If during the term of this Revocable License the structures, improvements, fixtures or personalty within the License Areas shall be damaged, destroyed or deteriorated in whole or in part by fire, casualty, obsolescence, failure to maintain or any other cause, and whether or not such destruction or damage is covered by any insurance policy on the Project, LICENSEE shall give to CITY immediate notice thereof, and LICENSEE shall:

(a) seek the necessary permits and approvals from CITY and any other regulatory agency with jurisdiction over the License Areas or adjacent real property to repair, replace and rebuild the same or cause the same to be repaired, replaced or rebuilt as nearly as possible to their original condition; or

(b) to the extent that such destruction or damage affected the structures and improvements within the License Areas or real property adjacent thereto, or any part thereof, if LICENSEE elects to remove such structures and improvements, or any part thereof, LICENSEE shall seek the necessary permits and approvals from CITY and any other regulatory agency

with jurisdiction over the subject matter to promptly remove or demolish said structures and improvements and restore the License Areas as nearly as possible to its original condition.

All such repair, restructure, replacement or removal shall be hereafter referred to as "Restoration". The cost of Restoration shall be paid solely by LICENSEE.

17. License, not Lease. It is acknowledged and stipulated by and between the parties hereto that this Revocable License shall not be deemed a lease of the License Areas by CITY but rather a License granted to LICENSEE by CITY for the nonexclusive possession, use, occupancy, operation, maintenance and repair of the License Areas for the conduct of the Project under the terms and conditions stated herein, such terms and conditions including termination of the License in the manner set forth herein. LICENSEE acknowledges and understands the provisions of § 8.05 and 8.09 of the CITY Charter with respect to Leases.

18. Indemnity. LICENSEE shall protect, defend, indemnify and hold harmless the CITY, its officers, employees and agents from and against any and all lawsuits, penalties, damages, settlements, judgments, decrees, costs, charges and other expenses including attorney's fees or liabilities of every kind, nature or degree arising out of or in connection with the rights, responsibilities and obligations of LICENSEE under this Revocable License, conditions contained therein, the location, construction, repair, removal, demolition, maintenance, use or occupancy of the License Areas, or the breach or default by LICENSEE of any covenant or provision of this Revocable License except for any occurrence arising out of or resulting from the intentional torts or gross negligence of the CITY, its officers, agents and employees. Without limiting the foregoing, any and all such claims, suits, causes of action relating to personal injury, death, damage to property, defects in construction, rehabilitation, operation, maintenance, repair or restoration of the License Areas or Property, alleged infringement of any patents, trademarks, copyrights or of any other tangible or intangible personal or real property right, or any actual or alleged violation of any applicable statute, ordinance, administrative order, rule or regulation or decree of any court, is included in the indemnity. LICENSEE further agrees to investigate, handle, respond to, provide defense for, and defend any such claims at its sole expense and agrees to bear all other costs and expenses related thereto even if the claim is groundless, false or fraudulent and if called upon by the CITY, LICENSEE shall assume and defend not only itself but also the CITY in connection with any claims, suits or causes of action, and any such defense shall be at no cost or expense whatsoever to CITY, provided that the CITY (exercisable by the CITY's Risk Manager) shall retain the right to select counsel of its own choosing. The indemnification obligations set forth herein shall survive termination of this Revocable License for a period coincident with the statute of limitations period applicable to the offending act, omission or default.

19. Insurance. At all times during the term of this Revocable License Agreement, LICENSEE, at its expense, shall keep or cause to be kept in effect the following insurance coverages:

- (a) A general liability insurance policy, in standard form, insuring LICENSEE and CITY as an additional insured, against any and all liability for bodily injury or property damage arising out of or in connection with this Revocable License and the license granted herein with a policy limit of not less than One Million Dollars (\$1,000,000.00) per occurrence and Two Million Dollars (\$2,000,000.00) general aggregate and shall name the CITY as an additional insured. All such policies

Revocable License

Licensee: 8th Avenue Residence / Rock-French Quarter, LLC

shall cover the Project activities and the possession, use, occupancy and maintenance of the License Areas. This policy shall not be affected by any other insurance carried by CITY.

