

MEMO TO THE CITY COMMISSION

TO: Honorable Mayor and Members of the Fort Lauderdale City Commission
FROM: Shaun Amarnani, Assistant City Attorney *SA*
DATE: March 18, 2026
SUBJECT: CAM 26-0288 – Substitution Agreement for Exhibit 2

Please see the attached Substitution Agreement (with redline included) that the Developer recently proposed to substitute for Exhibit 2 of this item. The newly proposed change were requested by Broward County.

The County's requested changes were primarily stylistic in nature. The only substantive change of note is found in Paragraph 7(c) of the Substitution Agreement. The agreement originally proposed did not provide a mechanism for the Developer to post a cash bond instead of a letter of credit. Paragraph 7(c) of the Substitution Agreement allows the Developer to post a cash bond.

In my legal opinion, posting a cash bond carries less legal risks than posting a letter of credit.

Staff and legal have no objections to the proposed Substitution Agreement and are requesting the Substitution Agreement replace the previously submitted Exhibit 2.

AGREEMENT FOR THE ISSUANCE OF BUILDING PERMITS PRIOR TO PLAT RECORDATION

This is an Agreement, made and entered into by and ~~between~~among: Broward County, a political subdivision of the state of Florida, hereinafter referred to as "County,"

and

CYPRESS PHASE I JV SPE LLC, a Delaware limited liability company, its successors and assigns, hereinafter referred to as "Developer,"

and

The City of Fort Lauderdale, a municipal corporation, created and existing under the laws of the state of Florida, hereinafter referred to as "City" (collectively referred to as the "Parties").

A. Developer is the owner of a certain parcel of land, described in Exhibit "A," attached hereto and known as a portion of the Cypress Plat, Plat No./Clerk's File No. 014-MP-25, hereinafter referred to as the "Plat," that was approved by the Board of County Commissioners ("Board") on January 22, 2026.

B. Developer is now desirous of obtaining building permits so that Developer may construct the "Improvements" set forth in Exhibit "B" within the boundaries of said Plat prior to recordation of the Plat.

C. Section 5-187 of the Broward County Land Development Code allows for the issuance of permits prior to plat recordation upon agreement of the developer, Broward County, and the affected unit of local government, setting forth specific conditions applicable to the issuance of such building permits and authorizes the County Administrator to approve such agreements.

D. Developer will be required to pay actual or estimated impact fees to County for the Improvements that Developer wishes to construct prior to issuance of the building permits.

E. This Agreement will facilitate the construction of the Improvements within the boundaries of the Plat by Developer during the time that preparation for the recordation of the Plat of the property is proceeding.

NOW, THEREFORE, in consideration of the mutual terms, conditions, and promises set forth herein, the Parties agree as follows:

1. The foregoing recitals are true and correct and form a material part of this Agreement upon which the Parties have relied.
2. County does not object to the issuance of building permits to Developer for construction of the Improvements within the boundaries of the Plat prior to the recordation of said Plat, subject to the following conditions to assure compliance with Chapter 5, Article IX, Broward County Code of Ordinances, the Broward County Land Development Code:
 - (a) No building permit shall be issued unless and until Developer documents payment of the impact fees that are due for construction of the Improvements, pursuant to the Land Development Code. Said impact fees may be estimated in those instances when County is unable to determine actual impact fees at the time of issuance of the building permits;
 - (b) No certificate of occupancy, which is complementary to the building permits, shall be issued unless and until Developer records the Plat, as approved by the Board, in the Official Records of Broward County;
 - (c) Should Developer fail to record the Plat approved by the Board ~~on~~ July 22, 2027, which is eighteen (18) months after the date of approval, any building permits that have been issued by either County or City shall be revoked and Developer agrees that any Improvements constructed pursuant to such permits shall be removed within three (3) months after expiration of the current Plat approval, unless the Plat is re-approved within three (3) months and recorded before expiration of the new approval. ~~County will~~ Developer shall be entitled to a refund of all impact fees paid for building permits where the Improvements are demolished; and

- (d) Conditions 2(b) and (c) will appear on the face of the building permits. However, failure of the permits to so indicate will not alter any terms of this Agreement or the right to enforce the terms of this Agreement.

Nothing in this Agreement will prejudice County's right to impose conditions on approval of the Plat covering the lands described herein that are required by County plat ordinances and regulations or are otherwise necessary to ensure the public health, safety, and welfare of the residents of Broward County.

