

**CITY OF FORT LAUDERDALE  
City Commission Agenda Memo  
REGULAR MEETING**

**#13-1368**

---

**TO:** Honorable Mayor & Members of the  
Fort Lauderdale City Commission

**FROM:** Lee R. Feldman, ICMA-CM, City Manager

**DATE:** November 19, 2013

**TITLE:** Motion to award a one-year contract for disposal of construction debris –  
Invitation to Bid (ITB) 433-11277 - \$194,640

---

**Recommendation**

It is recommended that the City Commission award a one-year contract for the disposal of construction debris, utilizing the City's Contract (Form P-0001), to the lowest cost, responsive, and responsible bidder, Southern Waste Systems, LLC, in the estimated annual amount of \$194,640, and authorize the City Manager to approve three, one-year renewal options, contingent upon appropriation of funds.

**Background**

The Public Works Department's Distribution and Collection Section is tasked with maintaining the water distribution system, the wastewater collection system, and the storm water collection system. The majority of this infrastructure is below ground level. City crews routinely need to excavate to make repairs to the City's systems. Some of the materials from these excavations must be removed and properly disposed.

Funds are available in various index codes in the Water and Sewer Fund, Regional Waste Water Fund, Storm Water Fund, and the Water and Sewer General Capital Projects Fund. Funds will be spent in accordance with per unit pricing secured through the competitive bid process.

The Procurement Services Division sent an ITB to 1,241 vendors, and received three responses. Southern Waste Systems, LLC was the lowest cost, responsive, and responsible bidder in the estimated annual amount of \$194,640.

**Resource Impact**

There will be a fiscal impact to the City in the amount of \$194,640. Future expenditures are contingent upon the approval and appropriation of the annual budget.
