

**CITY OF FORT LAUDERDALE  
City Commission Agenda Memo  
REGULAR MEETING**

**#23-0409**

---

**TO:** Honorable Mayor & Members of the  
Fort Lauderdale City Commission

**FROM:** Greg Chavarria, City Manager

**DATE:** April 18, 2023

**TITLE:** Second Reading – Quasi-Judicial Ordinance Approving a Rezoning from Residential Multifamily High Rise/Medium High Density (RMH-25) District to Parks, Recreation and Open Space (P) District – 4201 N. Ocean Boulevard – City of Fort Lauderdale – Case No. UDP-Z22020 – **(Commission District 1)**

---

**Recommendation**

Staff recommends the City Commission consider an ordinance rezoning 13,356 square feet (0.30) acres of land, located at 4201 N. Ocean Boulevard, from Residential Multifamily High Rise/Medium High Density (RMH-25) District to Parks, Recreation and Open Space (P) District.

**Background**

The City of Fort Lauderdale is requesting to rezone the land located at 4201 N. Ocean Boulevard from RMH-25 District to Parks District to ensure availability of open space on the currently vacant land, which was purchased by the City and is part of the Parks and Recreation Department's parks inventory. Some minor improvements were completed on the property with the installation of a split rail fence along the north and east property lines and addition of a picnic table. No further amenities or improvements are anticipated currently; however, there are plans to open the vacant land to the public as a passive park. The ultimate goal is to develop the vacant land into a park. A location map of the subject site is provided as Exhibit 1. The application and narrative responses to criteria are attached as Exhibit 2, and the sketch and legal description of the property is attached as Exhibit 3.

The rezoning of City owned properties that are used and maintained as public park space protects those properties in three significant ways. First, by rezoning a property to Parks, Recreation, and Open space it creates a record of the City's intended use for the property. Second, the zoning limits the use of the property to those uses typically associated with public parks and open spaces. Lastly, Section 8.21. of the City's Charter provides protection to lands zoned Park, Recreation, and Open Space by limiting the sale, transfer, or lease of such properties for more than (1) year without a unanimous vote of the entire City Commission.

**Review Criteria:**

Pursuant to the City's Unified Land Development Regulations (ULDR) Section 47-24.4.D, Rezoning Criteria, an application for a rezoning shall be reviewed in accordance with the following criteria:

1. The zoning district proposed is consistent with the City's Comprehensive Plan.

*The property is currently zoned RMH-25 and has an underlying land use designation of Medium High Residential, which is intended primarily for dwellings and other land uses in support of the residential environment. The proposed Parks, Recreation and Open Space zoning district is consistent with this land use designation. Please refer to the Comprehensive Plan Consistency section within this report for additional information.*

2. The changes anticipated by the proposed rezoning will not adversely impact the character of development in or near the area under consideration.

*The property where the proposed rezoning is proposed is currently vacant land. Moving forward with the rezoning will ensure the land will be available as open space. The character of development of the parcel with its landscaping and vegetation supports the proposed rezoning to parks and recreation uses.*

3. The character of the area proposed is suitable for the uses permitted in the proposed zoning district and is compatible with surrounding districts and uses.

*The proposed rezoning of the property is compatible with the surrounding residential uses within the area of the subject property. Since the current use of the site is open space, the proposed rezoning will ensure the zoning district is compatible with the existing use. Furthermore, the proposed rezoning will enhance the existing residential uses by providing additional park and open space for neighbors to enjoy. The character of the surrounding area supports the proposed rezoning.*

The Planning and Zoning Board (PZB) reviewed the application on December 21, 2022, and recommended approval by a vote of 8-0. The PZB meeting minutes and staff report are attached as Exhibit 4 and Exhibit 5, respectively. In addition, the public sign notice and affidavit for the December 21, 2022, PZB meeting are attached as Exhibit 6.

The City Commission shall consider the application and the record and recommendations forwarded by the Department and PZB and public comments on the application to determine whether the application meets the criteria for a rezoning.

If the City Commission determines that the rezoning meets the criteria for rezoning, the City Commission shall approve the change in zoning as requested in the application or approve a change to a more restrictive zoning district than that requested in the

application if necessary to meet the criteria provided for rezoning and if consented to by the applicant. If the City Commission determines that the proposed rezoning does not meet the criteria in, or if the applicant does not consent to a more restrictive zoning district, the City Commission shall deny the application.

### **Resource Impact**

There is no fiscal impact associated with this action.

### **Strategic Connections**

This item is a *2022 Commission Priority*, advancing the Smart Growth initiative.

This item supports the *Press Play Fort Lauderdale 2024 Strategic Plan*, specifically advancing:

- Neighborhood Enhancement
- Goal 4: Build a thriving and inclusive community of neighborhoods
- Objective: Ensure a range of affordable housing options

This item advances the *Fast Forward Fort Lauderdale 2035 Vision Plan: We Are Community*.

This item supports the *Advance Fort Lauderdale 2040 Comprehensive Plan* specifically advancing:

- The Neighborhood Enhancement Focus Area
- The Future Land Use Element
- Goal 2: The City shall encourage sustainable, smart growth which designates areas for future growth, promotes connectivity, social equity, preservation of neighborhood character and compatible uses.
- The Urban Design Element
- Goal 1: Promote high-quality and sustainable building design elements which complement the public realm.
