**FAST FORWARD
FORT LAUDERDALE**

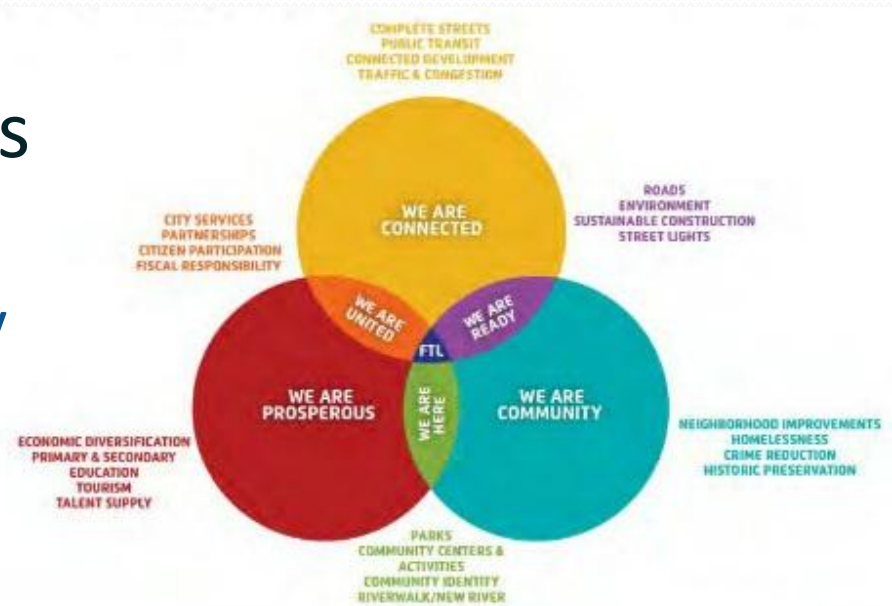

WE ARE CONNECTED IN 2035

“We move seamlessly and easily through a safe transportation system where the pedestrian is first.”

