

TO: Honorable Mayor & Members of the
Fort Lauderdale City Commission

FROM: Lee Feldman, ICMA-CM, City Manager

DATE: May 21, 2013

TITLE: Motion to approve a one-year contract for the purchase of curb valves –
Invitation to Bid (ITB) 432-11153 - \$230,435

Recommendation

It is recommended that the City Commission approve a one-year contract for the purchase of curb valves from the lowest cost, responsive and responsible bidder, Ferguson Enterprises, Inc., in the estimated annual amount of \$230,435 and authorize the City Manager to approve the renewal options contingent upon approval and appropriation of funds.

Background

Daily operation and maintenance of the City's 770 miles of water distribution main piping and 62,000 service lines and meters requires a constant supply of curb valves and associated repair products. These items include curb valves for the installation or relocation of meters, service saddles for tapping of main lines, repair clamps to stop leaks and approximately thirty other parts and fittings of various sizes. This contract will be used on an as needed basis; the cost of the purchases will be charged against the individual projects. The initial costs will provide for an adequate supply to be maintained in the City's pipeyard inventory.

The Procurement Services Division sent an ITB to 621 vendors and received five responses. Ferguson Enterprises, Inc. was the lowest cost, responsive and responsible bidder in the estimated annual amount of \$230,435.

Resource Impact

There will be a fiscal impact to the City in the amount of \$230,435. Future expenditures are contingent upon approval and appropriation of the FY 2014 annual budget.

FUNDS AVAILABILTY LOCATION:
