMLA)

Any provisions of the policy that provide for: continuation of insurance during a leave of absence; and reinstatement of

insurance following a return to Active Service; are modified by the following provisions of the federal Family and Medical Leave Act of 1993, as amended, where applicable:

Continuation of Health Insurance During Leave

Your health insurance will be continued during a leave of absence if:

- that leave qualifies as a leave of absence under the Family and Medical Leave Act of 1993, as amended; and
- you are an eligible Employee under the terms of that Act.

The cost of your health insurance during such leave must be paid, whether entirely by your Employer or in part by you and your Employer.

Reinstatement of Canceled Insurance Following Leave

Upon your return to Active Service following a leave of absence that qualifies under the Family and Medical Leave Act of 1993, as amended, any canceled insurance (health, life or disability) will be reinstated as of the date of your return.

You will not be required to satisfy any eligibility or benefit waiting period to the extent that they had been satisfied prior to the start of such leave of absence.

Your Employer will give you detailed information about the Family and Medical Leave Act of 1993, as amended.

HC-FED93 10-17

Uniformed Services Employment and Re-Employment Rights Act of 1994 (USERRA)

The Uniformed Services Employment and Re-employment Rights Act of 1994 (USERRA) sets requirements for continuation of health coverage and re-employment in regard to an Employee's military leave of absence. These requirements apply to medical and dental coverage for you and your Dependents. They do not apply to any Life, Short-term or Long-term Disability or Accidental Death & Dismemberment coverage you may have.

Continuation of Coverage

For leaves of less than 31 days, coverage will continue as described in the Termination section regarding Leave of Absence.

For leaves of 31 days or more, you may continue coverage for yourself and your Dependents as follows:

You may continue benefits by paying the required premium to your Employer, until the earliest of the following:

- 24 months from the last day of employment with the Employer;
- the day after you fail to return to work; and
- the date the policy cancels.

Your Employer may charge you and your Dependents up to 102% of the total premium.

Reinstatement of Benefits (applicable to all coverages)

If your coverage ends during the leave of absence because you do not elect USERRA at the expiration of USERRA and you are reemployed by your current Employer, coverage for you and your Dependents may be reinstated if you gave your Employer advance written or verbal notice of your military service leave, and the duration of all military leaves while you are employed with your current Employer does not exceed 5 years.

You and your Dependents will be subject to only the balance of a waiting period that was not yet satisfied before the leave began. However, if an Injury or Sickness occurs or is aggravated during the military leave, full Plan limitations will apply.

If your coverage under this plan terminates as a result of your eligibility for military medical and dental coverage and your order to active duty is canceled before your active duty service commences, these reinstatement rights will continue to apply.

HC-FED18 10-10

Claim Determination Procedures

The following complies with federal law. Provisions of applicable laws of your state may supersede.

Procedures Regarding Medical Necessity Determinations

In general, health services and benefits must be Medically Necessary to be covered under the plan. The procedures for determining Medical Necessity vary, according to the type of service or benefit requested, and the type of health plan. Medical Necessity determinations are made on a preservice, concurrent, or postservice basis, as described below:

Certain services require prior authorization in order to be covered. The booklet describes who is responsible for obtaining this review. You or your authorized representative (typically, your health care professional) must request prior authorization according to the procedures described below, in the booklet, and in your provider's network participation documents as applicable.

When services or benefits are determined to be not covered, you or your representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the booklet, in your provider's network participation documents as applicable, and in the determination notices.

Note: An oral statement made to you by a representative of Cigna or its designee that indicates, for example, a particular service is a Covered Expense, is authorized for coverage by the plan, or that you are eligible for coverage is not a guarantee that you will receive benefits for services under this plan. Cigna will make a benefit determination after a claim is received from you or your authorized representative, and the benefit determination will be based on, your eligibility as of the date services were rendered to you and the terms and conditions of the plan in effect as of the date services were rendered to you.

Preservice Determinations

When you or your representative requests a required prior authorization, Cigna will notify you or your representative of the determination within 15 days after receiving the request. However, if more time is needed due to matters beyond Cigna's control, Cigna will notify you or your representative within 15 days after receiving your request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

If the determination periods above would seriously jeopardize your life or health, your ability to regain maximum function, or in the opinion of a health care professional with knowledge of your health condition, cause you severe pain which cannot be managed without the requested services, Cigna will make the preservice determination on an expedited basis. Cigna will defer to the determination of the treating health care professional regarding whether an expedited determination is necessary. Cigna will notify you or your representative of an expedited determination within 72 hours after receiving the request.

However, if necessary information is missing from the request, Cigna will notify you or your representative within 24 hours after receiving the request to specify what information is needed. You or your representative must provide the specified information to Cigna within 48 hours after receiving the notice. Cigna will notify you or your representative of the expedited benefit determination within 48 hours after you or your representative responds to the notice. Expedited determinations may be provided orally, followed within 3 days by written or electronic notification.

If you or your representative attempts to request a preservice determination, but fails to follow Cigna's procedures for requesting a required preservice determination, Cigna will notify you or your representative of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless you or your representative requests written notification.

Concurrent Determinations

When an ongoing course of treatment has been approved for you and you wish to extend the approval, you or your representative must request a required concurrent coverage determination at least 24 hours prior to the expiration of the approved period of time or number of treatments. When you or your representative requests such a determination, Cigna will notify you or your representative of the determination within 24 hours after receiving the request.

Postservice Determinations

When you or your representative requests a coverage determination or a claim payment determination after services have been rendered, Cigna will notify you or your representative of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Cigna's control, Cigna will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

Notice of Adverse Determination

Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: information sufficient to identify the claim including, if applicable, the date of service, provider and claim amount; diagnosis and treatment codes, and their meanings; the specific reason or reasons for the adverse determination including, if applicable, the denial code and its meaning and a description of any standard that was used in the denial; reference to the specific plan provisions on which the determination is based; a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; a description of the plan's review procedures and the time limits applicable, including a statement of a claimant's rights to bring a civil action under section 502(a) of ERISA following an adverse benefit determination on appeal, (if applicable); upon request and free

of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your claim; and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; a description of any available internal appeal and/or external review process(es); information about any office of health insurance consumer assistance or ombudsman available to assist you with the appeal process; and in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

HC-FED104 01-19

Appointment of Authorized Representative

You may appoint an authorized representative to assist you in submitting a claim or appealing a claim denial. However, Cigna may require you to designate your authorized representative in writing using a form approved by Cigna. At all times, the appointment of an authorized representative is revocable by you. To ensure that a prior appointment remains valid, Cigna may require you to re-appoint your authorized representative, from time to time.

Cigna reserves the right to refuse to honor the appointment of a representative if Cigna reasonably determines that:

- the signature on an authorized representative form may not be yours, or
- the authorized representative may not have disclosed to you all of the relevant facts and circumstances relating to the overpayment or underpayment of any claim, including, for example, that the billing practices of the provider of medical services may have jeopardized your coverage through the waiver of the cost-sharing amounts that you are required to pay under your plan.

If your designation of an authorized representative is revoked, or Cigna does not honor your designation, you may appoint a new authorized representative at any time, in writing, using a form approved by Cigna.

HC-FED88 01-17

Medical - When You Have a Complaint or an Appeal

For the purposes of this section, any reference to "you" or "your" also refers to a representative or provider designated by you to act on your behalf; unless otherwise noted.

We want you to be completely satisfied with the services you receive. That is why we have established a process for addressing your concerns and solving your problems.

Start With Customer Service

We are here to listen and help. If you have a concern regarding a person, a service, the quality of care, contractual benefits, or a rescission of coverage, you may call the toll-free number on your ID card, explanation of benefits, or claim form and explain your concern to one of our Customer Service representatives. You may also express that concern in writing.

We will do our best to resolve the matter on your initial contact. If we need more time to review or investigate your concern, we will get back to you as soon as possible, but in any case within 30 days. If you are not satisfied with the results of a coverage decision, you may start the appeals procedure.

Internal Appeals Procedure

To initiate an appeal of an adverse benefit determination, you must submit a request for an appeal to Cigna within 180 days of receipt of a denial notice. If you appeal a reduction or termination in coverage for an ongoing course of treatment that Cigna previously approved, you will receive, as required by applicable law, continued coverage pending the outcome of an appeal.

You should state the reason why you feel your appeal should be approved and include any information supporting your appeal. If you are unable or choose not to write, you may ask Cigna to register your appeal by telephone. Call or write us at the toll-free number on your ID card, explanation of benefits, or claim form.

Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medical Necessity or clinical appropriateness will be considered by a health care professional.

We will respond in writing with a decision within 30 calendar days after we receive an appeal for a required preservice or concurrent care coverage determination or a postservice Medical Necessity determination. We will respond within 60 calendar days after we receive an appeal for any other postservice coverage determination. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

In the event any new or additional information (evidence) is considered, relied upon or generated by Cigna in connection with the appeal, this information will be provided automatically to you as soon as possible and sufficiently in advance of the decision, so that you will have an opportunity to respond. Also, if any new or additional rationale is

considered by Cigna, Cigna will provide the rationale to you as soon as possible and sufficiently in advance of the decision so that you will have an opportunity to respond.

You may request that the appeal process be expedited if the time frames under this process would seriously jeopardize your life, health or ability to regain maximum functionality or in the opinion of your health care provider would cause you severe pain which cannot be managed without the requested services.

If you request that your appeal be expedited, you may also ask for an expedited external Independent Review at the same time, if the time to complete an expedited level-one appeal would be detrimental to your medical condition.

When an appeal is expedited, Cigna will respond orally with a decision within 72 hours, followed up in writing.

External Review Procedure

If you are not fully satisfied with the decision of Cigna's internal appeal review and the appeal involves medical judgment or a rescission of coverage, you may request that your appeal be referred to an Independent Review Organization (IRO). The IRO is composed of persons who are not employed by Cigna, or any of its affiliates. A decision to request an external review to an IRO will not affect the claimant's rights to any other benefits under the plan.

There is no charge for you to initiate an external review. Cigna and your benefit plan will abide by the decision of the IRO.

To request a review, you must notify the Appeals Coordinator within 4 months of your receipt of Cigna's appeal review denial. Cigna will then forward the file to a randomly selected IRO. The IRO will render an opinion within 45 days.

When requested, and if a delay would be detrimental to your medical condition, as determined by Cigna's reviewer, or if your appeal concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but you have not yet been discharged from a facility, the external review shall be completed within 72 hours.

Notice of Benefit Determination on Appeal

Every notice of a determination on appeal will be provided in writing or electronically and, if an adverse determination, will include: information sufficient to identify the claim including, if applicable, the date of service, provider and claim amount; diagnosis and treatment codes, and their meanings; the specific reason or reasons for the adverse determination including, if applicable, the denial code and its meaning and a description of any standard that was used in the denial; reference to the specific plan provisions on which the determination is based; a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other Relevant Information as defined below; a statement describing any voluntary appeal procedures offered by the plan and the claimant's right to bring an action under ERISA section 502(a), if applicable; upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your appeal, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; and information about any office of health insurance consumer assistance or ombudsman available to assist you in the appeal process. A final notice of an adverse determination will include a discussion of the decision.

You also have the right to bring a civil action under section 502(a) of ERISA if you are not satisfied with the decision on review. You or your plan may have other voluntary alternative dispute resolution options such as Mediation. One way to find out what may be available is to contact your local U.S. Department of Labor office and your State insurance regulatory agency. You may also contact the Plan Administrator.

Relevant Information

Relevant Information is any document, record or other information which: was relied upon in making the benefit determination; was submitted, considered or generated in the course of making the benefit determination, without regard to whether such document, record, or other information was relied upon in making the benefit determination; demonstrates compliance with the administrative processes and safeguards required by federal law in making the benefit determination; or constitutes a statement of policy or guidance with respect to the plan concerning the denied treatment option or benefit for the claimant's diagnosis, without regard to whether such advice or statement was relied upon in making the benefit determination.

Legal Action

If your plan is governed by ERISA, you have the right to bring a civil action under section 502(a) of ERISA if you are not satisfied with the outcome of the Appeals Procedure. In most instances, you may not initiate a legal action against Cigna until you have completed the appeal processes. However, no action will be brought at all unless brought within three years after proof of claim is required under the Plan. However, no action will be brought at all unless brought within 3 years after a claim is submitted for In-Network Services.

HC-FED110 01-21

COBRA Continuation Rights Under Federal Law

For You and Your Dependents

What is COBRA Continuation Coverage?

Under federal law, you and/or your Dependents must be given the opportunity to continue health insurance when there is a "qualifying event" that would result in loss of coverage under the Plan. You and/or your Dependents will be permitted to continue the same coverage under which you or your Dependents were covered on the day before the qualifying event occurred, unless you move out of that plan's coverage area or the plan is no longer available. You and/or your Dependents cannot change coverage options until the next open enrollment period.

When is COBRA Continuation Available?

For you and your Dependents, COBRA continuation is available for up to 18 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your termination of employment for any reason, other than gross misconduct; or
- your reduction in work hours.

For your Dependents, COBRA continuation coverage is available for up to 36 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your death;
- your divorce or legal separation; or
- for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Who is Entitled to COBRA Continuation?

Only a "qualified beneficiary" (as defined by federal law) may elect to continue health insurance coverage. A qualified beneficiary may include the following individuals who were covered by the Plan on the day the qualifying event occurred: you, your spouse, and your Dependent children. Each qualified beneficiary has their own right to elect or decline COBRA continuation coverage even if you decline or are not eligible for COBRA continuation.

The following individuals are not qualified beneficiaries for purposes of COBRA continuation: domestic partners, grandchildren (unless adopted by you), stepchildren (unless adopted by you). Although these individuals do not have an independent right to elect COBRA continuation coverage, if you elect COBRA continuation coverage for yourself, you may also cover your Dependents even if they are not considered qualified beneficiaries under COBRA. However, such individuals' coverage will terminate when your COBRA continuation coverage terminates. The sections titled "Secondary Qualifying Events" and "Medicare Extension For Your Dependents" are not applicable to these individuals.

Secondary Qualifying Events

If, as a result of your termination of employment or reduction in work hours, your Dependent(s) have elected COBRA continuation coverage and one or more Dependents experience another COBRA qualifying event, the affected Dependent(s) may elect to extend their COBRA continuation coverage for an additional 18 months (7 months if the secondary event occurs within the disability extension period) for a maximum of 36 months from the initial qualifying event. The second qualifying event must occur before the end of the initial 18 months of COBRA continuation coverage or within the disability extension period discussed below. Under no circumstances will COBRA continuation coverage be available for more than 36 months from the initial qualifying event. Secondary qualifying events are: your death; your divorce or legal separation; or, for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Disability Extension

If, after electing COBRA continuation coverage due to your termination of employment or reduction in work hours, you or one of your Dependents is determined by the Social Security Administration (SSA) to be totally disabled under Title II or XVI of the SSA, you and all of your Dependents who have elected COBRA continuation coverage may extend such continuation for an additional 11 months, for a maximum of 29 months from the initial qualifying event.

To qualify for the disability extension, all of the following requirements must be satisfied:

- SSA must determine that the disability occurred prior to or within 60 days after the disabled individual elected COBRA continuation coverage; and
- A copy of the written SSA determination must be provided to the Plan Administrator within 60 calendar days after the date the SSA determination is made AND before the end of the initial 18-month continuation period.

If the SSA later determines that the individual is no longer disabled, you must notify the Plan Administrator within 30 days after the date the final determination is made by SSA. The 11-month disability extension will terminate for all covered persons on the first day of the month that is more than 30 days after the date the SSA makes a final determination that the disabled individual is no longer disabled.

All causes for "Termination of COBRA Continuation" listed below will also apply to the period of disability extension.

Medicare Extension for Your Dependents

When the qualifying event is your termination of employment or reduction in work hours and you became enrolled in Medicare (Part A, Part B or both) within the 18 months before

the qualifying event, COBRA continuation coverage for your Dependents will last for up to 36 months after the date you became enrolled in Medicare. Your COBRA continuation coverage will last for up to 18 months from the date of your termination of employment or reduction in work hours.

Termination of COBRA Continuation

COBRA continuation coverage will be terminated upon the occurrence of any of the following:

- the end of the COBRA continuation period of 18, 29 or 36 months, as applicable;
- failure to pay the required premium within 30 calendar days after the due date;
- cancellation of the Employer's policy with Cigna;
- after electing COBRA continuation coverage, a qualified beneficiary enrolls in Medicare (Part A, Part B, or both);
- after electing COBRA continuation coverage, a qualified beneficiary becomes covered under another group health plan, unless the qualified beneficiary has a condition for which the new plan limits or excludes coverage under a pre-existing condition provision. In such case coverage will continue until the earliest of: the end of the applicable maximum period; the date the pre-existing condition provision is no longer applicable; or the occurrence of an event described in one of the first three bullets above;
- any reason the Plan would terminate coverage of a participant or beneficiary who is not receiving continuation coverage (e.g., fraud).

Moving Out of Employer's Service Area or Elimination of a Service Area

If you and/or your Dependents move out of the Employer's service area or the Employer eliminates a service area in your location, your COBRA continuation coverage under the plan will be limited to emergency services only. Because the Plan does not provide out-of-network coverage, nonemergency services will not be covered under the plan outside of the Employer's service area. If the Employer offers another benefit option through Cigna or another carrier which can provide coverage in your location, you may elect COBRA continuation coverage under that option.

Employer's Notification Requirements

Your Employer is required to provide you and/or your Dependents with the following notices:

- An initial notification of COBRA continuation rights must be provided within 90 days after your (or your spouse's) coverage under the Plan begins (or the Plan first becomes subject to COBRA continuation requirements, if later). If you and/or your Dependents experience a qualifying event before the end of that 90-day period, the initial notice must be provided within the time frame required for the COBRA continuation coverage election notice as explained below.
- A COBRA continuation coverage election notice must be provided to you and/or your Dependents within the following timeframes:
  - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the loss of coverage, 44 days after loss of coverage under the Plan;
  - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the occurrence of a qualifying event, 44 days after the qualifying event occurs; or
  - in the case of a multi-employer plan, no later than 14 days after the end of the period in which Employers must provide notice of a qualifying event to the Plan Administrator.

How to Elect COBRA Continuation Coverage

The COBRA coverage election notice will list the individuals who are eligible for COBRA continuation coverage and inform you of the applicable premium. The notice will also include instructions for electing COBRA continuation coverage. You must notify the Plan Administrator of your election no later than the due date stated on the COBRA election notice. If a written election notice is required, it must be post-marked no later than the due date stated on the COBRA election notice. If you do not make proper notification by the due date shown on the notice, you and your Dependents will lose the right to elect COBRA continuation coverage. If you reject COBRA continuation coverage before the due date, you may change your mind as long as you furnish a completed election form before the due date.

Each qualified beneficiary has an independent right to elect COBRA continuation coverage. Continuation coverage may be elected for only one, several, or for all Dependents who are qualified beneficiaries. Parents may elect to continue coverage on behalf of their Dependent children. You or your spouse may elect continuation coverage on behalf of all the qualified beneficiaries. You are not required to elect COBRA continuation coverage in order for your Dependents to elect COBRA continuation.

How Much Does COBRA Continuation Coverage Cost?

Each qualified beneficiary may be required to pay the entire cost of continuation coverage. The amount may not exceed 102% of the cost to the group health plan (including both Employer and Employee contributions) for coverage of a similarly situated active Employee or family member. The premium during the 11-month disability extension may not exceed 150% of the cost to the group health plan (including

both employer and employee contributions) for coverage of a similarly situated active Employee or family member.

For example: If the Employee alone elects COBRA continuation coverage, the Employee will be charged 102% (or 150%) of the active Employee premium. If the spouse or one Dependent child alone elects COBRA continuation coverage, they will be charged 102% (or 150%) of the active Employee premium. If more than one qualified beneficiary elects COBRA continuation coverage, they will be charged 102% (or 150%) of the applicable family premium.

When and How to Pay COBRA Premiums

First payment for COBRA continuation

If you elect COBRA continuation coverage, you do not have to send any payment with the election form. However, you must make your first payment no later than 45 calendar days after the date of your election. (This is the date the Election Notice is postmarked, if mailed.) If you do not make your first payment within that 45 days, you will lose all COBRA continuation rights under the Plan.

Subsequent payments

After you make your first payment for COBRA continuation coverage, you will be required to make subsequent payments of the required premium for each additional month of coverage. Payment is due on the first day of each month. If you make a payment on or before its due date, your coverage under the Plan will continue for that coverage period without any break.

Grace periods for subsequent payments

Although subsequent payments are due by the first day of the month, you will be given a grace period of 30 days after the first day of the coverage period to make each monthly payment. Your COBRA continuation coverage will be provided for each coverage period as long as payment for that coverage period is made before the end of the grace period for that payment. However, if your payment is received after the due date, your coverage under the Plan may be suspended during this time. Any providers who contact the Plan to confirm coverage during this time may be informed that coverage has been suspended. If payment is received before the end of the grace period, your coverage will be reinstated back to the beginning of the coverage period. This means that any claim you submit for benefits while your coverage is suspended may be denied and may have to be resubmitted once your coverage is reinstated. If you fail to make a payment before the end of the grace period for that coverage period, you will lose all rights to COBRA continuation coverage under the Plan.

You Must Give Notice of Certain Qualifying Events

If you or your Dependent(s) experience one of the following qualifying events, you must notify the Plan Administrator within 60 calendar days after the later of the date the qualifying event occurs or the date coverage would cease as a result of the qualifying event:

- Your divorce or legal separation; or
- Your child ceases to qualify as a Dependent under the Plan.
- The occurrence of a secondary qualifying event as discussed under “Secondary Qualifying Events” above (this notice must be received prior to the end of the initial 18- or 29-month COBRA period).

(Also refer to the section titled “Disability Extension” for additional notice requirements.)

Notice must be made in writing and must include: the name of the Plan, name and address of the Employee covered under the Plan, name and address(es) of the qualified beneficiaries affected by the qualifying event; the qualifying event; the date the qualifying event occurred; and supporting documentation (e.g., divorce decree, birth certificate, disability determination, etc.).

Newly Acquired Dependents

If you acquire a new Dependent through marriage, birth, adoption or placement for adoption while your coverage is being continued, you may cover such Dependent under your COBRA continuation coverage. However, only your newborn or adopted Dependent child is a qualified beneficiary and may continue COBRA continuation coverage for the remainder of the coverage period following your early termination of COBRA coverage or due to a secondary qualifying event. COBRA coverage for your Dependent spouse and any Dependent children who are not your children (e.g., stepchildren or grandchildren) will cease on the date your COBRA coverage ceases and they are not eligible for a secondary qualifying event.

COBRA Continuation for Retirees Following Employer’s Bankruptcy

If you are covered as a retiree, and a proceeding in bankruptcy is filed with respect to the Employer under Title 11 of the United States Code, you may be entitled to COBRA continuation coverage. If the bankruptcy results in a loss of coverage for you, your Dependents or your surviving spouse within one year before or after such proceeding, you and your covered Dependents will become COBRA qualified beneficiaries with respect to the bankruptcy. You will be entitled to COBRA continuation coverage until your death. Your surviving spouse and covered Dependent children will be entitled to COBRA continuation coverage for up to 36 months following your death. However, COBRA continuation coverage will cease upon the occurrence of any of the events listed under “Termination of COBRA Continuation” above.

Interaction With Other Continuation Benefits

You may be eligible for other continuation benefits under state law. Refer to the Termination section for any other continuation benefits.

HC-FED66 07-14

Definitions

Active Service

You will be considered in Active Service:

- on any of your Employer's scheduled work days if you are performing the regular duties of your work on a full-time basis on that day either at your Employer's place of business or at some location to which you are required to travel for your Employer's business.
- on a day which is not one of your Employer's scheduled work days if you were in Active Service on the preceding scheduled work day.

HC-DFS1095 12-17

Ambulance

Licensed ambulance transportation services involve the use of specially designed and equipped vehicles for transporting ill or injured patients. It includes ground, air, or sea transportation when Medically Necessary and clinically appropriate.

HC-DFS1480 01-21

Ancillary Charge

An additional cost, outside of plan cost sharing detailed in The Schedule of Prescription Drug Benefits, which may apply to some Prescription Drug Products when you request a more expensive Brand Drug when a lower cost, Therapeutic Equivalent, Generic Drug is available. The Ancillary Charge is the amount by which the cost of the requested Brand Drug exceeds the cost of the Generic Drug.

HC-DFS1553 01-21

Biologic

A virus, therapeutic serum, toxin, antitoxin, vaccine, blood, blood component or derivative, allergenic product, protein (except any chemically synthesized polypeptide), or analogous product, or arsphenamine or derivative of arsphenamine (or any other trivalent organic arsenic compound), used for the prevention, treatment, or cure of a disease or condition of human beings, as defined under Section 351(i) of the Public Health Service Act (42 USC 262(i)) (as amended by the Biologics Price Competition and Innovation Act of 2009, title VII of the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, § 7002 (2010), and as may be amended thereafter).

HC-DFS840 10-16

Biosimilar

A Biologic that is highly similar to the reference Biologic product notwithstanding minor differences in clinically inactive components, and has no clinically meaningful differences from the reference Biologic in terms of its safety, purity, and potency, as defined under Section 351(i) of the Public Health Service Act (42 USC 262(i)) (as amended by the Biologics Price Competition and Innovation Act of 2009, title VII of the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, § 7002 (2010), and as may be amended thereafter).

HC-DFS841 10-16

Brand Drug

A Prescription Drug Product that Cigna identifies as a Brand Drug product across its book-of-business, principally based on available data resources, including, but not limited to, First DataBank or another nationally recognized drug indicator source, that classify drugs or Biologics as either brand or generic based on a number of factors. Not all products identified as a "brand name" by the manufacturer, Pharmacy, or your Physician may be classified as a Brand Drug under the plan.

HC-DFS842 10-16

Business Decision Team

A committee comprised of voting and non-voting representatives across various Cigna business units such as clinical, medical and business leadership that is duly authorized by Cigna to effect changes regarding coverage treatment of Prescription Drug Products and Medical Pharmaceuticals based on clinical findings provided by the P&T Committee, including, but not limited to, changes regarding tier placement and application of utilization management to Prescription Drug Products and Medical Pharmaceuticals.

HC-DFS1494 07-20

Charges

The term charges means the actual billed charges; except when Cigna has contracted directly or indirectly for a different amount including where Cigna has directly or indirectly contracted with an entity to arrange for the provision of services and/or supplies through contracts with providers of such services and/or supplies.

HC-DFS1193 01-19

Chiropractic Care

The term Chiropractic Care means the conservative management of neuromusculoskeletal conditions through manipulation and ancillary physiological treatment rendered to specific joints to restore motion, reduce pain and improve function.

HC-DFS55 04-10
V1

Convenience Care Clinics

Convenience Care Clinics are staffed by nurse practitioners and physician assistants and offer customers convenient, professional walk-in care for common ailments and routine services. Convenience Care Clinics have extended hours and are located in or near easy-to-access, popular locations (pharmacies, grocery and free-standing locations) with or without appointment.

HC-DFS1629 07-21

Custodial Services

Any services that are of a sheltering, protective, or safeguarding nature. Such services may include a stay in an institutional setting, at-home care, or nursing services to care for someone because of age or mental or physical condition. This service primarily helps the person in daily living. Custodial care also can provide medical services, given mainly to maintain the person's current state of health. These services cannot be intended to greatly improve a medical condition; they are intended to provide care while the patient cannot care for himself or herself. Custodial Services include but are not limited to:

- Services related to watching or protecting a person;
- Services related to performing or assisting a person in performing any activities of daily living, such as: walking, grooming, bathing, dressing, getting in or out of bed, toileting, eating, preparing foods, or taking medications that can be self administered, and
- Services not required to be performed by trained or skilled medical or paramedical personnel.

HC-DFS4 04-10
V1

Dependent

Dependents are:

- your lawful spouse; or
- your Domestic Partner; and
- any child of yours who is
  - less than 26 years old.
  - from 26 years until the end of the calendar year in which the child reaches the age of 30, provided the child is unmarried and does not have a dependent of his own, is a Florida state resident or a full-time or part-time student, and is not covered under a plan of their own or entitled to benefits under Title XVIII of the Social Security Act. CIGNA may require such proof at least once each year until the end of the calendar year in which he attains age 30; and
  - who is 26 or more years old, and primarily supported by you and incapable of self-sustaining employment by reason of mental or physical handicap. Proof of the child's condition and dependence may be required to be submitted to the plan as a condition of coverage after the date the child ceases to qualify above. However, if a claim is denied, proof must be submitted by the Employee that the child is and has continued to be mentally or physically handicapped.

A child includes a legally adopted child, including that child from the date of placement in the home or from birth provided that a written agreement to adopt such child has been entered into prior to the birth of such child. Coverage for a legally adopted child will include the necessary care and treatment of an Injury or a Sickness existing prior to the date of placement or adoption. A child also includes a fostelr child or a child placed in your custody by a court order from the date of placement in the home. Coverage is not required if the adopted or foster child is ultimately not placed in your home. It also includes:

• a stepchild;

• a child born to an insured Dependent child of yours until such child is 18 months old.

If your Domestic Partner has a child, that child will also be included as a Dependent.

Benefits for a Dependent child or student will continue until the last day of the calendar year in which the limiting age is reached.

Anyone who is eligible as an Employee will not be considered as a Dependent spouse. A child under age 26 may be covered as either an Employee or as a Dependent child. You cannot be covered as an Employee while also covered as a Dependent of an Employee.

No one may be considered as a Dependent of more than one Employee.

HC-DFS872 M 10-16

Designated Pharmacy

A Network Pharmacy that has entered into an agreement with Cigna, or with an entity contracting on Cigna's behalf, to provide Prescription Drug Products or services, including, without limitation, specific Prescription Drug Products, to plan enrollees on a preferred or exclusive basis. For example, a Designated Pharmacy may provide enrollees certain Specialty Prescription Drug Products that have limited distribution availability, provide enrollees with an extended days' supply of Prescription Drug Products or provide enrollees with Prescription Drug Products on a preferred cost share basis. A Pharmacy that is a Network Pharmacy is not necessarily a Designated Pharmacy.

HC-DFS1614 01-22

Domestic Partner

A Domestic Partner is defined as a person of the same or opposite sex who:

- shares your permanent residence;
- has resided with you for no less than one year;
- is no less than 18 years of age;
- is financially interdependent with you and has proven such interdependence by providing documentation of at least two of the following arrangements: common ownership of real property or a common leasehold interest in such property; community ownership of a motor vehicle; a joint bank account or a joint credit account; designation as a beneficiary for life insurance or retirement benefits or under your partner's will; assignment of a durable power of attorney or health care power of attorney; or such other proof as is considered by Cigna to be sufficient to establish financial interdependency under the circumstances of your particular case;
- is not a blood relative any closer than would prohibit legal marriage; and
- has signed jointly with you, a notarized affidavit attesting to the above which can be made available to Cigna upon request.

In addition, you and your Domestic Partner will be considered to have met the terms of this definition as long as neither you nor your Domestic Partner:

- has signed a Domestic Partner affidavit or declaration with any other person within twelve months prior to designating each other as Domestic Partners hereunder;
- is currently legally married to another person; or
- has any other Domestic Partner, spouse or spouse equivalent of the same or opposite sex.

You and your Domestic Partner must have registered as Domestic Partners, if you reside in a state that provides for such registration.

The section of this certificate entitled "COBRA Continuation Rights Under Federal Law" will not apply to your Domestic Partner and his or her Dependents.

HC-DFS47 04-10
V1

Emergency Medical Condition

Emergency medical condition means a medical condition which manifests itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical

attention to result in placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy; serious impairment to bodily functions; or serious dysfunction of any bodily organ or part.

HC-DFS394 11-10

Emergency Services

Emergency services means, with respect to an emergency medical condition, a medical screening examination that is within the capability of the emergency department of a Hospital or of an independent freestanding emergency facility, including ancillary services routinely available to the emergency department to evaluate the emergency medical condition; and such further medical examination and treatment, to the extent they are within the capabilities of the staff and facilities available at the Hospital, to stabilize the patient.

HC-DFS1696 01-22

Employee

The term Employee means a full-time employee of the Employer who is currently in Active Service.

HC-DFS1094 M 12-17

Employer

The term Employer means the plan sponsor self-insuring the benefits described in this booklet, on whose behalf Cigna is providing claim administration services.

HC-DFS1615 01-22

Essential Health Benefits

Essential health benefits means, to the extent covered under the plan, expenses incurred with respect to covered services, in at least the following categories: ambulatory patient services, emergency services, hospitalization, maternity and newborn care, mental health and substance use disorder services, including behavioral health treatment, prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management and pediatric services, including oral and vision care.

HC-DFS411 01-11

Expense Incurred

An expense is incurred when the service or the supply for which it is incurred is provided.

HC-DFS10 04-10
V1

Free-Standing Surgical Facility

The term Free-Standing Surgical Facility means an institution which meets all of the following requirements:

- it has a medical staff of Physicians, Nurses and licensed anesthesiologists;
- it maintains at least two operating rooms and one recovery room;
- it maintains diagnostic laboratory and x-ray facilities;
- it has equipment for emergency care;
- it has a blood supply;
- it maintains medical records;
- it has agreements with Hospitals for immediate acceptance of patients who need Hospital Confinement on an inpatient basis; and
- it is licensed in accordance with the laws of the appropriate legally authorized agency.

A Free-Standing Surgical Facility, unless specifically noted otherwise, is covered with the same cost share as an Outpatient Facility.

HC-DFS1484 01-21

Generic Drug

A Prescription Drug Product that Cigna identifies as a Generic Drug product at a book-of-business level principally based on

available data resources, including, but not limited to, First DataBank or another nationally recognized drug indicator source, that classify drugs or Biologics (including Biosimilars) as either brand or generic based on a number of factors. Not all products identified as a "generic" by the manufacturer, Pharmacy or your Physician may be classified as a Generic Drug under the plan. A Biosimilar may be classified as a Generic Drug for the purposes of benefits under the plan even if it is identified as a "brand name" drug by the manufacturer, Pharmacy or your Physician.

HC-DFS846 10-16

Hospice Care Program

The term Hospice Care Program means:

- a coordinated, interdisciplinary program to meet the physical, psychological, spiritual and social needs of dying persons and their families;
- a program that provides palliative and supportive medical, nursing and other health services through home or inpatient care during the illness;
- a program for persons who have a Terminal Illness and for the families of those persons.

HC-DFS51 04-10
V1

Hospice Care Services

The term Hospice Care Services means any services provided by: a Hospital, a Skilled Nursing Facility or a similar institution, a Home Health Care Agency, a Hospice Facility, or any other licensed facility or agency under a Hospice Care Program.

HC-DFS52 04-10
V1

Hospice Facility

The term Hospice Facility means an institution or part of it which:

- primarily provides care for Terminally Ill patients;
- is accredited by the National Hospice Organization;
- meets standards established by Cigna; and
- fulfills any licensing requirements of the state or locality in which it operates.

HC-DFS53 04-10
V1

Hospital

The term Hospital means:

- an institution licensed as a hospital, which: maintains, on the premises, all facilities necessary for medical and surgical treatment; provides such treatment on an inpatient basis, for compensation, under the supervision of Physicians; and provides 24-hour service by Registered Graduate Nurses;
- an institution which qualifies as a hospital, a psychiatric hospital or a tuberculosis hospital, and a provider of services under Medicare, if such institution is accredited as a hospital by the Joint Commission on the Accreditation of Healthcare Organizations; or
- an institution which: specializes in treatment of Mental Health and Substance Use Disorder or other related illness; provides residential treatment programs; and is licensed in accordance with the laws of the appropriate legally authorized agency.

The term Hospital does not include an institution which is primarily a place for rest, a place for the aged, or a nursing home.

HC-DFS1485 01-21

Hospital Confinement or Confined in a Hospital

A person will be considered Confined in a Hospital if he is:

- a registered bed patient in a Hospital upon the recommendation of a Physician;
- receiving treatment for Mental Health and Substance Use Disorder Services in a Mental Health or Substance Use Disorder Residential Treatment Center.

HC-DFS807 12-15

Injury

The term Injury means an accidental bodily injury.

HC-DFS12 04-10
V1

Maintenance Drug Product

A Prescription Drug Product that is prescribed for use over an extended period of time for the treatment of chronic or long-term conditions such as asthma, hypertension, diabetes and heart disease, and is identified principally based on consideration of available data resources, including, but not limited to, First DataBank or another nationally recognized drug indicator source and clinical factors. For the purposes of benefits, the list of your plan's Maintenance Drug Products does not include compounded medications, Specialty Prescription Drug Products or Prescription Drug Products, such as certain narcotics that a Pharmacy cannot dispense above certain supply limits per Prescription Drug Order or Refill under applicable federal or state law. You may determine whether a drug is a Maintenance Medication by calling member services at the telephone number on your ID card.

HC-DFS847 10-16

Maintenance Treatment

The term Maintenance Treatment means:

- treatment rendered to keep or maintain the patient's current status.

HC-DFS56 04-10
V1

Maximum Reimbursable Charge - Medical

The Maximum Reimbursable Charge does not apply to Emergency Services.

The Maximum Reimbursable Charge for covered services for Open Access Plus In-Network is determined based on the lesser of:

- the provider's normal charge for a similar service or supply;
- the amount agreed to by the Out-of-Network provider and Cigna; or
- a percentage of a fee schedule Cigna has developed that is based upon a methodology similar to a methodology utilized by Medicare to determine the allowable reimbursement for the same or similar service within the geographic market.

The percentage used to determine the Maximum Reimbursable Charge can be obtained by contacting Member Services/Customer Service.

In some cases, a Medicare based schedule will not be used and the Maximum Reimbursable Charge for covered services is determined based on the lesser of:

- the provider's normal charge for a similar service or supply;
- the amount agreed to by the Out-of-Network provider and Cigna; or
- the 80th percentile of charges made by providers of such service or supply in the geographic area where it is received as compiled in a database selected by Cigna. If sufficient charge data is unavailable in the database for that geographic area to determine the Maximum Reimbursable Charge, then data in the database for similar services may be used.

The Maximum Reimbursable Charge is subject to all other benefit limitations and applicable coding and payment methodologies determined by Cigna. Additional information about how Cigna determines the Maximum Reimbursable Charge is available upon request.

HC-DFS1631 01-22

Medicaid

The term Medicaid means a state program of medical aid for needy persons established under Title XIX of the Social Security Act of 1965 as amended.

HC-DFS16 04-10
V1

Medical Pharmaceutical

An FDA-approved prescription pharmaceutical product, including a Specialty Prescription Drug Product, typically required to be administered in connection with a covered service by a Physician or Other Health Professional within the scope of the provider's license. This definition includes certain pharmaceutical products whose administration may initially or typically require Physician or Other Health Professional oversight but may be self-administered under certain conditions specified in the product's FDA labeling.

HC-DFS1632 01-22

Medically Necessary/Medical Necessity

Health care services, supplies and medications provided for the purpose of preventing, evaluating, diagnosing or treating a Sickness, Injury, condition, disease or its symptoms, that are all of the following as determined by a Medical Director or Review Organization:

- required to diagnose or treat an illness, Injury, disease or its symptoms;
- in accordance with generally accepted standards of medical practice;
- clinically appropriate in terms of type, frequency, extent, site and duration;
- not primarily for the convenience of the patient, Physician or Other Health Professional;
- not more costly than an alternative service(s), medication(s) or supply(ies) that is at least as likely to produce equivalent therapeutic or diagnostic results with the same safety profile as to the prevention, evaluation, diagnosis or treatment of your Sickness, Injury, condition, disease or its symptoms; and
- rendered in the least intensive setting that is appropriate for the delivery of the services, supplies or medications. Where applicable, the Medical Director or Review Organization may compare the cost-effectiveness of alternative services, supplies, medications or settings when determining least intensive setting.

In determining whether health care services, supplies, or medications are Medically Necessary, the Medical Director or Review Organization may rely on the clinical coverage policies maintained by Cigna or the Review Organization. Clinical coverage policies may incorporate, without limitation and as applicable, criteria relating to U.S. Food and Drug Administration-approved labeling, the standard medical reference compendia and peer-reviewed, evidence-based scientific literature or guidelines.

HC-DFS1486 01-21

Medicare

The term Medicare means the program of medical care benefits provided under Title XVIII of the Social Security Act of 1965 as amended.

HC-DFS17 04-10
V1

Necessary Services and Supplies

The term Necessary Services and Supplies includes any charges, except charges for Room and Board, made by a Hospital for medical services and supplies actually used during Hospital Confinement.

The term Necessary Services and Supplies will not include any charges for special nursing fees, dental fees or medical fees.

HC-DFS1488 01-21

Network Pharmacy

A retail or home delivery Pharmacy that has:

- entered into an agreement with Cigna or an entity contracting on Cigna's behalf to provide Prescription Drug Products to plan enrollees.
- agreed to accept specified reimbursement rates for dispensing Prescription Drug Products.
- been designated as a Network Pharmacy for the purposes of coverage under your Employer’s plan.

This term may also include, as applicable, an entity that has directly or indirectly contracted with Cigna to arrange for the provision of any Prescription Drug Products the charges for which are Covered Expenses.

HC-DFS1198 01-19

New Prescription Drug Product

A Prescription Drug Product, or new use or dosage form of a previously FDA-approved Prescription Drug Product, for the period of time starting on the date the Prescription Drug Product or newly-approved use or dosage form becomes available on the market following approval by the U.S. Food and Drug Administration (FDA) and ending on the date Cigna makes a Prescription Drug List coverage status decision.

HC-DFS1498 07-20

Nurse

The term Nurse means a Registered Graduate Nurse, a Licensed Practical Nurse or a Licensed Vocational Nurse who has the right to use the abbreviation "R.N.," "L.P.N." or "L.V.N."

HC-DFS22 04-10
V1

Other Health Care Facility

The term Other Health Care Facility means a facility other than a Hospital or Hospice Facility. Examples of Other Health Care Facilities include, but are not limited to, licensed skilled nursing facilities, rehabilitation Hospitals and subacute facilities.

HC-DFS1489 01-21

Other Health Professional

The term Other Health Professional means an individual other than a Physician who is licensed or otherwise authorized under the applicable state law to deliver medical services and supplies. Other Health Professionals include, but are not limited to physical therapists, registered nurses and licensed practical nurses. Other Health Professionals do not include providers such as Certified First Assistants, Certified Operating Room Technicians, Certified Surgical Assistants/Technicians, Licensed Certified Surgical Assistants/Technicians, Licensed Surgical Assistants, Orthopedic Physician Assistants and Surgical First Assistants.

HC-DFS1490 01-21

Participating Provider

The term Participating Provider means a person or entity that has a direct or indirect contractual arrangement with Cigna to provide covered services and/or supplies, the Charges for which are Covered Expenses. It includes an entity that has directly or indirectly contracted with Cigna to arrange, through contracts with providers of services and/or supplies, for the provision of any services and/or supplies, the Charges for which are Covered Expenses.

HC-DFS1194 01-19

Patient Protection and Affordable Care Act of 2010 ("PPACA")

Patient Protection and Affordable Care Act of 2010 means the Patient Protection and Affordable Care Act of 2010 (Public Law 111-148) as amended by the Health Care and Education Reconciliation Act of 2010 (Public Law 111-152).

HC-DFS412 01-11

Pharmacy

A duly licensed Pharmacy that dispenses Prescription Drug Products in a retail setting or via home delivery. A home delivery Pharmacy is a Pharmacy that primarily provides Prescription Drug Products through mail order.

HC-DFS851 10-16

Pharmacy & Therapeutics (P&T) Committee

A committee comprised of physicians and an independent pharmacist that represent a range of clinical specialties. The committee regularly reviews Medical Pharmaceuticals or Prescription Drug Products, including New Prescription Drug Products, for safety and efficacy, the findings of which clinical reviews inform coverage determinations made by the Business Decision Team. The P&T Committee's review may be based on consideration of, without limitation, U.S. Food and Drug Administration-approved labeling, standard medical reference compendia, or scientific studies published in peer-reviewed English-language bio-medical journals.

HC-DFS1495 07-20

Physician

The term Physician means a licensed medical practitioner who is practicing within the scope of his license and who is licensed to prescribe and administer drugs or to perform surgery. It will also include any other licensed medical practitioner whose services are required to be covered by law in the locality where the policy is issued if he is:

- operating within the scope of his license; and
- performing a service for which benefits are provided under this plan when performed by a Physician.

HC-DFS25 04-10
V1

Prescription Drug Charge

The Prescription Drug Charge is the amount that, prior to application of the plan's cost-share requirement(s), the plan sponsor is obligated to pay for a covered Prescription Drug Product dispensed at a Network Pharmacy, including any applicable dispensing fee and tax.

HC-DFS1320 01-19
V1

Prescription Drug List

A list that categorizes drugs, Biologics (including Biosimilars) or other products covered under the plan's Prescription Drug benefits that have been approved by the U.S. Food and Drug Administration (FDA) into coverage tiers. This list is adopted by your Employer as part of the plan. The list is subject to periodic review and change, and is subject to the limitations and exclusions of the plan. You may determine to which tier a particular Prescription Drug Product has been assigned through the website shown on your ID card or by calling customer service at the telephone number on your ID card.

HC-DFS1496 07-20

Prescription Drug Product

A drug, Biologic (including a Biosimilar), or other product that has been approved by the U.S. Food and Drug Administration (FDA), certain products approved under the Drug Efficacy Study Implementation review, or products marketed prior to 1938 and not subject to review and that can, under federal or state law, be dispensed only pursuant to a Prescription Order or Refill. For the purpose of benefits under the plan, this definition may also include products in the following categories if specifically identified in the Prescription Drug List:

- Certain durable products and supplies that support drug therapy;
- Certain diagnostic testing and screening services that support drug therapy;
- Certain medication consultation and other medication administration services that support drug therapy; and
- Certain digital products, applications, electronic devices, software and cloud based service solutions used to predict, detect and monitor health conditions in support of drug therapy.

HC-DFS1633 01-22

Prescription Order or Refill

The lawful directive to dispense a Prescription Drug Product issued by a Physician whose scope of practice permits issuing such a directive.

HC-DFS856 10-16

PPACA Preventive Medication

The Prescription Drug Products or other medications (including over-the-counter medications) designated as payable by the plan at 100% of the cost (without application of any Deductible, Copayment or Coinsurance) as required by applicable law under any of the following:

- Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force.
- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration.
- With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

A written prescription is required to process a claim for a PPACA Preventive Medication. You may determine whether a drug is a PPACA Preventive Medication through the internet website shown on your ID card or by calling member services at the telephone number on your ID card.

HC-DFS1513 10-20

Preventive Treatment

The term Preventive Treatment means treatment rendered to prevent disease or its recurrence.

HC-DFS57 04-10
V1

Primary Care Physician

The term Primary Care Physician means a Physician who qualifies as a Participating Provider in general practice, internal medicine, family practice OB/GYN or pediatrics; and who has been voluntarily selected by you and is contracted as a Primary Care Physician with, as authorized by Cigna, to provide or arrange for medical care for you or any of your insured Dependents.

HC-DFS40 04-10
V1

Psychologist

The term Psychologist means a person who is licensed or certified as a clinical psychologist. Where no licensure or

certification exists, the term Psychologist means a person who is considered qualified as a clinical psychologist by a recognized psychological association. It will also include any other licensed counseling practitioner whose services are required to be covered by law in the locality where the policy is issued if he is operating within the scope of his license and performing a service for which benefits are provided under this plan when performed by a Psychologist.

HC-DFS26 04-10
V1

Review Organization

The term Review Organization refers to an affiliate of Cigna or another entity to which Cigna has delegated responsibility for performing utilization review services. The Review Organization is an organization with a staff of clinicians which may include Physicians, Registered Graduate Nurses, licensed mental health and substance use disorder professionals, and other trained staff members who perform utilization review services.

HC-DFS808 12-15

Room and Board

The term Room and Board includes all charges made by a Hospital for room and meals and for all general services and activities needed for the care of registered bed patients.

HC-DFS1481 01-21

Sickness – For Medical Insurance

The term Sickness means a physical or mental illness. It also includes pregnancy. Expenses incurred for routine Hospital and pediatric care of a newborn child prior to discharge from the Hospital nursery will be considered to be incurred as a result of Sickness.

HC-DFS50 04-10
V1

Skilled Nursing Facility

The term Skilled Nursing Facility means a licensed institution (other than a Hospital, as defined) which specializes in:

- physical rehabilitation on an inpatient basis; or
- skilled nursing and medical care on an inpatient basis;

but only if that institution: maintains on the premises all facilities necessary for medical treatment; provides such treatment, for compensation, under the supervision of Physicians; and provides Nurses' services.

HC-DFS31 04-10
V1

Specialist

The term Specialist means a Physician who provides specialized services, and is not engaged in general practice, family practice, internal medicine, obstetrics/gynecology or pediatrics.

HC-DFS33 04-10
V1

Specialty Prescription Drug Product

A Prescription Drug Product or Medical Pharmaceutical considered by Cigna to be a Specialty Prescription Drug Product based on consideration of the following factors, subject to applicable law: whether the Prescription Drug Product or Medical Pharmaceutical is prescribed and used for the treatment of a complex, chronic or rare condition; whether the Prescription Drug Product or Medical Pharmaceutical has a high acquisition cost; and, whether the Prescription Drug Product or Medical Pharmaceutical is subject to limited or restricted distribution, requires special handling and/or requires enhanced patient education, provider coordination or clinical oversight. A Specialty Prescription Drug Product may not possess all or most of the foregoing characteristics, and the presence of any one such characteristic does not guarantee that a Prescription Drug Product or Medical Pharmaceutical will be considered a Specialty Prescription Drug Product. Specialty Prescription Drug Products may vary by plan benefit assignment based on factors such as method or site of clinical administration, or by tier assignment or utilization management requirements based on factors such as acquisition cost. You may determine whether a medication is a Specialty Prescription Drug Product through the website shown on your ID card or by calling member services at the telephone number on your ID card.

HC-DFS858 10-16

Stabilize

Stabilize means, with respect to an emergency medical condition, to provide such medical treatment of the condition as may be necessary to assure, within reasonable medical

probability that no material deterioration of the condition is likely to result from or occur during the transfer of the individual from a facility.

HC-DFS413 01-11

Terminal Illness

A Terminal Illness will be considered to exist if a person becomes terminally ill with a prognosis of six months or less to live, as diagnosed by a Physician.

HC-DFS54 04-10
V1

Therapeutic Alternative

A Prescription Drug Product or Medical Pharmaceutical that is of the same therapeutic or pharmacological class, and usually can be expected to have similar outcomes and adverse reaction profiles when administered in therapeutically equivalent doses as, another Prescription Drug Product, Medical Pharmaceutical or over-the-counter medication.

HC-DFS859 10-16

Therapeutic Equivalent

A Prescription Drug Product or Medical Pharmaceutical that is a pharmaceutical equivalent to another Prescription Drug Product, Medical Pharmaceutical or over-the-counter medication.

HC-DFS860 10-16

Urgent Care

Urgent Care is medical, surgical, Hospital or related health care services and testing which are not Emergency Services, but which are determined by Cigna, in accordance with generally accepted medical standards, to have been necessary to treat a condition requiring prompt medical attention. This does not include care that could have been foreseen before leaving the immediate area where you ordinarily receive and/or were scheduled to receive services. Such care includes, but is not limited to, dialysis, scheduled medical treatments or therapy, or care received after a Physician's recommendation that the insured should not travel due to any medical condition.

HC-DFS34 04-10
V1

Usual and Customary (U&C) Charge

The usual fee that a Pharmacy charges individuals for a Prescription Drug Product (and any services related to the dispensing thereof) without reference to reimbursement to the Pharmacy by third parties. The Usual and Customary (U&C) Charge includes a dispensing fee and any applicable sales tax.

Important Information

THIS IS NOT AN INSURED BENEFIT PLAN. THE BENEFITS DESCRIBED IN THIS BOOKLET OR ANY RIDER ATTACHED HERETO ARE SELF-INSURED BY CITY OF FORT LAUDERDALE WHICH IS RESPONSIBLE FOR THEIR PAYMENT. CIGNA HEALTH AND LIFE INSURANCE COMPANY (CIGNA) PROVIDES CLAIM ADMINISTRATION SERVICES TO THE PLAN, BUT CIGNA DOES NOT INSURE THE BENEFITS DESCRIBED.

THIS DOCUMENT MAY USE WORDS THAT DESCRIBE A PLAN INSURED BY CIGNA. BECAUSE THE PLAN IS NOT INSURED BY CIGNA, ALL REFERENCES TO INSURANCE SHALL BE READ TO INDICATE THAT THE PLAN IS SELF-INSURED. FOR EXAMPLE, REFERENCES TO "CIGNA," "INSURANCE COMPANY," AND "POLICYHOLDER" SHALL BE DEEMED TO MEAN YOUR "EMPLOYER" AND "POLICY" TO MEAN "PLAN" AND "INSURED" TO MEAN "COVERED" AND "INSURANCE" SHALL BE DEEMED TO MEAN "COVERAGE."

HC-NOT89

Explanation of Terms

You will find terms starting with capital letters throughout your certificate. To help you understand your benefits, most of these terms are defined in the Definitions section of your certificate.

The Schedule

The Schedule is a brief outline of your maximum benefits which may be payable under your insurance. For a full description of each benefit, refer to the appropriate section listed in the Table of Contents.

Special Plan Provisions

Participating Providers include Physicians, Hospitals and Other Health Professionals and Other Health Care Facilities. Consult your Physician Guide for a list of Participating Providers in your area. Participating Providers are committed to providing you and your Dependents appropriate care while lowering medical costs.

Services Available in Conjunction With Your Medical Plan

The following pages describe helpful services available in conjunction with your medical plan. You can access these services by calling the toll-free number shown on the back of your ID card.

HC-SPP70 01-21

Case Management

Case Management is a service provided through a Review Organization, which assists individuals with treatment needs that extend beyond the acute care setting. The goal of Case Management is to ensure that patients receive appropriate care in the most effective setting possible whether at home, as an outpatient, or an inpatient in a Hospital or specialized facility. Should the need for Case Management arise, a Case Management professional will work closely with the patient, his or her family and the attending Physician to determine appropriate treatment options which will best meet the patient's needs and keep costs manageable. The Case Manager will help coordinate the treatment program and arrange for necessary resources. Case Managers are also available to answer questions and provide ongoing support for the family in times of medical crisis.

Case Managers are Registered Nurses (RNs) and other credentialed health care professionals, each trained in a clinical specialty area such as trauma, high risk pregnancy and neonates, oncology, mental health, rehabilitation or general medicine and surgery. A Case Manager trained in the appropriate clinical specialty area will be assigned to you or your dependent. In addition, Case Managers are supported by a panel of Physician advisors who offer guidance on up-to-date treatment programs and medical technology. While the Case Manager recommends alternate treatment programs and helps coordinate needed resources, the patient's attending Physician remains responsible for the actual medical care.

- You, your dependent or an attending Physician can request Case Management services by calling the **toll-free number** shown on your ID card during normal business hours, Monday through Friday. In addition, your employer, a claim office or a utilization review program (see the PAC/CSR section of your certificate) may refer an individual for Case Management.
- The Review Organization assesses each case to determine whether Case Management is appropriate.
- You or your Dependent is contacted by an assigned Case Manager who explains in detail how the program works. Participation in the program is voluntary - no penalty or benefit reduction is imposed if you do not wish to participate in Case Management.
- Following an initial assessment, the Case Manager works with you, your family and Physician to determine the needs of the patient and to identify what alternate treatment programs are available (for example, in-home medical care in lieu of an extended Hospital convalescence). You are not penalized if the alternate treatment program is not followed.
- The Case Manager arranges for alternate treatment services and supplies, as needed (for example, nursing services or a Hospital bed and other Durable Medical Equipment for the home).
- The Case Manager also acts as a liaison between the insurer, the patient, his or her family and Physician as needed (for example, by helping you to understand a complex medical diagnosis or treatment plan).
- Once the alternate treatment program is in place, the Case Manager continues to manage the case to ensure the treatment program remains appropriate to the patient's needs.

While participation in Case Management is strictly voluntary, Case Management professionals can offer quality, cost-effective treatment alternatives, as well as provide assistance in obtaining needed medical resources and ongoing family support in a time of need.

HC-SPP2 04-10
V1

Additional Programs

We may, from time to time, offer or arrange for various entities to offer discounts, benefits, or other consideration to our members for the purpose of promoting the general health and well being of our members. We may also arrange for the reimbursement of all or a portion of the cost of services provided by other parties to the Policyholder. Contact us for details regarding any such arrangements.

HC-SPP3 04-10
V1

Care Management and Care Coordination Services

Your plan may enter into specific collaborative arrangements with health care professionals committed to improving quality care, patient satisfaction and affordability. Through these collaborative arrangements, health care professionals commit to proactively providing participants with certain care management and care coordination services to facilitate achievement of these goals. Reimbursement is provided at 100% for these services when rendered by designated health care professionals in these collaborative arrangements.

HC-SPP27 06-15
V1

Important Notices

Direct Access to Obstetricians and Gynecologists

You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

Selection of a Primary Care Provider

This plan generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

For children, you may designate a pediatrician as the primary care provider.

HC-NOT5 01-11

Important Information

Rebates and Other Payments

Cigna or its affiliates may receive rebates or other remuneration from pharmaceutical manufacturers in connection with certain Medical Pharmaceuticals covered under your plan and Prescription Drug Products included on the Prescription Drug List. These rebates or remuneration are not obtained on you or your Employer's or plan's behalf or for your benefit. Cigna, its affiliates and the plan are not obligated to pass these rebates on to you, or apply them to your plan's Deductible if any or take them into account in determining your Copayments and/or Coinsurance.

Cigna and its affiliates or designees, conduct business with various pharmaceutical manufacturers separate and apart from this plan's Medical Pharmaceutical and Prescription Drug Product benefits. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this plan. Cigna and its affiliates are not required to pass on to you, and do not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, Cigna or its designee may send mailings to you or your Dependents or to your Physician that communicate a variety of messages, including information about Medical Pharmaceuticals and Prescription Drug Products. These mailings may contain coupons or offers from pharmaceutical manufacturers that enable you or your Dependents, at your discretion, to purchase the described Medical Pharmaceutical and Prescription Drug Product at a discount or to obtain it at no charge. Pharmaceutical manufacturers may pay for and/or provide the content for these mailings. Cigna, its affiliates and the plan are not responsible in any way for any decision you make in connection with any coupon, incentive, or other offer you may receive from a pharmaceutical manufacturer or Physician.

SaveOnSP Specialty Program

As a participant in the plan, you may opt to enroll in the SaveOnSP program, in which certain pharmaceutical manufacturers may provide assistance for certain costs associated with specific Specialty Prescription Drug Products that are used to treat various conditions, such as: hepatitis C, multiple sclerosis, psoriasis, inflammatory bowel disease,

rheumatoid arthritis, oncology and various others (specific drugs and manufacturer programs may vary from time to time).

If you have enrolled and are receiving medications under this program, manufacturer assistance will reduce or eliminate your Out-of-Pocket cost.

If you choose not to sign up with SaveOnSP, your prescription drug cost-share (the amount you pay) for the medications listed, will be as indicated at the link below, which may be amended from time to time. The Specialty Prescription Drug Products included in this program are considered non-Essential Health Benefits as set forth in the Patient Protection and Affordable Care Act of 2010 (PPACA) and any amount you pay will not count towards your Deductible or Out-of-Pocket Maximums, if any.

To determine if your medication qualifies for the SaveOnSP program, you can go to www.saveonsp.com/Cigna or contact SaveOnSP at 800-683-1074.

HC-IMP304 01-22

Discrimination is Against the Law

Cigna complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability or sex. Cigna does not exclude people or treat them differently because of race, color, national origin, age, disability or sex.

Cigna:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as
  - Qualified interpreters
  - Information written in other languages

If you need these services, contact customer service at the toll-free phone number shown on your ID card, and ask a Customer Service Associate for assistance.

If you believe that Cigna has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability or sex, you can file a grievance by sending an email to ACAGrievance@cigna.com or by writing to the following address:

Cigna
Nondiscrimination Complaint Coordinator
P.O. Box 188016
Chattanooga, TN 37422

If you need assistance filing a written grievance, please call the number on the back of your ID card or send an email to ACAGrievance@cigna.com. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at: https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, or by mail or phone at:

U.S. Department of Health and Human Services
200 Independence Avenue, SW
Room 509F, HHH Building
Washington, D.C. 20201
1-800-368-1019, 800-537-7697 (TDD)

Complaint forms are available at http://www.hhs.gov/ocr/office/file/index.html.

HC-NOT96 07-17

Proficiency of Language Assistance Services

English – ATTENTION: Language assistance services, free of charge, are available to you. For current Cigna customers, call the number on the back of your ID card. Otherwise, call 1.800.244.6224 (TTY: Dial 711).

Spanish – ATENCIÓN: Hay servicios de asistencia de idiomas, sin cargo, a su disposición. Si es un cliente actual de Cigna, llame al número que figura en el reverso de su tarjeta de identificación. Si no lo es, llame al 1.800.244.6224 (los usuarios de TTY deben llamar al 711).

Chinese – 注意：我們可為您免費提供語言協助服務。對於 Cigna 的現有客戶，請致電您的 ID 卡背面的號碼。其他客戶請致電 1.800.244.6224（聽障專線：請撥 711）。

Vietnamese – XIN LƯU Ý: Quý vị được cấp dịch vụ trợ giúp về ngôn ngữ miễn phí. Dành cho khách hàng hiện tại của Cigna, vui lòng gọi số ở mặt sau thẻ Hội viên. Các trường hợp khác xin gọi số 1.800.244.6224 (TTY: Quay số 711).

Korean – 주의: 한국어를 사용하시는 경우, 언어 지원 서비스를 무료로 이용하실 수 있습니다. 현재 Cigna 가입자님들께서는 ID 카드 뒷면에 있는 전화번호로

연락해주십시오. 기타 다른 경우에는 1.800.244.6224 (TTY: 다이얼 711)번으로 전화해주십시오.

German – ACHTUNG: Die Leistungen der Sprachunterstützung stehen Ihnen kostenlos zur Verfügung. Wenn Sie gegenwärtiger Cigna-Kunde sind, rufen Sie bitte die Nummer auf der Rückseite Ihrer Krankenversicherungskarte an. Andernfalls rufen Sie 1.800.244.6224 an (TTY: Wählen Sie 711).

Persian (Farsi) – توجه: خدمات کمک زبانی، به صورت رایگان به شما ارائه می‌شود. برای مشتریان فعلی Cigna، لطفاً با شماره‌ای که در پشت کارت شناسایی شماست تماس بگیرید. در غیر اینصورت با شماره 1.800.244.6224 تماس بگیرید (شماره تلفن ویژه ناشنوایان: شماره 711 را شمارگیری کنید).

HC-NOT97 07-17

Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA) - Non-Quantitative Treatment Limitations (NQTLs)

Federal MHPAEA regulations provide that a plan cannot impose a Non-Quantitative Treatment Limitation (NQTL) on mental health or substance use disorder (MH/SUD) benefits in any classification unless the processes, strategies, evidentiary standards, or other factors used in applying the NQTL to MH/SUD benefits are comparable to, and are applied no more stringently than, those used in applying the NQTL to medical/surgical benefits in the same classification of benefits as written and in operation under the terms of the plan.

Non-Quantitative Treatment Limitations (NQTLs) include:

- Medical management standards limiting or excluding benefits based on Medical Necessity or whether the treatment is experimental or investigative;
- Prescription drug formulary design;
- Network admission standards;
- Methods for determining in-network and out-of-network provider reimbursement rates;
- Step therapy a/k/a fail-first requirements; and
- Exclusions and/or restrictions based on geographic location, facility type or provider specialty.

A description of your plan's NQTL methodologies and processes applied to medical/surgical benefits and MH/SUD benefits is available for review by Plan Administrators (e.g. employers) and covered persons by accessing the appropriate link below:

Employers (Plan Administrators): https://cignaaccess.cigna.com/secure/app/ca/centralRepo - Log in, select Resources and Training, then select the NQTL document.

Covered Persons: www.cigna.com\sp

To determine which document applies to your plan, select the relevant health plan product; medical management model (inpatient only or inpatient and outpatient) which can be located in this booklet immediately following The Schedule; and pharmacy coverage (whether or not your plan includes pharmacy coverage).

HC-NOT113 01-20

How To File Your Claim

If your plan provides coverage when care is received only from In-Network providers, you may still have Out-of-Network claims (for example, when Emergency Services are received from an Out-of-Network provider) and should follow the claim submission instructions for those claims. Claims can be submitted by the provider if the provider is able and willing to file on your behalf. If the provider is not submitting on your behalf, you must send your completed claim form and itemized bills to the claims address listed on the claim form.

You may get the required claim forms from the website listed on your identification card or by using the toll-free number on your identification card.

CLAIM REMINDERS

- BE SURE TO USE YOUR MEMBER ID AND ACCOUNT/GROUP NUMBER WHEN YOU FILE CIGNA'S CLAIM FORMS, OR WHEN YOU CALL YOUR CIGNA CLAIM OFFICE.

  YOUR MEMBER ID IS THE ID SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.

  YOUR ACCOUNT/GROUP NUMBER IS SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.
- BE SURE TO FOLLOW THE INSTRUCTIONS LISTED ON THE BACK OF THE CLAIM FORM CAREFULLY WHEN SUBMITTING A CLAIM TO CIGNA.

Timely Filing of Out-of-Network Claims

Cigna will consider claims for coverage under our plans when proof of loss (a claim) is submitted within 180 days for Out-of-Network benefits after services are rendered. If services are rendered on consecutive days, such as for a Hospital Confinement, the limit will be counted from the last date of service. If claims are not submitted within 180 days for Out-of-Network benefits, the claim will not be considered valid and will be denied.

WARNING: Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance or statement of claim containing any materially false information; or conceals for the purpose of misleading, information concerning any material fact thereto, commits a fraudulent insurance act.

HC-CLM25 01-11
V11

Eligibility - Effective Date

Employee Insurance

This plan is offered to you as an Employee.

Eligibility for Employee Insurance

You will become eligible for insurance on the day you complete the waiting period if:

- you are in a Class of Eligible Employees; and
- you are an eligible, regular/full-time Employee who normally works at least 32 hours a week; or
- you are an eligible, variable hour Employee who normally works an average of 30 hours per week during the City's Measurement period as required by the Affordable Care Act; and
- you pay any required contribution.

If you were previously insured and your insurance ceased, you must satisfy the Waiting Period to become insured again. If your insurance ceased because you were no longer employed in a Class of Eligible Employees, you are not required to satisfy any waiting period if you again become a member of a Class of Eligible Employees within one year after your insurance ceased.

Eligibility for Dependent Insurance

You will become eligible for Dependent Insurance on the later of:

- the day you become eligible for yourself; or
- the day you acquire your first Dependent.

Waiting Period

The first day of the month following 30 days from date of hire or promotion to a benefit eligible position.

Classes of Eligible Employees

Each Employee as reported to the insurance company by your Employer.

Effective Date of Employee Insurance

You will become insured effective the first day of the month following or coincident to receipt of enrollment requirements by signing (or electronically) an approved payroll deduction or

enrollment form, as applicable, but no earlier than the date you become eligible.

Late Entrant - Employee

You are a Late Entrant if:

- you elect the insurance more than 30 days after you become eligible; or
- you again elect it after you cancel your payroll deduction (if required).

Dependent Insurance

For your Dependents to be insured, you will have to pay the required contribution, if any, toward the cost of Dependent Insurance.

Effective Date of Dependent Insurance

Your dependents will become insured effective the first day of the month following or coincident to receipt of enrollment requirements by signing (or electronically) an approved payroll deduction or enrollment form, as applicable, along with furnishing proof of dependency, but no earlier than the date you become eligible.

Late Entrant – Dependent

You are a Late Entrant for Dependent Insurance if:

- you elect that insurance more than 30 days after you become eligible for it; or
- you again elect it after you cancel your payroll deduction (if required).

Exception for Newborns

Any Dependent child born while you are insured will become insured on the date of baby's birth if you elect Dependent Insurance no later than 31 days after baby's birth. If you do not elect to insure your newborn child within such 31 days, coverage for that child will end on the 31st day. No benefits for expenses incurred beyond the 31st day will be payable.

If notice is given within 60 days of the birth of the child, the insurer may not deny coverage for a child due to the failure of the insured to timely notify the insurer of the birth of the child.

HC-ELG274 M 01-19

Important Information About Your Medical Plan

Details of your medical benefits are described on the following pages.

Opportunity to Select a Primary Care Physician

Choice of Primary Care Physician:

This medical plan does not require that you select a Primary Care Physician or obtain a referral from a Primary Care Physician in order to receive all benefits available to you under this medical plan. Notwithstanding, a Primary Care Physician may serve an important role in meeting your health care needs by providing or arranging for medical care for you and your Dependents. For this reason, we encourage the use of Primary Care Physicians and provide you with the opportunity to select a Primary Care Physician from a list provided by Cigna for yourself and your Dependents. If you choose to select a Primary Care Physician, the Primary Care Physician you select for yourself may be different from the Primary Care Physician you select for each of your Dependents.

Changing Primary Care Physicians:

You may request a transfer from one Primary Care Physician to another by contacting us at the member services number on your ID card. Any such transfer will be effective on the first day of the month following the month in which the processing of the change request is completed.

In addition, if at any time a Primary Care Physician ceases to be a Participating Provider, you or your Dependent will be notified for the purpose of selecting a new Primary Care Physician.

HC-IMP212 01-18

Open Access Plus In-Network Medical Benefits The Schedule
For You and Your Dependents
Open Access Plus In-Network Medical Benefits provide coverage for care In-Network. To receive Open Access Plus In-Network Medical Benefits, you and your Dependents may be required to pay a portion of the Covered Expenses for services and supplies. That portion is the Copayment, Deductible or Coinsurance.
When you receive services from an In-Network Provider, remind your provider to utilize In-Network Providers for x-rays, lab tests and other services to ensure the cost may be considered at the In-Network level.
If you are unable to locate an In-Network Provider in your area who can provide you with a service or supply that is covered under this plan, you must call the number on the back of your I.D. card to obtain authorization for Out-of-Network Provider coverage. If you obtain authorization for services provided by an Out-of-Network Provider, benefits for those services will be covered at the In-Network benefit level.
Coinsurance The term Coinsurance means the percentage of Covered Expenses that an insured person is required to pay under the plan in addition to the Deductible, if any.
Copayments/Deductibles Copayments are amounts to be paid by you or your Dependent for covered services. Deductibles are Covered Expenses to be paid by you or your Dependent before benefits are payable under this plan. Deductible amounts are separate from and not reduced by Copayments. Copayments and Deductibles are in addition to any Coinsurance. Once the Deductible maximum in The Schedule has been reached, you and your family need not satisfy any further medical deductible for the rest of that year.
Out-of-Pocket Expenses Out-of-Pocket Expenses are Covered Expenses incurred for charges that are not paid by the benefit plan because of any Deductibles, Copayments or Coinsurance. Such Covered Expenses accumulate to the Out-of-Pocket Maximum shown in The Schedule. When the Out-of-Pocket Maximum is reached, all Covered Expenses, except charges for non-compliance penalties, are payable by the benefit plan at 100%.

Open Access Plus In-Network Medical Benefits

The Schedule

Multiple Surgical Reduction

Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.

Assistant Surgeon and Co-Surgeon Charges

Assistant Surgeon

The maximum amount payable will be limited to charges made by an assistant surgeon that do not exceed a percentage of the surgeon's allowable charge as specified in Cigna Reimbursement Policies. (For purposes of this limitation, allowable charge means the amount payable to the surgeon prior to any reductions due to coinsurance or deductible amounts.)

Co-Surgeon

The maximum amount payable for charges made by co-surgeons will be limited to the amount specified in Cigna Reimbursement Policies.

Out-of-Network Charges for Certain Services

Charges for services furnished by an Out-of-Network provider in an In-Network facility while you are receiving In-Network services at that In-Network facility: (i) are payable at the In-Network cost-sharing level; and (ii) the allowable amount used to determine the Plan's benefit payment is the amount agreed to by the Out-of-Network provider and Cigna, or as required by applicable state or Federal law.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

Out-of-Network Emergency Services Charges

1. Emergency Services are covered at the In-Network cost-sharing level if services are received from a non-Participating (Out-of-Network) provider.

2. The allowable amount used to determine the Plan's benefit payment for covered Emergency Services rendered in an Out-of-Network Hospital, or by an Out-of-Network provider in an In-Network Hospital, is the amount agreed to by the Out-of-Network provider and Cigna, or as required by applicable state or Federal law.

3. The allowable amount used to determine the Plan’s benefit payment when Out-of-Network Emergency Services result in an inpatient admission is the median amount negotiated with In-Network facilities.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

Open Access Plus In-Network Medical Benefits

Prior Authorization/Pre-Authorized

The term Prior Authorization means the approval that a Participating Provider must receive from the Review Organization, prior to services being rendered, in order for certain services and benefits to be covered under this policy.

Services that require Prior Authorization include, but are not limited to:

- inpatient Hospital services, except for 48/96 hour maternity stays.
- inpatient services at any participating Other Health Care Facility.
- residential treatment.
- outpatient facility services.
- partial hospitalization.
- intensive outpatient programs.
- advanced radiological imaging.
- non-emergency Ambulance.
- certain Medical Pharmaceuticals.
- home health care services.
- radiation therapy.
- transplant services.

HC-PRA55 01-21

Covered Expenses

The term Covered Expenses means expenses incurred by a person while covered under this plan for the charges listed below for:

- preventive care services; and
- services or supplies that are Medically Necessary for the care and treatment of an Injury or a Sickness, as determined by Cigna.

As determined by Cigna, Covered Expenses may also include all charges made by an entity that has directly or indirectly contracted with Cigna to arrange, through contracts with providers of services and/or supplies, for the provision of any services and/or supplies listed below. **Any applicable Copayments, Deductibles or limits are shown in The Schedule.**

Covered Expenses

- charges for inpatient Room and Board and other Necessary Services and Supplies made by a Hospital, subject to the limits as shown in The Schedule.
- charges for inpatient Room and Board and other Necessary Services and Supplies made by an Other Health Care Facility, including a Skilled Nursing Facility, a Rehabilitation Hospital or a subacute facility as shown in The Schedule.
- charges for licensed Ambulance service to the nearest Hospital where the needed medical care and treatment can be provided.
- charges for outpatient medical care and treatment received at a Hospital.
- charges for outpatient medical care and treatment received at a Free-Standing Surgical Facility.
- charges for Emergency Services.
- charges for Urgent Care.
- charges by a Physician or a Psychologist for professional services.
- charges by a Nurse for professional nursing service.
- charges for anesthetics, including, but not limited to supplies and their administration.
- charges for diagnostic x-ray.
- charges for advanced radiological imaging, including for example CT Scans, MRI, MRA and PET scans and laboratory examinations, x-ray, radiation therapy and radium and radioactive isotope treatment and other therapeutic radiological procedures.
- charges for chemotherapy.
- charges for blood transfusions.
- charges for oxygen and other gases and their administration.
- charges for Medically Necessary foot care for diabetes, peripheral neuropathies, and peripheral vascular disease.
- charges for screening prostate-specific antigen (PSA) testing.
- charges for laboratory services, radiation therapy and other diagnostic and therapeutic radiological procedures.
- charges made for Family Planning, including medical history, physical exam, related laboratory tests, medical supervision in accordance with generally accepted medical practices, other medical services, information and counseling on contraception, implanted/injected contraceptives, after appropriate counseling, medical services connected with surgical therapies (tubal ligations, vasectomies).

- charges for the following preventive care services as defined by recommendations from the following:
  - the U.S. Preventive Services Task Force (A and B recommendations);
  - the Advisory Committee on Immunization Practices (ACIP) for immunizations;
  - the American Academy of Pediatrics' Periodicity Schedule of the Bright Futures Recommendations for Pediatric Preventive Health Care;
  - the Uniform Panel of the Secretary's Advisory Committee on Heritable Disorders in Newborns and Children; and
  - with respect to women, evidence-informed preventive care and screening guidelines supported by the Health Resources and Services Administration.

  Detailed information is available at www.healthcare.gov. For additional information on immunizations, visit the immunization schedule section of www.cdc.gov.
- charges for medical diagnostic services to determine the cause of erectile dysfunction. Penile implants are covered for an established medical condition that clearly is the cause of erectile dysfunction, such as postoperative prostatectomy and diabetes. Penile implants are not covered as treatment of psychogenic erectile dysfunction.
- charges for surgical and non-surgical treatment of Temporomandibular Joint Dysfunction (TMJ).
- charges for acupuncture.
- Medically Necessary orthognathic surgery to repair or correct a severe facial deformity or disfigurement.

Virtual Care

Dedicated Virtual Providers

Charges for the delivery of medical and health-related services and consultations by dedicated virtual providers as medically appropriate through audio, video, and secure internet-based technologies.

Virtual Physician Services

Charges for the delivery of medical and health-related services and consultations as medically appropriate through audio, video, and secure internet-based technologies that are similar to office visit services provided in a face-to-face setting.

Charges for behavioral consultations and services via secure telecommunications technologies that shall include video capability, including telephones and internet, when delivered through a behavioral provider.

Convenience Care Clinic

Convenience Care Clinics provide for common ailments and routine services, including but not limited to, strep throat, ear infections or pink eye, immunizations and flu shots.

Nutritional Counseling

Charges for nutritional counseling when diet is a part of the medical management of a medical or behavioral condition.

Enteral Nutrition

Enteral Nutrition means medical foods that are specially formulated for enteral feedings or oral consumption.

Coverage includes medically approved formulas prescribed by a Physician for treatment of inborn errors of metabolism (e.g., disorders of amino acid or organic acid metabolism).

Internal Prosthetic/Medical Appliances

Charges for internal prosthetic/medical appliances that provide permanent or temporary internal functional supports for non-functional body parts are covered. Medically Necessary repair, maintenance or replacement of a covered appliance is also covered.

HC-COV1122 01-22

Home Health Care Services

Charges for skilled care provided by certain health care providers during a visit to the home, when the home is determined to be a medically appropriate setting for the services. A visit is defined as a period of 2 hours or less. Home Health Care Services are subject to a maximum of 16 hours in total per day.

Home Health Care Services are covered when skilled care is required under any of the following conditions:

- the required skilled care cannot be obtained in an outpatient facility.
- confinement in a Hospital or Other Health Care Facility is not required.
- the patient's home is determined by Cigna to be the most medically appropriate place to receive specific services.

Covered services include:

- skilled nursing services provided by a Registered Nurse (RN), Licensed Practical Nurse (LPN), Licensed Vocational Nurse (LVN) and an Advanced Practice Registered Nurse (APRN).
- services provided by health care providers such as physical therapist, occupational therapist and speech therapist.
- services of a home health aide when provided in direct support of those nurses and health care providers.
- necessary consumable medical supplies and home infusion therapy administered or used by a health care provider.

Note: Physical, occupational, and other Outpatient Therapy Services provided in the home are covered under the Outpatient Therapy Services benefit shown in The Schedule.

The following are excluded from coverage:

- services provided by a person who is a member of the patient's family, even when that person is a health care provider.
- services provided by a person who normally resides in the patient's house, even when that person is a health care provider.
- non-skilled care, Custodial Services, and assistance in the activities of daily living, including but not limited to eating, bathing, dressing or other services; self-care activities; homemaker services; and services primarily for rest, domiciliary or convalescent care.

Home Health Care Services, for a patient who is dependent upon others for non-skilled care and/or Custodial Services, is provided only when there is a family member or caregiver present in the home at the time of the health care visit to provide the non-skilled care and/or Custodial Services.

HC-COV1123 01-22

Hospice Care Services

- charges for a person who has been diagnosed as having six months or fewer to live, due to Terminal Illness, for the following Hospice Care Services provided under a Hospice Care Program:
  - by a Hospice Facility for Room and Board and Services and Supplies;
  - by a Hospice Facility for services provided on an outpatient basis;
  - by a Physician for professional services;
  - by a Psychologist, social worker, family counselor or ordained minister for individual and family counseling;
  - for pain relief treatment, including drugs, medicines and medical supplies;
  - by an Other Health Care Facility for:
    - part-time or intermittent nursing care by or under the supervision of a Nurse;
    - part-time or intermittent services of an Other Health Professional;
  - charges for physical, occupational and speech therapy;
  - charges for medical supplies; drugs and medicines lawfully dispensed only on the written prescription of a Physician; and laboratory services; but only to the extent such charges would have been payable under the policy if the person had remained or been Confined in a Hospital or Hospice Facility.

The following charges for Hospice Care Services are not included as Covered Expenses:

- for the services of a person who is a member of your family or your Dependent's family or who normally resides in your house or your Dependent's house;
- for any period when you or your Dependent is not under the care of a Physician;
- for services or supplies not listed in the Hospice Care Program;
- for any curative or life-prolonging procedures;
- to the extent that any other benefits are payable for those expenses under the policy;
- for services or supplies that are primarily to aid you or your Dependent in daily living.

HC-COV980 01-21

Mental Health and Substance Use Disorder Services

Mental Health Services are services that are required to treat a disorder that impairs the behavior, emotional reaction or thought processes. In determining benefits payable, charges made for the treatment of any physiological conditions related to Mental Health will not be considered to be charges made for treatment of Mental Health.

Substance Use Disorder is defined as the psychological or physical dependence on alcohol or other mind-altering drugs that requires diagnosis, care, and treatment. In determining benefits payable, charges made for the treatment of any physiological conditions related to rehabilitation services for alcohol or drug abuse or addiction will not be considered to be charges made for treatment of Substance Use Disorder.