3. If the property is located within a municipality, City agrees that any building permits issued for the construction of said Improvements will be issued in accordance with paragraph 2, and City reserves the right to evaluate Developer's application for building permits for compliance with all existing laws, ordinances, and regulations controlling the issuance of building permits for construction within City. The City further agrees that the security specified in paragraph 7 is acceptable and sufficient to cover (i) the costs of demolishing the building(s) in the event the ~~plat~~Plat is not recorded; (ii) the costs of removal and restoration of all work within the right-of-way in the event the ~~plat~~Plat is not recorded; and (iii) the installation of all infrastructure improvements necessary to support the buildings for which building permits are requested before ~~plat~~Plat recordation. The issuance of building permits will be at the discretion of City. If the property is located within the unincorporated area, County will issue building permits in accordance with paragraph 2 and reserves the right to evaluate Developer's application for building permits for compliance with all existing laws, ordinances, and regulations controlling the issuance of building permits for construction within the unincorporated area of Broward County.
4. Developer agrees not to occupy the Improvements unless and until a certificate of occupancy has been issued.
5. In those instances when estimated impact fees are paid, the impact fees will be adjusted at the time of Plat recordation, and any underpayment or overpayment will be taken into consideration.
6. Developer assumes the risks associated with constructing the Improvements prior to Plat recordation. The issuance of the building permits before Plat recordation will not be considered as a grant to Developer of any vested right whatsoever for the use, occupancy, or completion of the construction of Improvements within the boundaries of the Plat nor will County or City (if the property is in a city) be deemed estopped from enforcing the terms of this Agreement because of the issuance of the building permits or construction completed pursuant to such permits. Furthermore, if the presently approved Plat expires without the Plat being recorded, Developer will be required to meet all land development regulations in effect at the time the new plat is submitted and, in addition, said new plat will be subject to the concurrency determinations in effect at the time of submittal of the new plat.

7. Security—Letter of Credit.

- (a) Developer is obligated to maintain with County adequate security in the form of an irrevocable letter of credit in the amount of \$4,579,200.94, the form of which is acceptable to County, and that will guarantee Developer's removal and demolition of all Improvements in the event Developer fails to record the Plat within eighteen (18) months after the date of approval of the Plat by the Board.

~~(b)~~ (b) Letter of Credit.

- (1) In the event Developer defaults under the terms of this Agreement or the County receives notice that the security will be canceled by the issuing institution, County will be entitled to draw against the security for the amount set forth above, plus costs and interest as set out herein. If County draws against the security and the amount recovered is less than the amount due, County may maintain an action against Developer in a court of competent jurisdiction for the difference between any sums obtained and the amount due, plus costs and interest accrued from the due date at the rate of twelve (12) per cent per annum; or, at the option of County, County may record a document entitled "Notice of Lien," which will constitute a lien on the property described in Exhibit "A" in the amount stated above. To the extent that the failed security is attributable to an identified parcel or portion of the Plat, the Notice of Lien, as set forth above, will be recorded against and apply only to such parcel or portion of the Plat. The above provisions will control such lien, except that the provision regarding subordination of mortgages will not apply. Such lien may be foreclosed or otherwise enforced by County by action or suit in equity as for the foreclosure of a mortgage on real property.

- ~~(e2)~~ Developer shall ensure that the security remains valid and in full force and effect until Developer's obligations are fully satisfied. Expiration of the security prior to Developer's satisfaction of such obligations or notice to County that the security will expire or be canceled prior to Developer's satisfaction of all obligations hereunder, will constitute a default of this Agreement.

- ~~(d3)~~ In the event County determines that the security has been canceled or disaffirmed by the issuing institution, County may record a document entitled "Notice of Lien," that will constitute a lien on the property described in Exhibit "A" for the outstanding balance or stated portion thereof. To the extent that the disaffirmed security is attributable to an identified parcel or portion of the Plat, the Notice of Lien, as set forth above, will be recorded against and apply only to

such parcel or portion of the Plat. The above provisions will control such lien, except that the provision regarding subordination of mortgages will not apply. If Developer provides substitute security in a form acceptable to County, County shall release the lien.

- (e4) In the event County draws on the security in accordance with the provisions of this Agreement, Developer shall be responsible for County's reasonable costs incurred in drawing against the security.

[] (c) Cash Bond.

- (1) The Improvements shall be secured by cash, check (cashier's, certified, or registered), wire, or money order issued by (financial institution), in the amount of \$4,579,200.94, payable to the Broward County Board of County Commissioners. Developer may, at its option, later provide to the County a letter of credit acceptable to County, in like amount that will be substituted for the cash, check, or money order. If Developer provides a letter of credit, the provisions of Section 7(b) above will apply.

- (2) Upon recordation of the Plat, Developer shall notify the Broward County Housing and Urban Planning Division and County will have ninety (90) days to remit the security held by County to Developer, provided that County has not already effected a remittance to Developer because of the earlier substitution of a letter of credit. If the Plat is not recorded within eighteen (18) months after the date the Plat is approved by the Board, the County shall remit the security provided under this Agreement to the Developer within ninety (90) days after the Developer's demolition or removal of the Improvements.
