PUBLIC TRANSPORTATION TRANSPORTATION ADMINISTRATION

334.071 Legislative designation of transportation facilities.—

(1) Designation of a transportation facility contained in an act of the Legislature is for honorary or memorial purposes or to distinguish a particular facility, and unless specifically provided for, shall not be construed to require any action by a local government or private party regarding the changing of any street signs, mailing address, or 911 emergency telephone number system listing.

(2) The effect of such designations shall only be construed to require the placement of markers by the department at the termini or intersections specified for each highway segment or bridge designated, and as authority for the department to place other markers as appropriate for the transportation facility being designated.

(3) Erection of markers shall be contingent on the appropriate city or county commission passing a resolution in support of the particular honorary designation. If the bridge or road segment being designated is located in more than one city or county, resolutions supporting the designation must be passed by each affected local government prior to the erection of the markers.