Inpatient Mental Health Services

Services that are provided by a Hospital while you or your Dependent is Confined in a Hospital for the treatment and evaluation of Mental Health. Inpatient Mental Health Services include Mental Health Residential Treatment Services.

Mental Health Residential Treatment Services are services provided by a Hospital for the evaluation and treatment of the psychological and social functional disturbances that are a result of subacute Mental Health conditions.

Mental Health Residential Treatment Center means an institution which specializes in the treatment of psychological and social disturbances that are the result of Mental Health conditions; provides a subacute, structured, psychotherapeutic treatment program, under the supervision of Physicians; provides 24-hour care, in which a person lives in an open setting; and is licensed in accordance with the laws of the

appropriate legally authorized agency as a residential treatment center.

A person is considered confined in a Mental Health Residential Treatment Center when she/he is a registered bed patient in a Mental Health Residential Treatment Center upon the recommendation of a Physician.

Outpatient Mental Health Services

Services of Providers who are qualified to treat Mental Health when treatment is provided on an outpatient basis, while you or your Dependent is not Confined in a Hospital, and is provided in an individual, group or Mental Health Partial Hospitalization or Intensive Outpatient Therapy Program. Covered services include, but are not limited to, outpatient treatment of conditions such as: anxiety or depression which interfere with daily functioning; emotional adjustment or concerns related to chronic conditions, such as psychosis or depression; emotional reactions associated with marital problems or divorce; child/adolescent problems of conduct or poor impulse control; affective disorders; suicidal or homicidal threats or acts; eating disorders; or acute exacerbation of chronic Mental Health conditions (crisis intervention and relapse prevention) and outpatient testing and assessment.

Mental Health Partial Hospitalization Services are rendered not less than 4 hours and not more than 12 hours in any 24-hour period by a certified/licensed Mental Health program in accordance with the laws of the appropriate legally authorized agency.

A Mental Health Intensive Outpatient Therapy Program consists of distinct levels or phases of treatment that are provided by a certified/licensed Mental Health program in accordance with the laws of the appropriate, legally authorized agency. Intensive Outpatient Therapy Programs provide a combination of individual, family and/or group therapy in a day, totaling nine or more hours in a week.

Inpatient Substance Use Disorder Rehabilitation Services

Services provided for rehabilitation, while you or your Dependent is Confined in a Hospital, when required for the diagnosis and treatment of abuse or addiction to alcohol and/or drugs. Inpatient Substance Use Disorder Services include Residential Treatment services.

Substance Use Disorder Residential Treatment Services are services provided by a Hospital for the evaluation and treatment of the psychological and social functional disturbances that are a result of subacute Substance Use Disorder conditions.

Substance Use Disorder Residential Treatment Center means an institution which specializes in the treatment of psychological and social disturbances that are the result of Substance Use Disorder; provides a subacute, structured, psychotherapeutic treatment program, under the supervision of Physicians; provides 24-hour care, in which a person lives in an open setting; and is licensed in accordance with the laws of the appropriate legally authorized agency as a residential treatment center.

A person is considered confined in a Substance Use Disorder Residential Treatment Center when she/he is a registered bed patient in a Substance Use Disorder Residential Treatment Center upon the recommendation of a Physician.

Outpatient Substance Use Disorder Rehabilitation Services

Services provided for the diagnosis and treatment of Substance Use Disorder or addiction to alcohol and/or drugs, while you or your Dependent is not Confined in a Hospital, including outpatient rehabilitation in an individual, or a Substance Use Disorder Partial Hospitalization or Intensive Outpatient Therapy Program.

Substance Use Disorder Partial Hospitalization Services are rendered no less than 4 hours and not more than 12 hours in any 24-hour period by a certified/licensed Substance Use Disorder program in accordance with the laws of the appropriate legally authorized agency.

A Substance Use Disorder Intensive Outpatient Therapy Program consists of distinct levels or phases of treatment that are provided by a certified/licensed Substance Use Disorder program in accordance with the laws of the appropriate legally authorized agency. Intensive Outpatient Therapy Programs provide a combination of individual, family and/or group therapy in a day, totaling nine, or more hours in a week.

Substance Use Disorder Detoxification Services

Detoxification and related medical ancillary services are provided when required for the diagnosis and treatment of addiction to alcohol and/or drugs. Cigna will decide, based on the Medical Necessity of each situation, whether such services will be provided in an inpatient or outpatient setting.

Exclusions

The following are specifically excluded from Mental Health and Substance Use Disorder Services:

- treatment of disorders which have been diagnosed as organic mental disorders associated with permanent dysfunction of the brain.
- developmental disorders, including but not limited to, developmental reading disorders, developmental arithmetic disorders, developmental language disorders or developmental articulation disorders.
- counseling for activities of an educational nature.
- counseling for borderline intellectual functioning.
- counseling for occupational problems.
- counseling related to consciousness raising.
- vocational or religious counseling.

- I.Q. testing.
- custodial care, including but not limited to geriatric day care.
- psychological testing on children requested by or for a school system.
- occupational/recreational therapy programs even if combined with supportive therapy for age-related cognitive decline.

HC-COV481 12-15

Durable Medical Equipment

- charges made for purchase or rental of Durable Medical Equipment that is ordered or prescribed by a Physician and provided by a vendor approved by Cigna for use outside a Hospital or Other Health Care Facility. Coverage for repair, replacement or duplicate equipment is provided only when required due to anatomical change and/or reasonable wear and tear. All maintenance and repairs that result from a person's misuse are the person's responsibility.

Durable Medical Equipment is defined as items which are designed for and able to withstand repeated use by more than one person; customarily serve a medical purpose; generally are not useful in the absence of Injury or Sickness; are appropriate for use in the home; and are not disposable. Such equipment includes, but is not limited to, crutches, hospital beds, ventilators, insulin pumps and wheel chairs.

Durable Medical Equipment items that are not covered include but are not limited to those that are listed below:

- **Bed Related Items:** bed trays, over the bed tables, bed wedges, pillows, custom bedroom equipment, mattresses, including nonpower mattresses, custom mattresses and posturepedic mattresses.
- **Bath Related Items:** bath lifts, nonportable whirlpools, bathtub rails, toilet rails, raised toilet seats, bath benches, bath stools, hand held showers, paraffin baths, bath mats, and spas.
- **Fixtures to Real Property:** ceiling lifts and wheelchair ramps.
- **Car/Van Modifications.**
- **Air Quality Items:** room humidifiers, vaporizers and air purifiers.
- **Other Equipment:** centrifuges, needleless injectors, heat lamps, heating pads, cryounits, cryotherapy machines, ultraviolet cabinets, that emit Ultraviolet A (UVA) rays sheepskin pads and boots, postural drainage board, AC/DC adaptors, scales (baby and adult), stair gliders, elevators, saunas, cervical and lumbar traction devices, exercise equipment and diathermy machines.

HC-COV1124 02-21

External Prosthetic Appliances and Devices

- charges made or ordered by a Physician for: the initial purchase and fitting of external prosthetic appliances and devices available only by prescription which are necessary for the alleviation or correction of Injury, Sickness or congenital defect.

External prosthetic appliances and devices include prostheses/prosthetic appliances and devices; orthoses and orthotic devices; braces; and splints.

Prostheses/Prosthetic Appliances and Devices

Prostheses/prosthetic appliances and devices are defined as fabricated replacements for missing body parts. Prostheses/prosthetic appliances and devices include, but are not limited to:

- limb prostheses;
- terminal devices such as hands or hooks;
- speech prostheses; and
- facial prostheses.

Orthoses and Orthotic Devices

Orthoses and orthotic devices are defined as orthopedic appliances or apparatuses used to support, align, prevent or correct deformities. Coverage is provided for custom foot orthoses and other orthoses as follows:

- Non-foot orthoses – only the following non-foot orthoses are covered:
  - rigid and semi-rigid custom fabricated orthoses;
  - semi-rigid prefabricated and flexible orthoses; and
  - rigid prefabricated orthoses including preparation, fitting and basic additions, such as bars and joints.
- Custom foot orthoses – custom foot orthoses are only covered as follows:
  - for persons with impaired peripheral sensation and/or altered peripheral circulation (e.g. diabetic neuropathy and peripheral vascular disease);
  - when the foot orthosis is an integral part of a leg brace and is necessary for the proper functioning of the brace;
  - when the foot orthosis is for use as a replacement or substitute for missing parts of the foot (e.g. amputated toes) and is necessary for the alleviation or correction of Injury, Sickness or congenital defect; and

- for persons with neurologic or neuromuscular condition (e.g. cerebral palsy, hemiplegia, spina bifida) producing spasticity, malalignment, or pathological positioning of the foot and there is reasonable expectation of improvement.

The following are specifically excluded orthoses and orthotic devices:

- prefabricated foot orthoses;
- cranial banding and/or cranial orthoses. Other similar devices are excluded except when used postoperatively for synostotic plagiocephaly. When used for this indication, the cranial orthosis will be subject to the limitations and maximums of the External Prosthetic Appliances and Devices benefit;
- orthosis shoes, shoe additions, procedures for foot orthopedic shoes, shoe modifications and transfers;
- non-foot orthoses primarily used for cosmetic rather than functional reasons; and
- non-foot orthoses primarily for improved athletic performance or sports participation.

Braces

A Brace is defined as an orthosis or orthopedic appliance that supports or holds in correct position any movable part of the body and that allows for motion of that part.

The following braces are specifically excluded: Copes scoliosis braces.

Splints

A Splint is defined as an appliance for preventing movement of a joint or for the fixation of displaced or movable parts.

Coverage for replacement of external prosthetic appliances and devices is limited to the following:

- replacement due to regular wear. Replacement for damage due to abuse or misuse by the person will not be covered.
- replacement required because anatomic change has rendered the external prosthetic appliance or device ineffective. Anatomic change includes significant weight gain or loss, atrophy and/or growth.
- replacement due to a surgical alteration or revision of the impacted site.

Coverage for replacement is limited as follows:

- no more than once every 24 months for persons 19 years of age and older.
- no more than once every 12 months for persons 18 years of age and under.

The following are specifically excluded external prosthetic appliances and devices:

- external and internal power enhancements for external prosthetic devices; or
- microprocessor controlled prostheses and orthoses; and
- myoelectric and orthoses.

HC-COV1125 01-22

Outpatient Therapy Services

Charges for the following therapy services:

Cognitive Therapy, Occupational Therapy, Osteopathic Manipulation, Physical Therapy, Pulmonary Rehabilitation, Speech Therapy

- Charges for therapy services are covered when provided as part of a program of treatment.

Cardiac Rehabilitation

- Charges for Phase II cardiac rehabilitation provided on an outpatient basis following diagnosis of a qualifying cardiac condition when Medically Necessary. Phase II is a Hospital-based outpatient program following an inpatient Hospital discharge. The Phase II program must be Physician directed with active treatment and EKG monitoring.

  Phase III and Phase IV cardiac rehabilitation is not covered. Phase III follows Phase II and is generally conducted at a recreational facility primarily to maintain the patient's status achieved through Phases I and II. Phase IV is an advancement of Phase III which includes more active participation and weight training.

Chiropractic Care Services

- Charges for diagnostic and treatment services utilized in an office setting by chiropractic Physicians. Chiropractic treatment includes the conservative management of acute neuromusculoskeletal conditions through manipulation and ancillary physiological treatment rendered to specific joints to restore motion, reduce pain, and improve function. For these services you have direct access to qualified chiropractic Physicians.

Coverage is provided when Medically Necessary in the most medically appropriate setting to:

- Restore function (called "rehabilitative"):
  - To restore function that has been impaired or lost.
  - To reduce pain as a result of Sickness, Injury, or loss of a body part.

- Improve, adapt or attain function (sometimes called "habilitative"):
  - To improve, adapt or attain function that has been impaired or was never achieved as a result of congenital abnormality (birth defect).
  - To improve, adapt or attain function that has been impaired or was never achieved because of mental health and substance use disorder conditions. Includes conditions such as autism and intellectual disability, or mental health and substance use disorder conditions that result in a developmental delay.

Coverage is provided as part of a program of treatment when the following criteria are met:

- The individual's condition has the potential to improve or is improving in response to therapy, and maximum improvement is yet to be attained.
- There is an expectation that the anticipated improvement is attainable in a reasonable and generally predictable period of time.
- The therapy is provided by, or under the direct supervision of, a licensed health care professional acting within the scope of the license.
- The therapy is Medically Necessary and medically appropriate for the diagnosed condition.

Coverage for occupational therapy is provided only for purposes of enabling individuals to perform the activities of daily living after an Injury or Sickness.

Therapy services that are not covered include:

- sensory integration therapy.
- treatment of dyslexia.
- maintenance or preventive treatment provided to prevent recurrence or to maintain the patient's current status.
- charges for Chiropractic Care not provided in an office setting.
- vitamin therapy.

Coverage is administered according to the following:

- Multiple therapy services provided on the same day constitute one day of service for each therapy type.
- A separate Copayment applies to the services provided by each provider for each therapy type per day.

HC-COV982 01-21

Breast Reconstruction and Breast Prostheses

- charges made for reconstructive surgery following a mastectomy; benefits include: surgical services for reconstruction of the breast on which surgery was performed; surgical services for reconstruction of the non-diseased breast to produce symmetrical appearance; postoperative breast prostheses; and mastectomy bras and prosthetics, limited to the lowest cost alternative available that meets prosthetic placement needs. During all stages of mastectomy, treatment of physical complications, including lymphedema therapy, are covered.

Reconstructive Surgery

- charges made for reconstructive surgery or therapy to repair or correct a severe physical deformity or disfigurement which is accompanied by functional deficit; (other than abnormalities of the jaw or conditions related to TMJ disorder) provided that: the surgery or therapy restores or improves function; reconstruction is required as a result of Medically Necessary, non-cosmetic surgery; or the surgery or therapy is performed prior to age 19 and is required as a result of the congenital absence or agenesis (lack of formation or development) of a body part. Repeat or subsequent surgeries for the same condition are covered only when there is the probability of significant additional improvement as determined by the utilization review Physician.

HC-COV631 12-17

Transplant Services and Related Specialty Care

Charges made for human organ and tissue transplant services which include solid organ and bone marrow/stem cell procedures at designated facilities throughout the United States or its territories. This coverage is subject to the following conditions and limitations.

Transplant services include the recipient's medical, surgical and Hospital services; inpatient immunosuppressive medications; and costs for organ or bone marrow/stem cell procurement. Transplant services are covered only if they are required to perform any of the following human to human organ or tissue transplants: allogeneic bone marrow/stem cell, autologous bone marrow/stem cell, cornea, heart, heart/lung, kidney, kidney/pancreas, liver, lung, pancreas or intestine which includes small bowel-liver or multi-visceral. Implantation procedures are also covered for artificial heart, percutaneous ventricular assist device (PVAD), extracorporeal membrane oxygenation (ECMO) ventricular assist device (VAD) and intra-aortic balloon pump (IABP) are also covered.

- All transplant services and related specialty care services, other than cornea transplants, are covered when received at Cigna LifeSOURCE Transplant Network® facilities.
- Transplant services and related specialty care services received at Participating Provider facilities specifically contracted with Cigna for those transplant services and

related specialty care services, other than Cigna LifeSOURCE Transplant Network® facilities, are payable at the In-Network level.

- Transplant services and related specialty care services received at any other facility, including non-Participating Provider facilities and Participating Provider facilities not specifically contracted with Cigna for transplant services and related specialty care services, are not covered.
- Cornea transplants received at a facility that is specifically contracted with Cigna for this type of transplant are payable at the In-Network level.

Coverage for organ procurement costs are limited to costs directly related to the procurement of an organ, from a cadaver or a live donor. Organ procurement costs shall consist of hospitalization and surgery necessary for removal of an organ and transportation of a live donor (refer to Transplant and Related Specialty Care Travel Services). Compatibility testing undertaken prior to procurement is covered if Medically Necessary. Costs related to the search for, and identification of a bone marrow or stem cell donor for an allogeneic transplant are also covered.

Advanced cellular therapy, including but not limited to, immune effector cell therapies and Chimeric Antigen Receptor Therapy (CAR-T) cellular therapy, is covered when performed at a Cigna LifeSOURCE Transplant Network® facility with an approved stem cell transplant program. Advanced cellular therapy received at Participating Provider facilities specifically contracted with Cigna for advanced cellular therapy, other than Cigna LifeSOURCE Transplant Network® facilities, are payable at the In-Network level. Advanced cellular therapy received at any other facility, including non-Participating Provider facilities and Participating Provider facilities not specifically contracted with Cigna for advanced cellular therapy, are not covered.

Transplant and Related Specialty Care Travel Services

Charges made for non-taxable travel expenses incurred by you in connection with a preapproved organ/tissue transplant are covered subject to the following conditions and limitations:

- Transplant and related specialty care travel benefits are not available for cornea transplants.
- Benefits for transportation and lodging are available to the recipient of a preapproved organ/tissue transplant and/or related specialty care from a designated Cigna LifeSOURCE Transplant Network® facility.
- The term recipient is defined to include a person receiving authorized transplant related services during any of the following: evaluation, candidacy, transplant event, or post-transplant care.
- Travel expenses for the person receiving the transplant will include charges for: transportation to and from the designated Cigna LifeSOURCE Transplant Network® facility (including charges for a rental car used during a period of care at the designated Cigna LifeSOURCE Transplant Network® facility); and lodging while at, or traveling to and from, the designated Cigna LifeSOURCE Transplant Network® facility.
- In addition to your coverage for the charges associated with the items above, such charges will also be considered covered travel expenses for one companion to accompany you. The term companion includes your spouse, a member of your family, your legal guardian, or any person not related to you, but actively involved as your caregiver who is at least 18 years of age.
- The following are specifically excluded travel expenses: any expenses that if reimbursed would be taxable income, travel costs incurred due to travel within 60 miles of your home; food and meals; laundry bills; telephone bills; alcohol or tobacco products; and charges for transportation that exceed coach class rates.

These benefits for Transplant Services and Related Specialty Care, and for Transplant and Related Specialty Care Travel Services are only available when the covered person is the recipient of an organ/tissue transplant. Travel expenses for the designated live donor for a covered recipient are covered subject to the same conditions and limitations noted above. Charges for the expenses of a donor companion are not covered. No transplant and related specialty care services or travel benefits are available when the covered person is the donor for an organ/tissue transplant, the transplant recipient's plan would cover all donor costs.

HC-COV1126 01-22

Medical Pharmaceuticals

The plan covers charges made for Medical Pharmaceuticals that are administered in an Inpatient setting, Outpatient setting, Physician's office, or in a covered person's home.

Benefits under this section are provided only for Medical Pharmaceuticals which, due to their characteristics (as determined by Cigna), are required to be administered, or the administration of which must be directly supervised, by a qualified Physician or Other Health Professional. Benefits payable under this section include Medical Pharmaceuticals whose administration may initially, or typically, require Physician or Other Health Professional oversight but may be self-administered under certain conditions specified in the product's FDA labeling.

Certain Medical Pharmaceuticals are subject to prior authorization requirements or other coverage conditions. Additionally, certain Medical Pharmaceuticals are subject to

step therapy requirements. This means that in order to receive benefits for such Medical Pharmaceuticals, you are required to try a different Medical Pharmaceutical and/or Prescription Drug Product first.

Utilization management requirements or other coverage conditions are based on a number of factors, which may include clinical and economic factors. Clinical factors may include, but are not limited to, the P&T Committee's evaluations of the place in therapy, relative safety or relative efficacy of Medical Pharmaceuticals as well as whether certain supply limits or other utilization management requirements should apply. Economic factors may include, but are not limited to, the Medical Pharmaceutical's cost including, but not limited to, assessments on the cost effectiveness of the Medical Pharmaceuticals and available rebates. Regardless of its eligibility for coverage under your plan, whether a particular Prescription Drug Product is appropriate for you or any of your Dependents is a determination that is made by you (or your Dependent) and the prescribing Physician.

The coverage criteria for a Medical Pharmaceutical may change periodically for various reasons. For example, a Medical Pharmaceutical may be removed from the market, a new Medical Pharmaceutical in the same therapeutic class as a Medical Pharmaceutical may become available, or other market events may occur. Market events that may affect the coverage status of a Medical Pharmaceutical include, but are not limited to, an increase in the cost of a Medical Pharmaceutical.

HC-COV1168 01-22

Gene Therapy

Charges for gene therapy products and services directly related to their administration are covered when Medically Necessary. Gene therapy is a category of pharmaceutical products approved by the U.S. Food and Drug Administration (FDA) to treat or cure a disease by:

- replacing a disease-causing gene with a healthy copy of the gene.
- inactivating a disease-causing gene that may not be functioning properly.
- introducing a new or modified gene into the body to help treat a disease.

Each gene therapy product is specific to a particular disease and is administered in a specialized manner. Cigna determines which products are in the category of gene therapy, based in part on the nature of the treatment and how it is distributed and administered.

Coverage includes the cost of the gene therapy product; medical, surgical, and facility services directly related to administration of the gene therapy product; and professional services.

Gene therapy products and their administration are covered when prior authorized to be received at In-Network facilities specifically contracted with Cigna for the specific gene therapy service. Gene therapy products and their administration received at other facilities are not covered.

Gene Therapy Travel Services

Charges made for non-taxable travel expenses incurred by you in connection with a prior authorized gene therapy procedure are covered subject to the following conditions and limitations.

Benefits for transportation and lodging are available to you only when you are the recipient of a prior authorized gene therapy; and when the gene therapy products and services directly related to their administration are received at a participating In-Network facility specifically contracted with Cigna for the specific gene therapy service. The term recipient is defined to include a person receiving prior authorized gene therapy related services during any of the following: evaluation, candidacy, event, or post care.

Travel expenses for the person receiving the gene therapy include charges for: transportation to and from the gene therapy site (including charges for a rental car used during a period of care at the facility); and lodging while at, or traveling to and from, the site.

In addition to your coverage for the charges associated with the items above, such charges will also be considered covered travel expenses for one companion to accompany you. The term companion includes your spouse, a member of your family, your legal guardian, or any person not related to you, but actively involved as your caregiver who is at least 18 years of age.

The following are specifically excluded travel expenses: any expenses that if reimbursed would be taxable income, travel costs incurred due to travel within 60 miles of your home; food and meals; laundry bills; telephone bills; alcohol or tobacco products; and charges for transportation that exceed coach class rates.

HC-COV873 01-20

Clinical Trials

This plan covers routine patient care costs and services related to an approved clinical trial for a qualified individual. The individual must be eligible to participate according to the trial protocol and **either** of the following conditions must be met:

- the referring health care professional is a participating health care provider and has concluded that the individual's participation in such trial would be appropriate; or
- the individual provides medical and scientific information establishing that the individual's participation in the clinical trial would be appropriate.

In addition to qualifying as an individual, the clinical trial must also meet certain criteria in order for patient care costs and services to be covered.

The clinical trial must be a phase I, phase II, phase III, or phase IV clinical trial conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition that meets **any** of the following criteria:

- it is a federally funded trial. The study or investigation is approved or funded (which may include funding through in-kind contributions) by one or more of the following:
  - National Institutes of Health (NIH).
  - Centers for Disease Control and Prevention (CDC).
  - Agency for Health Care Research and Quality (AHRQ).
  - Centers for Medicare and Medicaid Services (CMS).
  - a cooperative group or center of any of the entities described above or the Department of Defense (DOD) or the Department of Veterans Affairs (VA).
  - a qualified non-governmental research entity identified in NIH guidelines for center support grants.
  - any of the following: Department of Energy, Department of Defense, Department of Veterans Affairs, if **both** of the following conditions are met:
    - the study or investigation has been reviewed and approved through a system of peer review comparable to the system of peer review of studies and investigations used by the National Institutes of Health (NIH); and
    - the study or investigation assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.
  - the study or investigation is conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration (FDA).
  - the study or investigation is a drug trial that is exempt from having such an investigational new drug application.

The plan does not cover any of the following services associated with a clinical trial:

- services that are not considered routine patient care costs and services, including the following:
  - the investigational drug, device, item, or service that is provided solely to satisfy data collection and analysis needs.
  - an item or service that is not used in the direct clinical management of the individual.
  - a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.
- an item or service provided by the research sponsors free of charge for any person enrolled in the trial.
- travel and transportation expenses, unless otherwise covered under the plan, including but not limited to the following:
  - fees for personal vehicle, rental car, taxi, medical van, ambulance, commercial airline, train.
  - mileage reimbursement for driving a personal vehicle.
  - lodging.
  - meals.
- routine patient costs obtained out-of-network when Out-of-Network benefits do not exist under the plan.

Examples of routine patient care costs and services include:

- radiological services.
- laboratory services.
- intravenous therapy.
- anesthesia services.
- Physician services.
- office services.
- Hospital services.
- Room and Board, and medical supplies that typically would be covered under the plan for an individual who is not enrolled in a clinical trial.

HC-COV1128 01-22

Prescription Drug Benefits
The Schedule

For You and Your Dependents

This plan provides Prescription Drug benefits for Prescription Drug Products provided by Pharmacies as shown in this Schedule. To receive Prescription Drug Benefits, you and your Dependents may be required to pay a Deductible, Copayment or Coinsurance requirement for Covered Expenses for Prescription Drug Products.

You and your Dependents will pay 100% of the cost of any Prescription Drug Product excluded from coverage under this plan. The amount you and your Dependent pays for any excluded Prescription Drug Product to the dispensing Pharmacy, will not count towards your Deductible, if any, or Out-of-Pocket Maximum.

Copayments (Copay)

Copayments are amounts to be paid by you or your Dependent for covered Prescription Drug Products.

BENEFIT HIGHLIGHTS	NETWORK PHARMACY	NON-NETWORK PHARMACY
Lifetime Maximum	Refer to the Medical Benefits Schedule	Refer to the Medical Benefits Schedule
Out-of-Pocket Maximum		
Individual	Refer to the Medical Benefits Schedule	Refer to the Medical Benefits Schedule
Family	Refer to the Medical Benefits Schedule	Refer to the Medical Benefits Schedule

Maintenance Drug Products

Maintenance Drug Products must be filled in an amount equal to a consecutive 90 day supply per Prescription Order or Refill at a retail Designated Pharmacy or home delivery Pharmacy, after 3 30-day supply fills at a retail Pharmacy or home delivery Pharmacy. If you do not fill your Maintenance Drug Products in a 90-day supply at a retail Designated Pharmacy or home delivery Pharmacy after the specified 30-day supply fill limit, the Plan will not cover the Maintenance Drug Product.

Certain PPACA Preventive Medications covered under this plan and required as part of preventive care services (detailed information is available at www.healthcare.gov) and certain other preventive care medications as recommended by Cigna are payable at 100% with no Copayment or Deductible, when purchased from a Network Pharmacy. A written prescription is required.

Prescription Drug Products at Retail Pharmacies	**The amount you pay for up to a consecutive 30-day supply at a Network Pharmacy**	**The amount you pay for up to a consecutive 30-day supply at a non-Network Pharmacy**

Certain Specialty Prescription Drug Products are only covered when dispensed by a home delivery Pharmacy, after 1 fill of the Specialty Prescription Drug Product at a retail Pharmacy.

Note: Narcan 4mg Nasal spray and and Evzio are covered at no charge. Oral lifestyle drugs quantity limit 6/30 days

BENEFIT HIGHLIGHTS	NETWORK PHARMACY	NON-NETWORK PHARMACY
Tier 1		
Generic Preventive Drugs on the Prescription Drug List	Non-Maintenance Drug Products: No charge	In-network coverage only
	Maintenance Drug Products: No charge for the first 3 fills, then no coverage for a 30-day supply (you would pay the full cost)	In-network coverage only
Generic Non-Preventive Drugs on the Prescription Drug List	Non-Maintenance Drug Products: No charge after $20 Copay	In-network coverage only
	Maintenance Drug Products: No charge after $20 Copay for the first 3 fills, then no coverage for a 30-day supply (you would pay the full cost)	In-network coverage only
Tier 2		
Brand Drugs designated as preferred on the Prescription Drug List	Non-Maintenance Drug Products: No charge after $40 Copay	In-network coverage only
	Maintenance Drug Products: No charge after $40 Copay for the first 3 fills, then no coverage for a 30-day supply (you would pay the full cost)	In-network coverage only
Tier 3		
Brand Drugs designated as non-preferred on the Prescription Drug List	Non-Maintenance Drug Products: No charge after $40 Copay	In-network coverage only
	Maintenance Drug Products: No charge after $40 Copay for the first 3 fills, then no coverage for a 30-day supply (you would pay the full cost)	In-network coverage only
Prescription Drug Products at Retail Designated Pharmacies	**The amount you pay for up to a consecutive 90-day supply at a Designated Pharmacy**	**The amount you pay for up to a consecutive 90-day supply at a non-Designated Pharmacy**
Certain Specialty Prescription Drug Products are only covered when dispensed by a home delivery Pharmacy, after 1 fill of the Specialty Prescription Drug Product at a retail Pharmacy.		
Specialty Prescription Drug Products are limited to up to a consecutive 30-day supply per Prescription Order or Refill.		
Note: In this context, a retail Designated Pharmacy is a retail Network Pharmacy that has contracted with Cigna for dispensing of covered Prescription Drug Products, including Maintenance Drug Products, in 90-day supplies per Prescription Order or Refill.		
Note: Narcan 4mg Nasal spray and and Evzio are covered at no charge. Oral lifestyle drugs quantity limit 6/30 days.		

BENEFIT HIGHLIGHTS	NETWORK PHARMACY	NON-NETWORK PHARMACY
Tier 1		
Generic Preventive Drugs on the Prescription Drug List	No charge	In-network coverage only
Generic Non-Preventive Drugs on the Prescription Drug List	No charge after $40 Copay	In-network coverage only
Tier 2		
Brand Drugs designated as preferred on the Prescription Drug List	No charge after $80 Copay	In-network coverage only
Tier 3		
Brand Drugs designated as non-preferred on the Prescription Drug List	No charge after $120 Copay	In-network coverage only
Prescription Drug Products at Home Delivery Pharmacies	**The amount you pay for up to a consecutive 90-day supply at a Network Pharmacy**	**The amount you pay for up to a consecutive 90-day supply at a non-Network Pharmacy**
Note: Narcan 4mg Nasal spray and and Evzio are covered at no charge. Oral lifestyle drugs quantity limit 6/30 days.		
Tier 1		
Generic Preventive Drugs on the Prescription Drug List	No charge	In-network coverage only
Generic Non-Preventive Drugs on the Prescription Drug List	No charge after $40 Copay	In-network coverage only
Tier 2		
Brand Drugs designated as preferred on the Prescription Drug List	No charge after $80 Copay	In-network coverage only
Tier 3		
Brand Drugs designated as non-preferred on the Prescription Drug List	No charge after $120 Copay	In-network coverage only

Prescription Drug Benefits

Covered Expenses

Your plan provides benefits for Prescription Drug Products dispensed by a Pharmacy. Details regarding your plan's Covered Expenses, which for the purposes of the Prescription Drug Benefit include Medically Necessary Prescription Drug Products ordered by a Physician, Limitations, and Exclusions are provided below and/or are shown in The Schedule.

If you or any one of your Dependents, while insured for Prescription Drug Benefits, incurs expenses for charges made by a Pharmacy for Medically Necessary Prescription Drug Products ordered by a Physician, your plan provides coverage for those expenses as shown in The Schedule. Your benefits may vary depending on which of the Prescription Drug List tiers the Prescription Drug Product is listed, or the Pharmacy that provides the Prescription Drug Product.

Coverage under your plan's Prescription Drug Benefits also includes Medically Necessary Prescription Drug Products dispensed pursuant to a Prescription Order or Refill issued to you or your Dependents by a licensed dentist for the prevention of infection or pain in conjunction with a dental procedure.

When you or a Dependent are issued a Prescription Order or Refill for Medically Necessary Prescription Drug Products as part of the rendering of Emergency Services and Cigna determines that it cannot reasonably be filled by a Network Pharmacy, the prescription will be covered pursuant to the, as applicable, Copayment or Coinsurance for the Prescription Drug Product when dispensed by a Network Pharmacy.

Prescription Drug List Management

Your plan's Prescription Drug List coverage tiers may contain Prescription Drug Products that are Generic Drugs, Brand Drugs or Specialty Prescription Drug Products. Determination of inclusion of a Prescription Drug Product to a certain coverage tier on the Prescription Drug List and utilization management requirements or other coverage conditions are based on a number of factors which may include, clinical and economic factors. Clinical factors may include, but are not limited to, the P&T Committee's evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether certain supply limits or other utilization management requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, assessments on the cost effectiveness of the Prescription Drug Product and available rebates. Regardless of its eligibility for coverage under the plan, whether a particular Prescription Drug Product is appropriate for you or any of your Dependents is a determination that is made by you or your Dependent and the prescribing Physician.

The coverage status of a Prescription Drug Product may change periodically for various reasons. For example, a Prescription Drug Product may be removed from the market, a New Prescription Drug Product in the same therapeutic class as a Prescription Drug Product may become available, or other market events may occur. Market events that may affect the coverage status of a Prescription Drug Product include, but are not limited to, an increase in the acquisition cost of a Prescription Drug Product. As a result of coverage changes, for the purposes of benefits the plan may require you to pay more or less for that Prescription Drug Product, to obtain the Prescription Drug Product from a certain Pharmacy (ies) for coverage, or try another covered Prescription Drug Product(s). Please access the internet through the website shown on your ID card or call member services at the telephone number on your ID card for the most up-to-date tier status, utilization management, or other coverage limitations for a Prescription Drug Product.

HC-PHR414 07-20

Limitations

For most Prescription Drug Products you and your Dependent pay only the cost sharing detailed in The Schedule or Prescription Drug Benefits. However, in the event you or your Dependent or your Physician insist on a more expensive Brand Drug where a Therapeutic Equivalent Generic Drug is available, you may be financially responsible for an Ancillary Charge, in addition to any required Brand Drug Copayment and/or Coinsurance. The Ancillary Charge will not apply to your Deductible, if any, or Out of Pocket Maximum.

Your plan includes a Brand Drug for Generic Drug dispensing program. This program allows certain Brand Drugs to be dispensed in place of the Therapeutic Equivalent Generic Drug at the time your Prescription Order or Refill is processed by a participating Pharmacy. Brand Drug for Generic Drug substitution will occur only for certain Brand Drugs included in the program. When this substitution program is applied, the participating Pharmacy will dispense the Brand Drug to you in place of the available Generic Drug. You will be responsible for payment of only a Generic Drug Copayment and/or Coinsurance, after satisfying your Deductible, if any.

Prior Authorization Requirements

Coverage for certain Prescription Drug Products prescribed to you requires your Physician to obtain prior authorization from Cigna or its Review Organization. The reason for obtaining prior authorization from Cigna is to determine whether the

Prescription Drug Product is Medically Necessary in accordance with Cigna's coverage criteria. Coverage criteria for a Prescription Drug Product may vary based on the clinical use for which the Prescription Order or Refill is submitted, and may change periodically based on changes in, without limitation, clinical guidelines or practice standards, or market factors.

If Cigna or its Review Organization reviews the documentation provided and determines that the Prescription Drug Product is not Medically Necessary or otherwise excluded, your plan will not cover the Prescription Drug Product. Cigna, or its Review Organization, will not review claims for excluded Prescription Drug Products or other services to determine if they are Medically Necessary, unless required by law.

When Prescription Drug Products that require prior authorization are dispensed at a Pharmacy, you or your prescribing Physician are responsible for obtaining prior authorization from Cigna. If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed by the Pharmacy, you can ask us to consider reimbursement after you pay for and receive the Prescription Drug Product. You will need to pay for the Prescription Drug Product at the Pharmacy prior to submitting a reimbursement request.

When you submit a claim on this basis, you will need to submit a paper claim using the form that appears on the website shown on your ID card.

If a prior authorization request is approved, your Physician will receive confirmation. The authorization will be processed in the claim system to allow you to have coverage for the Prescription Drug Product. The length of the authorization may depend on the diagnosis and the Prescription Drug Product. The authorization will at all times be subject to the plan’s terms of coverage for the Prescription Drug Product, which may change from time to time. When your Physician advises you that coverage for the Prescription Drug Product has been approved, you can contact a Pharmacy to fill the covered Prescription Order or Refill.

If the prior authorization request is denied, your Physician and you will be notified that coverage for the Prescription Drug Product is not authorized. If you disagree with a coverage decision, you may appeal that decision in accordance with the provisions of the plan by submitting a written request stating why the Prescription Drug Product should be covered.

Step Therapy

Certain Prescription Drug Products are subject to step therapy requirements. This means that in order to receive Benefits for such Prescription Drug Products you are required to try a different Prescription Drug Product(s) first unless you satisfy the plan's exception criteria. You may identify whether a particular Prescription Drug Product is subject to step therapy requirements at the website shown on your ID card or by calling member services at the telephone number on your ID card.

Supply Limits

Benefits for Prescription Drug Products are subject to the supply limits that are stated in The Schedule. For a single Prescription Order or Refill, you may receive a Prescription Drug Product up to the stated supply limit.

Some products are subject to additional supply limits, quantity limits or dosage limits based on coverage criteria that have been approved based on consideration of the P&T Committee’s clinical findings. Coverage criteria are subject to periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may determine whether a Prescription Drug Product has been assigned a dispensing supply limit or similar limit or requirement at the website shown on your ID card or by calling member services at the telephone number on your ID card.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products. If you require Specialty Prescription Drug Products, you may be directed to a Designated Pharmacy with whom Cigna has an arrangement to provide those Specialty Prescription Drug Products.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products. If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you may not receive coverage for the Prescription Drug Product or be subject to the non-Network Pharmacy Benefit, if any, for that Prescription Drug Product. Refer to The Schedule for further information.

New Prescription Drug Products

New Prescription Drug Products may or may not be placed on a Prescription Drug List tier upon market entry. Cigna will use reasonable efforts to make a tier placement decision for a New Prescription Drug Product within six months of its market availability. Cigna’s tier placement decision shall be based on consideration of, without limitation, the P&T Committee’s clinical review of the New Prescription Drug Product and economic factors. If a New Prescription Drug Product not listed on the Prescription Drug List is approved by Cigna or its Review Organization as Medically Necessary in the interim,

the New Prescription Drug Product shall be covered at the applicable coverage tier as set forth in The Schedule.

HC-PHR522 01-22

Your Payments

Covered Prescription Drug Products purchased at a Pharmacy are subject to any applicable Deductible, Copayments or Coinsurance shown in The Schedule, as well as any limitations or exclusions set forth in this plan. Please refer to The Schedule for any required Copayments, Coinsurance, Deductibles or Out-of-Pocket Maximums.

Copayment

Your plan requires that you pay a Copayment for covered Prescription Drug Products as set forth in The Schedule. After satisfying any applicable annual Deductible set forth in The Schedule, your costs under the plan for a covered Prescription Drug Product dispensed by a Network Pharmacy and that is subject to a Copayment requirement will be the lowest of the following amounts:

- the Copayment for the Prescription Drug Product set forth in The Schedule; or
- the Prescription Drug Charge; or
- the Network Pharmacy's submitted Usual and Customary (U&C) Charge, if any.

When a treatment regimen contains more than one type of Prescription Drug Products that are packaged together for your or your Dependent's convenience, any applicable Copayment or Coinsurance may apply to each Prescription Drug Product.

You will need to obtain prior approval from Cigna or its Review Organization for any Prescription Drug Product not listed on the Prescription Drug List that is not otherwise excluded. If Cigna or its Review Organization approves coverage for the Prescription Drug Product because it meets the applicable coverage exception criteria, the Prescription Drug Product shall be covered at the applicable coverage tier as set forth in The Schedule.

HC-PHR420 01-21

Exclusions

Coverage exclusions listed under the "Exclusions, Expenses Not Covered and General Limitations" section also apply to benefits for Prescription Drug Products. In addition, the exclusions listed below apply to benefits for Prescription Drug Products. When an exclusion or limitation applies to only certain Prescription Drug Products, you can access the Prescription Drug List through the website shown on your ID card or call member services at the telephone number on your ID card for information on which Prescription Drug Products are excluded.

- coverage for Prescription Drug Products for the amount dispensed (days' supply) which exceeds the applicable supply limit, or is less than any applicable supply minimum set forth in The Schedule, or which exceeds quantity limit(s) or dosage limit(s) set by the P&T Committee.
- more than one Prescription Order or Refill for a given prescription supply period for the same Prescription Drug Product prescribed by one or more Physicians and dispensed by one or more Pharmacies.
- Prescription Drug Products dispensed outside the jurisdiction of the United States, except as required for emergency or Urgent Care treatment.
- Prescription Drug Products which are prescribed, dispensed or intended to be taken by or administered to you while you are a patient in a licensed Hospital, Skilled Nursing Facility, rest home, rehabilitation facility, or similar institution which operates on its premises or allows to be operated on its premises a facility for dispensing pharmaceutical products.
- Prescription Drug Products furnished by the local, state or federal government (except for a Network Pharmacy owned or operated by a local, state or federal government).
- Prescription and non-prescription supplies other than supplies covered as Prescription Drug Products.
- medications used for cosmetic purposes, including, without limitation, medications used to reduce wrinkles, medications used to promote hair growth and fade cream products.
- Prescription Drug Products as a replacement for a previously dispensed Prescription Drug Product that was lost, stolen, broken or destroyed.
- Prescription Drug Products used for the treatment of infertility.
- Medical Pharmaceuticals covered solely under the plan's medical benefits.
- any ingredient(s) in a compounded Prescription Drug Product that has not been approved by the U.S. Food and Drug Administration (FDA).
- medications available over-the-counter that do not require a Prescription Order or Refill by federal or state law before being dispensed, unless state or federal law requires coverage of such medications or the over-the-counter medication has been designated as eligible for coverage as if it were a Prescription Drug Product.
- certain Prescription Drug Products that are a Therapeutic Equivalent or Therapeutic Alternative to an over-the-counter drug(s), or are available in over-the-counter form.

Such coverage determinations may be made periodically, and benefits for a Prescription Drug Product that was previously excluded under this provision may be reinstated at any time.

- any product for which the primary use is a source of nutrition, nutritional supplements, or dietary management of disease, even when used for the treatment of Sickness or Injury, unless coverage for such product(s) is required by federal or state law.
- medications used for travel prophylaxis, immunization agents, virus detection testing, virus antibody testing, biological products for allergy immunization, biological sera, blood, blood plasma and other blood products or fractions unless specifically identified on the Prescription Drug List.
- certain Prescription Drug Products that are a Therapeutic Equivalent or Therapeutic Alternative to another covered Prescription Drug Product(s). Such coverage determinations may be made periodically, and benefits for a Prescription Drug Product that was previously excluded under this provision may be reinstated at any time.
- medications that are experimental investigational or unproven as described under the "General Exclusion and Limitations" section of your plan's certificate.

HC-PHR530 01-22

Reimbursement/Filing a Claim

Retail Pharmacy

When you or your Dependents purchase your Prescription Drug Products through a Network Pharmacy, you pay any applicable Copayment, Coinsurance, or Deductible shown in The Schedule at the time of purchase. You do not need to file a claim form for a Prescription Drug Product obtained at a Network Pharmacy unless you pay the full cost of a Prescription Drug Product at a Network Pharmacy and later seek reimbursement for the Prescription Drug Product under the plan. For example, if you must pay the full cost of a Prescription Drug Product to the retail Network Pharmacy because you did not have your ID card, then you must submit a claim to Cigna for any reimbursement or benefit you believe is due to you under this plan. If, under this example, your payment to the retail Network Pharmacy for the covered Prescription Drug Product exceeds any applicable copay, then you will be reimbursed the difference, if any, between the applicable copay and the Prescription Drug Charge for the Prescription Drug Product.

HC-PHR273 01-19
V1

Exclusions, Expenses Not Covered and General Limitations

Exclusions and Expenses Not Covered

Additional coverage limitations determined by plan or provider type are shown in The Schedule. Payment for the following is specifically excluded from this plan:

- care for health conditions that are required by state or local law to be treated in a public facility.
- care required by state or federal law to be supplied by a public school system or school district.
- care for military service disabilities treatable through governmental services if you are legally entitled to such treatment and facilities are reasonably available.
- treatment of an Injury or Sickness which is due to war, declared, or undeclared.
- charges which you are not obligated to pay or for which you are not billed or for which you would not have been billed except that they were covered under this plan. For example, if Cigna determines that a provider or Pharmacy is or has waived, reduced, or forgiven any portion of its charges and/or any portion of Copayment, Deductible, and/or Coinsurance amount(s) you are required to pay for a Covered Expense (as shown on The Schedule) without Cigna's express consent, then Cigna in its sole discretion

shall have the right to deny the payment of benefits in connection with the Covered Expense, or reduce the benefits in proportion to the amount of the Copayment, Deductible, and/or Coinsurance amounts waived, forgiven or reduced, regardless of whether the provider or Pharmacy represents that you remain responsible for any amounts that your plan does not cover. In the exercise of that discretion, Cigna shall have the right to require you to provide proof sufficient to Cigna that you have made your required cost share payment(s) prior to the payment of any benefits by Cigna. This exclusion includes, but is not limited to, charges of a non-Participating Provider who has agreed to charge you or charged you at an In-Network benefits level or some other benefits level not otherwise applicable to the services received.

- charges arising out of or relating to any violation of a healthcare-related state or federal law or which themselves are a violation of a healthcare-related state or federal law.
- assistance in the activities of daily living, including but not limited to eating, bathing, dressing or other Custodial Services or self-care activities, homemaker services and services primarily for rest, domiciliary or convalescent care.
- for or in connection with experimental, investigational or unproven services.

  Experimental, investigational and unproven services are medical, surgical, diagnostic, psychiatric, substance use disorder or other health care technologies, supplies, treatments, procedures, drug or Biologic therapies or devices that are determined by the utilization review Physician to be:

  - not approved by the U.S. Food and Drug Administration (FDA) or other appropriate regulatory agency to be lawfully marketed;
  - not demonstrated, through existing peer-reviewed, evidence-based, scientific literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed;
  - the subject of review or approval by an Institutional Review Board for the proposed use except as provided in the “Clinical Trials” sections of this plan; or
  - the subject of an ongoing phase I, II or III clinical trial, except for routine patient care costs related to qualified clinical trials as provided in the “Clinical Trials” sections of this plan.

  In determining whether any such technologies, supplies, treatments, drug or Biologic therapies, or devices are experimental, investigational, and/or unproven, the utilization review Physician may rely on the clinical coverage policies maintained by Cigna or the Review Organization. Clinical coverage policies may incorporate, without limitation and as applicable, criteria relating to U.S. Food and Drug Administration-approved labeling, the standard medical reference compendia and peer-reviewed, evidence-based scientific literature or guidelines.
- cosmetic surgery and therapies. Cosmetic surgery or therapy is defined as surgery or therapy performed to improve or alter appearance or self-esteem.
- the following services are excluded from coverage regardless of clinical indications: macromastia or gynecomastia surgeries; abdominoplasty; panniculectomy; rhinoplasty; blepharoplasty; redundant skin surgery; removal of skin tags; acupressure; craniosacral/cranial therapy; dance therapy; movement therapy; applied kinesiology; rolfing; prolotherapy; and extracorporeal shock wave lithotripsy (ESWL) for musculoskeletal and orthopedic conditions.
- dental treatment of the teeth, gums or structures directly supporting the teeth, including dental X-rays, examinations, repairs, orthodontics, periodontics, casts, splints and services for dental malocclusion, for any condition. Charges made for services or supplies provided for or in connection with an accidental Injury to teeth are covered provided a continuous course of dental treatment is started within six months of an accident.
- for medical and surgical services intended primarily for the treatment or control of obesity. However, treatment of clinically severe obesity, as defined by the Body Mass Index (BMI) classifications of the National Heart, Lung, and Blood Institute (NHLBI) guideline is covered only at approved centers if the services are demonstrated, through existing peer-reviewed, evidence-based, scientific literature and scientifically based guidelines, to be safe and effective for treatment of the condition. Clinically severe obesity is defined by the NHLBI as a BMI of 40 or greater without comorbidities, or 35-39 with comorbidities. The following are specifically excluded:

  - medical and surgical services to alter appearances or physical changes that are the result of any surgery performed for the management of obesity or clinically severe (morbid) obesity; and
  - weight loss programs or treatments, whether prescribed or recommended by a Physician or under medical supervision.
- unless otherwise covered in this plan, for reports, evaluations, physical examinations, or hospitalization not required for health reasons, including but not limited to employment, insurance or government licenses, and court-ordered, forensic or custodial evaluations.
- court-ordered treatment or hospitalization, unless such treatment is prescribed by a Physician and listed as covered in this plan.

- infertility services including infertility drugs, surgical or medical treatment programs for infertility, including in vitro fertilization, gamete intrafallopian transfer (GIFT), zygote intrafallopian transfer (ZIFT), variations of these procedures, and any costs associated with the collection, washing, preparation or storage of sperm for artificial insemination (including donor fees). Cryopreservation of donor sperm and eggs is also excluded from coverage.
- reversal of male or female voluntary sterilization procedures.
- for treatment of erectile dysfunction. However, penile implants are covered when an established medical condition is the cause of erectile dysfunction, anorgasmy, and premature ejaculation.
- medical and Hospital care and costs for the infant child of a Dependent, unless this infant child is otherwise eligible under this plan.
- non-medical counseling and/or ancillary services, including but not limited to Custodial Services, educational services, vocational counseling, training and, rehabilitation services, behavioral training, biofeedback, neurofeedback, hypnosis, sleep therapy, return to work services, work hardening programs and driver safety courses.
- therapy or treatment intended primarily to improve or maintain general physical condition or for the purpose of enhancing job, school, athletic or recreational performance, including but not limited to routine, long term, or maintenance care which is provided after the resolution of the acute medical problem and when significant therapeutic improvement is not expected.
- consumable medical supplies other than ostomy supplies and urinary catheters. Excluded supplies include, but are not limited to bandages and other disposable medical supplies, skin preparations and test strips, except as specified in the "Home Health Care Services" or "Breast Reconstruction and Breast Prostheses" sections of this plan.
- private Hospital rooms and/or private duty nursing except as provided under the Home Health Care Services provision.
- personal or comfort items such as personal care kits provided on admission to a Hospital, television, telephone, newborn infant photographs, complimentary meals, birth announcements, and other articles which are not for the specific treatment of an Injury or Sickness.
- artificial aids, including but not limited to corrective orthopedic shoes, arch supports, elastic stockings, garter belts, corsets, dentures and wigs.
- hearing aids, including but not limited to semi-implantable hearing devices, audiant bone conductors and Bone Anchored Hearing Aids (BAHAs). A hearing aid is any device that amplifies sound.
- aids or devices that assist with non-verbal communications, including but not limited to communication boards, pre-recorded speech devices, laptop computers, desktop computers, Personal Digital Assistants (PDAs), Braille typewriters, visual alert systems for the deaf and memory books.
- eyeglass lenses and frames and contact lenses (except for the first pair of contact lenses or the first set of eyeglass lenses and frames, and associated services, for treatment of keratoconus or following cataract surgery).
- routine refractions, eye exercises and surgical treatment for the correction of a refractive error, including radial keratotomy.
- all non-injectable prescription drugs, unless Physician administration or oversight is required, injectable prescription drugs to the extent they do not require Physician supervision and are typically considered self-administered drugs, non-prescription drugs, and investigational and experimental drugs, except as provided in this plan.
- routine foot care, including the paring and removing of corns and calluses and toenail maintenance. However, foot care services for diabetes, peripheral neuropathies and peripheral vascular disease are covered when Medically Necessary.
- membership costs or fees associated with health clubs, weight loss programs and smoking cessation programs.
- genetic screening or pre-implantations genetic screening. General population-based genetic screening is a testing method performed in the absence of any symptoms or any significant, proven risk factors for genetically linked inheritable disease.
- dental implants for any condition.
- fees associated with the collection or donation of blood or blood products, except for autologous donation in anticipation of scheduled services where in the utilization review Physician's opinion the likelihood of excess blood loss is such that transfusion is an expected adjunct to surgery.
- blood administration for the purpose of general improvement in physical condition.
- cost of biologicals that are immunizations or medications for the purpose of travel, or to protect against occupational hazards and risks.
- cosmetics, dietary supplements and health and beauty aids.
- enteral feedings, supplies and specially formulated medical foods that are prescribed and non-prescribed, except for infant formula needed for the treatment of inborn errors of metabolism.

- for or in connection with an Injury or Sickness arising out of, or in the course of, any employment for wage or profit.
- massage therapy.
- products and supplies associated with the administration of medications that are available to be covered under the Prescription Drug Benefit. Such products and supplies include but are not limited to therapeutic Continuous Glucose Monitor (CGM) sensors and transmitters and insulin pods.
- expenses incurred by a participant to the extent reimbursable under automobile insurance coverage. Coverage under this plan is secondary to automobile no-fault insurance or similar coverage. The coverage provided under this plan does not constitute "Qualified Health Coverage" under Michigan law and therefore does not replace Personal Injury Protection (PIP) coverage provided under an automobile insurance policy issued to a Michigan resident. This plan will cover expenses only not otherwise covered by the PIP coverage.

General Limitations

No payment will be made for expenses incurred for you or any one of your Dependents:

- for charges by a Hospital owned or operated by or which provides care or performs services for, the United States Government, if such charges are directly related to a military-service-connected Injury or Sickness.
- to the extent that you or any one of your Dependents is in any way paid or entitled to payment for those expenses by or through a public program, other than Medicaid.
- to the extent that payment is unlawful where the person resides when the expenses are incurred.
- for charges which would not have been made if the person had no insurance.
- to the extent that they are more than Maximum Reimbursable Charges applicable to care, if any, received Out-of-Network (for example, emergency care).
- to the extent of the exclusions imposed by any certification requirement shown in this plan.
- expenses for supplies, care, treatment, or surgery that are not Medically Necessary.
- charges by any covered provider who is a member of your family or your Dependent's family.
- expenses incurred outside the United States other than expenses for Medically Necessary urgent or emergent care while temporarily traveling abroad.

Coordination of Benefits

This section applies if you or any one of your Dependents is covered under more than one Plan and determines how benefits payable from all such Plans will be coordinated. You should file all claims with each Plan.

Definitions

For the purposes of this section, the following terms have the meanings set forth below:

Plan

Any of the following that provides benefits or services for medical care or treatment:

- Group insurance and/or group-type coverage, whether insured or self-insured which neither can be purchased by the general public, nor is individually underwritten, including closed panel coverage.
- Coverage under Medicare and other governmental benefits as permitted by law, excepting Medicaid and Medicare supplement policies.
- Medical benefits coverage of group, group-type, and individual automobile contracts.

Each Plan or part of a Plan which has the right to coordinate benefits will be considered a separate Plan.

Closed Panel Plan

A Plan that provides medical or dental benefits primarily in the form of services through a panel of employed or contracted providers, and that limits or excludes benefits provided by providers outside of the panel, except in the case of emergency or if referred by a provider within the panel.

Primary Plan

The Plan that determines and provides or pays benefits without taking into consideration the existence of any other Plan.

Secondary Plan

A Plan that determines, and may reduce its benefits after taking into consideration, the benefits provided or paid by the Primary Plan. A Secondary Plan may also recover from the Primary Plan the Reasonable Cash Value of any services it provided to you.

Allowable Expense

The amount of charges considered for payment under the Plan for a Covered Service prior to any reductions due to coinsurance, copayment or deductible amounts. If Cigna contracts with an entity to arrange for the provision of Covered Services through that entity's contracted network of health care providers, the amount that Cigna has agreed to pay that entity is the allowable amount used to determine your coinsurance or deductible payments. If the Plan provides

benefits in the form of services, the Reasonable Cash Value of each service is the Allowable Expense and is a paid benefit.

Examples of expenses or services that are not Allowable Expenses include, but are not limited to the following:

- An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an Allowable Expense.
- If you are confined to a private Hospital room and no Plan provides coverage for more than a semiprivate room, the difference in cost between a private and semiprivate room is not an Allowable Expense.
- If you are covered by two or more Plans that provide services or supplies on the basis of reasonable and customary fees, any amount in excess of the highest reasonable and customary fee is not an Allowable Expense.
- If you are covered by one Plan that provides services or supplies on the basis of reasonable and customary fees and one Plan that provides services and supplies on the basis of negotiated fees, the Primary Plan's fee arrangement shall be the Allowable Expense.
- If your benefits are reduced under the Primary Plan (through the imposition of a higher copayment amount, higher coinsurance percentage, a deductible and/or a penalty) because you did not comply with Plan provisions or because you did not use a preferred provider, the amount of the reduction is not an Allowable Expense. Such Plan provisions include second surgical opinions and precertification of admissions or services.

Claim Determination Period

A calendar year, but does not include any part of a year during which you are not covered under this policy or any date before this section or any similar provision takes effect.

Reasonable Cash Value

An amount which a duly licensed provider of health care services usually charges patients and which is within the range of fees usually charged for the same service by other health care providers located within the immediate geographic area where the health care service is rendered under similar or comparable circumstances.

Order of Benefit Determination Rules

A Plan that does not have a coordination of benefits rule consistent with this section shall always be the Primary Plan. If the Plan does have a coordination of benefits rule consistent with this section, the first of the following rules that applies to the situation is the one to use:

- The Plan that covers you as an enrollee or an employee shall be the Primary Plan and the Plan that covers you as a Dependent shall be the Secondary Plan;
- If you are a Dependent child whose parents are not divorced or legally separated, the Primary Plan shall be the Plan which covers the parent whose birthday falls first in the calendar year as an enrollee or employee;
- If you are the Dependent of divorced or separated parents, benefits for the Dependent shall be determined in the following order:
  - first, if a court decree states that one parent is responsible for the child's healthcare expenses or health coverage and the Plan for that parent has actual knowledge of the terms of the order, but only from the time of actual knowledge;
  - then, the Plan of the parent with custody of the child;
  - then, the Plan of the spouse of the parent with custody of the child;
  - then, the Plan of the parent not having custody of the child; and
  - finally, the Plan of the spouse of the parent not having custody of the child.
- The Plan that covers you as an active employee (or as that employee's Dependent) shall be the Primary Plan and the Plan that covers you as laid-off or retired employee (or as that employee's Dependent) shall be the Secondary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- The Plan that covers you under a right of continuation which is provided by federal or state law shall be the Secondary Plan and the Plan that covers you as an active employee or retiree (or as that employee's Dependent) shall be the Primary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- If one of the Plans that covers you is issued out of the state whose laws govern this Policy, and determines the order of benefits based upon the gender of a parent, and as a result, the Plans do not agree on the order of benefit determination, the Plan with the gender rules shall determine the order of benefits.

If none of the above rules determines the order of benefits, the Plan that has covered you for the longer period of time shall be primary.

When coordinating benefits with Medicare, this Plan will be the Secondary Plan and determine benefits after Medicare, where permitted by the Social Security Act of 1965, as amended. However, when more than one Plan is secondary to Medicare, the benefit determination rules identified above, will be used to determine how benefits will be coordinated.

Effect on the Benefits of This Plan

If this Plan is the Secondary Plan, this Plan may reduce benefits so that the total benefits paid by all Plans during a Claim Determination Period are not more than 100% of the total of all Allowable Expenses.

The difference between the amount that this Plan would have paid if this Plan had been the Primary Plan, and the benefit payments that this Plan had actually paid as the Secondary Plan, will be recorded as a benefit reserve for you. Cigna will use this benefit reserve to pay any Allowable Expense not otherwise paid during the Claim Determination Period.

As each claim is submitted, Cigna will determine the following:

- Cigna's obligation to provide services and supplies under this policy;
- whether a benefit reserve has been recorded for you; and
- whether there are any unpaid Allowable Expenses during the Claims Determination Period.

If there is a benefit reserve, Cigna will use the benefit reserve recorded for you to pay up to 100% of the total of all Allowable Expenses. At the end of the Claim Determination Period, your benefit reserve will return to zero and a new benefit reserve will be calculated for each new Claim Determination Period.

Recovery of Excess Benefits

If Cigna pays charges for benefits that should have been paid by the Primary Plan, or if Cigna pays charges in excess of those for which we are obligated to provide under the Policy, Cigna will have the right to recover the actual payment made or the Reasonable Cash Value of any services.

Cigna will have sole discretion to seek such recovery from any person to, or for whom, or with respect to whom, such services were provided or such payments made by any insurance company, healthcare Plan or other organization. If we request, you must execute and deliver to us such instruments and documents as we determine are necessary to secure the right of recovery.

Right to Receive and Release Information

Cigna, without consent or notice to you, may obtain information from and release information to any other Plan with respect to you in order to coordinate your benefits pursuant to this section. You must provide us with any information we request in order to coordinate your benefits pursuant to this section. This request may occur in connection with a submitted claim; if so, you will be advised that the "other coverage" information, (including an Explanation of Benefits paid under the Primary Plan) is required before the claim will be processed for payment. If no response is received within 55 days of the request, the claim will be closed. If the requested information is subsequently received, the claim will be processed.

Coordination of Benefits with Medicare

If you, your spouse, or your Dependent are covered under this Plan and qualify for Medicare, federal law determines which Plan is the primary payer and which is the secondary payer. The primary payer always determines covered benefits first, without considering what any other coverage will pay. The secondary payer determines its coverage only after the Primary Plan has completed its determination.

When Medicare is the Primary Payer

Medicare will be the primary payer and this Plan will be the secondary payer, even if you don't elect to enroll in Medicare or you receive services from a provider who does not accept Medicare payments, in the following situations:

- COBRA or State Continuation: You, your spouse, or your covered Dependent qualify for Medicare for any reason and are covered under this Plan due to COBRA or state continuation of coverage.
- Retirement or Termination of Employment: You, your spouse, or your covered Dependent qualify for Medicare for any reason and are covered under this Plan due to your retirement or termination of employment.
- Disability: You, your spouse, or your covered Dependent qualify for Medicare due to a disability, you are an active Employee, and your Employer has fewer than 100 employees.
- Age: You, your spouse, or your covered Dependent qualify for Medicare due to age, you are an active Employee, and your Employer has fewer than 20 employees.
- End Stage Renal Disease (ESRD): You, your spouse, or your covered Dependent qualify for Medicare due to End Stage Renal Disease (ESRD) and you are an active or retired Employee. This Plan will be the primary payer for the first 30 months. Beginning with the 31st month, Medicare will be the primary payer.

When This Plan is the Primary Payer

This Plan will be the primary payer and Medicare will be the secondary payer in the following situations:

- Disability: You, your spouse, or your covered Dependent qualify for Medicare due to a disability, you are an active Employee, and your Employer has 100 or more employees.
- Age: You, your spouse, or your covered Dependent qualify for Medicare due to age, you are an active Employee, and your Employer has 20 or more employees.
- End Stage Renal Disease (ESRD): You, your spouse, or your covered Dependent qualify for Medicare due to End Stage Renal Disease (ESRD) and you are an active or retired Employee. This Plan is the primary payer for the first

30 months. Beginning with the 31st month, Medicare will be the primary payer.

Domestic Partners

Under federal law, when Medicare coverage is due to age, Medicare is always the primary payer and this Plan is the secondary payer for a person covered under this Plan as a Domestic Partner. However, when Medicare coverage is due to disability, the Disability payer explanations above will apply.

IMPORTANT: If you, your spouse, or your Dependent do not elect to enroll in Medicare Parts A and/or B when first eligible, or you receive services from a provider who does not accept Medicare payments, this Plan will calculate payment based on what should have been paid by Medicare as the primary payer if the person had been enrolled or had received services from a provider who accepts Medicare payments. A person is considered eligible for Medicare on the earliest date any coverage under Medicare could become effective.

Failure to Enroll in Medicare

If you, your spouse, or your Dependent do not enroll in Medicare Parts A and/or B during the person's initial Medicare enrollment period, or the person opts out of coverage, the person may be subject to Medicare late enrollment penalties, which can cause a delay in coverage and result in higher Medicare premiums when the person does enroll. It can also result in a reduction in coverage under Medicare Parts A and B. If you are planning to retire or terminate employment and you will be eligible for COBRA, state Continuation, or retiree coverage under this Plan, you should enroll in Medicare before you terminate employment to avoid penalties and to receive the maximum coverage under Medicare. Please consult Medicare or the Social Security Administration for more information.

Assistance with Medicare Questions

For more information on Medicare's rules and regulations, contact Medicare toll-free at 1-800-MEDICARE (1-800-633-4227) or at www.medicare.gov. You may also contact the Social Security Administration toll-free at 1-800-772-1213, at www.ssa.gov, or call your local Social Security Administration office.

HC-COB272 01-21

Expenses For Which A Third Party May Be Responsible

This plan does not cover:

- Expenses incurred by you or your Dependent (hereinafter individually and collectively referred to as a "Participant,") for which another party may be responsible as a result of having caused or contributed to an Injury or Sickness.
- Expenses incurred by a Participant to the extent any payment is received for them either directly or indirectly from a third party tortfeasor or as a result of a settlement, judgment or arbitration award in connection with any automobile medical, automobile no-fault, uninsured or underinsured motorist, homeowners, workers' compensation, government insurance (other than Medicaid), or similar type of insurance or coverage. The coverage under this plan is secondary to any automobile no-fault insurance or similar coverage.

Subrogation/Right of Reimbursement

If a Participant incurs a Covered Expense for which, in the opinion of the plan or its claim administrator, another party may be responsible or for which the Participant may receive payment as described above:

- Subrogation: The plan shall, to the extent permitted by law, be subrogated to all rights, claims or interests that a Participant may have against such party and shall automatically have a lien upon the proceeds of any recovery by a Participant from such party to the extent of any benefits paid under the plan. A Participant or his/her representative shall execute such documents as may be required to secure the plan's subrogation rights.
- Right of Reimbursement: The plan is also granted a right of reimbursement from the proceeds of any recovery whether by settlement, judgment, or otherwise. This right of reimbursement is cumulative with and not exclusive of the subrogation right granted in paragraph 1, but only to the extent of the benefits provided by the plan.

Lien of the Plan

By accepting benefits under this plan, a Participant:

- grants a lien and assigns to the plan an amount equal to the benefits paid under the plan against any recovery made by or on behalf of the Participant which is binding on any attorney or other party who represents the Participant whether or not an agent of the Participant or of any insurance company or other financially responsible party against whom a Participant may have a claim provided said attorney, insurance carrier or other party has been notified by the plan or its agents;

- agrees that this lien shall constitute a charge against the proceeds of any recovery and the plan shall be entitled to assert a security interest thereon;
- agrees to hold the proceeds of any recovery in trust for the benefit of the plan to the extent of any payment made by the plan.

Additional Terms

- No adult Participant hereunder may assign any rights that it may have to recover medical expenses from any third party or other person or entity to any minor Dependent of said adult Participant without the prior express written consent of the plan. The plan's right to recover shall apply to decedents', minors', and incompetent or disabled persons' settlements or recoveries.
- No Participant shall make any settlement, which specifically reduces or excludes, or attempts to reduce or exclude, the benefits provided by the plan.
- The plan's right of recovery shall be a prior lien against any proceeds recovered by the Participant. This right of recovery shall not be defeated nor reduced by the application of any so-called "Made-Whole Doctrine", "Rimes Doctrine", or any other such doctrine purporting to defeat the plan's recovery rights by allocating the proceeds exclusively to non-medical expense damages.
- No Participant hereunder shall incur any expenses on behalf of the plan in pursuit of the plan's rights hereunder, specifically; no court costs, attorneys' fees or other representatives' fees may be deducted from the plan's recovery without the prior express written consent of the plan. This right shall not be defeated by any so-called "Fund Doctrine", "Common Fund Doctrine", or "Attorney's Fund Doctrine".
- The plan shall recover the full amount of benefits provided hereunder without regard to any claim of fault on the part of any Participant, whether under comparative negligence or otherwise.
- The plan hereby disavows all equitable defenses in pursuit of its right of recovery. The plan's subrogation or recovery rights are neither affected nor diminished by equitable defenses.
- In the event that a Participant shall fail or refuse to honor its obligations hereunder, then the plan shall be entitled to recover any costs incurred in enforcing the terms hereof including, but not limited to, attorney's fees, litigation, court costs, and other expenses. The plan shall also be entitled to offset the reimbursement obligation against any entitlement to future medical benefits hereunder until the Participant has fully complied with his reimbursement obligations hereunder, regardless of how those future medical benefits are incurred.
- Any reference to state law in any other provision of this plan shall not be applicable to this provision, if the plan is governed by ERISA. By acceptance of benefits under the plan, the Participant agrees that a breach hereof would cause irreparable and substantial harm and that no adequate remedy at law would exist. Further, the Plan shall be entitled to invoke such equitable remedies as may be necessary to enforce the terms of the plan, including, but not limited to, specific performance, restitution, the imposition of an equitable lien and/or constructive trust, as well as injunctive relief.
- Participants must assist the plan in pursuing any subrogation or recovery rights by providing requested information.

HC-SUB128 03-20

Payment of Benefits

Assignment and Payment of Benefits

You may not assign to any party, including, but not limited to, a provider of healthcare services/items, your right to benefits under this plan, nor may you assign any administrative, statutory, or legal rights or causes of action you may have under ERISA, including, but not limited to, any right to make a claim for plan benefits, to request plan or other documents, to file appeals of denied claims or grievances, or to file lawsuits under ERISA. Any attempt to assign such rights shall be void and unenforceable under all circumstances.

You may, however, authorize Cigna to pay any healthcare benefits under this policy to a Participating or Non-Participating Provider. When you authorize the payment of your healthcare benefits to a Participating or Non-Participating Provider, you authorize the payment of the entire amount of the benefits due on that claim. If a provider is overpaid because of accepting duplicate payments from you and Cigna, it is the provider's responsibility to reimburse the overpayment to you. Cigna may pay all healthcare benefits for Covered Expenses directly to a Participating Provider without your authorization. You may not interpret or rely upon this discrete authorization or permission to pay any healthcare benefits to a Participating or Non-Participating Provider as the authority to assign any other rights under this policy to any party, including, but not limited to, a provider of healthcare services/items.

Even if the payment of healthcare benefits to a Non-Participating Provider has been authorized by you, Cigna may, at its option, make payment of benefits to you. When benefits are paid to you or your Dependent, you or your Dependents are responsible for reimbursing the Non-Participating Provider.

If any person to whom benefits are payable is a minor or, in the opinion of Cigna is not able to give a valid receipt for any payment due him, such payment will be made to his legal guardian. If no request for payment has been made by his legal guardian, Cigna may, at its option, make payment to the person or institution appearing to have assumed his custody and support.

When one of our participants passes away, Cigna may receive notice that an executor of the estate has been established. The executor has the same rights as our insured and benefit payments for unassigned claims should be made payable to the executor.

Payment as described above will release Cigna from all liability to the extent of any payment made.

Recovery of Overpayment

When an overpayment has been made by Cigna, Cigna will have the right at any time to: recover that overpayment from the person to whom or on whose behalf it was made; or offset the amount of that overpayment from a future claim payment. In addition, your acceptance of benefits under this plan and/or assignment of Medical Benefits separately creates an equitable lien by agreement pursuant to which Cigna may seek recovery of any overpayment. You agree that Cigna, in seeking recovery of any overpayment as a contractual right or as an equitable lien by agreement, may pursue the general assets of the person or entity to whom or on whose behalf the overpayment was made.

Calculation of Covered Expenses

Cigna, in its discretion, will calculate Covered Expenses following evaluation and validation of all provider billings in accordance with:

- the methodologies in the most recent edition of the Current Procedural terminology.
- the methodologies as reported by generally recognized professionals or publications.

HC-POB132 01-19

Termination of Insurance

Employees

Your insurance will cease on the earliest date below:

- the date you cease to be in a Class of Eligible Employees or cease to qualify for the insurance.
- the last day for which you have made any required contribution for the insurance.
- the date the policy is cancelled.
- the last day of the calendar month in which your Active Service ends except as described below.

Any continuation of insurance must be based on a plan which precludes individual selection.

Temporary Layoff or Leave of Absence

If your Active Service ends due to temporary layoff or leave of absence, your insurance will be continued until the date as determined by your Employer.

Injury or Sickness

If your Active Service ends due to an Injury or Sickness, your insurance will be continued while you remain totally and continuously disabled as a result of the Injury or Sickness. However, your insurance will not continue past the date your Employer cancels your insurance.

Retirement

If your Active Service ends because you retire, your insurance will be continued until the date on which your Employer cancels the insurance.

Dependents

Your insurance for all of your Dependents will cease on the earliest date below:

- the date your insurance ceases.
- the date you cease to be eligible for Dependent Insurance.
- the last day for which you have made any required contribution for the insurance.
- the date Dependent Insurance is cancelled.

The insurance for any one of your Dependents will cease on the date that Dependent no longer qualifies as a Dependent.

HC-TRM128 12-17

Rescissions

Your coverage may not be rescinded (retroactively terminated) by Cigna or the plan sponsor unless the plan sponsor or an individual (or a person seeking coverage on behalf of the individual) performs an act, practice or omission that constitutes fraud; or the plan sponsor or individual (or a person seeking coverage on behalf of the individual) makes an intentional misrepresentation of material fact.

HC-TRM80 01-11

Medical Benefits Extension Upon Policy Cancellation

If the Medical Benefits under this plan cease for you or your Dependent due to cancellation of the policy, and you or your Dependent is Totally Disabled on that date due to an Injury, Sickness or pregnancy, Medical Benefits will be paid for Covered Expenses incurred in connection with that Injury, Sickness or pregnancy. However, no benefits will be paid after the earliest of:

- the date you exceed the Maximum Benefit, if any, shown in the Schedule;
- the date a succeeding carrier agrees to provide coverage without limitation for the disabling condition;
- the date you are no longer Totally Disabled;
- 12 months from the date the policy is canceled; or
- for pregnancy, until delivery.

Totally Disabled

You will be considered Totally Disabled if, because of an Injury or a Sickness:

- you are unable to perform the basic duties of your occupation; and
- you are not performing any other work or engaging in any other occupation for wage or profit.

Your Dependent will be considered Totally Disabled if, because of an Injury or a Sickness:

- he is unable to engage in the normal activities of a person of the same age, sex and ability; or
- in the case of a Dependent who normally works for wage or profit, he is not performing such work.

HC-BEX42 04-11

Federal Requirements

The following pages explain your rights and responsibilities under federal laws and regulations. Some states may have similar requirements. If a similar provision appears elsewhere in this booklet, the provision which provides the better benefit will apply.

HC-FED1 10-10

Notice of Provider Directory/Networks

Notice Regarding Provider Directories and Provider Networks

A list of network providers is available to you without charge by visiting the website or by calling the phone number on your ID card. The network consists of providers, including hospitals, of varied specialties as well as general practice, affiliated or contracted with Cigna or an organization contracting on its behalf.

Notice Regarding Pharmacy Directories and Pharmacy Networks

A list of network pharmacies is available to you without charge by visiting the website or by calling the phone number on your ID card. The network consists of pharmacies affiliated or contracted with Cigna or an organization contracting on its behalf.

HC-FED78 10-10

Qualified Medical Child Support Order (QMCSO)

Eligibility for Coverage Under a QMCSO

If a Qualified Medical Child Support Order (QMCSO) is issued for your child, that child will be eligible for coverage as required by the order and you will not be considered a Late Entrant for Dependent Insurance.

You must notify your Employer and elect coverage for that child, and yourself if you are not already enrolled, within 31 days of the QMCSO being issued.

Qualified Medical Child Support Order Defined

A Qualified Medical Child Support Order is a judgment, decree or order (including approval of a settlement agreement) or administrative notice, which is issued pursuant to a state domestic relations law (including a community property law), or to an administrative process, which provides for child support or provides for health benefit coverage to such child and relates to benefits under the group health plan, and satisfies all of the following:

- the order recognizes or creates a child's right to receive group health benefits for which a participant or beneficiary is eligible;
- the order specifies your name and last known address, and the child's name and last known address, except that the name and address of an official of a state or political subdivision may be substituted for the child's mailing address;

- the order provides a description of the coverage to be provided, or the manner in which the type of coverage is to be determined;
- the order states the period to which it applies; and
- if the order is a National Medical Support Notice completed in accordance with the Child Support Performance and Incentive Act of 1998, such Notice meets the requirements above.

The QMCSO may not require the health insurance policy to provide coverage for any type or form of benefit or option not otherwise provided under the policy, except that an order may require a plan to comply with State laws regarding health care coverage.

Payment of Benefits

Any payment of benefits in reimbursement for Covered Expenses paid by the child, or the child's custodial parent or legal guardian, shall be made to the child, the child's custodial parent or legal guardian, or a state official whose name and address have been substituted for the name and address of the child.

HC-FED4 10-10

Special Enrollment Rights Under the Health Insurance Portability & Accountability Act (HIPAA)

If you or your eligible Dependent(s) experience a special enrollment event as described below, you or your eligible Dependent(s) may be entitled to enroll in the Plan outside of a designated enrollment period upon the occurrence of one of the special enrollment events listed below. If you are already enrolled in the Plan, you may request enrollment for you and your eligible Dependent(s) under a different option offered by the Employer for which you are currently eligible. If you are not already enrolled in the Plan, you must request special enrollment for yourself in addition to your eligible Dependent(s). You and all of your eligible Dependent(s) must be covered under the same option. The special enrollment events include:

- **Acquiring a new Dependent.** If you acquire a new Dependent(s) through marriage, birth, adoption or placement for adoption, you may request special enrollment for any of the following combinations of individuals if not already enrolled in the Plan: Employee only; spouse only; Employee and spouse; Dependent child(ren) only; Employee and Dependent child(ren); Employee, spouse and Dependent child(ren). Enrollment of Dependent children is limited to the newborn or adopted children or children who became Dependent children of the Employee due to marriage.
- **Loss of eligibility for State Medicaid or Children's Health Insurance Program (CHIP).** If you and/or your Dependent(s) were covered under a state Medicaid or CHIP plan and the coverage is terminated due to a loss of eligibility, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after termination of Medicaid or CHIP coverage.
- **Loss of eligibility for other coverage (excluding continuation coverage).** If coverage was declined under this Plan due to coverage under another plan, and eligibility for the other coverage is lost, you and all of your eligible Dependent(s) may request special enrollment in this Plan. If required by the Plan, when enrollment in this Plan was previously declined, it must have been declined in writing with a statement that the reason for declining enrollment was due to other health coverage. This provision applies to loss of eligibility as a result of any of the following:
  - divorce or legal separation;
  - cessation of Dependent status (such as reaching the limiting age);
  - death of the Employee;
  - termination of employment;
  - reduction in work hours to below the minimum required for eligibility;
  - you or your Dependent(s) no longer reside, live or work in the other plan's network service area and no other coverage is available under the other plan;
  - you or your Dependent(s) incur a claim which meets or exceeds the lifetime maximum limit that is applicable to all benefits offered under the other plan; or
  - the other plan no longer offers any benefits to a class of similarly situated individuals.
- **Termination of Employer contributions (excluding continuation coverage).** If a current or former Employer ceases all contributions toward the Employee's or Dependent's other coverage, special enrollment may be requested in this Plan for you and all of your eligible Dependent(s).
- **Exhaustion of COBRA or other continuation coverage.** Special enrollment may be requested in this Plan for you and all of your eligible Dependent(s) upon exhaustion of COBRA or other continuation coverage. If you or your Dependent(s) elect COBRA or other continuation coverage following loss of coverage under another plan, the COBRA or other continuation coverage must be exhausted before any special enrollment rights exist under this Plan. An individual is considered to have exhausted COBRA or other

continuation coverage only if such coverage ceases: due to failure of the Employer or other responsible entity to remit premiums on a timely basis; when the person no longer resides or works in the other plan's service area and there is no other COBRA or continuation coverage available under the plan; or when the individual incurs a claim that would meet or exceed a lifetime maximum limit on all benefits and there is no other COBRA or other continuation coverage available to the individual. This does not include termination of an Employer's limited period of contributions toward COBRA or other continuation coverage as provided under any severance or other agreement.

- **Eligibility for employment assistance under State Medicaid or Children's Health Insurance Program (CHIP).** If you and/or your Dependent(s) become eligible for assistance with group health plan premium payments under a state Medicaid or CHIP plan, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after the date you are determined to be eligible for assistance.

Except as stated above, special enrollment must be requested within 30 days after the occurrence of the special enrollment event. If the special enrollment event is the birth or adoption of a Dependent child, coverage will be effective immediately on the date of birth, adoption or placement for adoption. Coverage with regard to any other special enrollment event will be effective no later than the first day of the first calendar month following receipt of the request for special enrollment.

Domestic Partners and their children (if not legal children of the Employee) are not eligible for special enrollment.

HC-FED96 04-17

Effect of Section 125 Tax Regulations on This Plan

Your Employer has chosen to administer this Plan in accordance with Section 125 regulations of the Internal Revenue Code. Per this regulation, you may agree to a pretax salary reduction put toward the cost of your benefits. Otherwise, you will receive your taxable earnings as cash (salary).

A. Coverage elections

Per Section 125 regulations, you are generally allowed to enroll for or change coverage only before each annual benefit period. However, exceptions are allowed:

- if you meet Special Enrollment criteria and enroll as described in the Special Enrollment section; or
- if your Employer agrees, and you meet the criteria shown in the following Sections B through H and enroll for or change coverage within the time period established by your Employer.

B. Change of status

A change in status is defined as:

- change in legal marital status due to marriage, death of a spouse, divorce, annulment or legal separation;
- change in number of Dependents due to birth, adoption, placement for adoption, or death of a Dependent;
- change in employment status of Employee, spouse or Dependent due to termination or start of employment, strike, lockout, beginning or end of unpaid leave of absence, including under the Family and Medical Leave Act (FMLA), or change in worksite;
- changes in employment status of Employee, spouse or Dependent resulting in eligibility or ineligibility for coverage;
- change in residence of Employee, spouse or Dependent to a location outside of the Employer's network service area; and
- changes which cause a Dependent to become eligible or ineligible for coverage.

