RE: St. Thomas Parking lot- Letter of No Objection for ROW
FES#02-0236.17 - Release of a 60' ROW of SW 27th Terrace, between SW 11th
Court and SW 12th Street in Ft. Lauderdale, Fl.

Dear Ms. Shearer:

Based on the legal description and sketches that are attached, AT&T has no objection to the proposed vacation of the existing 60' ROW of SW 27th Terrace described above.

It should be noted that AT&T has existing facilities located within the subject property that would need to be relocated probably around the perimeter of the property. This facilities would have to be relocated at the property owner's expense. It should also be noted that in order to maintain existing facilities and/or provide future facilities, the owner will be required to grant new easement, conduit and any other support facilities that AT&T may require.

If you have any questions I can be reached at the above phone number.

Sincerely,

Herman Zambrano

Re: 60' Right Of Way of SW 27th Terrace, between SW 11th Court and SW 12th Court
St. Thomas Aquinas High School Parking Lot

Dear Julie Shearer,

FPL has no objection to abandoning or vacating the above requested easement.

However, FPL has existing overhead facilities and utility easements at this site. FPL will remove our existing facilities and vacate the existing easement at this location at the customer's expense. Prior to this being done, provisions must be made, new easements secured and facilities constructed to serve any existing FPL customers that may be affected by your request.

FPL will require a complete set of plans prior to construction. These would include the survey of property, site plan, water sewer & drainage, paving, and electrical plans. As the FPL engineering process takes about three to four months, it is imperative that complete plans be provided well in advance of construction.

Please contact me at 954 717 2062 should you have any questions or concerns.

Yours truly,

Lucas Cornish
Associate Engineer

Subject: ROW Vacation SW 27th Terrace
St. Thomas Aquinas High School Parking Lot
FES #02-0236.17

Dear Ms. Shearer,

This letter is in response to your request for a letter of **No Objection** regarding the proposed vacation of a 60' ROW on SW 27th Terrace between SW 11th Court and SW 12th Court.

We have determined that there are City of Fort Lauderdale sewer infrastructure facilities located within the subject right-of-way as shown on the survey provided. Based on our assessment and the documents provided, the City of Fort Lauderdale has no objection to the proposed vacation of the ROW provided that any vacations are conditioned upon the relocation, removal, or proper abandonment of said facilities. Any relocation, removal, or abandonment of the existing utilities must be conducted with approved engineering plans, at the developer's expense. The relocated, removed, or abandoned utilities would be required to be inspected and accepted by the Utilities Department.

Should you have questions regarding this matter, please contact me at (954) 828-7809.

Sincerely,

Rick Johnson
Utilities Distribution and Collection Systems Manager
