**Re: Public Participation Report for Riverbend Broward LP (“Applicant”)
Rezoning and Site Plan for Riverbend, Case No. R16060 and Case No. Z17001
(collectively “Application”)**

Dear Ms. Grant:

Pursuant to the City’s Unified Land Development Regulations (ULDR) Section 47-24.1.F.14 and 47-27.4, we are providing this letter to report the results of public participation meetings conducted for this Application.

1. **DRC notice.** Applicant provided 21-day notice of the DRC meetings by e-mail to the President of the following City-recognized association within 300-foot radius of the property:
 - Riverland Civic AssociationOther than the association listed above, there are no other City-recognized associations within 300-feet of the property.
2. **Meetings conducted.** A public participation meeting was conducted at least 30 days prior to the scheduled Planning and Zoning Board meeting which is scheduled for March 15, 2017 at 6.30pm. The public meeting was held at a regularly scheduled meeting of the Riverland Civic Association on December 5, 2016 at 7:30 p.m. at the Riverland Park (Community Center) located at 950 SW 27th Ave, Fort Lauderdale, FL 33312.
3. **Participants.** An attendance sheet was completed at the meeting and is attached to this report.
4. **Presentation materials.** The presentation materials presented at the public participation meeting consisted of a colored site plan and renderings of the buildings. Copies of the presentation materials are attached to this report.
5. **Summary of comments from the associations.** The comments received from the association included questions about the truck circulation and traffic. Applicant explained the property is currently approved for much greater intensity than the proposed development plan, and therefore, the projected traffic volumes are significantly less than the currently approved level of development. Some members of the association expressed concerns about FDOT’s plans to implement an exit for the express lanes behind some of the single family homes in Riverland. FDOT’s plans are not within Applicant’s control; however we again, pointed out the

significant decrease in traffic expected from a self-storage, warehouse/distribution development versus the approved office/commercial development.

We trust that this report satisfies the City's public participation requirements. In the event you require additional information, please do not hesitate to contact me.

Very truly yours,

Nectaria M. Chakas
