APPLICANT MUST INDICATE:

Provide a narrative indicating satisfaction of the following:

1. *The zoning district proposed is consistent with the City's Comprehensive Plan.*

The Property's land use designation is Employment Center which permits uses such as manufacturing/ product assembly along with a laboratory/research facility for both Sunshine Health Products, Inc. and Florida Laboratories, Inc. The proposed zoning designation of Commerce Center is specifically cited in the ULDR as the zoning district which is "consistent with and implements the employment center land use designation." See Sec. 47-10.2 Intent and purpose of Commerce Center District.

2. *Substantial changes in the character of development in or near the area under consideration supports the proposed rezoning.*

The subject parcel is surrounded by the following uses:

- North: Industrial Use (I) Budget Truck Rental/U-Haul
- South: Commercial Uses (B-1) La Quinta Hotel and Tire Plus Retail
- East: Industrial Use (I) Subway Restaurant
- West: Airport Industrial Park (AIP) Vacant Parcel

To the North, East and West of the property, the area is zoned Industrial and Airport Industrial Park. Therefore, this rezone would allow the property to be zoned to a category which is more consistent with the character of development in or near the subject property. As noted above, the Commerce Center District is intended to specifically be consistent with and implement the Employment Center land designation. The current B-2 zoning designation allows uses that are "not" permitted in the Employment Center land use (such as retail uses). Therefore, there are uses which are clearly incompatible with the Employment Center land use designation. By rezoning the Property to Commerce Center, this will not only allow light manufacturing/research and assembly for Sunshine Health Products, Inc., but it will also allow the Property to be rezoned to a category that is more consistent and appropriate for the underlying land use designation of Employment Center.

3. *The character of the area proposed is suitable for the uses permitted in the proposed zoning district and is compatible with surrounding districts and uses.*

Prior to the 1996 Zoning Reform, the Property was zoned Limited Manufacturing and Industrial District (M-1 Broward County Zoning). The area in which this property is located is surrounded by a mixture of uses which include, truck rental, hotel, retail and restaurant. Employment Center is the dominant land use designation. In reviewing the zoning map, the property abuts I and AIP zoning districts to the North, East and West sides. The rezoning of this property from B-2 to CC would be more compatible and consistent with the surrounding zoning districts and uses.

All applicable provisions of ULDR Sec. 47-24.4. (Rezoning) shall be satisfied.

Additional property owners who wish to be included in the request, if applicable. Use additional sheets if necessary.