- (c) Workers' Compensation Insurance to apply to all LICENSEE's employees and employees of contractors retained by LICENSEE for the Project, said coverage to be in compliance with the "Workers' Compensation Law" of the State of Florida and all applicable federal laws. In addition, the policy(ies) shall include Employers' Liability with a limit of One Hundred Thousand Dollars (\$100,000.00) for each accident.
- (d) Business Automobile Liability for all vehicles owned by LICENSEE and LICENSEE's contractors that are involved in the operation of the Project with limits of Three Hundred Thousand Dollars (\$300,000.00) per occurrence, combined single limit for Bodily Injury Liability and Property Damage Liability.
- (e) All of the policies of insurance provided for in this Revocable License:
 - (i) shall be in the form and substance approved by the Department of Insurance of the State of Florida ("DOI"),
 - (ii) shall be issued only by companies licensed by DOI,
 - (iii) Certificates of Insurance pertaining to same shall be delivered to CITY, at least fourteen (14) days prior to the commencement of the License Term,
 - (iv) shall be with a carrier having an A Best's Rating of not less than A, Class VII,
 - (v) shall bear endorsements showing the receipt by the respective companies of the premiums thereon or shall be accompanied by other evidence of payment of such premiums to the insurance companies, including evidence of current annual payment, if on any installment payment basis, and
 - (vi) shall provide that they may not be canceled by the insurer for thirty (30) days after service of notice of the proposed cancellation upon CITY and shall not be invalidated as to the interest of CITY by any act, omission or neglect of LICENSEE.
 - (vii) The insurance coverage under subparagraphs (a) and (c) above shall be for a period coincident with the applicable indemnification obligations set forth above.
- (f) In any case where the original policy of any such insurance shall be delivered to LICENSEE, a duplicated original of such policy shall thereupon be delivered to CITY. All insurance policies shall be renewed by LICENSEE, and certificates evidencing such renewals, bearing endorsements or accompanied by other evidence of the receipt by the respective insurance companies of the premiums

Revocable License

thereon, shall be delivered to CITY, at least twenty (20) days prior to their respective expiration dates.

- (g) CITY does not in any way represent that the types and amounts of insurance required hereunder are sufficient or adequate to protect LICENSEE's or Contractor's interests or liabilities but are merely minimum requirements established by CITY's Risk Management Division. CITY reserves the right to require any other insurance coverages that CITY deems necessary depending upon the risk of loss and exposure to liability.

20. Special Exception. It is agreed that this Revocable License is granted to LICENSEE for LICENSEE'S benefit, is a special exception to the City's general policy and it is stipulated between the parties that this Revocable License shall be construed most strictly in favor of the CITY and against LICENSEE.

21. Remedies of CITY.

21.1 In the event the LICENSEE fails to perform or violates any of the terms or conditions of this Revocable License or is in breach or default in any term or condition hereof, CITY shall provide notice thereof to LICENSEE and LICENSEE shall cure such violation within the time provided in such Notice, which such time for cure shall be reasonable in light of all the circumstances.

21.1.1 In the event the Contract Administrator finds that the LICENSEE has failed to timely cure such violation, the Contract Administrator shall provide Notice thereof to LICENSEE and impose or assess a fine of \$2,000.00 per day for each and every day the violation continues beyond the date set in the Notice under Section 21.1.

21.1.2 LICENSEE shall provide written Notice to CITY when the violation has been cured. In the event the Contract Administrator finds the violation was not cured on the date alleged by LICENSEE, Contract Administrator shall provide LICENSEE with Notice thereof. Contract Administrator shall provide Notice to LICENSEE when Contract Administrator finds that the violation has been cured.

21.1.3 In the event LICENSEE disagrees with the Contract Administrator's (a) finding that a violation exists or continues to exist, or (b) imposition or assessment of a per diem fine, or (c) determination of the date of compliance or noncompliance, LICENSEE shall file a written Notice of Appeal to the City Manager within five (5) days of receiving notice of (a), (b) or (c) above.

21.1.4 Within ten (10) days of receiving a Notice of Appeal under Section 21.1.3, the City Manager shall hear presentations thereon and render a written Final Order thereon, serving a copy thereof upon LICENSEE. In deciding an Appeal filed under Section 21.1.3, the City Manager may affirm, reverse or modify, in whole or in part, the findings of the Contract Administrator. The City Manager may equitably adjust any fines in the interests of justice.