C. Court order

A change in coverage due to and consistent with a court order of the Employee or other person to cover a Dependent.

D. Medicare or Medicaid eligibility/entitlement

The Employee, spouse or Dependent cancels or reduces coverage due to entitlement to Medicare or Medicaid, or enrolls or increases coverage due to loss of Medicare or Medicaid eligibility.

E. Change in cost of coverage

If the cost of benefits increases or decreases during a benefit period, your Employer may, in accordance with plan terms, automatically change your elective contribution.

When the change in cost is significant, you may either increase your contribution or elect less-costly coverage. When a significant overall reduction is made to the benefit option you have elected, you may elect another available benefit option. When a new benefit option is added, you may change your election to the new benefit option.

F. Changes in coverage of spouse or Dependent under another employer's plan

You may make a coverage election change if the plan of your spouse or Dependent: incurs a change such as adding or deleting a benefit option; allows election changes due to Special Enrollment, Change in Status, Court Order or Medicare or Medicaid Eligibility/Entitlement; or this Plan and the other plan have different periods of coverage or open enrollment periods.

G. Reduction in work hours

If an Employee's work hours are reduced below 30 hours/week (even if it does not result in the Employee losing eligibility for the Employer's coverage); and the Employee (and family) intend to enroll in another plan that provides Minimum Essential Coverage (MEC). The new coverage must be effective no later than the 1st day of the 2nd month following the month that includes the date the original coverage is revoked.

H. Enrollment in a Qualified Health Plan (QHP)

The Employee must be eligible for a Special Enrollment Period to enroll in a QHP through a Marketplace or the Employee wants to enroll in a QHP through a Marketplace during the Marketplace's annual open enrollment period; and the disenrollment from the group plan corresponds to the intended enrollment of the Employee (and family) in a QHP through a Marketplace for new coverage effective beginning no later than the day immediately following the last day of the original coverage.

HC-FED95 04-17

Eligibility for Coverage for Adopted Children

Any child who is adopted by you, including a child who is placed with you for adoption, will be eligible for Dependent Insurance, if otherwise eligible as a Dependent, upon the date of placement with you. A child will be considered placed for adoption when you become legally obligated to support that child, totally or partially, prior to that child's adoption.

If a child placed for adoption is not adopted, all health coverage ceases when the placement ends, and will not be continued.

The provisions in the "Exception for Newborns" section of this document that describe requirements for enrollment and effective date of insurance will also apply to an adopted child or a child placed with you for adoption.

HC-FED67 09-14

Coverage for Maternity Hospital Stay

Group health plans and health insurance issuers offering group health insurance coverage generally may not, under a federal law known as the "Newborns' and Mothers' Health Protection Act": restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section; or require that a provider obtain authorization from the plan or insurance issuer for prescribing a length of stay not in excess of the above periods. The law generally does not prohibit an attending provider of the mother or newborn, in consultation with the mother, from discharging the mother or newborn earlier than 48 or 96 hours, as applicable.

Please review this Plan for further details on the specific coverage available to you and your Dependents.

HC-FED11 10-10

Women's Health and Cancer Rights Act (WHCRA)

Do you know that your plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema? Call Member Services at the toll free number listed on your ID card for more information.

HC-FED12 10-10

Group Plan Coverage Instead of Medicaid

If your income and liquid resources do not exceed certain limits established by law, the state may decide to pay premiums for this coverage instead of for Medicaid, if it is cost effective. This includes premiums for continuation coverage required by federal law.

HC-FED13 10-10

Requirements of Family and Medical Leave Act of 1993 (as amended) (FMLA)

Any provisions of the policy that provide for: continuation of insurance during a leave of absence; and reinstatement of

insurance following a return to Active Service; are modified by the following provisions of the federal Family and Medical Leave Act of 1993, as amended, where applicable:

Continuation of Health Insurance During Leave

Your health insurance will be continued during a leave of absence if:

- that leave qualifies as a leave of absence under the Family and Medical Leave Act of 1993, as amended; and
- you are an eligible Employee under the terms of that Act.

The cost of your health insurance during such leave must be paid, whether entirely by your Employer or in part by you and your Employer.

Reinstatement of Canceled Insurance Following Leave

Upon your return to Active Service following a leave of absence that qualifies under the Family and Medical Leave Act of 1993, as amended, any canceled insurance (health, life or disability) will be reinstated as of the date of your return.

You will not be required to satisfy any eligibility or benefit waiting period to the extent that they had been satisfied prior to the start of such leave of absence.

Your Employer will give you detailed information about the Family and Medical Leave Act of 1993, as amended.

HC-FED93 10-17

Uniformed Services Employment and Re-Employment Rights Act of 1994 (USERRA)

The Uniformed Services Employment and Re-employment Rights Act of 1994 (USERRA) sets requirements for continuation of health coverage and re-employment in regard to an Employee's military leave of absence. These requirements apply to medical and dental coverage for you and your Dependents. They do not apply to any Life, Short-term or Long-term Disability or Accidental Death & Dismemberment coverage you may have.

Continuation of Coverage

For leaves of less than 31 days, coverage will continue as described in the Termination section regarding Leave of Absence.

For leaves of 31 days or more, you may continue coverage for yourself and your Dependents as follows:

You may continue benefits by paying the required premium to your Employer, until the earliest of the following:

- 24 months from the last day of employment with the Employer;
- the day after you fail to return to work; and
- the date the policy cancels.

Your Employer may charge you and your Dependents up to 102% of the total premium.

Reinstatement of Benefits (applicable to all coverages)

If your coverage ends during the leave of absence because you do not elect USERRA at the expiration of USERRA and you are reemployed by your current Employer, coverage for you and your Dependents may be reinstated if you gave your Employer advance written or verbal notice of your military service leave, and the duration of all military leaves while you are employed with your current Employer does not exceed 5 years.

You and your Dependents will be subject to only the balance of a waiting period that was not yet satisfied before the leave began. However, if an Injury or Sickness occurs or is aggravated during the military leave, full Plan limitations will apply.

If your coverage under this plan terminates as a result of your eligibility for military medical and dental coverage and your order to active duty is canceled before your active duty service commences, these reinstatement rights will continue to apply.

HC-FED18 10-10

Claim Determination Procedures

The following complies with federal law. Provisions of applicable laws of your state may supersede.

Procedures Regarding Medical Necessity Determinations

In general, health services and benefits must be Medically Necessary to be covered under the plan. The procedures for determining Medical Necessity vary, according to the type of service or benefit requested, and the type of health plan. Medical Necessity determinations are made on a preservice, concurrent, or postservice basis, as described below:

Certain services require prior authorization in order to be covered. The booklet describes who is responsible for obtaining this review. You or your authorized representative (typically, your health care professional) must request prior authorization according to the procedures described below, in the booklet, and in your provider's network participation documents as applicable.

When services or benefits are determined to be not covered, you or your representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the booklet, in your provider's network participation documents as applicable, and in the determination notices.

Note: An oral statement made to you by a representative of Cigna or its designee that indicates, for example, a particular service is a Covered Expense, is authorized for coverage by the plan, or that you are eligible for coverage is not a guarantee that you will receive benefits for services under this plan. Cigna will make a benefit determination after a claim is received from you or your authorized representative, and the benefit determination will be based on, your eligibility as of the date services were rendered to you and the terms and conditions of the plan in effect as of the date services were rendered to you.

Preservice Determinations

When you or your representative requests a required prior authorization, Cigna will notify you or your representative of the determination within 15 days after receiving the request. However, if more time is needed due to matters beyond Cigna's control, Cigna will notify you or your representative within 15 days after receiving your request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

If the determination periods above would seriously jeopardize your life or health, your ability to regain maximum function, or in the opinion of a health care professional with knowledge of your health condition, cause you severe pain which cannot be managed without the requested services, Cigna will make the preservice determination on an expedited basis. Cigna will defer to the determination of the treating health care professional regarding whether an expedited determination is necessary. Cigna will notify you or your representative of an expedited determination within 72 hours after receiving the request.

However, if necessary information is missing from the request, Cigna will notify you or your representative within 24 hours after receiving the request to specify what information is needed. You or your representative must provide the specified information to Cigna within 48 hours after receiving the notice. Cigna will notify you or your representative of the expedited benefit determination within 48 hours after you or your representative responds to the notice. Expedited determinations may be provided orally, followed within 3 days by written or electronic notification.

If you or your representative attempts to request a preservice determination, but fails to follow Cigna's procedures for requesting a required preservice determination, Cigna will notify you or your representative of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless you or your representative requests written notification.

Concurrent Determinations

When an ongoing course of treatment has been approved for you and you wish to extend the approval, you or your representative must request a required concurrent coverage determination at least 24 hours prior to the expiration of the approved period of time or number of treatments. When you or your representative requests such a determination, Cigna will notify you or your representative of the determination within 24 hours after receiving the request.

Postservice Determinations

When you or your representative requests a coverage determination or a claim payment determination after services have been rendered, Cigna will notify you or your representative of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Cigna's control, Cigna will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

Notice of Adverse Determination

Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: information sufficient to identify the claim including, if applicable, the date of service, provider and claim amount; diagnosis and treatment codes, and their meanings; the specific reason or reasons for the adverse determination including, if applicable, the denial code and its meaning and a description of any standard that was used in the denial; reference to the specific plan provisions on which the determination is based; a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; a description of the plan's review procedures and the time limits applicable, including a statement of a claimant's rights to bring a civil action under section 502(a) of ERISA following an adverse benefit determination on appeal, (if applicable); upon request and free

of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your claim; and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; a description of any available internal appeal and/or external review process(es); information about any office of health insurance consumer assistance or ombudsman available to assist you with the appeal process; and in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

HC-FED104 01-19

Appointment of Authorized Representative

You may appoint an authorized representative to assist you in submitting a claim or appealing a claim denial. However, Cigna may require you to designate your authorized representative in writing using a form approved by Cigna. At all times, the appointment of an authorized representative is revocable by you. To ensure that a prior appointment remains valid, Cigna may require you to re-appoint your authorized representative, from time to time.

Cigna reserves the right to refuse to honor the appointment of a representative if Cigna reasonably determines that:

- the signature on an authorized representative form may not be yours, or
- the authorized representative may not have disclosed to you all of the relevant facts and circumstances relating to the overpayment or underpayment of any claim, including, for example, that the billing practices of the provider of medical services may have jeopardized your coverage through the waiver of the cost-sharing amounts that you are required to pay under your plan.

If your designation of an authorized representative is revoked, or Cigna does not honor your designation, you may appoint a new authorized representative at any time, in writing, using a form approved by Cigna.

HC-FED88 01-17

Medical - When You Have a Complaint or an Appeal

For the purposes of this section, any reference to "you" or "your" also refers to a representative or provider designated by you to act on your behalf; unless otherwise noted.

We want you to be completely satisfied with the services you receive. That is why we have established a process for addressing your concerns and solving your problems.

Start With Customer Service

We are here to listen and help. If you have a concern regarding a person, a service, the quality of care, contractual benefits, or a rescission of coverage, you may call the toll-free number on your ID card, explanation of benefits, or claim form and explain your concern to one of our Customer Service representatives. You may also express that concern in writing.

We will do our best to resolve the matter on your initial contact. If we need more time to review or investigate your concern, we will get back to you as soon as possible, but in any case within 30 days. If you are not satisfied with the results of a coverage decision, you may start the appeals procedure.

Internal Appeals Procedure

To initiate an appeal of an adverse benefit determination, you must submit a request for an appeal to Cigna within 180 days of receipt of a denial notice. If you appeal a reduction or termination in coverage for an ongoing course of treatment that Cigna previously approved, you will receive, as required by applicable law, continued coverage pending the outcome of an appeal.

You should state the reason why you feel your appeal should be approved and include any information supporting your appeal. If you are unable or choose not to write, you may ask Cigna to register your appeal by telephone. Call or write us at the toll-free number on your ID card, explanation of benefits, or claim form.

Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medical Necessity or clinical appropriateness will be considered by a health care professional.

We will respond in writing with a decision within 30 calendar days after we receive an appeal for a required preservice or concurrent care coverage determination or a postservice Medical Necessity determination. We will respond within 60 calendar days after we receive an appeal for any other postservice coverage determination. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

In the event any new or additional information (evidence) is considered, relied upon or generated by Cigna in connection with the appeal, this information will be provided automatically to you as soon as possible and sufficiently in advance of the decision, so that you will have an opportunity to respond. Also, if any new or additional rationale is

considered by Cigna, Cigna will provide the rationale to you as soon as possible and sufficiently in advance of the decision so that you will have an opportunity to respond.

You may request that the appeal process be expedited if the time frames under this process would seriously jeopardize your life, health or ability to regain maximum functionality or in the opinion of your health care provider would cause you severe pain which cannot be managed without the requested services.

If you request that your appeal be expedited, you may also ask for an expedited external Independent Review at the same time, if the time to complete an expedited level-one appeal would be detrimental to your medical condition.

When an appeal is expedited, Cigna will respond orally with a decision within 72 hours, followed up in writing.

External Review Procedure

If you are not fully satisfied with the decision of Cigna's internal appeal review and the appeal involves medical judgment or a rescission of coverage, you may request that your appeal be referred to an Independent Review Organization (IRO). The IRO is composed of persons who are not employed by Cigna, or any of its affiliates. A decision to request an external review to an IRO will not affect the claimant's rights to any other benefits under the plan.

There is no charge for you to initiate an external review. Cigna and your benefit plan will abide by the decision of the IRO.

To request a review, you must notify the Appeals Coordinator within 4 months of your receipt of Cigna's appeal review denial. Cigna will then forward the file to a randomly selected IRO. The IRO will render an opinion within 45 days.

When requested, and if a delay would be detrimental to your medical condition, as determined by Cigna's reviewer, or if your appeal concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but you have not yet been discharged from a facility, the external review shall be completed within 72 hours.

Notice of Benefit Determination on Appeal

Every notice of a determination on appeal will be provided in writing or electronically and, if an adverse determination, will include: information sufficient to identify the claim including, if applicable, the date of service, provider and claim amount; diagnosis and treatment codes, and their meanings; the specific reason or reasons for the adverse determination including, if applicable, the denial code and its meaning and a description of any standard that was used in the denial; reference to the specific plan provisions on which the determination is based; a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other Relevant Information as defined below; a statement describing any voluntary appeal procedures offered by the plan and the claimant's right to bring an action under ERISA section 502(a), if applicable; upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your appeal, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; and information about any office of health insurance consumer assistance or ombudsman available to assist you in the appeal process. A final notice of an adverse determination will include a discussion of the decision.

You also have the right to bring a civil action under section 502(a) of ERISA if you are not satisfied with the decision on review. You or your plan may have other voluntary alternative dispute resolution options such as Mediation. One way to find out what may be available is to contact your local U.S. Department of Labor office and your State insurance regulatory agency. You may also contact the Plan Administrator.

Relevant Information

Relevant Information is any document, record or other information which: was relied upon in making the benefit determination; was submitted, considered or generated in the course of making the benefit determination, without regard to whether such document, record, or other information was relied upon in making the benefit determination; demonstrates compliance with the administrative processes and safeguards required by federal law in making the benefit determination; or constitutes a statement of policy or guidance with respect to the plan concerning the denied treatment option or benefit for the claimant's diagnosis, without regard to whether such advice or statement was relied upon in making the benefit determination.

Legal Action

If your plan is governed by ERISA, you have the right to bring a civil action under section 502(a) of ERISA if you are not satisfied with the outcome of the Appeals Procedure. In most instances, you may not initiate a legal action against Cigna until you have completed the appeal processes. However, no action will be brought at all unless brought within three years after proof of claim is required under the Plan. However, no action will be brought at all unless brought within 3 years after a claim is submitted for In-Network Services.

HC-FED110 01-21

COBRA Continuation Rights Under Federal Law

For You and Your Dependents

What is COBRA Continuation Coverage?

Under federal law, you and/or your Dependents must be given the opportunity to continue health insurance when there is a "qualifying event" that would result in loss of coverage under the Plan. You and/or your Dependents will be permitted to continue the same coverage under which you or your Dependents were covered on the day before the qualifying event occurred, unless you move out of that plan's coverage area or the plan is no longer available. You and/or your Dependents cannot change coverage options until the next open enrollment period.

When is COBRA Continuation Available?

For you and your Dependents, COBRA continuation is available for up to 18 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your termination of employment for any reason, other than gross misconduct; or
- your reduction in work hours.

For your Dependents, COBRA continuation coverage is available for up to 36 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your death;
- your divorce or legal separation; or
- for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Who is Entitled to COBRA Continuation?

Only a "qualified beneficiary" (as defined by federal law) may elect to continue health insurance coverage. A qualified beneficiary may include the following individuals who were covered by the Plan on the day the qualifying event occurred: you, your spouse, and your Dependent children. Each qualified beneficiary has their own right to elect or decline COBRA continuation coverage even if you decline or are not eligible for COBRA continuation.

The following individuals are not qualified beneficiaries for purposes of COBRA continuation: domestic partners, grandchildren (unless adopted by you), stepchildren (unless adopted by you). Although these individuals do not have an independent right to elect COBRA continuation coverage, if you elect COBRA continuation coverage for yourself, you may also cover your Dependents even if they are not considered qualified beneficiaries under COBRA. However, such individuals' coverage will terminate when your COBRA continuation coverage terminates. The sections titled "Secondary Qualifying Events" and "Medicare Extension For Your Dependents" are not applicable to these individuals.

Secondary Qualifying Events

If, as a result of your termination of employment or reduction in work hours, your Dependent(s) have elected COBRA continuation coverage and one or more Dependents experience another COBRA qualifying event, the affected Dependent(s) may elect to extend their COBRA continuation coverage for an additional 18 months (7 months if the secondary event occurs within the disability extension period) for a maximum of 36 months from the initial qualifying event. The second qualifying event must occur before the end of the initial 18 months of COBRA continuation coverage or within the disability extension period discussed below. Under no circumstances will COBRA continuation coverage be available for more than 36 months from the initial qualifying event. Secondary qualifying events are: your death; your divorce or legal separation; or, for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Disability Extension

If, after electing COBRA continuation coverage due to your termination of employment or reduction in work hours, you or one of your Dependents is determined by the Social Security Administration (SSA) to be totally disabled under Title II or XVI of the SSA, you and all of your Dependents who have elected COBRA continuation coverage may extend such continuation for an additional 11 months, for a maximum of 29 months from the initial qualifying event.

To qualify for the disability extension, all of the following requirements must be satisfied:

- SSA must determine that the disability occurred prior to or within 60 days after the disabled individual elected COBRA continuation coverage; and
- A copy of the written SSA determination must be provided to the Plan Administrator within 60 calendar days after the date the SSA determination is made AND before the end of the initial 18-month continuation period.

If the SSA later determines that the individual is no longer disabled, you must notify the Plan Administrator within 30 days after the date the final determination is made by SSA. The 11-month disability extension will terminate for all covered persons on the first day of the month that is more than 30 days after the date the SSA makes a final determination that the disabled individual is no longer disabled.

All causes for "Termination of COBRA Continuation" listed below will also apply to the period of disability extension.

Medicare Extension for Your Dependents

When the qualifying event is your termination of employment or reduction in work hours and you became enrolled in Medicare (Part A, Part B or both) within the 18 months before

the qualifying event, COBRA continuation coverage for your Dependents will last for up to 36 months after the date you became enrolled in Medicare. Your COBRA continuation coverage will last for up to 18 months from the date of your termination of employment or reduction in work hours.

Termination of COBRA Continuation

COBRA continuation coverage will be terminated upon the occurrence of any of the following:

- the end of the COBRA continuation period of 18, 29 or 36 months, as applicable;
- failure to pay the required premium within 30 calendar days after the due date;
- cancellation of the Employer's policy with Cigna;
- after electing COBRA continuation coverage, a qualified beneficiary enrolls in Medicare (Part A, Part B, or both);
- after electing COBRA continuation coverage, a qualified beneficiary becomes covered under another group health plan, unless the qualified beneficiary has a condition for which the new plan limits or excludes coverage under a pre-existing condition provision. In such case coverage will continue until the earliest of: the end of the applicable maximum period; the date the pre-existing condition provision is no longer applicable; or the occurrence of an event described in one of the first three bullets above;
- any reason the Plan would terminate coverage of a participant or beneficiary who is not receiving continuation coverage (e.g., fraud).

Moving Out of Employer's Service Area or Elimination of a Service Area

If you and/or your Dependents move out of the Employer's service area or the Employer eliminates a service area in your location, your COBRA continuation coverage under the plan will be limited to emergency services only. Because the Plan does not provide out-of-network coverage, nonemergency services will not be covered under the plan outside of the Employer's service area. If the Employer offers another benefit option through Cigna or another carrier which can provide coverage in your location, you may elect COBRA continuation coverage under that option.

Employer's Notification Requirements

Your Employer is required to provide you and/or your Dependents with the following notices:

- An initial notification of COBRA continuation rights must be provided within 90 days after your (or your spouse's) coverage under the Plan begins (or the Plan first becomes subject to COBRA continuation requirements, if later). If you and/or your Dependents experience a qualifying event before the end of that 90-day period, the initial notice must be provided within the time frame required for the COBRA continuation coverage election notice as explained below.
- A COBRA continuation coverage election notice must be provided to you and/or your Dependents within the following timeframes:
  - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the loss of coverage, 44 days after loss of coverage under the Plan;
  - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the occurrence of a qualifying event, 44 days after the qualifying event occurs; or
  - in the case of a multi-employer plan, no later than 14 days after the end of the period in which Employers must provide notice of a qualifying event to the Plan Administrator.

How to Elect COBRA Continuation Coverage

The COBRA coverage election notice will list the individuals who are eligible for COBRA continuation coverage and inform you of the applicable premium. The notice will also include instructions for electing COBRA continuation coverage. You must notify the Plan Administrator of your election no later than the due date stated on the COBRA election notice. If a written election notice is required, it must be post-marked no later than the due date stated on the COBRA election notice. If you do not make proper notification by the due date shown on the notice, you and your Dependents will lose the right to elect COBRA continuation coverage. If you reject COBRA continuation coverage before the due date, you may change your mind as long as you furnish a completed election form before the due date.

Each qualified beneficiary has an independent right to elect COBRA continuation coverage. Continuation coverage may be elected for only one, several, or for all Dependents who are qualified beneficiaries. Parents may elect to continue coverage on behalf of their Dependent children. You or your spouse may elect continuation coverage on behalf of all the qualified beneficiaries. You are not required to elect COBRA continuation coverage in order for your Dependents to elect COBRA continuation.

How Much Does COBRA Continuation Coverage Cost?

Each qualified beneficiary may be required to pay the entire cost of continuation coverage. The amount may not exceed 102% of the cost to the group health plan (including both Employer and Employee contributions) for coverage of a similarly situated active Employee or family member. The premium during the 11-month disability extension may not exceed 150% of the cost to the group health plan (including

both employer and employee contributions) for coverage of a similarly situated active Employee or family member.

For example: If the Employee alone elects COBRA continuation coverage, the Employee will be charged 102% (or 150%) of the active Employee premium. If the spouse or one Dependent child alone elects COBRA continuation coverage, they will be charged 102% (or 150%) of the active Employee premium. If more than one qualified beneficiary elects COBRA continuation coverage, they will be charged 102% (or 150%) of the applicable family premium.

When and How to Pay COBRA Premiums

First payment for COBRA continuation

If you elect COBRA continuation coverage, you do not have to send any payment with the election form. However, you must make your first payment no later than 45 calendar days after the date of your election. (This is the date the Election Notice is postmarked, if mailed.) If you do not make your first payment within that 45 days, you will lose all COBRA continuation rights under the Plan.

Subsequent payments

After you make your first payment for COBRA continuation coverage, you will be required to make subsequent payments of the required premium for each additional month of coverage. Payment is due on the first day of each month. If you make a payment on or before its due date, your coverage under the Plan will continue for that coverage period without any break.

Grace periods for subsequent payments

Although subsequent payments are due by the first day of the month, you will be given a grace period of 30 days after the first day of the coverage period to make each monthly payment. Your COBRA continuation coverage will be provided for each coverage period as long as payment for that coverage period is made before the end of the grace period for that payment. However, if your payment is received after the due date, your coverage under the Plan may be suspended during this time. Any providers who contact the Plan to confirm coverage during this time may be informed that coverage has been suspended. If payment is received before the end of the grace period, your coverage will be reinstated back to the beginning of the coverage period. This means that any claim you submit for benefits while your coverage is suspended may be denied and may have to be resubmitted once your coverage is reinstated. If you fail to make a payment before the end of the grace period for that coverage period, you will lose all rights to COBRA continuation coverage under the Plan.

You Must Give Notice of Certain Qualifying Events

If you or your Dependent(s) experience one of the following qualifying events, you must notify the Plan Administrator within 60 calendar days after the later of the date the qualifying event occurs or the date coverage would cease as a result of the qualifying event:

- Your divorce or legal separation; or
- Your child ceases to qualify as a Dependent under the Plan.
- The occurrence of a secondary qualifying event as discussed under “Secondary Qualifying Events” above (this notice must be received prior to the end of the initial 18- or 29-month COBRA period).

(Also refer to the section titled “Disability Extension” for additional notice requirements.)

Notice must be made in writing and must include: the name of the Plan, name and address of the Employee covered under the Plan, name and address(es) of the qualified beneficiaries affected by the qualifying event; the qualifying event; the date the qualifying event occurred; and supporting documentation (e.g., divorce decree, birth certificate, disability determination, etc.).

Newly Acquired Dependents

If you acquire a new Dependent through marriage, birth, adoption or placement for adoption while your coverage is being continued, you may cover such Dependent under your COBRA continuation coverage. However, only your newborn or adopted Dependent child is a qualified beneficiary and may continue COBRA continuation coverage for the remainder of the coverage period following your early termination of COBRA coverage or due to a secondary qualifying event. COBRA coverage for your Dependent spouse and any Dependent children who are not your children (e.g., stepchildren or grandchildren) will cease on the date your COBRA coverage ceases and they are not eligible for a secondary qualifying event.

COBRA Continuation for Retirees Following Employer’s Bankruptcy

If you are covered as a retiree, and a proceeding in bankruptcy is filed with respect to the Employer under Title 11 of the United States Code, you may be entitled to COBRA continuation coverage. If the bankruptcy results in a loss of coverage for you, your Dependents or your surviving spouse within one year before or after such proceeding, you and your covered Dependents will become COBRA qualified beneficiaries with respect to the bankruptcy. You will be entitled to COBRA continuation coverage until your death. Your surviving spouse and covered Dependent children will be entitled to COBRA continuation coverage for up to 36 months following your death. However, COBRA continuation coverage will cease upon the occurrence of any of the events listed under “Termination of COBRA Continuation” above.

Interaction With Other Continuation Benefits

You may be eligible for other continuation benefits under state law. Refer to the Termination section for any other continuation benefits.

HC-FED66 07-14

Definitions

Active Service

You will be considered in Active Service:

- on any of your Employer's scheduled work days if you are performing the regular duties of your work on a full-time basis on that day either at your Employer's place of business or at some location to which you are required to travel for your Employer's business.
- on a day which is not one of your Employer's scheduled work days if you were in Active Service on the preceding scheduled work day.

HC-DFS1095 12-17

Ambulance

Licensed ambulance transportation services involve the use of specially designed and equipped vehicles for transporting ill or injured patients. It includes ground, air, or sea transportation when Medically Necessary and clinically appropriate.

HC-DFS1480 01-21

Ancillary Charge

An additional cost, outside of plan cost sharing detailed in The Schedule of Prescription Drug Benefits, which may apply to some Prescription Drug Products when you request a more expensive Brand Drug when a lower cost, Therapeutic Equivalent, Generic Drug is available. The Ancillary Charge is the amount by which the cost of the requested Brand Drug exceeds the cost of the Generic Drug.

HC-DFS1553 01-21

Biologic

A virus, therapeutic serum, toxin, antitoxin, vaccine, blood, blood component or derivative, allergenic product, protein (except any chemically synthesized polypeptide), or analogous product, or arsphenamine or derivative of arsphenamine (or any other trivalent organic arsenic compound), used for the prevention, treatment, or cure of a disease or condition of human beings, as defined under Section 351(i) of the Public Health Service Act (42 USC 262(i)) (as amended by the Biologics Price Competition and Innovation Act of 2009, title VII of the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, § 7002 (2010), and as may be amended thereafter).

HC-DFS840 10-16

Biosimilar

A Biologic that is highly similar to the reference Biologic product notwithstanding minor differences in clinically inactive components, and has no clinically meaningful differences from the reference Biologic in terms of its safety, purity, and potency, as defined under Section 351(i) of the Public Health Service Act (42 USC 262(i)) (as amended by the Biologics Price Competition and Innovation Act of 2009, title VII of the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, § 7002 (2010), and as may be amended thereafter).

HC-DFS841 10-16

Brand Drug

A Prescription Drug Product that Cigna identifies as a Brand Drug product across its book-of-business, principally based on available data resources, including, but not limited to, First DataBank or another nationally recognized drug indicator source, that classify drugs or Biologics as either brand or generic based on a number of factors. Not all products identified as a "brand name" by the manufacturer, Pharmacy, or your Physician may be classified as a Brand Drug under the plan.

HC-DFS842 10-16

Business Decision Team

A committee comprised of voting and non-voting representatives across various Cigna business units such as clinical, medical and business leadership that is duly authorized by Cigna to effect changes regarding coverage treatment of Prescription Drug Products and Medical Pharmaceuticals based on clinical findings provided by the P&T Committee, including, but not limited to, changes regarding tier placement and application of utilization management to Prescription Drug Products and Medical Pharmaceuticals.

HC-DFS1494 07-20

Charges

The term charges means the actual billed charges; except when Cigna has contracted directly or indirectly for a different amount including where Cigna has directly or indirectly contracted with an entity to arrange for the provision of services and/or supplies through contracts with providers of such services and/or supplies.

HC-DFS1193 01-19

Chiropractic Care

The term Chiropractic Care means the conservative management of neuromusculoskeletal conditions through manipulation and ancillary physiological treatment rendered to specific joints to restore motion, reduce pain and improve function.

HC-DFS55 04-10
V1

Convenience Care Clinics

Convenience Care Clinics are staffed by nurse practitioners and physician assistants and offer customers convenient, professional walk-in care for common ailments and routine services. Convenience Care Clinics have extended hours and are located in or near easy-to-access, popular locations (pharmacies, grocery and free-standing locations) with or without appointment.

HC-DFS1629 07-21

Custodial Services

Any services that are of a sheltering, protective, or safeguarding nature. Such services may include a stay in an institutional setting, at-home care, or nursing services to care for someone because of age or mental or physical condition. This service primarily helps the person in daily living. Custodial care also can provide medical services, given mainly to maintain the person's current state of health. These services cannot be intended to greatly improve a medical condition; they are intended to provide care while the patient cannot care for himself or herself. Custodial Services include but are not limited to:

- Services related to watching or protecting a person;
- Services related to performing or assisting a person in performing any activities of daily living, such as: walking, grooming, bathing, dressing, getting in or out of bed, toileting, eating, preparing foods, or taking medications that can be self administered, and
- Services not required to be performed by trained or skilled medical or paramedical personnel.

HC-DFS4 04-10
V1

Dependent

Dependents are:

- your lawful spouse; or
- your Domestic Partner; and
- any child of yours who is
- less than 26 years old.
- from 26 years until the end of the calendar year in which the child reaches the age of 30, provided the child is unmarried and does not have a dependent of his own, is a Florida state resident or a full-time or part-time student, and is not covered under a plan of their own or entitled to benefits under Title XVIII of the Social Security Act. CIGNA may require such proof at least once each year until the end of the calendar year in which he attains age 30; and
- who is 26 or more years old, and primarily supported by you and incapable of self-sustaining employment by reason of mental or physical handicap Proof of the child's condition and dependence may be required to be submitted to the plan as a condition of coverage after the date the child ceases to qualify above. However, if a claim is denied, proof must be submitted by the Employee that the child is and has continued to be mentally or physically handicapped.

A child includes a legally adopted child, including that child from the date of placement in the home or from birth provided that a written agreement to adopt such child has been entered into prior to the birth of such child. Coverage for a legally adopted child will include the necessary care and treatment of an Injury or a Sickness existing prior to the date of placement or adoption. A child also includes a foster child or a child placed in your custody by a court order from the date of placement in the home. Coverage is not required if the adopted or foster child is ultimately not placed in your home. It also includes:

• for medical include: a stepchild;

• a child born to an insured Dependent child of yours until such child is 18 months old.

If your Domestic Partner has a child, that child will also be included as a Dependent.

Benefits for a Dependent child or student will continue until the last day of the calendar year in which the limiting age is reached.

Anyone who is eligible as an Employee will not be considered as a Dependent spouse. A child under age 26 may be covered as either an Employee or as a Dependent child. You cannot be covered as an Employee while also covered as a Dependent of an Employee.

No one may be considered as a Dependent of more than one Employee.

HC-DFS872 M 10-16

Designated Pharmacy

A Network Pharmacy that has entered into an agreement with Cigna, or with an entity contracting on Cigna's behalf, to provide Prescription Drug Products or services, including, without limitation, specific Prescription Drug Products, to plan enrollees on a preferred or exclusive basis. For example, a Designated Pharmacy may provide enrollees certain Specialty Prescription Drug Products that have limited distribution availability, provide enrollees with an extended days' supply of Prescription Drug Products or provide enrollees with Prescription Drug Products on a preferred cost share basis. A Pharmacy that is a Network Pharmacy is not necessarily a Designated Pharmacy.

HC-DFS1614 01-22

Domestic Partner

A Domestic Partner is defined as a person of the same or opposite sex who:

- shares your permanent residence;
- is no less than 18 years of age;
- is financially interdependent with you and has proven such interdependence by providing evidence of one of the following: The parties to the domestic partnership share a residence as evidenced by the same residential address on a valid driver license or state identification card; or joint ownership of Florida homestead property as joint tenants with right of survivorship with both owners having been granted a homestead exemption on the property; or joint ownership of Florida homestead property as tenants in common with both owners having been granted a homestead exemption on that property; or a lease showing the domestic partner as co-lessee residents of residential real property; and
- is not eligible for marriage to each other as provided in Section 741.21, Florida Statutes, as may be amended and revised; and
- has signed jointly with you, a notarized affidavit attesting to the above which can be made available to Cigna upon request.

In addition, you and your Domestic Partner will be considered to have met the terms of this definition as long as neither you nor your Domestic Partner:

- has not previously during the calendar year included more than one other domestic partner as a domestic partner under the plan;
- is a party to a marriage recognized by Florida law; or has any other Domestic Partner, spouse or spouse equivalent of the same or opposite sex has any other Domestic Partner, spouse or spouse equivalent of the same or opposite sex.

You and your Domestic Partner must have registered as Domestic Partners, if you reside in a state that provides for such registration.

The section of this certificate entitled "COBRA Continuation Rights Under Federal Law" will not apply to your Domestic Partner and his or her Dependents on a pre-tax basis.

HC-DFS47 04-10
V1 M

Emergency Medical Condition

Emergency medical condition means a medical condition which manifests itself by acute symptoms of sufficient

severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy; serious impairment to bodily functions; or serious dysfunction of any bodily organ or part.

HC-DFS394 11-10

Emergency Services

Emergency services means, with respect to an emergency medical condition, a medical screening examination that is within the capability of the emergency department of a Hospital or of an independent freestanding emergency facility, including ancillary services routinely available to the emergency department to evaluate the emergency medical condition; and such further medical examination and treatment, to the extent they are within the capabilities of the staff and facilities available at the Hospital, to stabilize the patient.

HC-DFS1696 01-22

Employee

The term Employee means a full-time employee of the Employer who is currently in Active Service.

HC-DFS1094 M 12-17

Employer

The term Employer means the plan sponsor self-insuring the benefits described in this booklet, on whose behalf Cigna is providing claim administration services.

HC-DFS1615 01-22

Essential Health Benefits

Essential health benefits means, to the extent covered under the plan, expenses incurred with respect to covered services, in at least the following categories: ambulatory patient services, emergency services, hospitalization, maternity and newborn care, mental health and substance use disorder services, including behavioral health treatment, prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management and pediatric services, including oral and vision care.

HC-DFS411 01-11

Expense Incurred

An expense is incurred when the service or the supply for which it is incurred is provided.

HC-DFS10 04-10
V1

Free-Standing Surgical Facility

The term Free-Standing Surgical Facility means an institution which meets all of the following requirements:

- it has a medical staff of Physicians, Nurses and licensed anesthesiologists;
- it maintains at least two operating rooms and one recovery room;
- it maintains diagnostic laboratory and x-ray facilities;
- it has equipment for emergency care;
- it has a blood supply;
- it maintains medical records;
- it has agreements with Hospitals for immediate acceptance of patients who need Hospital Confinement on an inpatient basis; and
- it is licensed in accordance with the laws of the appropriate legally authorized agency.

A Free-Standing Surgical Facility, unless specifically noted otherwise, is covered with the same cost share as an Outpatient Facility.

HC-DFS1484 01-21

Generic Drug

A Prescription Drug Product that Cigna identifies as a Generic Drug product at a book-of-business level principally based on available data resources, including, but not limited to, First DataBank or another nationally recognized drug indicator source, that classify drugs or Biologics (including Biosimilars) as either brand or generic based on a number of factors. Not all products identified as a “generic” by the manufacturer, Pharmacy or your Physician may be classified as a Generic Drug under the plan. A Biosimilar may be classified as a Generic Drug for the purposes of benefits under the plan even

if it is identified as a "brand name" drug by the manufacturer, Pharmacy or your Physician.

HC-DFS846 10-16

Hospice Care Program

The term Hospice Care Program means:

- a coordinated, interdisciplinary program to meet the physical, psychological, spiritual and social needs of dying persons and their families;
- a program that provides palliative and supportive medical, nursing and other health services through home or inpatient care during the illness;
- a program for persons who have a Terminal Illness and for the families of those persons.

HC-DFS51 04-10
V1

Hospice Care Services

The term Hospice Care Services means any services provided by: a Hospital, a Skilled Nursing Facility or a similar institution, a Home Health Care Agency, a Hospice Facility, or any other licensed facility or agency under a Hospice Care Program.

HC-DFS52 04-10
V1

Hospice Facility

The term Hospice Facility means an institution or part of it which:

- primarily provides care for Terminally Ill patients;
- is accredited by the National Hospice Organization;
- meets standards established by Cigna; and
- fulfills any licensing requirements of the state or locality in which it operates.

HC-DFS53 04-10
V1

Hospital

The term Hospital means:

- an institution licensed as a hospital, which: maintains, on the premises, all facilities necessary for medical and surgical treatment; provides such treatment on an inpatient basis, for compensation, under the supervision of Physicians; and provides 24-hour service by Registered Graduate Nurses;
- an institution which qualifies as a hospital, a psychiatric hospital or a tuberculosis hospital, and a provider of services under Medicare, if such institution is accredited as a hospital by the Joint Commission on the Accreditation of Healthcare Organizations; or
- an institution which: specializes in treatment of Mental Health and Substance Use Disorder or other related illness; provides residential treatment programs; and is licensed in accordance with the laws of the appropriate legally authorized agency.

The term Hospital does not include an institution which is primarily a place for rest, a place for the aged, or a nursing home.

HC-DFS1485 01-21

Hospital Confinement or Confined in a Hospital

A person will be considered Confined in a Hospital if he is:

- a registered bed patient in a Hospital upon the recommendation of a Physician;
- receiving treatment for Mental Health and Substance Use Disorder Services in a Mental Health or Substance Use Disorder Residential Treatment Center.

HC-DFS807 12-15

Injury

The term Injury means an accidental bodily injury.

HC-DFS12 04-10
V1

Maintenance Drug Product

A Prescription Drug Product that is prescribed for use over an extended period of time for the treatment of chronic or long-term conditions such as asthma, hypertension, diabetes and heart disease, and is identified principally based on consideration of available data resources, including, but not limited to, First DataBank or another nationally recognized drug indicator source and clinical factors. For the purposes of benefits, the list of your plan's Maintenance Drug Products does not include compounded medications, Specialty Prescription Drug Products or Prescription Drug Products,

such as certain narcotics that a Pharmacy cannot dispense above certain supply limits per Prescription Drug Order or Refill under applicable federal or state law. You may determine whether a drug is a Maintenance Medication by calling member services at the telephone number on your ID card.

HC-DFS847 10-16

Maintenance Treatment

The term Maintenance Treatment means:

- treatment rendered to keep or maintain the patient's current status.

HC-DFS56 04-10
V1

Maximum Reimbursable Charge - Medical

The Maximum Reimbursable Charge does not apply to Emergency Services.

The Maximum Reimbursable Charge for covered services for Open Access Plus In-Network is determined based on the lesser of:

- the provider’s normal charge for a similar service or supply;
- the amount agreed to by the Out-of-Network provider and Cigna; or
- a percentage of a fee schedule Cigna has developed that is based upon a methodology similar to a methodology utilized by Medicare to determine the allowable reimbursement for the same or similar service within the geographic market.

The percentage used to determine the Maximum Reimbursable Charge can be obtained by contacting Member Services/Customer Service.

In some cases, a Medicare based schedule will not be used and the Maximum Reimbursable Charge for covered services is determined based on the lesser of:

- the provider’s normal charge for a similar service or supply;
- the amount agreed to by the Out-of-Network provider and Cigna; or
- the 80th percentile of charges made by providers of such service or supply in the geographic area where it is received as compiled in a database selected by Cigna. If sufficient charge data is unavailable in the database for that geographic area to determine the Maximum Reimbursable Charge, then data in the database for similar services may be used.

The Maximum Reimbursable Charge is subject to all other benefit limitations and applicable coding and payment methodologies determined by Cigna. Additional information about how Cigna determines the Maximum Reimbursable Charge is available upon request.

HC-DFS1631 01-22

Medicaid

The term Medicaid means a state program of medical aid for needy persons established under Title XIX of the Social Security Act of 1965 as amended.

HC-DFS16 04-10
V1

Medical Pharmaceutical

An FDA-approved prescription pharmaceutical product, including a Specialty Prescription Drug Product, typically required to be administered in connection with a covered service by a Physician or Other Health Professional within the scope of the provider's license. This definition includes certain pharmaceutical products whose administration may initially or typically require Physician or Other Health Professional oversight but may be self-administered under certain conditions specified in the product’s FDA labeling.

HC-DFS1632 01-22

Medically Necessary/Medical Necessity

Health care services, supplies and medications provided for the purpose of preventing, evaluating, diagnosing or treating a Sickness, Injury, condition, disease or its symptoms, that are all of the following as determined by a Medical Director or Review Organization:

- required to diagnose or treat an illness, Injury, disease or its symptoms;
- in accordance with generally accepted standards of medical practice;
- clinically appropriate in terms of type, frequency, extent, site and duration;
- not primarily for the convenience of the patient, Physician or Other Health Professional;
- not more costly than an alternative service(s), medication(s) or supply(ies) that is at least as likely to produce equivalent therapeutic or diagnostic results with the same safety profile as to the prevention, evaluation, diagnosis or treatment of

your Sickness, Injury, condition, disease or its symptoms; and

- rendered in the least intensive setting that is appropriate for the delivery of the services, supplies or medications. Where applicable, the Medical Director or Review Organization may compare the cost-effectiveness of alternative services, supplies, medications or settings when determining least intensive setting.

In determining whether health care services, supplies, or medications are Medically Necessary, the Medical Director or Review Organization may rely on the clinical coverage policies maintained by Cigna or the Review Organization. Clinical coverage policies may incorporate, without limitation and as applicable, criteria relating to U.S. Food and Drug Administration-approved labeling, the standard medical reference compendia and peer-reviewed, evidence-based scientific literature or guidelines.

HC-DFS1486 01-21

Medicare

The term Medicare means the program of medical care benefits provided under Title XVIII of the Social Security Act of 1965 as amended.

HC-DFS17 04-10
V1

Necessary Services and Supplies

The term Necessary Services and Supplies includes any charges, except charges for Room and Board, made by a Hospital for medical services and supplies actually used during Hospital Confinement.

The term Necessary Services and Supplies will not include any charges for special nursing fees, dental fees or medical fees.

HC-DFS1488 01-21

Network Pharmacy

A retail or home delivery Pharmacy that has:

- entered into an agreement with Cigna or an entity contracting on Cigna's behalf to provide Prescription Drug Products to plan enrollees.
- agreed to accept specified reimbursement rates for dispensing Prescription Drug Products.
- been designated as a Network Pharmacy for the purposes of coverage under your Employer's plan.

This term may also include, as applicable, an entity that has directly or indirectly contracted with Cigna to arrange for the provision of any Prescription Drug Products the charges for which are Covered Expenses.

HC-DFS1198 01-19

New Prescription Drug Product

A Prescription Drug Product, or new use or dosage form of a previously FDA-approved Prescription Drug Product, for the period of time starting on the date the Prescription Drug Product or newly-approved use or dosage form becomes available on the market following approval by the U.S. Food and Drug Administration (FDA) and ending on the date Cigna makes a Prescription Drug List coverage status decision.

HC-DFS1498 07-20

Nurse

The term Nurse means a Registered Graduate Nurse, a Licensed Practical Nurse or a Licensed Vocational Nurse who has the right to use the abbreviation "R.N.," "L.P.N." or "L.V.N."

HC-DFS22 04-10
V1

Other Health Care Facility

The term Other Health Care Facility means a facility other than a Hospital or Hospice Facility. Examples of Other Health Care Facilities include, but are not limited to, licensed skilled nursing facilities, rehabilitation Hospitals and subacute facilities.

HC-DFS1489 01-21

Other Health Professional

The term Other Health Professional means an individual other than a Physician who is licensed or otherwise authorized under the applicable state law to deliver medical services and supplies. Other Health Professionals include, but are not limited to physical therapists, registered nurses and licensed practical nurses. Other Health Professionals do not include providers such as Certified First Assistants, Certified Operating Room Technicians, Certified Surgical

Assistants/Technicians, Licensed Certified Surgical Assistants/Technicians, Licensed Surgical Assistants, Orthopedic Physician Assistants and Surgical First Assistants.

HC-DFS1490 01-21

Participating Provider

The term Participating Provider means a person or entity that has a direct or indirect contractual arrangement with Cigna to provide covered services and/or supplies, the Charges for which are Covered Expenses. It includes an entity that has directly or indirectly contracted with Cigna to arrange, through contracts with providers of services and/or supplies, for the provision of any services and/or supplies, the Charges for which are Covered Expenses.

HC-DFS1194 01-19

Patient Protection and Affordable Care Act of 2010 ("PPACA")

Patient Protection and Affordable Care Act of 2010 means the Patient Protection and Affordable Care Act of 2010 (Public Law 111-148) as amended by the Health Care and Education Reconciliation Act of 2010 (Public Law 111-152).

HC-DFS412 01-11

Pharmacy

A duly licensed Pharmacy that dispenses Prescription Drug Products in a retail setting or via home delivery. A home delivery Pharmacy is a Pharmacy that primarily provides Prescription Drug Products through mail order.

HC-DFS851 10-16

Pharmacy & Therapeutics (P&T) Committee

A committee comprised of physicians and an independent pharmacist that represent a range of clinical specialties. The committee regularly reviews Medical Pharmaceuticals or Prescription Drug Products, including New Prescription Drug Products, for safety and efficacy, the findings of which clinical reviews inform coverage determinations made by the Business Decision Team. The P&T Committee's review may be based on consideration of, without limitation, U.S. Food and Drug Administration-approved labeling, standard medical reference compendia, or scientific studies published in peer-reviewed English-language bio-medical journals.

HC-DFS1495 07-20

Physician

The term Physician means a licensed medical practitioner who is practicing within the scope of his license and who is licensed to prescribe and administer drugs or to perform surgery. It will also include any other licensed medical practitioner whose services are required to be covered by law in the locality where the policy is issued if he is:

- operating within the scope of his license; and
- performing a service for which benefits are provided under this plan when performed by a Physician.

HC-DFS25 04-10
V1

Prescription Drug Charge

The Prescription Drug Charge is the amount that, prior to application of the plan's cost-share requirement(s), the plan sponsor is obligated to pay for a covered Prescription Drug Product dispensed at a Network Pharmacy, including any applicable dispensing fee and tax.

HC-DFS1320 01-19
V1

Prescription Drug List

A list that categorizes drugs, Biologics (including Biosimilars) or other products covered under the plan's Prescription Drug benefits that have been approved by the U.S. Food and Drug Administration (FDA) into coverage tiers. This list is adopted by your Employer as part of the plan. The list is subject to periodic review and change, and is subject to the limitations and exclusions of the plan. You may determine to which tier a particular Prescription Drug Product has been assigned

through the website shown on your ID card or by calling customer service at the telephone number on your ID card.

HC-DFS1496 07-20

Prescription Drug Product

A drug, Biologic (including a Biosimilar), or other product that has been approved by the U.S. Food and Drug Administration (FDA), certain products approved under the Drug Efficacy Study Implementation review, or products marketed prior to 1938 and not subject to review and that can, under federal or state law, be dispensed only pursuant to a Prescription Order or Refill. For the purpose of benefits under the plan, this definition may also include products in the following categories if specifically identified in the Prescription Drug List:

- Certain durable products and supplies that support drug therapy;
- Certain diagnostic testing and screening services that support drug therapy;
- Certain medication consultation and other medication administration services that support drug therapy; and
- Certain digital products, applications, electronic devices, software and cloud based service solutions used to predict, detect and monitor health conditions in support of drug therapy.

HC-DFS1633 01-22

Prescription Order or Refill

The lawful directive to dispense a Prescription Drug Product issued by a Physician whose scope of practice permits issuing such a directive.

HC-DFS856 10-16

PPACA Preventive Medication

The Prescription Drug Products or other medications (including over-the-counter medications) designated as payable by the plan at 100% of the cost (without application of any Deductible, Copayment or Coinsurance) as required by applicable law under any of the following:

- Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force.
- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration.
- With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

A written prescription is required to process a claim for a PPACA Preventive Medication. You may determine whether a drug is a PPACA Preventive Medication through the internet website shown on your ID card or by calling member services at the telephone number on your ID card.

HC-DFS1513 10-20

Preventive Treatment

The term Preventive Treatment means treatment rendered to prevent disease or its recurrence.

HC-DFS57 04-10
V1

Primary Care Physician

The term Primary Care Physician means a Physician who qualifies as a Participating Provider in general practice, internal medicine, family practice OB/GYN or pediatrics; and who has been voluntarily selected by you and is contracted as a Primary Care Physician with, as authorized by Cigna, to provide or arrange for medical care for you or any of your insured Dependents.

HC-DFS40 04-10
V1

Psychologist

The term Psychologist means a person who is licensed or certified as a clinical psychologist. Where no licensure or certification exists, the term Psychologist means a person who is considered qualified as a clinical psychologist by a recognized psychological association. It will also include any other licensed counseling practitioner whose services are required to be covered by law in the locality where the policy is issued if he is operating within the scope of his license and performing a service for which benefits are provided under this plan when performed by a Psychologist.

HC-DFS26 04-10
V1

Review Organization

The term Review Organization refers to an affiliate of Cigna or another entity to which Cigna has delegated responsibility for performing utilization review services. The Review Organization is an organization with a staff of clinicians which may include Physicians, Registered Graduate Nurses, licensed mental health and substance use disorder professionals, and other trained staff members who perform utilization review services.

HC-DFS808 12-15

Room and Board

The term Room and Board includes all charges made by a Hospital for room and meals and for all general services and activities needed for the care of registered bed patients.

HC-DFS1481 01-21

Sickness – For Medical Insurance

The term Sickness means a physical or mental illness. It also includes pregnancy. Expenses incurred for routine Hospital and pediatric care of a newborn child prior to discharge from the Hospital nursery will be considered to be incurred as a result of Sickness.

HC-DFS50 04-10
V1

Skilled Nursing Facility

The term Skilled Nursing Facility means a licensed institution (other than a Hospital, as defined) which specializes in:

- physical rehabilitation on an inpatient basis; or
- skilled nursing and medical care on an inpatient basis;

but only if that institution: maintains on the premises all facilities necessary for medical treatment; provides such treatment, for compensation, under the supervision of Physicians; and provides Nurses' services.

HC-DFS31 04-10
V1

Specialist

The term Specialist means a Physician who provides specialized services, and is not engaged in general practice, family practice, internal medicine, obstetrics/gynecology or pediatrics.

HC-DFS33 04-10
V1

Specialty Prescription Drug Product

A Prescription Drug Product or Medical Pharmaceutical considered by Cigna to be a Specialty Prescription Drug Product based on consideration of the following factors, subject to applicable law: whether the Prescription Drug Product or Medical Pharmaceutical is prescribed and used for the treatment of a complex, chronic or rare condition; whether the Prescription Drug Product or Medical Pharmaceutical has a high acquisition cost; and, whether the Prescription Drug Product or Medical Pharmaceutical is subject to limited or restricted distribution, requires special handling and/or requires enhanced patient education, provider coordination or clinical oversight. A Specialty Prescription Drug Product may not possess all or most of the foregoing characteristics, and the presence of any one such characteristic does not guarantee that a Prescription Drug Product or Medical Pharmaceutical will be considered a Specialty Prescription Drug Product. Specialty Prescription Drug Products may vary by plan benefit assignment based on factors such as method or site of clinical administration, or by tier assignment or utilization management requirements based on factors such as acquisition cost. You may determine whether a medication is a Specialty Prescription Drug Product through the website shown on your ID card or by calling member services at the telephone number on your ID card.

HC-DFS858 10-16

Stabilize

Stabilize means, with respect to an emergency medical condition, to provide such medical treatment of the condition as may be necessary to assure, within reasonable medical probability that no material deterioration of the condition is likely to result from or occur during the transfer of the individual from a facility.

HC-DFS413 01-11

Terminal Illness

A Terminal Illness will be considered to exist if a person becomes terminally ill with a prognosis of six months or less to live, as diagnosed by a Physician.

HC-DFS54 04-10
V1

Therapeutic Alternative

A Prescription Drug Product or Medical Pharmaceutical that is of the same therapeutic or pharmacological class, and usually can be expected to have similar outcomes and adverse reaction profiles when administered in therapeutically equivalent doses as, another Prescription Drug Product, Medical Pharmaceutical or over-the-counter medication.

HC-DFS859 10-16

Therapeutic Equivalent

A Prescription Drug Product or Medical Pharmaceutical that is a pharmaceutical equivalent to another Prescription Drug Product, Medical Pharmaceutical or over-the-counter medication.

HC-DFS860 10-16

Urgent Care

Urgent Care is medical, surgical, Hospital or related health care services and testing which are not Emergency Services, but which are determined by Cigna, in accordance with generally accepted medical standards, to have been necessary to treat a condition requiring prompt medical attention. This does not include care that could have been foreseen before leaving the immediate area where you ordinarily receive and/or were scheduled to receive services. Such care includes, but is not limited to, dialysis, scheduled medical treatments or therapy, or care received after a Physician's recommendation that the insured should not travel due to any medical condition.

HC-DFS34 04-10
V1

Usual and Customary (U&C) Charge

The usual fee that a Pharmacy charges individuals for a Prescription Drug Product (and any services related to the dispensing thereof) without reference to reimbursement to the Pharmacy by third parties. The Usual and Customary (U&C) Charge includes a dispensing fee and any applicable sales tax.

Important Information

THIS IS NOT AN INSURED BENEFIT PLAN. THE BENEFITS DESCRIBED IN THIS BOOKLET OR ANY RIDER ATTACHED HERETO ARE SELF-INSURED BY CITY OF FORT LAUDERDALE WHICH IS RESPONSIBLE FOR THEIR PAYMENT. CIGNA HEALTH AND LIFE INSURANCE COMPANY (CIGNA) PROVIDES CLAIM ADMINISTRATION SERVICES TO THE PLAN, BUT CIGNA DOES NOT INSURE THE BENEFITS DESCRIBED.

THIS DOCUMENT MAY USE WORDS THAT DESCRIBE A PLAN INSURED BY CIGNA. BECAUSE THE PLAN IS NOT INSURED BY CIGNA, ALL REFERENCES TO INSURANCE SHALL BE READ TO INDICATE THAT THE PLAN IS SELF-INSURED. FOR EXAMPLE, REFERENCES TO "CIGNA," "INSURANCE COMPANY," AND "POLICYHOLDER" SHALL BE DEEMED TO MEAN YOUR "EMPLOYER" AND "POLICY" TO MEAN "PLAN" AND "INSURED" TO MEAN "COVERED" AND "INSURANCE" SHALL BE DEEMED TO MEAN "COVERAGE."

HC-NOT89

Explanation of Terms

You will find terms starting with capital letters throughout your certificate. To help you understand your benefits, most of these terms are defined in the Definitions section of your certificate.

The Schedule

The Schedule is a brief outline of your maximum benefits which may be payable under your insurance. For a full description of each benefit, refer to the appropriate section listed in the Table of Contents.

Special Plan Provisions

When you select a Participating Provider, this plan pays a greater share of the costs than if you select a non-Participating Provider. Participating Providers include Physicians, Hospitals and Other Health Professionals and Other Health Care Facilities. Consult your Physician Guide for a list of Participating Providers in your area. Participating Providers are committed to providing you and your Dependents appropriate care while lowering medical costs.

Services Available in Conjunction With Your Medical Plan

The following pages describe helpful services available in conjunction with your medical plan. You can access these services by calling the toll-free number shown on the back of your ID card.

HC-SPP70 01-21

Case Management

Case Management is a service provided through a Review Organization, which assists individuals with treatment needs that extend beyond the acute care setting. The goal of Case Management is to ensure that patients receive appropriate care in the most effective setting possible whether at home, as an outpatient, or an inpatient in a Hospital or specialized facility. Should the need for Case Management arise, a Case Management professional will work closely with the patient, his or her family and the attending Physician to determine appropriate treatment options which will best meet the patient's needs and keep costs manageable. The Case Manager will help coordinate the treatment program and arrange for necessary resources. Case Managers are also available to answer questions and provide ongoing support for the family in times of medical crisis.

Case Managers are Registered Nurses (RNs) and other credentialed health care professionals, each trained in a clinical specialty area such as trauma, high risk pregnancy and neonates, oncology, mental health, rehabilitation or general medicine and surgery. A Case Manager trained in the appropriate clinical specialty area will be assigned to you or your dependent. In addition, Case Managers are supported by a panel of Physician advisors who offer guidance on up-to-date treatment programs and medical technology. While the Case Manager recommends alternate treatment programs and helps coordinate needed resources, the patient's attending Physician remains responsible for the actual medical care.

- You, your dependent or an attending Physician can request Case Management services by calling the **toll-free number** shown on your ID card during normal business hours, Monday through Friday. In addition, your employer, a claim office or a utilization review program (see the PAC/CSR section of your certificate) may refer an individual for Case Management.
- The Review Organization assesses each case to determine whether Case Management is appropriate.
- You or your Dependent is contacted by an assigned Case Manager who explains in detail how the program works. Participation in the program is voluntary - no penalty or benefit reduction is imposed if you do not wish to participate in Case Management.
- Following an initial assessment, the Case Manager works with you, your family and Physician to determine the needs of the patient and to identify what alternate treatment programs are available (for example, in-home medical care in lieu of an extended Hospital convalescence). You are not penalized if the alternate treatment program is not followed.
- The Case Manager arranges for alternate treatment services and supplies, as needed (for example, nursing services or a Hospital bed and other Durable Medical Equipment for the home).
- The Case Manager also acts as a liaison between the insurer, the patient, his or her family and Physician as needed (for example, by helping you to understand a complex medical diagnosis or treatment plan).
- Once the alternate treatment program is in place, the Case Manager continues to manage the case to ensure the treatment program remains appropriate to the patient's needs.

While participation in Case Management is strictly voluntary, Case Management professionals can offer quality, cost-effective treatment alternatives, as well as provide assistance in obtaining needed medical resources and ongoing family support in a time of need.

HC-SPP2 04-10
V1

Additional Programs

We may, from time to time, offer or arrange for various entities to offer discounts, benefits, or other consideration to our members for the purpose of promoting the general health and well being of our members. We may also arrange for the reimbursement of all or a portion of the cost of services

provided by other parties to the Policyholder. Contact us for details regarding any such arrangements.

HC-SPP3 04-10
V1

Care Management and Care Coordination Services

Your plan may enter into specific collaborative arrangements with health care professionals committed to improving quality care, patient satisfaction and affordability. Through these collaborative arrangements, health care professionals commit to proactively providing participants with certain care management and care coordination services to facilitate achievement of these goals. Reimbursement is provided at 100% for these services when rendered by designated health care professionals in these collaborative arrangements.

HC-SPP27 06-15
V1

Important Notices

Important Information

Rebates and Other Payments

Cigna or its affiliates may receive rebates or other remuneration from pharmaceutical manufacturers in connection with certain Medical Pharmaceuticals covered under your plan and Prescription Drug Products included on the Prescription Drug List. These rebates or remuneration are not obtained on you or your Employer's or plan's behalf or for your benefit. Cigna, its affiliates and the plan are not obligated to pass these rebates on to you, or apply them to your plan's Deductible if any or take them into account in determining your Copayments and/or Coinsurance.

Cigna and its affiliates or designees, conduct business with various pharmaceutical manufacturers separate and apart from this plan's Medical Pharmaceutical and Prescription Drug Product benefits. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this plan. Cigna and its affiliates are not required to pass on to you, and do not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, Cigna or its designee may send mailings to you or your Dependents or to your Physician that communicate a variety of messages, including information about Medical Pharmaceuticals and Prescription Drug Products. These mailings may contain coupons or offers from pharmaceutical manufacturers that enable you or your Dependents, at your discretion, to purchase the described Medical Pharmaceutical and Prescription Drug Product at a discount or to obtain it at no charge. Pharmaceutical manufacturers may pay for and/or provide the content for these mailings. Cigna, its affiliates and the plan are not responsible in any way for any decision you make in connection with any coupon, incentive, or other offer you may receive from a pharmaceutical manufacturer or Physician.

SaveOnSP Specialty Program

As a participant in the plan, you may opt to enroll in the SaveOnSP program, in which certain pharmaceutical manufacturers may provide assistance for certain costs associated with specific Specialty Prescription Drug Products that are used to treat various conditions, such as: hepatitis C, multiple sclerosis, psoriasis, inflammatory bowel disease, rheumatoid arthritis, oncology and various others (specific drugs and manufacturer programs may vary from time to time).

If you have enrolled and are receiving medications under this program, manufacturer assistance will reduce or eliminate your Out-of-Pocket cost.

If you choose not to sign up with SaveOnSP, your prescription drug cost-share (the amount you pay) for the medications listed, will be as indicated at the link below, which may be amended from time to time. Any amount you pay for Specialty Prescription Drug Products included in the program will not count towards your Deductible or Out-of-Pocket Maximums, if any.

To determine if your medication qualifies for the SaveOnSP program, you can go to www.saveonsp.com/Cigna or contact SaveOnSP at 800-683-1074.

HC-IMP304 01-22

Discrimination is Against the Law

Cigna complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability or sex. Cigna does not exclude people or treat them differently because of race, color, national origin, age, disability or sex.

Cigna:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats (large print, audio, accessible electronic formats, other formats)

- Provides free language services to people whose primary language is not English, such as
  - Qualified interpreters
  - Information written in other languages

If you need these services, contact customer service at the toll-free phone number shown on your ID card, and ask a Customer Service Associate for assistance.

If you believe that Cigna has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability or sex, you can file a grievance by sending an email to ACAGrievance@cigna.com or by writing to the following address:

Cigna
Nondiscrimination Complaint Coordinator
P.O. Box 188016
Chattanooga, TN 37422

If you need assistance filing a written grievance, please call the number on the back of your ID card or send an email to ACAGrievance@cigna.com. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at: https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, or by mail or phone at:

U.S. Department of Health and Human Services
200 Independence Avenue, SW
Room 509F, HHH Building
Washington, D.C. 20201
1-800-368-1019, 800-537-7697 (TDD)

Complaint forms are available at http://www.hhs.gov/ocr/office/file/index.html.

HC-NOT97 07-17

Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA) - Non-Quantitative Treatment Limitations (NQTLs)

Federal MHPAEA regulations provide that a plan cannot impose a Non-Quantitative Treatment Limitation (NQTL) on mental health or substance use disorder (MH/SUD) benefits in any classification unless the processes, strategies, evidentiary standards, or other factors used in applying the NQTL to MH/SUD benefits are comparable to, and are applied no more stringently than, those used in applying the NQTL to medical/surgical benefits in the same classification of benefits as written and in operation under the terms of the plan.

Non-Quantitative Treatment Limitations (NQTLs) include:

- Medical management standards limiting or excluding benefits based on Medical Necessity or whether the treatment is experimental or investigative;
- Prescription drug formulary design;
- Network admission standards;
- Methods for determining in-network and out-of-network provider reimbursement rates;
- Step therapy a/k/a fail-first requirements; and
- Exclusions and/or restrictions based on geographic location, facility type or provider specialty.

A description of your plan's NQTL methodologies and processes applied to medical/surgical benefits and MH/SUD benefits is available for review by Plan Administrators (e.g. employers) and covered persons by accessing the appropriate link below:

Employers (Plan Administrators): https://cignaaccess.cigna.com/secure/app/ca/centralRepo - Log in, select Resources and Training, then select the NQTL document.

Covered Persons: www.cigna.com\sp

To determine which document applies to your plan, select the relevant health plan product; medical management model (inpatient only or inpatient and outpatient) which can be located in this booklet immediately following The Schedule; and pharmacy coverage (whether or not your plan includes pharmacy coverage).

HC-NOT113 01-20

How To File Your Claim

There's no paperwork for In-Network care. Just show your identification card and pay your share of the cost, if any; your provider will submit a claim to Cigna for reimbursement. Out-of-Network claims can be submitted by the provider if the provider is able and willing to file on your behalf. If the provider is not submitting on your behalf, you must send your completed claim form and itemized bills to the claims address listed on the claim form.

You may get the required claim forms from the website listed on your identification card or by using the toll-free number on your identification card.

CLAIM REMINDERS

- BE SURE TO USE YOUR MEMBER ID AND ACCOUNT/GROUP NUMBER WHEN YOU FILE CIGNA'S CLAIM FORMS, OR WHEN YOU CALL YOUR CIGNA CLAIM OFFICE.

  YOUR MEMBER ID IS THE ID SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.

  YOUR ACCOUNT/GROUP NUMBER IS SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.
- BE SURE TO FOLLOW THE INSTRUCTIONS LISTED ON THE BACK OF THE CLAIM FORM CAREFULLY WHEN SUBMITTING A CLAIM TO CIGNA.

Timely Filing of Out-of-Network Claims

Cigna will consider claims for coverage under our plans when proof of loss (a claim) is submitted within 180 days for Out-of-Network benefits after services are rendered. If services are rendered on consecutive days, such as for a Hospital Confinement, the limit will be counted from the last date of

service. If claims are not submitted within 180 days for Out-of-Network benefits, the claim will not be considered valid and will be denied.

WARNING: Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance or statement of claim containing any materially false information; or conceals for the purpose of misleading, information concerning any material fact thereto, commits a fraudulent insurance act.

HC-CLM25 01-11
V11

Eligibility - Effective Date

Employee Insurance

This plan is offered to you as an Employee.

Eligibility for Employee Insurance

You will become eligible for insurance on the day you complete the waiting period if:

- you are in a Class of Eligible Employees; and
- you are an eligible, regular/full-time Employee who normally works at least 32 hours a week; or
- you are an eligible, variable hour Employee who normally works an average of 30 hours per week during the City's Measurement period as required by the Affordable Care Act; and
- you pay any required contribution.

If you were previously insured and your insurance ceased, you must satisfy the Waiting Period to become insured again. If your insurance ceased because you were no longer employed in a Class of Eligible Employees, you are not required to satisfy any waiting period if you again become a member of a Class of Eligible Employees within one year after your insurance ceased.

Eligibility for Dependent Insurance

You will become eligible for Dependent Insurance on the later of:

- the day you become eligible for yourself; or
- the day you acquire your first Dependent.

Waiting Period

The first day of the month following 30 days from date of hire or promotion to a benefit eligible position.

Classes of Eligible Employees

Each Employee as reported to the insurance company by your Employer.

Effective Date of Employee Insurance

You will become insured effective the first day of the month following or coincident to receipt of enrollment requirements by signing (or electronically) an approved payroll deduction or enrollment form, as applicable, but no earlier than the date you become eligible.

Late Entrant - Employee

You are a Late Entrant if:

- you elect the insurance more than 30 days after you become eligible; or
- you again elect it after you cancel your payroll deduction (if required).

Dependent Insurance

For your Dependents to be insured, you will have to pay the required contribution, if any, toward the cost of Dependent Insurance.

Effective Date of Dependent Insurance

Your dependents will become insured effective the first day of the month following or coincident to receipt of enrollment requirements by signing (or electronically) an approved payroll deduction or enrollment form, as applicable, along with furnishing proof of dependency, but no earlier than the date you become eligible.

Late Entrant – Dependent

You are a Late Entrant for Dependent Insurance if:

- you elect that insurance more than 30 days after you become eligible for it; or
- you again elect it after you cancel your payroll deduction (if required).

Exception for Newborns

Any Dependent child born while you are insured will become insured on the date of baby's birth if you elect Dependent Insurance no later than 31 days after baby's birth. If you do not elect to insure your newborn child within such 31 days, coverage for that child will end on the 31st day. No benefits for expenses incurred beyond the 31st day will be payable.

If notice is given within 60 days of the birth of the child, the insurer may not deny coverage for a child due to the failure of the insured to timely notify the insurer of the birth of the child.

HC-ELG274 M 01-19

Important Information About Your Medical Plan

Details of your medical benefits are described on the following pages.

Opportunity to Select a Primary Care Physician

Choice of Primary Care Physician:

This medical plan does not require that you select a Primary Care Physician or obtain a referral from a Primary Care Physician in order to receive all benefits available to you under this medical plan. Notwithstanding, a Primary Care Physician may serve an important role in meeting your health care needs by providing or arranging for medical care for you and your Dependents. For this reason, we encourage the use of Primary Care Physicians and provide you with the opportunity to select a Primary Care Physician from a list provided by Cigna for yourself and your Dependents. If you choose to select a Primary Care Physician, the Primary Care Physician you select for yourself may be different from the Primary Care Physician you select for each of your Dependents.

Changing Primary Care Physicians:

You may request a transfer from one Primary Care Physician to another by contacting us at the member services number on your ID card. Any such transfer will be effective on the first day of the month following the month in which the processing of the change request is completed.

In addition, if at any time a Primary Care Physician ceases to be a Participating Provider, you or your Dependent will be notified for the purpose of selecting a new Primary Care Physician.

HC-IMP212 01-18

Open Access Plus Medical Benefits

The Schedule

For You and Your Dependents

Open Access Plus Medical Benefits provide coverage for care In-Network and Out-of-Network. To receive Open Access Plus Medical Benefits, you and your Dependents may be required to pay a portion of the Covered Expenses for services and supplies. That portion is the Deductible or Coinsurance.

When you receive services from an In-Network Provider, remind your provider to utilize In-Network Providers for x-rays, lab tests and other services to ensure the cost may be considered at the In-Network level.

If you are unable to locate an In-Network Provider in your area who can provide you with a service or supply that is covered under this plan, you must call the number on the back of your I.D. card to obtain authorization for Out-of-Network Provider coverage. If you obtain authorization for services provided by an Out-of-Network Provider, benefits for those services will be covered at the In-Network benefit level.

Coinsurance

The term Coinsurance means the percentage of Covered Expenses that an insured person is required to pay under the plan in addition to the Deductible, if any.

Deductibles

Deductibles are Covered Expenses to be paid by you or your Dependent before benefits are payable under this plan. Deductibles are in addition to any Coinsurance. Once the Deductible maximum in The Schedule has been reached, you and your family need not satisfy any further medical deductible for the rest of that year.

Out-of-Pocket Expenses

Out-of-Pocket Expenses are Covered Expenses incurred for charges that are not paid by the benefit plan. The following Expenses contribute to the Out-of-Pocket Maximum, and when the Out-of-Pocket Maximum shown in The Schedule is reached, they are payable by the benefit plan at 100%:

- Coinsurance.
- Plan Deductible.

The following Out-of-Pocket Expenses and charges do not contribute to the Out-of-Pocket Maximum, and they are not payable by the benefit plan at 100% when the Out-of-Pocket Maximum shown in The Schedule is reached:

- Non-compliance penalties.
- Any benefit deductibles.
- Provider charges in excess of the Maximum Reimbursable Charge.

Accumulation of Plan Deductibles and Out-of-Pocket Maximums

Deductibles and Out-of-Pocket Maximums will accumulate in one direction (that is, Out-of-Network will accumulate to In-Network). All other plan maximums and service-specific maximums (dollar and occurrence) cross-accumulate between In- and Out-of-Network unless otherwise noted.

Multiple Surgical Reduction

Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.

Open Access Plus Medical Benefits

The Schedule

Assistant Surgeon and Co-Surgeon Charges

Assistant Surgeon

The maximum amount payable will be limited to charges made by an assistant surgeon that do not exceed a percentage of the surgeon's allowable charge as specified in Cigna Reimbursement Policies. (For purposes of this limitation, allowable charge means the amount payable to the surgeon prior to any reductions due to coinsurance or deductible amounts.)

Co-Surgeon

The maximum amount payable for charges made by co-surgeons will be limited to the amount specified in Cigna Reimbursement Policies.

Out-of-Network Charges for Certain Services

Charges for services furnished by an Out-of-Network provider in an In-Network facility while you are receiving In-Network services at that In-Network facility: (i) are payable at the In-Network cost-sharing level; and (ii) the allowable amount used to determine the Plan's benefit payment is the amount agreed to by the Out-of-Network provider and Cigna, or as required by applicable state or Federal law.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

Out-of-Network Emergency Services Charges

1. Emergency Services are covered at the In-Network cost-sharing level if services are received from a non-Participating (Out-of-Network) Provider.
2. The allowable amount used to determine the Plan's benefit payment for covered Emergency Services rendered in an Out-of-Network Hospital, or by an Out-of-Network provider in an In-Network Hospital, is the amount agreed to by the Out-of-Network provider and Cigna, or as required by applicable state or Federal law.
3. The allowable amount used to determine the Plan’s benefit payment when Out-of-Network Emergency Services result in an inpatient admission is the median amount negotiated with In-Network facilities.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

BENEFIT HIGHLIGHTS	IN-NETWORK	OUT-OF-NETWORK
Lifetime Maximum	Unlimited	
The Percentage of Covered Expenses the Plan Pays **Note:** "No charge" means an insured person is not required to pay Coinsurance.	90%	70% of the Maximum Reimbursable Charge

BENEFIT HIGHLIGHTS	IN-NETWORK	OUT-OF-NETWORK
Maximum Reimbursable Charge The Maximum Reimbursable Charge for Out-of-Network services other than those described in the Schedule sections Out-of-Network Charges for Certain Services and Out-of-Network Emergency Services Charges is determined based on the lesser of the provider's normal charge for a similar service or supply;		
or the amount agreed to by the Out-of-Network provider and Cigna, or a policyholder-selected percentage of a fee schedule Cigna has developed that is based upon a methodology similar to a methodology utilized by Medicare to determine the allowable reimbursement for the same or similar services within the geographic market. In some cases, a Medicare based schedule will not be used and the Maximum Reimbursable Charge for covered services is determined based on the lesser of: • the provider's normal charge for a similar service or supply; or • the 80th percentile of charges made by providers of such service or supply in the geographic area where it is received as compiled in a database selected by Cigna. If sufficient charge data is unavailable in the database for that geographic area to determine the Maximum Reimbursable Charge, then data in the database for similar services may be used. **Note:** The provider may bill you for the difference between the provider's normal charge and the Maximum Reimbursable Charge, in addition to applicable deductibles and/or coinsurance.	Not Applicable	110%

BENEFIT HIGHLIGHTS	IN-NETWORK	OUT-OF-NETWORK
Note: Some providers forgive or waive the cost share obligation (e.g. your deductible and/or coinsurance) that this plan requires you to pay. Waiver of your required cost share obligation can jeopardize your coverage under this plan. For more details, see the Exclusions Section.		
Calendar Year Deductible		
Employee	$2,000 per employee	$2,000 per employee
Employee + 1	$3,000 per employee plus one	$3,000 per employee plus one
Employee + Two or more	$4,000 per employee plus two or more	$4,000 per employee plus two or more
Family Maximum Calculation		
Collective Deductible:		
All family members contribute towards the family deductible. An individual cannot have claims covered under the plan coinsurance until the total family deductible has been satisfied.		
Combined Medical/Pharmacy Calendar Year Deductible		
Combined Medical/Pharmacy Deductible: includes retail and home delivery drugs	Yes	No
Home Delivery Pharmacy Costs Contribute to the Combined Medical/Pharmacy Deductible	Yes	In-Network coverage only
Out-of-Pocket Maximum

Open Access Plus Medical Benefits

Certification Requirements - Out-of-Network

For You and Your Dependents

Pre-Admission Certification/Continued Stay Review for Hospital Confinement

Pre-Admission Certification (PAC) and Continued Stay Review (CSR) refer to the process used to certify the Medical Necessity and length of a Hospital Confinement when you or your Dependent require treatment in a Hospital:

- as a registered bed patient, except for 48/96 hour maternity stays;
- for Mental Health or Substance Use Disorder Residential Treatment Services.

You or your Dependent should request PAC prior to any non-emergency treatment in a Hospital described above. In the case of an emergency admission, you should contact the Review Organization within 48 hours after the admission. For an admission due to pregnancy, you should call the Review Organization by the end of the third month of pregnancy. CSR should be requested, prior to the end of the certified length of stay, for continued Hospital Confinement.

Covered Expenses incurred will be reduced by 50% for Hospital charges made for each separate admission to the Hospital unless PAC is received: prior to the date of admission; or in the case of an emergency admission, within 48 hours after the date of admission.

Covered Expenses incurred for which benefits would otherwise be payable under this plan for the charges listed below will not include:

- Hospital charges for Bed and Board, for treatment listed above for which PAC was performed, which are made for any day in excess of the number of days certified through PAC or CSR; and
- any Hospital charges for treatment listed above for which PAC was requested, but which was not certified as Medically Necessary.

PAC and CSR are performed through a utilization review program by a Review Organization with which Cigna has contracted.

In any case, those expenses incurred for which payment is excluded by the terms set forth above will not be considered as expenses incurred for the purpose of any other part of this plan, except for the "Coordination of Benefits" section.

Outpatient Certification Requirements – Out-of-Network

Outpatient Certification refers to the process used to certify the Medical Necessity of outpatient diagnostic testing and outpatient procedures, including, but not limited to, those listed in this section when performed as an outpatient in a Free-Standing Surgical Facility, Other Health Care Facility or a Physician's office. You or your Dependent should call the toll-free number on the back of your I.D. card to determine if Outpatient Certification is required prior to any outpatient diagnostic testing or outpatient procedures. Outpatient Certification is performed through a utilization review program by a Review Organization with which Cigna has contracted. Outpatient Certification should only be requested for non-emergency procedures or services, and should be requested by you or your Dependent at least four working days (Monday through Friday) prior to having the procedure performed or the service rendered.

Covered Expenses incurred will be reduced by 50% for charges made for any outpatient diagnostic testing or outpatient procedure performed unless Outpatient Certification is received prior to the date the testing or procedure is performed.

Covered Expenses incurred will not include expenses incurred for charges made for outpatient diagnostic testing or outpatient procedures for which Outpatient Certification was performed, but, which was not certified as Medically Necessary.

In any case, those expenses incurred for which payment is excluded by the terms set forth above will not be considered as expenses incurred for the purpose of any other part of this plan, except for the "Coordination of Benefits" section.

Outpatient Diagnostic Testing and Outpatient Procedures

Including, but not limited to:

- Advanced radiological imaging – CT Scans, MRI, MRA or PET scans.
- Home Health Care Services.
- Medical Pharmaceuticals.
- Radiation Therapy.

HC-PAC122 01-21

Prior Authorization/Pre-Authorized

The term Prior Authorization means the approval that a Participating Provider must receive from the Review Organization, prior to services being rendered, in order for certain services and benefits to be covered under this policy.

Services that require Prior Authorization include, but are not limited to:

- inpatient Hospital services, except for 48/96 hour maternity stays.

- inpatient services at any participating Other Health Care Facility.
- residential treatment.
- outpatient facility services.
- partial hospitalization.
- intensive outpatient programs.
- advanced radiological imaging.
- non-emergency Ambulance.
- certain Medical Pharmaceuticals.
- home health care services.
- radiation therapy.
- transplant services.

HC-PRA55 01-21

Covered Expenses

The term Covered Expenses means expenses incurred by a person while covered under this plan for the charges listed below for:

- preventive care services; and
- services or supplies that are Medically Necessary for the care and treatment of an Injury or a Sickness, as determined by Cigna.