OUR ROAD MAP THAT GUIDES OUR EVERYDAY WORK

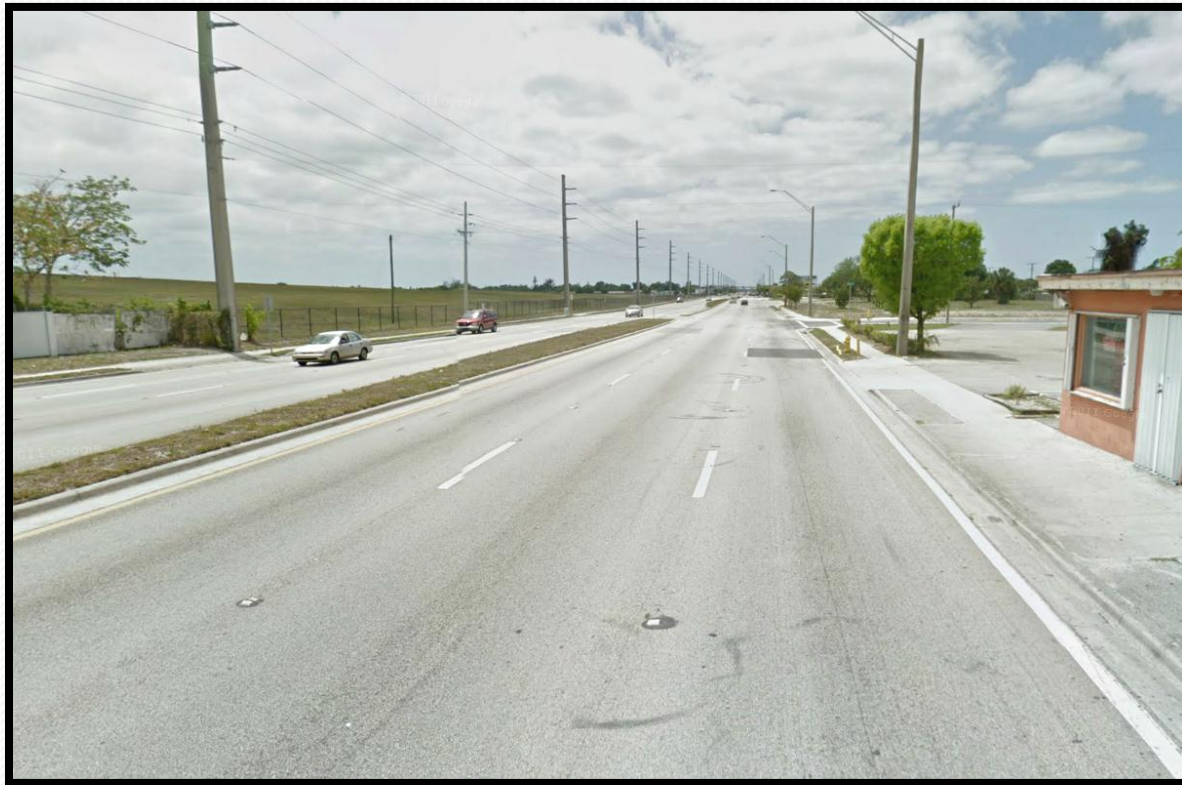

“We Are Connected”: Challenges Identified

- Traffic Congestion
- Lack of Complete Streets
 - Bike, Pedestrian, Transit and Vehicle Connectivity with Developments
- Safety on the Roadways
- Public Health

Starting with...

Streets designed solely to move cars in a fast manner...

...for the 2 hours of peak traffic, not the other 22

Resulting in...

- Roads at capacity
- Safety concerns
- Public health epidemic
- Increasing transportation costs
- Stormwater runoff issues

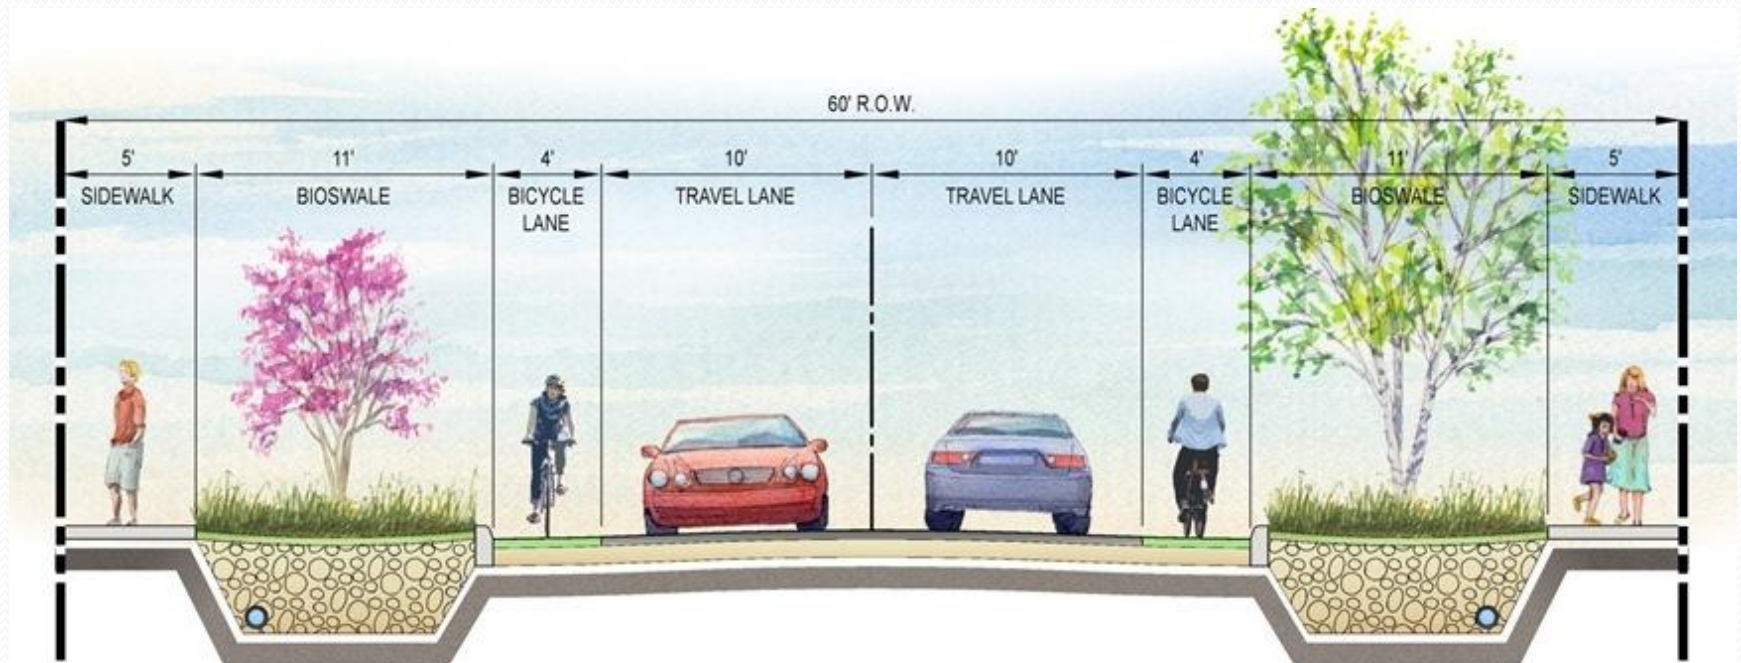

Complete Streets

GREAT CITIES HAVE GREAT STREETS, AND GREAT STREETS ARE “COMPLETE STREETS”

