BACKGROUND

At the October 4, 2021, Historic Preservation Board (HPB) meeting, the Board made a motion to send a Communication to the City Commission requesting an amendment to the existing Historic Preservation ordinance to include the ability to designate a thematic historic district. Minutes are provided as **Exhibit 1**.

A Thematic Historic District recognizes a group of properties that are united together through a common theme, but are not located within a contiguous area. This designation type is different than a Historic District since all properties included within a Thematic Historic District do not need to be located within a contiguous boundary.

At its November 2, 2021, conference meeting the City Commission requested that staff prepare this amendment for consideration.

At the August 1, 2022, HPB meeting, the board reviewed the proposed text amendment to include thematic historic district in the historic preservation ordinance and requested a minor modification to the definition of a "Thematic Historic District." A motion was made stating that the HPB supports the proposed ordinance.

The proposed amendments to Section 47-24.11, Historic designation of landmarks, landmark site or buildings and certificate of appropriateness include the following:

- Modifications to review criteria for Certificates of Appropriateness including general criteria and criteria for new construction; and