As determined by Cigna, Covered Expenses may also include all charges made by an entity that has directly or indirectly contracted with Cigna to arrange, through contracts with providers of services and/or supplies, for the provision of any services and/or supplies listed below. **Any applicable Copayments, Deductibles or limits are shown in The Schedule.**

Covered Expenses

- charges for inpatient Room and Board and other Necessary Services and Supplies made by a Hospital, subject to the limits as shown in The Schedule.
- charges for inpatient Room and Board and other Necessary Services and Supplies made by an Other Health Care Facility, including a Skilled Nursing Facility, a Rehabilitation Hospital or a subacute facility as shown in The Schedule.
- charges for licensed Ambulance service to the nearest Hospital where the needed medical care and treatment can be provided.
- charges for outpatient medical care and treatment received at a Hospital.
- charges for outpatient medical care and treatment received at a Free-Standing Surgical Facility.
- charges for Emergency Services.
- charges for Urgent Care.
- charges by a Physician or a Psychologist for professional services.
- charges by a Nurse for professional nursing service.
- charges for anesthetics, including, but not limited to supplies and their administration.
- charges for diagnostic x-ray.
- charges for advanced radiological imaging, including for example CT Scans, MRI, MRA and PET scans and laboratory examinations, x-ray, radiation therapy and radium and radioactive isotope treatment and other therapeutic radiological procedures.
- charges for chemotherapy.
- charges for blood transfusions.
- charges for oxygen and other gases and their administration.
- charges for Medically Necessary foot care for diabetes, peripheral neuropathies, and peripheral vascular disease.
- charges for screening prostate-specific antigen (PSA) testing.
- charges for laboratory services, radiation therapy and other diagnostic and therapeutic radiological procedures.
- charges made for Family Planning, including medical history, physical exam, related laboratory tests, medical supervision in accordance with generally accepted medical practices, other medical services, information and counseling on contraception, implanted/injected contraceptives, after appropriate counseling, medical services connected with surgical therapies (tubal ligations, vasectomies).
- charges for the following preventive care services as defined by recommendations from the following:
  - the U.S. Preventive Services Task Force (A and B recommendations);
  - the Advisory Committee on Immunization Practices (ACIP) for immunizations;
  - the American Academy of Pediatrics' Periodicity Schedule of the Bright Futures Recommendations for Pediatric Preventive Health Care;
  - the Uniform Panel of the Secretary's Advisory Committee on Heritable Disorders in Newborns and Children; and
  - with respect to women, evidence-informed preventive care and screening guidelines supported by the Health Resources and Services Administration.

Detailed information is available at www.healthcare.gov. For additional information on immunizations, visit the immunization schedule section of www.cdc.gov.

- charges for medical diagnostic services to determine the cause of erectile dysfunction. Penile implants are covered for an established medical condition that clearly is the cause of erectile dysfunction, such as postoperative prostatectomy and diabetes. Penile implants are not covered as treatment of psychogenic erectile dysfunction.
- charges for surgical and non-surgical treatment of Temporomandibular Joint Dysfunction (TMJ).
- charges for acupuncture.
- Medically Necessary orthognathic surgery to repair or correct a severe facial deformity or disfigurement.

Virtual Care

Dedicated Virtual Providers

Charges for the delivery of medical and health-related services and consultations by dedicated virtual providers as medically appropriate through audio, video, and secure internet-based technologies.

Virtual Physician Services

Charges for the delivery of medical and health-related services and consultations as medically appropriate through audio, video, and secure internet-based technologies that are similar to office visit services provided in a face-to-face setting.

Charges for behavioral consultations and services via secure telecommunications technologies that shall include video capability, including telephones and internet, when delivered through a behavioral provider.

Convenience Care Clinic

Convenience Care Clinics provide for common ailments and routine services, including but not limited to, strep throat, ear infections or pink eye, immunizations and flu shots.

Nutritional Counseling

Charges for nutritional counseling when diet is a part of the medical management of a medical or behavioral condition.

Enteral Nutrition

Enteral Nutrition means medical foods that are specially formulated for enteral feedings or oral consumption.

Coverage includes medically approved formulas prescribed by a Physician for treatment of inborn errors of metabolism (e.g., disorders of amino acid or organic acid metabolism).

Internal Prosthetic/Medical Appliances

Charges for internal prosthetic/medical appliances that provide permanent or temporary internal functional supports for non-functional body parts are covered. Medically Necessary repair, maintenance or replacement of a covered appliance is also covered.

HC-COV1122 01-22

Home Health Care Services

Charges for skilled care provided by certain health care providers during a visit to the home, when the home is determined to be a medically appropriate setting for the services. A visit is defined as a period of 2 hours or less. Home Health Care Services are subject to a maximum of 16 hours in total per day.

Home Health Care Services are covered when skilled care is required under any of the following conditions:

- the required skilled care cannot be obtained in an outpatient facility.
- confinement in a Hospital or Other Health Care Facility is not required.
- the patient's home is determined by Cigna to be the most medically appropriate place to receive specific services.

Covered services include:

- skilled nursing services provided by a Registered Nurse (RN), Licensed Practical Nurse (LPN), Licensed Vocational Nurse (LVN) and an Advanced Practice Registered Nurse (APRN).
- services provided by health care providers such as physical therapist, occupational therapist and speech therapist.
- services of a home health aide when provided in direct support of those nurses and health care providers.
- necessary consumable medical supplies and home infusion therapy administered or used by a health care provider.

Note: Physical, occupational, and other Outpatient Therapy Services provided in the home are covered under the Outpatient Therapy Services benefit shown in The Schedule.

The following are excluded from coverage:

- services provided by a person who is a member of the patient's family, even when that person is a health care provider.
- services provided by a person who normally resides in the patient's house, even when that person is a health care provider.
- non-skilled care, Custodial Services, and assistance in the activities of daily living, including but not limited to eating, bathing, dressing or other services; self-care activities; homemaker services; and services primarily for rest, domiciliary or convalescent care.

Home Health Care Services, for a patient who is dependent upon others for non-skilled care and/or Custodial Services, is provided only when there is a family member or caregiver present in the home at the time of the health care visit to provide the non-skilled care and/or Custodial Services.

HC-COV1123 01-22

Hospice Care Services

- charges for a person who has been diagnosed as having six months or fewer to live, due to Terminal Illness, for the following Hospice Care Services provided under a Hospice Care Program:
  - by a Hospice Facility for Room and Board and Services and Supplies;
  - by a Hospice Facility for services provided on an outpatient basis;
  - by a Physician for professional services;
  - by a Psychologist, social worker, family counselor or ordained minister for individual and family counseling;
  - for pain relief treatment, including drugs, medicines and medical supplies;
  - by an Other Health Care Facility for:
    - part-time or intermittent nursing care by or under the supervision of a Nurse;
    - part-time or intermittent services of an Other Health Professional;
  - charges for physical, occupational and speech therapy;
  - charges for medical supplies; drugs and medicines lawfully dispensed only on the written prescription of a Physician; and laboratory services; but only to the extent such charges would have been payable under the policy if the person had remained or been Confined in a Hospital or Hospice Facility.

The following charges for Hospice Care Services are not included as Covered Expenses:

- for the services of a person who is a member of your family or your Dependent's family or who normally resides in your house or your Dependent's house;
- for any period when you or your Dependent is not under the care of a Physician;
- for services or supplies not listed in the Hospice Care Program;
- for any curative or life-prolonging procedures;
- to the extent that any other benefits are payable for those expenses under the policy;
- for services or supplies that are primarily to aid you or your Dependent in daily living.

HC-COV980 01-21

Mental Health and Substance Use Disorder Services

Mental Health Services are services that are required to treat a disorder that impairs the behavior, emotional reaction or thought processes. In determining benefits payable, charges made for the treatment of any physiological conditions related to Mental Health will not be considered to be charges made for treatment of Mental Health.

Substance Use Disorder is defined as the psychological or physical dependence on alcohol or other mind-altering drugs that requires diagnosis, care, and treatment. In determining benefits payable, charges made for the treatment of any physiological conditions related to rehabilitation services for alcohol or drug abuse or addiction will not be considered to be charges made for treatment of Substance Use Disorder.

Inpatient Mental Health Services

Services that are provided by a Hospital while you or your Dependent is Confined in a Hospital for the treatment and evaluation of Mental Health. Inpatient Mental Health Services include Mental Health Residential Treatment Services.

Mental Health Residential Treatment Services are services provided by a Hospital for the evaluation and treatment of the psychological and social functional disturbances that are a result of subacute Mental Health conditions.

Mental Health Residential Treatment Center means an institution which specializes in the treatment of psychological and social disturbances that are the result of Mental Health conditions; provides a subacute, structured, psychotherapeutic treatment program, under the supervision of Physicians; provides 24-hour care, in which a person lives in an open setting; and is licensed in accordance with the laws of the appropriate legally authorized agency as a residential treatment center.

A person is considered confined in a Mental Health Residential Treatment Center when she/he is a registered bed patient in a Mental Health Residential Treatment Center upon the recommendation of a Physician.

Outpatient Mental Health Services

Services of Providers who are qualified to treat Mental Health when treatment is provided on an outpatient basis, while you or your Dependent is not Confined in a Hospital, and is provided in an individual, group or Mental Health Partial Hospitalization or Intensive Outpatient Therapy Program. Covered services include, but are not limited to, outpatient treatment of conditions such as: anxiety or depression which

interfere with daily functioning; emotional adjustment or concerns related to chronic conditions, such as psychosis or depression; emotional reactions associated with marital problems or divorce; child/adolescent problems of conduct or poor impulse control; affective disorders; suicidal or homicidal threats or acts; eating disorders; or acute exacerbation of chronic Mental Health conditions (crisis intervention and relapse prevention) and outpatient testing and assessment.

Mental Health Partial Hospitalization Services are rendered not less than 4 hours and not more than 12 hours in any 24-hour period by a certified/licensed Mental Health program in accordance with the laws of the appropriate legally authorized agency.

A Mental Health Intensive Outpatient Therapy Program consists of distinct levels or phases of treatment that are provided by a certified/licensed Mental Health program in accordance with the laws of the appropriate, legally authorized agency. Intensive Outpatient Therapy Programs provide a combination of individual, family and/or group therapy in a day, totaling nine or more hours in a week.

Inpatient Substance Use Disorder Rehabilitation Services

Services provided for rehabilitation, while you or your Dependent is Confined in a Hospital, when required for the diagnosis and treatment of abuse or addiction to alcohol and/or drugs. Inpatient Substance Use Disorder Services include Residential Treatment services.

Substance Use Disorder Residential Treatment Services are services provided by a Hospital for the evaluation and treatment of the psychological and social functional disturbances that are a result of subacute Substance Use Disorder conditions.

Substance Use Disorder Residential Treatment Center means an institution which specializes in the treatment of psychological and social disturbances that are the result of Substance Use Disorder; provides a subacute, structured, psychotherapeutic treatment program, under the supervision of Physicians; provides 24-hour care, in which a person lives in an open setting; and is licensed in accordance with the laws of the appropriate legally authorized agency as a residential treatment center.

A person is considered confined in a Substance Use Disorder Residential Treatment Center when she/he is a registered bed patient in a Substance Use Disorder Residential Treatment Center upon the recommendation of a Physician.

Outpatient Substance Use Disorder Rehabilitation Services

Services provided for the diagnosis and treatment of Substance Use Disorder or addiction to alcohol and/or drugs, while you or your Dependent is not Confined in a Hospital, including outpatient rehabilitation in an individual, or a Substance Use Disorder Partial Hospitalization or Intensive Outpatient Therapy Program.

Substance Use Disorder Partial Hospitalization Services are rendered no less than 4 hours and not more than 12 hours in any 24-hour period by a certified/licensed Substance Use Disorder program in accordance with the laws of the appropriate legally authorized agency.

A Substance Use Disorder Intensive Outpatient Therapy Program consists of distinct levels or phases of treatment that are provided by a certified/licensed Substance Use Disorder program in accordance with the laws of the appropriate legally authorized agency. Intensive Outpatient Therapy Programs provide a combination of individual, family and/or group therapy in a day, totaling nine, or more hours in a week.

Substance Use Disorder Detoxification Services

Detoxification and related medical ancillary services are provided when required for the diagnosis and treatment of addiction to alcohol and/or drugs. Cigna will decide, based on the Medical Necessity of each situation, whether such services will be provided in an inpatient or outpatient setting.

Exclusions

The following are specifically excluded from Mental Health and Substance Use Disorder Services:

- treatment of disorders which have been diagnosed as organic mental disorders associated with permanent dysfunction of the brain.
- developmental disorders, including but not limited to, developmental reading disorders, developmental arithmetic disorders, developmental language disorders or developmental articulation disorders.
- counseling for activities of an educational nature.
- counseling for borderline intellectual functioning.
- counseling for occupational problems.
- counseling related to consciousness raising.
- vocational or religious counseling.
- I.Q. testing.
- custodial care, including but not limited to geriatric day care.
- psychological testing on children requested by or for a school system.
- occupational/recreational therapy programs even if combined with supportive therapy for age-related cognitive decline.

Durable Medical Equipment

- charges made for purchase or rental of Durable Medical Equipment that is ordered or prescribed by a Physician and provided by a vendor approved by Cigna for use outside a Hospital or Other Health Care Facility. Coverage for repair, replacement or duplicate equipment is provided only when required due to anatomical change and/or reasonable wear and tear. All maintenance and repairs that result from a person's misuse are the person's responsibility.

Durable Medical Equipment is defined as items which are designed for and able to withstand repeated use by more than one person; customarily serve a medical purpose; generally are not useful in the absence of Injury or Sickness; are appropriate for use in the home; and are not disposable. Such equipment includes, but is not limited to, crutches, hospital beds, ventilators, insulin pumps and wheel chairs.

Durable Medical Equipment items that are not covered include but are not limited to those that are listed below:

- **Bed Related Items:** bed trays, over the bed tables, bed wedges, pillows, custom bedroom equipment, mattresses, including nonpower mattresses, custom mattresses and posturepedic mattresses.
- **Bath Related Items:** bath lifts, nonportable whirlpools, bathtub rails, toilet rails, raised toilet seats, bath benches, bath stools, hand held showers, paraffin baths, bath mats, and spas.
- **Fixtures to Real Property:** ceiling lifts and wheelchair ramps.
- **Car/Van Modifications.**
- **Air Quality Items:** room humidifiers, vaporizers and air purifiers.
- **Other Equipment:** centrifuges, needleless injectors, heat lamps, heating pads, cryounits, cryotherapy machines, ultraviolet cabinets, that emit Ultraviolet A (UVA) rays sheepskin pads and boots, postural drainage board, AC/DC adaptors, scales (baby and adult), stair gliders, elevators, saunas, cervical and lumbar traction devices, exercise equipment and diathermy machines.

HC-COV1124 02-21

External Prosthetic Appliances and Devices

- charges made or ordered by a Physician for: the initial purchase and fitting of external prosthetic appliances and devices available only by prescription which are necessary for the alleviation or correction of Injury, Sickness or congenital defect.

External prosthetic appliances and devices include prostheses/prosthetic appliances and devices; orthoses and orthotic devices; braces; and splints.

Prostheses/Prosthetic Appliances and Devices

Prostheses/prosthetic appliances and devices are defined as fabricated replacements for missing body parts. Prostheses/prosthetic appliances and devices include, but are not limited to:

- limb prostheses;
- terminal devices such as hands or hooks;
- speech prostheses; and
- facial prostheses.

Orthoses and Orthotic Devices

Orthoses and orthotic devices are defined as orthopedic appliances or apparatuses used to support, align, prevent or correct deformities. Coverage is provided for custom foot orthoses and other orthoses as follows:

- Non-foot orthoses – only the following non-foot orthoses are covered:
  - rigid and semi-rigid custom fabricated orthoses;
  - semi-rigid prefabricated and flexible orthoses; and
  - rigid prefabricated orthoses including preparation, fitting and basic additions, such as bars and joints.
- Custom foot orthoses – custom foot orthoses are only covered as follows:
  - for persons with impaired peripheral sensation and/or altered peripheral circulation (e.g. diabetic neuropathy and peripheral vascular disease);
  - when the foot orthosis is an integral part of a leg brace and is necessary for the proper functioning of the brace;
  - when the foot orthosis is for use as a replacement or substitute for missing parts of the foot (e.g. amputated toes) and is necessary for the alleviation or correction of Injury, Sickness or congenital defect; and
  - for persons with neurologic or neuromuscular condition (e.g. cerebral palsy, hemiplegia, spina bifida) producing spasticity, malalignment, or pathological positioning of the foot and there is reasonable expectation of improvement.

The following are specifically excluded orthoses and orthotic devices:

- prefabricated foot orthoses;
- cranial banding and/or cranial orthoses. Other similar devices are excluded except when used postoperatively for synostotic plagiocephaly. When used for this indication, the cranial orthosis will be subject to the limitations and

maximums of the External Prosthetic Appliances and Devices benefit;

- orthosis shoes, shoe additions, procedures for foot orthopedic shoes, shoe modifications and transfers;
- non-foot orthoses primarily used for cosmetic rather than functional reasons; and
- non-foot orthoses primarily for improved athletic performance or sports participation.

Braces

A Brace is defined as an orthosis or orthopedic appliance that supports or holds in correct position any movable part of the body and that allows for motion of that part.

The following braces are specifically excluded: Copes scoliosis braces.

Splints

A Splint is defined as an appliance for preventing movement of a joint or for the fixation of displaced or movable parts.

Coverage for replacement of external prosthetic appliances and devices is limited to the following:

- replacement due to regular wear. Replacement for damage due to abuse or misuse by the person will not be covered.
- replacement required because anatomic change has rendered the external prosthetic appliance or device ineffective. Anatomic change includes significant weight gain or loss, atrophy and/or growth.
- replacement due to a surgical alteration or revision of the impacted site.

Coverage for replacement is limited as follows:

- no more than once every 24 months for persons 19 years of age and older.
- no more than once every 12 months for persons 18 years of age and under.

The following are specifically excluded external prosthetic appliances and devices:

- external and internal power enhancements for external prosthetic devices; or
- microprocessor controlled prostheses and orthoses; and
- myoelectric and orthoses.

HC-COV1125 01-22

Outpatient Therapy Services

Charges for the following therapy services:

Cognitive Therapy, Occupational Therapy, Osteopathic Manipulation, Physical Therapy, Pulmonary Rehabilitation, Speech Therapy

- Charges for therapy services are covered when provided as part of a program of treatment.

Cardiac Rehabilitation

- Charges for Phase II cardiac rehabilitation provided on an outpatient basis following diagnosis of a qualifying cardiac condition when Medically Necessary. Phase II is a Hospital-based outpatient program following an inpatient Hospital discharge. The Phase II program must be Physician directed with active treatment and EKG monitoring.

  Phase III and Phase IV cardiac rehabilitation is not covered. Phase III follows Phase II and is generally conducted at a recreational facility primarily to maintain the patient's status achieved through Phases I and II. Phase IV is an advancement of Phase III which includes more active participation and weight training.

Chiropractic Care Services

- Charges for diagnostic and treatment services utilized in an office setting by chiropractic Physicians. Chiropractic treatment includes the conservative management of acute neuromusculoskeletal conditions through manipulation and ancillary physiological treatment rendered to specific joints to restore motion, reduce pain, and improve function. For these services you have direct access to qualified chiropractic Physicians.

Coverage is provided when Medically Necessary in the most medically appropriate setting to:

- Restore function (called "rehabilitative"):
  - To restore function that has been impaired or lost.
  - To reduce pain as a result of Sickness, Injury, or loss of a body part.
- Improve, adapt or attain function (sometimes called "habilitative"):
  - To improve, adapt or attain function that has been impaired or was never achieved as a result of congenital abnormality (birth defect).
  - To improve, adapt or attain function that has been impaired or was never achieved because of mental health and substance use disorder conditions. Includes conditions such as autism and intellectual disability, or mental health and substance use disorder conditions that result in a developmental delay.

Coverage is provided as part of a program of treatment when the following criteria are met:

- The individual's condition has the potential to improve or is improving in response to therapy, and maximum improvement is yet to be attained.
- There is an expectation that the anticipated improvement is attainable in a reasonable and generally predictable period of time.
- The therapy is provided by, or under the direct supervision of, a licensed health care professional acting within the scope of the license.
- The therapy is Medically Necessary and medically appropriate for the diagnosed condition.

Coverage for occupational therapy is provided only for purposes of enabling individuals to perform the activities of daily living after an Injury or Sickness.

Therapy services that are not covered include:

- sensory integration therapy.
- treatment of dyslexia.
- maintenance or preventive treatment provided to prevent recurrence or to maintain the patient's current status.
- charges for Chiropractic Care not provided in an office setting.
- vitamin therapy.

Coverage is administered according to the following:

- Multiple therapy services provided on the same day constitute one day of service for each therapy type.

HC-COV982 01-21

Breast Reconstruction and Breast Prostheses

- charges made for reconstructive surgery following a mastectomy; benefits include: surgical services for reconstruction of the breast on which surgery was performed; surgical services for reconstruction of the non-diseased breast to produce symmetrical appearance; postoperative breast prostheses; and mastectomy bras and prosthetics, limited to the lowest cost alternative available that meets prosthetic placement needs. During all stages of mastectomy, treatment of physical complications, including lymphedema therapy, are covered.

Reconstructive Surgery

- charges made for reconstructive surgery or therapy to repair or correct a severe physical deformity or disfigurement which is accompanied by functional deficit; (other than abnormalities of the jaw or conditions related to TMJ disorder) provided that: the surgery or therapy restores or improves function; reconstruction is required as a result of Medically Necessary, non-cosmetic surgery; or the surgery or therapy is performed prior to age 19 and is required as a result of the congenital absence or agenesis (lack of formation or development) of a body part. Repeat or subsequent surgeries for the same condition are covered only when there is the probability of significant additional improvement as determined by the utilization review Physician.

HC-COV631 12-17

Transplant Services and Related Specialty Care

Charges made for human organ and tissue transplant services which include solid organ and bone marrow/stem cell procedures at designated facilities throughout the United States or its territories. This coverage is subject to the following conditions and limitations.

Transplant services include the recipient's medical, surgical and Hospital services; inpatient immunosuppressive medications; and costs for organ or bone marrow/stem cell procurement. Transplant services are covered only if they are required to perform any of the following human to human organ or tissue transplants: allogeneic bone marrow/stem cell, autologous bone marrow/stem cell, cornea, heart, heart/lung, kidney, kidney/pancreas, liver, lung, pancreas or intestine which includes small bowel-liver or multi-visceral. Implantation procedures are also covered for artificial heart, percutaneous ventricular assist device (PVAD), extracorporeal membrane oxygenation (ECMO) ventricular assist device (VAD) and intra-aortic balloon pump (IABP) are also covered.

- All transplant services and related specialty care services, other than cornea transplants, are covered when received at Cigna LifeSOURCE Transplant Network® facilities.
- Transplant services and related specialty care services received at Participating Provider facilities specifically contracted with Cigna for those transplant services and related specialty care services, other than Cigna LifeSOURCE Transplant Network® facilities, are payable at the In-Network level.
- Transplant services and related specialty care services received at any other facility, including non-Participating Provider facilities and Participating Provider facilities not specifically contracted with Cigna for transplant services and related specialty care services, are covered at the Out-of-Network level.
- Cornea transplants received at a facility that is specifically contracted with Cigna for this type of transplant are payable at the In-Network level.

Coverage for organ procurement costs are limited to costs directly related to the procurement of an organ, from a cadaver

or a live donor. Organ procurement costs shall consist of hospitalization and surgery necessary for removal of an organ and transportation of a live donor (refer to Transplant and Related Specialty Care Travel Services). Compatibility testing undertaken prior to procurement is covered if Medically Necessary. Costs related to the search for, and identification of a bone marrow or stem cell donor for an allogeneic transplant are also covered.

Advanced cellular therapy, including but not limited to, immune effector cell therapies and Chimeric Antigen Receptor Therapy (CAR-T) cellular therapy, is covered when performed at a Cigna LifeSOURCE Transplant Network® facility with an approved stem cell transplant program. Advanced cellular therapy received at Participating Provider facilities specifically contracted with Cigna for advanced cellular therapy, other than Cigna LifeSOURCE Transplant Network® facilities, are payable at the In-Network level. Advanced cellular therapy received at any other facility, including non-Participating Provider facilities and Participating Provider facilities not specifically contracted with Cigna for advanced cellular therapy, covered at the Out-of-Network level.

Transplant and Related Specialty Care Travel Services

Charges made for non-taxable travel expenses incurred by you in connection with a preapproved organ/tissue transplant are covered subject to the following conditions and limitations:

- Transplant and related specialty care travel benefits are not available for cornea transplants.
- Benefits for transportation and lodging are available to the recipient of a preapproved organ/tissue transplant and/or related specialty care from a designated Cigna LifeSOURCE Transplant Network® facility.
- The term recipient is defined to include a person receiving authorized transplant related services during any of the following: evaluation, candidacy, transplant event, or post-transplant care.
- Travel expenses for the person receiving the transplant will include charges for: transportation to and from the designated Cigna LifeSOURCE Transplant Network® facility (including charges for a rental car used during a period of care at the designated Cigna LifeSOURCE Transplant Network® facility); and lodging while at, or traveling to and from, the designated Cigna LifeSOURCE Transplant Network® facility.
- In addition to your coverage for the charges associated with the items above, such charges will also be considered covered travel expenses for one companion to accompany you. The term companion includes your spouse, a member of your family, your legal guardian, or any person not related to you, but actively involved as your caregiver who is at least 18 years of age.
- The following are specifically excluded travel expenses: any expenses that if reimbursed would be taxable income, travel costs incurred due to travel within 60 miles of your home; food and meals; laundry bills; telephone bills; alcohol or tobacco products; and charges for transportation that exceed coach class rates.

These benefits for Transplant Services and Related Specialty Care, and for Transplant and Related Specialty Care Travel Services are only available when the covered person is the recipient of an organ/tissue transplant. Travel expenses for the designated live donor for a covered recipient are covered subject to the same conditions and limitations noted above. Charges for the expenses of a donor companion are not covered. No transplant and related specialty care services or travel benefits are available when the covered person is the donor for an organ/tissue transplant, the transplant recipient's plan would cover all donor costs.

HC-COV1126 01-22

Medical Pharmaceuticals

The plan covers charges made for Medical Pharmaceuticals that are administered in an Inpatient setting, Outpatient setting, Physician's office, or in a covered person's home.

Benefits under this section are provided only for Medical Pharmaceuticals which, due to their characteristics (as determined by Cigna), are required to be administered, or the administration of which must be directly supervised, by a qualified Physician or Other Health Professional. Benefits payable under this section include Medical Pharmaceuticals whose administration may initially, or typically, require Physician or Other Health Professional oversight but may be self-administered under certain conditions specified in the product's FDA labeling.

Certain Medical Pharmaceuticals are subject to prior authorization requirements or other coverage conditions. Additionally, certain Medical Pharmaceuticals are subject to step therapy requirements. This means that in order to receive benefits for such Medical Pharmaceuticals, you are required to try a different Medical Pharmaceutical and/or Prescription Drug Product first.

Utilization management requirements or other coverage conditions are based on a number of factors, which may include clinical and economic factors. Clinical factors may include, but are not limited to, the P&T Committee's evaluations of the place in therapy, relative safety or relative efficacy of Medical Pharmaceuticals as well as whether certain supply limits or other utilization management requirements should apply. Economic factors may include, but are not limited to, the Medical Pharmaceutical's cost including, but not limited to, assessments on the cost

effectiveness of the Medical Pharmaceuticals and available rebates. Regardless of its eligibility for coverage under your plan, whether a particular Prescription Drug Product is appropriate for you or any of your Dependents is a determination that is made by you (or your Dependent) and the prescribing Physician.

The coverage criteria for a Medical Pharmaceutical may change periodically for various reasons. For example, a Medical Pharmaceutical may be removed from the market, a new Medical Pharmaceutical in the same therapeutic class as a Medical Pharmaceutical may become available, or other market events may occur. Market events that may affect the coverage status of a Medical Pharmaceutical include, but are not limited to, an increase in the cost of a Medical Pharmaceutical.

HC-COV1168 01-22

Gene Therapy

Charges for gene therapy products and services directly related to their administration are covered when Medically Necessary. Gene therapy is a category of pharmaceutical products approved by the U.S. Food and Drug Administration (FDA) to treat or cure a disease by:

- replacing a disease-causing gene with a healthy copy of the gene.
- inactivating a disease-causing gene that may not be functioning properly.
- introducing a new or modified gene into the body to help treat a disease.

Each gene therapy product is specific to a particular disease and is administered in a specialized manner. Cigna determines which products are in the category of gene therapy, based in part on the nature of the treatment and how it is distributed and administered.

Coverage includes the cost of the gene therapy product; medical, surgical, and facility services directly related to administration of the gene therapy product; and professional services.

Gene therapy products and their administration are covered when prior authorized to be received at In-Network facilities specifically contracted with Cigna for the specific gene therapy service. Gene therapy products and their administration received at other facilities are not covered.

Gene Therapy Travel Services

Charges made for non-taxable travel expenses incurred by you in connection with a prior authorized gene therapy procedure are covered subject to the following conditions and limitations.

Benefits for transportation and lodging are available to you only when you are the recipient of a prior authorized gene therapy; and when the gene therapy products and services directly related to their administration are received at a participating In-Network facility specifically contracted with Cigna for the specific gene therapy service. The term recipient is defined to include a person receiving prior authorized gene therapy related services during any of the following: evaluation, candidacy, event, or post care.

Travel expenses for the person receiving the gene therapy include charges for: transportation to and from the gene therapy site (including charges for a rental car used during a period of care at the facility); and lodging while at, or traveling to and from, the site.

In addition to your coverage for the charges associated with the items above, such charges will also be considered covered travel expenses for one companion to accompany you. The term companion includes your spouse, a member of your family, your legal guardian, or any person not related to you, but actively involved as your caregiver who is at least 18 years of age.

The following are specifically excluded travel expenses: any expenses that if reimbursed would be taxable income, travel costs incurred due to travel within 60 miles of your home; food and meals; laundry bills; telephone bills; alcohol or tobacco products; and charges for transportation that exceed coach class rates.

HC-COV873 01-20

Clinical Trials

This plan covers routine patient care costs and services related to an approved clinical trial for a qualified individual. The individual must be eligible to participate according to the trial protocol and **either** of the following conditions must be met:

- the referring health care professional is a participating health care provider and has concluded that the individual's participation in such trial would be appropriate; or
- the individual provides medical and scientific information establishing that the individual's participation in the clinical trial would be appropriate.

In addition to qualifying as an individual, the clinical trial must also meet certain criteria in order for patient care costs and services to be covered.

The clinical trial must be a phase I, phase II, phase III, or phase IV clinical trial conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition that meets **any** of the following criteria:

- it is a federally funded trial. The study or investigation is approved or funded (which may include funding through in-kind contributions) by one or more of the following:
  - National Institutes of Health (NIH).
  - Centers for Disease Control and Prevention (CDC).
  - Agency for Health Care Research and Quality (AHRQ).
  - Centers for Medicare and Medicaid Services (CMS).
  - a cooperative group or center of any of the entities described above or the Department of Defense (DOD) or the Department of Veterans Affairs (VA).
  - a qualified non-governmental research entity identified in NIH guidelines for center support grants.
  - any of the following: Department of Energy, Department of Defense, Department of Veterans Affairs, if **both** of the following conditions are met:
    - the study or investigation has been reviewed and approved through a system of peer review comparable to the system of peer review of studies and investigations used by the National Institutes of Health (NIH); and
    - the study or investigation assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.
  - the study or investigation is conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration (FDA).
  - the study or investigation is a drug trial that is exempt from having such an investigational new drug application.

The plan does not cover any of the following services associated with a clinical trial:

- services that are not considered routine patient care costs and services, including the following:
  - the investigational drug, device, item, or service that is provided solely to satisfy data collection and analysis needs.
  - an item or service that is not used in the direct clinical management of the individual.
  - a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.
- an item or service provided by the research sponsors free of charge for any person enrolled in the trial.
- travel and transportation expenses, unless otherwise covered under the plan, including but not limited to the following:
  - fees for personal vehicle, rental car, taxi, medical van, ambulance, commercial airline, train.
  - mileage reimbursement for driving a personal vehicle.
  - lodging.
  - meals.
- routine patient costs obtained out-of-network when Out-of-Network benefits do not exist under the plan.

Examples of routine patient care costs and services include:

- radiological services.
- laboratory services.
- intravenous therapy.
- anesthesia services.
- Physician services.
- office services.
- Hospital services.
- Room and Board, and medical supplies that typically would be covered under the plan for an individual who is not enrolled in a clinical trial.

Clinical trials conducted by Out-of-Network providers will be covered only when the following conditions are met:

- In-Network providers are not participating in the clinical trial; or
- the clinical trial is conducted outside the individual's state of residence.

HC-COV1128 01-22

Prescription Drug Benefits
The Schedule

For You and Your Dependents

This plan provides Prescription Drug benefits for Prescription Drug Products provided by Pharmacies as shown in this Schedule. To receive Prescription Drug Benefits, you and your Dependents may be required to pay a Deductible, Copayment or Coinsurance requirement for Covered Expenses for Prescription Drug Products.

You and your Dependents will pay 100% of the cost of any Prescription Drug Product excluded from coverage under this plan. The amount you and your Dependent pays for any excluded Prescription Drug Product to the dispensing Pharmacy, will not count towards your Deductible, if any, or Out-of-Pocket Maximum.

Coinsurance

The term Coinsurance means the percentage of the Prescription Drug Charge for a covered Prescription Drug Product that you or your Dependent are required to pay under this plan in addition to the Deductible, if any.

BENEFIT HIGHLIGHTS	NETWORK PHARMACY	NON-NETWORK PHARMACY
Lifetime Maximum	Refer to the Medical Benefits Schedule	Refer to the Medical Benefits Schedule
Calendar Year Deductible		
Individual	Refer to the Medical Benefits Schedule	Refer to the Medical Benefits Schedule
Family	Refer to the Medical Benefits Schedule	Refer to the Medical Benefits Schedule
Out-of-Pocket Maximum		
Individual	Refer to the Medical Benefits Schedule	Refer to the Medical Benefits Schedule
Family	Refer to the Medical Benefits Schedule	Refer to the Medical Benefits Schedule

Maintenance Drug Products

Maintenance Drug Products must be filled in an amount equal to a consecutive 90 day supply per Prescription Order or Refill at a retail Designated Pharmacy or home delivery Pharmacy, after 3 30-day supply fills at a retail Pharmacy or home delivery Pharmacy. If you do not fill your Maintenance Drug Products in a 90-day supply at a retail Designated Pharmacy or home delivery Pharmacy after the specified 30-day supply fill limit, the Plan will not cover the Maintenance Drug Product.

Certain Preventive Medications covered under this plan and required as part of preventive care services (detailed information is available at www.healthcare.gov) are payable at 100% with no Copayment or Deductible, when purchased from a Network Pharmacy. A written prescription is required.

BENEFIT HIGHLIGHTS	NETWORK PHARMACY	NON-NETWORK PHARMACY
Prescription Drug Products at Retail Pharmacies	**The amount you pay for up to a consecutive 30-day supply at a Network Pharmacy**	**The amount you pay for up to a consecutive 30-day supply at a non-Network Pharmacy**
Certain Specialty Prescription Drug Products are only covered when dispensed by a home delivery Pharmacy, after 1 fill of the Specialty Prescription Drug Product at a retail Pharmacy		
Note: Narcan 4mg Nasal spray and Evzio are covered at no charge. Oral lifestyle drugs quantity limit 6/30 days.		
Tier 1		
Generic Preventive Drugs on the Prescription Drug List	Non-Maintenance Drug Products: No charge	In-network coverage only
	Maintenance Drug Products: No charge for the first 3 fills, then no coverage for a 30-day supply (you would pay the full cost)	In-network coverage only
Generic Non-Preventive Drugs on the Prescription Drug List	Non-Maintenance Drug Products: 30% after plan Deductible	In-network coverage only
	Maintenance Drug Products: 30% after plan Deductible for the first 3 fills, then no coverage for a 30-day supply (you would pay the full cost)	In-network coverage only
Tier 2		
Brand Drugs designated as preferred on the Prescription Drug List	Non-Maintenance Drug Products: 40% after plan Deductible	In-network coverage only
	Maintenance Drug Products: 40% after plan Deductible for the first 3 fills, then no coverage for a 30-day supply (you would pay the full cost)	In-network coverage only
Tier 3		
Brand Drugs designated as non-preferred on the Prescription Drug List	Non-Maintenance Drug Products: 60% after plan Deductible	In-network coverage only
	Maintenance Drug Products: 60% after plan Deductible for the first 3 fills, then no coverage for a 30-day supply (you would pay the full cost)	In-network coverage only
Prescription Drug Products at Retail Designated Pharmacies	**The amount you pay for up to a consecutive 90-day supply at a Designated Pharmacy**	**The amount you pay for up to a consecutive 90-day supply at a non-Designated Pharmacy**
Certain Specialty Prescription Drug Products are only covered when dispensed by a home delivery Pharmacy, after 1 fill of the Specialty Prescription Drug Product at a retail Pharmacy.		
Specialty Prescription Drug Products are limited to up to a consecutive 30-day supply per Prescription Order or Refill.		

BENEFIT HIGHLIGHTS	NETWORK PHARMACY	NON-NETWORK PHARMACY
Note: In this context, a retail Designated Pharmacy is a retail Network Pharmacy that has contracted with Cigna for dispensing of covered Prescription Drug Products, including Maintenance Drug Products, in 90-day supplies per Prescription Order or Refill.		
Note: Narcan 4mg Nasal spray and and Evzio are covered at no charge. Oral lifestyle drugs quantity limit 6/30 days.		
Tier 1		
Generic Preventive Drugs on the Prescription Drug List	No charge	In-network coverage only
Generic Non-Preventive Drugs on the Prescription Drug List	30% after plan Deductible	In-network coverage only
Tier 2		
Brand Drugs designated as preferred on the Prescription Drug List	40% after plan Deductible	In-network coverage only
Tier 3		
Brand Drugs designated as non-preferred on the Prescription Drug List	60% after plan Deductible	In-network coverage only
Prescription Drug Products at Home Delivery Pharmacies	**The amount you pay for up to a consecutive 90-day supply at a Network Pharmacy**	**The amount you pay for up to a consecutive 90-day supply at a non-Network Pharmacy**
Note: Narcan 4mg Nasal spray and Evzio are covered at no charge. Oral lifestyle drugs quantity limit 6/30 days.		
Tier 1		
Generic Preventive Drugs on the Prescription Drug List	No charge	In-network coverage only
Generic Non-Preventive Drugs on the Prescription Drug List	30% after plan Deductible	In-network coverage only
Tier 2		
Brand Drugs designated as preferred on the Prescription Drug List	40% after plan Deductible	In-network coverage only
Tier 3		
Brand Drugs designated as non-preferred on the Prescription Drug List	60% after plan Deductible	In-network coverage only

Prescription Drug Benefits

Covered Expenses

Your plan provides benefits for Prescription Drug Products dispensed by a Pharmacy. Details regarding your plan's Covered Expenses, which for the purposes of the Prescription Drug Benefit include Medically Necessary Prescription Drug Products ordered by a Physician, Limitations, and Exclusions are provided below and/or are shown in The Schedule.

If you or any one of your Dependents, while insured for Prescription Drug Benefits, incurs expenses for charges made by a Pharmacy for Medically Necessary Prescription Drug Products ordered by a Physician, your plan provides coverage for those expenses as shown in The Schedule. Your benefits may vary depending on which of the Prescription Drug List tiers the Prescription Drug Product is listed, or the Pharmacy that provides the Prescription Drug Product.

Coverage under your plan's Prescription Drug Benefits also includes Medically Necessary Prescription Drug Products dispensed pursuant to a Prescription Order or Refill issued to you or your Dependents by a licensed dentist for the prevention of infection or pain in conjunction with a dental procedure.

When you or a Dependent are issued a Prescription Order or Refill for Medically Necessary Prescription Drug Products as part of the rendering of Emergency Services and Cigna determines that it cannot reasonably be filled by a Network Pharmacy, the prescription will be covered pursuant to the, as applicable, Copayment or Coinsurance for the Prescription Drug Product when dispensed by a Network Pharmacy.

Prescription Drug List Management

Your plan's Prescription Drug List coverage tiers may contain Prescription Drug Products that are Generic Drugs, Brand Drugs or Specialty Prescription Drug Products. Determination of inclusion of a Prescription Drug Product to a certain coverage tier on the Prescription Drug List and utilization management requirements or other coverage conditions are based on a number of factors which may include, clinical and economic factors. Clinical factors may include, but are not limited to, the P&T Committee's evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether certain supply limits or other utilization management requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, assessments on the cost effectiveness of the Prescription Drug Product and available rebates. Regardless of its eligibility for coverage under the plan, whether a particular Prescription Drug Product is appropriate for you or any of your Dependents is a determination that is made by you or your Dependent and the prescribing Physician.

The coverage status of a Prescription Drug Product may change periodically for various reasons. For example, a Prescription Drug Product may be removed from the market, a New Prescription Drug Product in the same therapeutic class as a Prescription Drug Product may become available, or other market events may occur. Market events that may affect the coverage status of a Prescription Drug Product include, but are not limited to, an increase in the acquisition cost of a Prescription Drug Product. As a result of coverage changes, for the purposes of benefits the plan may require you to pay more or less for that Prescription Drug Product, to obtain the Prescription Drug Product from a certain Pharmacy (ies) for coverage, or try another covered Prescription Drug Product(s). Please access the internet through the website shown on your ID card or call member services at the telephone number on your ID card for the most up-to-date tier status, utilization management, or other coverage limitations for a Prescription Drug Product.

HC-PHR414 07-20

Limitations

For most Prescription Drug Products you and your Dependent pay only the cost sharing detailed in The Schedule or Prescription Drug Benefits. However, in the event you or your Dependent or your Physician insist on a more expensive Brand Drug where a Therapeutic Equivalent Generic Drug is available, you may be financially responsible for an Ancillary Charge, in addition to any required Brand Drug Copayment and/or Coinsurance. The Ancillary Charge will not apply to your Deductible, if any, or Out of Pocket Maximum.

Your plan includes a Brand Drug for Generic Drug dispensing program. This program allows certain Brand Drugs to be dispensed in place of the Therapeutic Equivalent Generic Drug at the time your Prescription Order or Refill is processed by a participating Pharmacy. Brand Drug for Generic Drug substitution will occur only for certain Brand Drugs included in the program. When this substitution program is applied, the participating Pharmacy will dispense the Brand Drug to you in place of the available Generic Drug. You will be responsible for payment of only a Generic Drug Copayment and/or Coinsurance, after satisfying your Deductible, if any.

Prior Authorization Requirements

Coverage for certain Prescription Drug Products prescribed to you requires your Physician to obtain prior authorization from Cigna or its Review Organization. The reason for obtaining prior authorization from Cigna is to determine whether the

Prescription Drug Product is Medically Necessary in accordance with Cigna's coverage criteria. Coverage criteria for a Prescription Drug Product may vary based on the clinical use for which the Prescription Order or Refill is submitted, and may change periodically based on changes in, without limitation, clinical guidelines or practice standards, or market factors.

If Cigna or its Review Organization reviews the documentation provided and determines that the Prescription Drug Product is not Medically Necessary or otherwise excluded, your plan will not cover the Prescription Drug Product. Cigna, or its Review Organization, will not review claims for excluded Prescription Drug Products or other services to determine if they are Medically Necessary, unless required by law.

When Prescription Drug Products that require prior authorization are dispensed at a Pharmacy, you or your prescribing Physician are responsible for obtaining prior authorization from Cigna. If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed by the Pharmacy, you can ask us to consider reimbursement after you pay for and receive the Prescription Drug Product. You will need to pay for the Prescription Drug Product at the Pharmacy prior to submitting a reimbursement request.

When you submit a claim on this basis, you will need to submit a paper claim using the form that appears on the website shown on your ID card.

If a prior authorization request is approved, your Physician will receive confirmation. The authorization will be processed in the claim system to allow you to have coverage for the Prescription Drug Product. The length of the authorization may depend on the diagnosis and the Prescription Drug Product. The authorization will at all times be subject to the plan’s terms of coverage for the Prescription Drug Product, which may change from time to time. When your Physician advises you that coverage for the Prescription Drug Product has been approved, you can contact a Pharmacy to fill the covered Prescription Order or Refill.

If the prior authorization request is denied, your Physician and you will be notified that coverage for the Prescription Drug Product is not authorized. If you disagree with a coverage decision, you may appeal that decision in accordance with the provisions of the plan by submitting a written request stating why the Prescription Drug Product should be covered.

Step Therapy

Certain Prescription Drug Products are subject to step therapy requirements. This means that in order to receive Benefits for such Prescription Drug Products you are required to try a different Prescription Drug Product(s) first unless you satisfy the plan's exception criteria. You may identify whether a particular Prescription Drug Product is subject to step therapy requirements at the website shown on your ID card or by calling member services at the telephone number on your ID card.

Supply Limits

Benefits for Prescription Drug Products are subject to the supply limits that are stated in The Schedule. For a single Prescription Order or Refill, you may receive a Prescription Drug Product up to the stated supply limit.

Some products are subject to additional supply limits, quantity limits or dosage limits based on coverage criteria that have been approved based on consideration of the P&T Committee’s clinical findings. Coverage criteria are subject to periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may determine whether a Prescription Drug Product has been assigned a dispensing supply limit or similar limit or requirement at the website shown on your ID card or by calling member services at the telephone number on your ID card.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products. If you require Specialty Prescription Drug Products, you may be directed to a Designated Pharmacy with whom Cigna has an arrangement to provide those Specialty Prescription Drug Products.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products. If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you may not receive coverage for the Prescription Drug Product or be subject to the non-Network Pharmacy Benefit, if any, for that Prescription Drug Product. Refer to The Schedule for further information.

New Prescription Drug Products

New Prescription Drug Products may or may not be placed on a Prescription Drug List tier upon market entry. Cigna will use reasonable efforts to make a tier placement decision for a New Prescription Drug Product within six months of its market availability. Cigna’s tier placement decision shall be based on consideration of, without limitation, the P&T Committee’s clinical review of the New Prescription Drug Product and economic factors. If a New Prescription Drug Product not listed on the Prescription Drug List is approved by Cigna or its Review Organization as Medically Necessary in the interim,

the New Prescription Drug Product shall be covered at the applicable coverage tier as set forth in The Schedule.

HC-PHR522 01-22

Your Payments

Covered Prescription Drug Products purchased at a Pharmacy are subject to any applicable Deductible, Copayments or Coinsurance shown in The Schedule, as well as any limitations or exclusions set forth in this plan. Please refer to The Schedule for any required Copayments, Coinsurance, Deductibles or Out-of-Pocket Maximums.

Deductible

Your plan requires that you pay the costs for covered Prescription Drug Products up to the Deductible amount set forth in The Schedule. Until you meet that Deductible amount, your costs under the plan for a covered Prescription Drug Product dispensed by a Network Pharmacy will be the lowest of the following amounts:

- the Prescription Drug Charge; or
- the Network Pharmacy's submitted Usual and Customary (U&C) Charge, if any.

The Schedule sets forth your costs for covered Prescription Drug Products after you have satisfied the Deductible amount.

Coinsurance

Your plan requires that you pay a Coinsurance amount for covered Prescription Drug Products as set forth in The Schedule. After satisfying any applicable annual Deductible set forth in The Schedule, your costs under the plan for a covered Prescription Drug Product dispensed by a Network Pharmacy and that is subject to a Coinsurance requirement will be the lowest of the following amounts:

- the amount that results from applying the applicable Coinsurance percentage set forth in The Schedule to the Prescription Drug Charge; or
- the Network Pharmacy's submitted Usual and Customary (U&C) Charge, if any.

When a treatment regimen contains more than one type of Prescription Drug Products that are packaged together for your or your Dependent's convenience, any applicable Copayment or Coinsurance may apply to each Prescription Drug Product.

You will need to obtain prior approval from Cigna or its Review Organization for any Prescription Drug Product not listed on the Prescription Drug List that is not otherwise excluded. If Cigna or its Review Organization approves coverage for the Prescription Drug Product because it meets the applicable coverage exception criteria, the Prescription Drug Product shall be covered at the applicable coverage tier as set forth in The Schedule.

HC-PHR420 01-21

Exclusions

Coverage exclusions listed under the "Exclusions, Expenses Not Covered and General Limitations" section also apply to benefits for Prescription Drug Products. In addition, the exclusions listed below apply to benefits for Prescription Drug Products. When an exclusion or limitation applies to only certain Prescription Drug Products, you can access the Prescription Drug List through the website shown on your ID card or call member services at the telephone number on your ID card for information on which Prescription Drug Products are excluded.

- coverage for Prescription Drug Products for the amount dispensed (days' supply) which exceeds the applicable supply limit, or is less than any applicable supply minimum set forth in The Schedule, or which exceeds quantity limit(s) or dosage limit(s) set by the P&T Committee.
- more than one Prescription Order or Refill for a given prescription supply period for the same Prescription Drug Product prescribed by one or more Physicians and dispensed by one or more Pharmacies.
- Prescription Drug Products dispensed outside the jurisdiction of the United States, except as required for emergency or Urgent Care treatment.
- Prescription Drug Products which are prescribed, dispensed or intended to be taken by or administered to you while you are a patient in a licensed Hospital, Skilled Nursing Facility, rest home, rehabilitation facility, or similar institution which operates on its premises or allows to be operated on its premises a facility for dispensing pharmaceutical products.
- Prescription Drug Products furnished by the local, state or federal government (except for a Network Pharmacy owned or operated by a local, state or federal government).
- Prescription and non-prescription supplies other than supplies covered as Prescription Drug Products.
- medications used for cosmetic purposes, including, without limitation, medications used to reduce wrinkles, medications used to promote hair growth and fade cream products.

- Prescription Drug Products as a replacement for a previously dispensed Prescription Drug Product that was lost, stolen, broken or destroyed.
- Prescription Drug Products used for the treatment of infertility.
- Medical Pharmaceuticals covered solely under the plan's medical benefits.
- any ingredient(s) in a compounded Prescription Drug Product that has not been approved by the U.S. Food and Drug Administration (FDA).
- medications available over-the-counter that do not require a Prescription Order or Refill by federal or state law before being dispensed, unless state or federal law requires coverage of such medications or the over-the-counter medication has been designated as eligible for coverage as if it were a Prescription Drug Product.
- certain Prescription Drug Products that are a Therapeutic Equivalent or Therapeutic Alternative to an over-the-counter drug(s), or are available in over-the-counter form. Such coverage determinations may be made periodically, and benefits for a Prescription Drug Product that was previously excluded under this provision may be reinstated at any time.
- any product for which the primary use is a source of nutrition, nutritional supplements, or dietary management of disease, even when used for the treatment of Sickness or Injury, unless coverage for such product(s) is required by federal or state law.
- medications used for travel prophylaxis, immunization agents, virus detection testing, virus antibody testing, biological products for allergy immunization, biological sera, blood, blood plasma and other blood products or fractions unless specifically identified on the Prescription Drug List.
- certain Prescription Drug Products that are a Therapeutic Equivalent or Therapeutic Alternative to another covered Prescription Drug Product(s). Such coverage determinations may be made periodically, and benefits for a Prescription Drug Product that was previously excluded under this provision may be reinstated at any time.
- medications that are experimental investigational or unproven as described under the "General Exclusion and Limitations" section of your plan's certificate.

HC-PHR530 01-22

Reimbursement/Filing a Claim

Retail Pharmacy

When you or your Dependents purchase your Prescription Drug Products through a Network Pharmacy, you pay any applicable Copayment, Coinsurance, or Deductible shown in The Schedule at the time of purchase. You do not need to file a claim form for a Prescription Drug Product obtained at a Network Pharmacy unless you pay the full cost of a Prescription Drug Product at a Network Pharmacy and later seek reimbursement for the Prescription Drug Product under the plan. For example, if you must pay the full cost of a Prescription Drug Product to the retail Network Pharmacy because you did not have your ID card, then you must submit a claim to Cigna for any reimbursement or benefit you believe is due to you under this plan. If, under this example, your payment to the retail Network Pharmacy for the covered Prescription Drug Product exceeds any applicable copay, then you will be reimbursed the difference, if any, between the applicable copay and the Prescription Drug Charge for the Prescription Drug Product.

HC-PHR273 01-19
V1

Exclusions, Expenses Not Covered and General Limitations

Exclusions and Expenses Not Covered

Additional coverage limitations determined by plan or provider type are shown in The Schedule. Payment for the following is specifically excluded from this plan:

- care for health conditions that are required by state or local law to be treated in a public facility.
- care required by state or federal law to be supplied by a public school system or school district.
- care for military service disabilities treatable through governmental services if you are legally entitled to such treatment and facilities are reasonably available.
- treatment of an Injury or Sickness which is due to war, declared, or undeclared.
- charges which you are not obligated to pay or for which you are not billed or for which you would not have been billed except that they were covered under this plan. For example, if Cigna determines that a provider or Pharmacy is or has waived, reduced, or forgiven any portion of its charges and/or any portion of Copayment, Deductible, and/or Coinsurance amount(s) you are required to pay for a Covered Expense (as shown on The Schedule) without Cigna's express consent, then Cigna in its sole discretion

shall have the right to deny the payment of benefits in connection with the Covered Expense, or reduce the benefits in proportion to the amount of the Copayment, Deductible, and/or Coinsurance amounts waived, forgiven or reduced, regardless of whether the provider or Pharmacy represents that you remain responsible for any amounts that your plan does not cover. In the exercise of that discretion, Cigna shall have the right to require you to provide proof sufficient to Cigna that you have made your required cost share payment(s) prior to the payment of any benefits by Cigna. This exclusion includes, but is not limited to, charges of a non-Participating Provider who has agreed to charge you or charged you at an In-Network benefits level or some other benefits level not otherwise applicable to the services received.

- charges arising out of or relating to any violation of a healthcare-related state or federal law or which themselves are a violation of a healthcare-related state or federal law.
- assistance in the activities of daily living, including but not limited to eating, bathing, dressing or other Custodial Services or self-care activities, homemaker services and services primarily for rest, domiciliary or convalescent care.
- for or in connection with experimental, investigational or unproven services.

  Experimental, investigational and unproven services are medical, surgical, diagnostic, psychiatric, substance use disorder or other health care technologies, supplies, treatments, procedures, drug or Biologic therapies or devices that are determined by the utilization review Physician to be:

  - not approved by the U.S. Food and Drug Administration (FDA) or other appropriate regulatory agency to be lawfully marketed;
  - not demonstrated, through existing peer-reviewed, evidence-based, scientific literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed;
  - the subject of review or approval by an Institutional Review Board for the proposed use except as provided in the “Clinical Trials” sections of this plan; or
  - the subject of an ongoing phase I, II or III clinical trial, except for routine patient care costs related to qualified clinical trials as provided in the “Clinical Trials” sections of this plan.

  In determining whether any such technologies, supplies, treatments, drug or Biologic therapies, or devices are experimental, investigational, and/or unproven, the utilization review Physician may rely on the clinical coverage policies maintained by Cigna or the Review Organization. Clinical coverage policies may incorporate, without limitation and as applicable, criteria relating to U.S. Food and Drug Administration-approved labeling, the standard medical reference compendia and peer-reviewed, evidence-based scientific literature or guidelines.
- cosmetic surgery and therapies. Cosmetic surgery or therapy is defined as surgery or therapy performed to improve or alter appearance or self-esteem.
- the following services are excluded from coverage regardless of clinical indications: macromastia or gynecomastia surgeries; abdominoplasty; panniculectomy; rhinoplasty; blepharoplasty; redundant skin surgery; removal of skin tags; acupressure; craniosacral/cranial therapy; dance therapy; movement therapy; applied kinesiology; rolfing; prolotherapy; and extracorporeal shock wave lithotripsy (ESWL) for musculoskeletal and orthopedic conditions.
- dental treatment of the teeth, gums or structures directly supporting the teeth, including dental X-rays, examinations, repairs, orthodontics, periodontics, casts, splints and services for dental malocclusion, for any condition. Charges made for services or supplies provided for or in connection with an accidental Injury to teeth are covered provided a continuous course of dental treatment is started within six months of an accident.
- for medical and surgical services intended primarily for the treatment or control of obesity. However, treatment of clinically severe obesity, as defined by the Body Mass Index (BMI) classifications of the National Heart, Lung, and Blood Institute (NHLBI) guideline is covered only at approved centers if the services are demonstrated, through existing peer-reviewed, evidence-based, scientific literature and scientifically based guidelines, to be safe and effective for treatment of the condition. Clinically severe obesity is defined by the NHLBI as a BMI of 40 or greater without comorbidities, or 35-39 with comorbidities. The following are specifically excluded:

  - medical and surgical services to alter appearances or physical changes that are the result of any surgery performed for the management of obesity or clinically severe (morbid) obesity; and
  - weight loss programs or treatments, whether prescribed or recommended by a Physician or under medical supervision.
- unless otherwise covered in this plan, for reports, evaluations, physical examinations, or hospitalization not required for health reasons, including but not limited to employment, insurance or government licenses, and court-ordered, forensic or custodial evaluations.
- court-ordered treatment or hospitalization, unless such treatment is prescribed by a Physician and listed as covered in this plan.

- infertility services including infertility drugs, surgical or medical treatment programs for infertility, including in vitro fertilization, gamete intrafallopian transfer (GIFT), zygote intrafallopian transfer (ZIFT), variations of these procedures, and any costs associated with the collection, washing, preparation or storage of sperm for artificial insemination (including donor fees). Cryopreservation of donor sperm and eggs is also excluded from coverage.
- reversal of male or female voluntary sterilization procedures.
- for treatment of erectile dysfunction. However, penile implants are covered when an established medical condition is the cause of erectile dysfunction, anorgasmy, and premature ejaculation.
- medical and Hospital care and costs for the infant child of a Dependent, unless this infant child is otherwise eligible under this plan.
- non-medical counseling and/or ancillary services, including but not limited to Custodial Services, educational services, vocational counseling, training and, rehabilitation services, behavioral training, biofeedback, neurofeedback, hypnosis, sleep therapy, return to work services, work hardening programs and driver safety courses.
- therapy or treatment intended primarily to improve or maintain general physical condition or for the purpose of enhancing job, school, athletic or recreational performance, including but not limited to routine, long term, or maintenance care which is provided after the resolution of the acute medical problem and when significant therapeutic improvement is not expected.
- consumable medical supplies other than ostomy supplies and urinary catheters. Excluded supplies include, but are not limited to bandages and other disposable medical supplies, skin preparations and test strips, except as specified in the "Home Health Care Services" or "Breast Reconstruction and Breast Prostheses" sections of this plan.
- private Hospital rooms and/or private duty nursing except as provided under the Home Health Care Services provision.
- personal or comfort items such as personal care kits provided on admission to a Hospital, television, telephone, newborn infant photographs, complimentary meals, birth announcements, and other articles which are not for the specific treatment of an Injury or Sickness.
- artificial aids, including but not limited to corrective orthopedic shoes, arch supports, elastic stockings, garter belts, corsets, dentures and wigs.
- hearing aids, including but not limited to semi-implantable hearing devices, audiant bone conductors and Bone Anchored Hearing Aids (BAHAs). A hearing aid is any device that amplifies sound.
- aids or devices that assist with non-verbal communications, including but not limited to communication boards, pre-recorded speech devices, laptop computers, desktop computers, Personal Digital Assistants (PDAs), Braille typewriters, visual alert systems for the deaf and memory books.
- eyeglass lenses and frames and contact lenses (except for the first pair of contact lenses or the first set of eyeglass lenses and frames, and associated services, for treatment of keratoconus or following cataract surgery).
- routine refractions, eye exercises and surgical treatment for the correction of a refractive error, including radial keratotomy.
- all non-injectable prescription drugs, unless Physician administration or oversight is required, injectable prescription drugs to the extent they do not require Physician supervision and are typically considered self-administered drugs, non-prescription drugs, and investigational and experimental drugs, except as provided in this plan.
- routine foot care, including the paring and removing of corns and calluses and toenail maintenance. However, foot care services for diabetes, peripheral neuropathies and peripheral vascular disease are covered when Medically Necessary.
- membership costs or fees associated with health clubs, weight loss programs and smoking cessation programs.
- genetic screening or pre-implantations genetic screening. General population-based genetic screening is a testing method performed in the absence of any symptoms or any significant, proven risk factors for genetically linked inheritable disease.
- dental implants for any condition.
- fees associated with the collection or donation of blood or blood products, except for autologous donation in anticipation of scheduled services where in the utilization review Physician's opinion the likelihood of excess blood loss is such that transfusion is an expected adjunct to surgery.
- blood administration for the purpose of general improvement in physical condition.
- cost of biologicals that are immunizations or medications for the purpose of travel, or to protect against occupational hazards and risks.
- cosmetics, dietary supplements and health and beauty aids.
- enteral feedings, supplies and specially formulated medical foods that are prescribed and non-prescribed, except for infant formula needed for the treatment of inborn errors of metabolism.

- for or in connection with an Injury or Sickness arising out of, or in the course of, any employment for wage or profit.
- massage therapy.
- products and supplies associated with the administration of medications that are available to be covered under the Prescription Drug Benefit. Such products and supplies include but are not limited to therapeutic Continuous Glucose Monitor (CGM) sensors and transmitters and insulin pods.
- expenses incurred by a participant to the extent reimbursable under automobile insurance coverage. Coverage under this plan is secondary to automobile no-fault insurance or similar coverage. The coverage provided under this plan does not constitute "Qualified Health Coverage" under Michigan law and therefore does not replace Personal Injury Protection (PIP) coverage provided under an automobile insurance policy issued to a Michigan resident. This plan will cover expenses only not otherwise covered by the PIP coverage.

General Limitations

No payment will be made for expenses incurred for you or any one of your Dependents:

- for charges by a Hospital owned or operated by or which provides care or performs services for, the United States Government, if such charges are directly related to a military-service-connected Injury or Sickness.
- to the extent that you or any one of your Dependents is in any way paid or entitled to payment for those expenses by or through a public program, other than Medicaid.
- to the extent that payment is unlawful where the person resides when the expenses are incurred.
- for charges which would not have been made if the person had no insurance.
- to the extent that they are more than Maximum Reimbursable Charges.
- to the extent of the exclusions imposed by any certification requirement shown in this plan.
- expenses for supplies, care, treatment, or surgery that are not Medically Necessary.
- charges by any covered provider who is a member of your family or your Dependent's family.
- expenses incurred outside the United States other than expenses for Medically Necessary urgent or emergent care while temporarily traveling abroad.

Coordination of Benefits

This section applies if you or any one of your Dependents is covered under more than one Plan and determines how benefits payable from all such Plans will be coordinated. You should file all claims with each Plan.

Definitions

For the purposes of this section, the following terms have the meanings set forth below:

Plan

Any of the following that provides benefits or services for medical care or treatment:

- Group insurance and/or group-type coverage, whether insured or self-insured which neither can be purchased by the general public, nor is individually underwritten, including closed panel coverage.
- Coverage under Medicare and other governmental benefits as permitted by law, excepting Medicaid and Medicare supplement policies.
- Medical benefits coverage of group, group-type, and individual automobile contracts.

Each Plan or part of a Plan which has the right to coordinate benefits will be considered a separate Plan.

Closed Panel Plan

A Plan that provides medical or dental benefits primarily in the form of services through a panel of employed or contracted providers, and that limits or excludes benefits provided by providers outside of the panel, except in the case of emergency or if referred by a provider within the panel.

Primary Plan

The Plan that determines and provides or pays benefits without taking into consideration the existence of any other Plan.

Secondary Plan

A Plan that determines, and may reduce its benefits after taking into consideration, the benefits provided or paid by the Primary Plan. A Secondary Plan may also recover from the Primary Plan the Reasonable Cash Value of any services it provided to you.

Allowable Expense

The amount of charges considered for payment under the Plan for a Covered Service prior to any reductions due to coinsurance, copayment or deductible amounts. If Cigna contracts with an entity to arrange for the provision of Covered Services through that entity's contracted network of health care providers, the amount that Cigna has agreed to pay that entity is the allowable amount used to determine your coinsurance or deductible payments. If the Plan provides

benefits in the form of services, the Reasonable Cash Value of each service is the Allowable Expense and is a paid benefit.

Examples of expenses or services that are not Allowable Expenses include, but are not limited to the following:

- An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an Allowable Expense.
- If you are confined to a private Hospital room and no Plan provides coverage for more than a semiprivate room, the difference in cost between a private and semiprivate room is not an Allowable Expense.
- If you are covered by two or more Plans that provide services or supplies on the basis of reasonable and customary fees, any amount in excess of the highest reasonable and customary fee is not an Allowable Expense.
- If you are covered by one Plan that provides services or supplies on the basis of reasonable and customary fees and one Plan that provides services and supplies on the basis of negotiated fees, the Primary Plan's fee arrangement shall be the Allowable Expense.
- If your benefits are reduced under the Primary Plan (through the imposition of a higher copayment amount, higher coinsurance percentage, a deductible and/or a penalty) because you did not comply with Plan provisions or because you did not use a preferred provider, the amount of the reduction is not an Allowable Expense. Such Plan provisions include second surgical opinions and precertification of admissions or services.

Claim Determination Period

A calendar year, but does not include any part of a year during which you are not covered under this policy or any date before this section or any similar provision takes effect.

Reasonable Cash Value

An amount which a duly licensed provider of health care services usually charges patients and which is within the range of fees usually charged for the same service by other health care providers located within the immediate geographic area where the health care service is rendered under similar or comparable circumstances.

Order of Benefit Determination Rules

A Plan that does not have a coordination of benefits rule consistent with this section shall always be the Primary Plan. If the Plan does have a coordination of benefits rule consistent with this section, the first of the following rules that applies to the situation is the one to use:

- The Plan that covers you as an enrollee or an employee shall be the Primary Plan and the Plan that covers you as a Dependent shall be the Secondary Plan;
- If you are a Dependent child whose parents are not divorced or legally separated, the Primary Plan shall be the Plan which covers the parent whose birthday falls first in the calendar year as an enrollee or employee;
- If you are the Dependent of divorced or separated parents, benefits for the Dependent shall be determined in the following order:
  - first, if a court decree states that one parent is responsible for the child's healthcare expenses or health coverage and the Plan for that parent has actual knowledge of the terms of the order, but only from the time of actual knowledge;
  - then, the Plan of the parent with custody of the child;
  - then, the Plan of the spouse of the parent with custody of the child;
  - then, the Plan of the parent not having custody of the child; and
  - finally, the Plan of the spouse of the parent not having custody of the child.
- The Plan that covers you as an active employee (or as that employee's Dependent) shall be the Primary Plan and the Plan that covers you as laid-off or retired employee (or as that employee's Dependent) shall be the Secondary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- The Plan that covers you under a right of continuation which is provided by federal or state law shall be the Secondary Plan and the Plan that covers you as an active employee or retiree (or as that employee's Dependent) shall be the Primary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- If one of the Plans that covers you is issued out of the state whose laws govern this Policy, and determines the order of benefits based upon the gender of a parent, and as a result, the Plans do not agree on the order of benefit determination, the Plan with the gender rules shall determine the order of benefits.

If none of the above rules determines the order of benefits, the Plan that has covered you for the longer period of time shall be primary.

When coordinating benefits with Medicare, this Plan will be the Secondary Plan and determine benefits after Medicare, where permitted by the Social Security Act of 1965, as amended. However, when more than one Plan is secondary to Medicare, the benefit determination rules identified above, will be used to determine how benefits will be coordinated.

Effect on the Benefits of This Plan

If this Plan is the Secondary Plan, this Plan may reduce benefits so that the total benefits paid by all Plans during a Claim Determination Period are not more than 100% of the total of all Allowable Expenses.

The difference between the amount that this Plan would have paid if this Plan had been the Primary Plan, and the benefit payments that this Plan had actually paid as the Secondary Plan, will be recorded as a benefit reserve for you. Cigna will use this benefit reserve to pay any Allowable Expense not otherwise paid during the Claim Determination Period.

As each claim is submitted, Cigna will determine the following:

- Cigna's obligation to provide services and supplies under this policy;
- whether a benefit reserve has been recorded for you; and
- whether there are any unpaid Allowable Expenses during the Claims Determination Period.

If there is a benefit reserve, Cigna will use the benefit reserve recorded for you to pay up to 100% of the total of all Allowable Expenses. At the end of the Claim Determination Period, your benefit reserve will return to zero and a new benefit reserve will be calculated for each new Claim Determination Period.

Recovery of Excess Benefits

If Cigna pays charges for benefits that should have been paid by the Primary Plan, or if Cigna pays charges in excess of those for which we are obligated to provide under the Policy, Cigna will have the right to recover the actual payment made or the Reasonable Cash Value of any services.

Cigna will have sole discretion to seek such recovery from any person to, or for whom, or with respect to whom, such services were provided or such payments made by any insurance company, healthcare Plan or other organization. If we request, you must execute and deliver to us such instruments and documents as we determine are necessary to secure the right of recovery.

Right to Receive and Release Information

Cigna, without consent or notice to you, may obtain information from and release information to any other Plan with respect to you in order to coordinate your benefits pursuant to this section. You must provide us with any information we request in order to coordinate your benefits pursuant to this section. This request may occur in connection with a submitted claim; if so, you will be advised that the "other coverage" information, (including an Explanation of Benefits paid under the Primary Plan) is required before the claim will be processed for payment. If no response is received within 55 days of the request, the claim will be closed. If the requested information is subsequently received, the claim will be processed.

Coordination of Benefits with Medicare

If you, your spouse, or your Dependent are covered under this Plan and qualify for Medicare, federal law determines which Plan is the primary payer and which is the secondary payer. The primary payer always determines covered benefits first, without considering what any other coverage will pay. The secondary payer determines its coverage only after the Primary Plan has completed its determination.

When Medicare is the Primary Payer

Medicare will be the primary payer and this Plan will be the secondary payer, even if you don't elect to enroll in Medicare or you receive services from a provider who does not accept Medicare payments, in the following situations:

- COBRA or State Continuation: You, your spouse, or your covered Dependent qualify for Medicare for any reason and are covered under this Plan due to COBRA or state continuation of coverage.
- Retirement or Termination of Employment: You, your spouse, or your covered Dependent qualify for Medicare for any reason and are covered under this Plan due to your retirement or termination of employment.
- Disability: You, your spouse, or your covered Dependent qualify for Medicare due to a disability, you are an active Employee, and your Employer has fewer than 100 employees.
- Age: You, your spouse, or your covered Dependent qualify for Medicare due to age, you are an active Employee, and your Employer has fewer than 20 employees.
- End Stage Renal Disease (ESRD): You, your spouse, or your covered Dependent qualify for Medicare due to End Stage Renal Disease (ESRD) and you are an active or retired Employee. This Plan will be the primary payer for the first 30 months. Beginning with the 31st month, Medicare will be the primary payer.

When This Plan is the Primary Payer

This Plan will be the primary payer and Medicare will be the secondary payer in the following situations:

- Disability: You, your spouse, or your covered Dependent qualify for Medicare due to a disability, you are an active Employee, and your Employer has 100 or more employees.
- Age: You, your spouse, or your covered Dependent qualify for Medicare due to age, you are an active Employee, and your Employer has 20 or more employees.
- End Stage Renal Disease (ESRD): You, your spouse, or your covered Dependent qualify for Medicare due to End Stage Renal Disease (ESRD) and you are an active or retired Employee. This Plan is the primary payer for the first

30 months. Beginning with the 31st month, Medicare will be the primary payer.

Domestic Partners

Under federal law, when Medicare coverage is due to age, Medicare is always the primary payer and this Plan is the secondary payer for a person covered under this Plan as a Domestic Partner. However, when Medicare coverage is due to disability, the Disability payer explanations above will apply.

IMPORTANT: If you, your spouse, or your Dependent do not elect to enroll in Medicare Parts A and/or B when first eligible, or you receive services from a provider who does not accept Medicare payments, this Plan will calculate payment based on what should have been paid by Medicare as the primary payer if the person had been enrolled or had received services from a provider who accepts Medicare payments. A person is considered eligible for Medicare on the earliest date any coverage under Medicare could become effective.

Failure to Enroll in Medicare

If you, your spouse, or your Dependent do not enroll in Medicare Parts A and/or B during the person's initial Medicare enrollment period, or the person opts out of coverage, the person may be subject to Medicare late enrollment penalties, which can cause a delay in coverage and result in higher Medicare premiums when the person does enroll. It can also result in a reduction in coverage under Medicare Parts A and B. If you are planning to retire or terminate employment and you will be eligible for COBRA, state Continuation, or retiree coverage under this Plan, you should enroll in Medicare before you terminate employment to avoid penalties and to receive the maximum coverage under Medicare. Please consult Medicare or the Social Security Administration for more information.

Assistance with Medicare Questions

For more information on Medicare's rules and regulations, contact Medicare toll-free at 1-800-MEDICARE (1-800-633-4227) or at www.medicare.gov. You may also contact the Social Security Administration toll-free at 1-800-772-1213, at www.ssa.gov, or call your local Social Security Administration office.

HC-COB272 01-21

Expenses For Which A Third Party May Be Responsible

This plan does not cover:

- Expenses incurred by you or your Dependent (hereinafter individually and collectively referred to as a "Participant,") for which another party may be responsible as a result of having caused or contributed to an Injury or Sickness.
- Expenses incurred by a Participant to the extent any payment is received for them either directly or indirectly from a third party tortfeasor or as a result of a settlement, judgment or arbitration award in connection with any automobile medical, automobile no-fault, uninsured or underinsured motorist, homeowners, workers' compensation, government insurance (other than Medicaid), or similar type of insurance or coverage. The coverage under this plan is secondary to any automobile no-fault insurance or similar coverage.

Subrogation/Right of Reimbursement

If a Participant incurs a Covered Expense for which, in the opinion of the plan or its claim administrator, another party may be responsible or for which the Participant may receive payment as described above:

- Subrogation: The plan shall, to the extent permitted by law, be subrogated to all rights, claims or interests that a Participant may have against such party and shall automatically have a lien upon the proceeds of any recovery by a Participant from such party to the extent of any benefits paid under the plan. A Participant or his/her representative shall execute such documents as may be required to secure the plan's subrogation rights.
- Right of Reimbursement: The plan is also granted a right of reimbursement from the proceeds of any recovery whether by settlement, judgment, or otherwise. This right of reimbursement is cumulative with and not exclusive of the subrogation right granted in paragraph 1, but only to the extent of the benefits provided by the plan.

Lien of the Plan

By accepting benefits under this plan, a Participant:

- grants a lien and assigns to the plan an amount equal to the benefits paid under the plan against any recovery made by or on behalf of the Participant which is binding on any attorney or other party who represents the Participant whether or not an agent of the Participant or of any insurance company or other financially responsible party against whom a Participant may have a claim provided said attorney, insurance carrier or other party has been notified by the plan or its agents;

- agrees that this lien shall constitute a charge against the proceeds of any recovery and the plan shall be entitled to assert a security interest thereon;
- agrees to hold the proceeds of any recovery in trust for the benefit of the plan to the extent of any payment made by the plan.

Additional Terms

- No adult Participant hereunder may assign any rights that it may have to recover medical expenses from any third party or other person or entity to any minor Dependent of said adult Participant without the prior express written consent of the plan. The plan's right to recover shall apply to decedents', minors', and incompetent or disabled persons' settlements or recoveries.
- No Participant shall make any settlement, which specifically reduces or excludes, or attempts to reduce or exclude, the benefits provided by the plan.
- The plan's right of recovery shall be a prior lien against any proceeds recovered by the Participant. This right of recovery shall not be defeated nor reduced by the application of any so-called "Made-Whole Doctrine", "Rimes Doctrine", or any other such doctrine purporting to defeat the plan's recovery rights by allocating the proceeds exclusively to non-medical expense damages.
- No Participant hereunder shall incur any expenses on behalf of the plan in pursuit of the plan's rights hereunder, specifically; no court costs, attorneys' fees or other representatives' fees may be deducted from the plan's recovery without the prior express written consent of the plan. This right shall not be defeated by any so-called "Fund Doctrine", "Common Fund Doctrine", or "Attorney's Fund Doctrine".
- The plan shall recover the full amount of benefits provided hereunder without regard to any claim of fault on the part of any Participant, whether under comparative negligence or otherwise.
- The plan hereby disavows all equitable defenses in pursuit of its right of recovery. The plan's subrogation or recovery rights are neither affected nor diminished by equitable defenses.
- In the event that a Participant shall fail or refuse to honor its obligations hereunder, then the plan shall be entitled to recover any costs incurred in enforcing the terms hereof including, but not limited to, attorney's fees, litigation, court costs, and other expenses. The plan shall also be entitled to offset the reimbursement obligation against any entitlement to future medical benefits hereunder until the Participant has fully complied with his reimbursement obligations hereunder, regardless of how those future medical benefits are incurred.
- Any reference to state law in any other provision of this plan shall not be applicable to this provision, if the plan is governed by ERISA. By acceptance of benefits under the plan, the Participant agrees that a breach hereof would cause irreparable and substantial harm and that no adequate remedy at law would exist. Further, the Plan shall be entitled to invoke such equitable remedies as may be necessary to enforce the terms of the plan, including, but not limited to, specific performance, restitution, the imposition of an equitable lien and/or constructive trust, as well as injunctive relief.
- Participants must assist the plan in pursuing any subrogation or recovery rights by providing requested information.

HC-SUB128 03-20

Payment of Benefits

Assignment and Payment of Benefits

You may not assign to any party, including, but not limited to, a provider of healthcare services/items, your right to benefits under this plan, nor may you assign any administrative, statutory, or legal rights or causes of action you may have under ERISA, including, but not limited to, any right to make a claim for plan benefits, to request plan or other documents, to file appeals of denied claims or grievances, or to file lawsuits under ERISA. Any attempt to assign such rights shall be void and unenforceable under all circumstances.

You may, however, authorize Cigna to pay any healthcare benefits under this policy to a Participating or Non-Participating Provider. When you authorize the payment of your healthcare benefits to a Participating or Non-Participating Provider, you authorize the payment of the entire amount of the benefits due on that claim. If a provider is overpaid because of accepting duplicate payments from you and Cigna, it is the provider's responsibility to reimburse the overpayment to you. Cigna may pay all healthcare benefits for Covered Expenses directly to a Participating Provider without your authorization. You may not interpret or rely upon this discrete authorization or permission to pay any healthcare benefits to a Participating or Non-Participating Provider as the authority to assign any other rights under this policy to any party, including, but not limited to, a provider of healthcare services/items.

Even if the payment of healthcare benefits to a Non-Participating Provider has been authorized by you, Cigna may, at its option, make payment of benefits to you. When benefits are paid to you or your Dependent, you or your Dependents are responsible for reimbursing the Non-Participating Provider.

If any person to whom benefits are payable is a minor or, in the opinion of Cigna is not able to give a valid receipt for any payment due him, such payment will be made to his legal guardian. If no request for payment has been made by his legal guardian, Cigna may, at its option, make payment to the person or institution appearing to have assumed his custody and support.

When one of our participants passes away, Cigna may receive notice that an executor of the estate has been established. The executor has the same rights as our insured and benefit payments for unassigned claims should be made payable to the executor.

Payment as described above will release Cigna from all liability to the extent of any payment made.

Recovery of Overpayment

When an overpayment has been made by Cigna, Cigna will have the right at any time to: recover that overpayment from the person to whom or on whose behalf it was made; or offset the amount of that overpayment from a future claim payment. In addition, your acceptance of benefits under this plan and/or assignment of Medical Benefits separately creates an equitable lien by agreement pursuant to which Cigna may seek recovery of any overpayment. You agree that Cigna, in seeking recovery of any overpayment as a contractual right or as an equitable lien by agreement, may pursue the general assets of the person or entity to whom or on whose behalf the overpayment was made.

Calculation of Covered Expenses

Cigna, in its discretion, will calculate Covered Expenses following evaluation and validation of all provider billings in accordance with:

- the methodologies in the most recent edition of the Current Procedural terminology.
- the methodologies as reported by generally recognized professionals or publications.

HC-POB132 01-19

Termination of Insurance

Employees

Your insurance will cease on the earliest date below:

- the date you cease to be in a Class of Eligible Employees or cease to qualify for the insurance.
- the last day for which you have made any required contribution for the insurance.
- the date the policy is cancelled.
- the last day of the calendar month in which your Active Service ends except as described below.

Any continuation of insurance must be based on a plan which precludes individual selection.

Temporary Layoff or Leave of Absence

If your Active Service ends due to temporary layoff or leave of absence, your insurance will be continued until the date as determined by your Employer.

Injury or Sickness

If your Active Service ends due to an Injury or Sickness, your insurance will be continued while you remain totally and continuously disabled as a result of the Injury or Sickness. However, your insurance will not continue past the date your Employer cancels your insurance.

Retirement

If your Active Service ends because you retire, your insurance will be continued until the date on which your Employer cancels the insurance.

Dependents

Your insurance for all of your Dependents will cease on the earliest date below:

- the date your insurance ceases.
- the date you cease to be eligible for Dependent Insurance.
- the last day for which you have made any required contribution for the insurance.
- the date Dependent Insurance is cancelled.

The insurance for any one of your Dependents will cease on the date that Dependent no longer qualifies as a Dependent.

HC-TRM128 12-17

Medical Benefits Extension Upon Policy Cancellation

If the Medical Benefits under this plan cease for you or your Dependent due to cancellation of the policy, and you or your Dependent is Totally Disabled on that date due to an Injury, Sickness or pregnancy, Medical Benefits will be paid for Covered Expenses incurred in connection with that Injury, Sickness or pregnancy. However, no benefits will be paid after the earliest of:

- the date you exceed the Maximum Benefit, if any, shown in the Schedule;
- the date a succeeding carrier agrees to provide coverage without limitation for the disabling condition;

- the date you are no longer Totally Disabled;
- 12 months from the date the policy is canceled; or
- for pregnancy, until delivery.

Totally Disabled

You will be considered Totally Disabled if, because of an Injury or a Sickness:

- you are unable to perform the basic duties of your occupation; and
- you are not performing any other work or engaging in any other occupation for wage or profit.