21.1.5 In the event LICENSEE contests the Final Order of the City Manager under Section 21.1.4 above, LICENSEE may file a Notice of Appeal with the City Clerk including all written arguments in support of contesting the Final Order. The City Commission shall review the Notice of Appeal and the written arguments in support of contesting the Final Order as soon as a hearing thereon may be reasonably scheduled. At the hearing on the Appeal, the City Commission shall hear presentations by the LICENSEE and City Manager and shall render an Order (“Order on Appeal”) thereon affirming, reversing or modifying the Final Order in whole or in part.

21.1.6 Any fines resulting from the process set forth in Sections 21.1.1 through 21.1.5 shall be paid to CITY within sixty (60) days from the final adjudication resulting from that process.

21.1.7 LICENSEE hereby waives all right, title and interest to the issuance of any temporary, partial or final Certificate of Occupancy for the Development Project during the period that any violations of the terms or conditions of this License still exist.

21.1.8 LICENSEE hereby waives all right, title and interest in issuance of any temporary, partial or final Certificate of Occupancy for the Development Project during the period that any fines imposed have not been paid.

21.1.9 LICENSEE hereby waives all right, title and interest in and to any further building or engineering inspections during the period that any violations of the terms or conditions of this License still exist.

21.2 In the event the LICENSEE fails to timely cure the violation within the time specified in Section 21.1, the CITY, as an alternative to the procedures set forth in Sections 21.1.1 through 21.1.9, may

21.2.1 revoke or terminate this License; or

21.2.2 take any equitable action to enforce the terms and conditions of this Revocable License, it being stipulated by the parties that since this Revocable License deals with the right to use a public right-of-way, a violation or breach of any term or condition of the Revocable License constitutes an irreparable injury to the public and CITY for which there is no adequate remedy at law; or

21.2.3 take such curative action that was required to be taken by the LICENSEE under the Revocable License and the cost and expense incurred in CITY’s curative actions shall be passed on to and owed by LICENSEE, in which case LICENSEE shall be liable for payment to CITY for all reasonable and necessary costs and expenses incurred by CITY in connection with the performance of the action or actions. LICENSEE shall reimburse CITY within sixty (60) days following written demand for payment thereof. Interest shall accrue on the unpaid amount at the rate of twelve percent (12%) per annum, compounded monthly, but in no event shall interest exceed the highest amount

Revocable License
Licensee: 8th Avenue Residence / Rock-French Quarter, LLC

allowed by Florida law. The demand shall include reasonable documentation supporting the expenses incurred by CITY. If a dispute arises as to the need for, or amount due to the CITY for repairs, maintenance or removal undertaken by CITY in accordance with this License, and such dispute is not resolved within forty-five (45) days after the date that CITY makes the original written demand for payment, the LICENSEE shall pay to CITY the undisputed amount and shall provide CITY with a bond or other security acceptable to CITY for the disputed amount pending a resolution of the dispute by negotiation or litigation. In addition to any other remedies available to CITY, in the event of litigation between the parties, CITY shall be entitled to recover from LICENSEE all costs of collection, including reasonable attorneys' fees and court costs incurred at all tribunal and appellate levels, provided CITY ultimately prevails in such proceedings.

21.3 If LICENSEE does not make the payments required under this Section 21 within the sixty (60) day period set forth herein, then CITY shall have a right to record a Claim of Lien upon the Property, which Lien may be either (a) for the total amount of the fines resulting from the procedures set forth in Sections 21.1.1 through 21.1.6 or (b) for all reasonable and necessary costs and expenses of any cure undertaken by CITY in accordance with this Section, the cost of any interim insurance policy as provided herein, and reasonable attorneys' fees and costs associated therewith. The Lien shall be effective upon the recording of a Claim of Lien in the Public Records of Broward County, Florida, which Claim of Lien shall state all amounts due and owing to CITY. The Lien may be foreclosed by CITY in the same manner as provided by law for foreclosure of mortgage liens. The Lien shall continue until payment to CITY of the amounts set forth in the Lien (at which time CITY shall record a satisfaction of such lien). In addition to the Lien, CITY shall have all other rights and remedies granted to it at law or in equity for LICENSEE's failure to pay the fines owed or reimburse CITY for curative actions taken by CITY. LICENSEE shall be entitled to pursue all legal and equitable remedies to contest the amount or existence of any such lien.

21.4 The remedies found within this Section 21, including all subsections thereof, are cumulative. The exercise of one does not preclude the exercise of any other remedy.

22. Requirement for Notice. LICENSEE shall give CITY prompt written notice of any accidents on, in, over, within, under and above the License Areas in which damage to property or injury to a person occurs.

23. Notices.

(a) Except as provided in subparagraph (c) below, whenever it is provided herein that notice, demand, request or other communication shall or may be given to, or served upon, either of the parties by the other, or either of the parties shall desire to give or serve upon the other any notice, demand, request or other communication with respect hereto or with respect to any matter set forth in this Revocable License, each such notice, demand, request or other communication shall be in writing and any law or statute to the contrary notwithstanding shall not be effective for any purpose unless the same shall be given by mailing the same by registered or certified mail, postage prepaid, return receipt requested, addressed to the party at the address set forth below, or at

such other address or addresses and to such other person or firm as CITY may from time to time designate by notice as herein provided.

(b) All notices, demands, requests or other communications hereunder shall be deemed to have been given or served for all purposes hereunder forty-eight (48) hours after the time that the same shall be deposited in the United States mail, postage prepaid, in the manner aforesaid, provided, however, that for any distance in excess of five hundred (500) miles, air mail service or Federal Express or similar carrier shall be utilized, if available.

**RE: Construction of 8th Avenue Residences
215 SE 8th Avenue
Ft. Lauderdale, FL
DRC Case No. 23-R-13D1**

Request for Sidewalk and Parking Lane Closure Adjacent to Site

Timeframe: Approximately 18 months between April 21, 2014 and November 6, 2015

Dear Sir and Madam,

In regards to our attached application, below is our narrative outlining the purpose, procedures and maintenance of traffic (MOT) measures to be taken to ensure public safety and minimize impacts to the community:

- 1. Description / Purpose:** Stiles Corporation has been approved to develop a 30-story residential tower at 215 SE 8th Avenue, which is currently an empty site. Construction is planned to begin on April 21, 2014 and is scheduled for a duration of approximately 18 months.

Stiles Construction has coordinated with the neighborhood and the City of Ft. Lauderdale with respect to crane placement, traffic routing and material staging throughout the DRC review process and received approval for the development under DRC Case No. 23-R-13D1.

Due to the urban density of the site, Stiles will employ a mobile-tower luffing crane that will allow us to control the crane from swinging over adjacent properties and streets. The crane base will need to be positioned on the east side of the building on the west side sidewalk of SE 8th Avenue to properly construct the building.

To minimize traffic impacts of Las Olas community, construction traffic will be accommodated from Broward Boulevard and SE 8th Avenue, and not Las Olas. Continuing on SE 8th Avenue, the truck path

will turn right at SE 2nd Court and unload there on the south side of the project. Construction traffic will then return back to SE 8th Avenue and Broward Boulevard utilizing SE 6th Avenue and SE 2nd St.

A related portion of the development includes installation of a new 8" of sanitary sewer line for City of Ft. Lauderdale that runs approximately 500' in the middle of SE 2nd Court, directly south of the property and ties in to the City's sewer system at the intersection of SE 8th Avenue and SE 2nd Court. This work is a requirement prior to certificate of occupancy being issued for the larger 30-story residential tower project. The future sewer trunk line work will take approximately three weeks. This work needs to be completed in the first few months of the project to minimize conflicts with construction coordination.

In the development of our plan, Stiles also sought insight from Traffic Engineer Jaocuin Vargas, P.E. of Traf Tech Engineering. He made such insightful suggestions as the addition of ADA ramps, painted crosswalks and flashers as further protections of pedestrian pathways. He is prepared to formally approve our plan, should that be required.

