

When local voices come together, great things happen. Our cities and issues may not be the same, but we're all united in making local choices.

Our annual conference is designed to provide an opportunity for municipal officials and senior staff to enhance leadership skills, learn from municipal experts, share ideas with peers, discuss strategies for Florida's future and hear about the latest in products and services for municipal governments. The conference typically includes breakout sessions, committee meetings, keynote presentations, awards and more.

Dates and locations for upcoming conferences are as follows:

- ▶ August 12-14, 2021 at the World Center Marriott – Orlando
- ▶ August 11-13, 2022 at the Diplomat Beach Resort – Hollywood