Your Dependent will be considered Totally Disabled if, because of an Injury or a Sickness:

- he is unable to engage in the normal activities of a person of the same age, sex and ability; or
- in the case of a Dependent who normally works for wage or profit, he is not performing such work.

HC-BEX42 04-11

Federal Requirements

The following pages explain your rights and responsibilities under federal laws and regulations. Some states may have similar requirements. If a similar provision appears elsewhere in this booklet, the provision which provides the better benefit will apply.

HC-FED1 10-10

Notice of Provider Directory/Networks

Notice Regarding Provider Directories and Provider Networks

A list of network providers is available to you without charge by visiting the website or by calling the phone number on your ID card. The network consists of providers, including hospitals, of varied specialties as well as general practice, affiliated or contracted with Cigna or an organization contracting on its behalf.

Notice Regarding Pharmacy Directories and Pharmacy Networks

A list of network pharmacies is available to you without charge by visiting the website or by calling the phone number on your ID card. The network consists of pharmacies affiliated or contracted with Cigna or an organization contracting on its behalf.

HC-FED78 10-10

Qualified Medical Child Support Order (QMCSO)

Eligibility for Coverage Under a QMCSO

If a Qualified Medical Child Support Order (QMCSO) is issued for your child, that child will be eligible for coverage as required by the order and you will not be considered a Late Entrant for Dependent Insurance.

You must notify your Employer and elect coverage for that child, and yourself if you are not already enrolled, within 31 days of the QMCSO being issued.

Qualified Medical Child Support Order Defined

A Qualified Medical Child Support Order is a judgment, decree or order (including approval of a settlement agreement) or administrative notice, which is issued pursuant to a state domestic relations law (including a community property law), or to an administrative process, which provides for child support or provides for health benefit coverage to such child and relates to benefits under the group health plan, and satisfies all of the following:

- the order recognizes or creates a child's right to receive group health benefits for which a participant or beneficiary is eligible;
- the order specifies your name and last known address, and the child's name and last known address, except that the name and address of an official of a state or political subdivision may be substituted for the child's mailing address;

- the order provides a description of the coverage to be provided, or the manner in which the type of coverage is to be determined;
- the order states the period to which it applies; and
- if the order is a National Medical Support Notice completed in accordance with the Child Support Performance and Incentive Act of 1998, such Notice meets the requirements above.

The QMCSO may not require the health insurance policy to provide coverage for any type or form of benefit or option not otherwise provided under the policy, except that an order may require a plan to comply with State laws regarding health care coverage.

Payment of Benefits

Any payment of benefits in reimbursement for Covered Expenses paid by the child, or the child's custodial parent or legal guardian, shall be made to the child, the child's custodial parent or legal guardian, or a state official whose name and address have been substituted for the name and address of the child.

HC-FED4 10-10

Special Enrollment Rights Under the Health Insurance Portability & Accountability Act (HIPAA)

If you or your eligible Dependent(s) experience a special enrollment event as described below, you or your eligible Dependent(s) may be entitled to enroll in the Plan outside of a designated enrollment period upon the occurrence of one of the special enrollment events listed below. If you are already enrolled in the Plan, you may request enrollment for you and your eligible Dependent(s) under a different option offered by the Employer for which you are currently eligible. If you are not already enrolled in the Plan, you must request special enrollment for yourself in addition to your eligible Dependent(s). You and all of your eligible Dependent(s) must be covered under the same option. The special enrollment events include:

- **Acquiring a new Dependent.** If you acquire a new Dependent(s) through marriage, birth, adoption or placement for adoption, you may request special enrollment for any of the following combinations of individuals if not already enrolled in the Plan: Employee only; spouse only; Employee and spouse; Dependent child(ren) only; Employee and Dependent child(ren); Employee, spouse and Dependent child(ren). Enrollment of Dependent children is limited to the newborn or adopted children or children who became Dependent children of the Employee due to marriage.
- **Loss of eligibility for State Medicaid or Children's Health Insurance Program (CHIP).** If you and/or your Dependent(s) were covered under a state Medicaid or CHIP plan and the coverage is terminated due to a loss of eligibility, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after termination of Medicaid or CHIP coverage.
- **Loss of eligibility for other coverage (excluding continuation coverage).** If coverage was declined under this Plan due to coverage under another plan, and eligibility for the other coverage is lost, you and all of your eligible Dependent(s) may request special enrollment in this Plan. If required by the Plan, when enrollment in this Plan was previously declined, it must have been declined in writing with a statement that the reason for declining enrollment was due to other health coverage. This provision applies to loss of eligibility as a result of any of the following:
  - divorce or legal separation;
  - cessation of Dependent status (such as reaching the limiting age);
  - death of the Employee;
  - termination of employment;
  - reduction in work hours to below the minimum required for eligibility;
  - you or your Dependent(s) no longer reside, live or work in the other plan's network service area and no other coverage is available under the other plan;
  - you or your Dependent(s) incur a claim which meets or exceeds the lifetime maximum limit that is applicable to all benefits offered under the other plan; or
  - the other plan no longer offers any benefits to a class of similarly situated individuals.
- **Termination of Employer contributions (excluding continuation coverage).** If a current or former Employer ceases all contributions toward the Employee's or Dependent's other coverage, special enrollment may be requested in this Plan for you and all of your eligible Dependent(s).
- **Exhaustion of COBRA or other continuation coverage.** Special enrollment may be requested in this Plan for you and all of your eligible Dependent(s) upon exhaustion of COBRA or other continuation coverage. If you or your Dependent(s) elect COBRA or other continuation coverage following loss of coverage under another plan, the COBRA or other continuation coverage must be exhausted before any special enrollment rights exist under this Plan. An individual is considered to have exhausted COBRA or other

continuation coverage only if such coverage ceases: due to failure of the Employer or other responsible entity to remit premiums on a timely basis; when the person no longer resides or works in the other plan's service area and there is no other COBRA or continuation coverage available under the plan; or when the individual incurs a claim that would meet or exceed a lifetime maximum limit on all benefits and there is no other COBRA or other continuation coverage available to the individual. This does not include termination of an Employer's limited period of contributions toward COBRA or other continuation coverage as provided under any severance or other agreement.

- **Eligibility for employment assistance under State Medicaid or Children's Health Insurance Program (CHIP).** If you and/or your Dependent(s) become eligible for assistance with group health plan premium payments under a state Medicaid or CHIP plan, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after the date you are determined to be eligible for assistance.

Except as stated above, special enrollment must be requested within 30 days after the occurrence of the special enrollment event. If the special enrollment event is the birth or adoption of a Dependent child, coverage will be effective immediately on the date of birth, adoption or placement for adoption. Coverage with regard to any other special enrollment event will be effective no later than the first day of the first calendar month following receipt of the request for special enrollment.

Domestic Partners and their children (if not legal children of the Employee) are not eligible for special enrollment.

HC-FED96 04-17

Effect of Section 125 Tax Regulations on This Plan

Your Employer has chosen to administer this Plan in accordance with Section 125 regulations of the Internal Revenue Code. Per this regulation, you may agree to a pretax salary reduction put toward the cost of your benefits. Otherwise, you will receive your taxable earnings as cash (salary).

A. Coverage elections

Per Section 125 regulations, you are generally allowed to enroll for or change coverage only before each annual benefit period. However, exceptions are allowed:

- if you meet Special Enrollment criteria and enroll as described in the Special Enrollment section; or
- if your Employer agrees, and you meet the criteria shown in the following Sections B through H and enroll for or change coverage within the time period established by your Employer.

B. Change of status

A change in status is defined as:

- change in legal marital status due to marriage, death of a spouse, divorce, annulment or legal separation;
- change in number of Dependents due to birth, adoption, placement for adoption, or death of a Dependent;
- change in employment status of Employee, spouse or Dependent due to termination or start of employment, strike, lockout, beginning or end of unpaid leave of absence, including under the Family and Medical Leave Act (FMLA), or change in worksite;
- changes in employment status of Employee, spouse or Dependent resulting in eligibility or ineligibility for coverage;
- change in residence of Employee, spouse or Dependent to a location outside of the Employer's network service area; and
- changes which cause a Dependent to become eligible or ineligible for coverage.

C. Court order

A change in coverage due to and consistent with a court order of the Employee or other person to cover a Dependent.

D. Medicare or Medicaid eligibility/entitlement

The Employee, spouse or Dependent cancels or reduces coverage due to entitlement to Medicare or Medicaid, or enrolls or increases coverage due to loss of Medicare or Medicaid eligibility.

E. Change in cost of coverage

If the cost of benefits increases or decreases during a benefit period, your Employer may, in accordance with plan terms, automatically change your elective contribution.

When the change in cost is significant, you may either increase your contribution or elect less-costly coverage. When a significant overall reduction is made to the benefit option you have elected, you may elect another available benefit option. When a new benefit option is added, you may change your election to the new benefit option.

F. Changes in coverage of spouse or Dependent under another employer's plan

You may make a coverage election change if the plan of your spouse or Dependent: incurs a change such as adding or deleting a benefit option; allows election changes due to Special Enrollment, Change in Status, Court Order or Medicare or Medicaid Eligibility/Entitlement; or this Plan and the other plan have different periods of coverage or open enrollment periods.

G. Reduction in work hours

If an Employee's work hours are reduced below 30 hours/week (even if it does not result in the Employee losing eligibility for the Employer's coverage); and the Employee (and family) intend to enroll in another plan that provides Minimum Essential Coverage (MEC). The new coverage must be effective no later than the 1st day of the 2nd month following the month that includes the date the original coverage is revoked.

H. Enrollment in a Qualified Health Plan (QHP)

The Employee must be eligible for a Special Enrollment Period to enroll in a QHP through a Marketplace or the Employee wants to enroll in a QHP through a Marketplace during the Marketplace's annual open enrollment period; and the disenrollment from the group plan corresponds to the intended enrollment of the Employee (and family) in a QHP through a Marketplace for new coverage effective beginning no later than the day immediately following the last day of the original coverage.

HC-FED95 04-17

Eligibility for Coverage for Adopted Children

Any child who is adopted by you, including a child who is placed with you for adoption, will be eligible for Dependent Insurance, if otherwise eligible as a Dependent, upon the date of placement with you. A child will be considered placed for adoption when you become legally obligated to support that child, totally or partially, prior to that child's adoption.

If a child placed for adoption is not adopted, all health coverage ceases when the placement ends, and will not be continued.

The provisions in the "Exception for Newborns" section of this document that describe requirements for enrollment and effective date of insurance will also apply to an adopted child or a child placed with you for adoption.

HC-FED67 09-14

Coverage for Maternity Hospital Stay

Group health plans and health insurance issuers offering group health insurance coverage generally may not, under a federal law known as the "Newborns' and Mothers' Health Protection Act": restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section; or require that a provider obtain authorization from the plan or insurance issuer for prescribing a length of stay not in excess of the above periods. The law generally does not prohibit an attending provider of the mother or newborn, in consultation with the mother, from discharging the mother or newborn earlier than 48 or 96 hours, as applicable.

Please review this Plan for further details on the specific coverage available to you and your Dependents.

HC-FED11 10-10

Women's Health and Cancer Rights Act (WHCRA)

Do you know that your plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema? Call Member Services at the toll free number listed on your ID card for more information.

HC-FED12 10-10

Group Plan Coverage Instead of Medicaid

If your income and liquid resources do not exceed certain limits established by law, the state may decide to pay premiums for this coverage instead of for Medicaid, if it is cost effective. This includes premiums for continuation coverage required by federal law.

HC-FED13 10-10

Requirements of Family and Medical Leave Act of 1993 (as amended) (FMLA)

Any provisions of the policy that provide for: continuation of insurance during a leave of absence; and reinstatement of

insurance following a return to Active Service; are modified by the following provisions of the federal Family and Medical Leave Act of 1993, as amended, where applicable:

Continuation of Health Insurance During Leave

Your health insurance will be continued during a leave of absence if:

- that leave qualifies as a leave of absence under the Family and Medical Leave Act of 1993, as amended; and
- you are an eligible Employee under the terms of that Act.

The cost of your health insurance during such leave must be paid, whether entirely by your Employer or in part by you and your Employer.

Reinstatement of Canceled Insurance Following Leave

Upon your return to Active Service following a leave of absence that qualifies under the Family and Medical Leave Act of 1993, as amended, any canceled insurance (health, life or disability) will be reinstated as of the date of your return.

You will not be required to satisfy any eligibility or benefit waiting period to the extent that they had been satisfied prior to the start of such leave of absence.

Your Employer will give you detailed information about the Family and Medical Leave Act of 1993, as amended.

HC-FED93 10-17

Uniformed Services Employment and Re-Employment Rights Act of 1994 (USERRA)

The Uniformed Services Employment and Re-employment Rights Act of 1994 (USERRA) sets requirements for continuation of health coverage and re-employment in regard to an Employee's military leave of absence. These requirements apply to medical and dental coverage for you and your Dependents. They do not apply to any Life, Short-term or Long-term Disability or Accidental Death & Dismemberment coverage you may have.

Continuation of Coverage

For leaves of less than 31 days, coverage will continue as described in the Termination section regarding Leave of Absence.

For leaves of 31 days or more, you may continue coverage for yourself and your Dependents as follows:

You may continue benefits by paying the required premium to your Employer, until the earliest of the following:

- 24 months from the last day of employment with the Employer;
- the day after you fail to return to work; and
- the date the policy cancels.

Your Employer may charge you and your Dependents up to 102% of the total premium.

Reinstatement of Benefits (applicable to all coverages)

If your coverage ends during the leave of absence because you do not elect USERRA at the expiration of USERRA and you are reemployed by your current Employer, coverage for you and your Dependents may be reinstated if you gave your Employer advance written or verbal notice of your military service leave, and the duration of all military leaves while you are employed with your current Employer does not exceed 5 years.

You and your Dependents will be subject to only the balance of a waiting period that was not yet satisfied before the leave began. However, if an Injury or Sickness occurs or is aggravated during the military leave, full Plan limitations will apply.

If your coverage under this plan terminates as a result of your eligibility for military medical and dental coverage and your order to active duty is canceled before your active duty service commences, these reinstatement rights will continue to apply.

HC-FED18 10-10

Claim Determination Procedures

The following complies with federal law. Provisions of applicable laws of your state may supersede.

Procedures Regarding Medical Necessity Determinations

In general, health services and benefits must be Medically Necessary to be covered under the plan. The procedures for determining Medical Necessity vary, according to the type of service or benefit requested, and the type of health plan. Medical Necessity determinations are made on a preservice, concurrent, or postservice basis, as described below:

Certain services require prior authorization in order to be covered. The booklet describes who is responsible for obtaining this review. You or your authorized representative (typically, your health care professional) must request prior authorization according to the procedures described below, in the booklet, and in your provider's network participation documents as applicable.

When services or benefits are determined to be not covered, you or your representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the booklet, in your provider's network participation documents as applicable, and in the determination notices.

Note: An oral statement made to you by a representative of Cigna or its designee that indicates, for example, a particular service is a Covered Expense, is authorized for coverage by the plan, or that you are eligible for coverage is not a guarantee that you will receive benefits for services under this plan. Cigna will make a benefit determination after a claim is received from you or your authorized representative, and the benefit determination will be based on, your eligibility as of the date services were rendered to you and the terms and conditions of the plan in effect as of the date services were rendered to you.

Preservice Determinations

When you or your representative requests a required prior authorization, Cigna will notify you or your representative of the determination within 15 days after receiving the request. However, if more time is needed due to matters beyond Cigna's control, Cigna will notify you or your representative within 15 days after receiving your request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

If the determination periods above would seriously jeopardize your life or health, your ability to regain maximum function, or in the opinion of a health care professional with knowledge of your health condition, cause you severe pain which cannot be managed without the requested services, Cigna will make the preservice determination on an expedited basis. Cigna's reviewer, in consultation with the treating health care professional, will decide if an expedited determination is necessary. Cigna will notify you or your representative of an expedited determination within 72 hours after receiving the request.

However, if necessary information is missing from the request, Cigna will notify you or your representative within 24 hours after receiving the request to specify what information is needed. You or your representative must provide the specified information to Cigna within 48 hours after receiving the notice. Cigna will notify you or your representative of the expedited benefit determination within 48 hours after you or your representative responds to the notice. Expedited determinations may be provided orally, followed within 3 days by written or electronic notification.

If you or your representative attempts to request a preservice determination, but fails to follow Cigna's procedures for requesting a required preservice determination, Cigna will notify you or your representative of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless you or your representative requests written notification.

Concurrent Determinations

When an ongoing course of treatment has been approved for you and you wish to extend the approval, you or your representative must request a required concurrent coverage determination at least 24 hours prior to the expiration of the approved period of time or number of treatments. When you or your representative requests such a determination, Cigna will notify you or your representative of the determination within 24 hours after receiving the request.

Postservice Determinations

When you or your representative requests a coverage determination or a claim payment determination after services have been rendered, Cigna will notify you or your representative of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Cigna's control, Cigna will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

Notice of Adverse Determination

Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: the specific reason or reasons for the adverse determination; reference to the specific plan provisions on which the determination is based; a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; a description of the plan's review procedures and the time limits applicable, including a statement of a claimant's rights to bring a civil action under section 502(a) of ERISA following an adverse benefit determination on appeal, (if applicable); upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your claim; and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity,

experimental treatment or other similar exclusion or limit; and in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

HC-FED104 01-19

Appointment of Authorized Representative

You may appoint an authorized representative to assist you in submitting a claim or appealing a claim denial. However, Cigna may require you to designate your authorized representative in writing using a form approved by Cigna. At all times, the appointment of an authorized representative is revocable by you. To ensure that a prior appointment remains valid, Cigna may require you to re-appoint your authorized representative, from time to time.

Cigna reserves the right to refuse to honor the appointment of a representative if Cigna reasonably determines that:

- the signature on an authorized representative form may not be yours, or
- the authorized representative may not have disclosed to you all of the relevant facts and circumstances relating to the overpayment or underpayment of any claim, including, for example, that the billing practices of the provider of medical services may have jeopardized your coverage through the waiver of the cost-sharing amounts that you are required to pay under your plan.

If your designation of an authorized representative is revoked, or Cigna does not honor your designation, you may appoint a new authorized representative at any time, in writing, using a form approved by Cigna.

HC-FED88 01-17

Medical - When You Have a Complaint or an Appeal

For the purposes of this section, any reference to "you" or "your" also refers to a representative or provider designated by you to act on your behalf; unless otherwise noted.

We want you to be completely satisfied with the services you receive. That is why we have established a process for addressing your concerns and solving your problems.

Start With Customer Service

We are here to listen and help. If you have a concern regarding a person, a service, the quality of care, or contractual benefits, you may call the toll-free number on your ID card, explanation of benefits, or claim form and explain your concern to one of our Customer Service representatives. You may also express that concern in writing.

We will do our best to resolve the matter on your initial contact. If we need more time to review or investigate your concern, we will get back to you as soon as possible, but in any case within 30 days. If you are not satisfied with the results of a coverage decision, you may start the appeals procedure.

Internal Appeals Procedure

To initiate an appeal of an adverse benefit determination, you must submit a request for an appeal to Cigna within 180 days of receipt of a denial notice. If you appeal a reduction or termination in coverage for an ongoing course of treatment that Cigna previously approved, you will receive, as required by applicable law, continued coverage pending the outcome of an appeal.

You should state the reason why you feel your appeal should be approved and include any information supporting your appeal. If you are unable or choose not to write, you may ask Cigna to register your appeal by telephone. Call or write us at the toll-free number on your ID card, explanation of benefits, or claim form.

Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medical Necessity or clinical appropriateness will be considered by a health care professional.

We will respond in writing with a decision within 30 calendar days after we receive an appeal for a required preservice or concurrent care coverage determination or a postservice Medical Necessity determination. We will respond within 60 calendar days after we receive an appeal for any other postservice coverage determination. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

You may request that the appeal process be expedited if the time frames under this process would seriously jeopardize your life, health or ability to regain maximum functionality or in the opinion of your health care provider would cause you severe pain which cannot be managed without the requested services.

When an appeal is expedited, Cigna will respond orally with a decision within 72 hours, followed up in writing.

External Review Procedure

If you are not fully satisfied with the decision of Cigna's internal appeal review regarding your Medical Necessity or clinical appropriateness issue, you may request that your appeal be referred to an Independent Review Organization

(IRO). The IRO is composed of persons who are not employed by Cigna, or any of its affiliates. A decision to request an external review to an IRO will not affect the claimant's rights to any other benefits under the plan.

There is no charge for you to initiate an external review. Cigna and your benefit plan will abide by the decision of the IRO.

In order to request a referral to an IRO, the reason for the denial must be based on a Medical Necessity or clinical appropriateness determination by Cigna. Administrative, eligibility or benefit coverage limits or exclusions are not eligible for appeal under this process.

To request a review, you must notify the Appeals Coordinator within 4 months of your receipt of Cigna's appeal review denial. Cigna will then forward the file to a randomly selected IRO. The IRO will render an opinion within 30 days.

When requested and when a delay would be detrimental to your medical condition, as determined by Cigna's reviewer, the external review shall be completed within 3 days.

Notice of Benefit Determination on Appeal

Every notice of a determination on appeal will be provided in writing or electronically and, if an adverse determination, will include: the specific reason or reasons for the adverse determination; reference to the specific plan provisions on which the determination is based; a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other Relevant Information as defined below; a statement describing any voluntary appeal procedures offered by the plan and the claimant's right to bring an action under ERISA section 502(a), if applicable; upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your appeal, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit.

You also have the right to bring a civil action under section 502(a) of ERISA if you are not satisfied with the decision on review. You or your plan may have other voluntary alternative dispute resolution options such as Mediation. One way to find out what may be available is to contact your local U.S. Department of Labor office and your State insurance regulatory agency. You may also contact the Plan Administrator.

Relevant Information

Relevant Information is any document, record or other information which: was relied upon in making the benefit determination; was submitted, considered or generated in the course of making the benefit determination, without regard to whether such document, record, or other information was relied upon in making the benefit determination; demonstrates compliance with the administrative processes and safeguards required by federal law in making the benefit determination; or constitutes a statement of policy or guidance with respect to the plan concerning the denied treatment option or benefit for the claimant's diagnosis, without regard to whether such advice or statement was relied upon in making the benefit determination.

Legal Action

If your plan is governed by ERISA, you have the right to bring a civil action under section 502(a) of ERISA if you are not satisfied with the outcome of the Appeals Procedure. In most instances, you may not initiate a legal action against Cigna until you have completed the appeal processes. However, no action will be brought at all unless brought within three years after proof of claim is required under the Plan. However, no action will be brought at all unless brought within 3 years after a claim is submitted for In-Network Services or within three years after proof of claim is required under the Plan for Out-of-Network services.

HC-FED110 01-21

COBRA Continuation Rights Under Federal Law

For You and Your Dependents

What is COBRA Continuation Coverage?

Under federal law, you and/or your Dependents must be given the opportunity to continue health insurance when there is a "qualifying event" that would result in loss of coverage under the Plan. You and/or your Dependents will be permitted to continue the same coverage under which you or your Dependents were covered on the day before the qualifying event occurred, unless you move out of that plan's coverage area or the plan is no longer available. You and/or your Dependents cannot change coverage options until the next open enrollment period.

When is COBRA Continuation Available?

For you and your Dependents, COBRA continuation is available for up to 18 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your termination of employment for any reason, other than gross misconduct; or
- your reduction in work hours.

For your Dependents, COBRA continuation coverage is available for up to 36 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your death;
- your divorce or legal separation; or
- for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Who is Entitled to COBRA Continuation?

Only a "qualified beneficiary" (as defined by federal law) may elect to continue health insurance coverage. A qualified beneficiary may include the following individuals who were covered by the Plan on the day the qualifying event occurred: you, your spouse, and your Dependent children. Each qualified beneficiary has their own right to elect or decline COBRA continuation coverage even if you decline or are not eligible for COBRA continuation.

The following individuals are not qualified beneficiaries for purposes of COBRA continuation: domestic partners, grandchildren (unless adopted by you), stepchildren (unless adopted by you). Although these individuals do not have an independent right to elect COBRA continuation coverage, if you elect COBRA continuation coverage for yourself, you may also cover your Dependents even if they are not considered qualified beneficiaries under COBRA. However, such individuals' coverage will terminate when your COBRA continuation coverage terminates. The sections titled "Secondary Qualifying Events" and "Medicare Extension For Your Dependents" are not applicable to these individuals.

Secondary Qualifying Events

If, as a result of your termination of employment or reduction in work hours, your Dependent(s) have elected COBRA continuation coverage and one or more Dependents experience another COBRA qualifying event, the affected Dependent(s) may elect to extend their COBRA continuation coverage for an additional 18 months (7 months if the secondary event occurs within the disability extension period) for a maximum of 36 months from the initial qualifying event. The second qualifying event must occur before the end of the initial 18 months of COBRA continuation coverage or within the disability extension period discussed below. Under no circumstances will COBRA continuation coverage be available for more than 36 months from the initial qualifying event. Secondary qualifying events are: your death; your divorce or legal separation; or, for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Disability Extension

If, after electing COBRA continuation coverage due to your termination of employment or reduction in work hours, you or one of your Dependents is determined by the Social Security Administration (SSA) to be totally disabled under Title II or XVI of the SSA, you and all of your Dependents who have elected COBRA continuation coverage may extend such continuation for an additional 11 months, for a maximum of 29 months from the initial qualifying event.

To qualify for the disability extension, all of the following requirements must be satisfied:

- SSA must determine that the disability occurred prior to or within 60 days after the disabled individual elected COBRA continuation coverage; and
- A copy of the written SSA determination must be provided to the Plan Administrator within 60 calendar days after the date the SSA determination is made AND before the end of the initial 18-month continuation period.

If the SSA later determines that the individual is no longer disabled, you must notify the Plan Administrator within 30 days after the date the final determination is made by SSA. The 11-month disability extension will terminate for all covered persons on the first day of the month that is more than 30 days after the date the SSA makes a final determination that the disabled individual is no longer disabled.

All causes for "Termination of COBRA Continuation" listed below will also apply to the period of disability extension.

Medicare Extension for Your Dependents

When the qualifying event is your termination of employment or reduction in work hours and you became enrolled in Medicare (Part A, Part B or both) within the 18 months before the qualifying event, COBRA continuation coverage for your Dependents will last for up to 36 months after the date you became enrolled in Medicare. Your COBRA continuation coverage will last for up to 18 months from the date of your termination of employment or reduction in work hours.

Termination of COBRA Continuation

COBRA continuation coverage will be terminated upon the occurrence of any of the following:

- the end of the COBRA continuation period of 18, 29 or 36 months, as applicable;
- failure to pay the required premium within 30 calendar days after the due date;
- cancellation of the Employer's policy with Cigna;
- after electing COBRA continuation coverage, a qualified beneficiary enrolls in Medicare (Part A, Part B, or both);
- after electing COBRA continuation coverage, a qualified beneficiary becomes covered under another group health plan, unless the qualified beneficiary has a condition for which the new plan limits or excludes coverage under a pre-existing condition provision. In such case coverage will continue until the earliest of: the end of the applicable maximum period; the date the pre-existing condition

provision is no longer applicable; or the occurrence of an event described in one of the first three bullets above;

- any reason the Plan would terminate coverage of a participant or beneficiary who is not receiving continuation coverage (e.g., fraud).

Moving Out of Employer's Service Area or Elimination of a Service Area

If you and/or your Dependents move out of the Employer's service area or the Employer eliminates a service area in your location, your COBRA continuation coverage under the plan will be limited to out-of-network coverage only. In-network coverage is not available outside of the Employer's service area. If the Employer offers another benefit option through Cigna or another carrier which can provide coverage in your location, you may elect COBRA continuation coverage under that option.

Employer's Notification Requirements

Your Employer is required to provide you and/or your Dependents with the following notices:

- An initial notification of COBRA continuation rights must be provided within 90 days after your (or your spouse's) coverage under the Plan begins (or the Plan first becomes subject to COBRA continuation requirements, if later). If you and/or your Dependents experience a qualifying event before the end of that 90-day period, the initial notice must be provided within the time frame required for the COBRA continuation coverage election notice as explained below.
- A COBRA continuation coverage election notice must be provided to you and/or your Dependents within the following timeframes:
  - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the loss of coverage, 44 days after loss of coverage under the Plan;
  - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the occurrence of a qualifying event, 44 days after the qualifying event occurs; or
  - in the case of a multi-employer plan, no later than 14 days after the end of the period in which Employers must provide notice of a qualifying event to the Plan Administrator.

How to Elect COBRA Continuation Coverage

The COBRA coverage election notice will list the individuals who are eligible for COBRA continuation coverage and inform you of the applicable premium. The notice will also include instructions for electing COBRA continuation coverage. You must notify the Plan Administrator of your election no later than the due date stated on the COBRA election notice. If a written election notice is required, it must be post-marked no later than the due date stated on the COBRA election notice. If you do not make proper notification by the due date shown on the notice, you and your Dependents will lose the right to elect COBRA continuation coverage. If you reject COBRA continuation coverage before the due date, you may change your mind as long as you furnish a completed election form before the due date.

Each qualified beneficiary has an independent right to elect COBRA continuation coverage. Continuation coverage may be elected for only one, several, or for all Dependents who are qualified beneficiaries. Parents may elect to continue coverage on behalf of their Dependent children. You or your spouse may elect continuation coverage on behalf of all the qualified beneficiaries. You are not required to elect COBRA continuation coverage in order for your Dependents to elect COBRA continuation.

How Much Does COBRA Continuation Coverage Cost?

Each qualified beneficiary may be required to pay the entire cost of continuation coverage. The amount may not exceed 102% of the cost to the group health plan (including both Employer and Employee contributions) for coverage of a similarly situated active Employee or family member. The premium during the 11-month disability extension may not exceed 150% of the cost to the group health plan (including both employer and employee contributions) for coverage of a similarly situated active Employee or family member.

For example: If the Employee alone elects COBRA continuation coverage, the Employee will be charged 102% (or 150%) of the active Employee premium. If the spouse or one Dependent child alone elects COBRA continuation coverage, they will be charged 102% (or 150%) of the active Employee premium. If more than one qualified beneficiary elects COBRA continuation coverage, they will be charged 102% (or 150%) of the applicable family premium.

When and How to Pay COBRA Premiums

First payment for COBRA continuation

If you elect COBRA continuation coverage, you do not have to send any payment with the election form. However, you must make your first payment no later than 45 calendar days after the date of your election. (This is the date the Election Notice is postmarked, if mailed.) If you do not make your first payment within that 45 days, you will lose all COBRA continuation rights under the Plan.

Subsequent payments

After you make your first payment for COBRA continuation coverage, you will be required to make subsequent payments of the required premium for each additional month of coverage. Payment is due on the first day of each month. If you make a payment on or before its due date, your coverage

under the Plan will continue for that coverage period without any break.

Grace periods for subsequent payments

Although subsequent payments are due by the first day of the month, you will be given a grace period of 30 days after the first day of the coverage period to make each monthly payment. Your COBRA continuation coverage will be provided for each coverage period as long as payment for that coverage period is made before the end of the grace period for that payment. However, if your payment is received after the due date, your coverage under the Plan may be suspended during this time. Any providers who contact the Plan to confirm coverage during this time may be informed that coverage has been suspended. If payment is received before the end of the grace period, your coverage will be reinstated back to the beginning of the coverage period. This means that any claim you submit for benefits while your coverage is suspended may be denied and may have to be resubmitted once your coverage is reinstated. If you fail to make a payment before the end of the grace period for that coverage period, you will lose all rights to COBRA continuation coverage under the Plan.

You Must Give Notice of Certain Qualifying Events

If you or your Dependent(s) experience one of the following qualifying events, you must notify the Plan Administrator within 60 calendar days after the later of the date the qualifying event occurs or the date coverage would cease as a result of the qualifying event:

- Your divorce or legal separation; or
- Your child ceases to qualify as a Dependent under the Plan.
- The occurrence of a secondary qualifying event as discussed under “Secondary Qualifying Events” above (this notice must be received prior to the end of the initial 18- or 29-month COBRA period).

(Also refer to the section titled “Disability Extension” for additional notice requirements.)

Notice must be made in writing and must include: the name of the Plan, name and address of the Employee covered under the Plan, name and address(es) of the qualified beneficiaries affected by the qualifying event; the qualifying event; the date the qualifying event occurred; and supporting documentation (e.g., divorce decree, birth certificate, disability determination, etc.).

Newly Acquired Dependents

If you acquire a new Dependent through marriage, birth, adoption or placement for adoption while your coverage is being continued, you may cover such Dependent under your COBRA continuation coverage. However, only your newborn or adopted Dependent child is a qualified beneficiary and may continue COBRA continuation coverage for the remainder of the coverage period following your early termination of COBRA coverage or due to a secondary qualifying event. COBRA coverage for your Dependent spouse and any Dependent children who are not your children (e.g., stepchildren or grandchildren) will cease on the date your COBRA coverage ceases and they are not eligible for a secondary qualifying event.

COBRA Continuation for Retirees Following Employer’s Bankruptcy

If you are covered as a retiree, and a proceeding in bankruptcy is filed with respect to the Employer under Title 11 of the United States Code, you may be entitled to COBRA continuation coverage. If the bankruptcy results in a loss of coverage for you, your Dependents or your surviving spouse within one year before or after such proceeding, you and your covered Dependents will become COBRA qualified beneficiaries with respect to the bankruptcy. You will be entitled to COBRA continuation coverage until your death. Your surviving spouse and covered Dependent children will be entitled to COBRA continuation coverage for up to 36 months following your death. However, COBRA continuation coverage will cease upon the occurrence of any of the events listed under “Termination of COBRA Continuation” above.

Interaction With Other Continuation Benefits

You may be eligible for other continuation benefits under state law. Refer to the Termination section for any other continuation benefits.

HC-FED66 07-14

Definitions

Active Service

You will be considered in Active Service:

- on any of your Employer's scheduled work days if you are performing the regular duties of your work on a full-time basis on that day either at your Employer's place of business or at some location to which you are required to travel for your Employer's business.
- on a day which is not one of your Employer's scheduled work days if you were in Active Service on the preceding scheduled work day.

HC-DFS1095 12-17

Ambulance

Licensed ambulance transportation services involve the use of specially designed and equipped vehicles for transporting ill or

injured patients. It includes ground, air, or sea transportation when Medically Necessary and clinically appropriate.

HC-DFS1480 01-21

Ancillary Charge

An additional cost, outside of plan cost sharing detailed in The Schedule of Prescription Drug Benefits, which may apply to some Prescription Drug Products when you request a more expensive Brand Drug when a lower cost, Therapeutic Equivalent, Generic Drug is available. The Ancillary Charge is the amount by which the cost of the requested Brand Drug exceeds the cost of the Generic Drug.

HC-DFS1553 01-21

Biologic

A virus, therapeutic serum, toxin, antitoxin, vaccine, blood, blood component or derivative, allergenic product, protein (except any chemically synthesized polypeptide), or analogous product, or arsphenamine or derivative of arsphenamine (or any other trivalent organic arsenic compound), used for the prevention, treatment, or cure of a disease or condition of human beings, as defined under Section 351(i) of the Public Health Service Act (42 USC 262(i)) (as amended by the Biologics Price Competition and Innovation Act of 2009, title VII of the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, § 7002 (2010), and as may be amended thereafter).

HC-DFS840 10-16

Biosimilar

A Biologic that is highly similar to the reference Biologic product notwithstanding minor differences in clinically inactive components, and has no clinically meaningful differences from the reference Biologic in terms of its safety, purity, and potency, as defined under Section 351(i) of the Public Health Service Act (42 USC 262(i)) (as amended by the Biologics Price Competition and Innovation Act of 2009, title VII of the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, § 7002 (2010), and as may be amended thereafter).

HC-DFS841 10-16

Brand Drug

A Prescription Drug Product that Cigna identifies as a Brand Drug product across its book-of-business, principally based on available data resources, including, but not limited to, First DataBank or another nationally recognized drug indicator source, that classify drugs or Biologics as either brand or generic based on a number of factors. Not all products identified as a "brand name" by the manufacturer, Pharmacy, or your Physician may be classified as a Brand Drug under the plan.

HC-DFS842 10-16

Business Decision Team

A committee comprised of voting and non-voting representatives across various Cigna business units such as clinical, medical and business leadership that is duly authorized by Cigna to effect changes regarding coverage treatment of Prescription Drug Products and Medical Pharmaceuticals based on clinical findings provided by the P&T Committee, including, but not limited to, changes regarding tier placement and application of utilization management to Prescription Drug Products and Medical Pharmaceuticals.

HC-DFS1494 07-20

Charges

The term charges means the actual billed charges; except when Cigna has contracted directly or indirectly for a different amount including where Cigna has directly or indirectly contracted with an entity to arrange for the provision of services and/or supplies through contracts with providers of such services and/or supplies.

HC-DFS1193 01-19

Chiropractic Care

The term Chiropractic Care means the conservative management of neuromusculoskeletal conditions through manipulation and ancillary physiological treatment rendered to specific joints to restore motion, reduce pain and improve function.

HC-DFS55 04-10
V1

Convenience Care Clinics

Convenience Care Clinics are staffed by nurse practitioners and physician assistants and offer customers convenient, professional walk-in care for common ailments and routine services. Convenience Care Clinics have extended hours and are located in or near easy-to-access, popular locations (pharmacies, grocery and free-standing locations) with or without appointment.

HC-DFS1629 07-21

Custodial Services

Any services that are of a sheltering, protective, or safeguarding nature. Such services may include a stay in an institutional setting, at-home care, or nursing services to care for someone because of age or mental or physical condition. This service primarily helps the person in daily living. Custodial care also can provide medical services, given mainly to maintain the person's current state of health. These services cannot be intended to greatly improve a medical condition; they are intended to provide care while the patient cannot care for himself or herself. Custodial Services include but are not limited to:

- Services related to watching or protecting a person;
- Services related to performing or assisting a person in performing any activities of daily living, such as: walking, grooming, bathing, dressing, getting in or out of bed, toileting, eating, preparing foods, or taking medications that can be self administered, and
- Services not required to be performed by trained or skilled medical or paramedical personnel.

HC-DFS4 04-10
V1

Dependent

Dependents are:

- your lawful spouse; or
- your Domestic Partner; and
- any child of yours who is
  - less than 26 years old.
  - from 26 years until the end of the calendar year in which the child reaches the age of 30, provided the child is unmarried and does not have a dependent of his own, is a Florida state resident or a full-time or part-time student, and is not covered under a plan of their own or entitled to benefits under Title XVIII of the Social Security Act. CIGNA may require such proof at least once each year until the end of the calendar year in which he attains age 30; and
  - who is 26 or more years old, and primarily supported by you and incapable of self-sustaining employment by reason of mental or physical handicap. Proof of the child's condition and dependence may be required to be submitted to the plan as a condition of coverage after the date the child ceases to qualify above. However, if a claim is denied, proof must be submitted by the Employee that the child is and has continued to be mentally or physically handicapped.

  A child includes a legally adopted child, including that child from the date of placement in the home or from birth provided that a written agreement to adopt such child has been entered into prior to the birth of such child. Coverage for a legally adopted child will include the necessary care and treatment of an Injury or a Sickness existing prior to the date of placement or adoption. A child also includes a foster child or a child placed in your custody by a court order from the date of placement in the home. Coverage is not required if the adopted or foster child is ultimately not placed in your home. It also includes:
  - a stepchild;
  - a stepchild who lives with you;
  - a child born to an insured Dependent child of yours until such child is 18 months old.

  If your Domestic Partner has a child, that child will also be included as a Dependent.

Benefits for a Dependent child or student will continue until the last day of the calendar year in which the limiting age is reached.

Anyone who is eligible as an Employee will not be considered as a Dependent.

No one may be considered as a Dependent of more than one Employee.

HC-DFS872 M 10-16

Designated Pharmacy

A Network Pharmacy that has entered into an agreement with Cigna, or with an entity contracting on Cigna's behalf, to provide Prescription Drug Products or services, including, without limitation, specific Prescription Drug Products, to plan enrollees on a preferred or exclusive basis. For example, a Designated Pharmacy may provide enrollees certain Specialty Prescription Drug Products that have limited distribution availability, provide enrollees with an extended days' supply of Prescription Drug Products or provide enrollees with Prescription Drug Products on a preferred cost share basis. A

Pharmacy that is a Network Pharmacy is not necessarily a Designated Pharmacy.

HC-DFS1614 01-22

Domestic Partner

A Domestic Partner is defined as a person of the same or opposite sex who:

- shares your permanent residence;
- is no less than 18 years of age;
- is financially interdependent with you and has proven such interdependence by providing evidence of one of the following: The parties to the domestic partnership share a residence as evidenced by the same residential address on a valid driver license or state identification card; or joint ownership of Florida homestead property as joint tenants with right of survivorship with both owners having been granted a homestead exemption on the property; or joint ownership of Florida homestead property as tenants in common with both owners having been granted a homestead exemption on that property; or a lease showing the domestic partner as co-lessee residents of residential real property; and
- is not eligible for marriage to each other as provided in Section 741.21, Florida Statutes, as may be amended and revised; and
- has signed jointly with you, a notarized affidavit attesting to the above which can be made available to Cigna upon request.

In addition, you and your Domestic Partner will be considered to have met the terms of this definition as long as neither you nor your Domestic Partner:

- has not previously during the calendar year included more than one other domestic partner as a domestic partner under the plan;
- is a party to a marriage recognized by Florida law; or has any other Domestic Partner, spouse or spouse equivalent of the same or opposite sex has any other Domestic Partner, spouse or spouse equivalent of the same or opposite sex.

You and your Domestic Partner must have registered as Domestic Partners, if you reside in a state that provides for such registration.

The section of this certificate entitled "COBRA Continuation Rights Under Federal Law" will not apply to your Domestic Partner and his or her Dependents on a pre-tax basis.

HC-DFS47 04-10
V1 M

Emergency Services

Emergency services means, with respect to an emergency medical condition, a medical screening examination that is within the capability of the emergency department of a Hospital or of an independent freestanding emergency facility, including ancillary services routinely available to the emergency department to evaluate the emergency medical condition; and such further medical examination and treatment, to the extent they are within the capabilities of the staff and facilities available at the Hospital, to stabilize the patient.

HC-DFS1696 01-22

Employee

The term Employee means an Employee as determined by your Employer who is currently in Active Service.

HC-DFS1094 M 12-17

Employer

The term Employer means the plan sponsor self-insuring the benefits described in this booklet, on whose behalf Cigna is providing claim administration services.

HC-DFS1615 01-22

Expense Incurred

An expense is incurred when the service or the supply for which it is incurred is provided.

HC-DFS10 04-10
V1

Free-Standing Surgical Facility

The term Free-Standing Surgical Facility means an institution which meets all of the following requirements:

- it has a medical staff of Physicians, Nurses and licensed anesthesiologists;
- it maintains at least two operating rooms and one recovery room;
- it maintains diagnostic laboratory and x-ray facilities;
- it has equipment for emergency care;
- it has a blood supply;

- it maintains medical records;
- it has agreements with Hospitals for immediate acceptance of patients who need Hospital Confinement on an inpatient basis; and
- it is licensed in accordance with the laws of the appropriate legally authorized agency.

A Free-Standing Surgical Facility, unless specifically noted otherwise, is covered with the same cost share as an Outpatient Facility.

HC-DFS1484 01-21

Generic Drug

A Prescription Drug Product that Cigna identifies as a Generic Drug product at a book-of-business level principally based on available data resources, including, but not limited to, First DataBank or another nationally recognized drug indicator source, that classify drugs or Biologics (including Biosimilars) as either brand or generic based on a number of factors. Not all products identified as a "generic" by the manufacturer, Pharmacy or your Physician may be classified as a Generic Drug under the plan. A Biosimilar may be classified as a Generic Drug for the purposes of benefits under the plan even if it is identified as a "brand name" drug by the manufacturer, Pharmacy or your Physician.

HC-DFS846 10-16

Hospice Care Program

The term Hospice Care Program means:

- a coordinated, interdisciplinary program to meet the physical, psychological, spiritual and social needs of dying persons and their families;
- a program that provides palliative and supportive medical, nursing and other health services through home or inpatient care during the illness;
- a program for persons who have a Terminal Illness and for the families of those persons.

HC-DFS51 04-10
V1

Hospice Care Services

The term Hospice Care Services means any services provided by: a Hospital, a Skilled Nursing Facility or a similar institution, a Home Health Care Agency, a Hospice Facility, or any other licensed facility or agency under a Hospice Care Program.

HC-DFS52 04-10
V1

Hospice Facility

The term Hospice Facility means an institution or part of it which:

- primarily provides care for Terminally Ill patients;
- is accredited by the National Hospice Organization;
- meets standards established by Cigna; and
- fulfills any licensing requirements of the state or locality in which it operates.

HC-DFS53 04-10
V1

Hospital

The term Hospital means:

- an institution licensed as a hospital, which: maintains, on the premises, all facilities necessary for medical and surgical treatment; provides such treatment on an inpatient basis, for compensation, under the supervision of Physicians; and provides 24-hour service by Registered Graduate Nurses;
- an institution which qualifies as a hospital, a psychiatric hospital or a tuberculosis hospital, and a provider of services under Medicare, if such institution is accredited as a hospital by the Joint Commission on the Accreditation of Healthcare Organizations; or
- an institution which: specializes in treatment of Mental Health and Substance Use Disorder or other related illness; provides residential treatment programs; and is licensed in accordance with the laws of the appropriate legally authorized agency.

The term Hospital does not include an institution which is primarily a place for rest, a place for the aged, or a nursing home.

HC-DFS1485 01-21

Hospital Confinement or Confined in a Hospital

A person will be considered Confined in a Hospital if he is:

- a registered bed patient in a Hospital upon the recommendation of a Physician;

- receiving treatment for Mental Health and Substance Use Disorder Services in a Mental Health or Substance Use Disorder Residential Treatment Center.

HC-DFS807 12-15

Injury

The term Injury means an accidental bodily injury.

HC-DFS12 04-10
V1

Maintenance Drug Product

A Prescription Drug Product that is prescribed for use over an extended period of time for the treatment of chronic or long-term conditions such as asthma, hypertension, diabetes and heart disease, and is identified principally based on consideration of available data resources, including, but not limited to, First DataBank or another nationally recognized drug indicator source and clinical factors. For the purposes of benefits, the list of your plan's Maintenance Drug Products does not include compounded medications, Specialty Prescription Drug Products or Prescription Drug Products, such as certain narcotics that a Pharmacy cannot dispense above certain supply limits per Prescription Drug Order or Refill under applicable federal or state law. You may determine whether a drug is a Maintenance Medication by calling member services at the telephone number on your ID card.

HC-DFS847 10-16

Maintenance Treatment

The term Maintenance Treatment means:

- treatment rendered to keep or maintain the patient's current status.

HC-DFS56 04-10
V1

Maximum Reimbursable Charge - Medical

The Maximum Reimbursable Charge for covered services for Open Access Plus is determined based on the lesser of:

- the provider's normal charge for a similar service or supply;
- the amount agreed to by the Out-of-Network provider and Cigna; or
- a policyholder-selected percentage of a fee schedule Cigna has developed that is based upon a methodology similar to a methodology utilized by Medicare to determine the allowable reimbursement for the same or similar service within the geographic market.

The percentage used to determine the Maximum Reimbursable Charge is listed in The Schedule.

In some cases, a Medicare based schedule will not be used and the Maximum Reimbursable Charge for covered services is determined based on the lesser of:

- the provider's normal charge for a similar service or supply;
- the amount agreed to by the Out-of-Network provider and Cigna; or
- the 80th percentile of charges made by providers of such service or supply in the geographic area where it is received as compiled in a database selected by Cigna. If sufficient charge data is unavailable in the database for that geographic area to determine the Maximum Reimbursable Charge, then data in the database for similar services may be used.

The Maximum Reimbursable Charge is subject to all other benefit limitations and applicable coding and payment methodologies determined by Cigna. Additional information about how Cigna determines the Maximum Reimbursable Charge is available upon request.

HC-DFS1631 01-22

Medicaid

The term Medicaid means a state program of medical aid for needy persons established under Title XIX of the Social Security Act of 1965 as amended.

HC-DFS16 04-10
V1

Medical Pharmaceutical

An FDA-approved prescription pharmaceutical product, including a Specialty Prescription Drug Product, typically required to be administered in connection with a covered service by a Physician or Other Health Professional within the scope of the provider's license. This definition includes certain pharmaceutical products whose administration may initially or typically require Physician or Other Health Professional oversight but may be self-administered under certain conditions specified in the product's FDA labeling.

HC-DFS1632 01-22

Medically Necessary/Medical Necessity

Health care services, supplies and medications provided for the purpose of preventing, evaluating, diagnosing or treating a Sickness, Injury, condition, disease or its symptoms, that are all of the following as determined by a Medical Director or Review Organization:

- required to diagnose or treat an illness, Injury, disease or its symptoms;
- in accordance with generally accepted standards of medical practice;
- clinically appropriate in terms of type, frequency, extent, site and duration;
- not primarily for the convenience of the patient, Physician or Other Health Professional;
- not more costly than an alternative service(s), medication(s) or supply(ies) that is at least as likely to produce equivalent therapeutic or diagnostic results with the same safety profile as to the prevention, evaluation, diagnosis or treatment of your Sickness, Injury, condition, disease or its symptoms; and
- rendered in the least intensive setting that is appropriate for the delivery of the services, supplies or medications. Where applicable, the Medical Director or Review Organization may compare the cost-effectiveness of alternative services, supplies, medications or settings when determining least intensive setting.

In determining whether health care services, supplies, or medications are Medically Necessary, the Medical Director or Review Organization may rely on the clinical coverage policies maintained by Cigna or the Review Organization. Clinical coverage policies may incorporate, without limitation and as applicable, criteria relating to U.S. Food and Drug Administration-approved labeling, the standard medical reference compendia and peer-reviewed, evidence-based scientific literature or guidelines.

HC-DFS1486 01-21

Medicare

The term Medicare means the program of medical care benefits provided under Title XVIII of the Social Security Act of 1965 as amended.

HC-DFS17 04-10
V1

Necessary Services and Supplies

The term Necessary Services and Supplies includes any charges, except charges for Room and Board, made by a Hospital for medical services and supplies actually used during Hospital Confinement.

The term Necessary Services and Supplies will not include any charges for special nursing fees, dental fees or medical fees.

HC-DFS1488 01-21

Network Pharmacy

A retail or home delivery Pharmacy that has:

- entered into an agreement with Cigna or an entity contracting on Cigna's behalf to provide Prescription Drug Products to plan enrollees.
- agreed to accept specified reimbursement rates for dispensing Prescription Drug Products.
- been designated as a Network Pharmacy for the purposes of coverage under your Employer’s plan.

This term may also include, as applicable, an entity that has directly or indirectly contracted with Cigna to arrange for the provision of any Prescription Drug Products the charges for which are Covered Expenses.

HC-DFS1198 01-19

New Prescription Drug Product

A Prescription Drug Product, or new use or dosage form of a previously FDA-approved Prescription Drug Product, for the period of time starting on the date the Prescription Drug Product or newly-approved use or dosage form becomes available on the market following approval by the U.S. Food and Drug Administration (FDA) and ending on the date Cigna makes a Prescription Drug List coverage status decision.

HC-DFS1498 07-20

Nurse

The term Nurse means a Registered Graduate Nurse, a Licensed Practical Nurse or a Licensed Vocational Nurse who has the right to use the abbreviation "R.N.," "L.P.N." or "L.V.N."

HC-DFS22 04-10
V1

Other Health Care Facility

The term Other Health Care Facility means a facility other than a Hospital or Hospice Facility. Examples of Other Health Care Facilities include, but are not limited to, licensed skilled nursing facilities, rehabilitation Hospitals and subacute facilities.

HC-DFS1489 01-21

Other Health Professional

The term Other Health Professional means an individual other than a Physician who is licensed or otherwise authorized under the applicable state law to deliver medical services and supplies. Other Health Professionals include, but are not limited to physical therapists, registered nurses and licensed practical nurses. Other Health Professionals do not include providers such as Certified First Assistants, Certified Operating Room Technicians, Certified Surgical Assistants/Technicians, Licensed Certified Surgical Assistants/Technicians, Licensed Surgical Assistants, Orthopedic Physician Assistants and Surgical First Assistants.

HC-DFS1490 01-21

Participating Provider

The term Participating Provider means a person or entity that has a direct or indirect contractual arrangement with Cigna to provide covered services and/or supplies, the Charges for which are Covered Expenses. It includes an entity that has directly or indirectly contracted with Cigna to arrange, through contracts with providers of services and/or supplies, for the provision of any services and/or supplies, the Charges for which are Covered Expenses.

HC-DFS1194 01-19

Pharmacy

A duly licensed Pharmacy that dispenses Prescription Drug Products in a retail setting or via home delivery. A home delivery Pharmacy is a Pharmacy that primarily provides Prescription Drug Products through mail order.

HC-DFS851 10-16

Pharmacy & Therapeutics (P&T) Committee

A committee comprised of physicians and an independent pharmacist that represent a range of clinical specialties. The committee regularly reviews Medical Pharmaceuticals or Prescription Drug Products, including New Prescription Drug Products, for safety and efficacy, the findings of which clinical reviews inform coverage determinations made by the Business Decision Team. The P&T Committee's review may be based on consideration of, without limitation, U.S. Food and Drug Administration-approved labeling, standard medical reference compendia, or scientific studies published in peer-reviewed English-language bio-medical journals.

HC-DFS1495 07-20

Physician

The term Physician means a licensed medical practitioner who is practicing within the scope of his license and who is licensed to prescribe and administer drugs or to perform surgery. It will also include any other licensed medical practitioner whose services are required to be covered by law in the locality where the policy is issued if he is:

- operating within the scope of his license; and
- performing a service for which benefits are provided under this plan when performed by a Physician.

HC-DFS25 04-10
V1

Prescription Drug Charge

The Prescription Drug Charge is the amount that, prior to application of the plan's cost-share requirement(s), the plan sponsor is obligated to pay for a covered Prescription Drug Product dispensed at a Network Pharmacy, including any applicable dispensing fee and tax.

HC-DFS1320 01-19
V1

Prescription Drug List

A list that categorizes drugs, Biologics (including Biosimilars) or other products covered under the plan's Prescription Drug benefits that have been approved by the U.S. Food and Drug Administration (FDA) into coverage tiers. This list is adopted by your Employer as part of the plan. The list is subject to periodic review and change, and is subject to the limitations and exclusions of the plan. You may determine to which tier a particular Prescription Drug Product has been assigned

through the website shown on your ID card or by calling customer service at the telephone number on your ID card.

HC-DFS1496 07-20

Prescription Drug Product

A drug, Biologic (including a Biosimilar), or other product that has been approved by the U.S. Food and Drug Administration (FDA), certain products approved under the Drug Efficacy Study Implementation review, or products marketed prior to 1938 and not subject to review and that can, under federal or state law, be dispensed only pursuant to a Prescription Order or Refill. For the purpose of benefits under the plan, this definition may also include products in the following categories if specifically identified in the Prescription Drug List:

- Certain durable products and supplies that support drug therapy;
- Certain diagnostic testing and screening services that support drug therapy;
- Certain medication consultation and other medication administration services that support drug therapy; and
- Certain digital products, applications, electronic devices, software and cloud based service solutions used to predict, detect and monitor health conditions in support of drug therapy.

HC-DFS1633 01-22

Prescription Order or Refill

The lawful directive to dispense a Prescription Drug Product issued by a Physician whose scope of practice permits issuing such a directive.

HC-DFS856 10-16

PPACA Preventive Medication

The Prescription Drug Products or other medications (including over-the-counter medications) designated as payable by the plan at 100% of the cost (without application of any Deductible, Copayment or Coinsurance) as required by applicable law under any of the following:

- Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force.
- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration.
- With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

A written prescription is required to process a claim for a PPACA Preventive Medication. You may determine whether a drug is a PPACA Preventive Medication through the internet website shown on your ID card or by calling member services at the telephone number on your ID card.

HC-DFS1513 10-20

Preventive Treatment

The term Preventive Treatment means treatment rendered to prevent disease or its recurrence.

HC-DFS57 04-10
V1

Primary Care Physician

The term Primary Care Physician means a Physician who qualifies as a Participating Provider in general practice, internal medicine, family practice OB/GYN or pediatrics; and who has been voluntarily selected by you and is contracted as a Primary Care Physician with, as authorized by Cigna, to provide or arrange for medical care for you or any of your insured Dependents.

HC-DFS40 04-10
V1

Psychologist

The term Psychologist means a person who is licensed or certified as a clinical psychologist. Where no licensure or certification exists, the term Psychologist means a person who is considered qualified as a clinical psychologist by a recognized psychological association. It will also include any other licensed counseling practitioner whose services are required to be covered by law in the locality where the policy is issued if he is operating within the scope of his license and performing a service for which benefits are provided under this plan when performed by a Psychologist.

HC-DFS26 04-10
V1

Review Organization

The term Review Organization refers to an affiliate of Cigna or another entity to which Cigna has delegated responsibility for performing utilization review services. The Review Organization is an organization with a staff of clinicians which may include Physicians, Registered Graduate Nurses, licensed mental health and substance use disorder professionals, and other trained staff members who perform utilization review services.

HC-DFS808 12-15

Room and Board

The term Room and Board includes all charges made by a Hospital for room and meals and for all general services and activities needed for the care of registered bed patients.

HC-DFS1481 01-21

Sickness – For Medical Insurance

The term Sickness means a physical or mental illness. It also includes pregnancy. Expenses incurred for routine Hospital and pediatric care of a newborn child prior to discharge from the Hospital nursery will be considered to be incurred as a result of Sickness.

HC-DFS50 04-10
V1

Skilled Nursing Facility

The term Skilled Nursing Facility means a licensed institution (other than a Hospital, as defined) which specializes in:

- physical rehabilitation on an inpatient basis; or
- skilled nursing and medical care on an inpatient basis;

but only if that institution: maintains on the premises all facilities necessary for medical treatment; provides such treatment, for compensation, under the supervision of Physicians; and provides Nurses' services.

HC-DFS31 04-10
V1

Specialist

The term Specialist means a Physician who provides specialized services, and is not engaged in general practice, family practice, internal medicine, obstetrics/gynecology or pediatrics.

HC-DFS33 04-10
V1

Specialty Prescription Drug Product

A Prescription Drug Product or Medical Pharmaceutical considered by Cigna to be a Specialty Prescription Drug Product based on consideration of the following factors, subject to applicable law: whether the Prescription Drug Product or Medical Pharmaceutical is prescribed and used for the treatment of a complex, chronic or rare condition; whether the Prescription Drug Product or Medical Pharmaceutical has a high acquisition cost; and, whether the Prescription Drug Product or Medical Pharmaceutical is subject to limited or restricted distribution, requires special handling and/or requires enhanced patient education, provider coordination or clinical oversight. A Specialty Prescription Drug Product may not possess all or most of the foregoing characteristics, and the presence of any one such characteristic does not guarantee that a Prescription Drug Product or Medical Pharmaceutical will be considered a Specialty Prescription Drug Product. Specialty Prescription Drug Products may vary by plan benefit assignment based on factors such as method or site of clinical administration, or by tier assignment or utilization management requirements based on factors such as acquisition cost. You may determine whether a medication is a Specialty Prescription Drug Product through the website shown on your ID card or by calling member services at the telephone number on your ID card.

HC-DFS858 10-16

Terminal Illness

A Terminal Illness will be considered to exist if a person becomes terminally ill with a prognosis of six months or less to live, as diagnosed by a Physician.

HC-DFS54 04-10
V1

Therapeutic Alternative

A Prescription Drug Product or Medical Pharmaceutical that is of the same therapeutic or pharmacological class, and usually can be expected to have similar outcomes and adverse reaction profiles when administered in therapeutically equivalent doses as, another Prescription Drug Product, Medical Pharmaceutical or over-the-counter medication.

HC-DFS859 10-16

Therapeutic Equivalent

A Prescription Drug Product or Medical Pharmaceutical that is a pharmaceutical equivalent to another Prescription Drug Product, Medical Pharmaceutical or over-the-counter medication.

HC-DFS860 10-16

Urgent Care

Urgent Care is medical, surgical, Hospital or related health care services and testing which are not Emergency Services, but which are determined by Cigna, in accordance with generally accepted medical standards, to have been necessary to treat a condition requiring prompt medical attention. This does not include care that could have been foreseen before leaving the immediate area where you ordinarily receive and/or were scheduled to receive services. Such care includes, but is not limited to, dialysis, scheduled medical treatments or therapy, or care received after a Physician's recommendation that the insured should not travel due to any medical condition.

HC-DFS34 04-10
V1

Usual and Customary (U&C) Charge

The usual fee that a Pharmacy charges individuals for a Prescription Drug Product (and any services related to the dispensing thereof) without reference to reimbursement to the Pharmacy by third parties. The Usual and Customary (U&C) Charge includes a dispensing fee and any applicable sales tax.

HC-DFS861 10-16

This document was last updated on 06/01/2021.* You can go online to see the current list of medications your plan covers.

The myCigna® App and **myCigna.com** – Click on the "Find Care & Costs" tab and select "Price a Medication." Then type in your medication name to see how it's covered.

Cigna.com/druglist – Select **Cigna Value 3 Tier** from the drop down menu. Then type in your medication name or view the full list.

Questions?

- **Click to chat: myCigna.com**, Monday-Friday, 9:00 am-8:00 pm EST.
- **By phone:** Call the toll-free number on your Cigna ID card. We're here 24/7/365.

* Drug list created: originally created 10/01/2011

Last updated: 06/01/2021, for changes starting 07/01/2021

Next planned update: 10/01/2021, for changes starting 01/01/2022

About this drug list

This is a list of the most commonly prescribed medications covered on the Cigna Value 3-Tier Prescription Drug List as of July 1, 2021.[1,2] Medications are listed by the condition they treat, then listed alphabetically within tiers (or cost-share levels).

This drug list is updated often so it isn't a complete list of the medications your plan covers. Also, your specific plan may not cover all of these medications. Log in to the **myCigna** App and **myCigna.com**, or check your plan materials, to see all of the medications your plan covers.

Prescription medications used to treat allergies (ex. Allegra, Clarinex, Xyzal and generics) and heartburn/stomach acid conditions (ex. Nexium, Prilosec and generics) aren't covered on the Cigna Value 3-Tier Prescription Drug List. These medications are considered plan (or benefit) exclusions. You can get over-the-counter (OTC) versions of these medications at the pharmacy without a prescription.

How to read this drug list

Use the chart below to help you read this drug list. **This chart is just an example.** It may not show how these medications are actually covered on the Cigna Value 3-Tier Prescription Drug List.

Tier (cost-share level) gives you an idea of the how much you may pay for a medication

TIER 1 $	TIER 2 $$
BLOOD PRESSURE/HEART MEDICATIONS	
afeditab CR	Berinert* (PA)
amlodipine besylate	Bidil
amlodipine besylate-benazepril	Bystolic
amlodipine-valsartan	Cinryze* (PA)
amlodipine-valsartan-HCTZ	Coreg CR
atenolol	Cozaar (ST)
atenolol-chlorthalidone	Diovan (ST)
benazepril	Diovan HCT (ST)
benazepril-HCTZ	Edarbi (ST)
candesartan cilexetil	Edarbyclor (ST)
cartia XT	Exforge
carvedilol	Exforge HCT
clonidine	Firazyr* (PA)
digitek	Hemangeol
digox	Inderal LA
digoxin	Inderal XL
diltiazem ER	Innopran XL
diltiazem CD	Lotrel
diltiazem	Micardis (ST)
dilt-XR	MULTAQ
enalapril	Nitro-dur
flecainide acetate	Nitrolingual
hydralazine	Nitromist
irbesartan	Nitronal
isosorbide mononitrat	Nitrostat
	Northera* (PA)
	Norvasc
	Ranexa (ST)
	Tekturna
	Tekturna HCT

Medications are grouped by the **condition** they treat

Medications are listed in **alphabetical** order within each column

Specialty medications have an asterisk (*) listed next to them

Brand name medications are **capitalized**

Generic medications are **lowercase**

Medications that have extra coverage requirements will have an **abbreviation** listed next to them

This chart is just a sample. It may not show how these medications are actually covered on the Cigna Value 3-Tier Prescription Drug List.

Tiers

Covered medications are divided into tiers, or cost-share levels. Typically, the higher the tier, the higher the price you'll pay to fill the prescription.

› **Tier 1 – Typically Generics**	(Lowest-cost medication)	**$**
› **Tier 2 – Typically Preferred Brands**	(Medium-cost medication)	**$$**
› **Tier 3 – Typically Non-Preferred Brands**	(Highest-cost medication)	**$$$**

Abbreviations next to medications

In this drug list, medications that have limits and/or extra coverage requirements have an abbreviation listed next to them.* Here's what they mean.

(PA) **Prior Authorization** – Certain medications need approval from Cigna before your plan will cover them. These medications have a **(PA)** next to them. Your plan won't cover these medications unless your doctor requests, and receives, approval from Cigna.

(QL) **Quantity Limits** – Some medications have a quantity limit. This means your plan will only cover up to a certain amount over a certain length of time. These medications have a **(QL)** next to them. Your plan will only cover a larger amount if your doctor requests, and receives, approval from Cigna.

(ST) **Step Therapy** – Certain high-cost medications aren't covered until you try one or more lower-cost alternatives first.** These medications have a **(ST)** next to them. You have many covered options to choose from, and they're used to treat the same condition.

(AGE) **Age Requirements** – Certain medications will only be covered if you're within a specific age range. These medications have **(AGE)** next to them. If you're not within the allowed age range, your plan will only cover the medication if your doctor requests, and receives, approval from Cigna.

* These coverage requirements may not apply to your specific plan. Log in to the myCigna App or myCigna.com, or check your plan materials, to find out if your plan includes prior authorization, quantity limits, Step Therapy and/or age requirements.

** If your doctor feels an alternative isn't right for you, he or she can ask Cigna to consider approving coverage of your medication.

Brand-name medications are capitalized

In this drug list, brand-name medications are capitalized. Generic medications are lowercase.

Specialty medications have an asterisk next to them

Specialty medications are used to treat complex medical conditions. In this drug list, specialty medications have an asterisk (*) next to them. Some plans cover these medications on a specialty tier, limit coverage to a 30-day supply and/or require you to use a preferred specialty pharmacy to receive coverage. Log in to the **myCigna** App or **myCigna.com**, or check your plan materials, to see how your plan covers these medications.

No cost-share preventive medications have a plus sign next to them

Health care reform under the Patient Protection and Affordable Care Act (PPACA) requires plans to cover certain preventive medications and products at 100%, or no cost-share ($0), to you. In this drug list, these medications have a plus sign (+) next to them. Log in to the **myCigna** App and **myCigna.com**, or check your plan materials, to see how your plan covers these medications.

Plan/benefit exclusions

Your plan doesn't cover certain medications and products because they're considered plan/benefit exclusions. This means there's no option to receive coverage through Cigna's review process by showing that you need the medication for your treatment. In this drug list, these medications have a caret (^) next to them. Log in to the **myCigna** App and **myCigna.com**, or check your plan materials, to see which medications your plan excludes.

How to find your medication

First, look for your condition in the alphabetical list below. Then, go to that page to see the covered medications available to treat the condition.

Frequently Asked Questions (FAQs)

Understanding your prescription medication coverage can be confusing. Here are answers to some commonly asked questions.

Q. Why do you make changes to the drug list?

A. Cigna regularly reviews and updates the prescription drug list. We make changes for many reasons – like when new medications become available or are no longer available, or when medication prices change. We try to give you many options to choose from to treat your health condition. These changes may include:[1,2]

- Moving a medication to a lower cost tier. This can happen at any time during the year.
- Moving a brand medication to a higher cost tier when a generic becomes available. This can happen at any time during the year.
- Moving a medication to a higher cost tier and/or no longer covering a medication. This typically happens twice a year on January 1st and July 1st.
- Adding extra coverage requirements to a medication.

When we make a change that affects the coverage of a medication you're taking, we let you know before it happens. This way, you have time to talk with your doctor about your options.

Q. Why doesn't my plan cover certain medications?

A. To help lower your overall health care costs, your plan doesn't cover certain high-cost brand medications because they have lower-cost, covered alternatives which are used to treat the same condition. Meaning, the alternative works the same or similar to the non-covered medication. If you're taking a medication that your plan doesn't cover and your doctor feels an alternative isn't right for you, he or she can ask Cigna to consider approving coverage.

Your plan may also exclude certain medications or products from coverage. This is known as a "plan (or benefit) exclusion." With excluded medications, there's no option to receive coverage through Cigna's coverage review process.

For example, your plan excludes:

- Prescription medications used to treat heartburn/stomach acid conditions (e.g., Nexium, Prilosec and any generics) and allergies (e.g., Allegra, Clarinex, Xyzal and any generics). These are available over-the-counter without a prescription.
- Medications used to treat lifestyle conditions like infertility, weight loss, erectile dysfunction, smoking cessation.[3]
- Medications that aren't approved by the U.S. Food and Drug Administration (FDA).

Q. How do you decide which medications to cover?

A. The Cigna Prescription Drug List is developed with the help of Cigna's Pharmacy and Therapeutics (P&T) Committee, which is a group of practicing doctors and pharmacists, most of whom work outside of Cigna. The group meets regularly to review medical evidence and information provided by federal agencies, drug manufacturers, medical professional associations, national organizations and peer-reviewed journals about the safety and effectiveness of medications that are newly approved by the FDA and medications already on the market. The Cigna Pharmacy Management® Business Decision Team then looks at the results of the P&T Committee's clinical review, as well as the medication's overall value and other factors before adding it to, or removing it from, the drug list.

Q. Why do certain medications need approval before my plan will cover them?

A. The review process helps to make sure you're receiving coverage for the right medication, at the right cost, in the right amount and for the right situation

Frequently Asked Questions (FAQs) (cont)

Q. How do I know if I'm taking a medication that needs approval?

A. Log in to the **myCigna** App or **myCigna.com**, or check your plan materials, to learn more about how your plan covers your medications. If your medication has a (PA) or (ST) next to it, your medication needs approval before your plan will cover it. If it has a (QL) next to it, you may need approval depending on the amount you're filling. If is has (AGE) next to it, you may need approval depending on the covered age range for the medication.

Q. What types of medications typically need approval?

A. Medications that:

- May be unsafe when combined with other medications
- Have lower-cost, equally effective alternatives available
- Should only be used for certain health conditions
- Are often misused or abused

Q. What types of medications typically have quantity limits?

A. Medications that:

- Are often taken in amounts larger than, or for longer than, may be appropriate
- Are often misused or abused

Q. What types of medications require Step Therapy?

A. Medications that are used to treat many conditions, including, but not limited to:

- ADD/ADHD
- Allergies
- Bladder problems
- Breathing problems
- Depression
- High blood pressure
- High cholesterol
- Osteoporosis
- Pain
- Skin Conditions
- Sleep disorders

Q. Why does my medication have an age requirement?

A. Some medications are only considered clinically appropriate if you're within a certain age range.

Q. How do I get approval (prior authorization) for my medication?

A. Ask your doctor's office to contact Cigna so we can start the coverage review process. They know how the review process works and will take of everything for you. In case the office asks, they can download a request form from Cigna's provider portal at **cignaforhcp.com**.

Cigna will review information your doctor provides to make sure your medication meets coverage guidelines. We'll send you and your doctor a letter with the decision and next steps. It can take 1-5 days to hear from us. You can always check with your doctor's office to find out if a decision has been made. If you meet guidelines, your medication will be approved for coverage. If you don't meet guidelines, you and your doctor can appeal the decision by sending Cigna a written request stating why the medication should be covered.

Q. What happens if I try to fill a prescription that needs approval but I don't get approval ahead of time?

A. When your pharmacist tries to fill your prescription, he or she will see that the medication needs prior approval. Because you didn't get approval ahead of time, your plan coverage won't apply. Meaning, your plan won't cover the cost of your medication. You should ask your doctor to contact Cigna to start the coverage review process. Or, you can choose to pay its full cost out-of-pocket directly to the pharmacy (the cost can't be applied to your annual deductibe or out-of-pocket maximum).

Q. What happens if I try to fill a prescription that has a quantity limit?

A. Your pharmacist will only fill the amount your plan covers. If you want to fill more than what's allowed, your doctor's office will need to contact Cigna to request approval for coverage.

Frequently Asked Questions (FAQs) (cont)

Q. Are all of the medications on this drug list approved by the U.S. Food and Drug Administration (FDA)?

A. Yes. All medications are approved by the FDA.

Q. Are medications newly approved by the FDA covered on my drug list?

A. Newly approved medications may not be covered on your drug list for the first six months after they receive approval from the U.S. Food and Drug Administration (FDA). These include, but are not limited to, medications, medical supplies and/or devices covered under standard pharmacy benefit plans. We review all newly approved medications to see if they should be covered - and if so, on what tier. If your doctor feels a currently covered medication isn't right for you, he or she can ask Cigna to consider approving coverage of the newly approved medication.

Q. Which medications are covered under the health care reform law?

A. The Patient Protection and Affordable Care Act (PPACA), commonly referred to as "health care reform," was signed into law on March 23, 2010. Under this law, certain preventive medications (including some over-the counter products) may be available to you at no cost-share ($0), depending on your plan. Log in to the **myCigna** App or **myCigna.com**, or check your plan materials, to learn more about how your plan covers preventive medications. You can also view the PPACA No Cost-Share Preventive Medications drug list at **Cigna.com/druglist**.

For more information about health care reform, go to **www.informedonreform.com** or **Cigna.com**.

Q. How can I find out how much I'll pay for a specific medication?

A. When you and your doctor are considering the right medication for your treatment, knowing how much it costs, what lower-cost alternatives are available, and which pharmacies offer the best prices can help you avoid surprises. Log in to the **myCigna** App or **myCigna.com** and use the Price a Medication tool to see how much your medication costs before you get to the pharmacy counter - or, even before you leave your doctor's office.[4]

Q. How can I save money on my prescription medications?

A. You may be able to save money by switching to a medication that's on a lower tier (ex. generic or preferred brand) or by filling a 90-day supply, if your plan allows. You should talk with your doctor to find out if one of these options may work for you.

Q. Do generics work the same as brand-name medications?

A. Yes. A generic medication works in the same way and provides the same clinical benefit as its brand-name version.[5] Generic and brand-name medications have the same active ingredients, strength, dosage, form, effectiveness, quality and safety.

Q. What are the differences between generic and brand-name medications?

A. The medications may look different. For example, generics may have a different shape, size or color than the brand-name medication. They may also have a different flavor, contain different preservatives, come in different packaging and/or with different labeling and may expire at different times. Generics may look different than the brand-name, but they're just as safe and effective.

Generics typically cost much less than brand-name medications - in some cases, up to 85% less.[5] Just because generics cost less than brands, it doesn't mean they're lower-quality medications.

Frequently Asked Questions (FAQs) (cont)

Q. Can I fill my prescriptions by mail?

A. Yes, as long as your plan offers home delivery.[6]

Home delivery with Express Scripts® Pharmacy

Express Scripts® Pharmacy, our home delivery pharmacy, is a convenient option when you're taking a medication on a regular basis to treat an ongoing health condition. It's simple and safe and saves you trips to the pharmacy.

- Easily order, manage and track your medications on your phone or online
- Standard shipping at no extra cost[7]
- Automatic refills and refill reminders
- Fill up to a 90-day supply at one time
- Helpful pharmacists available 24/7
- Flexible payment options

Here are three easy ways to get started.

1. **Go to my.cigna.com/choosehomedelivery.** Follow the online instructions for how to move your prescription(s).

2. **Call your doctor's office.** Ask them to send a 90-day prescription (with refills) electronically to Express Scripts Home Delivery.

3. **Call Express Scripts® Pharmacy at 800.835.3784.**They'll contact your doctor's office to help transfer your prescription. Have your Cigna ID card, doctor's contact information and medication name(s) ready when you call.

Accredo, a Cigna specialty pharmacy

If you're taking a specialty medication to treat a complex medical condition, Accredo's team of specialty trained pharmacists and nurses can help. They'll fill and ship your specialty medication to your home (or location of your choice).[8] They'll also provide you with the personalized care and support you need to manage your therapy - at no extra cost.

- Easily manage and track your medications on your phone or online
- Fast shipping, at no extra cost
- Easy refills and free reminders
- 24/7 access to specialty-trained pharmacists and nurses
- Personalized care services like training on how to administer your medication
- Help with applying for third-party copay assistance programs and other options

To get started using Accredo, call **877.826.7657**, Monday-Friday, 7:00 am-10:00 pm CST and Saturdays, 7:00 am-10:00 pm CST. Be sure to call Accredo about two weeks before your next refill so they have time to get a new prescription from your doctor's office. To learn more about Accredo, go to **Cigna.com/specialty**.

Q. Where can I find more information about my pharmacy benefits?

A. The best place to start is with the **myCigna** App or **myCigna.com**. It's your "go-to" place for everything you need to know about your plan's coverage.

- See which medications your plan covers
- Compare your medication costs[4]
- Easily switch your prescription from your retail pharmacy to our home delivery pharmacy
- Manage your home delivery medications[6]
- Find an in-network retail pharmacy
- View your plan information (claims, coverage details, and more)
- Ask a pharmacist a question

Exclusions and limitations for coverage

Health benefit plans vary, but in general to be eligible for coverage a drug must be approved by the Food and Drug Administration (FDA), prescribed by a health care professional, purchased from a licensed pharmacy and be medically necessary. If your plan provides coverage for certain preventive prescription drugs with no cost-share, you may be required to use an in-network pharmacy to fill the prescription. If you use a pharmacy that does not participate in your plan's network, the prescription may not be covered. Certain drugs may require prior authorization, or be subject to step therapy, quantity limits or other utilization management requirements.

Plans generally do not provide coverage for the following under the pharmacy benefit, except as required by state or federal law, or by the terms of your specific plan:[9]

- over-the-counter (OTC) medicines (those that do not require a prescription) except insulin unless state or federal law requires coverage of such medicines;
- prescription medications or supplies for which there is a prescription or OTC therapeutic equivalent or therapeutic alternative;
- doctor-administered injectable medications covered under the Plan's medical benefit, unless otherwise covered under the Plan's prescription drug list or approved by Cigna;
- implantable contraceptive devices covered under the Plan's medical benefit;
- medications that are not medically necessary;
- experimental or investigational medications, including FDA-approved medications used for purposes other than those approved by the FDA unless the medication is recognized for the treatment of the particular indication;
- medications that are not approved by the Food & Drug Administration (FDA);
- prescription and non-prescription devices, supplies, and appliances other than those supplies specifically listed as covered;
- medications used for fertility, sexual dysfunction, cosmetic purposes, weight loss, smoking cessation, or athletic enhancement;
- prescription vitamins (other than prenatal vitamins) or dietary supplements unless state or federal law requires coverage of such products;
- immunization agents, biological products for allergy immunization, biological sera, blood, blood plasma and other blood products or fractions and medications used for travel prophylaxis;
- replacement of prescription medications and related supplies due to loss or theft;
- medications which are to be taken by or administered to a covered person while they are a patient in a licensed hospital, skilled nursing facility, rest home or similar institution which operates on its premises or allows to be operated on its premises a facility for dispensing pharmaceuticals;
- prescriptions more than one year from the date of issue; or
- coverage for prescription medication products for the amount dispensed (days' supply) which is more than the applicable supply limit, or is less than any applicable supply minimum set forth in The Schedule, or which is more than the quantity limit(s) or dosage limit(s) set by the P&T Committee.
- more than one prescription order or refill for a given prescription supply period for the same prescription medication product prescribed by one or more doctors and dispensed by one or more pharmacies.
- prescription medication products dispensed outside the jurisdiction of the United States, except as required for emergency or urgent care treatment.

In addition to the plan's standard pharmacy exclusions, certain new FDA-approved medication products (including, but not limited to, medications, medical supplies or devices that are covered under standard pharmacy benefit plans) may not be covered for the first six months of market availability unless approved by Cigna as medically necessary.

Cigna reserves the right to make changes to the Drug List without notice. Your plan may cover additional medications; please refer to your enrollment materials for details. Cigna does not take responsibility for any medication decisions made by the doctor or pharmacist. Cigna may receive payments from manufacturers of certain preferred brand medications, and in limited instances, certain non-preferred brand medications, that may or may not be shared with your plan depending on its arrangement with Cigna. Depending upon plan design, market conditions, the extent to which manufacturer payments are shared with your plan and other factors as of the date of service, the preferred brand medication may or may not represent the lowest-cost brand medication within its class for you and/or your plan.

1. State laws in **Texas** and **Louisiana** may require your plan to cover your medication at your current benefit level until your plan renews. This means that if your medication is taken off the drug list, is moved to a higher cost-share tier or needs approval from Cigna before your plan will cover it, these changes may not begin until your plan's renewal date. To find out if these state laws apply to your plan, please call Customer Service using the number on your Cigna ID card.
2. State law in **Illinois** may require your plan to cover your medications at your current benefit level until your plan renews. This means that if you currently have approval through a review process for your plan to cover your medication, the drug list change(s) listed here may not affect you until your plan renewal date. If you don't currently have approval through a coverage review process, you may continue to receive coverage at your current benefit level if your doctor requests it. To find out if this state law applies to your plan, please call Customer Service using the number on your Cigna ID card.
3. Smoking cessation medications are not typically covered under the plan, except as required by law or by the terms of your specific plan. Costs and complete details of the plan's prescription drug coverage, including a full list of exclusions and limitations, are set forth in the plan documents. If there are any differences between the information provided here and the plan documents, the information in the plan documents takes complete precedence.
4. Prices are not guaranteed, and even though a price is displayed, it's not a guarantee of coverage. Your costs and coverage may change by the time you fill your prescription at the pharmacy, and medication costs at individual pharmacies can vary. For example, your pharmacy's retail cash price for a specific medication may be less than the price shown. Coverage and pricing may change.
5. U.S. Food and Drug Administration (FDA) website, "Generic Drug Facts." Last updated 06/01/18.
6. Not all plans offer home delivery and Accredo as covered pharmacy options. Log in to the myCigna App or myCigna.com, or check your plan materials, to learn more about the pharmacies in your plan's network.
7. Standard shipping costs are included as part of your prescription plan.
8. As allowable by law. For medications administered by a health care provider, Accredo will ship the medication directly to your doctor's office.
9. Costs and complete details of the plan's prescription drug coverage are set forth in the plan documents. If there are any differences between the information provided here and the plan documents, the information in the plan documents takes complete precedence.