Complete Streets Typical Section

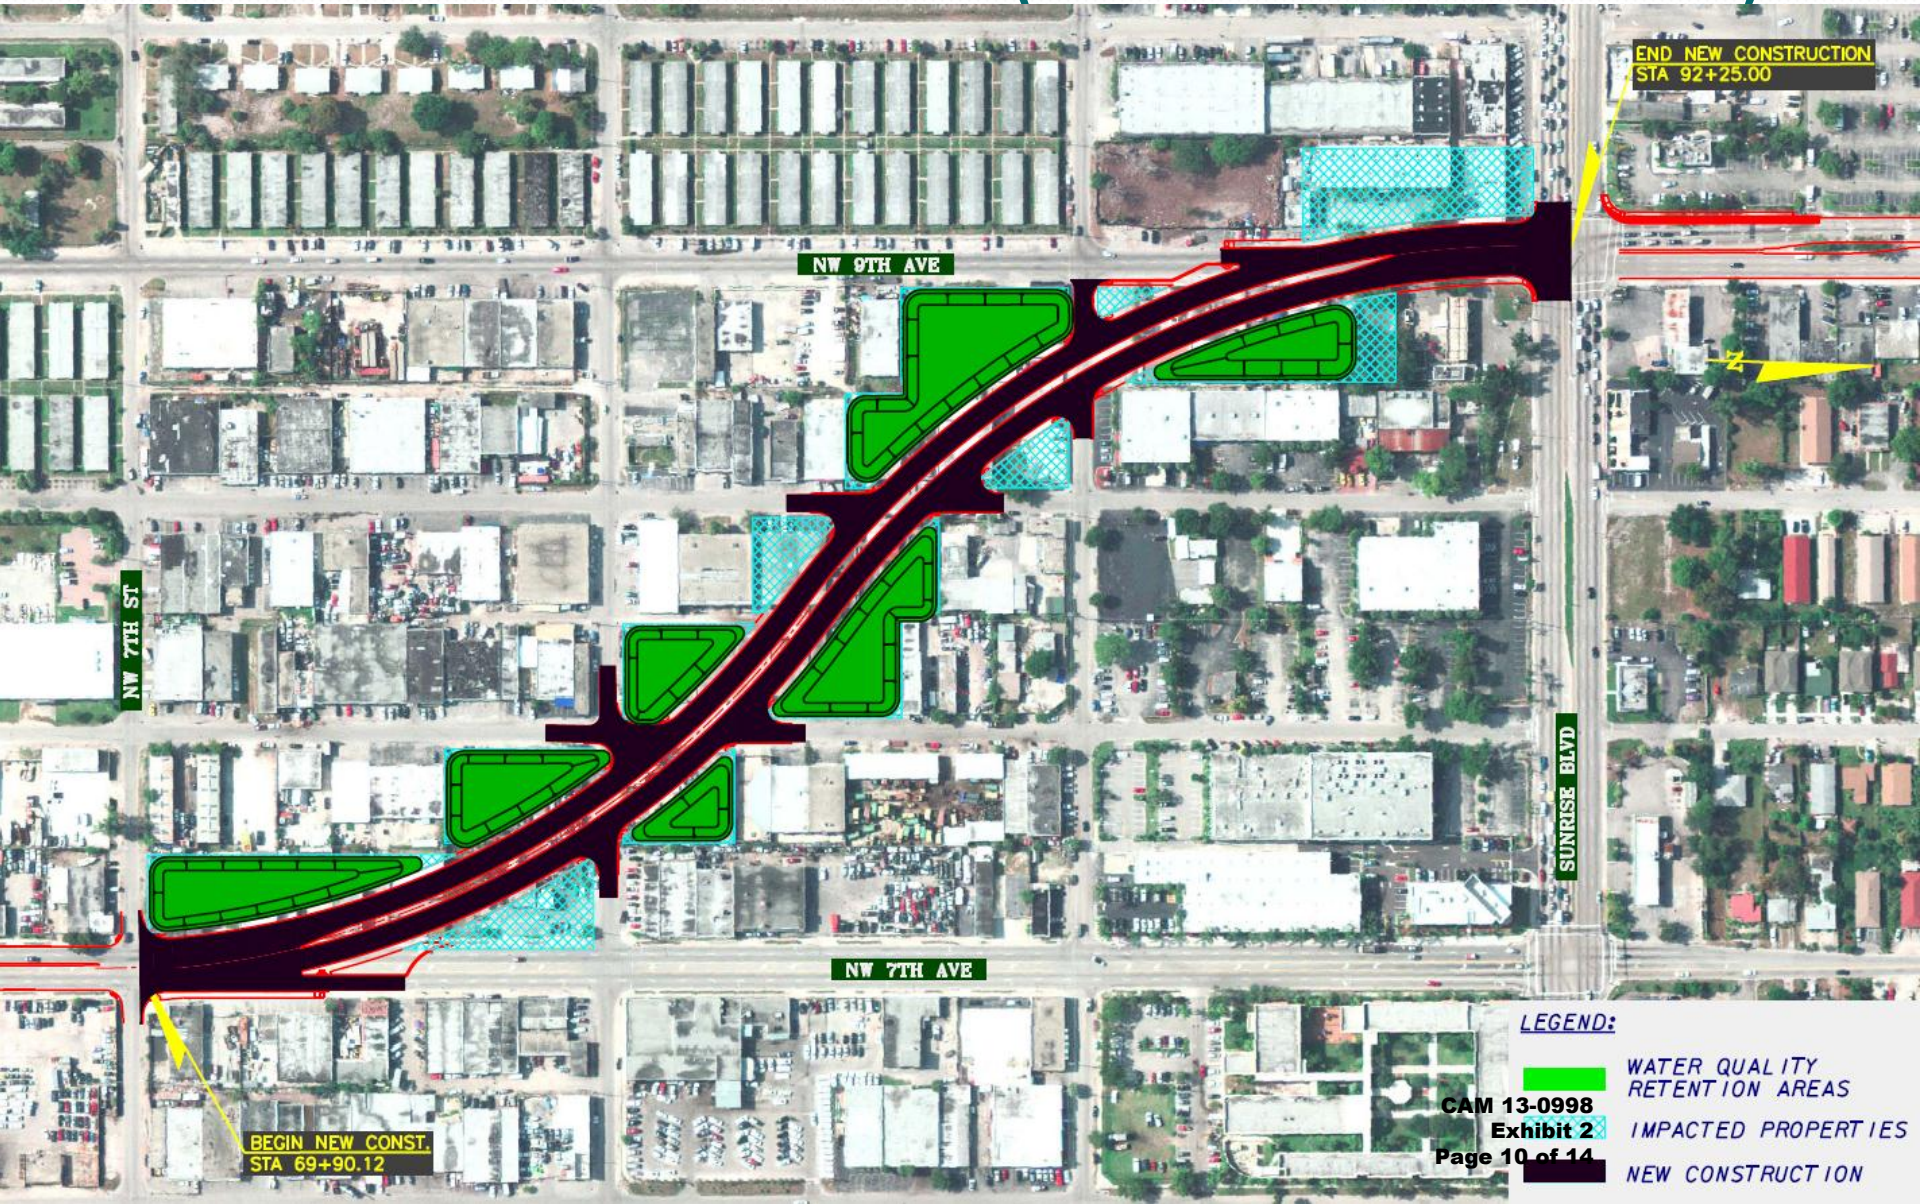

Role of the MPO

The Long Range Transportation Plan for Broward

- \$8 Billion in capital spending over 25 years
- \$24 Billion to \$48 Billion on return on investment
- Streets are a important asset for more than just cars
- Educated Elected Officials will make educated decisions

GO FORWARD

- Proceed with 100% Design
- \$34 Million for ROW Acquisition
- Unknown \$\$\$ for Environmental Remediation

Next Steps.....

NEXT STEPS

Option 1

- ✓ Commit the Dollars for ROW Acquisition and Environmental Remediation
- ✓ Proceed to 100% Design Phase
- ✓ Work with Broward MPO on Construction Funding-Priority #13

Option 2

- ✓ Submit Cease and Desist Letter to FDOT for current Realignment LAP Project
- ✓ Close current LAP Project with FDOT and FHWA
- ✓ Create New Project with Complete Streets Elements
- ✓ Work with Broward MPO on Construction Funding-Complete Streets is MPO's #1 Priority
