ISOLATION

HOPELESSNESS

There is an urgent challenge facing our country:
Millions of deserving people—seniors, veterans, people with disabilities,
families with children, victims of disaster – in need of help to:

REVITALIZE THEIR COMMUNITIES

REBUILD THEIR LIVES

neighbors in need
live in the United States

By 2030, more than
ONE IN FIVE

Americans will be over the age of 65.

1.65 MILLION

health and economic implications
of living in unsafe and unstable homes

Who We Are

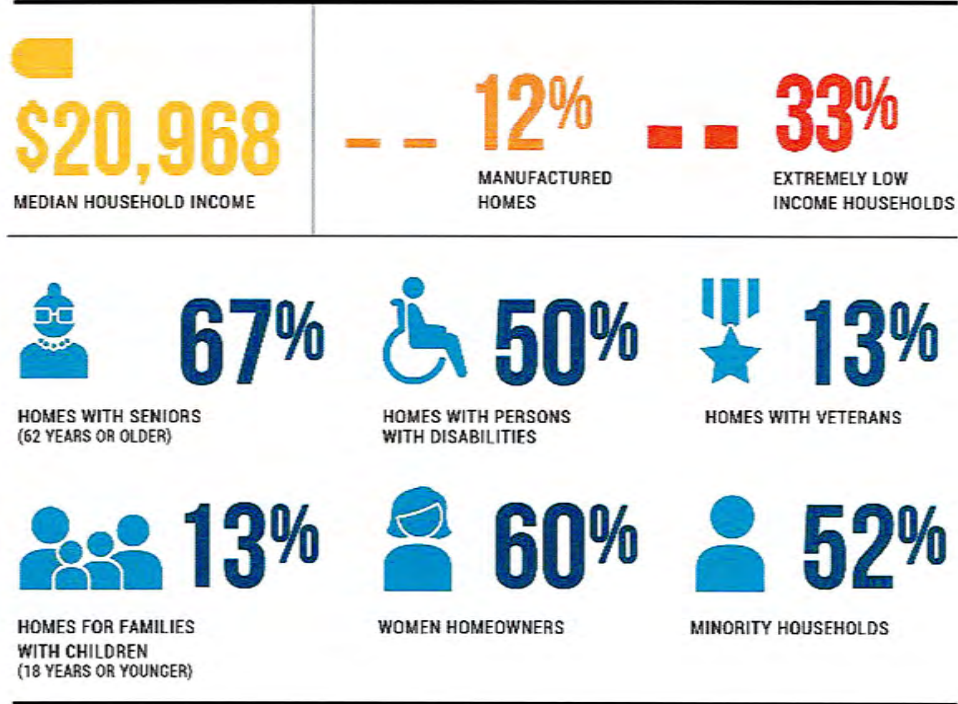

REBUILDING TOGETHER

is a leading national nonprofit that repairs homes, revitalizes communities, and rebuilds lives.

Who We Are:

Rebuilding Together is a leading national nonprofit active in safe and healthy housing.

Our more than 130 affiliates provide critical repairs to the homes of our neighbors and revitalize the communities in which we live.

Our Programs:

Repairing Homes:

- **Safe at Home - Aging in Place:** Provides the modifications and accessibility improvements that enable low-income elderly, and/or disabled, homeowners to age comfortably and safely in their own homes.
- **Safe at Home - Veterans Housing:** Focuses on serving those who served. Often times, our veteran and active military persons struggle to maintain basic repairs on their homes. Additionally, we provide accessibility modifications for veterans wounded in service to our country.

Revitalizing Communities:

- **Block Rebuilds:** We believe in a home by home, block by block approach, by working with community partners and neighborhoods we are not only improving the quality of life for individual homeowners, but entire blocks and neighborhoods.
- **Disaster Recovery:** In the wake of disaster, the ability to return to a home that is safe and restored is a vital step towards a return to normalcy. Our focus is on long-term recovery, helping families and communities rebuild long after the storm has gone.