Product availability may vary by location and plan type and is subject to change. All group health insurance policies and health benefit plans contain exclusions and limitations. For costs and details of coverage, review your plan documents or contact a Cigna representative.

DISCRIMINATION IS AGAINST THE LAW

Medical coverage

Cigna complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Cigna does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Cigna:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
  - Qualified interpreters
  - Information written in other languages

If you need these services, contact customer service at the toll-free number shown on your ID card, and ask a Customer Service Associate for assistance.

If you believe that Cigna has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance by sending an email to ACAGrievance@Cigna.com or by writing to the following address:

Cigna
Nondiscrimination Complaint Coordinator
PO Box 188016
Chattanooga, TN 37422

If you need assistance filing a written grievance, please call the number on the back of your ID card or send an email to ACAGrievance@Cigna.com. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, or by mail or phone at:

U.S. Department of Health and Human Services
200 Independence Avenue, SW
Room 509F, HHH Building
Washington, DC 20201
1.800.368.1019, 800.537.7697 (TDD)
Complaint forms are available at
http://www.hhs.gov/ocr/office/file/index.html.

PREVENTIVE MEDICATION PROGRAM

Generics Drug List

Coverage as of January 1, 2022

Preventive medications are used to prevent certain conditions from developing, or to prevent a condition from coming back. These conditions include, but are not limited to, asthma, depression, diabetes, heart attack, high blood pressure, high cholesterol, osteoporosis, prenatal nutrient deficiency and stroke.

About this drug list

This is a list of the most commonly prescribed generic medications that are part of Cigna's preventive program as of January 1, 2022.[1,2] Medications are listed alphabetically by condition. **This drug list doesn't include preventive medications that are covered at 100%, or no cost-share ($0) to you, under the Patient Protection and Affordable Care Act (PPACA)'s preventive services coverage requirement.**

This drug list is updated often so it isn't a complete list of medications. Also, your specific plan's preventive medication program may not include all of these medications and/or conditions.

Log in to the **myCigna**® App or **myCigna.com,** or check your plan materials, to see all of the medications included in your plan's preventive medication program and how much they cost.

Your cost-share for preventive generic medication

Not all plans offer the same cost-share for their preventive medication program. For example, some plans may require you to pay a copay, coinsurance and/or deductible for preventive generic medications; other plans may not.

Log into the **myCigna** App or **myCigna.com** and use the Price a Medication tool to see how much your medication may cost you at the different pharmacies in your plan's network.[3]

Together, all the way.®

Cigna®

Offered by: Cigna Health and Life Insurance Company, Connecticut General Life Insurance Company, or their affiliates.

Preventive Medication Program - Generics Drug List

Some plans may not include all of these medications and/or conditions in their preventive medication program. Log in to the **myCigna** App or **myCigna.com**, or check your plan materials, to see which medications your plan includes in the program and how much they cost.

Prenatal Vitamins

Your plan considers all prescription strength generic prenatal vitamins to be "preventive."

Log in to the **myCigna** App or to **myCigna.com**, or check your druglist to see which tier your plan covers prenatal vitamins on.

1. State laws in **Texas** and **Louisiana** may require your plan to cover your medication at your current benefit level until your plan renews. This means that if your medication is taken off the drug list, is moved to a higher cost-share tier or needs approval from Cigna before your plan will cover it, these changes may not begin until your plan's renewal date. To find out if these state laws apply to your plan, please call Customer Service using the number on your Cigna ID card.
2. State law in **Illinois** may require your plan to cover your medications at your current benefit level until your plan renews. This means that if you currently have approval through a review process for your plan to cover your medication, the drug list change(s) listed here may not affect you until your plan renewal date. If you don't currently have approval through a coverage review process, you may continue to receive coverage at your current benefit level if your doctor requests it. To find out if this state law applies to your plan, please call Customer Service using the number on your Cigna ID card.
3. Prices shown on myCigna are not guaranteed and coverage is subject to your plan terms and conditions. Visit myCigna for more information.

Cigna reserves the right to make changes to this drug list without notice. Your plan may cover additional medications; please refer to your enrollment materials for details. Cigna does not take responsibility for any medication decisions made by the doctor or pharmacist. Cigna may receive payments from manufacturers of certain preferred brand medications, and in limited instances, certain non-preferred brand medications, that may or may not be shared with your plan depending on its arrangement with Cigna. Depending upon plan design, market conditions, the extent to which manufacturer payments are shared with your plan and other factors as of the date of service, the preferred brand medication may or may not represent the lowest-cost brand medication within its class for you and/or your plan.

Health benefit plans vary, but in general to be eligible for coverage a drug must be approved by the Food and Drug Administration (FDA), prescribed by a health care professional, purchased from a licensed pharmacy and medically necessary. If your plan provides coverage for certain prescription drugs with no cost-share, you may be required to use an in-network pharmacy to fill the prescription. If you use a pharmacy that does not participate in your plan's network, your prescription may not be covered, or reimbursement may be limited by your plan's copayment, coinsurance or deductible requirements. Certain features described in this document may not be applicable to your specific health plan, and plan features may vary by location and plan type. Refer to your plan documents for costs and complete details of your plan's prescription drug coverage.

DISCRIMINATION IS AGAINST THE LAW

Medical coverage

Cigna complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Cigna does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Cigna:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
  - Qualified interpreters
  - Information written in other languages

If you need these services, contact customer service at the toll-free number shown on your ID card, and ask a Customer Service Associate for assistance.

If you believe that Cigna has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance by sending an email to ACAGrievance@Cigna.com or by writing to the following address:

Cigna
Nondiscrimination Complaint Coordinator
PO Box 188016
Chattanooga, TN 37422

If you need assistance filing a written grievance, please call the number on the back of your ID card or send an email to ACAGrievance@Cigna.com. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, or by mail or phone at:

U.S. Department of Health and Human Services
200 Independence Avenue, SW
Room 509F, HHH Building
Washington, DC 20201
1.800.368.1019, 800.537.7697 (TDD)
Complaint forms are available at
http://www.hhs.gov/ocr/office/file/index.html.

All Cigna products and services are provided exclusively by or through operating subsidiaries of Cigna Corporation, including Cigna Health and Life Insurance Company, Connecticut General Life Insurance Company, Evernorth Care Solutions, Inc., Evernorth Behavioral Health, Inc., Cigna Health Management, Inc., and HMO or service company subsidiaries of Cigna Health Corporation and Cigna Dental Health, Inc. The Cigna name, logos, and other Cigna marks are owned by Cigna Intellectual Property, Inc. ATTENTION: If you speak languages other than English, language assistance services, free of charge are available to you. For current Cigna customers, call the number on the back of your ID card. Otherwise, call 1.800.244.6224 (TTY: Dial 711). ATENCIÓN: Si usted habla un idioma que no sea inglés, tiene a su disposición servicios gratuitos de asistencia lingüística. All-America City

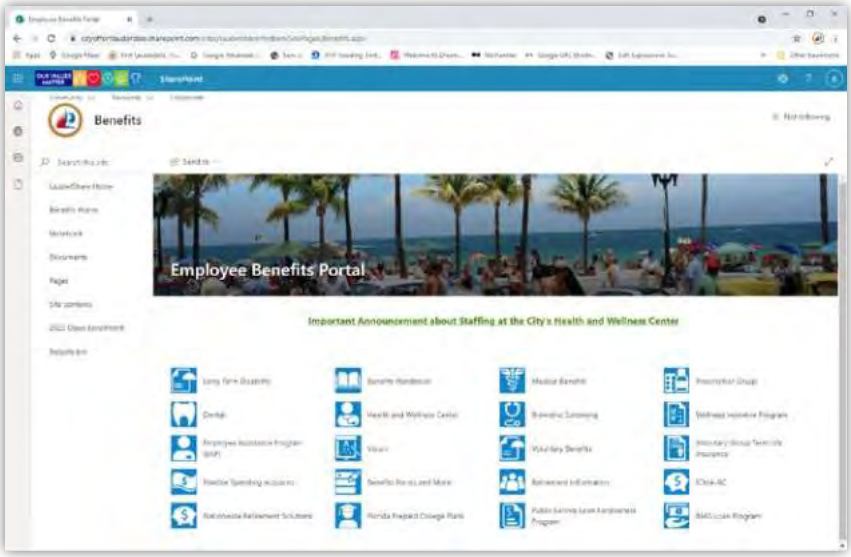
INTRODUCTION

City of FORT LAUDERDALE

The City of Fort Lauderdale offers eligible employees a comprehensive benefits package that includes medical, dental, vision, life insurance, health care and dependent care flex spending accounts, long-term disability, wellness initiatives, retirement plans and a variety of voluntary benefits. The information included in this Handbook is a general summary of available options and also serves to increase your awareness of policies and procedures. If any information in this Handbook conflicts with governing plan documents, certificates of coverage, City resolutions, or state/federal laws, the provisions of the governing plan documents, certificates of coverage, City resolutions and state/federal laws will prevail.

Please also take the time to review the Benefits web page for Frequently Asked Questions, important notices, plan certificates of coverage, available forms, any updates subsequent to printing this book and much more at www.fortlauderdale.gov/benefits or on LauderShare at www.fortlauderdale.gov/laudershare. You may also contact the plan administrators directly to discuss your personal situation.

www.fortlauderdale.gov/benefits



www.fortlauderdale.gov/laudershare

City of FORT LAUDERDALE

ONLINE ENROLLMENT AND CHANGES

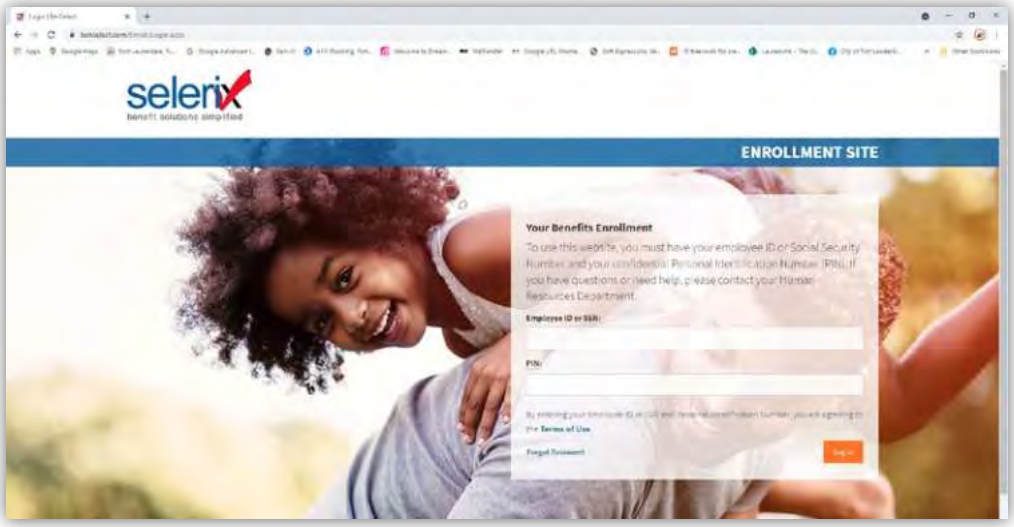
The City of Fort Lauderdale provides employees with an online enrollment platform, BenSelect, through Selerix. Selerix BenSelect provides benefits eligible employees the ability to select or change insurance benefits online during the annual Open Enrollment period, New Hire Orientation, or Qualifying Life Events (QLE).

Accessible 24 hours a day, throughout the year, employees may log-in and review comprehensive information regarding benefit plans and view and print an outline of benefit elections for themselves and their covered dependent(s). Employees can report qualifying life events and review and make changes to Life Insurance beneficiary designations. Employees can login to Selerix BenSelect using a computer, tablet or smart phone.

TO ACCESS SELERIX BENSELECT:

1. Go to **https://www.benselect.com/enroll**.
2. Login:
   - Newly Eligible employees enrolling for the first time need to enter their employee ID and 4-digit PIN. The PIN is a combination of the employee's 2-digit birth month and last 2-digits of their birth year. For example, if you were born May 21, 1973, your PIN would be "0573".
   - Existing employees currently enrolled in one or more benefit who have had a QLE need to enter their employee ID and PIN. The PIN is the password you created when you originally enrolled in your benefit(s).
3. If an employee has forgotten their password, click on the link "Forgot Password" and follow the instructions.
4. Once logged in, navigate the menu to review current elections, learn about benefit options, and make elections, changes or beneficiary designations.

If you experience login issues and need assistance, please contact the Benefits Section, HR at 954-828-5160.



www.benselect.com/enroll

NOTE: You must provide the Social Security number for each eligible dependent you choose to enroll. A copy of the required documentation (Example: birth or marriage certificate) must be provided to Benefits Section, HR if you are enrolling a new dependent. Please have this information readily available to upload into Selerix BenSelect. New dependents will not be covered without the required eligibility documentation.

WELLNESS

City of FORT LAUDERDALE

CITY OF FORT LAUDERDALE HEALTH AND WELLNESS CENTER
(Operated by Marathon Health)

The City of Fort Lauderdale Health and Wellness Center (Center) provides employees, retirees, and their families (children ages 6+) who are enrolled in one of the City's medical plans with high quality primary, preventive, and acute care at no cost for professional services. The City wants you and your family to be healthy. The City is investing in your health because, over the long term, it will help mitigate costs to both you and the City, and improve the quality of your life.

The Center's staff is licensed to diagnose and treat a wide variety of common illnesses and injuries as well as prescribe various medications. The staff will work with you to address your concerns about stress, diet, exercise, smoking, and other forces that impact your health and well-being. The experienced and knowledgeable staff includes:

- A Board-Certified Family Practice Physician
- A Board-Certified Physician Assistant
- A Board-Certified Nurse Practitioner
- A part-time Registered Dietician
- Medical Assistants

The City's Onsite Wellness Coordinator is also available at the Wellness Center. The role of the Coordinator is to educate employees, retirees, and their covered dependents about Cigna benefits, resolve plan-related issues, and facilitate City wellness events. The Coordinator can be contacted at 954-652-1306. Cigna customer service representatives are available 24/7 and may be reached toll-free at 1-800-244-6224.

The Center follows the same rules and privacy regulations that protect your privacy at your personal physician's office, a hospital, or other health provider. In fact, the privacy of your personal health information is protected by the Health Insurance Portability and Accountability Act (HIPAA) Privacy and Security Rules.

CENTER INFORMATION

City of Fort Lauderdale Health and Wellness Center
4750 North Federal Highway, Suite 300
Fort Lauderdale, FL 33308
Telephone: 754-206-2420
Fax: 1-954-867-5583 (must dial 1 in front)

Monday - Wednesday / Friday: 7am – 4 pm
Thursday: 7 am – 6 pm / Saturday: 8 am – Noon
Closed on Sundays and holidays
Closed Daily for lunch 1 pm - 2 pm

To schedule an appointment, call 754-206-2420 or visit the Marathon Health secure website at **my.marathon-health.com or use the Marathon Health app. Get the app from Google Play or the App Store**. The Health and Wellness Center is also offering virtual (video) and telephone visits for many of their regular services, including medical visits, comprehensive health reviews and health coaching.

SERVICES

The Center provides high quality care and wellness services for the entire family including, but not limited to, treatment for:

- Common Illness
- Chronic Conditions
- Women's Health & Men's Health
- Minor Injuries
- Suture Removal
- Allergy Shots
- Sports Physicals
- EKG
- Health Coaching
- Health Assessments
- Nutrition

A complete list of services offered at the Center is available online at **www.fortlauderdale.gov/benefits** or **www.fortlauderdale.gov/laudershare**.

LAB SERVICES

Many lab tests can be processed at the Center, including hemoglobin A1C, lipid panel, stools for occult blood, fasting glucose, random glucose, rapid strep, urinalysis, oxygen saturation levels, influenza A and B, mononucleosis tests, pregnancy tests, and more. All tests processed at the Center are at no charge to employees, retirees, and their family members enrolled in one of the City's medical plans. All other laboratory tests (i.e., urine culture, strep culture, complete blood count, chemistry profile, TSH) can be drawn by Marathon Health providers, but will be sent to an external laboratory for processing. The external laboratory will submit a claim to your medical plan for this service, and you may be responsible for a portion of the bill.

PRESCRIPTION MEDICINE PROVIDED AT TIME OF TREATMENT

The City's Health and Wellness Center stocks a supply of 30 to 40 prescription medications that the medical staff may dispense as part of your medical care. A list of the current medications provided at the is available online at **www.fortlauderdale.gov/benefits** or **www.fortlauderdale.gov/laudershare**. The Health and Wellness Center is not a pharmacy. Prescriptions written by another physician cannot be filled at the Health and Wellness Center, but in many cases, and in the context of care the staff provides, you and your family may be able to get certain medications at the Center at no cost.

WELLNESS INITIATIVES

The City's Health and Wellness Center is not just for when you are sick. The medical staff helps eligible employees, retirees, and their family members stay healthy, achieve health goals, and manage chronic conditions by working with individuals to create a personalized, step-by-step health plan. These plans empower people with chronic conditions to be more active and prevent medical conditions from becoming more serious in the future. Medical staff can also address concerns about stress, diet, exercise, smoking, and other forces that impact health and well-being.

Biometric Screening and Health Risk Assessment (HRA) Questionnaire: Employees, retirees, and covered spouses/domestic partners participating in one of the City's medical plans must complete a biometric screening for each plan year to avoid being charged a post-tax biometric surcharge per person, per paycheck. The post-tax biometric surcharge will continue until the requirements are completed. Newly eligible employees and their covered spouse/domestic partner (if applicable) have 30 days from their medical coverage effective date to complete the biometric screening. It is recommended that Cigna medical plan enrollees complete a HRA questionnaire. Completing the HRA questionnaire is a requirement for eligible employees who wish to participate in the City's Motivate*Me*® Wellness Incentive Program.

The City's Health and Wellness Center or your personal physician may conduct the biometric screening and review the data on a personal and confidential basis directly with you to develop an action plan to improve your health.

Tobacco Use: This initiative only applies to employees and retirees participating in one of the City's medical plans. Newly eligible employees who are tobacco users have 60 days from their medical coverage effective date to complete a City authorized Tobacco Cessation Program (if applicable) to avoid paying a $25 biweekly post-tax surcharge. The City's authorized Tobacco Cessation Programs are:

- One-on-one or group programs through the City's Health and Wellness Center: Call 754-206-2420
- Online/phone program through Cigna: Register online at **www.mycigna.com** or call 866-417-7848
- IQuit program with Area Health Education Center (AHEC) at **www.ahectobacco.com/calendar** or call 1-877-848-6696

WELLNESS INCENTIVE PROGRAM

City of FORT LAUDERDALE

Motivate*Me*® WELLNESS INCENTIVE PROGRAM (WIP)

The City of Fort Lauderdale is committed to your overall health and well-being. The Benefits Section of the Human Resources Department is excited to continue offering **Motivate*Me*®**, the City's voluntary **Wellness Incentive Program** to eligible employees.

The purpose of Motivate*Me*® is to **provide you with information about your current health status** and promote wellness-related activities to **encourage, engage, and help you take charge of and improve your health and happiness** while at work or at home. With Motivate*Me*®, you have the opportunity to earn a valuable incentives while improving your health.

Who can participate in the Motivate*Me*® WIP?

All permanent, full-time, active City employees enrolled in one of the City's medical plans can participate, including:

- International Association of Firefighters
- Teamsters Employee Group
- Confidential
- Management and Management Fellowship Program
- All Federation of Public Employees, including Federation employees not enrolled in one of the City's medical plans based on their Collective Bargaining Agreement.

What does Motivate*Me*® Offer?

The City will provide you with an annual **$500** (taxable) wellness incentive for the healthy actions you take through Cigna's Motivate*Me*® WIP. The goal is to motivate you to get your annual checkup, know your key health numbers and, ultimately, take control of your health.

How does Motivate*Me*® Work?

You must complete the three required goals and earn at least 200 additional points through wellness-related activities every calendar year between January 1 and December 31 to receive an annual $500 (taxable) wellness incentive. The incentive is payable after March 31 of the following year (to allow for reporting of claims data into your Motivate*Me*® Incentive Awards account).

TO EARN THE WELLNESS INCENTIVE:

1. You MUST complete all three of the following Required Program Goals:

- Annual Physical (Preventive Exam) – 100 Points
- Biometric Health Screening (blood pressure check, cholesterol screening, blood glucose/blood sugar screening, and height and weight measurements) – 100 Points
- Cigna's Personalized Health Assessment online at myCigna.com or the Marathon Health Questionnaire from the City's Employee Health and Wellness Center – 100 Points

2. Complete any of the following wellness activities to earn 200 additional points:^

Preventive Screenings or Health Coaching

- Flu Shot – 50 Points
- Annual OB/GYN Exam – 50 Points
- Mammogram* – 50 Points
- Colonoscopy* – 50 Points
- Cervical Cancer Screening – 50 Points
- Prostate Cancer Screening – 50 Points
- Health Coaching Session at the City's Health and Wellness Center – 50 Points

^ WIP Required Program Goals and Preventive Screening/ Coaching activity points will be credited one time per completion of an activity per payout year. Duplicate services will not be credited toward the annual incentive.

Self-Reported Activities (You must enter/report these activities in your myCigna.com account by December 31.)

- Complete a Wellness Activity (e.g., Lunch/Breakfast and Learns, Employee Assistance Program webinars, wellness webinars, Tobacco and Stress Management Programs) – 25 points each (4 per year)
- Complete a Physical Activity (e.g., gym workouts, walking, exercise classes) – 25 points each (4 per year)
- Complete a Weight Management Activity (e.g., appointments with a licensed dietician, Weight Watchers, Jenny Craig, other weight management program) – 25 points each (4 per year)
- COVID-19 Vaccine - 50 Points (1 per year)

City of FORT LAUDERDALE

WELLNESS INCENTIVE PROGRAM

All services performed at the City's Health and Wellness Center are available at no cost, except for those services previously listed with an asterisk (*). Services outside the Center are subject to your medical plan benefits.

All Biometric Screening and Health Assessment information will be confidentially collected and stored by the participant's health plan or Marathon Health and Wellness. The results are provided only to the participant; by law, they cannot be shared with an employer.

Preventive services are available at no cost if the Affordable Care Act (ACA) guidelines are met and services are provided in-network.

Wellness activities will be tracked online through your myCigna.com account in Incentive Awards, eliminating the need for paper forms. Except for self-reported activities and goals, wellness activity completion will be automatically reported.

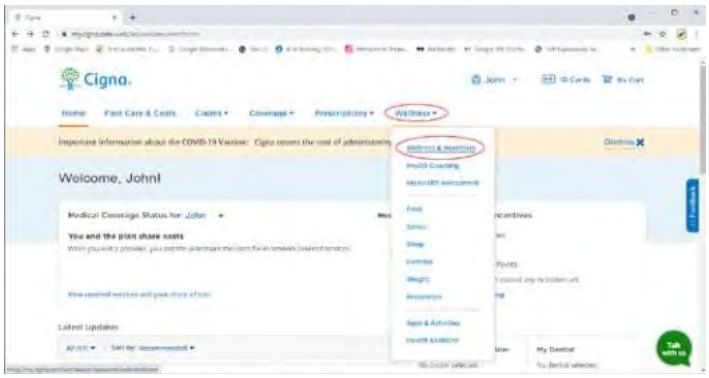
Why participate in WIP?

If you complete the three required goals and earn at least 200 additional non-duplicated wellness activity points between January 1 and December 31, you will engage in beneficial wellness activities and you will also be rewarded with a $500 (taxable) wellness incentive.

How do I receive my WIP payout?

1. Record your self-reported wellness activities in your **myCigna.com** account in Incentive Awards.
2. Complete your wellness activities. Wellness activities that are automatically reported through Cigna claims will be visible in your Incentive Awards account by December 31.
3. You must be an active eligible City employee at the end of the calendar year (as of December 31).
4. After the conclusion of the calendar year, Cigna will provide a list of all employees who completed the three required goals and earned at least 200 non-duplicated additional points. The City will issue the $500 (taxable) WIP payout after March 31 of the following year to allow for reporting of claims data into your Cigna Motivate*Me*® Incentive Awards account.

All submissions must be entered by December 31st (NO EXCEPTIONS).



All eligible employees must track and record their wellness activities through their MyCigna.com account. There are only two (2) exceptions that will require forms:

1. Eligible members of the Federation of Public Employees who are not enrolled in a City Medical Plan.
2. Eligible City employees who are enrolled in one of the City's medical plans as a dependent (spouse or domestic partner) of another City employee.

How can I participate and receive my incentive reward if I qualify as one of these two (2) exceptions?

1. Record your wellness activities on the Wellness Incentive Tracker Form (both Part 1 and Part 2) found on LauderShare at www.fortlauderdale.gov/laudershare or www.fortlauderdale.gov/benefits. This form must be completed with the three required goals and at least 200 non-duplicated additional points.
2. Submit the completed Wellness Incentive Tracker form AND the completed Wellness Incentive Program Physician Verification form(s) to the City's onsite Wellness Coordinator. BOTH forms must be completed and received by December 31 to receive your WIP payout. Please fax the completed forms to 860-847-5126 OR submit/mail to: City of Fort Lauderdale Health and Wellness Center, 4750 N. Federal Highway, Suite 300, Fort Lauderdale, FL 33308, Attention: Wellness Coordinator, Phone: 954-652-1306. Retain your proof of mailing or fax confirmation.
3. You must be an active eligible City employee at the end of the calendar year (as of December 31).
4. After the conclusion of the calendar year, Cigna will provide a list of all employees completed the three required goals and earned at least 200 non-duplicated additional points. The City will issue the $500 (taxable) WIP payout after March 31 of the following year.

WELLNESS INCENTIVE PROGRAM

City of FORT LAUDERDALE

Who do I contact for more information?

For more information, please contact Human Resources-Benefits Section at (954) 828-5160 or **Healthyliving@fortlauderdale.gov**. You may also contact the City's Onsite Wellness Coordinator at (954) 652-1306.

Motivate*Me*® is a voluntary wellness program available to all employees enrolled in the Cigna Medical Plan. The program is administered by Cigna according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program, you will be asked to complete a voluntary health risk assessment or "HRA" that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). You will also be asked to complete a biometric screening, which will include a blood pressure check, cholesterol screening, a blood glucose/blood sugar screening, and a measurement of height and weight. You are not required to complete the HRA or to participate in the blood test or other medical examinations.

However, employees who choose to participate in the wellness program will receive a $500 (taxable) incentive for completing the three required goals and earning at least 200 non-duplicated additional points. In order to qualify for the incentive, you must complete the biometric screening, an annual physical (preventive exam), and health risk assessment for 300 points. An additional 200 wellness activity points are earned by employees who participate in certain health-related activities (i.e., getting a flu shot, Health Coaching at the City's Health and Wellness Center, attend a Lunch or Breakfast and Learn, complete physical or weight management activities) of their choice within the program guidelines. Although you are not required to complete the HRA or participate in the biometric screening and other wellness activities, only employees who do so will receive the $500 (taxable) incentive.

For all participants: If you think you might be unable to meet a standard for a reward under this wellness program you might qualify for an opportunity to earn the same reward by different means, contact the City of Fort Lauderdale's Wellness Coordinator at (954) 652-1306 or Human Resources, Benefits Section at (954) 828-5160.

For participants who may have an impairment: If you are unable to participate in any of the program events, activities, or goals, because of a disability, you may be entitled to a reasonable accommodation for participation, or an alternative standard for rewards. For worksite accommodations, please contact the City Benefits Office at 954-828-5160. For accommodations with online, phone, or other Cigna programs, contact the City of Fort Lauderdale's Wellness Coordinator at 954-652-1306, Human Resources, Benefits Section at 954-828-5160, or Cigna at 800-244-6224.

The information from your HRA and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program, such as in person, telephonic, or online coaching. You also are encouraged to share your results or concerns with your own doctor.

Protections from Disclosure of Medical Information
We are required by law to maintain the privacy and security of your personally identifiable health information. Although the wellness program and The City of Fort Lauderdale may use aggregate information it collects to design a program based on identified health risks in the workplace, Cigna, Motivate*Me*®, and Marathon Health, a third party vendor who staffs and manages The Health and Wellness Center, will never disclose any of your personal information either publicly or to the employer, except as necessary to respond to a request from you for a reasonable accommodation needed to participate in the wellness program, or as expressly permitted by law. Medical information that personally identifies you that is provided in connection with the wellness program will not be provided to your supervisors or managers and may never be used to make decisions regarding your employment.

Your health information will not be sold, exchanged, transferred, or otherwise disclosed except to the extent permitted by law to carry out specific activities related to the wellness program, and you will not be asked or required to waive the confidentiality of your health information as a condition of participating in the wellness program or receiving an incentive. Anyone who receives your information for purposes of providing you services as part of the wellness program will abide by the same confidentiality requirements. The only individual(s) who will receive your personally identifiable health information is (are) Cigna, Motivate*Me*® and Marathon Health, a third party vendor who staffs and manages The Health and Wellness Center (if authorized) in order to provide you with services under the wellness program.

In addition, all medical information obtained through the wellness program will be maintained separate from your personnel records, information stored electronically will be encrypted, and no information you provide as part of the wellness program will be used in making any employment decision. Appropriate precautions will be taken to avoid any data breach, and in the event a data breach occurs involving information you provide in connection with the wellness program, we will notify you as soon as possible within the time frame specified by law.

You may not be discriminated against in employment because of the medical information you provide as part of participating in the wellness program, nor may you be subjected to retaliation if you choose not to participate.

If you have questions or concerns regarding this notice, or about protections against discrimination and retaliation, please contact the City of Fort Lauderdale's Wellness Coordinator at 954-652-1306 or Human Resources, Benefits Section at 954-828-5160.

City of FORT LAUDERDALE

EMPLOYEE ASSISTANCE PROGRAM (EAP)

As an employee of City of Fort Lauderdale, you and your household members have access to the valuable Cigna Employee Assistance Program (EAP) at no cost. This free program is available 24 hours a day / 7 days a week.

FOR A CONFIDENTIAL EAP APPOINTMENT OR QUESTIONS, CONTACT:

Call 1.877.622.4327 or login to myCigna.com. Employer ID: cofl (Needed for initial registration only).
If already registered on myCigna.com, simply login and go to the EAP link under the Coverage tab.

How is confidentiality insured?

To insure confidentiality, only the EAP staff will keep records, which are not available to anyone without your written consent. In addition, NO information is listed in your personnel file, and your participation will NOT affect your job security or opportunities.

Video-based sessions are also available to fit your busy schedule. Call the EAP for information.

EAP services include:

- **Counseling:** Provides up to 10 free face-to-face sessions per issue per year with a mental health or substance abuse professional
- **Legal Assistance:** Free, 30-minute consultation with an attorney face-to-face or by phone.
- **Financial:** Free 30-minute telephonic consultation by phone with a qualified specialist on issues such as debt counseling or planning for retirement
- **Identity Theft:** 60-minute free consultation with a fraud resolution specialist
- **Directory Assistance:** Provides free directory assistance to a variety of helpful resources in your community for services such as pet care, child care, adoption, senior care, and more.

MEDICAL

CIGNA | GROUP #3335139

City of FORT LAUDERDALE

OPEN ACCESS PLUS IN-NETWORK PLANS (OAPIN 1 (HMO1), OAPIN2 (HMO2))

With Cigna's Open Access Plus In-Network Plans, you get access to a large network of health care professionals and facilities. Each time you need care, you choose the in-network doctor or facility that works best for you.

Depending on your plan, you may have to pay an annual amount (deductible) before the plan begins to pay for covered medical costs. Once you meet your deductible, you pay a copay or coinsurance (a portion of the charges) for most services from an in-network doctor or facility. Then, the plan pays the rest. Once you reach an annual limit on your payments (out-of-pocket maximum), the medical plan pays your covered medical care costs at 100%.

In-network: In order for your medical care to be covered by the plan, you must choose a health care professional who is in the Cigna Open Access Plus network.

No-referral specialist care: If you need to see a specialist, you do not need a referral to see an in-network doctor.

Out-of-network: If you choose to see a doctor who is not in the network, you will not have coverage except in emergencies.

Emergency and urgent care: When you need care, you have coverage.

CONSUMER DRIVEN HEALTH PLAN (CDHP) - WITH HEALTH REIMBURSEMENT ACCOUNT (HRA)

The Cigna CDHP provides a medical plan with an HRA funded by the City to help pay for some of the costs of covered expenses, including medical expenses and prescription drugs.

How the HRA Works

- Per IRS Section 125, only tax qualified dependents are eligible to use HRA funds.
- At the start of the year, the City deposits a specific dollar amount in your HRA.
- Your account is used to pay 100% of eligible medical expenses until the money is used up.
- The medical costs that were paid from your HRA account toward your deductible (the amount you pay before your plan starts to pay), reducing your share.
- When you reach your deductible, you share the costs for covered medical expenses (coinsurance).
- You are protected by an annual limit on how much you pay.
- At the end of the year, any unused HRA funds will roll over to the following year.
- If you switch medical plans or leave the City, you forfeit your unused HRA funds.

CONSUMER DRIVEN HEALTH PLAN (CDHP) - WITHOUT HEALTH REIMBURSEMENT ACCOUNT (HRA)

- Per IRS Section 125, non-tax qualified dependents (i.e. adult child dependents (ages 26-30), domestic partners and domestic partner's child(ren)) are not eligible to use HRA funds.
- Non-tax qualified dependents will be enrolled in their own medical plan that is separate from the employee and tax qualified dependents.
- Non-tax qualified dependents will share their own deductible and out-of-pocket maximum that is separate from the employee and tax qualified dependents.
- When non-tax qualified dependents reach their deductible, they share the costs for covered medical expenses with the City (coinsurance).
- Non-tax qualified dependents are protected by an annual limit on how much they pay.

CIGNA | GROUP #3335139

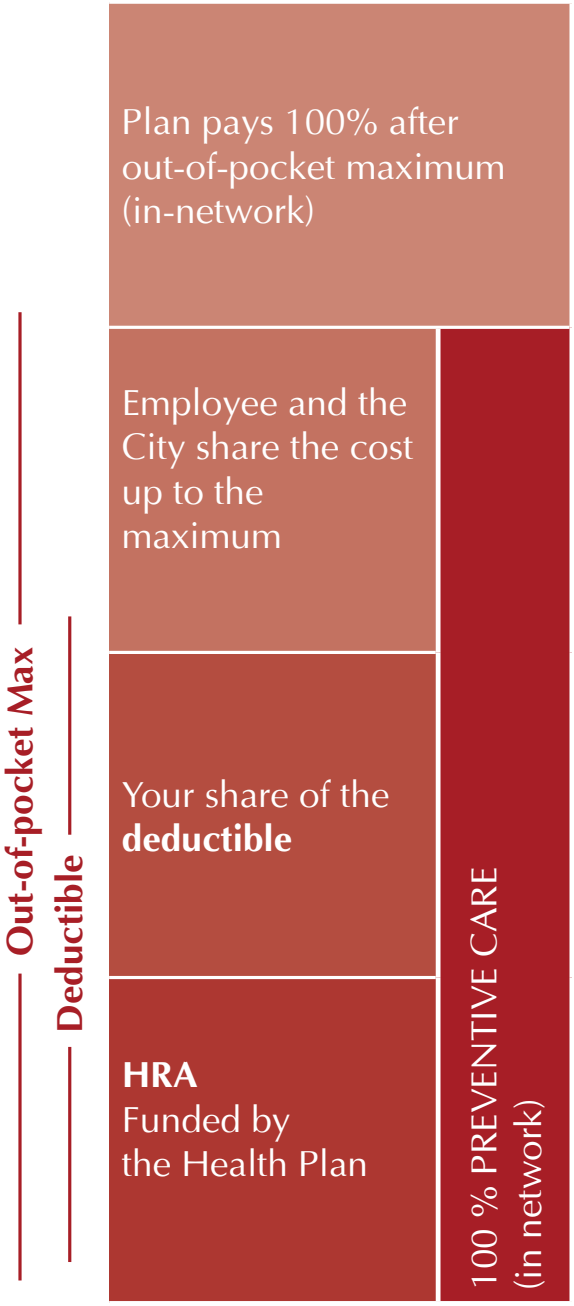
City of FORT LAUDERDALE

CONSUMER DRIVEN HEALTH PLAN (CDHP) EXAMPLE - WITH HEALTH REIMBURSEMENT ACCOUNT (HRA)



Maximum Out-of-Pocket: This is the limit you will pay on an annual basis (each calendar year) for covered expenses regardless of how high your medical bills get. Participants have an out-of-pocket maximum for their eligible in-network medical expenses depending on their tier of coverage. You may be billed for charges in excess of CIGNA's usual customary and reasonable charges if you use out-of-network providers.

Employee = $5,000
Employee + 1 = $7,000
Family = $10,000

Coinsurance: This is the percentage of costs you pay for covered health care services after you have paid your deductible. **The plan pays the rest.**

Employee pays 10% in-network or 30% out-of-network
City pays 90% in-network or 70% out-of-network

Deductible: A deductible is the portion of your covered medical expenses you are responsible for paying during each plan year until you reach the specified amount. Then, your plan will begin to pay a portion of covered medical costs (coinsurance). After the money in the HRA is spent you pay for covered medical expenses until you reach your individual annual deductible.

Employee = $2,000 ($1,000 after $1,000 HRA)
Employee + 1 = $3,000 ($1,500 after $1,500 HRA)
Family = $4,000 ($2,000 after $2,000 HRA)

Health Reimbursement Account (HRA): At the start of the year, the City deposits a specific contribution in your HRA. Your account automatically pays eligible medical expenses until the money is used up. The medical costs that were paid from your HRA count toward your deductible, reducing your share. At the end of the year, any unused HRA funds will roll over to the following year. If you switch medical plans or leave the City, you forfeit your unused HRA funds. The HRA fund can only be used for covered medical and prescription drug expenses.

2022 City Annual HRA Contributions:
Employee = $1,000
Employee + 1 = $1,500
Family = $2,000
Note: HRA funding is prorated for enrollment after January.

HRA EXAMPLES

Meet the Smiths: A family of five

The Smiths are an active family of five. All family members get their yearly wellness exams. Mrs. Smith has high cholesterol that requires her to take prescription medication daily. She also suffers from severe low back pain and sees her chiropractor regularly. The Smiths are enrolled in family coverage with $2,000 in their HRA.

Service (In-Network)	Discounted Provider Charge	The Smith's HRA Account $2,000	The Smith's Responsibility
5 Annual preventive exams	Plan pays direct	$0	$0
6 Chiropractic visits	$510	-$510	$0
2 Urgent care visits	$260	-$260	$0
2 Primary doctor visits	$124	-$124	$0
Cholesterol prescription	$252	-$252	$0
Year-end balance	$1,146	$854	$0

Meet the Davidsons: Married couple, late 50s

Mr. Davidson was in a severe auto accident. As a result, he was hospitalized and his recovery consisted of rehabilitation and many visits to specialists. The Davidsons are enrolled in the Employee + 1 with $1,500 in their HRA account.

Service (In-Network)	Discounted Provider Charge	The Davidson's HRA Account $1,500	The Davidson's Responsibility
2 Annual preventive exams	Plan pays direct	$0	$0
Hospitalization	$25,000	-$1,500	-$1,500 remaining deductible -$2,200 (10% coinsurance on $22,000 hospital)
2 Radiology visits	$2,500	$0	-$3,700 -$250 (10% coinsurance)
20 Rehabilitation visits	$2,500	$0	-$250 (10% coinsurance)
Year-end balance	$32,500	$0	$4,450

MEDICAL
CIGNA | GROUP #3335139

PHARMACY BENEFIT PROGRAM FOR ALL CIGNA MEDICAL PLANS

Cigna continually reviews medicines, products, and prices for the City of Fort Lauderdale. This review includes evaluating costly medications that have clinically effective lower-cost alternatives, which may help you and the City obtain cost savings. Prescription drugs are not covered out-of-network.

Cigna Value 3-Tier Prescription Drug List (PDL)

- Tier 1: Generic, Tier 2: Preferred Brands, Tier 3: Non-Preferred Brands
- A formulary is a comprehensive list of preferred drugs chosen on the basis of quality and efficacy by an independent committee of physicians and pharmacists. The Value 3-Tier Prescription Drug List is updated often so it's important to know that this is not a complete list of the medications your plan covers.
- Cigna's Value 3-Tier Drug List of covered drugs is available for review at www.fortlauderdale.gov/benefits. If you have any questions or need additional information, please call Cigna at 1-800-244-6224.

Mandatory 90-day Supply Required for Maintenance Medications - Cigna 90 Now Maintenance Medication Program

- Maintenance medications are taken regularly, over time, to treat an ongoing health condition, such as diabetes, high blood pressure, cholesterol or asthma.
- Filling your prescriptions in a 90-day supply may help you stay healthy because having a larger supply of your medication on-hand typically means you're less likely to miss a dose. It also means you can make fewer visits to the pharmacy to refill your medication, and when filling a maintenance medication for a 90-day supply, OAPIN1 and OAPIN2 plan enrollees can save money by only paying for a 60-day supply. CDHP plan enrollees are subject to their plan deductible.
- For specified maintenance medications, you must obtain a 90-day prescription (filled at either a 90-day network retail pharmacy or Cigna Home Delivery) for the medication to be covered by the plan. Otherwise, after three 30-day fill(s), you pay the entire cost of the prescription. Cigna will not cover any of the cost.
- Maintenance medication 90-day local pharmacies include such pharmacies as CVS (Target), Walmart, and Navarro. Check MyCigna.com for a complete list of participating pharmacies.

SaveOnSP Prescription Drug Program

- SaveOnSP is an opt-in program that applies to approximately 145 specialty medications dispensed through Accredo, Cigna's Specialty Pharmacy.
- SaveOnSP can help lower your out-of-pocket medication costs to $0 and there's no extra cost to participate.
- If you are eligible, SaveOnSP will notify you by mail starting November 1st.

Member Pay the Difference generic program

- In Florida, pharmacists automatically substitute generics for brand-name prescriptions unless a doctor specifies a brand is necessary. However, some members and practitioners continue to request brand-name prescriptions even though a generic equivalent is available. This can increase costs for both employers and members.
- With the Member Pay the Difference generic program, members can still receive the brand medication, but members will pay the brand-name copay plus the difference in cost between the brand-name medication and the generic, up to the brand name total cost. This additional cost for a brand-name drug when a generic equivalent is available is applicable even if a physician specifically prescribes a brand-name medication that has a generic equivalent. Physicians may appeal this decision to Cigna if there is medical evidence that supports why the member cannot take the specific generic medication.
- **For details and specific information, please go to www.mycigna.com.**

Member Pay the Difference generic program example for OAPIN1 and OAPIN2 Plans:

Here's an example:

Susan is deciding between a $100 brand-name medication and its $30 generic equivalent. According to her plan, she has a copay of:

- $20 for a 30-day supply of generic medications
- $40 for a 30-day supply of brand name medications

Generic	If she chooses the generic, all she pays is her generic copay	$20
Brand Name	If she chooses the brand name, she pays $40 brand-name copay + $70 brand-name costs ($100) – generic cost ($30) = $110 TOTAL brand-name cost	$110

USEFUL CIGNA TOOLS

How to register on myCigna.com or myCigna mobile app

Register today. It is this easy:

- Go to myCigna.com and select "Register Now."
- Enter the requested information (i.e., name, address, and date of birth).
- Confirm your identity with secure information, such as your Cigna ID, social security number, or complete a security questionnaire. This will make sure only you can access your information.
- Create a user ID and password.
- Review your information and submit.

Once registered, you will be able to find all your coverage information online.
My Cigna.com provides you with the following tools:

- Access your Motivate*Me*® Wellness Incentive Program Account
- View your ID card information, which can also be faxed or emailed through the mobile app
- Find in network doctors, dentists, hospitals, pharmacies and medical services
- Manage and track claims
- See cost estimates for common medical and dental procedures and compare prescription costs
- Compare quality of care ratings for doctors and hospitals
- Access a variety of health and wellness tools and resources
- Review your coverages
- Fill your prescriptions and view your order history online through Cigna Home Delivery Pharmacy
- Track your account balances and deductibles
- Access Employee Assistance Program (EAP) benefits

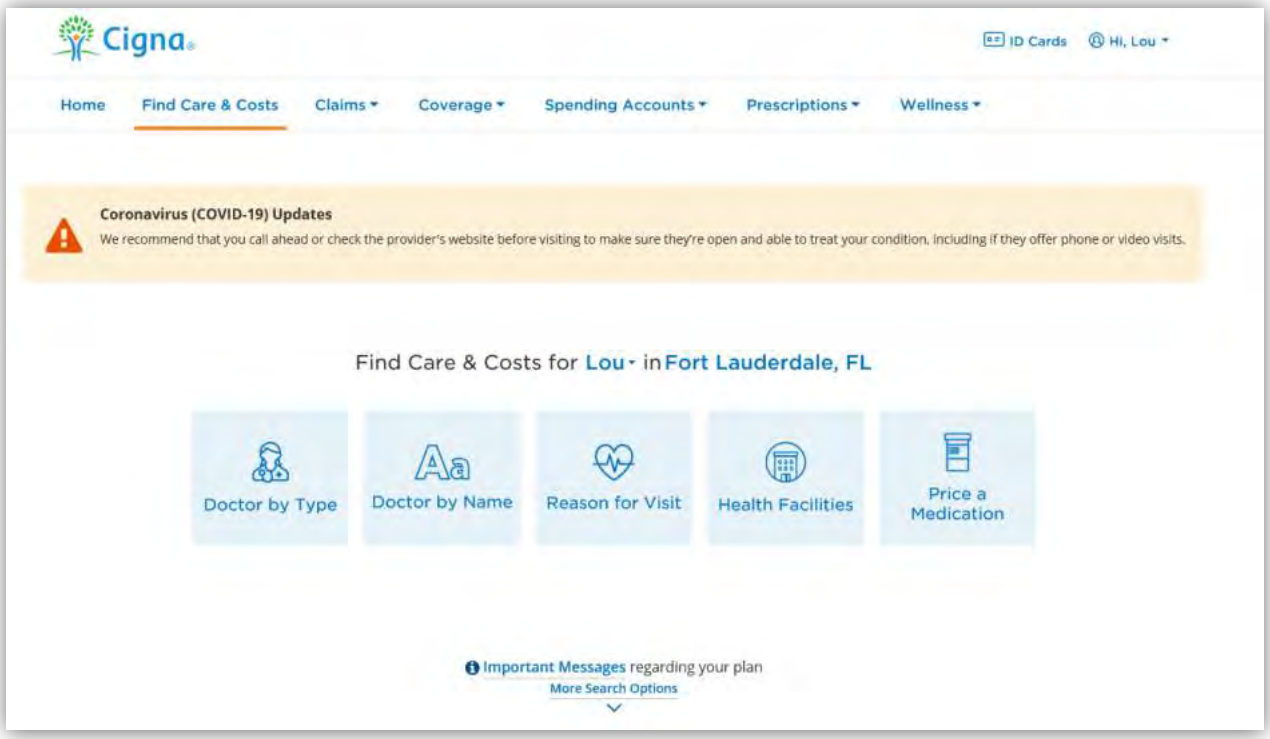
One Cigna network of providers for everyone: OpenAccessPlus

- OpenAccessPlus is the Cigna Network used for all three plans: OAPIN1 (HMO1), OAPIN2 (HMO2) and Consumer Driven Health Plan (CDHP).
- To search for a participating provider in the Cigna network, select "Find a Doctor or Facility" by logging into www.myCIGNA.com or by calling 1-800-244-6224. When choosing a physician, we encourage you to choose a Cigna Care Designated (CCD) Physician. Cigna Care Designated includes doctors who meet specific criteria in the areas of quality, number of patients treated, efficiency, and customer access. Cigna Care Designated Physicians are easily located on mycigna.com by a blue "C" and the title "Cigna Care Designation."

Cigna's Cost Estimator Tool

- The more you know about the cost and quality of doctors and hospitals, the easier it is to make the best choices for you and your family. After all, no one wants to pay too much for health care.
- The myCigna health care professional directory allows you to see integrated cost and quality information throughout the directory, helping you compare doctors and control health care spending.
- To help you make the most confident, cost-effective decisions about your care it is wise to compare costs and to understand how much your plan will pay and how much you will need to cover.



CIGNA RESOURCES

CIGNA | GROUP #3335139

CIGNA VIRTUAL CARE

Virtual Care is the delivery of health-related services and information via telecommunications technologies, including telephones, smartphones, and personal computers, for virtual consultations. Among the most significant benefits are ease of access, convenience, time savings, and competitive cost.

What is Cigna Virtual Care?

Cigna Virtual Care is Cigna's voluntary telemedicine program (provided by MDLIVE) that includes live appointments with board-certified doctors and pediatricians via video or phone who can diagnose and prescribe, when appropriate. Participants can choose the time and day that works best for them, with medical Virtual Care services available 24/7/365.

Does Virtual Care replace my primary care provider?

No. Virtual Care is not intended to replace the City's Health & Wellness Center nor your primary care provider (PCP). For common or chronic conditions, a virtual consultation can sometimes be a convenient and affordable alternative to a provider's office or non-urgent emergency room (ER) visit. Communication with your PCP is important for continuity of care.

Can Virtual Care handle emergency situations?

No. Virtual Care is designed to handle minor, non-emergency medical issues. You should NOT use Virtual Care if you are experiencing a medical emergency. If you have a medical emergency, you should dial 911 immediately or visit the nearest hospital.

USING VIRTUAL CARE

When should I consider using Virtual Care?

- When the City's Health and Wellness Center or your PCP is not available
- If you're considering an ER or an urgent care center for a non-emergency medical issue
- When traveling within the USA and in need of medical care (Virtual Care is not available outside of the USA)
- After normal business hours, nights, weekends, and even holidays

HOW IT WORKS

Who can use Virtual Care services?

Employees and covered dependents enrolled in one of the City's Cigna medical plans are eligible to use the program.

3 Ways to Access Virtual Care

Employees enrolled in one of the Cigna medical plans and covered dependents may access Virtual Care services from MDLIVE.

A. **Through the web at myCigna.com**
   - Log in to myCigna.com
   - Select "Find Care & Cost"
   - Select "Talk to a doctor or nurse 24/7"

B. **Download the MyCigna® App through your smartphone or mobile device**

C. **By telephone at 1-888-726-3171**

COSTS AND PAYMENT

Are covered claims for visits with MDLIVE Virtual Care doctors covered at my in-network rate?

Yes. The claims will be processed by Cigna and you will receive an explanation of benefits (EOB), just as you do when other medical claims are processed.

How much will it cost to use the programs?

The cost of the visit depends on your medical plan. The OAPIN1 and OAPIN2 medical plans will have a $40 primary care physician copayment and the CDHP will be the Cigna contracted rate subject to calendar year deductible and coinsurance (HRA applies).

Can I pay for my telehealth visit with a health reimbursement account (HRA) or flexible spending account (FSA)?

Yes. Virtual Care is a qualifying expense for HRA or FSA accounts.

Will all registrations require a debit or credit card to be on file to cover the cost of the copay/coinsurance?

Yes. The payment information is gathered at point of consultation and kept on file; however, you may need to provide your credit card information for future consultations.

How do I pay for a prescription called in by a telehealth doctor?

Virtual Care works the same as a primary care physician for prescribing medications. When you go to your pharmacy of choice to pick up the prescription, you will be responsible for any amount due based on your plan's coverage terms, including deductible, coinsurance, or copay requirements.

If the doctor recommends that I see a specialist or my PCP, do I still pay for the visit?

Yes. Like seeing any doctor, if you are referred to another doctor, the consultation fees still apply.

Am I charged if I miss a scheduled visit?

Appointments need to be canceled at least 12 hours before the time of your scheduled consultation to avoid being charged.

How can I get additional help if I have more questions about MDLIVE?

You may call MDLIVE at 888-726-3171 or visit MDLIVEforCigna.com.
You may also call the Cigna customer service number on the back of your Cigna ID card.

City of FORT LAUDERDALE

DENTAL

CIGNA | GROUP #3335139

For benefit-eligible employees other than International Association of Fire Fighters (IAFF)

The City offers two Cigna dental plan choices – DHMO and DPPO. Please go to www.cigna.com to view a list of participating dental providers. For DHMO providers, select Cigna Dental Care Access. For DPPO providers, select Total Cigna DPPO. Cigna will mail dental cards to plan participants.

1. The Cigna Dental Care Access DHMO plan focuses on maintaining oral health, prevention, and cost containment. Members must receive services from the participating primary care dentist (PCD) that they are assigned to for eligible services to be covered. Cigna will automatically assign a default dentist based on your home ZIP code. You can select or request to change your dentist at any time by contacting Cigna directly at 1-800-244-6224. Cigna will process your request as soon as administratively feasible. You may see your assigned dentist as often as necessary. There are no deductibles to meet and no waiting periods. Copayments for listed procedures are applicable at either a participating general dentist or participating specialist.

   A PCD may decide that a member needs to see a contracted dental specialist. No referral is necessary to see a network specialist.

   Specialists services: Should members need a specialist (i.e., endodontist, oral surgeon, periodontist, or pediatric dentist), they may be referred by a participating general dentist, or members can self-refer to any participating specialist. For DHMO plans, copayment amounts are applicable when treatment is performed by participating specialists.

2. The Total Cigna Dental PPO plan features a schedule of benefits for Preventive (100%), Basic (100%), Major (60%), and Orthodontic services all subject to exclusions and limitations.

Below is a very brief summary of the dental plan offered by the City of Fort Lauderdale. For further information, please refer to the Cigna plan documents at **www.fortlauderdale.gov/benefits**, LauderShare, or contact Cigna directly at 1-800-244-6224.

PLAN FEATURES	Participant Maximum	Preventive Services Exam, cleaning, fluoride, x-rays, sealants	Basic Services Fillings, periodontics, endodontics	Major Services Crowns, bridges, dentures	Orthodontia Up to 24 month treatment, children or adult braces
DENTAL HMO*	No Maximum	$0 copayments	Refer to Plan	Refer to Plan Copayments	Refer to Plan Copayments
	IMPORTANT: DHMO PARTICIPANTS MUST SELECT A PRIMARY CARE DENTIST • Go to **www.cigna.com**				
DENTAL PPO*	$1,500 Maximum annual benefit per person combined in or out of network	100% (no deductibles)	100% (no deductibles)**	60% (no deductibles)**	60% (no deductibles) $2,500 lifetime maximum

Cigna DPPO Plan offered to IAFF members only:

Visit www.cigna.com for a list of participating dentists. Non-participating dentists may bill you for charges above the amount covered by your Cigna Dental Plan.

Cigna will mail dental cards to plan participants.

PLAN FEATURES	Participant Maximum	Preventive Services Exam, cleaning, fluoride, x-rays, sealants	Basic Services Fillings, periodontics, endodontics	Major Services Crowns, bridges, dentures	Orthodontia Up to 24 month treatment, children or adult braces
DENTAL PPO*	$1,500 Maximum annual benefit per person combined in or out of network	100% (no deductibles)	80% (after $100 deductible)	50% (after $100 deductible)	50% (no deductible) $1,500 lifetime maximum

* Teeth missing prior to coverage under the Cigna Dental plans are not covered.

** Please see the applicable summary plan description on the City benefits website or Laudershare for all limitations and exclusions.** Please note if a non-network PPO dentist is used, there will be a $100 individual/$300 family deductible and 60% coverage for Basic and Major Services. Non-participating dentists may bill you for charges above the amount covered by your Cigna Dental Plan. Visit **www.cigna.com** to check out participating dentists.

VISION

UNITEDHEALTHCARE | GROUP #755936

City of FORT LAUDERDALE

VOLUNTARY VISION PLAN (EYE EXAMS, EYEGLASSES AND CONTACTS)

The Vision Plan is a voluntary stand-alone benefit and is provided by UnitedHealthcare for all eligible employees and their dependents. UnitedHealthcare also offers a network of national and independent vision providers and even provides substantial savings on hearing aids.

In-Network Benefits Summary

(Visit www.fortlauderdale.gov/departments/human-resources/employee-benefits/vision-benefits for more details)

1. Once every calendar year employees can get a comprehensive exam, spectacle lenses, and contact lenses instead of eye glasses. Once every other calendar year employees can get frames.
2. $130 retail frame allowance for private practice or retail chain providers.
3. Standard scratch-resistant coating is available to all participants at no charge. Polycarbonate lenses are covered in full for dependent children up to age 19. Other optional lens upgrades may be offered at a discount (discount varies by provider).
4. Coverage for a second eye exam each plan year for members up to age 13 and members pregnant or breastfeeding at no additional premium cost; standard copays apply.
5. Members age 0-12 and members pregnant or breastfeeding are also eligible for a replacement frame and lenses if they have a prescription change of 0.5 diopter (unit to measure the optical power of the lens an eye requires) or greater. The 2nd exam and replacement benefits are the same as the initial exam, frames and lens benefits. Standard copays apply.

	In-Network copays	Out-of-network Reimbursements (copays do not apply)
Exam	$10	$40
Frames and one of the following:	$25	$45
Single vision lenses		$40
Bifocal lenses		$60
Trifocal lenses		$80
Lenticular lenses		$80
Selection contact lenses		$105
* Non-selection contact lenses in lieu of eye glasses	$105 allowance	$105
Medically necessary contact lenses in lieu of eye glasses	$25 (then covered in full)	$210

Contact lens benefit:

- Selection contact lenses refers to UnitedHealthcare's formulary contact list. A copy of the list can be found at www.myuhcvision.com. The fitting/evaluation fees, contact lenses, and up to two follow-up visits are covered in full (after copay). If you choose disposable contacts, up to four boxes are included when obtained from an in-network provider. $25 copay for in-network and reimbursed for up to $105 if out-of-network.
- Non-selection contact lenses are contact lenses not listed on the formulary. A copy of the list can be found at myuhcvision.com. A $105 allowance is applied toward the purchase of contact lenses outside the covered selection (materials copay does not apply).
- Medically necessary contact lenses instead of eyeglasses: $25 copay (then covered in full) for in-network and reimbursed up to $210 if out-of-network.

City of FORT LAUDERDALE

LIFE INSURANCE

STANDARD INSURANCE COMPANY | GROUP #754544

CITY PAID GROUP TERM LIFE INSURANCE

The City provides all active full-time, senior management fellows, and temporary full-time employees with group term life insurance at no cost equivalent to one times their base salary up to a maximum of $300,000. This coverage includes Accidental Death and Dismemberment (AD&D). The amount of coverage will be updated to reflect the employee's base salary as of January 1 of each year. Life Insurance coverage reduces to 65% of coverage beginning at age 70.

Life insurance is a tax-free benefit in amounts up to **$50,000**. The Internal Revenue Service (IRS) requires you to pay income tax on the value of any amount exceeding **$50,000**. The IRS-determined value is called "imputed income" and is calculated from the government's "Uniform Premium Table I." Coverage provided each calendar year will be based on the employee's age as of the last day of the tax year. The monthly imputed income is applied to the second paycheck of each month.

UNIFORM PREMIUM TABLE I

AGE	COST (per $1,000 for 1 month)
Under age 25	.05
25 to 29	.06
30 to 34	.08
35 to 39	.09
40 to 44	.10
45 to 49	.15
50 to 54	.23
55 to 59	.43
60 to 64	.66
65 to 69	1.27
70 and Older	2.06

Example of how life insurance imputed income is calculated:

- **$81,000** Annual salary for a 46-year-old City employee (as of December 31, 2021)
- **$81,000** minus **$50,000** IRS non-taxable salary limitation = **$31,000**
- **$31,000** annual salary over IRS limitation / $1,000 x .15 IRS tax rate from table above = **$4.65 monthly imputed income**
- **$4.65** monthly imputed income **x .28** estimated tax rate = **$1.30** estimated tax per month
- **Annual imputed income** = **$55.80 x .28** estimated tax rate = **$15.60** estimated tax per year

81,000.00	Insurance amount
-50,000.00	IRS non-taxable salary limitation
31,000.00	Annual salary over IRS limitation
/ 1,000	Cost per $1,000 salary for one month per table above
31	
X 0.15	IRS tax rate from table above
4.65	Monthly imputed income
X 0.28	Estimated tax bracket rate
1.30	Estimated tax per month
55.80	Annual imputed income
X 0.28	Estimated tax bracket rate
15.60	Estimated annual tax

LIFE INSURANCE

STANDARD INSURANCE COMPANY | GROUP #754544

City of FORT LAUDERDALE

VOLUNTARY GROUP TERM LIFE INSURANCE

Newly eligible employees (e.g., new hires) may purchase additional life insurance coverage without completing a Medical History Statement (also known as Evidence of Insurability (EOI)), of up to $300,000 at the rates indicated below (for their age bracket). Eligible employees may apply for life insurance coverage in increments of $5,000 within a range of $5,000 (minimum) to $400,000 (maximum). Employees must be actively at work for coverage to become effective. The voluntary group term life insurance includes Accidental Death and Dismemberment (AD&D) for both employees and spouses/domestic partners. Please refer to Standard Insurance Company's certificates of coverage for complete information about your benefits.

A Medical History Statement/EOI is not required for a newly eligible employee nor for a Qualifying Life event (QLE) unless the employee or spouse/domestic partner was previously declined or the amount applied for is more than the Guarantee Issue (GI). Any new enrollment or coverage increase requested during Open Enrollment from $5,000 - $20,000 of additional coverage will be approved up to the guaranteed issue amount without evidence of insurability (EOI). Any new enrollment or coverage increase requested during Open Enrollment over $20,000 will be subject to EOI and requires a completed Medical History Statement. The completed Medical History Statement may be downloaded from the Benefits web page at www.fortlauderdale.gov/benefits and must be submitted or faxed directly to Standard Insurance Company or may be submitted via the online process using Group ID #754544.

All eligible employees must complete a life insurance beneficiary designation via the online enrollment process. You may port or convert your current coverage directly with The Standard when you separate from City employment.

BI-WEEKLY VOLUNTARY TERM LIFE RATES

Voluntary Standard Insurance Company group term life insurance automatically includes AD&D. If you die from natural causes your beneficiary receives the term amount. If you die as a result of an accident your beneficiary will receive term amount plus AD&D (equal to term amount).

Newly eligible employees may secure up to $300,000 guaranteed issue voluntary group term life insurance and up to $400,000 with EOI. **Life Insurance coverage reduces to 65% of coverage beginning at age 70. The premium will be adjusted to reflect the reduced coverage.**

HOW MUCH YOUR COVERAGE COSTS

Because this insurance is offered through the City of Fort Lauderdale, you'll have access to competitive group rates, which may be more affordable than those available through individual insurance. You'll also have the convenience of having your premium deducted directly from your paycheck. How much your premium costs depends on a number of factors, such as your age and the benefit amount.

If you buy coverage for your spouse, your monthly rate is shown in the table below. Use the same formula to calculate the premium that you used for yourself, but use your age and your spouse's rate.

If you buy Life coverage for your child(ren), your monthly rate is $0.50 for $10,000, no matter how many children you're covering.

City of FORT LAUDERDALE

LIFE INSURANCE

STANDARD INSURANCE COMPANY | GROUP #754544

HOW MUCH YOUR COVERAGE COSTS (continued)

Use this formula to calculate your premium payment:

_____ ÷ 1000 = _____ x _____ = _____ ➡ _____

Enter the amount of coverage you are requesting between $5,000 - $400,000.

Enter your rate from the rate table.

This amount is an estimate of how much you would pay each month.

To get a sense of your biweekly premium, multiply your monthly premium amount by 12 and then divide by 26.

Age (as of January 1)	Your Rate* (Per $1,000 of Total Coverage)	Your Spouse's Rate** (Per $1,000 of Total Coverage)
<30	$0.058	$0.058
30-35	$0.067	$0.067
35–39	$0.067	$0.067
40–44	$0.092	$0.092
45–49	$0.153	$0.153
50–54	$0.230	$0.230
55–59	$0.368	$0.368
60–64	$0.411	$0.411
65–69	$0.746	$0.746
70–74	$1.219	$1.219
75+	$2.075	$2.075

*Includes a monthly AD&D rate of $0.015 per $1,000 of AD&D benefit.
**Includes a monthly AD&D rate of $0.015 per $1,000 of AD&D benefit for your spouse.

SPOUSE/DOMESTIC PARTNER COVERAGE: Spouse/domestic partner coverage is available in increments of $5,000 as long as the employee is enrolled in voluntary group term life insurance. Amounts more than $50,000 are subject to EOI. The maximum coverage amount for a Spouse/DP can be increased up to the coverage amount of the employee. Spouse/domestic partner rates are based on the employee's age. If you elect coverage for your spouse, your monthly rate is shown in the table above. Use the same formula to calculate the premium that you used for yourself, but use your age and your spouse's rate. Employees adding a spouse/domestic partner outside of their initial eligibility period must provide EOI. The employee must be enrolled in voluntary group term life insurance to select spouse/domestic partner coverage. A spouse/domestic partner who is a benefits-eligible employee cannot be covered by another benefits-eligible employee.

CHILDREN COVERAGES: Children may be enrolled for $10,000 of coverage through the end of the calendar year they turn age 26 for a biweekly rate of $0.23 (covers all children at one premium). The employee must be enrolled in voluntary group term life insurance to select coverage for their child(ren).

BENEFICIARY DESIGNATIONS

You are encouraged to update your life insurance beneficiaries when you experience a change in family status such as marriage, death, divorce, etc. You may change your beneficiaries at any time online through Selerix BenSelect at **https://www.benselect.com**.

TAX SAVINGS ACCOUNTS

City of FORT LAUDERDALE

FLEXIBLE SPENDING ACCOUNTS (FSAs)

Effective January 1, 2022, the employer-sponsored Flexible Spending Accounts (FSA) program offered by the City of Fort Lauderdale is administered by P&A Group, which has replaced Benefits Outsource, Inc. (BOI). Employees have the option of participating in the Health Care or Dependent Care account, or both. **You MUST re-enroll annually during open enrollment. 2021 FSA** account owners may continue to use their BOI debit cards for 2022 eligible expenses through the end of the grace period which is **December 31, 2022**. Claims incurred through the grace period must be submitted to BOI no later than **December 31, 2022**.

2022 FSA enrollees will be provided with a new benefits debit card from P&A Group for use for **eligible expenses incurred in 2022**. Claims incurred through the grace period, which ends **March 15, 2023**, must be submitted to P&A Group no later than **April 15, 2023**. Should you enroll in an FSA plan in 2022 but still have a balance from Plan Year 2021, use your Plan Year 2021 funds first.

An FSA allows you to reduce your taxable income by setting aside pre-tax dollars to pay for eligible health care and dependent care expenses approved by the Internal Revenue Code (IRC). Eligible expenses covered are for you and all of your dependents, even if they are not covered under your primary health plan(s). It is important that you only allocate dollars for predictable health and dependent care expenses. Any unused FSA funds at the end of the grace period, March 15, 2023 (for 2022 Plan Year), will be forfeited, also called the use-it-or-lose-it rule. You must file for reimbursement no later than April 15, 2023 (for 2022 Plan Year).

HEALTH CARE FSA (ANNUAL MAXIMUM ELECTION $2,750)

The minimum annual election amount is $260 for the Health Care FSA and the maximum annual election is $2,750. This is an annual benefit that allows participation when an election is made during the open enrollment period. Nonetheless, newly hired employees may also participate and enroll within the initial enrollment eligibility period. A big perk with the Healthcare FSA is that it is pre-funded, meaning that the full annual election amount is accessible at the beginning of the plan year. Eligible out-of-pocket expenses for reimbursement relate to any health plan (i.e., medical, dental and vision). Eligible expenses include copays, deductibles, co-insurance, eyeglasses, dental care, over-the-counter medications, feminine products, and certain medical supplies. (Over-the-counter medications are eligible with a doctor's prescription. View the full list of eligible expenses at www.irs.gov/publications/p502/.) The benefits debit card provided upon enrollment lets you easily access all of your account so there are no out-of-pocket costs.

Please note: Employees enrolled in the Consumer Driven Health Plan (CDHP) medical plan should first exhaust their Health Reimbursement Account (HRA) for any eligible medical expenditures BEFORE using their Health Care FSA funds.

DEPENDENT CARE FSA (ANNUAL MAXIMUM ELECTION $5,000)

A Dependent Care FSA is also a pre-tax account established for employees to benefit tax-wise while paying for eligible daycare expenses in order to work. The IRS limits annual contributions to $5,000 annually if "married filing joint tax returns" or "single head of household" or $2,500 for "married filing separately." Qualified dependents are:

- Children under the age of 13 who share the same residence with you, or
- Your spouse or qualifying child or relative who is physically or mentally unable to care for him/herself who shares the same residence with you whose income is less than the federal exemption amount

2021 Dependent Care FSAs: Temporarily, unused 2021 Dependent Care FSA reimbursement is **extended through December 31, 2022 for children, until age 14**, who "aged out" during the pandemic. Any 2021 unused FSA Account balances will be forfeited, if not utilized and claims must be received by BOI **no later than December 31, 2022.**

2022 Dependent Care FSAs: The maximum age is 12 for eligible reimbursable expenses.

City of FORT LAUDERDALE

TAX SAVINGS ACCOUNTS

Should you enroll in an FSA plan in 2022 but still have a balance from Plan Year 2021, use your Plan Year 2021 funds first. Unlike the Health Care FSA, with the Dependent Care FSA, you can only spend up to the amount that has been deducted from your paycheck. With the swipe of your benefits debit card, you can access your funds; otherwise, you can submit manual claims for reimbursement.

ELIGIBLE EXPENSES INCLUDE:

- Before school or after school care (other than tuition)
- Custodial care for dependent adults
- Licensed day care centers
- Nursery schools or preschools
- Placement fees for a provider, such as au pair
- Day camp, nursery school or a private sitter
- Late pick-up fees
- Summer or holiday day camp (not sleepover)

ANNUAL MINIMUM ELECTION $260 – HEALTH AND DEPENDENT CARE FSA

The minimum employee annual contribution for Health and/or Dependent Care FSA is $260. The minimum election mitigates the employee risk and allows you to experience the pre-tax savings of this worthwhile employer-sponsored benefit.

CLAIM REIMBURSEMENT

Your benefits debit card lets you easily access the Healthcare FSA and Dependent Care FSA funds. Employees who re-enroll in the FSA account will continue to use the same debit card up to the card's expiration date. A new debit card will be issued to new enrollees and to those whose previous debit card expired. Payments are automatically withdrawn from your account(s). One card can access all of your benefit accounts. If manual submission of a claim is required, you may submit itemized receipts to P&A Group, via mobile app, fax, mail and online portal upload. Disbursements of claim reimbursements are done via ACH/direct deposit or manual check.

2020 AND 2021 FSA ADMINISTRATIVE SERVICES INFORMATION
Benefits Outsource, Inc.

DEFERRED COMPENSATION *City of* FORT LAUDERDALE

457(b) DEFERRED COMPENSATION

The 457(b) Deferred Compensation Plan is tax-deferred and may be used to supplement your defined contribution or defined benefit plan and social security benefits during retirement. The 457(b) Deferred Compensation Plan allows for both pre-tax and after-tax contributions. Employees can select which option best suits their long-term financial needs. The City offers two deferred compensation plan providers, MissionSquare Retirement (formerly ICMA-RC) and Nationwide Retirement Solutions. Contributions to a tax-deferred plan will lower taxable income in the year contributed. After-tax plans do not lower taxable income in the year contributed. All income taxes are deferred until you withdraw or receive a distribution after separation from service. You may contribute to either or both providers. Both MissionSquare Retirement and Nationwide offer a wide selection of investment options ranging from conservative to aggressive. Nationwide and MissionSquare Retirement cannot provide tax advice; however, each company has a professional investment advisory program that you can elect to help manage your accounts.

457(b) Deferred Compensation Features

- If you experience an unforeseeable emergency hardship, you may be able to withdraw funds from your account as permitted by Internal Revenue Code Section.
- The plan also allows participants to apply for loans of up to 50% of their account balance, not to exceed $50,000.
- Does not include a 10% tax penalty for early distributions/withdrawals upon separation of employment prior to age 59½, as is typical in 401(a) plans. However, withdrawing from the Roth-457 may have a 10% penalty if withdrawing under these conditions: not yet 59 1/2, have not severed employment and the Roth 457 has not been established for more than 5 years.
- Upon separation from employment, you may keep the funds invested in the accounts or roll them over to another tax-qualified retirement plan. You are required to begin receiving minimum distributions the latter of April 1 following the calendar year in which you turn 72 or April 1 following the year in which you retire (if 72).

457(b) Maximum tax year contributions (as of posting):

- $20,500 normal limit
- $27,000 if age 50 or older as year-end
- $41,000 if you qualify for pre-retirement catch-up contributions

Benefits that Go Together

A Roth IRA and 457(b) Deferred Compensation Plan go together; use both to reach your savings goals with added tax benefits and flexibility.

- For different savings goals: Additional retirement income, health care, a home purchase, college education, emergencies
- For different tax benefits: You can get a tax benefit now when you contribute to your 457(b) plan and a tax benefit later when you withdraw from your Roth IRA. And, if you retire early you can withdraw from your 457(b) plan without penalties.

MATCH YOUR ROTH IRA WITH YOUR 457(b) PLAN

Tax-free withdrawals/distributions, including earnings, are tax- and penalty-free if you have:

- Owned a Roth IRA for at least five years, as defined by the IRS; and
- A qualifying event, such as age 59½, a "first-time" home purchase, disability or death.

Otherwise, income and penalty taxes may apply to the withdrawal of earnings, but contributions can be withdrawn at any time without taxes or penalties. There are no IRS required minimum distributions, so loved ones can receive money you do not need tax free.

Maximum annual Roth contributions (as of posting):
Up to $6,000, or $7,000 if age 50 or older, as of the current year-end and if your IRS Modified Adjusted Gross Income is less than:

- $125,000 for individual filers ($125,000 - $139,999 to make partial contributions)
- $198,000 for married joint filers ($198,000 - $207,000 to make partial contributions)

City of FORT LAUDERDALE

LONG-TERM DISABILITY

CIGNA

CITY PAID LONG-TERM DISABILITY INSURANCE

The City provides Long-Term Disability (LTD) insurance, at no cost, to benefit-eligible employees through Cigna to be replaced. The LTD benefit pays the employee a percentage of monthly earnings if the employee becomes disabled due to an illness, non-work related accident, or injury. Eligible employees are automatically enrolled in this coverage.

LTD Plan Summary

Eligibility	**All active, full-time employees of the City covered under the 401(a) Defined Contribution Retirement Plan, regularly working a minimum of 40 hours per week.**
Eligibility Waiting Period	First of month following 30 days of Active Service
Monthly Benefit	60% to $15,000
Minimum Benefit	Greater of $100 or 10% of benefit
Benefit Waiting Period	180 days
Definition of Disability	24 months own occupation
Definition of Covered Earnings	Employee's annual wage or salary excluding bonuses, commissions, overtime pay, and extra compensation.
Accumulated Sick Leave	Not included in benefit waiting period
Maximum Benefit Duration	Social Security Normal Retirement Age (SSNRA)
Employer Contribution	100%
Survivors Benefits	3 months lump sum
Pre-Existing Condition Limitation	3 months prior/12 months insured

For additional policy information go to **www.fortlauderdale.gov/benefits** or on LauderShare at **www.fortlauderdale.gov/benefits**.

VOLUNTARY BENEFITS

City of FORT LAUDERDALE

VOLUNTARY BENEFITS

The City offers Voluntary Benefits that are administered by FBMC Benefits Management to all eligible active employees. These are optional benefit plans that are paid 100% by employees and typically have the advantage of preferred rates, not available to individuals on their own, and the convenience of paying premiums through payroll deduction.

Employees can only add voluntary benefits during open enrollment. Newly eligible employees have 30 days from their eligibility date to enroll in voluntary benefits. The effective date for all voluntary benefits is the first of the month following 30 days of the voluntary benefits enrollment application being signed through the online enrollment platform. Example: A new hire with a hire date of October 8, 2021 enrolled in and signed the voluntary benefits application on November 2, 2021 making their voluntary benefits effective January 1, 2022.

Aflac Plans:

- **Group Hospital Indemnity Insurance, Aflac** (Post-Tax): Provides financial assistance when you are confined to a hospital.
- **Group Accident Insurance, Aflac** (Pre-Tax): Provides financial benefits for covered accidents.
- **Group Short-Term Disability Insurance, Aflac** (Post-Tax): Provides financial benefits in the event of a qualified disability.
- **Group Critical Illness Insurance, Aflac** (Pre-Tax): Provides benefits when diagnosed with a covered critical illness.

ARAG Legal Insurance Plans:

- **Legal Insurance, ARAG** (Post-Tax): Provides attorney fees for most covered legal matters within the plan limits.

If you are a newly eligible employee who has questions or needs guidance to enroll in any of the voluntary Aflac or ARAG benefits, you may speak with the Senior Employee Benefits Specialist. The Senior Employee Benefits Specialist will be available for telephone appointments. During your appointment, the Senior Employee Benefits Specialist will:

- Provide education on voluntary benefits offered and assist you with making benefits decisions to best meet your needs
- Answer any questions you may have about offered voluntary benefits
- Assist you with making your voluntary benefits elections

To learn more about your benefits or if you need assistance enrolling, please visit **cofl.fbmcbenefits.com** or by calling 1-866-849-COFL (2635).

You may schedule a telephonic appointment at **www.myenrollmentschedule.com/fll** or by calling 1-866-849-COFL (2635).

LOANS AT WORK (Post-Tax): This voluntary loan program will provide City employees with the opportunity to apply for unsecured loans for health care expenses or any other needs up to $5,000 (capped at 20% of net take-home pay) to be repaid through payroll deductions.

City of FORT LAUDERDALE

FREQUENTLY ASKED QUESTIONS (FAQS)

WHO IS ELIGIBLE TO PARTICIPATE IN GROUP COVERAGE?

EMPLOYEES

- Full-time employees (both regular full time and temporary full time) are eligible to participate in all group benefits. Variable hour employees, such as part-timers who satisfy the criteria under the Affordable Care Act, are eligible to participate in any of the City's medical plans for the 2022 plan year.
- Newly eligible employees (i.e. new hires or employees promoted from part time to full time) are eligible for benefits the first day of the month following 30 days from their eligibility date (i.e. date of hire or promotion effective date). The coverage effective date for selected benefits is the same as the eligible date as long as Benefits Section, HR receives the electronic enrollment requirements via Selerix BenSelect no later than 30 days from the eligibility date (must be actively working for life insurance to be effective). Enrollment requests after the 30 day time limit will not be processed and you cannot re-apply until the next open enrollment, unless you experience an Internal Revenue Code (IRC) Section 125 qualifying event or Special Enrollment Rights. You may contact Benefits Section, HR at 954-828-5160 if you do not have access to a computer. **Social Security numbers and documentation to support dependent status must be provided to Benefits Section, HR for all dependents**. Please visit www.fortlauderdale.gov/benefits or Laudershare at www.fortlauderdale.gov/laudershare.
- Police employees represented by the Fraternal Order of Police (FOP) are eligible for medical, dental and vision benefits through the FOP ONLY and may participate in the City's life, Health Care and Dependent Care Flex Spending Accounts and voluntary benefits.

DEPENDENTS

Who are my eligible dependents and what documentation is required as proof of eligibility?

If you enroll for medical, dental, or vision insurance you may also enroll your eligible dependents (identified below). The type of documentation acceptable, as proof of dependent eligibility, is identified in parenthesis. Documentation must be provided at the time you enroll via attachment in Selerix BenSelect or by submitting the document(s) to Benefits Section, HR. If the documentation is not readily available, please complete the online enrollment (active employees) or change request form (retirees) and follow-up with the documentation as soon as it becomes available. **Your enrollment request will not be processed without the supporting documentation.** Please remember to write your employee ID number on each document submitted. If both parents are enrolled for benefits as employees through the City, children may not be enrolled for coverage under both parents.

- Spouse, if she/he is not also a benefits-eligible City of Fort Lauderdale employee **(official marriage certificate)**. A spouse who is a benefits-eligible employee cannot be covered by another benefits-eligible employee. **An Ex-spouse is not eligible for coverage under your insurance**
- Domestic partner (if she/he is not also a City of Fort Lauderdale employee eligible for benefits) as established by the City **(Affidavit of Domestic Partnership)**. A domestic partner who is a benefits-eligible employee cannot be covered by another benefits-eligible employee.
- Your biological child, legally adopted child or a child placed in the home for adoption in accordance with applicable state and federal laws **(official birth certificate, copy of official legal documents proving the status)**
- Child(ren) of your domestic partner, unless covered by a spouse/domestic partner who also works for the City of Fort Lauderdale **(copy of official birth certificate showing the domestic partner as the parent)**
- Your child, if permanently physically and/or mentally disabled **(and not an eligible City employee)**, may be covered indefinitely beyond the limiting age as long as acceptable proof of the disability is provided to the plans.
- Specified dependent child or foster child placed in your home **(copy of the executed court order)**
- A grandchild up to age 18 months if born while your child is covered under the plan (Florida Statute 627.6575) and the parent remains covered under the plan **(copy of birth certificate)**
- The Affordable Care Act permits married or unmarried dependent children to be covered under the medical plans to the last day of the calendar year that they reach the age of 26. An unmarried dependent child may be covered for medical beyond the end of the calendar year in which he/she turns age 26 to age 30, if the criteria established by Florida Statutes are satisfied. Dependent children enrolled for dental, vision and life insurance coverage are eligible to the end of the calendar year in which they turn age 26.
- Your foster child, if placed in your home prior to age 18 **(proof of placement by the Department of Children and Families or the foster care program of a licensed agency)**

What are the criteria for dependent children ages 26-30 (end of calendar year) to be eligible for group medical coverage?

