Dear Mayor and Commissioners:

Having recently viewed the plans for the Vintro Hotel project that is being proposed for 3029 Alhambra Street, I felt compelled to express my support for this project.

From researching the renewed development activities around Ft. Lauderdale, I believe the design of this project is exactly the kind of development that is needed to continue the revitalization of the Central Beach area.

As a high-end, boutique hotel with only 61 units, I believe that the beach area will benefit from this development.

I am pleased to add my name to the many others supporting this project and hope that the City Commission will approve it.

Sincerely,