We have divided our MOT process into two phases that correspond to our construction activities onsite:

Phase I-A: Mobilization and Installation of Auger Cast Piles (Duration of 30-45 Days (April 21, 2014 to June 6, 2014):

Phase I-B: Foundations and Building Complete to Certificate of Occupancy (June 6, 2014 to November 6, 2015):

Phases II-A: Tie-In of New 8" City of Ft. Lauderdale Sanitary Sewer at New Manhole at Intersection of SE 2nd Court and SE 8th Avenue (June 6, 2014 to June 11, 2014 night work only):

Phases II-B: Installation of New 8" City of Ft. Lauderdale Sanitary Sewer branch line for future use along SE 2nd Court (June 11, 2014 to July 3, 2014):

As a result of the above accommodations made during the development review phase and requirements for construction, Stiles Construction requests the following closures around the site within the approximately 18-month duration:

- **Close South Side Sidewalk of SE 2nd Street directly north of the project. (Phases I-A and I-B)**
- **Close West Side Sidewalk of SE 8th Avenue from the intersection of SE 2nd Street to SE 2nd Court. (Phases I-A and I-B)**
- **Close Parking Lane of SE 8th Avenue from the intersection of SE 2nd Street to SE 2nd Court. (Phase I-B)**
- **Close North Side Sidewalk of SE 2nd Court directly south of the project. (Phases I-A and I-B)**
- **Close North Side Curb Lane of SE 2nd Court directly south of the project. (Phase I-B)**
- **Close SE 2nd Court from Intersection with SE 8th Avenue to western boundary of property. Phases II-A and II-B)**

(Please refer to our MOT plans for Phases I and II for graphical explanation)

2. Why These Temporary Closures are Required: Life Safety

a. South Side Sidewalk of SE 2nd Street Directly north of the project (Phases I-A and I-B):

The 30-story residential tower will rise approximately 300' above grade and will require material staging, equipment and swing stages to be utilized on all sides. On the north side, the building is set back only 10' from the property line; the sidewalks around the property are only 5' wide. The new

loading dock and FPL vault is located on this elevation, construction of which will require access across from SE 2nd Street. To accommodate the construction and to provide public safety for pedestrians, it is advisable to close the south side sidewalk of SE 2nd Street directly north of the project.

As you can see, a closure of the sidewalk of SE 2nd Street for the 18-month duration of the project is essential to ensure public safety.

To accommodate the sidewalk closure, we will secure the area with 6'-0" high chain link fence with dust-control mesh and provide sidewalk closure signs in advance of the project site.

b. West Side Sidewalk (Phases I-A and I-B) and Parking Lane (Phase I-B) of SE 8th Avenue between SE 2nd Street to SE 2nd Court:

The east elevation of the building is set back 10' from the property line. The footprint of the mobile tower crane is approximately 10' wide (north to south) and 25' long (east to west). As a result, the crane footprint will need to occupy the setback, the sidewalk and parking lane of the SE 8th Avenue. Protective traffic barricades will also need to be placed around the tower crane base. In addition, the main material drop off route will occur directly from SE 8th Avenue just prior to its intersection with SE 2nd Court and continuing west along SE 2nd Court. Some material staging, equipment and swing stages will also be required on the east elevation.

As you can see, a closure of the West Side Sidewalk and Parking Lane of SE 8th Avenue between SE 2nd Street to SE 2nd Court for the 18-month duration of the project is essential to ensure public safety.

To accommodate the sidewalk and parking lane closure, we will secure the area with 6'-0" high chain link fence with dust-control mesh and will provide sidewalk closure signage. In addition, we will be installing new ADA ramps, painted crosswalks and flashers to the north on SE 8th Avenue at the bridge.

Closure of the parking lane only will continue to allow one-lane traffic in both the north and south directions on SE 8th Avenue as found prior to construction. Stiles will reimburse the City of Ft. Lauderdale for the lost revenue for the parking meters and if needed, will help to accommodate lost parking for visitors to the City.

c. West Side Sidewalk (Phases I-A and I-B) and Curb Lane (Phase I-B) of SE 2nd Court directly south of the project:

SE 2nd Court is the location for the material drop off and staging. Stiles proposes construction deliveries to enter the construction site directly off of SE 8th Avenue through a sliding gate and continuing inside the construction site on the curb lane of SE 2nd Court. The building is set back approximately 10' from the property line. Space will need to be allowed for swing stages, unloading and material drop off on this south side of the building. As a result, the sidewalk and curb lane will be required for construction use.