- Florida Statute Chapter 627.6562 stipulates that the child must be (a) unmarried without any dependents, (b) a resident of Florida or a full-time/part-time student and (c) is not provided coverage or is not a covered person under any other group medical insurance policy or individual medical benefits plan, or is not entitled to benefits under Title XVIII of the Social Security Act. Certification must be completed upon initial enrollment and annually thereafter.
- Employees enrolling a new dependent child age 26+ must provide supporting documentation that the child was continuously covered by other creditable coverage without a gap in coverage of more than 63 days.

FREQUENTLY ASKED QUESTIONS (FAQS)

City of FORT LAUDERDALE

PRE-TAX PREMIUM/IMPUTED INCOME

What is pre-tax premium?

Pre-tax premium is an insurance contribution deducted from your paycheck before you pay any taxes. Premium contributions for medical, dental, vision, health care and dependent care FSAs are deducted through a Cafeteria Plan established under Internal Revenue Code (IRC) Section 125 and the City's Flexible Benefits Plan document. Due to IRC Section 125 rules, mid-year pre-tax premium changes may only be processed if the employee satisfies a qualifying event as permitted by the IRC Section 125, and the City's Plan document, or exercises a HIPAA Special Enrollment Right and submits a timely request.

Are premiums for adult children ages 26 to 30 and domestic partners/dependent children of domestic partners deducted pre-tax?

Generally, no. Premiums attributable to dependent children ages 26 to 30 are deducted post-tax unless they meet the definition for tax-qualified dependent under the Internal Revenue Code. The City does not subsidize premiums for adult children ages 26 to 30 years old. Premiums attributable to domestic partners, and the children of domestic partners are deducted post-tax unless it is established that they are qualified tax dependents as defined by the Internal Revenue Code. To have premiums payroll deducted pre-tax, the employee must also complete the Domestic Partner Certification of Dependent Status Form and must re-certify annually during open enrollment. The required forms are included under the Forms section on the Employee Benefits web page at www.fortlauderdale.gov/benefits and LauderShare at www.fortlauderdale.gov/laudershare.

What is imputed income for health insurance?

The Internal Revenue Code (IRC) allows employees to pay "tax-free" health insurance subsidies for themselves and their eligible dependents as defined under IRC provisions but generally excludes the amount attributable to dependent children after the end of the year in which they turn age 26, domestic partners and children of domestic partners. This excluded amount is referred to as imputed income. Please see the life insurance section for imputed income related to City paid life insurance. The monthly Imputed income is applied to the second paycheck of each month.

IRC SECTION 125 CHANGE IN STATUS QUALIFYING AND OTHER PERMITTED EVENTS

What mid-year (outside of the annual open enrollment period) qualifying events allow me to add or delete dependents?

The health plans are governed by Internal Revenue Code Section 125 rules and the City's Flexible Benefits Plan document, which permits mid-year plan changes (example to add or delete dependents) only if certain qualifying events are experienced by the employee or dependent. Therefore, a participant may not revoke any elections made, outside of the annual benefits open enrollment period, **except** as illustrated in the following qualifying events or Special Enrollment Rights:

- A change in the participant's legal status, including marriage, divorce, death of the participant's spouse, domestic partnership status (post-tax, unless a qualified tax dependent as defined by the Internal Revenue Code and the employee completes a Domestic Partner Certification of Dependent Status Form)
- A change in the number of dependents that the participant has for federal income tax purposes due to events such as birth, adoption, placement for adoption or death
- Termination or commencement of employment of the participant, spouse, domestic partner (post-tax unless a qualified tax dependent under the Internal Revenue Code), or dependent of the participant
- A reduction or increase in the hours of employment such as a switch between part-time and full-time status, going on an approved unpaid leave of absence (LOA)/Family Medical Leave Act (FMLA) or returning from an approved LOA/FMLA
- An event that causes the participant's dependent to satisfy or cease to satisfy the requirements for coverage due to attainment of age
- A court order or judgment, decree, or change in legal custody, including a qualified medical child support order
- Entitlement to/or loss of Medicare eligibility, entitlement to Medicaid
- Entitlement to Premium Assistance under State Medicaid or Children's Health Insurance Program (CHIP), OR loss of eligibility for State Medicaid or CHIP (60 days allowed to exercise special enrollment rights after termination of Medicaid or CHIP coverage)
- Differences in the open enrollment periods between the City and another employer affecting the participant's spouse or dependent
- Significant increases in plan costs
- Significant curtailment in plan benefits
- Special Enrollment Rights: If an employee becomes eligible to exercise any Special Enrollment Rights, he/she may change election for the balance of the plan year and file a new election which corresponds with the exercise of those rights. For more information on Special Enrollment Rights, please click on the Cigna image on the Benefits web page to review the certificates of coverage.

City of FORT LAUDERDALE

FREQUENTLY ASKED QUESTIONS (FAQS)

What is the consistency rule governing change in status requests?

IRC Section 125 requires that any change in status requests processed must be consistent with the qualifying event. For example, if the employee gets a divorce, it would be a qualifying event to delete the ex-spouse, but not to add existing dependent children who were not on the employee's plan. Another example is the event of a deceased spouse. It would be a qualifying event to delete the deceased spouse and add the existing dependents, if they were enrolled under the spouse's health plan, within 30 days from the date of death.

How do I make a Qualified Life Event (QLE) change to my benefits outside of the annual open enrollment and what is the time frame?

To make a change to your benefits outside of the annual open enrollment, ACTIVE employees must login to Selerix BenSelect and complete their benefit enrollment and/or changes no later than 30 days from the event (60 days for newborns/adoptions/placement for adoption/entitlement or loss of Medicaid/CHIP and other events noted in IRC section 125). Retirees must complete a Health Benefits Election Change Form and a Retiree Benefits Election Form and submit them to Benefits Section, HR. These forms may be downloaded from www.fortlauderdale.gov/benefits or obtained from the Benefits Section, HR. Do not delay completing your online request (Active Employees) or submitting the completed change forms (Retirees) while you gather the supporting documentation. Change requests must be completed within the specified time frames. You must then follow up with the supporting documentation by uploading them into Selerix BenSelect or submitting them to Benefits Section, HR as soon as it becomes available, but no later than 30 days after the event. The types of documentation required to support the change in status are provided in Selerix BenSelect. Changes between health plans are generally not allowed.

When do requested changes become effective?

Open enrollment changes become effective January 1 of the following year with the exception of life insurance increases which are effective subject to approval from Standard Insurance Company. Outside of the open enrollment period, changes generally become effective the first day of the month following receipt of the change request if provided within 30 days from the date of the event (60 days for newborns/adoptions/placement for adoption/ entitlement to State Medicaid/CHIP or entitlement to CHIP).

When do changes to add a new dependent become effective?

Changes to add a new dependent become effective the first day of the month following, or coincident to, timely enrollment online through Selerix BenSelect (Active Employees) or receipt of the completed forms (Retirees) by Benefits Section, HR with the exception of birth, adoption or placement for adoption which become effective as of birth or the earlier of (a) adoption or (b) placement for adoption.

Payroll changes to add newborn child(ren) are processed in accordance with Florida Statute 641.31(9). If the change request is completed within 30 days of birth, the premium is waived for the first 30 days from birth. If the change request is completed after the first 30 days, but within 60 days of the qualifying event (birth, adoption or, placement for adoption), the new premium will be charged retroactive to the date of the qualifying event.

What if I submit a late request for a change in status qualifying event?

If the request is submitted beyond the required time frames, the change will not be processed. If the request is to delete an ineligible dependent, you will be responsible financially for any claims incurred by that ineligible dependent but the premium changes, if applicable, will not be processed. Late requests to add new dependents will not be processed. You will need to make the change during the annual benefits open enrollment or if you exercise an allowable HIPAA Special Enrollment Right.

CANCELLATION

May I cancel coverage outside the annual benefits open enrollment?

Employees may request cancellation of coverage during the year as permitted by Florida Statute. If there is an IRC Section 125 qualifying event, coverage and payroll deductions will continue through the end of the month that a timely cancellation request is received. However, for pre-tax benefits, if there is not an IRC Section 125 qualifying event, pre-tax premium payroll deductions will continue through the end of the current plan year. If you opt-out or cancel your coverage you may not reapply (a) until the annual benefits open enrollment period, which takes place in the fall of each year, or (b) if you may exercise a HIPAA Special Enrollment Right. Requests to cancel post-tax benefits during the year will be processed prospectively without a penalty. Employees will not be able to re-enroll until the next open enrollment. Applications to re-enroll for life insurance benefits are subject to evidence of insurability.

BENEFICIARY DESIGNATIONS

May I update my beneficiaries at any time?

Yes. If enrolled for life insurance, you are strongly encouraged to review your beneficiaries and update, if necessary, when you experience a change in status such as divorce, marriage, death, or any other changes. You are also encouraged to list contingent/secondary beneficiaries in the event your primary beneficiary(ies) predeceases you. Simply login to Selereix BenSelect to update your beneficiary designations.

Where may I find information on life insurance benefits and provisions?

Review the certificates of coverage at www.fortlauderdale.gov/benefits or on LauderShare at www.fortlauderdale.gov/laudershare or contact Standard Insurance Company at 1-888-937-4783.

FREQUENTLY ASKED QUESTIONS (FAQS)

City of FORT LAUDERDALE

HEALTH REIMBURSEMENT ACCOUNT (HRA)

What is an HRA?

An HRA is an employer-funded, tax-qualified spending account that may be used to pay for qualified medical expenses such as deductibles and coinsurance for covered medical expenses and prescription drugs.

Do all employees enrolled in the medical plans have an HRA account funded by the City?

No. HRA funding is only available to employees and their tax-qualified dependents enrolled for the Consumer Driven Health Plan (CDHP). Employees may not access funds remaining in the account upon separation of employment since the account is not portable. Retirees and non-tax qualified dependents (i.e. adult child dependents, domestic partners and domestic partner's child(ren)) are not eligible for HRA funding. These dependents can be insured and receive coverage as any other insured but will have their own deductible and out-of-pocket maximum that is separate from the employee and tax-qualified dependents. The employee will not receive the portion of the HRA attributable to coverage for a domestic partner, their dependents or an Adult Child Dependent.

How much HRA funding does the City provide for eligible Consumer Driven Health Plan (CDHP) participants for the plan year?

- Employee only = $1,000
- Employee + one tax-qualified dependent = $1,500
- Employee + two or more tax-qualified dependents = $2,000
- The funding is prorated for enrollments after January 1.

Is there a separate ID card for the HRA?

No. The Cigna ID card is presented to access the HRA funding.

How do I keep track of the funds remaining in my HRA or obtain more information?

You may keep track of your HRA balance by reviewing Explanation of Benefits (EOB) statements received, by logging on to www.myCigna.com, reviewing quarterly HRA statements received, or by contacting Cigna's customer service 24/7 toll-free at 1-800-244-6224. You may also review the Cigna summary plan descriptions on the Employee Benefits web page.

May the funds in my HRA be rolled over to another calendar year?

Yes; however, this is subject to changes in IRS guidelines and City policy.

SEPARATION FROM THE CITY OR LOSS OF BENEFITS ELIGIBILITY

What happens to my benefits if I separate from the City or lose eligibility?

Benefits coverage and payroll deductions will continue through the end of the month in which you separate from the City or lose eligibility. You are responsible for payment of employee deductions for the entire month in which you separate or lose eligibility. Depending on the coverage you are enrolled in, you will have the following option(s) to continue the coverage after the end of the month:

Medical, Dental, Vision, and Health Care Flexible Spending Account

There are two options to continue this coverage:

1. Retirement: You have the option to continue medical, dental, and vision coverage through the Retiree Group. Coverage is not automatic. You must complete a Retiree Enrollment Form if you wish to elect insurance through the Retiree Group.

   Although you are eligible to continue your health coverage through the City's Retiree Group, you will also receive a notice from Benefits Outsource, Inc. (BOI) of your eligibility to elect Consolidated Omnibus Budget Reconciliation Act (COBRA). As a retiree you also have the option to continue your health care flexible spending account through COBRA through the end of the calendar year.
2. COBRA: You are eligible for COBRA continued coverage (medical, dental, and vision) based on your qualifying event (termination of employment). COBRA benefits will commence effective the first of the month following termination of health benefits. You can expect to receive a COBRA enrollment packet from Benefits Outsource, Inc. (BOI). You also have the option to continue your health care flexible spending account through COBRA through the end of the calendar year (Dependent Care Flexible Spending Accounts cannot be continued).

City Paid Group Term Life Insurance and Voluntary Group Term Life Insurance

There are two options to continue this coverage:

1. The coverage can be ported, in this case meaning the coverage will stay the same as it is now (Term Life), but you will have to pay the insurance company (The Standard) directly. There is an application that will be provided by City Benefits Section. You can keep your current coverage amount or elect a lower coverage amount.
2. The coverage can be converted, meaning the coverage will change to a whole life policy, which provides a cash value at a certain point. This coverage premium will also have to be paid

directly to The Standard. There is an application to complete provided by The Standard.

- Employees who port or convert their life insurance coverage will continue their coverage directly with The Standard and will no longer be affiliated with the City Group Life Insurance.

Voluntary Group Aflac Benefits

- The Accident, Short Term Disability, Critical Life and Hospital Indemnity coverages through Aflac can be ported, in this case meaning the benefit will stay the same as it is now but you will have to pay Aflac directly. The contact number for Aflac is 1-800-433-3036. Upon your request, Aflac will mail you information on how to port your coverage(s).

Voluntary Group ARAG Legal Plan

- ARAG Legal offers two conversion plans that an employee can enroll in. The premium is subject to change and paid directly to ARAG. The contact number for ARAG is 1-800-247-4184. Upon your request, ARAG will mail you information on how to convert your coverage.

COBRA

What is COBRA?

- COBRA is the federal law that requires most group health plans, including medical, dental, vision, and Health Care Flex Spending Accounts, to give employees, their covered dependents and qualified beneficiaries the opportunity to continue their group health benefits when there is a "qualifying event" (i.e., termination of employment, retirement, divorce, death of employee, etc.) that would result in a loss of coverage under an employer's plan. Continuation coverage for each qualified beneficiary must be the identical coverage that the plan offers to active employees and covered dependents. COBRA rights may be exercised independently for each qualified beneficiary.
- The following individuals do not have the right to independently elect COBRA: domestic partners, grandchildren and/or stepchildren (unless adopted by the employee). However, if the employee elects COBRA continuation coverage for them-self, they may also cover their dependents even if they are not considered qualified beneficiaries under COBRA. Such individuals' coverage will terminate when the employee's COBRA continuation coverage terminates.
- The employee or family member must provide written notice to Benefits Section, HR within 60 days of the event when a covered spouse loses eligibility due to divorce or a dependent child loses eligibility.
- The law specifies the time frames within which qualified beneficiaries must be notified, be allowed to elect continuation coverage and make payments. The cost to qualified beneficiaries may not exceed 102% of the premium equivalent cost of insurance for the active group.

How will I and my qualified beneficiaries be notified of my COBRA rights?

The City has contracted with a Third Party Administrator (TPA), P&A Group, to administer the COBRA provisions, provide notification within the time frames specified by the federal law and to perform the accounts receivable functions for qualified beneficiaries who elect continuation. The City provides the TPA with information pertaining to new enrollees and employees losing group coverage due to termination of employment and other known qualifying events.

Where may I obtain more information on COBRA?

Go to the P&A Group posting at www.fortlauderdale.gov or contact the City's COBRA Administrator, P&A Group, at 1-716-852-2611.

APPROVED UNPAID LEAVES OF ABSENCE (LOA)/THE FAMILY AND MEDICAL LEAVE ACT FMLA

How do I maintain my group benefits while on unpaid leave and FMLA?

Going on an approved unpaid LOA or FMLA leave is considered a qualifying event that allows you to make changes to your coverage consistent with the event. For example, you may delete dependents or cancel coverage within 30 days of being in an unpaid LOA or FMLA leave. Since you will not receive a paycheck while on unpaid leave, the premiums to cover your plan elections cannot be payroll deducted. You must take steps to ensure there is no disruption in your coverage. Before you miss your first paycheck, please contact Benefits Section, HR for instructions on how much to pay, the frequency of payments and other pertinent information.

PRESCRIPTION COVERAGE AND MEDICARE

City of FORT LAUDERDALE

2022 IMPORTANT NOTICE FROM THE CITY OF FORT LAUDERDALE ABOUT YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE TO ACTIVE EMPLOYEES, RETIREES AND DEPENDENTS PARTICIPATING IN THE FOLLOWING CITY-SPONSORED HEALTH PLANS:

Cigna Open Access Plus In-Network 1 (OAPIN1, aka HMO1) and Cigna Open Access Plus In-Network 2 (OAPIN2, aka HMO2) and Consumer Driven Health Plan (CDHP)

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with the City of Fort Lauderdale and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available to everyone with Medicare in 2006. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium

2. The City of Fort Lauderdale has determined that the prescription drug coverage under OAPIN1 (HMO1), OAPIN2 (HMO2) and Consumer Driven Health Plan (CDHP) are, on average, expected to pay out as much as standard Medicare prescription drug coverage pays for all plan participants and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you may keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When can you join a Medicare drug plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two month Special Enrollment Period (SEP) to join a Medicare drug plan.

What happens to your current coverage if you decide to join a Medicare drug plan?

If you decide to join a Medicare drug plan, your current City of Fort Lauderdale coverage will not be affected.

For those individuals who elect Part D coverage and elect to drop coverage under the City of Fort Lauderdale's plan, coverage will end for the individual and all covered dependents. See the Centers for Medicare and Medicaid Services (CMS) Disclosure of Creditable Coverage to Medicare Part D Eligible Individuals Guidance (available at **http://www.cms.hhs.gov/CreditableCoverage**), which outlines the prescription drug plan provisions/options that Medicare eligible individuals may have available to them when they become eligible for Medicare Part D.

Your current City of Fort Lauderdale coverage pays for other medical expenses in addition to prescription drug benefits. If you do decide to join a Medicare drug plan and drop your current City of Fort Lauderdale medical plan, which includes prescription drug benefits, please be aware that you (if actively employed) and your dependents may not be able to get this coverage back until the next annual benefits open enrollment period, which has an upcoming effective date of January 1. Retirees who drop their current City of Fort Lauderdale plan, which includes prescription drug coverage, must be aware that they will not be able to get this coverage back at a later date.

City of FORT LAUDERDALE

PRESCRIPTION COVERAGE AND MEDICARE

When will you pay a higher premium (penalty) to join a Medicare drug plan?

You should also know that if you drop or lose your current coverage with the City of Fort Lauderdale and do not join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go 19 months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For more information about this notice or your current prescription drug coverage:

Contact the office listed below for further information and refer to the certificates of coverage issued by the prescription drug provider. NOTE: You will get this notice each year. You will also get it before the next period you can join a Medicare drug plan and if this coverage through the City of Fort Lauderdale changes. You also may request a copy of this notice at any time.

For more information about your options under Medicare prescription drug coverage:

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You will get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit **www.medicare.gov**
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number)
- For personalized help, call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at **www.socialsecurity.gov** or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

New Health Insurance Marketplace Coverage Options and Your Health Coverage

Form Approved
OMB No. 1210-0149
(expires 6-30-2023)

PART A: General Information

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.[1]

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution -as well as your employee contribution to employer-offered coverage- is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?

For more information about your coverage offered by your employer, please check your summary plan description or contact BENEFITS SECTION, HR.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

[1] An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.

New Health Insurance Marketplace Coverage Options and Your Health Coverage

Form Approved
OMB No. 1210-0149
(expires 6-30-2023)

PART B: Information About Health Coverage Offered by Your Employer

This section contains information about any health coverage offered by your employer. If you decide to complete an application for coverage in the Marketplace, you will be asked to provide this information. This information is numbered to correspond to the Marketplace application.

3. Employer name CITY OF FORT LAUDERDALE		4. Employer Identification Number (EIN) 59-6000319
5. Employer address 100 N. ANDREWS AVENUE		6. Employer phone number 954-828-5160
7. City FORT LAUDERDALE	8. State FL	9. ZIP code 33301
10. Who can we contact about employee health coverage at this job? BENEFITS MANAGER		
11. Phone number (if different from above)	12. Email address healthyliving@fortlauderdale.gov	

Here is some basic information about health coverage offered by this employer:

- As your employer, we offer a health plan to:
  - ☐ All employees. Eligible employees are:
  - ☒ Some employees. Eligible employees are:
    All full-time employees and part-time employees who satisfy the criteria under the Affordable Care Act (ACA).
- With respect to dependents:
  - ☒ We do offer coverage. Eligible dependents are:
    Spouses, domestic partners, dependent children of employees up to the end of calendar year in which they turn age 26 and those who satisfy the guidlines under Florida Statute (FS627.6562)
  - ☐ We do not offer coverage.

☒ If checked, this coverage meets the minimum value standard, and the cost of this coverage to you is intended to be affordable, based on employee wages.

Note: Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount.

If you decide to shop for coverage in the Marketplace, HealthCare.gov will guide you through the process.

CITY OF FORT LAUDERDALE NOTICE REGARDING COLLECTION, USE, AND DISCLOSURE OF SOCIAL SECURITY NUMBERS

The collection of social security numbers by the City of Fort Lauderdale ("City") is either specifically authorized by law or imperative for the performance of the City's duties and responsibilities as prescribed by law and the Florida Constitution. The following list identifies the purposes for which social security numbers may be collected, used, or disclosed, the relevant legal authority, and whether collection of the social security number for the stated purpose is mandatory or authorized.

- For employment eligibility, reports to the Internal Revenue Service, and income tax withholding, including for W-2's, W-4's, and I-9's. [Collection mandated by 26 U.S.C. §6051, 26 C.F.R. §31.6011(b)-2, 26 U.S.C. §3402, 26 C.F.R. §31.3402(f)(2)-1, 26 C.F.R. §31.3402(f)(5)-1, 8 U.S.C. §1324a, 8 C.F.R. §274a.2, 26 C.F.R. §31.6051-1, and 26 C.F.R. § 301.6109-1. Disclosure: 26 U.S.C. §6051, 26 C.F.R. §6051-1, §119.071(5)(a)6, Fla. Stat.];
- For reports to the Social Security Administration. [Disclosure: 26 C.F.R. §31.6051-2, §119.071(5)(a)6, Fla. Stat.];
- For administration of the City's health benefits, pension fund, deferred compensation plan, and defined contribution plan, [Disclosure: §119.071(5)(a)6, Fla. Stat.];
- For income deduction notices for child support, alimony, and child support enforcement. [Collection authorized by §§61.1301(2)(e) and 61.13, Fla. Stat. Disclosure: 42 U.S.C. §653a(b), §119.071(5)(a)6, Fla. Stat.];
- For unemployment compensation benefits. [Disclosure: §119.071(5)(a)6, Fla. Stat.];
- For reports of worker's compensation injury or death. [Disclosure: §§440.185, and 119.071(5)(a)6, Fla. Stat.];
- For worker's compensation petitions for benefits and responses. [Collection authorized by §60Q-6.103, Florida Administrative Code. Disclosure: §60Q-6.103, Florida Administrative Code, and §119.071(5)(a)6, Fla. Stat.];
- For notices of tort claim. [Collection mandated by §768.28(6), Fla. Stat.];
- For verification of identity, background investigations and criminal history checks. [Disclosure: §119.071(5)(a)6, Fla. Stat.];
- The social security number may be disclosed to facilitate the direct deposit of funds to a payee's account. [§119.071(5)(a)6, Fla. Stat.]
- The social security number may be disclosed if it is expressly required by federal or state law or a court order. [§119.071(5)(a)6, Fla. Stat.]
- The social security number may be disclosed if the individual expressly consents in writing to the disclosure of his or her social security number. [§119.071(5)(a)6, Fla. Stat.]
- The social security number may be disclosed if the disclosure is necessary for the City to perform its duties and responsibilities. [§119.071(5)(a)6, Fla. Stat.]
- The social security number may be disclosed if the disclosure is made to comply with the USA Patriot Act of 2001, Pub. L. No. 107-56, or Presidential Executive Order 13224. [§119.071(5)(a)6, Fla. Stat.]
- The social security number may be disclosed if the disclosure is made to a commercial entity for the permissible uses set forth in the federal Driver's Privacy Protection Act of 1994, 18 U.S.C. ss. 2721 et seq.; the Fair Credit Reporting Act, 15 U.S.C. ss. 1681 et seq.; or the Financial Services Modernization Act of 1999, 15 U.S.C. ss. 6801 et seq., provided that the authorized commercial entity complies with the requirements of Fla. Stat. § 119.071(5). [§119.071(5)(a)6, Fla. Stat.]

PREMIUM ASSISTANCE UNDER MEDICAID AND THE CHILDREN'S HEALTH INSURANCE PROGRAM (CHIP)

If you or your children are eligible for Medicaid or CHIP and you are eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in Florida, you can contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, you can contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www .insurekidsnow.gov to find out how to apply. If you qualify, you can ask the State if it has a program that might help you pay the premiums for an employer-sponsored plan.

Once it is determined that you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must permit you to enroll in your employer plan if you are not already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, you can contact the Department of Labor electronically at www.askebsa .dol.gov or by calling toll-free 1-866-444-EBSA (3272).

For further information on eligibility in Florida:

WOMEN'S HEALTH AND CANCER RIGHTS ACT (WHCRA) NOTICES

Enrollment Notice

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. If you would like more information on WHCRA benefits, call Cigna Member Services at 1-800-244-6224.

Annual Notice

Do you know that your plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema? Call Cigna Member Services at 1-800-244-6224.

MENTAL HEALTH PARITY AND ADDICTION EQUITY ACT (MHPAEA) DISCLOSURE

The Mental Health Parity and Addiction Equity Act of 2008 generally requires group health plans and health insurance issuers to ensure that financial requirements (such as co-pays and deductibles) and treatment limitations (such as annual visit limits) applicable to mental health or substance use disorder benefits are no more restrictive than the predominant requirements or limitations applied to substantially all medical/surgical benefits. For information regarding the criteria for medical necessity determinations made under the City's Medical Plans with respect to mental health or substance use disorder benefits, please contact Cigna Member Services at 1-800-244-6224.

NOTICE OF SPECIAL ENROLLMENT RIGHTS

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 30 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

If you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

If you or your dependent(s) lose coverage under a state Children's Health Insurance Program (CHIP) or Medicaid, you may be able to enroll yourself and your dependents. However, you must request enrollment within 60 days after the loss of CHIP or Medicaid coverage.

If you or your dependent(s) become eligible to receive premium assistance under a state CHIP or Medicaid, you may be able to enroll yourself and your dependents. However, you must request enrollment within 60 days of the determination of eligibility for premium assistance from state CHIP or Medicaid.

To request special enrollment or obtain more information, contact:

AGREEMENT FOR SINGLE SOURCE THIRD PARTY ADMINISTRATOR, PHARMACY & EMPLOYEE ASSISTANCE

THIS AGREEMENT made this 30th day of September 2016, by and between the City of Fort Lauderdale, a Florida municipality ("City"), whose address is 100 North Andrews Avenue, Fort Lauderdale, Florida 33301, and Cigna Health and Life Insurance Company, a Connecticut corporation authorized to conduct business in the State of Florida ("Contractor") whose address is 900 Cottage Grove Road, Bloomfield, Connecticut 06002, Telephone 860-226-6890, Email: Scott.Taylor@cigna.com.

NOW, THEREFORE, for and in consideration of the mutual promises and covenants set forth herein and other good and valuable consideration, the City and the Contractor mutually agree as follows:

WITNESSETH:

I. DOCUMENTS

The following documents (collectively "Contract Documents") are hereby incorporated into and made part of this Agreement ("Form P-0601"):

(1) Request for Proposals No. 968-1733, Single Source Third Party Administrator, Pharmacy & Employee Assistance, including any and all addenda, prepared by the City of Fort Lauderdale ("RFP" or "Exhibit A");

(2) The Contractor's response to the RFP, dated June 2, 2016, ("Exhibit B");

(3) Administrative Services Only ("ASO") Agreement and Pharmacy Administrative Services Only ("ASO") Agreement, (collectively, "Exhibit C").

All Contract Documents may also be collectively referred to as the "Documents." In the event of any conflict between or among the Documents, or any ambiguity or uncertainty regarding the intent of the Documents, the following priority is established:

A. First, Form P-0601 (as modified by the City Manager on the signature page)
B. Second, Exhibit C
C. Third, this Agreement (Form P-0601) dated September 30, 2016, and any attachments
D. Fourth, Exhibit A
E. Fifth, Exhibit B

II. SCOPE

The Contractor shall perform the work under the general direction of the City in accordance with the Contract Documents.

Without limiting additional benefits, the Contractor shall perform all work identified in this Agreement. The parties agree that the scope of services is a description of Contractor's obligations and responsibilities, and is intended to include preliminary considerations and prerequisites, and all labor, materials, equipment, and tasks which are such an inherent part of

[illegible] would make performance by Contractor impractical, illegal, or impossible.

Contractor acknowledges and agrees that the City's Contract Administrator has no authority to make changes that would increase, decrease or otherwise modify the Scope of Services to be provided under this Agreement.

By signing this Agreement, the Contractor agrees that it has by its own hand the documents in complete and final form Agreement by reference and that it accepts the description of the work and the conditions under which the work is to be performed.

III. TERM OF AGREEMENT

The initial contract period shall commence on January [illegible], 2017 and end on December 31, 2020. The City reserves the right to extend the contract for three additional one-year terms, providing all terms, conditions and specifications remain the same, both parties agree to the [illegible] Contractor's approval by the City. In the event the term of this Agreement is made beyond the end of any fiscal year of City, it will be subject to the continuation of this Agreement beyond the end of such fiscal year shall be subject to both the appropriation and the availability of funds.

IV. COMPENSATION

The Contractor agrees to provide the services and/or materials as specified in the Contract Documents at the cost specified in Exhibit B. It is acknowledged and agreed by Contractor that this amount is the maximum payable and is the total obligation of City for compensation Contractor for Contractor's services related to this Agreement. This is a maximum amount, however, it is not a guarantee or limitation of any sum upon Contractor's obligation to perform all types of work required by it which can be reasonably inferred from the Scope of Services. Except as otherwise provided in this solicitation, no reimbursement will be paid to Contractor for which are Contractor's expenses.

V. METHOD OF BILLING AND PAYMENT

Contractor may submit invoices for compensation no more frequently than once monthly, but only after the services for which the invoices are submitted have been completed. An original invoice plus one copy must be submitted within fifteen (15) days of the [illegible] month except for final invoice which must be received no later than sixty (60) days after the Agreement expires. Invoices shall describe the nature of the services performed under this contract provided.

City shall pay Contractor within Forty-five (45) days of receipt of Contractor's proper invoice, as provided in the Florida Local Government Prompt Payment Act.

To be deemed proper, all invoices must comply with the requirements set forth in this Agreement and must be submitted on a form and pursuant to instructions prescribed by the City's Contract Administrator. Payment may be withheld for failure of Contractor to comply with a term, condition, or requirement of this Agreement.

Notwithstanding any provision of this Agreement to the contrary, City may withhold, in whole or in part, payment to the extent necessary to protect itself from loss on account of inadequate or defective work that has not been remedied or resolved to the reasonable satisfaction of the City's

Contract Administrator in full in accordance with this Agreement. The amount withheld shall not be subject to payment of interest by City.

VI. GENERAL CONDITIONS

A. Indemnification

Contractor shall protect and defend at Contractor's expense, counsel being subject to the City's approval, and indemnify and hold harmless the City and the City's officers, employees, volunteers and agents from and against any and all losses, penalties, fines, damages, settlements, judgments, claims, costs, charges, expenses, or liabilities, including any award of attorney fees and any court or arbitration costs, in connection with or arising directly or indirectly out of any infringement or violation of any patent, copyright, or other intellectual property right in connection with the Contractor's or the City's use of any copyrighted, patented or unpatented invention, process, article, material or device that is manufactured, provided or used pursuant to this Agreement. If the Contractor uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the solicitation shall include all royalties or costs arising from the use of such design, device, or materials in any way involved in the work.

B. Termination for Cause

The aggrieved party may terminate this Agreement for cause if the party in breach has not corrected the breach within ten (10) days after written notice from the aggrieved party identifying the breach. The City Manager may also terminate this Agreement upon such notice as the City Manager deems appropriate under the circumstances in the event the City Manager determines that termination is necessary to protect the public health or safety. Cause for termination by the City exists if the City erroneously, incorrectly or improperly terminates for cause, such termination shall be deemed a termination for convenience, which shall be effective thirty (30) days after such notice of termination for cause is provided.

This Agreement may be terminated for cause for reasons including, but not limited to, Contractor's repeated violations of negligent or intentional submission to City of false or fraudulent bills or invoices, failure to perform the Work in the City's sole discretion, or failure to continuously perform the work in a manner calculated to meet or accomplish the objectives set forth in this Agreement.

D. Termination for Convenience

The City reserves the right, in its best interest, as determined by the City, to cancel this contract for convenience by giving written notice to the Contractor at least thirty (30) days prior to the effective date of such cancellation. In the event this agreement is terminated for convenience, Contractor shall be paid for any services performed to the City's satisfaction pursuant to this Agreement through the termination date specified in the written notice of termination. Contractor cannot and does not agree that he/she/it can receive from other clients or other considerations from City, the margin and other costs which are hereby acknowledged by Contractor. The City's right to terminate this Agreement for convenience is in

E. Cancellation for Unappropriated Funds

The City reserves the right, in its best interest as determined by the City, to cancel this contract for unappropriated funds or unavailability of funds by giving written notice to the Contractor at least thirty (30) days prior to the effective date of such cancellation. The obligation of the City for payment to a Contractor is limited to the availability of funds appropriated in a current fiscal period, and continuation of the contract into a subsequent fiscal period is subject to appropriation of funds, unless otherwise provided by law.

F. Insurance

The Contractor shall furnish proof of insurance requirements as listed below. The coverage is to remain in force at all times during the contract period. The following minimum insurance coverage is required. The commercial general liability policy shall name the City of Fort Lauderdale in Florida as an "additional insured." This MUST be written in the "description" section of the insurance certificate, not in the check-off box on the insurance certificate form. Any costs for adding the City as an "additional insured" shall be at the Contractor's expense.

The City of Fort Lauderdale shall be given notice 30 days prior to cancellation or modification of any required insurance. The insurance provided shall be underwritten by companies to comply with the policy requirements. In the event the insurance is unable to accommodate, it is the responsibility of the Contractor to provide the proper notice. Such notice will be in writing by registered mail, return receipt requested and addressed to the Procurement Services Division.

The Contractor's insurance must be provided by an A.M. Best's "A" rated or better insurance company authorized to issue insurance policies in the State of Florida, or else approved by the City's Risk Manager. Any exclusions or provisions in the insurance maintained by the contractor that excludes coverage for work contemplated in this solicitation shall be deemed unacceptable, and shall be considered breach of contract.

Workers' Compensation and Employer's Liability Insurance

Limits: Workers' Compensation - Per Chapter 440, Florida Statutes
Employers' Liability - $500,000

Form P-100001

Any Temporary workers on behalf of the City of Fort Lauderdale must provide Workers' Compensation insurance. Exemptions are accepted with Prior Approval by the City's Risk Management Division in accordance with Florida Statute. For additional information contact the Department of Financial Services, Workers' Compensation Division at 850-413-1601, or access the website at www.fl.com

Commercial General Liability Insurance.

Covering premises/operations, products/completed operations, independent contractors and contractual liabilities.

Limits: Combined single limit, bodily injury/property damage $1,000,000

This coverage must include, but not be limited to:

a. Coverage for the liability assumed by the contractor under the indemnity provision of the contract.
b. Coverage for Premises/Operations
c. Products/Completed Operations
d. Broad Form Contractual Liability
e. Independent Contractors

Automobile Liability Insurance

Covering all owned, hired and non-owned automobile equipment.

Limits: $2,000,000 per occurrence

Certificate holder must be as follows:

City of Fort Lauderdale
Procurement Services Division

01 North Andrews Avenue, Room 619
Fort Lauderdale, FL 33301

G. Environmental, Health and Safety

Contractor will place the highest priority on health and safety and shall maintain a safe working environment during performance of the work. Contractor shall actively and strictly secure compliance by its employees, agents, and subcontractors, with all applicable environmental, health, safety and security laws and regulations, and performance conditions of this Agreement. Compliance with such requirements shall represent a minimum standard required of Contractor. Contractor shall be responsible for examining all regulations to and determining whether additional or more stringent environmental, health, safety and security protocols are required for the work. Contractor agrees to use reasonable diligence to comply with applicable laws, regulations, and any industry or Contractor's health and safety plans and regulations, and to pay the costs and expenses thereof, and warrants that all such persons shall be fit and qualified to carry out the Work.

H. Standard of Care.

Contractor represents that it and its qualified to perform the work for Contractor and hereby has a clear business license, valid state and/or local licenses to perform the Work, and that their services shall be performed in a manner consistent with the level of care and skill ordinarily exercised by other qualified contractors under similar circumstances.

I. Rights in Documents and Work

Any and all reports, photographs, surveys, and other data and documents provided or created in connection with this Agreement are and shall remain the property of City, and Contractor disclaims any copyright in such materials. In the event of early termination of this Agreement, any reports, photographs, surveys, and other data and documents prepared by Contractor, whether finished or unfinished, shall become the property of City and shall be delivered by Contractor to the City's Contract Administrator within seven (7) days of termination of this Agreement by either party. Any compensation due to Contractor shall be withheld until Contractor delivers all documents to the City as provided herein.

J. Audit Right and Retention of Records

City shall have the right to audit the books, records, and accounts of Contractor and Contractor's subcontractors that are related to this Agreement. Contractor and City and Contractor shall keep such books and records as required by this Agreement, and shall make such materials available at their respective offices at all reasonable times during the contract period and for three years after final payment under this Agreement. All books, records, and accounts of Contractor and Contractor's subcontractors shall be kept in written form, or in a form capable of conversion into written form within a reasonable time, and upon request to do so, Contractor or Contractor's subcontractor, as applicable, shall make same available at no cost to City in Broward County, Florida.

Contractor and Contractor's subcontractors shall provide and make available, at reasonable times for examination and audit by City in Broward County, Florida, all financial records, supporting documents, statistical records, and any other documents pertinent to this Agreement for the required retention period of the Florida State Records

Sec. Chapter 119, Florida Statutes, as may be amended from time to time. If applicable, or, if the Florida Public Records Act is not applicable, for a minimum period of three (3) years after termination of this Agreement. If any audit has been initiated and audit findings have not been resolved at the end of the retention period or three (3) years, whichever is longer, the books, records, and accounts shall be retained until resolution of the audit findings. If the Florida public records law is determined by City to be applicable to Contractor and Contractor's subcontractor's records, Contractor and Contractor's subcontractors shall comply with all requirements thereof; however, Contractor and Contractor's subcontractors shall violate no confidentiality or non-disclosure requirement of either federal or state law. Any incomplete or inaccurate entry in such books, records, and accounts shall be a basis for City's disallowance and recovery of any payment upon such entry.

Contractor shall, by written contract, require Contractor's subcontractors to agree to the requirements and obligations of this Section.

The Contractor shall maintain, during the term of the contract all books of account, reports and records in accordance with generally accepted accounting practices and standards for records directly related to this contract.

K. Public Entity Crimes Act

Contractor represents that the execution of this Agreement will not violate the Public Entity Crimes Act, Section 287.133, Florida Statutes, as may be amended from time to time, which essentially provides that a person or affiliate who is a contractor, consultant, or other provider and who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to City, may not submit a bid on a contract with City for the construction or repair of a public building or public work, may not submit bids on leases of real property to City, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with City, and may not transact any business with City in excess of the threshold amount provided in Section 287.017, Florida Statutes, as may be amended from time to time, for category two purchases for a period of 36 months from the date of being placed on the convicted vendor list. Violation of this section shall result in termination of this Agreement and recovery of all monies paid by City pursuant to this Agreement, and may result in debarment from City's competitive procurement activities.

L. Independent Contractor

Contractor is an independent contractor under this Agreement. Services provided by Contractor pursuant to this Agreement shall be subject to the supervision of the Contractor. In providing such services, neither Contractor nor Contractor's agents shall act as officers, employees, or agents of City. No partnership, joint venture, or other joint relationship is created hereby. City does not extend to Contractor or Contractor's agents any authority of any kind to bind City in any manner whatsoever.

M. Inspection and Non-Waiver

Contractor shall permit the representatives of CITY to inspect and observe the work at all times.

The failure of the City to insist upon strict performance of any of the terms of this Agreement or to exercise any rights conferred by this Agreement shall not be construed by Contractor as a waiver of the City's right to assert or rely on any such terms or rights or any future exercise or waiver of any such terms or rights.

N. Assignment and Performance

Neither this Agreement nor any right or interest herein shall be assigned, transferred, or encumbered without the written consent of the other party. In addition, Contractor shall not subcontract any portion of the work required by this Agreement except as provided in the Schedule of Subcontractor Participation. City may terminate this Agreement, effective immediately, if there is any assignment or attempted assignment, transfer, or encumbrance by Contractor of its duties under or any right or interest herein without City's written consent.

Contractor represents that each person who will render services pursuant to this Agreement is duly qualified to perform such services by all appropriate governmental authorities, where required, and that each such person is reasonably experienced and skilled in the areas for which he/she will render such services.

Contractor shall perform Contractor's duties, obligations, and services under this Agreement in a skillful and competent manner. The quality of Contractor's performance and all interim and final products provided to or on behalf of City shall be commensurate to the best local and national standards.

In the event Contractor employs any subcontractor in the performance of this Agreement, Contractor shall ensure that all of Contractor's subcontractors perform in accordance with the terms and conditions of this Agreement. Contractor shall be fully responsible for all of Contractor's subcontractors' performance and liable for any of Contractor's subcontractors' non-performance and all of Contractor's subcontractors' acts and omissions. Contractor shall determine if Contractor's services would be subject to City's approval or disapproval, and indemnify and hold City and City's officers, employees, and agents harmless from and against any claim, lawsuit, third party action, fine, penalty, settlement or judgment, including any award of attorney fees and any award of costs, by or in favor of any of Contractor's subcontractors for payment for work performed for City by any of such subcontractors, and from and against any claim, lawsuit, third party action, fine, penalty, settlement or judgment, including any award of attorney fees and any award of costs, commenced by or on behalf of any person or entity by reason of Contractor's subcontractors or by reason of Contractor's subcontractors' officers, agents, or employees. Contractor's use of subcontractors in connection with this Agreement shall be subject to City's prior review or approval, which approval City may revoke at any time.

O. Conflicts

Neither Contractor nor any of Contractor's employees shall have or hold any continuing or frequently recurring employment or contractual relationship that is substantially antagonistic or incompatible with Contractor's loyal and conscientious exercise of judgment and care related to Contractor's performance under this Agreement.

Contractor further agrees that none of Contractor's officers or employees shall, during the term of this Agreement, serve as an expert witness against City in any legal or

administrative proceeding in which the Contractor is not a party unless compelled by court process. Further, Contractor agrees that such persons shall not give sworn testimony or issue any opinion or written or oral expression of that or any kind in any way adverse to the interests of City in connection with any such pending or threatened legal or other litigation proceeding unless compelled by court process. The limitations of this section shall not prevent Contractor from any training in any way that represents their positions, including giving expert testimony in support thereof, in any action or in any administrative or legal proceeding.

If the over Contractor is permitted pursuant to this Agreement to utilize subcontractors to perform any services required by this Agreement, Contractor agrees to require such subcontractors by written contract to comply with the provisions of this section to the same extent as Contractor.

N. Schedule and Delays

Time is of the essence in this Agreement. By signing, Contractor affirms that it believes the schedule to be reasonable and practical. However, the parties acknowledge that the schedule might be modified at the City's direction.

O. Materiality and Waiver of Breach

City and Contractor agree that each requirement, duty and obligation set forth herein was bargained for at arm's-length and is agreed to by the parties in exchange for quid pro quo, that each is substantial and important to the formation of this Agreement and that each is, therefore, a material term hereof.

City's failure to enforce any provision of this Agreement shall not be deemed a waiver of such provision or modification of this Agreement. A waiver of any breach of a provision of this Agreement shall not be deemed a waiver of any subsequent breach and shall not be construed to be a modification of the terms of this Agreement.

P. Compliance With Laws

Contractor shall comply with all applicable federal, state, and local laws, codes, ordinances, rules and regulations in performing Contractor's duties, responsibilities, and obligations pursuant to this Agreement.

Q. Severability

In the event a portion of this Agreement is found by a court of competent jurisdiction to be invalid or unenforceable, the provisions not having been found by a court of competent jurisdiction to be invalid or unenforceable shall continue to be effective.

R. Limitation of Liability

The City desires to enter into this Agreement only if in so doing the City can place a limit on the City's liability for any cause of action for money damages due to an alleged breach by the City of this Agreement, so that its liability for any such breach never exceeds the sum of $5,000. Contractor hereby expresses its willingness to enter into this Agreement with Contractor's recovery from the City for any damage action for breach of contract or for any action or claim arising out of this Agreement to be limited to a maximum amount of

$1,000 less the amount of all funds actually paid by the City to Contractor pursuant to this Agreement.

Notwithstanding any other term or condition of this Agreement, Contractor hereby agrees that the City shall not be liable to Contractor for damages in an amount in excess of $1,000 which amount shall be reduced by the amount actually paid by the City to Contractor pursuant to this Agreement, for any action for breach of contract or for any action or claim arising out of this Agreement. Nothing contained in this paragraph or elsewhere in this Agreement is in any way intended to be a waiver of the limitation placed upon City's liability as set forth in Section 768.28, Florida Statutes.

U. Jurisdiction, Venue, Waiver of Jury Trial

This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Venue for any lawsuit by either party against the other party or otherwise arising out of this Agreement, and for any other legal proceeding, shall be in the Seventeenth Judicial Circuit in and for Broward County, Florida, or the closest of federal jurisdiction, in the Southern District of Florida, Fort Lauderdale Division.

In the event Contractor is required or requested under the laws of any province of Canada or the Canadian federal government, the City may submit to the United States of America or its Canadian in enforcement of a judgment entered against the Contractor. The Contractor waives any and all defenses to the City's enforcement of Canada of a judgment entered by a court in the United States of America.

V. Amendments

No modifications, amendments or waivers of any of the terms or conditions contained herein shall be effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by the Mayor, Commissioners of the City Manager, as determined by City Charter and Ordinances, and Contractor or others delegated authority or otherwise authorized to execute same on their behalf.

W. Prior Agreements

This document represents the final and complete understanding of the parties and incorporates or supersedes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein. The parties agree that there is no commitment, agreement, or understanding concerning the subject matter of this Agreement that is not contained in this written document. Accordingly, the parties agree that no deviation from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written.

X. Payable Interest

Except as required and provided by the Florida Local Government Prompt Payment Act, City shall not be liable for interest for any reason, whether as prejudgment interest or for any other purpose, and in the event that Contractor waives, rejects, or delays and fails to timely and properly submit a proper invoice in accordance with a request or claim based on or related to this Agreement.

Y. Representation of Authority

Each individual executing this Agreement on behalf of a party hereto hereby represents and warrants that he or she is, on the date he or she signs this Agreement, duly authorized by all necessary and appropriate action to execute this Agreement on behalf of such party and does so with full legal authority.

X. Unavoidable Occurrences ("Force Majeure")

The City and Contractor will be excused from the performance of their respective obligations under this Agreement to the extent that their performance is rendered impossible by any circumstance beyond their control, including fire, flood, earthquake, storm or other labor disturbance, act of God or public enemy, war, riot, civil commotion, malicious damage, act or omission of any governmental authority, delay or failure or shortage of any type of raw materials, equipment, or services from a public utility needed for their performance, provided that:

A. The non-performing party gives the other party prompt written notice describing the particulars of the Force Majeure including, but not limited to, the nature of the occurrence and its expected duration, and continues to furnish timely reports with respect thereto during the period of the Force Majeure;

B. The non-performance is for the greatest reasonable period of time that is required by the Force Majeure;

C. No obligations of either party that arose before the Force Majeure could prevent the necessary performance are excused as a result of the Force Majeure; and

D. The non-performing party uses its best efforts to remedy its inability to perform. Notwithstanding the above, performance shall not be excused under this section for a period of more than (3) months, provided that notwithstanding circumstances the City may exercise performance for a longer period. Force majeure or the Contractor will not constitute Force Majeure. The term of the agreement may be extended by a period equal to the during which either party's performance is suspended under this section.

XI. Scrutinized Companies

Subject to Odebrecht Construction, Inc., v. Prasad, 876 F.Supp.2d 1305 (S.D. Fla. 2012), affirmed, Odebrecht Construction, Inc., v. Secretary, Florida Department of Transportation, 715 F.3d 1268 (11th Cir. 2013), with regard to the "Cuba Amendment," the Contractor certifies that it is not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List or the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes (2016), that it is not engaged in a boycott of Israel, and that it does not have business operations in Cuba or Syria, as provided in section 287.135, Florida Statutes (2016), as may be amended or revised. The City may terminate this Agreement at the City's option if the Contractor is found to have submitted a false certification as provided under subsection (5) of section 287.135, Florida Statutes (2016), as may be amended or revised, or if the Contractor is placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector

List of the Scrutinized Companies that Boycott Israel, created pursuant to Section 215.4725, Florida Statutes (2016), or is engaged in a boycott of Israel or is known to be engaged in business operations in Cuba or Syria, as defined in Section 287.135, Florida Statutes (2018), as may be amended or revised.

HR. Public Records

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (954-828-5002, PRRCONTRACT@FORTLAUDERDALE.GOV, 100 NORTH ANDREWS AVENUE, FORT LAUDERDALE, FLORIDA, 33301).

Contractor shall:

1. Keep and maintain public records that ordinarily and necessarily would be required by the City in order to perform the service.

2. Upon request from the City's custodian of public records, provide the City with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes (2016), as may be amended or revised, or as otherwise provided by law.

3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of this contract if the Contractor does not transfer the records to the City.

4. Upon completion of the Contract, transfer, at no cost, to the City all public records in possession of the Contractor or keep and maintain public records required by the City to perform the service. If the Contractor transfers all public records to the City upon completion of this Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request, from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.

IN WITNESS WHEREOF, the City and the Contractor execute this Contract as follows:

SUBJECT: Contract Renewal

Contract No.; Title: 565-11755; Single Source Third Party Administrator, Pharmacy & Employee Assistance

Vendor: Cigna Health and Life Insurance Company

The current period of the above contract expires on **December 31, 2021.** The contract is renewable for an additional one-year term, if it is determined to be in the City's best interest and the vendor agrees to the renewal in writing.

Notification of intent to renew will be mailed to the vendor once your reply is received. Accordingly, it is requested that you give this matter your immediate attention thereby providing a timely reply to preclude contract expiration.

If you do not want to renew this contract, please explain the reason(s) in a separate memo. Also, please note this contract will expire on the date noted above. If a new contract is to be established, you must submit a requisition with updated specifications.

Please reply before **May 28, 2021** by returning this form (email is fine) completely filled out, signed and dated with all proper funding information indicated below.

Date: May 25, 2021

The using department/division recommends the following:

☑ RENEW the contract under the same terms and conditions with an estimated annual:

Expenditure of $ 2,258,400 or Revenue of $ _____

Must provide:

Index Code INS220101 Sub-object 5130

☐ DO NOT renew this contract. A new requisition will be submitted by this office for a replacement bid. See attached memo explaining the reason(s) thereto.

☐ DO NOT renew this contract. DO NOT prepare a replacement bid (items/services no longer needed).

Fort Lauderdale, FL 33301

Re: City of Fort Lauderdale's Self-Funded Group Health Plan
January 1, 2022 Renewal – Administrative Services Only (ASO)

Dear Guy,

We have completed our review and negotiations for the City's ASO, which is administered by Cigna for a January 1, 2022, effective date.

The renewal calls for a 1.6% increase in the fees, for an estimated increase of $13,139. This is the last year of a six-year contract with Cigna, which included a three-year term with three, one-year renewals with a 2% escalator. We have reviewed the services included in the ASO and have outlined the costs below:

January 1, 2019, One Guide was implemented. The monthly unit cost for One Guide is $3.50 PEPM for a total cost of $74,046, based on 1,763 lives. We were able to negotiate Cigna underwrite the cost of $62,398 to replace the city's benefit administration system, Cigna Guided Solutions, due to bankruptcy. The difference in the cost of $11,648 was built into the ASO premiums, which resulted in an increase in the ASO fee of $0.53 PEPM.

In 2020, we added Health Matters Care Management (HMCM) Preferred. The unit cost of this program is $1.60 PEPM. HMCM Preferred is a comprehensive care management model that includes all the components of Cigna's care management model, including comprehensive outpatient precertification, plus higher intensity of care coordination and more customer engagement opportunities. With Care Management Preferred, employees receive all the services they're accustomed to, like inpatient and outpatient precertification, and core and catastrophic care management.

July 1, 2020, we added Embarc Benefit Protection, through Cigna's contracted affiliate eviCore healthcare. The unit cost of this program is $0.99 PEPM. This program provides the City with financial protection from the high cost of gene therapy drugs; Luxturna to treat inherited form of progressive blindness and Zolgesma to treat children under 2 years old with spinal muscular dystrophy. These drugs have an estimated cost of $800,000 for Zolgesma and $1,000,000 for Luxturna. If across eviCore's entire Embarc Benefit Protection book of business (Cigna and non-

Cigna clients), eviCore's cost for the two (2) drugs provided in a given calendar year is lower than a predetermined percentage of the PMPM charges received, eviCore will refund the difference prorate after having fully recovered the outstanding balance created by any prior year deficits. The refund will be provided by March 31st of the following year.

Cigna also provides the City with a Health Improvement (wellness) fund of $87,000 which is used to promote wellness activities and wellness incentives. Cigna provides the Motivate*Me* incentive program which is used for participants to track their wellness goals and incentives.

Your Health First 200 is a proactive health education and improvement program for participants with a chronic condition. The program provides chronic condition-specific coaching, pre and post discharge calls, Lifestyle management coaching for stress, weight management and tobacco cessation and treatment decision support and coaching. The cost is $5.36 PEPM and is included in the Access Fee.

Health Advisor – A is a program that focuses on engaging targeted Members related to a variety of wellness and prevention topics and is designed to facilitate healthy behaviors and promote achievement of health-related goals. The cost of this program is $3.26 PEPM and is included in the Access Fee.

Cigna's final offer is contingent upon the City's agreeing not to market the ASO. It is our opinion as the City's Benefit Consultant that Cigna's final offer is competitive with the current market trends.

Please let me know if you have any questions regarding our recommendation or if you need additional information.

Sincerely,

Lloyd F. Rhodes

2022 ASO Premium Analysis
ASO Rate History

BANKING, FUNDING AND PAYMENT OF CLAIMS

a. The Contractor shall establish a benefit plan account ("Account") with a bank agreed upon between City and Contractor. Such bank must be a Qualified Public Depository. The account shall be in the name of the City for the exclusive use of the City's plan. An initial imprest balance in the amount of $100,000 will be deposited into the Account no later than xx/xx/xx. Should it become necessary to increase the imprest amount, the City will agree to do so based on satisfactory evidence from the Contractor of insufficient funds. The Account shall be funded monthly by the City based on an average monthly claims balance. The City will issue payments via wire transfer. The Contractor shall provide a monthly reconciliation. Any interest earned in the Account shall be accrued to the City and any banking fees will be charged to the Account.

b. Contractor, on behalf of the City, shall issue checks from the Account for Medical and Pharmacy Plan benefits and-related expensed in the amount Contractor determines to be proper under the Medical and Pharmacy Program and/or under the Agreement.

c. In the event that sufficient funds are not available in the account to pay all Medical Plan benefits and Medical Plan-related expenses when due, then Contractor shall notify the City accordingly.

d. In the event Contractor pays any person less than the amount to which he or she is entitled under the Medical Program, Contractor will promptly adjust the underpayment by drawing the additional funds from the City's Account. In the event Contractor overpays any person entitled to benefits under the Medical Program, or pays benefits to any person not entitled to them, Contractor shall take all reasonable steps to recover the overpayment and credit the Account accordingly, however, Contractor shall not be required to initiate court proceedings to recover an overpayment resulted from acts or omissions of the City, its officers, directors, or employees.

e. Following termination of this Agreement, the City shall remain liable for payment of all Plan benefits or fees due any provider or entity for services rendered prior to termination. City shall reimburse Contractor to the extent Contractor makes any such payment. In no event shall any payment of Medical and Pharmacy Plan benefits or fees by Contractor be construed to oblige Contractor to assume any liability of the City for the payment of such benefits or fees. This provision shall survive the termination of the Agreement.

BUSINESS ASSOCIATE AGREEMENT - SAMPLE

This Agreement is made and entered into this ____day of _____, 2022, by and between the City of Fort Lauderdale, a Florida municipality (hereinafter referred to as the "Covered Entity" or “City”) and _____, a _____ corporation authorized to transact business in the State of Florida (hereinafter referred to as “Business Associate”).

WHEREAS, the Covered Entity and the Business Associate have established a business relationship in which Business Associate, acting for or on behalf of Covered Entity, receives Protected Health Information as defined by the Health Insurance Portability and Accountability Act of 1996 (“Act”); and

WHEREAS, the Covered Entity and the Business Associate desire to comply with the requirements of the Act’s Privacy Rule as further set out below.

NOW, THEREFORE, in consideration of the mutual covenants, promises and agreements set forth herein, the Covered Entity and the Business Associate agree as follows:

1. Definitions

a. Terms used, but not otherwise defined, in this Agreement shall have the same meaning as those terms in the Privacy and Security Rules (“Privacy Rule”), as codified in 45 Code of Federal Regulations Parts 160 through 164, as may be amended.

2. Obligations and Activities of Business Associate

a. Business Associate agrees to not use or disclose Protected Health Information other than as permitted or required by the Agreement or as Required by Law.

b. Business Associate agrees to use appropriate safeguards to prevent use or disclosure of the Protected Health Information other than as provided for by this Agreement.

c. Business Associate agrees to mitigate, to the extent practicable, any harmful effect that is known to Business Associate of a use or disclosure of Protected Health Information by Business Associate in violation of the requirements of this Agreement.

d. Business Associate agrees to report to Covered Entity any use or disclosure of the Protected Health Information not provided for by this Agreement of which it becomes aware.

e. Business Associate agrees to ensure that any agent or subcontractor, to whom it provides Protected Health Information received from, or created or received by Business Associate on behalf of Covered Entity, agrees to the

same restrictions and conditions that apply through this Agreement to Business Associate with respect to such information.

f. Business Associate agrees to provide access, at the request of Covered Entity, and in a reasonable time and manner, to Protected Health Information in a Designated Record Set, to Covered Entity or, as directed by Covered Entity, to an Individual in order to meet the requirements under 45 C.F.R. § 164.524, if the Business Associate has Protected Health Information in a Designated Record Set.

g. Business Associate agrees to make any amendment(s) to Protected Health Information in a Designated Record Set that the Covered Entity directs or agrees to pursuant to 45 C.F.R. § 164.526 at the request of Covered Entity or an Individual, in a reasonable time and manner, if Business Associate has Protected Health Information in a Designated Record Set, or take other measures as necessary to satisfy Covered Entity's obligations under 45 C.F.R. 164.526.

h. Business Associate agrees to make internal practices, books, and records, including policies and procedures and Protected Health Information, relating to the use and disclosure of Protected Health Information received from, or created or received by Business Associate on behalf of, Covered Entity available to the Covered Entity, or to the Secretary, in a reasonable time and manner or as designated by the Secretary, for purposes of the Secretary determining Covered Entity's compliance with the Privacy Rule.

i. Business Associate agrees to document such disclosures of Protected Health Information and information related to such disclosures as would be required for Covered Entity to respond to a request by an Individual for an accounting of disclosures of Protected Health Information in accordance with 45 C.F.R. § 164.528.

j. Business Associate agrees to provide to Covered Entity or an Individual, within thirty (30) days of receipt of a written request from the Covered Entity or an Individual, information collected in accordance with Section 2.i of this Agreement, to permit Covered Entity to respond to a request by an Individual for an accounting of disclosures of Protected Health Information in accordance with 45 C.F.R. § 164.528.

k. Sections 164.308, 164.310, 164.312, and 164.316 of Title 45, Code of Federal Regulations, shall apply to Business Associate in the same manner that such sections apply to Covered Entity.

l. Business Associate shall comply with the privacy, security, and security breach notification provisions applicable to a business associate pursuant to Subtitle D of the Health Information Technology for Economic and Clinical Health Act which is Title XIII of Division A of the American Recovery and Reinvestment Act of 2009 (Public Law 111-5), 42 U.S.C.A. §17921 *et seq.* (2017), as may be amended or revised, ("HITECH"), any regulations promulgated thereunder, and any amendments to the Privacy Rule, all of which are hereby incorporated herein by reference.

3. Permitted Uses and Disclosures by Business Associate

a. Except as otherwise limited in this Agreement, Business Associate may use or disclose Protected Health Information to perform functions, activities, or services for, or on behalf of, Covered Entity as specified in the **Agreement for _____ dated _____, 2022,** between the City of Fort Lauderdale and the Business Associate ("Original Contract"), provided that such use or disclosure would not violate the Privacy Rule if done by Covered Entity or the minimum necessary policies and procedures of the Covered Entity.

4. Specific Use and Disclosure Provisions

a. Except as otherwise limited in this Agreement, Business Associate may use Protected Health Information for the proper management and administration of the Business Associate or to carry out the legal responsibilities of the Business Associate.

b. Except as otherwise limited in this Agreement, Business Associate may disclose Protected Health Information for the proper management and administration of the Business Associate or to carry out the legal responsibilities of the Business Associate, provided that disclosures are Required By Law, or Business Associate obtains reasonable assurances from the person to whom the information is disclosed that it will remain confidential and used or further disclosed only as Required By Law or for the purpose for which it was disclosed to the person, and the person notifies the Business Associate of any instances of which it is aware in which the confidentiality of the information has been breached.

c. Except as otherwise limited in this Agreement, Business Associate may use Protected Health Information to provide Data Aggregation services to Covered Entity as permitted by 45 C.F.R. § 164.504(e)(2)(i)(B).

d. Business Associate may use Protected Health Information to report violations of law to appropriate Federal and State authorities, consistent with 45 C.F.R. § 164.502(j)(1).

e. Business Associate may use Protected Health Information to deidentify the information in accordance with 45 C.F.R. 164.514(a)-(c).

f. Business Associate may use Protected Health Information as required by law.

g. Business Associate agrees to make uses and disclosures and requests for protected health information consistent with Covered Entity's minimum necessary policies and procedures.

h. Business Associate may not use or disclose protected health information in a manner that would violate Subpart E of 45 C.F.R. Part 164 if done by Covered Entity, except for the specific uses and disclosures set forth above.

5. Obligations of Covered Entity

a. Covered Entity shall notify Business Associate of any limitation(s) in the notice of privacy practices of Covered Entity in accordance with 45 C.F.R. § 164.520, to the extent that such limitation may affect Business Associate's use or disclosure of Protected Health Information.

b. Covered Entity shall notify Business Associate of any changes in, or revocation of, permission by an Individual to use or disclose his or her Protected Health Information, to the extent that such changes may affect Business Associate's use or disclosure of Protected Health Information.

c. Covered Entity shall notify Business Associate of any restriction on the use or disclosure of Protected Health Information that Covered Entity has agreed to or is required to abide by under 45 C.F.R. § 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of Protected Health Information.

6. Permissible Requests by Covered Entity

a. Covered Entity shall not request Business Associate to use or disclose Protected Health Information in any manner that would not be permissible under Subpart E of 45 C.F.R. Part 164 if done by Covered Entity, except that Business Associate may use or disclose Protected Health Information for data aggregation or management and administrative activities of Business Associate if required by the terms of the Original Contract.

7. Term and Termination

a. The Term of this Agreement shall be effective as of the effective date of the Original Contract, and shall terminate when the Original Contract terminates. Upon termination, all of the Protected Health Information provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, shall be destroyed or returned to Covered Entity, or, if it is infeasible to return or destroy Protected Health Information, or if it is illegal to destroy Protected Health Information, the protections are extended to such information, in accordance with the termination provisions in this Section.

b. Upon either party's knowledge of a material breach by the other party, the nonbreaching party shall either:

1. Provide an opportunity of at least thirty (30) days for the breaching party to cure the breach or end the violation and terminate this Agreement and the Original Contract if the breaching party does not cure the breach or end the violation within the time specified by the nonbreaching party;

2. Immediately terminate this Agreement and the Original Contract if the breaching party has breached a material term of this Agreement and cure is not possible; or

3. If neither termination nor cure is feasible, the nonbreaching party shall report the violation to the Secretary.

c. Effect of Termination

1. Except as provided in paragraph (2) of this section, upon termination of this Agreement, for any reason, Business Associate shall return, or destroy, except as prohibited by the Florida public records law, all Protected Health Information received from Covered Entity, or created or received by Business Associate on behalf of Covered Entity. This provision shall apply to Protected Health Information that is in the possession of subcontractors or agents of Business Associate. Business Associate shall retain no copies of the Protected Health Information.

2. In the event that Business Associate's return or destruction of the Protected Health Information would be infeasible or illegal, Business Associate shall extend the protections of this Agreement to such Protected Health Information and limit further uses and disclosures of such Protected Health Information to those purposes that make the return or destruction infeasible or illegal, for so long as Business Associate maintains such Protected Health Information. Upon written request from the Covered Entity, Business Associate shall provide to Covered Entity notification of the conditions that make return or destruction infeasible or illegal. At all times Business Associate shall comply with the Florida public records law and exemptions therefrom, and applicable Florida records retention requirements.

8. Miscellaneous

a. A reference in this Agreement to a section in the Privacy Rule means the section as in effect or as amended or revised.

b. The Parties agree to take such action as is necessary to amend this Agreement from time to time as is necessary for Covered Entity to comply with the requirements of the Privacy Rule and the Health Insurance Portability and Accountability Act of 1996, Pub. L. No. 104-191. If the parties are unable to reach agreement regarding an amendment to this Agreement, either Business Associate or Covered Entity may terminate this Agreement upon ninety (90) days written notice to the other party.

c. The respective rights and obligations of Business Associate under Sections 7(c)(1) and 7(c)(2) of this Agreement shall survive the termination of this Agreement.

d. Any ambiguity in this Agreement shall be resolved to permit Covered Entity to comply with the Privacy Rule.

e. Business Associate shall indemnify, hold harmless, and defend at Business Associate's expense, counsel being subject to Covered Entity's approval, the Covered Entity, and the Covered Entity's officers and employees (collectively "indemnitees"), against any and all claims, actions, lawsuits, damages, losses, liabilities, judgments, fines, penalties, costs, and expenses incurred by any of the indemnitees

arising out of or in connection with Business Associate's or any of Business Associate's officers', employees', agents', or subcontractors' breach of this Agreement or any act or omission by Business Associate or by any of Business Associate's officers, employees, agents, or subcontractors, including Business Associate's failure to perform any of its obligations under the Privacy Rule. Business Associate shall pay any and all expenses, fines, judgments, and penalties, including court costs and attorney fees, which may be imposed upon any of the indemnitees resulting from or arising out of Business Associate's or any of Business Associate's officers', employees', agents', or subcontractors' breach of this Agreement or other act or omission.

f. Venue for any lawsuit or any other legal proceedings brought by either party against the other party or otherwise arising out of this Agreement, shall be in Broward County, Florida, or, in the event of federal jurisdiction, in the United States District Court for the Southern District of Florida, with appellate jurisdiction in the respective corresponding appellate tribunals.

g. **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS, AT 954-828-5002, PRRContract@fortlauderdale.gov, 100 North Andrews Avenue, Fort Lauderdale, Florida, 33301, Attention: City Clerk.**

Notwithstanding anything contained in this Agreement to the contrary, except as otherwise provided by federal law, Contractor shall:

1. Keep and maintain public records that ordinarily and necessarily would be required by the City in order to perform the service.

2. Upon request from the City's custodian of public records, provide the City with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes (2016), as may be amended or revised, or as otherwise provided by law.

3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of this contract if the Contractor does not transfer the records to the City.

4. Upon completion of the Contract, transfer, at no cost, to the City all public records in possession of the Contractor or keep and maintain public records required by the City to perform the service. If the Contractor transfers all public records to the City upon completion of this Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of this Contract, the Contractor shall meet all applicable requirements for

retaining public records. All records stored electronically must be provided to the City, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.

EMBARC BENEFIT PROTECTION℠

Over 500 client questions answered

VALUE OF THE PROGRAM

Why is the Embarc Benefit Protection solution needed?

By 2024, the cost of gene therapies is expected to reach more than $8.6 billion in the United States, according to EvaluatePharma.[1] Today's health care financing system is geared toward chronic, long-term treatments, not one-time, high-cost therapies. This solution addresses a critical need facing the entire health care system. It was developed to improve access for group health plan patients seeking potentially life-changing therapies, while shielding the health plan and its members from debilitating costs. This lets the focus remain on health.

How does the Embarc Benefit Protection solution work?

It is the first of its kind solution and fills a critical need facing the entire health care system.

Here is how the solution will work:

- Group health plans with the Embarc Benefit Protection solution pay a low, per member per month (PMPM) charge to eviCore to arrange for the provision of two gene therapy drugs when covered by the plan and medically necessary (based upon eviCore's guidelines) for treatment of certain conditions:
  - Luxturna® to treat inherited retinal dystrophy
  - Zolgensma® to treat spinal muscular atrophy
- eviCore will arrange for the provision of the drugs through its network of specialty pharmacies (featuring Accredo) and facilities that have been authorized by the drug manufacturers to buy and sell the drugs.
- When a patient needs one of the drugs, their physician will submit the prescription for prior-authorization.
- eviCore will arrange for the provision of the drug to the physician.
- If medically necessary (based upon eviCore's guidelines), the patient receiving the drug will have no out-of-pocket cost associated with the drug when provided through eviCore (members with a Health Savings Account (HSA) must meet the applicable minimum deductible required for high deductible health plans). The patient's plan also will not be required to reimburse any charge for the drug itself. (However, the plan is responsible for the cost associated with administering the drug and patients are responsible for applicable cost-sharing for those costs.)

  Note: The financial protection against the high cost of Zolgensma applies only to children born after the Embarc Benefit Protection solution is effective for their group health plan. This is necessary to keep the PMPM charge as low as possible. Children born before the effective date will have coverage under their medical plan for the fee-for-service charge for Zolgensma; however, plan deductible, co-insurance and co-pays will apply to eviCore's fee-for-service charge for the drug and the cost of administering the drug.

Why did eviCore select Luxturna and Zolgensma to be included in the solution?

Luxturna and Zolgensma are two of the first high cost, potentially life-changing gene therapies on the market. As other high-cost gene therapies are approved by the FDA, eviCore will evaluate those drugs for inclusion through the Embarc Benefit Protection network solution.

Will this be available in all states?

Yes, the Embarc Benefit Protection solution is available in all states.

Cigna recently announced a new approach to covering gene therapy. Is the Embarc Benefit Protection solution the same thing?

No. The Embarc Benefit Protection solution and Cigna's new approach to gene therapy are complementary. Cigna's Gene Therapy Program manages gene therapy as an in-network benefit for existing clients, which ensures patients leverage the most cost-effective medical providers for their gene therapy administration. The Embarc Benefit Protection solution offers financial protection from the high cost of two potentially life-changing gene therapy drugs – Luxturna and Zolgensma.

When will the Embarc Benefit Protection network change be effective?

The network change will be made effective 7/1/2020. Please refer to the notification sent to you by Cigna or contact your Cigna representative.

What are the expectations for new business moving forward?

The Embarc Benefit Protection solution will be a standard inclusion and reflected in pricing for 7/1/2020 effective dates and later.

Doesn't this overlap with my current Cigna Stop Loss coverage?

We do acknowledge that there is overlap of liability between Stop Loss policies and the Embarc Benefit Protection solution. This is why clients with Cigna Stop Loss policies where the Embarc Benefit Protection solution is applied mid-policy will receive a one-time credit to admin fees. Stop Loss rates for presales and renewals effective 7/1/2020 and beyond contemplate Embarc Benefit Protection solution.

PRICE AND COST MANAGEMENT

What is the price and/or when will eviCore announce the price?

eviCore's charge is $0.99 PMPM for all eviCore Embarc Benefit Protection clients. This pre-paid approach offers payers predictable cost while helping ensure that their members will have access to these potentially life-changing, but high-cost drugs.

Will payers be paying upfront for financial protection they may never need if they don't have a patient that requires these new drugs?

Drug makers are investing significantly in drugs for tiny pools of patients. By 2025, the FDA anticipates approving between 10 to 20 gene and cell therapies each year.[2] Therefore, it may be increasingly likely a plan will experience the "lightning strike" of having to pay for a therapy of this nature.

The Embarc Benefit Protection solution provides cost predictability for payers while protecting them from the "lightning-strike" of a potentially high-cost (multi-million dollar) gene therapy drug expense. It also makes it possible to shield the patient from any out-of-pocket expense for the drugs (members with a Health Savings Account (HSA) must meet the applicable minimum deductible required for high deductible health plans).

Note: The Embarc Benefit Protection solution's financial protection against the high cost of Zolgensma applies only to children born after the solution is effective for their group health plan. This is necessary to avoid adverse selection and keep the PMPM charge as low as possible. Children born before the effective date will have coverage under their medical plan for the fee-for-service charge for Zolgensma; however, plan deductible, co-insurance and co-pays will apply to eviCore's fee-for-service charge for the drug and the cost of administering the drug.

What if the fixed fees charged are inadequate to reimburse the specialty pharmacies and facilities in eviCore's network for the cost of the drugs they dispense?

eviCore will have the full backing of Cigna to help ensure that eviCore can fulfill its responsibilities.

How does the Embarc Benefit Protection solution provide book of business transparency?

We're committed to bringing value to the market. This is an important solution and we want to ensure sustainability. Successful operation of this solution does have a cost, and eviCore will be recovering those costs. If, across eviCore's entire Embarc Benefit Protection book of business, eviCore's cost for the two drugs provided in a given calendar year is lower than expected, eviCore will refund the difference pro rata, after having fully recovered the outstanding balance created by any prior year deficits. Details will be provided upon request at the end of each calendar year. The refund will be provided by March 31st of the following year.

But eviCore is a Cigna company. Isn't all this internal, that is, isn't Cigna paying itself?

eviCore has a history of contracting with a wide variety of payers, including Cigna (predating Cigna's acquisition of Express Scripts, eviCore and Accredo). Now, with the combination of the companies, we can leverage the capabilities of eviCore and Accredo to provide a valuable solution to our clients and other payers. The Embarc Benefit Protection solution will be offered by eviCore to other insurers, HMOs, and self-funded plans.

How much do these drugs cost today?

The cost of Luxterna is approximately $850,000 (for two eyes), and the cost of Zolgensma is more than $2.1M.[3] The Embarc Benefit Protection solution is designed to insulate payers and patients from these potential lightning strike costs.

Will the Embarc Benefit Protection solution apply if I have an unusually high number of occurrences or patients to be treated?

Yes. There is no limit on how many plan members can receive the drugs. That is the real value of the Embarc Benefit Protection solution; plans can prepay for these drugs at a predictable, fixed monthly charge of $0.99 PMPM.

Will it bring down the cost of cell and gene therapies, or just spread out the cost over time?

The Embarc Benefit Protection solution provides financial protection from a lightning strike catastrophic claim for one of these high cost drugs and replace it with a predictable charge of $0.99 PMPM.

By having access to these medications, what other benefit might employees/clients experience?

The gene therapies offer potentially life-changing treatments. In the case of Zolgensma, mortality rate was 95% by age 2 prior to this drug being introduced.

Are there additional clinical guarantees that eviCore will put in place because of Accredo's involvement?

No. The value that the Embarc Benefit Protection solution delivers is access to two high-cost, breakthrough gene therapy drugs for a predictable $0.99 PMPM charge.

Will drug makers pay rebates on these drugs?

Although we expect manufacturer monies to remain limited for these drugs, eviCore will use any available discounts, rebates, co-pay assistance programs, etc. to keep its charge for the Embarc Benefit Protection solution affordable. All rebates will be contemplated in the annual book of business settlement.

What is the average "money-back guarantee" timeline offered by manufacturers?

These programs vary by manufacturer and typically require adherence to a defined regimen of activities to be eligible. Due to current price reporting regulations, these programs currently offer minimal values as a "guarantee." Where practical, eviCore plans to use these programs to keep its PMPM charge for the Embarc Benefit Protection solution affordable. If clinical guarantee programs offering more meaningful dollar values become available in the marketplace, eviCore aims to adopt those programs in a manner that it believes will be most meaningful to its clients at that time. All revenue from these programs will be contemplated in the annual book of business settlement.

Will this encourage pharma to sell drugs at very high prices?

No. The Embarc Benefit Protection solution provides payers (i.e., insurers, HMOs and self-funded group health plans) financial protection from the price shock of having to pay for very expensive gene therapy drugs. This will, in turn, promote coverage by payers and ensure that patients can access these potentially life-changing gene therapies. The two gene therapy products provided through this solution were both subject to reviews by the Institute for Clinical and Economic Review (ICER), a third party that works to assess the clinical effectiveness and value of drugs. We encourage all manufacturers to have similar voluntary reviews. We will continue to apply our scale and rigor to price negotiations as we always have. In addition, third-party collaborations (e.g., ICER) will provide drug price analysis and their data help inform our negotiations.

Isn't this reinsurance? Wouldn't Stop Loss help in this situation? Why do I need this?

This is not reinsurance. eviCore will contract with insurers, HMOs, TPAs and self-funded plans to arrange for the provision of the drugs on a prepaid basis through eviCore's network of specialty pharmacies (featuring Accredo) and facilities authorized by the drug manufacturers to purchase and bill for the drugs. In this way, insurers, HMOs and self-funded plans are protected from the high cost of these drugs.

By contrast, reinsurance and stop-loss insurance reimburse insurers and self-funded plans, respectively, for benefit payments they make. While reinsurance and stop-loss insurance provide a form of financial protection, some stop-loss carriers are including language in their contracts to exclude gene therapy drugs from their coverage, leaving self-funded plans fully responsible for reimbursing the high cost of these drugs if covered by the plan.

The Embarc Benefit Protection solution offers greater predictability for the payers and promotes patient access to potentially life-changing gene therapy products.

OPERATIONAL DESIGN

Who is eviCore?

eviCore healthcare (eviCore) offers proven, diversified medical benefits management solutions that help clients reduce costs while increasing the safety and quality of care for their members. The company provides these solutions to managed care organizations and risk-bearing provider organizations serving commercial, Medicare, and Medicaid populations. Powered by a team of specialized medical professional resources, extensive evidence-based

guidelines, and advanced technologies, eviCore supports clients by ensuring the right evidence-based care is delivered at the right time to the right patient at the right site of care. Flexible medical benefits management solutions are offered in: Cardiology, Comprehensive Oncology, Gastroenterology, Lab Management, Medical Oncology, Musculoskeletal, Post-Acute Care, Radiation Oncology, Radiology, Sleep, and Specialty Drug Management. eviCore is proud to help 100 million members receive higher quality, lower cost healthcare. For more information, please visit evicore.com.

What is eviCore's role?

eviCore will contract with insurers, HMOs, TPAs and self-funded employer plans to participate in their provider networks and arrange for the provision of two high-cost gene therapy drugs, Luxturna and Zolgensma, to individuals covered under plans utilizing the provider network. eviCore will arrange for the provision of the two gene therapy drugs through its network of specialty pharmacies (featuring Accredo) and facilities that have been authorized by the drug manufacturers to buy and sell the drugs.

Will patients need to receive their medicine from Accredo only?

eviCore will arrange for the provision of Luxturna and Zolgensma through its network of specialty pharmacies and facilities that have been authorized by the drug manufacturers to buy and sell the drugs. Accredo is the primary Specialty Pharmacy in the eviCore network. Additional specialty pharmacies may be incorporated as needed to assure access to the drugs.

How is eviCore paid for administering the solution?

eviCore's charge for the Embarc Benefit Protection solution is $0.99 PMPM.

Does the Embarc Benefit Protection solution require an update to booklet language?

No. The addition of eviCore to a payer's provider network to arrange for the provision of two high-cost gene therapy drugs, Luxturna and Zolgensma is a network change, not a benefit change. Accordingly, no booklet language change is required.

Has eviCore thought about creating a joint solution with other insurers?

eviCore will make the Embarc Benefit Protection solution available to other insurers, HMOs, TPAs and self-funded employer plans.

CLIENT ELIGIBILITY

Is this program available to all Cigna clients?

Generally, yes. However, is not available for a group health plan if:

- It does not cover either or both drugs;
- It covers both drugs under pharmacy benefits that are not administered by CHLIC, or
- It does not utilize a Cigna participating provider network.

