HOLIDAY LIGHT DISPLAY**

COMPANY PROFILE:

July 7, 2014

Founded in 2000, Randy's Holiday Lighting is a full service holiday decorating and lighting company providing decorations and lighting for country clubs, home owners associations and malls. Last year we served over 150 customers and had revenues of nearly \$800,000.

We are a small business with substantial experience in building, installing and servicing the proposed decorations and lighting.

Over the past 3 years we have begun to build many of our decorations in our 9,000 s.f. warehouse in Riviera Beach. We now have a full service welding shop for building many of our displays. We welcome you to come by and see our facility anytime.

At Randy's Holiday Lighting, we specialize in creating a unique, festive holiday decor that everyone will enjoy. We pride ourselves in customer service, giving special attention to every detail and maintaining those details throughout the holiday season. Good holiday decorating begins with professionals who take pride in giving you an enchanting, festive, but most of all a safe installation. If you hire us, you will have peace of mind, knowing that your holiday decorations will be taken care of from installation to take-down. Your satisfaction is guaranteed.

If any more information is needed please contact me at any time. Please contact me at my mobile number at 561-452-8766 or email at randy@randysholidaylighting.com.

Sincerely,

HOLIDAY LIGHT DISPLAY**

STATEMENT OF PROPOSED SERVICES:

- 1) Decorate 209 light posts (133 metal posts, 76 concrete posts) with 4' poinsettia and shooting star pole mount decorations (we will alternate every other). The pole mounts will be built in our shop, powder coated and lit with LED C-7 lights. The poinsettias will have 60 lights and the shooting stars will have 30. Triple star pole mounts can be substituted for the Poinsettias for the same price but you must use the same decoration for all years of the contract.
- 2) Light the trunk and fronds of 28 Medjool Palms along Las Olas Blvd with 37 sets of WARM WHITE LED mini lights, 25 fronds to be lit per tree (22 of them between Seabreeze Blvd. and Ft. Lauderdale Beach Blvd, 6 of them between Ft. Lauderdale Beach Blvd. and the beach located next to the Las Olas portal). *OPTION: You may choose either warm white, green or red lights for the trees. Our recommendation is warm white trunks and green fronds, a picture is attached for your reference.*
- 3) Install the sailboat display you had last year at the Las Olas portal. Brandano displays, your former contractor, has agreed to sell us the display. We will refurbish and install it. Although you had this decoration last year, which is fabulous, with all the added items, it will be much more festive in the Fort Lauderdale beach area!

Over the past 14 years we have had substantial experience installing and maintaining the above items (please refer to the reference page) and we can definitely handle this task for the city.

We have a welding shop at our 9,000 s.f. facility in Riviera Beach for building and refurbishing the displays. We can have all of these products built and/or refurbished in 90 days or less. In the event of damage to any of the displays we can repair them very quickly since we have all of the materials and equipment to make the repairs or build new displays.

We employ over 20 employees during our season and nearly half of them have worked with us for several years. We only hire those employees who are committed to the high quality work that we have become accustomed to producing at Randy's Holiday Lighting.

Installation of the product will take us about 10 days in total. We will first install the tree lighting because it can go up on the trees without powering them up (except for testing). This will be done in early October. During the first or second week of November we will install and test all of the pole mounts. Last, a few days prior to the November 21st deadline, we will install the sailboat display. Everything will be tested and ready to go for the lighting ceremony on November 25th. We will have staff on site for the lighting ceremony in case of any last minute snags.

RFP # 745-11452
HOLIDAY LIGHT DISPLAY**

ASSESSMENT OF THE CITY'S NEEDS

In our opinion the city already had a great iconic symbol in the fantastic sailboat display that was set up last year and we believe it should be used again. By simply adding the trunk and frond lighting to the surrounding 28 Medjool Palm Trees along Las Olas, it will bring a big pop to the entrance to the beach and it will simply be stunning.

As far as the AIA corridor down the beach, the poinsettia and shooting star pole mounts will add a bit of holiday flare without looking overdone or gaudy.

This is our assessment of the city's needs.

Sincerely,

Randy Gillman, President & Owner