As you can see, a closure of the West Side Sidewalk and Curb Lane of SE 2nd Court directly south of the project for the 18-month duration of the project is essential to ensure public safety.

To accommodate the sidewalk and curb lane closure, we will secure the area with 6'-0" high chain link fence with dust-control mesh, sidewalk closure signage and painted crosswalks at SE 8th Avenue and SE 2nd Court.

Closure of the curb lane will result in SE 2nd Court being modified for west-bound traffic only. Advanced warning signage has been included to demonstrate this.

- d. **SE 2nd Court Sidewalks and Roadway from Intersection with SE 8th Avenue and West End of Property (Phases II-A and II-B) for installation of New 8" City of Ft. Lauderdale Sanitary Sewer Line:**

In addition, close west portion of intersection of SE 2nd Court and flag NB and SB traffic on SE 8th Avenue traffic through the intersection (Phase II-A):

This new 8" sanitary sewer line is located down the middle of SE 2nd Court and will be installed by open trench. Sewer is tied in to the existing trunk line that runs north to south down SE 8th Avenue at their intersection. Full closure of the road and sidewalks are needed for equipment, staging and lay back areas to allow for proper installation and public safety.

The work will begin approximately on June 6th at intersection of SE 2nd Court and SE 8th Avenue. A new manhole structure will be installed in the middle of the intersection to serve as the connection point between the existing north-south flowing trunk line on SE 8th Avenue and the new branch line being installed on SE 2nd Court. In addition to closing SE 2nd Court south of the property, we will need to close the west portion of the intersection of SE 2nd Court and SE 8th Avenue for night work only in order to make the tie-in point to the existing sewer line running down SE 8th Avenue. During these nightly closures, SE 8th Avenue will remain open to NB and SB traffic via flagman. The tie-in work at the intersection will be completed in approximately 3-4 periods of night work on approximately June 6, 2014 – June 11, 2014.

The installation will then continue west on SE 2nd Court and terminate at a new manhole structure at the west end of SE 2nd Court, where a new manhole structure will be installed. The overall duration of the branch line on SE 2nd Court will take approximately 3 weeks to install. The total duration of closure for SE 2nd Court is 3 weeks, or approximately June 11 – through July 2nd,

Phases II-A and II-B is scheduled to sequentially follow the implementation of Phase I MOT. Phase II-A and II-B MOT controls will therefore be a supplement to the MOT devices already installed under Phase II. Some minor coordination and field adjustments may be required to implement the Phase II closures. These will be made prior to beginning the Phase II work.

To accommodate the sidewalk and roadway closure, we will secure the area with 6'-0" high chain link fence with dust-control mesh, sidewalk closure signage and other advance warning signage.

As you can see, these closures are completely necessary to ensure public safety and allow for sufficient space for proper installation.

3. **Procedures:** Stiles has employed Mr. Eliseo Lara of Bon's Barricades, an American Traffic Safety Services Association (ATSSA) certified member to develop a Maintenance of Traffic (MOT) plan of this temporary closure. See attached MOT plans developed by him of the subject area and its environs.

Stiles Construction has already received preliminary reviews from both City of Ft. Lauderdale Engineering and Transportation and Mobility Office and will continue to incorporate suggestions made.

All Sidewalk, parking lane and road closures shall be made with 6'-0" high chain link fence with dust control mesh and MUTCD standard signage.

4. **Sequence of Operations:** This is a step by step list of activities that will occur in the time period requested (approx. 18 months overall):
- a. Advance Warning Signage
 - b. Installation of Barricades for Safe Closure of Sidewalks and Streets
 - c. Installation of Foundations and Residential Tower
 - d. Clear Roadways of any Materials and Debris

- e. Removal of Barricades
- f. Removal of Advance Warning Signage

We hope this narrative makes it clear that Stiles Construction has given a great amount of thought to the procedures required to implement these temporary closures to ensure public safety and minimize impacts to the community.