PIPELINE MANAGEMENT

What other drugs will eviCore consider putting into this program?

As new gene and cell therapies emerge and are approved by the FDA, eviCore will evaluate them for inclusion in this solution.

How many more drugs do you expect eviCore to add in the next three to five years?

We expect this solution to broaden over time, and we will continue to closely monitor developments in the gene therapy space. As new gene and cell therapies emerge and are approved by the FDA, eviCore will evaluate them for inclusion in this solution.

If additional drugs are added to the Embarc Benefit Protection network solution in the future, will the PMPM charge change?

It has not yet been determined whether any additional drugs will be added to the Embarc Benefit Protection solution. However, any added drugs may affect eviCore's charge.

MAINTENANCE MEDICATIONS

Fill your medication in a 90-day supply

With the Cigna 90 Now℠ program, your plan requires you to fill certain maintenance medications in a 90-day (or 3-month) supply[1] at select in-network retail pharmacies or through Express Scripts® Pharmacy, our home delivery pharmacy. These are the medications you take on a regular basis to treat an ongoing health condition.

About this drug list

This is a list of the maintenance medications that you have to fill in a 90-day (or 3-month)[1] supply as of January 1, 2022.[2,3] Medications are listed alphabetically by the condition they treat. Generic medications are listed in all lowercase letters and brand-name medications are listed in all capital letters.

This drug list is updated often so it isn't a complete list of the medications your plan covers. Also, your specific plan may not cover all of these medications. Log in to the **myCigna®** App or **myCigna.com**, or check your plan materials, to see all of the maintenance medications that have to be filled in a 90-day (or 3-month) supply.

A 90-day supply helps make life easier.

You'll make fewer trips to the pharmacy for refills. And you're more likely to stay healthy because with a 90-day supply on-hand, you're less likely to miss a dose.[4]

Your pharmacy options

Home delivery with Express Scripts® Pharmacy.[5]

Home delivery is a convenient option when you're taking a medication on a regular basis. To learn more about home delivery, go to **Cigna.com/homedelivery**.

- **Easily order, manage and track your medications** on your phone or online
- Standard shipping at **no extra cost**[6]
- Fill up to a **90-day supply** at one time
- **Helpful pharmacists** available 24/7
- **Automatic refills** or refill reminders so you don't miss a dose
- **Flexible payment options** if you need help paying for your medications.

Here are three easy ways to get started using home delivery.

1. **Log in to the myCigna® App or myCigna.com to move your prescription electronically.** Click on the Prescriptions tab and select My Medications from the dropdown menu. Then simply click the button next to your medication name to move your prescription(s).

Together, all the way.®

Cigna®

Offered by Cigna Health and Life Insurance Company or its affiliates.

2. **Call your doctor's office.** Ask them to send a 90-day prescription (with refills)[1] electronically to Express Scripts Home Delivery.
3. **Call Express Scripts® Pharmacy at 800.835.3784.** They'll contact your doctor's office to help transfer your prescription. Have your Cigna ID card, doctor's contact information and medication name(s) ready when you call.

In-network retail pharmacies

There are thousands of retail pharmacies in your plan's network. They include local pharmacies, grocery stores, retail chains, and wholesale warehouse stores – all places where you may already shop. **A select number of in-network pharmacies can fill 90-day prescriptions.**

Here are some of the retail pharmacies in your plan's network that can fill a 90-day prescription.[7] To see a full list, log into the **myCigna** App or **myCigna.com** and use the Price a Medication tool, or go to **Cigna.com/Rx90network**.

- **CVS** (including Target and Navarro)
- **Walmart**
- **Kroger** (including Harris Teeter Pharmacy, Pick N Save Pharmacy, Fred Meyer Pharmacy, Fry's Food and Drug)
- **Access Health** (including Benzer Pharmacy, Marcs, Big Y Pharmacy, Marsh Drugs, LLC, Snyder Drug Emporium)
- **Elevate Provider Network** (including Super RX Pharmacy, Medical Center Pharmacy, Family Pharmacy, King Kullen Pharmacy)
- **Cardinal Health** (including Freds Pharmacy, Medicine Shoppe Pharmacy, Medicap Pharmacy)

1. You may be taking a medication that isn't actually available in a 90-day supply. Certain medications may only be packaged in lesser amounts. For example, three packages of oral contraceptives equal an 84-day supply. Even though it's not a "90-day supply," it's still considered a 90-day prescription.
2. State laws in **Texas** and **Louisiana** may require your plan to cover your medication at your current benefit level until your plan renews. This means that if your medication is taken off the drug list, is moved to a higher cost-share tier or needs approval from Cigna before your plan will cover it, these changes may not begin until your plan's renewal date. To find out if these state laws apply to your plan, please call Customer Service using the number on your Cigna ID card.
3. State law in **Illinois** may require your plan to cover your medications at your current benefit level until your plan renews. This means that if you currently have approval through a review process for your plan to cover your medication, the drug list change(s) listed here may not affect you until your plan renewal date. If you don't currently have approval through a coverage review process, you may continue to receive coverage at your current benefit level if your doctor requests it. To find out if this state law applies to your plan, please call Customer Service using the number on your Cigna ID card.
4. Internal Cigna analysis performed Jan 2019, utilizing 2018 Cigna national book of business average medication adherence (customer adherent > 80% PDC), 90-day supply vs. those who received a 30-day supply taking antidiabetics, RAS antagonist and statins.
5. Not all plans offer home delivery as a covered pharmacy option. Log in to the myCigna App or myCigna.com, or check your plan materials, to learn more about the pharmacies in your plan's network.
6. Standard shipping costs are included as part of your prescription plan.
7. Participating Cigna 90 Now pharmacies as of January 2020. Subject to change.

Cigna reserves the right to make changes to the Drug List without notice. Your plan may cover additional medications; please refer to your enrollment materials for details. Cigna does not take responsibility for any medication decisions made by the doctor or pharmacist. Cigna may receive payments from manufacturers of certain preferred brand medications, and in limited instances, certain non-preferred brand medications, that may or may not be shared with your plan depending on its arrangement with Cigna. Depending upon plan design, market conditions, the extent to which manufacturer payments are shared with your plan and other factors as of the date of service, the preferred brand medication may or may not represent the lowest-cost brand medication within its class for you and/or your plan.

Health benefit plans vary, but in general to be eligible for coverage a drug must be approved by the Food and Drug Administration (FDA), prescribed by a health care professional, purchased from a licensed pharmacy and medically necessary. If your plan provides coverage for certain prescription drugs with no cost-share, you may be required to use an in-network pharmacy to fill the prescription. If you use a pharmacy that does not participate in your plan's network, your prescription may not be covered, or reimbursement may be limited by your plan's copayment, coinsurance or deductible requirements. Certain features described in this document may not be applicable to your specific health plan, and plan features may vary by location and plan type. Refer to your plan documents for costs and complete details of your plan's prescription drug coverage.

All Cigna products and services are provided exclusively by or through operating subsidiaries of Cigna Corporation, including Cigna Health and Life Insurance Company, Connecticut General Life Insurance Company, Express Scripts, Inc., ESI Mail Pharmacy Service, Inc., Express Scripts Pharmacy, Inc., and HMO or service company subsidiaries of Cigna Health Corporation. "Express Scripts Pharmacy" refers to ESI Mail Pharmacy Service, Inc. and Express Scripts Pharmacy, Inc. The Cigna name, logo, and other Cigna marks are owned by Cigna Intellectual Property, Inc. "Express Scripts Pharmacy" is a trademark of Express Scripts Strategic Development, Inc.

DISCRIMINATION IS AGAINST THE LAW

Medical coverage

Cigna complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Cigna does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Cigna:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
  - Qualified interpreters
  - Information written in other languages

If you need these services, contact customer service at the toll-free number shown on your ID card, and ask a Customer Service Associate for assistance.

If you believe that Cigna has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance by sending an email to ACAGrievance@Cigna.com or by writing to the following address:

Cigna
Nondiscrimination Complaint Coordinator
PO Box 188016
Chattanooga, TN 37422

If you need assistance filing a written grievance, please call the number on the back of your ID card or send an email to ACAGrievance@Cigna.com. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, or by mail or phone at:

U.S. Department of Health and Human Services
200 Independence Avenue, SW
Room 509F, HHH Building
Washington, DC 20201
1.800.368.1019, 800.537.7697 (TDD)
Complaint forms are available at
http://www.hhs.gov/ocr/office/file/index.html.

All Cigna products and services are provided exclusively by or through operating subsidiaries of Cigna Corporation, including Cigna Health and Life Insurance Company, Connecticut General Life Insurance Company, Evernorth Care Solutions, Inc., Evernorth Behavioral Health, Inc., Cigna Health Management, Inc., and HMO or service company subsidiaries of Cigna Health Corporation and Cigna Dental Health, Inc. The Cigna name, logos, and other Cigna marks are owned by Cigna Intellectual Property, Inc. ATTENTION: If you speak languages other than English, language assistance services, free of charge are available to you. For current Cigna customers, call the number on the back of your ID card. Otherwise, call 1.800.244.6224 (TTY: Dial 711). ATENCIÓN: Si usted habla un idioma que no sea inglés, tiene a su disposición servicios gratuitos de asistencia lingüística. Si es un cliente actual de Cigna, llame al número que figura en el reverso de su tarjeta de identificación. Si no lo es, llame al 1.800.244.6224 (los usuarios de TTY deben llamar al 711).

CHOOSE A PLAN WITH CONFIDENCE

Cigna One Guide service can help.

At Cigna, we understand how confusing and overwhelming it can be to review your health plan options. And we want to help by providing the resources you need to make a decision with confidence. That's why **Cigna One Guide℠ is available to you now – whether you're a current Cigna customer or considering Cigna for the first time.**

Call a Cigna One Guide representative during preenrollment to get personalized, useful guidance.

Your personal guide will help you:

- Easily understand the basics of health coverage
- Identify the types of health plans available to you that best meet the needs of you and your family
- Check if your doctors are in-network to help you avoid unnecessary costs
- Get answers on any other questions you may have about the plans or provider networks available to you

The best part is, during the enrollment period, your personal guide is just a call away. Should you forget to ask something and need to call back, simply ask for your guide by name and we'll reconnect you, so you can pick up where you left off.*

Don't wait until the last minute.

Call 800.325.8958 to speak with a One Guide representative today.

After enrollment, the support continues for Cigna customers.

When you enroll with Cigna, your One Guide representative will be there to guide you through the complexities and unclear jargon of the health care system, and help you avoid costly missteps. The goal is a simpler health care journey for you and your family.

Cigna's One Guide service provides personalized assistance to help you:

- Resolve health care issues
- Save time and money
- Get the most out of your plan
- Find the right hospitals, dentists and other health care providers in your plan's network
- Get cost estimates
- Understand your bills
- Navigate the health care system

Get it all in the way that's most convenient for you.

- Call
- Access the Cigna One Guide support tool by downloading the myCigna App**

Together, all the way.®

SAVE ON SPECIALTY DRUG COSTS

At Cigna, we strive every day to make health care more simple and more affordable for both the clients and customers we serve.

While specialty drugs can be very expensive, our dedicated copay assistance coordination teams help connect our customers to the 80% of copayment assistance programs available from pharmaceutical manufacturers.[1] These programs are essential to help customers afford their medications, but if left unmanaged, they can also drive up costs for clients.

SaveonSP - Maximizing Manufacturer Assistance

SaveonSP – How it works

Manufacturer assistance dollars often count against the customers out-of-pocket spend – meaning the customer can reach their maximum spend quickly and sometimes without ever contributing a cent. With SaveonSP, certain specialty medications, filled through Accredo, are no longer counted against the customer deductible and out-of-pocket maximums. In addition, the customer copay is adjusted to match the maximum monthly amount allowed by the manufacturer. This means the customer's out of pocket is zero and our clients pay less for specialty medications.

SaveonSP targets 75+ specialty drugs in several categories including:

- Multiple Sclerosis
- Oncology
- Hepatitis C
- Rheumatoid Arthritis
- Inflammatory bowel disease
- Psoriasis

Before SaveonSP for $10,000 specialty drug*			
Manufacturer Assistance	Customer copay	Amount applied to deductable and out of pocket costs	Plan Costs
$245	$5	$250	$9750

After SaveonSP for $10,000 specialty drug*			
Manufacturer Assistance	Customer copay	Amount applied to deductable and out of pocket costs	Plan Costs
$1000	$0	$0	$9000

1. Drug Companies Fight Generics with Coupons, Howard Wolinsky, 6/11/2016. https://www.modernhealthcare.com/article/20160611/MAGAZINE/306119980. 2. SaveonSP copay to be offset by copay assistance, resulting in $0 member cost. Program cost is 25% of the maximized savings – limited drug list and client restrictions apply. Client opt in, must have Exclusive Specialty with zero grace fills, excludes: Insured clients, HSA plans (IRS guidance for first dollar coverage), Private exchange plans, EGWP, IFP, IFP Indemnity plans, and grandfathered plans, standalone pharmacy clients and global.* Example for illustrative purposes only. Actual plan designs and coverage will vary.

Product availability may vary by location and plan type and is subject to change. All group health insurance policies and health benefit plans contain exclusions and limitations. For costs and details of coverage, review your plan documents or contact a Cigna representative. All Cigna products and services are provided exclusively by or through operating subsidiaries of Cigna Corporation, including Cigna Health and Life Insurance Company (CHLIC), Accredo Health Group, Inc., Express Scripts, Inc., and HMO or service company subsidiaries of Cigna Health Corporation. "Accredo" refers to Accredo Health Group, Inc. Policy forms: OK - HP-APP-1 et al., OR - HP-POL38 02-13, TN - HP-POL43/HC-CER1V1 et al. (CHLIC).

CITY OF FORT LAUDERDALE
GENERAL CONDITIONS

These instructions and conditions are standard for all contracts for commodities or services issued through the City of Fort Lauderdale Procurement Services Division. The City may delete, supersede, or modify any of these standard instructions for a particular contract by indicating such change in the Invitation to Bid (ITB) Special Conditions, Technical Specifications, Instructions, Proposal Pages, Addenda, and Legal Advertisement. In this general conditions document, Invitation to Bid (ITB), Request for Qualifications (RFQ), and Request for Proposal (RFP) are interchangeable.

PART I BIDDER PROPOSAL PAGE(S) CONDITIONS:

1.01 **BIDDER ADDRESS**: The City maintains automated vendor address lists that have been generated for each specific Commodity Class item through our bid issuing service, BidSync. Notices of Invitations to Bid (ITB'S) are sent by e-mail to the selection of bidders who have fully registered with BidSync or faxed (if applicable) to every vendor on those lists, who may then view the bid documents online. Bidders who have been informed of a bid's availability in any other manner are responsible for registering with BidSync in order to view the bid documents. There is no fee for doing so. If you wish bid notifications be provided to another e-mail address or fax, please contact BidSync. If you wish purchase orders sent to a different address, please so indicate in your bid response. If you wish payments sent to a different address, please so indicate on your invoice.

1.02 **DELIVERY:** Time will be of the essence for any orders placed as a result of this ITB. The City reserves the right to cancel any orders, or part thereof, without obligation if delivery is not made in accordance with the schedule specified by the Bidder and accepted by the City.

1.03 **PACKING SLIPS:** It will be the responsibility of the awarded Contractor, to attach all packing slips to the OUTSIDE of each shipment. Packing slips must provide a detailed description of what is to be received and reference the City of Fort Lauderdale purchase order number that is associated with the shipment. Failure to provide a detailed packing slip attached to the outside of shipment may result in refusal of shipment at Contractor's expense.

1.04 **PAYMENT TERMS AND CASH DISCOUNTS:** Payment terms, unless otherwise stated in this ITB, will be considered to be net 45 days after the date of satisfactory delivery at the place of acceptance and receipt of correct invoice at the office specified, whichever occurs last. Bidder may offer cash discounts for prompt payment but they will not be considered in determination of award. If a Bidder offers a discount, it is understood that the discount time will be computed from the date of satisfactory delivery, at the place of acceptance, and receipt of correct invoice, at the office specified, whichever occurs last**.**

1.05 **TOTAL BID DISCOUNT:** If Bidder offers a discount for award of all items listed in the bid, such discount shall be deducted from the total of the firm net unit prices bid and shall be considered in tabulation and award of bid**.**

1.06 **BIDS FIRM FOR ACCEPTANCE:** Bidder warrants, by virtue of bidding, that the bid and the prices quoted in the bid will be firm for acceptance by the City for a period of one hundred twenty (120) days from the date of bid opening unless otherwise stated in the ITB**.**

1.07 **VARIANCES:** For purposes of bid evaluation, Bidder's must indicate any variances, no matter how slight, from ITB General Conditions, Special Conditions, Specifications or Addenda in the space provided in the ITB. No variations or exceptions by a Bidder will be considered or deemed a part of the bid submitted unless such variances or exceptions are listed in the bid and referenced in the space provided on the bidder proposal pages. If variances are not stated, or referenced as required, it will be assumed that the product or service fully complies with the City's terms, conditions, and specifications**.**

By receiving a bid, City does not necessarily accept any variances contained in the bid. All variances submitted are subject to review and approval by the City. If any bid contains material variances that, in the City's sole opinion, make that bid conditional in nature, the City reserves the right to reject the bid or part of the bid that is declared by the City as conditional.

1.08 **NO BIDS:** If you do not intend to bid please indicate the reason, such as insufficient time to respond, do not offer product or service, unable to meet specifications, schedule would not permit, or any other reason, in the space provided in this ITB. Failure to bid or return no bid comments prior to the bid due and opening date and time, indicated in this ITB, may result in your firm being deleted from our Bidder's registration list for the Commodity Class Item requested in this ITB.

1.09 **MINORITY AND WOMEN BUSINESS ENTERPRISE PARTICIPATION AND BUSINESS DEFINITIONS:** The City of Fort Lauderdale wants to increase the participation of Minority Business Enterprises (MBE), Women Business Enterprises (WBE), and Small Business Enterprises (SBE) in its procurement activities. If your firm qualifies in accordance with the below definitions please indicate in the space provided in this ITB.

Minority Business Enterprise (MBE) "A Minority Business" is a business enterprise that is owned or controlled by one or more socially or economically disadvantaged persons. Such disadvantage may arise from cultural, racial, chronic economic circumstances or background or other similar cause. Such persons include, but are not limited to: Blacks, Hispanics, Asian Americans, and Native Americans.

The term "Minority Business Enterprise" means a business at least 51 percent of which is owned by minority group members or, in the case of a publicly owned business, at least 51 percent of the stock of which is owned by minority group members. For the purpose of the preceding sentence, minority group members are citizens of the United States who include, but are not limited to: Blacks, Hispanics, Asian Americans, and Native Americans.

Women Business Enterprise (WBE) a "Women Owned or Controlled Business" is a business enterprise at least 51 percent of which is owned by females or, in the case of a publicly owned business, at least 51 percent of the stock of which is owned by females.

Small Business Enterprise (SBE) "Small Business" means a corporation, partnership, sole proprietorship, or other legal entity formed for the purpose of making a profit, which is independently owned and operated, has either fewer than 100 employees or less than $1,000,000 in annual gross receipts.

BLACK, which includes persons having origins in any of the Black racial groups of Africa.

WHITE, which includes persons whose origins are Anglo-Saxon and Europeans and persons of Indo-European decent including Pakistani and East Indian.
HISPANIC, which includes persons of Mexican, Puerto Rican, Cuban, Central and South American, or other Spanish culture or origin, regardless of race.
NATIVE AMERICAN, which includes persons whose origins are American Indians, Eskimos, Aleuts, or Native Hawaiians.
ASIAN AMERICAN, which includes persons having origin in any of the original peoples of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands.

1.10 MINORITY-WOMEN BUSINESS ENTERPRISE PARTICIPATION

It is the desire of the City of Fort Lauderdale to increase the participation of minority (MBE) and women-owned (WBE) businesses in its contracting and procurement programs. While the City does not have any preference or set aside programs in place, it is committed to a policy of equitable participation for these firms. Proposers are requested to include in their proposals a narrative describing their past accomplishments and intended actions in this area. If proposers are considering minority or women owned enterprise participation in their proposal, those firms, and their specific duties have to be identified in the proposal. If a proposer is considered for award, he or she will be asked to meet with City staff so that the intended MBE/WBE participation can be formalized and included in the subsequent contract.

1.11 SCRUTINIZED COMPANIES

As to any contract for goods or services of $1 million or more and as to the renewal of any contract for goods or services of $1 million or more, subject to *Odebrecht Construction, Inc., v. Prasad*, 876 F.Supp.2d 1305 (S.D. Fla. 2012), *affirmed*, *Odebrecht Construction, Inc., v. Secretary, Florida Department of Transportation*, 715 F.3d 1268 (11th Cir. 2013), with regard to the "Cuba Amendment," the Contractor certifies that it is not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, and that it does not have business operations in Cuba or Syria, as provided in section 287.135, Florida Statutes (2019), as may be amended or revised. As to any contract for goods or services of any amount and as to the renewal of any contract for goods or services of any amount, the Contractor certifies that it is not on the Scrutinized Companies that Boycott Israel List created pursuant to Section 215.4725, Florida Statutes (2019), and that it is not engaged in a boycott of Israel. The City may terminate this Agreement at the City's option if the Contractor is found to have submitted a false certification as provided under subsection (5) of section 287.135, Florida Statutes (2019), as may be amended or revised, or been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List or the Scrutinized Companies that Boycott Israel List created pursuant to Section 215.4725, Florida Statutes (2019), or is engaged in a boycott of Israel, or has been engaged in business operations in Cuba or Syria, as defined in Section 287.135, Florida Statutes (2019), as may be amended or revised.

1.12 DEBARRED OR SUSPENDED BIDDERS OR PROPOSERS

The bidder or proposer certifies, by submission of a response to this solicitation, that neither it nor its principals and subcontractors are presently debarred or suspended by any Federal department or agency.

Part II DEFINITIONS/ORDER OF PRECEDENCE:

2.01 BIDDING DEFINITIONS The City will use the following definitions in its general conditions, special conditions, technical specifications, instructions to bidders, addenda and any other document used in the bidding process:

INVITATION TO BID (ITB) The solicitation document used for soliciting competitive sealed bids for goods or services.
INVITATION TO NEGOTIATE (ITN) All solicitation documents, regardless of medium, whether attached to or incorporated by reference in solicitations for responses from firms that invite proposals from interested and qualified firms so the city may enter into negotiations with the firm(s) determined most capable of providing the required goods or services.
REQUEST FOR PROPOSALS (RFP) A solicitation method used for soliciting competitive sealed proposals to determine the best value among proposals for goods or services for which price may not be the prevailing factor in award of the contract, or the scope of work, specifications or contract terms and conditions may be difficult to define. Such solicitation will consider the qualifications of the proposers along with evaluation of each proposal using identified and generally weighted evaluation criteria. RFPs may include price criteria whenever feasible, at the discretion of the city.
REQUEST FOR QUALIFICATIONS (RFQ) A solicitation method used for requesting statements of qualifications in order to determine the most qualified proposer for professional services.
BID – a price and terms quote received in response to an ITB.
PROPOSAL – a proposal received in response to an RFP.
BIDDER – Person or firm submitting a Bid.
PROPOSER – Person or firm submitting a Proposal.
RESPONSIVE BIDDER – A firm who has submitted a bid, offer, quote, or response which conforms in all material respects to the competitive solicitation document and all of its requirements.
RESPONSIBLE BIDDER – A firm who is fully capable of meeting all requirements of the solicitation and subsequent contract. The respondent must possess the full capability, including financial and technical, ability, business judgment, experience, qualifications, facilities, equipment, integrity, capability, and reliability, in all respects to perform fully the contract requirements and assure good faith performance as determined by the city.
FIRST RANKED PROPOSER – That Proposer, responding to a City RFP, whose Proposal is deemed by the City, the most advantageous to the City after applying the evaluation criteria contained in the RFP.
SELLER – Successful Bidder or Proposer who is awarded a Purchase Order or Contract to provide goods or services to the City.
CONTRACTOR – Any firm having a contract with the city. Also referred to as a "Vendor".
CONTRACT – All types of agreements, including purchase orders, for procurement of supplies, services, and construction, regardless of what these agreements may be called.
CONSULTANT – A firm providing professional services for the city.

2.02 **SPECIAL CONDITIONS:** Any and all Special Conditions contained in this ITB that may be in variance or conflict with these General Conditions shall have precedence over these General Conditions. If no changes or deletions to General Conditions are made in the Special Conditions, then the General Conditions shall prevail in their entirety,

PART III BIDDING AND AWARD PROCEDURES:

3.01 **SUBMISSION AND RECEIPT OF BIDS:** To receive consideration, bids must be received prior to the bid opening date and time. Unless otherwise specified, Bidders should use the proposal forms provided by the City. These forms may be duplicated, but failure to use the forms may cause the bid to be rejected. Any erasures or corrections on the bid must be made in ink and initialed by Bidder in ink. All information submitted by the Bidder shall be printed, typewritten or filled in with pen and ink. Bids shall be signed in ink. Separate bids must be submitted for each ITB issued by the City in separate sealed envelopes properly marked. When a particular ITB or RFP requires multiple copies of bids or proposals they may be included in a single envelope or package properly sealed and identified. Only send bids via facsimile transmission (FAX) if the ITB specifically states that bids sent via FAX will be considered. If such a statement is not included in the ITB, bids sent via FAX will be rejected. Bids will be publicly opened in the Procurement Office, or other designated area, in the presence of Bidders, the public, and City staff. Bidders and the public are invited and encouraged to attend bid openings. Bids will be tabulated and made available for review by Bidder's and the public in accordance with applicable regulations.

3.02 **MODEL NUMBER CORRECTIONS:** If the model number for the make specified in this ITB is incorrect, or no longer available and replaced with an updated model with new specifications, the Bidder shall enter the correct model number on the bidder proposal page. In the case of an updated model with new specifications, Bidder shall provide adequate information to allow the City to determine if the model bid meets the City's requirements.

3.03 **PRICES QUOTED:** Deduct trade discounts, and quote firm net prices. Give both unit price and extended total. In the case of a discrepancy in computing the amount of the bid, the unit price quoted will govern. All prices quoted shall be F.O.B. destination, freight prepaid (Bidder pays and bears freight charges, Bidder owns goods in transit and files any claims), unless otherwise stated in Special Conditions. Each item must be bid separately. No attempt shall be made to tie any item or items contained in the ITB with any other business with the City.

3.04 **TAXES:** The City of Fort Lauderdale is exempt from Federal Excise and Florida Sales taxes on direct purchase of tangible property. Exemption **number for EIN is 59-6000319, and State Sales tax exemption number is 85-8013875578C-1.**

3.05 **WARRANTIES OF USAGE:** Any quantities listed in this ITB as estimated or projected are provided for tabulation and information purposes only. No warranty or guarantee of quantities is given or implied. It is understood that the Contractor will furnish the City's needs as they arise.

3.06 **APPROVED EQUAL:** When the technical specifications call for a brand name, manufacturer, make, model, or vendor catalog number with acceptance of APPROVED EQUAL, it shall be for the purpose of establishing a level of quality and features desired and acceptable to the City. In such cases, the City will be receptive to any unit that would be considered by qualified City personnel as an approved equal. In that the specified make and model represent a level of quality and features desired by the City, the Bidder must state clearly in the bid any variance from those specifications. It is the Bidder's responsibility to provide adequate information, in the bid, to enable the City to ensure that the bid meets the required criteria. If adequate information is not submitted with the bid, it may be rejected. The City will be the sole judge in determining if the item bid qualifies as an approved equal.

3.07 **MINIMUM AND MANDATORY TECHNICAL SPECIFICATIONS:** The technical specifications may include items that are considered minimum, mandatory, or required. If any Bidder is unable to meet or exceed these items, and feels that the technical specifications are overly restrictive, the bidder must notify the Procurement Services Division immediately. Such notification must be received by the Procurement Services Division prior to the deadline contained in the ITB, for questions of a material nature, or prior to five (5) days before bid due and open date, whichever occurs first. If no such notification is received prior to that deadline, the City will consider the technical specifications to be acceptable to all bidders.

3.08 **MISTAKES:** Bidders are cautioned to examine all terms, conditions, specifications, drawings, exhibits, addenda, delivery instructions and special conditions pertaining to the ITB. Failure of the Bidder to examine all pertinent documents shall not entitle the bidder to any relief from the conditions imposed in the contract.

3.09 **SAMPLES AND DEMONSTRATIONS:** Samples or inspection of product may be requested to determine suitability. Unless otherwise specified in Special Conditions, samples shall be requested after the date of bid opening, and if requested should be received by the City within seven (7) working days of request. Samples, when requested, must be furnished free of expense to the City and if not used in testing or destroyed, will upon request of the Bidder, be returned within thirty (30) days of bid award at Bidder's expense. When required, the City may request full demonstrations of units prior to award. When such demonstrations are requested, the Bidder shall respond promptly and arrange a demonstration at a convenient location. Failure to provide samples or demonstrations as specified by the City may result in rejection of a bid.

3.10 **LIFE CYCLE COSTING**: If so specified in the ITB, the City may elect to evaluate equipment proposed on the basis of total cost of ownership. In using Life Cycle Costing, factors such as the following may be considered: estimated useful life, maintenance costs, cost of supplies, labor intensity, energy usage, environmental impact, and residual value. The City reserves the right to use those or other applicable criteria, in its sole opinion that will most accurately estimate total cost of use and ownership.

3.11 **BIDDING ITEMS WITH RECYCLED CONTENT:** In addressing environmental concerns, the City of Fort Lauderdale encourages Bidders to submit bids or alternate bids containing items with recycled content. When submitting bids containing items with recycled content, Bidder shall provide documentation adequate for the City to verify the recycled content. The City prefers packaging consisting of materials that are degradable or able to be recycled. When specifically stated in the ITB, the City may give preference to bids containing items manufactured with recycled material or packaging that is able to be recycled.

3.12 **USE OF OTHER GOVERNMENTAL CONTRACTS:** The City reserves the right to reject any part or all of any bids received and utilize other available governmental contracts, if such action is in its best interest.

3.13 **QUALIFICATIONS/INSPECTION:** Bids will only be considered from firms normally engaged in providing the types of commodities/services specified herein. The City reserves the right to inspect the Bidder's facilities, equipment, personnel, and organization at any time, or to take any other action necessary to determine Bidder's ability to perform. The Procurement Director reserves the right to reject bids where evidence or evaluation is determined to indicate inability to perform.

3.14 **BID SURETY:** If Special Conditions require a bid security, it shall be submitted in the amount stated. A bid security can be in the form of a bid bond or cashier's check. Bid security will be returned to the unsuccessful bidders as soon as practicable after opening of bids. Bid security will be returned to the successful bidder after acceptance of the performance bond, if required; acceptance of insurance coverage, if required; and full execution of contract documents, if required; or conditions as stated in Special Conditions.

3.15 **PUBLIC RECORDS/TRADE SECRETS/COPYRIGHT:** The Proposer's response to the RFP is a public record pursuant to Florida law, which is subject to disclosure by the City under the State of Florida Public Records Law, Florida Statutes Chapter 119.07 ("Public Records Law"). The City shall permit public access to all documents, papers, letters or other material submitted in connection with this RFP and the Contract to be executed for this RFP, subject to the provisions of Chapter 119.07 of the Florida Statutes.

Any language contained in the Proposer's response to the RFP purporting to require confidentiality of any portion of the Proposer's response to the RFP, except to the extent that certain information is in the City's opinion a Trade Secret pursuant to Florida law, shall be void. If a Proposer submits any documents or other information to the City which the Proposer claims is Trade Secret information and exempt from Florida Statutes Chapter 119.07 ("Public Records Laws"), the Proposer shall clearly designate that it is a Trade Secret and that it is asserting that the document or information is exempt. The Proposer must specifically identify the exemption being claimed under Florida Statutes 119.07. The City shall be the final arbiter of whether any information contained in the Proposer's response to the RFP constitutes a Trade Secret. The city's determination of whether an exemption applies shall be final, and the proposer agrees to defend, indemnify, and hold harmless the City and the City's officers, employees, and agents, against any loss or damages incurred by any person or entity as a result of the City's treatment of records as public records. In addition, the proposer agrees to defend, indemnify, and hold harmless the City and the City's officers, employees, and agents, against any loss or damages incurred by any person or entity as a result of the City's treatment of records as exempt from disclosure or confidential. Proposals bearing copyright symbols or otherwise purporting to be subject to copyright protection in full or in part may be rejected. The proposer authorizes the City to publish, copy, and reproduce any and all documents submitted to the City bearing copyright symbols or otherwise purporting to be subject to copyright protection.

EXCEPT FOR CLEARLY MARKED PORTIONS THAT ARE BONA FIDE TRADE SECRETS PURSUANT TO FLORIDA LAW, DO NOT MARK YOUR RESPONSE TO THE RFP AS PROPRIETARY OR CONFIDENTIAL. DO NOT MARK YOUR RESPONSE TO THE RFP OR ANY PART THEREOF AS COPYRIGHTED.

3.16 **PROHIBITION OF INTEREST:** No contract will be awarded to a bidding firm who has City elected officials, officers or employees affiliated with it, unless the bidding firm has fully complied with current Florida State Statutes and City Ordinances relating to this issue. Bidders must disclose any such affiliation. Failure to disclose any such affiliation will result in disqualification of the Bidder and removal of the Bidder from the City's bidder lists and prohibition from engaging in any business with the City.

3.17 **RESERVATIONS FOR AWARD AND REJECTION OF BIDS:** The City reserves the right to accept or reject any or all bids, part of bids, and to waive minor irregularities or variations to specifications contained in bids, and minor irregularities in the bidding process. The City also reserves the right to award the contract on a split order basis, lump sum basis, individual item basis, or such combination as shall best serve the interest of the City. The City reserves the right to make an award to the responsive and responsible bidder whose product or service meets the terms, conditions, and specifications of the ITB and whose bid is considered to best serve the City's interest. In determining the responsiveness of the offer and the responsibility of the Bidder, the following shall be considered when applicable: the ability, capacity and skill of the Bidder to perform as required; whether the Bidder can perform promptly, or within the time specified, without delay or interference; the character, integrity, reputation, judgment, experience and efficiency of the Bidder; the quality of past performance by the Bidder; the previous and existing compliance by the Bidder with related laws and ordinances; the sufficiency of the Bidder's financial resources; the availability, quality and adaptability of the Bidder's supplies or services to the required use; the ability of the Bidder to provide future maintenance, service or parts; the number and scope of conditions attached to the bid.

If the ITB provides for a contract trial period, the City reserves the right, in the event the selected bidder does not perform satisfactorily, to award a trial period to the next ranked bidder or to award a contract to the next ranked bidder, if that bidder has successfully provided services to the City in the past. This procedure to continue until a bidder is selected or the contract is re-bid, at the sole option of the City.

3.18 **LEGAL REQUIREMENTS:** Applicable provisions of all federal, state, county laws, and local ordinances, rules and regulations, shall govern development, submittal and evaluation of all bids received in response hereto and shall govern any and all claims and disputes which may arise between person(s) submitting a bid response hereto and the City by and through its officers, employees and authorized representatives, or any other person, natural or otherwise; and lack of knowledge by any bidder shall not constitute a cognizable defense against the legal effect thereof.

3.19 **BID PROTEST PROCEDURE:** Any proposer or bidder who is not recommended for award of a contract and who alleges a failure by the city to follow the city's procurement ordinance or any applicable law may protest to the chief procurement officer, by delivering a letter of protest to the director of finance within five (5) days after a notice of intent to award is posted on the city's web site at the following url: https://www.fortlauderdale.gov/departments/finance/procurement-services/notices-of-intent-to-award

The complete protest ordinance may be found on the city's web site at the following url: https://library.municode.com/fl/fort_lauderdale/codes/code_of_ordinances?nodeid=coor_ch2ad_artvfi_div2pr_s2-182direpr

PART IV BONDS AND INSURANCE

4.01 **PERFORMANCE BOND:** If a performance bond is required in Special Conditions, the Contractor shall within fifteen (15) working days after notification of award, furnish to the City a Performance Bond, payable to the City of Fort Lauderdale, Florida, in the face amount specified in Special Conditions as surety for faithful

performance under the terms and conditions of the contract. If the bond is on an annual coverage basis, renewal for each succeeding year shall be submitted to the City thirty (30) days prior to the termination date of the existing Performance Bond. The Performance Bond must be executed by a surety company of recognized standing, authorized to do business in the State of Florida and having a resident agent.

Acknowledgement and agreement is given by both parties that the amount herein set for the Performance Bond is not intended to be nor shall be deemed to be in the nature of liquidated damages nor is it intended to limit the liability of the Contractor to the City in the event of a material breach of this Agreement by the Contractor.

4.02 **INSURANCE:** The Contractor shall assume full responsibility and expense to obtain all necessary insurance as required by City or specified in Special Conditions.

The Contractor shall provide to the Procurement Services Division original certificates of coverage and receive notification of approval of those certificates by the City's Risk Manager prior to engaging in any activities under this contract. The Contractor's insurance is subject to the approval of the City's Risk Manager. The certificates must list the City as an ADDITIONAL INSURED for General Liability Insurance and shall have no less than thirty (30) days written notice of cancellation or material change. Further modification of the insurance requirements may be made at the sole discretion of the City's Risk Manager if circumstances change or adequate protection of the City is not presented. Bidder, by submitting the bid, agrees to abide by such modifications.

PART V PURCHASE ORDER AND CONTRACT TERMS:

5.01 **COMPLIANCE WITH SPECIFICATIONS, LATE DELIVERIES/PENALTIES:** Items offered may be tested for compliance with bid specifications. Items delivered which do not conform to bid specifications may be rejected and returned at Contractor's expense. Any violation resulting in contract termination for cause or delivery of items not conforming to specifications, or late delivery may also result in:

- Bidder's name being removed from the City's bidder's mailing list for a specified period and Bidder will not be recommended for any award during that period.
- All City Departments being advised to refrain from doing business with the Bidder.
- All other remedies in law or equity.

5.02 **ACCEPTANCE, CONDITION, AND PACKAGING:** The material delivered in response to ITB award shall remain the property of the Seller until a physical inspection is made and the material accepted to the satisfaction of the City. The material must comply fully with the terms of the ITB, be of the required quality, new, and the latest model. All containers shall be suitable for storage and shipment by common carrier, and all prices shall include standard commercial packaging. The City will not accept substitutes of any kind. Any substitutes or material not meeting specifications will be returned at the Bidder's expense. Payment will be made only after City receipt and acceptance of materials or services.

5.03 **SAFETY STANDARDS:** All manufactured items and fabricated assemblies shall comply with applicable requirements of the Occupation Safety and Health Act of 1970 as amended.

5.04 **ASBESTOS STATEMENT:** All material supplied must be 100% asbestos free. Bidder, by virtue of bidding, certifies that if awarded any portion of the ITB the bidder will supply only material or equipment that is 100% asbestos free.

5.05 **OTHER GOVERNMENTAL ENTITIES:** If the Bidder is awarded a contract as a result of this ITB, the bidder may, if the bidder has sufficient capacity or quantities available, provide to other governmental agencies, so requesting, the products or services awarded in accordance with the terms and conditions of the ITB and resulting contract. Prices shall be F.O.B. delivered to the requesting agency.

5.06 **VERBAL INSTRUCTIONS PROCEDURE:** No negotiations, decisions, or actions shall be initiated or executed by the Contractor as a result of any discussions with any City employee. Only those communications which are in writing from an authorized City representative may be considered. Only written communications from Contractors, which are assigned by a person designated as authorized to bind the Contractor, will be recognized by the City as duly authorized expressions on behalf of Contractors.

5.07 **INDEPENDENT CONTRACTOR:** The Contractor is an independent contractor under this Agreement. Personal services provided by the Proposer shall be by employees of the Contractor and subject to supervision by the Contractor, and not as officers, employees, or agents of the City. Personnel policies, tax responsibilities, social security, health insurance, employee benefits, procurement policies unless otherwise stated in this ITB, and other similar administrative procedures applicable to services rendered under this contract shall be those of the Contractor.

5.08 **INDEMNITY/HOLD HARMLESS AGREEMENT:** Contractor shall protect and defend at Contractor's expense, counsel being subject to the City's approval, and indemnify and hold harmless the City and the City's officers, employees, volunteers, and agents from and against any and all losses, penalties, fines, damages, settlements, judgments, claims, costs, charges, expenses, or liabilities, including any award of attorney fees and any award of costs, in connection with or arising directly or indirectly out of any act or omission by the Contractor or by any officer, employee, agent, invitee, subcontractor, or sublicensee of the Contractor. Without limiting the foregoing, any and all such claims, suits, or other actions relating to personal injury, death, damage to property, defects in materials or workmanship, actual or alleged violations of any applicable statute, ordinance, administrative order, rule or regulation, or decree of any court shall be included in the indemnity hereunder.

5.09 **TERMINATION FOR CAUSE:** If, through any cause, the Contractor shall fail to fulfill in a timely and proper manner its obligations under this Agreement, or if the Contractor shall violate any of the provisions of this Agreement, the City may upon written notice to the Contractor terminate the right of the Contractor to proceed under this Agreement, or with such part or parts of the Agreement as to which there has been default, and may hold the Contractor liable for any damages caused to the City by reason of such default and termination. In the event of such termination, any completed services performed by the Contractor under this Agreement shall, at the option of the City, become the City's property and the Contractor shall be entitled to receive equitable compensation for any work completed to the satisfaction of

the City. The Contractor, however, shall not be relieved of liability to the City for damages sustained by the City by reason of any breach of the Agreement by the Contractor, and the City may withhold any payments to the Contractor for the purpose of setoff until such time as the amount of damages due to the City from the Contractor can be determined.

5.10 **TERMINATION FOR CONVENIENCE:** The City reserves the right, in the City's best interest as determined by the City, to cancel any contract by giving written notice to the Contractor thirty (30) days prior to the effective date of such cancellation.

5.11 **CANCELLATION FOR UNAPPROPRIATED FUNDS:** The obligation of the City for payment to a Contractor is limited to the availability of funds appropriated in a current fiscal period, and continuation of the contract into a subsequent fiscal period is subject to appropriation of funds, unless otherwise authorized by law.

5.12 **RECORDS/AUDIT:** The Contractor shall maintain during the term of the contract all books of account, reports and records in accordance with generally accepted accounting practices and standards for records directly related to this contract. The Contractor agrees to make available to the City Auditor or the City Auditor's designee, during normal business hours and in Broward, Miami-Dade or Palm Beach Counties, all books of account, reports, and records relating to this contract. The Contractor shall retain all books of account, reports, and records relating to this contract for the duration of the contract and for three years after the final payment under this Agreement, until all pending audits, investigations or litigation matters relating to the contract are closed, or until expiration of the records retention period prescribed by Florida law or the records retention schedules adopted by the Division of Library and Information Services of the Florida Department of State, whichever is later.

5.13 **PERMITS, TAXES, LICENSES:** The successful Contractor shall, at his/her/its own expense, obtain all necessary permits, pay all licenses, fees and taxes, required to comply with all local ordinances, state and federal laws, rules and regulations applicable to business to be carried out under this contract.

5.14 **LAWS/ORDINANCES:** The Contractor shall observe and comply with all Federal, state, local and municipal laws, ordinances rules and regulations that would apply to this contract.

NON-DISCRIMINATION: The Contractor shall not, in any of its activities, including employment, discriminate against any individual on the basis of race, color, national origin, age, religion, creed, sex, disability, sexual orientation, gender, gender identity, gender expression, marital status, or any other protected classification as defined by applicable law.

1. The Contractor certifies and represents that the Contractor will comply with Section 2-187, Code of Ordinances of the City of Fort Lauderdale, Florida, (2019), as may be amended or revised, ("Section 2-187"), during the entire term of this Agreement.
2. The failure of the Contractor to comply with Section 2-187 shall be deemed to be a material breach of this Agreement, entitling the City to pursue any remedy stated below or any remedy provided under applicable law.
3. The City may terminate this Agreement if the Contractor fails to comply with Section 2-187.
4. The City may retain all monies due or to become due until the Contractor complies with Section 2-187.
5. The Contractor may be subject to debarment or suspension proceedings. Such proceedings will be consistent with the procedures in section 2-183 of the Code of Ordinances of the City of Fort Lauderdale, Florida.

5.15 **UNUSUAL CIRCUMSTANCES:** If during a contract term where costs to the City are to remain firm or adjustments are restricted by a percentage or CPI cap, unusual circumstances that could not have been foreseen by either party of the contract occur, and those circumstances significantly affect the Contractor's cost in providing the required prior items or services, then the Contractor may request adjustments to the costs to the City to reflect the changed circumstances. The circumstances must be beyond the control of the Contractor, and the requested adjustments must be fully documented. The City may, after examination, refuse to accept the adjusted costs if they are not properly documented, increases are considered to be excessive, or decreases are considered to be insufficient. In the event the City does not wish to accept the adjusted costs and the matter cannot be resolved to the satisfaction of the City, the City will reserve the following options:

1. The contract can be canceled by the City upon giving thirty (30) days written notice to the Contractor with no penalty to the City or Contractor. The Contractor shall fill all City requirements submitted to the Contractor until the termination date contained in the notice.

2. The City requires the Contractor to continue to provide the items and services at the firm fixed (non-adjusted) cost until the termination of the contract term then in effect.

3. If the City, in its interest and in its sole opinion, determines that the Contractor in a capricious manner attempted to use this section of the contract to relieve Contractor of a legitimate obligation under the contract, and no unusual circumstances had occurred, the City reserves the right to take any and all action under law or equity. Such action shall include, but not be limited to, declaring the Contractor in default and disqualifying Contractor from receiving any business from the City for a stated period of time.

If the City does agree to adjusted costs, these adjusted costs shall not be invoiced to the City until the Contractor receives notice in writing signed by a person authorized to bind the City in such matters.

5.16 **ELIGIBILITY:** If applicable, the Contractor must first register with the Florida Department of State in accordance with Florida Statutes, prior to entering into a contract with the City.

5.17 **PATENTS AND ROYALTIES:** The Contractor, without exception, shall defend, indemnify, and hold harmless the City and the City's employees, officers, employees, volunteers, and agents from and against liability of any nature and kind, including cost and expenses for or on account of any copyrighted, patented or un-patented invention, process, or article manufactured or used in the performance of the contract, including their use by the City. If the Contractor uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the bid prices shall include any and all royalties or costs arising from the use of such design, device, or materials in any way involved in the work.

5.18 **ASSIGNMENT:** Contractor shall not transfer or assign the performance required by this ITB without the prior written consent of the City. Any award issued pursuant to this ITB, and the monies, which may become due hereunder, are not assignable except with the prior written approval of the City Commission or the City Manager or City Manager's designee, depending on original award approval.

5.19 **GOVERNING LAW; VENUE:** The Contract shall be governed by and construed in accordance with the laws of the State of Florida. Venue for any lawsuit by either party against the other party or otherwise arising out of the Contract, and for any other legal proceeding, shall be in the courts in and for Broward County, Florida, or in the event of federal jurisdiction, in the Southern District of Florida.

5.20 **PUBLIC RECORDS:**

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT PRRCONTRACT@FORTLAUDERDALE.GOV, 954-828-5002, CITY CLERK'S OFFICE, 100 N. ANDREWS AVENUE, FORT LAUDERDALE, FLORIDA 33301.

Contractor shall comply with public records laws, and Contractor shall:

1. Keep and maintain public records required by the City to perform the service.

2. Upon request from the City's custodian of public records, provide the City with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes (2019), as may be amended or revised, or as otherwise provided by law.

3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the City.

4. Upon completion of the Contract, transfer, at no cost, to the City all public records in possession of the Contractor or keep and maintain public records required by the City to perform the service. If the Contractor transfers all public records to the City upon completion of the Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.

NON-COLLUSION STATEMENT:

By signing this offer, the vendor/contractor certifies that this offer is made independently and *free* from collusion. Vendor shall disclose below any City of Fort Lauderdale, FL officer or employee, or any relative of any such officer or employee who is an officer or director of, or has a material interest in, the vendor's business, who is in a position to influence this procurement.

Any City of Fort Lauderdale, FL officer or employee who has any input into the writing of specifications or requirements, solicitation of offers, decision to award, evaluation of offers, or any other activity pertinent to this procurement is presumed, for purposes hereof, to be in a position to influence this procurement.

For purposes hereof, a person has a material interest if they directly or indirectly own more than 5 percent of the total assets or capital stock of any business entity, or if they otherwise stand to personally gain if the contract is awarded to this vendor.

In accordance with City of Fort Lauderdale, FL Policy and Standards Manual, 6.10.8.3,

> 3.3. City employees may not contract with the City through any corporation or business entity in which they or their immediate family members hold a controlling financial interest (e.g. ownership of five (5) percent or more).
>
> 3.4. Immediate family members (spouse, parents and children) are also prohibited from contracting with the City subject to the same general rules.

Failure of a vendor to disclose any relationship described herein shall be reason for debarment in accordance with the provisions of the City Procurement Code.

NAME	RELATIONSHIPS

In the event the vendor does not indicate any names, the City shall interpret this to mean that the vendor has indicated that no such relationships exist.

CONTRACT PAYMENT METHOD

The City of Fort Lauderdale has implemented a Procurement Card (P-Card) program which changes how payments are remitted to its vendors. The City has transitioned from traditional paper checks to credit card payments via MasterCard or Visa as part of this program.

This allows you as a vendor of the City of Fort Lauderdale to receive your payments fast and safely. No more waiting for checks to be printed and mailed.

In accordance with the contract, payments on this contract will be made utilizing the City's P-Card (MasterCard or Visa). Accordingly, bidders must presently have the ability to accept these credit cards or take whatever steps necessary to implement acceptance of a card before the start of the contract term, or contract award by the City.

All costs associated with the Contractor's participation in this purchasing program shall be borne by the Contractor. The City reserves the right to revise this program as necessary.

By signing below you agree with these terms.

Please indicate which credit card payment you prefer:

- ☐ MasterCard
- ☐ Visa

ADDENDUM NO. 4

RFP No. 12698-525
Single Source Third Party Administrator, Pharmacy & Employee Assistance

ISSUED: June 17, 2022

This addendum is being issued to make the following changes:

1. Section V – SUBMITTAL REQUIREMENTS, 5.11 through 5.28 are hereby revised as follows. In the revised section, words in strike-through type are deletions from text; words in bold underline are additions to existing text:

5.11 Provider Directories
Proposers must provide a copy of the proposed provider network directories. ~~on USB flash drive or approved alternative.~~
Label the directories Response to Section ~~5.12~~ **5.11** and include in Tab VII of the proposal.

5.12 Prescription Drug Formulary
Proposers must provide a copy of their current drug formulary. In addition, proposers must complete the attached form (Attachment 11), **highly utilized, high cost medications**, included in Section 8 of this document, indicating your company's formulary tier for each medication and noting if prior authorization of step therapy is required. Label this Response to section ~~5.13~~ **5.12** and include in Tab VII of the proposal.

5.13 Questionnaire
Proposers must respond to the questionnaire (see Attachment 13). These responses must be placed in Tab IV of the proposal.

5.14 Grievance and Appeal Process
Proposers must provide a description of the grievance and appeal procedure to be conducted on behalf of the City's health plan. Label this information Response to Section ~~5.15~~ **5.14** and include in Tab VII of the proposal.

5.15 Audited Financial Statement and/or Annual Report
Proposers must furnish their most recent independently audited financial statement and/or 2021 Annual Report (or most current). Label this Response to Section ~~5.16~~ **5.15** and include in Tab VII of the proposal.

City of Fort Lauderdale • Procurement Services Division
100 N. Andrews Avenue, 619 • Fort Lauderdale, Florida 33301
954-828-5933 Fax 954-828-5576
purchase@fortlauderdale.gov

5.16 Service Organization Controls

The Proposer shall provide a current SSAE 19, SOC 2, Type I report with their proposal. Awarded Proposer will be required to provide an SSAE 19, SOC 2, Type II report annually during the term of this contract. If the Proposer cannot provide the SSAE 19, SOC 2, Type I report at the time of proposal submittal, a current SOC 3 report will be accepted.

5.17 Incorporation/Licensing

Proposers must provide proof of State of Incorporation and State in which licensed. Label this information Response to ~~5.18~~ **5.17** and include in Tab VII of the proposal.

5.18 Authorization to Provide Services

Proposers must provide certification from the appropriate State offices that the firm is authorized to provide the services contracted in this proposal. Label this information Response to Section ~~5.19~~ **5.18** and include in Tab VII of the proposal.

5.19 References

Proposers must provide a list of current group TPA clients including three (3) government entities with more than 1,000 covered employees (preferably with as many or more employees that the City of Fort Lauderdale). In addition, provide references for two (2) EAP clients. Also include references for two (2) accounts that have terminated services within the past 24 months. Include names of persons and phone numbers who may be contacted for references. A reference form (Attachment 6) is included in Section 8 of this document. The completed form(s) should be placed in Tab VI of the proposal.

5.20 Information Regarding the Company

In order to evaluate the ability of the Proposer to perform the services requested, information about each firm must be provided to determine the firm's ability to meet
all of the requirements as stated in this RFP. Provide a brief summary of the corporate/company history of the firm which should include the number of years the firm has administered self-funded group health plans in Florida (minimum of five (5) years required). Label this response to ~~5.21~~ **5.20** and include in Tab VII of the proposal.

5.21 Statement of Minimum Qualification

Proposer must provide documentation of minimum qualifications as outlined in Section 2.17 (Minimum Qualifications of Proposer) of this document. Label this information Response to Section ~~5.22~~ **5.21** in Tab VII of the proposal.

City of Fort Lauderdale • Procurement Services Division
100 N. Andrews Avenue, 619 • Fort Lauderdale, Florida 33301
954-828-5933 Fax 954-828-5576
purchase@fortlauderdale.gov

5.22 Proposal ASO & PBM Agreement

Proposer must include any and all proposed sample agreements, that may be requested to be executed by the City under the proposed plans, or your RFP response may be deemed non-responsive. Label this information Response to Section ~~5.23~~ **5.22** and include proposed contract in Tab VII of the proposal.

5.23 Additional Agreements

Proposers must include a sample of any additional administrative agreements they may require (A proposed banking agreement is attached in Exhibit 9). Any provisions contained in the agreements that conflict with the City's requirements and/or the response to the RFP will be deemed null and void. Label this Response to Section ~~5.24~~ **5.23** and include in Tab VII of the proposal.

5.24 Service Performance Guarantees

Proposers must agree to the service performance agreement allowing for liquidated damages for non-conformance to identified standards and the details for this agreement including liquidated damages as noted in Section 4.12. Provide the company's understanding and acceptance of these terms, label this Response to Section ~~5.25~~ **5.24** and include in Tab VII of the proposal.

5.25 Utilization Review

Provide a brief description of each utilization review component outlined below. This should include a description of services, an explanation of how they work, time frame, and turn-around time. If the UR program does not include one of the components, please
provide a statement to this effect.

A. Pre-admission authorization
B. Continued stay review
C. Retrospective utilization review
D. Discharge planning
E. Outpatient utilization review
F. Medical case management
G. Psychiatry/substance abuse review
H. Diagnostic X-ray and lab/advanced imaging authorizations
I. Surgical procedure authorization
J. Physical Therapy medical necessity determination

Label this information Response to Section ~~5.26~~ **5.25** and include on Tab VII of the proposal.

City of Fort Lauderdale • Procurement Services Division
100 N. Andrews Avenue, 619 • Fort Lauderdale, Florida 33301
954-828-5933 Fax 954-828-5576
purchase@fortlauderdale.gov

5.26 Disease Management/Health Promotion

Proposer must provide a description of all disease management programs that will be offered as part of this proposal and any associated costs for this program. This information should include:

- Specific services and interventions of the program
- Staffing resources as well as frequency and availability of these services
- Description of the approach to managing each of these disease states
- Description of the enrollment process for the disease management program
- Descriptions of any incentives your company uses to encourage participation in the programs
- Description of the type and frequency of reporting the company uses to track, analyze, and assess disease management program cost savings

Label this information Response to Section ~~5.27~~ **5.26** and include in Tab VII of the proposal.

5.27 Organ Transplants, Alternative Medicines

Proposer must provide a description of current practices regarding organ transplants, alternative medicines, investigative drugs, new medical devices and procedures. Include a list of the Company's Centers of Excellence that describes the procedures available at each Center. Also, provide information about the experimental procedures that will not be covered. Label this Response to Section ~~5.28~~ **5.27** and include in Tab VII of the proposal.

5.28 Acknowledgement of Compliance or Non-Compliance

Provide a summary of any RFP specifications, requirement, terms, conditions, and provisions that the Proposer will not conform to. This summary should include a justification and an alternative to the Section(s) that are not acceptable. If the proposal is being submitted is in compliance with all RFP specifications, requirements, terms, conditions, and provisions the Proposer should acknowledge compliance to all Sections. Label this Response to Section ~~5.29~~ **5.28** and include in Tab V of the proposal.

Question and Answers for Bid #12698-525 - Single Source Third Party Administrator, Pharmacy & Employee Assistance

Overall Bid Questions

Question 1

Page 24 of the RFP Section 5.12 Prescription Drug Formulary states to use the following attachments to process the Formulary Disruption - Attachment 11 High Cost Medications and Attachment 12 Highly Utilized Medications. Can you please provide revised files that also contain the following information: National Drug Code (NDC), Member ID/Member Number (Optional) (Mandatory for member impact) , Tier Code (Optional) (Mandatory for tier analysis) **(Submitted: Jun 3, 2022 1:38:22 PM EDT)**

Answer

- Attachment 14 has been added through an addendum. The attachment includes NDC information. Member identification numbers will not be provided. **(Answered: Jun 7, 2022 10:50:04 AM EDT)**

Question 2

Please confirm if the Exhibit 1 Census includes retirees and the COBRA employee. If the Exhibit 1 Census does not include retirees, please provide a census of or with retirees. **(Submitted: Jun 6, 2022 11:08:23 PM EDT)**

Answer

- The Exhibit 1 Census includes all employees, active with and without coverage, retirees and COBRA participants. **(Answered: Jun 7, 2022 10:59:47 AM EDT)**

Question 3

Please confirm that bids are net of commission. **(Submitted: Jun 9, 2022 10:33:49 AM EDT)**

Answer

- Confirmed. **(Answered: Jun 9, 2022 3:52:34 PM EDT)**

Question 4

Please provide Exhibit B referenced in the ASO PBM agreement (attachment 7.1). **(Submitted: Jun 9, 2022 10:44:47 AM EDT)**

Answer

- For a copy of Exhibit B noted in Exhibit 7.1, Contractors Response to RFP, dated June 2, 2016, please email a Public Records Request to cabrown@fortlauderdale.gov at the City Clerk's Office. **(Answered: Jun 9, 2022 3:52:34 PM EDT)**

Question 5

Does the City still use the Choicelinx benefit enrollment system or just Selerix? **(Submitted: Jun 9, 2022 10:48:03 AM EDT)**

Answer

- The City only uses Selerix. **(Answered: Jun 9, 2022 3:52:34 PM EDT)**

Question 6

Please confirm if the HMO plans require a national network of in-network medical providers. **(Submitted: Jun 9, 2022 10:57:06 AM EDT)**

Answer

- Confirmed. The City currently utilizes a national network of in-network providers for all three plans and will require the same. **(Answered: Jun 9, 2022 3:52:34 PM EDT)**

Question 7

Can you please provide at least 12 months of pharmacy data with the following data elements:

• Fill Date
• NDC
• Quantity Dispensed
• Days Supply
• NABP/NPI (Pharmacy Identifier)
• Retail/Mail Flag
• Brand/Generic Indicator
• Tier Indicator (needs to be 1,2,3 etc. – not just Y/N) **(Submitted: Jun 10, 2022 9:21:46 AM EDT)**

Answer

- The City does not have this information, but has requested it from the current provider. The answer will be updated once the information is received. **(Answered: Jun 14, 2022 8:01:15 AM EDT)**

- Please refer to Attachment 15. **(Answered: Jun 15, 2022 7:53:44 AM EDT)**

Question 8

For the EAP program, can you please provide an annual utilization report for the last 3 years? **(Submitted: Jun 13, 2022 10:35:01 AM EDT)**

Answer

- The City does not have this information, but has requested it from the current provider. The answer will be updated once the information is received. **(Answered: Jun 14, 2022 8:01:15 AM EDT)**

- Please refer to Attachments 16, 17 and 18. **(Answered: Jun 15, 2022 7:53:44 AM EDT)**

Question 9

Can you provide some detail on the current duties of Cigna onsite employee? Is the requested onsite employee meant to replace this person? **(Submitted: Jun 13, 2022 10:36:00 AM EDT)**

Answer

- The Wellbeing Coordinator assists in planning health and wellness events, educates employees on wellness incentive, participates in new hire orientation with regards to wellness and activities, helps answer some plan questions from employees, conducts onsite training and informational sessions and helps coordinate annual health fair. **(Answered: Jun 14, 2022 8:00:35 AM EDT)**

Question 10

Can you please provide an updated disruption file that includes provider specialty? **(Submitted: Jun 13, 2022 2:55:21 PM EDT)**

Answer

- The City does not have this information, but has requested it from the current provider. The answer will be updated once the information is received. **(Answered: Jun 14, 2022 8:01:15 AM EDT)**

Question 11

Please provide the last 3 years of annual reviews for the Medical & Rx, EAP, Dental, Vision, Life and HSA/FSA administration so we can see the reporting that you are accustomed to as well as they will allow us the ability to analyze trends for bid solution recommendations. **(Submitted: Jun 14, 2022 9:58:29 AM EDT)**

Answer

- Please refer to Attachments 20 through 22. Only medical, Rx and EAP are being provided. Dental, Vision, Life and FSA are handled by other vendors and are not up for bidding. **(Answered: Jun 16, 2022 11:12:16 AM EDT)**

Question 12

Please provide the following reports (none to contain PHI):
1. Cigna Monthly Health Care Detailed Expense Report for 2021
2. Cigna Disruption Report Including Billed Charges for 2021
3. Monthly Payments to Cigna for Behavioral Health Capitation for 2021 **(Submitted: Jun 14, 2022 9:59:02 AM EDT)**

Answer

- 1. Report is not available.
2. Please refer to Attachment 5, Utilized Providers CoFL
3. Report is not available. **(Answered: Jun 17, 2022 9:30:46 AM EDT)**

Question 13

Please provide the current 2022 Stop Loss agreement including the current ISL level in place today **(Submitted: Jun 14, 2022 9:59:18 AM EDT)**

Answer

- Please refer to Attachment 23. **(Answered: Jun 16, 2022 11:14:32 AM EDT)**

Question 14

Please provide the current 2022 Pharmacy agreement including discount and rebate guarantees in place today **(Submitted: Jun 14, 2022 9:59:33 AM EDT)**

Answer

- Please refer to Attachment 24. **(Answered: Jun 16, 2022 11:14:32 AM EDT)**

Question 15

Does the City currently use a wellness vendor? If so, who is the vendor for the wellness platform? **(Submitted: Jun 14, 2022 10:55:22 AM EDT)**

Answer

- The City currently utilizes MotivateMe for the Wellness Incentive Program. This platform is provided through the current medical vendor, Cigna. **(Answered: Jun 16, 2022 12:53:17 PM EDT)**

Question 16

Under Section 5.2.1, Tab VII, you request the following:

Other information and Documentation. In addition to forms included in this RFP (see Section 8), provide an executed and notarized Certification of Accuracy of the claims re-pricing for that you are providing to the Gehring Group

We did not see a claims repricing file included with the RFP. Can you please confirm that a claims repricing is required and if so, please let us know which attachment it is or please provide us the data file. **(Submitted: Jun 14, 2022 4:27:01 PM EDT)**

Answer

- The City has engaged with Gallagher Consulting, to conduct the re-pricing analysis of the proposed networks and pharmacy claims. If in fact you consider this re-pricing information to be a Trade Secret, and treated as confidential information under Florida sunshine rules, the file should be labeled Trade Secrets. Our actuary does not have a specific form to utilize. **(Answered: Jun 16, 2022 12:53:17 PM EDT)**

Question 17

1. In Section 5.2.1 (Tab VII), you ask us to include an executed and notarized Certification of Accuracy of the claims re-pricing for that you are providing to the Gehring Group. However, a claims repricing exercise has not been included with the RFP. Can you confirm we would not need to provide this certification? **(Submitted: Jun 14, 2022 4:44:22 PM EDT)**

Answer

- The Proposer would need to provide repricing. Our analyst does not have a specific form or set-up that is required. The City has engaged with Gallagher Consulting, to conduct the re-pricing analysis of the proposed networks and pharmacy claims. If in fact you consider this re-pricing information to be a Trade Secret, and treated as confidential information under Florida sunshine rules, the file should be labeled Trade Secrets. Our actuary does not have a specific form to utilize. **(Answered: Jun 17, 2022 9:30:46 AM EDT)**

Question 18

2. Can you confirm the "Contract Payment Method" form references in Section VII is not applicable, since you mentioned that payment would be rendered by check in Section 2.9. If it is applicable, can you provide the form? **(Submitted: Jun 14, 2022 4:45:28 PM EDT)**

Answer

- Payment method is P-Card. The City of Fort Lauderdale has implemented a Procurement Card (P-Card) program which changes how payments are remitted to its vendors. The City has transitioned from traditional paper checks to payment by credit card via MasterCard or Visa. This allows you as a vendor of the City of Fort Lauderdale to receive your payment fast and safely. No more waiting for checks to be printed and mailed. Payments will be made utilizing the City's P-Card (MasterCard or Visa). Accordingly, firms must presently have the ability to accept credit card payment or take whatever steps necessary to implement acceptance of a credit card before the commencement of a contract. See Contract Payment Method form attached. **(Answered: Jun 16, 2022 12:53:17 PM EDT)**

Question 19

3. Would the City like to see an EAP GEO access report? If so, please provide desired parameters. **(Submitted: Jun 14, 2022 4:54:51 PM EDT)**

Answer

- The City does not require one for the EAP. **(Answered: Jun 16, 2022 12:53:17 PM EDT)**

Question 20

4. Can you please provide the following documents in their native excel format?:
a. Attachment 5 - Specific Provider Network.pdf
b. Attachment 11 - High Cost Medications.pdf
c. Attachment 12 - Highly Utilized Medications.pdf
d. Exhibit 1 Census.pdf **(Submitted: Jun 14, 2022 4:56:26 PM EDT)**

Answer

- All documents listed in the question have been converted to Excel format. **(Answered: Jun 16, 2022 12:53:17 PM EDT)**

Question 21

5. There are several documents included on bidsync (listed below) that are indicated as "pending acceptance" (rather than "note viewed").. Can you confirm if these documents are, or are not, required as part of our submission?:
a. General Conditions - Rev 2-2020
b. Non Collusion Statement 05-2020
c. Questionnaire
d. 3 Non-Discrimination Certification Form 01 29 2019
e. E-Verify Affirmation Statement.9-15-2020 **(Submitted: Jun 14, 2022 4:57:05 PM EDT)**

Answer

- The documents should be reviewed, filled out (if applicable) and accepted in BidSync. **(Answered: Jun 15, 2022 8:24:59 AM EDT)**

Question 22

6. In Section 5.2 you have a requirement that the proposal should be limited to 100 combined pages in one pdf file. We anticipate the full proposal will exceed that, based on the extent of the questionnaire, Geos Access, Disruption and other required items. Would the City like us to still combine everything into one pdf, or just include the basic proposal items in the pdf and exclude the items in Tab III, Tab IV and the non-form items in Tab VII), (but provide the as separate files? **(Submitted: Jun 14, 2022 4:57:53 PM EDT)**

Answer

- Ideally, the City would like no more than 100 pages, but understand that with all the documents and exhibits that are being attached there will be more than 100 pages. The submittal should be in just one file in PDF form. **(Answered: Jun 16, 2022 12:53:17 PM EDT)**

Question 23

7. We need clarity on which drugs are administered through the City of Fort Lauderdale onsite clinic and at what copay level. We also need to know if bidders would be expected to run the clinic pharmacy claims through our claims system? **(Submitted: Jun 14, 2022 4:58:53 PM EDT)**

Answer

- The selected proposer would not be expected to run the clinic pharmacy through claims. Marathon Health administers the drugs from the clinic. There are several drugs that are free of charge. Any prescription that is not provided free in the center, the Wellness staff would write a prescription or call it into the local pharmacy and that would be put through the insurance. **(Answered: Jun 16, 2022 12:53:17 PM EDT)**

Question 24

8. Please advise the Medical ASO fee for the Cigna? **(Submitted: Jun 14, 2022 5:50:11 PM EDT)**

Answer

- Please refer to Attachment 19. **(Answered: Jun 16, 2022 12:53:17 PM EDT)**

Question 25

9. Please advise what services are paid via the claims wire? Capitation? **(Submitted: Jun 14, 2022 5:50:23 PM EDT)**

Answer

- Increasing the imprest amount for claim payments. Monthly invoices are paid via P-Card. **(Answered: Jun 16, 2022 12:53:17 PM EDT)**

Question 26

We have reviewed Attachment 15 and noticed that quantity dispensed was missing. Can you please request this information? **(Submitted: Jun 15, 2022 10:27:03 AM EDT)**

Answer

- For the Rx Table tab, please refer to column "D". For the Medical SRx tab, please refer to column "E". **(Answered: Jun 16, 2022 3:26:32 PM EDT)**

Question 27

Attachment 11 - High Cost Medications is not listed in Section VII of the RFP. Do you want the proposer to include it in Tab VII of the proposal along with Attachment 12? **(Submitted: Jun 15, 2022 3:05:37 PM EDT)**

Answer

- Yes, Tab VII can house this information. **(Answered: Jun 16, 2022 2:52:16 PM EDT)**

Question 28

Please confirm that Attachment 14 - Rx with NDC replaces Attachment 11 - High Cost Medications & Attachment 12 - Highly Utilized Medications **(Submitted: Jun 15, 2022 3:05:56 PM EDT)**

Answer

- Attachment 14 should be used in conjunction with Attachment 11 & 12. There was a vendor question requesting for quantity and NDC number, which was provided. **(Answered: Jun 16, 2022 2:52:16 PM EDT)**

Question 29

Please confirm the City would like Attachment 14 - Rx with NDC to be placed in Tab VII and labeled Response to Section 5.12 **(Submitted: Jun 15, 2022 3:06:14 PM EDT)**

Answer

- Attachment 14 - Rx with NDC was an updated report as per a request through the vendor Q/A. The original reports that are preferred to be used are Attachments 11 and 12. Tab VII is the correct place. **(Answered: Jun 16, 2022 2:52:16 PM EDT)**

Question 30

Please provide the following forms in an editable format:
• Non-Collusion Statement (Word)
• Exhibit 1 – Employee census (Excel)
• General Conditions - Rev 2-2020 (Word)
• Attachments 1-13
• RFP ASO PMB EAP 2022_FINAL (Word) **(Submitted: Jun 15, 2022 3:06:41 PM EDT)**

Answer

- Several attachments and exhibits have been converted through an Addendum for sorting purposes. Documents such as Non-Collusion Statement, General Conditions and RFP ASO PMB EAP 2022_FINAL will not be converted at this time. **(Answered: Jun 16, 2022 2:52:16 PM EDT)**

Question 31

Unable to locate Contract Payment Method – Administrative Fees Only document which is referenced in Section VII of the RFP. Please provide. **(Submitted: Jun 15, 2022 3:07:03 PM EDT)**

Answer

- Please refer to the document titled Contract Payment Method P-Card Form 06-27-19, which was added 6/16/22 through an Addendum. **(Answered: Jun 16, 2022 2:52:16 PM EDT)**

Question 32

Unable to find a reference to these web link documents. Please clarify & provide in an editable format (Word) if required for submission.
• Non-Discrimination Certification Form
• E-Verify Affirmation Statement
• Questionnaire
• Non Collusion Statement 05-2020
• General Conditions - Rev 2-2020 **(Submitted: Jun 15, 2022 3:07:31 PM EDT)**

Answer

- The documents listed in the Question 32 will not be converted at this time. If there are issues downloading the weblinks, please contact Periscope/BidSync at 800-990-9339 for assistance. **(Answered: Jun 16, 2022 2:52:16 PM EDT)**

Question 33

Section 5.11 states to provide the Provider Directories on a USB. Is it acceptable to upload to Bidsync per RFP submission instructions instead? **(Submitted: Jun 15, 2022 3:07:52 PM EDT)**

Answer

- Yes, the USB language has been removed through Addendum 4. **(Answered: Jun 16, 2022 2:52:16 PM EDT)**

Question 34

Confirm the following labeling discrepancies:
• Confirm Provider Directories should be labeled Response to Section 5.11, not 5.12.
• Confirm Grievance and Appeal Process should be labeled Response to Section 5.14, not 5.15.
• Confirm Audited Financial Statement and/or Annual Report should be labeled Response to Section 5.15, not 5.16.
• Confirm Incorporation/Licensing should be labeled Response to Section 5.17, not 5.18.
• Confirm Authorization to Provide Services should be labeled Response to Section 5.18, not 5.19.
• Confirm Information Regarding the Company should be labeled Response to Section 5.20, not 5.21.
• Confirm Statement of Minimum Qualification should be labeled Response to Section 5.21, not 5.22.

• Confirm the Minimum Qualifications referenced in Section 5.21, should be Section 2.16, not 2.17.
• Confirm Service Performance Guarantees should be labeled Response to Section 5.24, not 5.25.
• Confirm Utilization Review should be labeled Response to Section 5.25, not 5.26.
• Confirm Disease Management/Health Promotion should be labeled Response to Section 5.26, not 5.27.
• Confirm Organ Transplants, Alternative Medicines should be labeled Response to Section 5.27, not 5.28.
• Confirm Acknowledgement of Compliance or Non-Compliance should be labeled Response to Section 5.28, not 5.29.
• Confirm the Minimum Qualifications referenced in Attachment 9, should be Section 2.16, not Section 6.
(Submitted: Jun 15, 2022 3:08:27 PM EDT)

Answer

- Confirmed. The section numbers have been updated on Addendum 4. **(Answered: Jun 17, 2022 9:24:47 AM EDT)**

Question 35

Section 5.2.1 references "provide an executed and notarized Certification of Accuracy of the claims re-pricing for that you are providing to the Gehring Group". A claims re-pricing file was not found in Bidsynce. Please provide. Also, please provide the requested Certification of Accuracy form **(Submitted: Jun 15, 2022 3:08:53 PM EDT)**

Answer

- There is not a standardized form for this. The form for re-pricing can be in any format chosen; however, it must be included along with a certification. **(Answered: Jun 16, 2022 3:18:38 PM EDT)**

Question 36

5.10.2 Specific Provider Network states Attachment 5 "contains two lists of providers currently utilized by City members, one list for PCPs and one for specialists." Please provide this file with the 2 lists in Excel. **(Submitted: Jun 15, 2022 3:09:18 PM EDT)**

Answer

- Attachment 5 has been converted to Excel format through an Addendum. **(Answered: Jun 16, 2022 3:18:38 PM EDT)**

Question 37

For Attachment 5 - Specific Provider Network please provide the provider specialty for each provider listed as well as the Par or Non-Par status. **(Submitted: Jun 15, 2022 3:09:50 PM EDT)**

Answer

- Please refer to revised Attachment 5, Utilized Providers CoFL **(Answered: Jun 17, 2022 9:30:46 AM EDT)**

Question 38

Per Section 5.5, the proposer must submit a signed copy of the addendum and acknowledge it on Attachment 7. Will you be providing a formal addendum 1 for the release of the Attachment 14 - Rx with NDC file? If not, how would you like the proposer to acknowledge receipt of Attachment 14 and subsequent attachments? **(Submitted: Jun 15, 2022 3:10:25 PM EDT)**

Answer

- Yes, the Addendum forms have been uploaded. **(Answered: Jun 17, 2022 9:24:47 AM EDT)**

Question 39

RFP, Section III, 3.1: How many MD's and/or DO's are employed by Marathon Health, Inc. and working in the City

of Ft. Lauderdale Health and Wellness Center? **(Submitted: Jun 15, 2022 3:10:46 PM EDT)**

Answer

- There will be one (1) MD effective 7/5/2022. There is also a registered Dietician, a board-certified physician assistant, a nurse practitioner and three (3) medical assistants. **(Answered: Jun 16, 2022 3:18:38 PM EDT)**

Question 40

Answer

- No. **(Answered: Jun 16, 2022 3:18:38 PM EDT)**

Question 41

Questionnaire, pg. 14, #59. d. - please explain what types of services are being coordinated in this statement- Coordination of programs for outreach, wellness and other health services. **(Submitted: Jun 15, 2022 3:11:32 PM EDT)**

Answer

- This includes, but not limited to, educational sessions, flu shots, COVID shots, visits to other worksites for biometrics, and other coordinated services for the employees of the City. **(Answered: Jun 16, 2022 3:18:38 PM EDT)**

Question 42

Questionnaire, pg. 19, #83- please describe how your non-management wellness program differs from your management program? **(Submitted: Jun 15, 2022 3:11:58 PM EDT)**

Answer

- They are the same. Same requirement and same incentive. **(Answered: Jun 16, 2022 3:18:38 PM EDT)**

Question 43

Does City of Fort Lauderdale currently have a wellness fund? What is the dollar amount and how are the dollars currently being used? **(Submitted: Jun 15, 2022 3:12:14 PM EDT)**

Answer

- Yes. The total fund balance is approximately $310,961.00. The funds are used for, but not limited to, breakfast and lunch-n-learns, other educational sessions, health fairs, health equipment for our different sites, fitness trackers and other wellness products and services. **(Answered: Jun 16, 2022 3:18:38 PM EDT)**

Question 44

On the weblink Questionnaire Sheet, please clarify what the City means by The name of the qualifying agent for the firm and his position. **(Submitted: Jun 15, 2022 3:12:34 PM EDT)**

Answer

- The question is not applicable (N/A) for this project. **(Answered: Jun 16, 2022 3:18:38 PM EDT)**

Question 45

On the weblink Questionnaire Sheet, please clarify what the City is looking for regarding Certificate of

Competency Number of Qualifying Agent. **(Submitted: Jun 15, 2022 3:12:55 PM EDT)**

Answer

- The question is not applicable (N/A) for this project. **(Answered: Jun 16, 2022 3:18:38 PM EDT)**

Question 46

Please confirm that the proposer is to complete & submit the weblink Questionnaire Sheet. It appears that it is geared towards a building contractor contract as it speaks to inspections, subletting & equipment. **(Submitted: Jun 15, 2022 3:13:20 PM EDT)**

Answer

- Please fill out the questions that may be applicable to this project, such as company information. **(Answered: Jun 16, 2022 3:18:38 PM EDT)**

Question 47

Please confirm that the proposer is to complete & submit the weblink General Conditions as it references commodities and appears geared towards a building contractor (net unit prices, packing slips, minority-women owned businesses, model numbers, safety standards, asbestos, etc.). **(Submitted: Jun 15, 2022 3:13:55 PM EDT)**

Answer

- The General Conditions apply, although the City recognizes there are certain terms and conditions within the document that won't be applicable to this project. **(Answered: Jun 16, 2022 3:18:38 PM EDT)**

Question 48

5.10.3 Geo-Access Report, please make the following clarifications:
• Primary Care
o is defined as Adult only (GP, IM, FP) or All PCP (GP, IM, FP, Ped, OBGYN)?
o Access standard 2 providers within 10 miles?
• Specialists – Access standard 2 providers within 5 miles?
• Hospitals - Access standard 1 provider within 10 miles?
• Out of Area (South Florida) - Is this a separate report section? Meaning a report for South Florida only and a separate report for outside of South Florida. **(Submitted: Jun 15, 2022 3:14:34 PM EDT)**

Answer

- The City does not have set specific parameters. The intent is to identify existing network providers available for existing covered members from the proposing company. Listings of providers that have been utilized were also provided along with the census file with zip codes. The proposer can use both of those as references to build out the parameters for the Geo-Access report. Due to the City's retiree population, a report for outside of South Florida utilizing the zip codes found in the census file is needed. **(Answered: Jun 16, 2022 3:22:35 PM EDT)**

Question 49

5.2 Please confirm it is acceptable to the City if electronic copy is submitted in a zip file with folders for each Tab/Section, instead of a single pdf file. **(Submitted: Jun 15, 2022 3:15:28 PM EDT)**

Answer

- One PDF document is preferred. **(Answered: Jun 16, 2022 3:22:35 PM EDT)**

Question 50

Can PBM be submitted as a standalone proposal separate from the Medical, TPA provider or are you looking for an integrated product? **(Submitted: Jun 15, 2022 4:46:48 PM EDT)**

Answer

- No. As per the RFP, the City is seeking a single provider for TPA and PBM. **(Answered: Jun 16, 2022 12:29:24 PM EDT)**

Question 51

Please advise the following dates:
- Decision Date:
- Anticipated Finalist Presentation Date:
- Start Date: Is this a 3 year contract starting 1-1-2023? **(Submitted: Jun 15, 2022 4:50:33 PM EDT)**

Answer

- 1. Approximately August 16, 2022 for City Commission review/approval.
2. Approximately July 15, 2022.
3. Yes, a three-year contract that is expected to begin on 01/01/2023, with the option to renew the contract for an additional three (3) one-year periods. **(Answered: Jun 16, 2022 12:29:24 PM EDT)**

Question 52

Are you requesting an Open or Restrictive Formulary? Exclusive Specialty arrangement?? **(Submitted: Jun 15, 2022 4:55:28 PM EDT)**

Answer

- Open formulary. Currently, Cigna has a "SaveonSP" program that is utilized as well for specialty drugs. Please refer to Exhibit 16. **(Answered: Jun 16, 2022 12:29:24 PM EDT)**
