The prior policy will include copies of all policy exceptions and an update in a format acceptable to **Buyer** from the policy effective date and certified to **Buyer** or **Buyer's** closing agent together with copies of all documents recited in the prior policy and in the update. If such an abstract or prior policy is not available to **Seller** then (i.) above will be the evidence of title.

(b) Title Examination: **Buyer** will, within 15 days from receipt of the evidence of title deliver written notice to **Seller** of title defects. Title will be deemed acceptable to **Buyer** if (1) **Buyer** fails to deliver proper notice of defects or (2) **Buyer** delivers proper written notice and **Seller** cures the defects within _____ days from receipt of the notice ("Curative Period"). **Seller** shall use good faith efforts to cure the defects. PROPERTY CONDITION: **Seller** will deliver the Property to **Buyer** at the time agreed in its present "as is" condition, ordinary wear and tear excepted, and will maintain the landscaping and grounds in a comparable condition. **Seller** makes no warranties other than marketability of title. In the event that the condition of the Property has materially changed since the expiration of the Due Diligence Period, **Buyer** may elect to terminate the Contract and receive a refund of any and all deposits paid, plus interest, if applicable, or require **Seller** to return the Property to the required condition existing as of the end of Due Diligence period, the cost of which is not to exceed \$ _____ (1.5% of the purchase price, if left blank). By accepting the Property "as is", **Buyer** waives all claims against **Seller** for any defects in the Property. (Check (a) or (b))

☐ **(a) As Is:** **Buyer** has inspected the Property or waives any right to inspect and accepts the Property in its "as is" condition.

☒ **(b) Due Diligence Period:** **Buyer** will, at **Buyer's** expense and within 120 days from Effective Date ("Due Diligence Period"), determine whether the Property is suitable, in **Buyer's** sole and absolute discretion. In the event this transaction does not close, (1) **Buyer** will repair all damages to the Property resulting from the Inspections and return the Property to the condition it was in prior to conduct of the Inspections, and (2) **Buyer** will, at **Buyer's** expense release to **Seller** all reports and other work generated as a result of the Inspections. Should **Buyer** deliver timely notice that the Property is not acceptable, **Seller** agrees that **Buyer's** deposit will be immediately returned to **Buyer** and the Contract terminated.

(c) Walk-through Inspection: **Buyer** may, on the day prior to closing or any other time mutually agreeable to the parties, conduct a final "walk-through" inspection of the Property to determine compliance with this paragraph and to ensure that all Property is on the premises.

8. OPERATION OF PROPERTY DURING CONTRACT PERIOD: **Seller** will continue to operate the Property and any business conducted on the Property in the manner operated prior to Contract and will take no action that would adversely impact the Property after closing, as to tenants, lenders or business, if any. Any changes, such as renting vacant space, that materially affect the Property or **Buyer's** intended use of the Property will be permitted ☐ only with **Buyer's** consent ☒ without **Buyer's** consent.

9. CLOSING PROCEDURE: Unless otherwise agreed or stated herein, closing procedure shall be in accordance with the norms where the Property is located.

(a) Possession and Occupancy: **Seller** will deliver possession and occupancy of the Property to **Buyer** at closing. **Seller** will provide keys, remote controls, and any security/access codes necessary to operate all locks, mailboxes, and security systems.

(b) Costs: **Buyer** will pay **Buyer's** attorneys' fees, taxes and recording fees on notes, mortgages and financing statements and recording fees for the deed. **Seller** will pay **Seller's** attorneys' fees, taxes on the deed and recording fees for documents needed to cure title defects. If **Seller** is obligated to discharge any encumbrance at or prior to closing and fails to do so, **Buyer** may use purchase proceeds to satisfy the encumbrances.

(c) Documents: **Seller** will provide the deed; bill of sale; mechanic's lien affidavit; originals of those assignable service and maintenance contracts that will be assumed by **Buyer** after the Closing Date and letters to each service contractor from **Seller** advising each of them of the sale of the Property and, if applicable, the transfer of its contract, and any assignable warranties or guarantees received or held by **Seller** from any manufacturer, contractor, subcontractor, or material supplier in connection with the Property; current copies of the condominium documents, if applicable; assignments of leases, updated rent roll; tenant and lender estoppels letters (if applicable); tenant subordination, non-disturbance and attornment agreements (SNDAs) required by the **Buyer** or **Buyer's** lender; assignments of permits and licenses; corrective instruments; and letters notifying tenants of the change in ownership/rental agent. If any tenant refuses to execute an estoppels letter, **Seller**, if requested by the **Buyer** in writing, will certify that information regarding the tenant's lease is correct. If **Seller** is an entity, **Seller** will deliver a resolution of its governing authority authorizing the sale and delivery of the deed and certification by the appropriate party certifying the resolution and setting forth facts showing the conveyance conforms to the requirements of local law. **Seller** will transfer security deposits to **Buyer**. **Buyer** will provide the closing statement, mortgages and notes, security agreements, and financing statements.

(d) Taxes and Prorations: Real estate taxes, personal property taxes on any tangible personal property, bond payments assumed by **Buyer**, interest, rents (based on actual collected rents), association dues, insurance premiums acceptable to **Buyer**, and operating expenses will be prorated through the day before closing. If the amount of taxes for the current year cannot be ascertained, rates for the previous year will be used with due allowance being made for improvements and exemptions. Any tax proration based on an estimate will, at request of either party, be readjusted upon receipt of current year's tax bill; this provision will survive closing.

(e) Special Assessment Liens: Certified, confirmed, and ratified special assessment liens as of the Closing Date will be paid by **Seller**. If a certified, confirmed, and ratified special assessment is payable in installments, **Seller** will pay all installments due and payable on or before the Closing Date, with any installment for any period extending beyond the Closing Date prorated, and **Buyer** will assume all installments that become due and payable after the Closing Date. **Buyer** will be responsible for all assessments of any kind which become due and owing after Closing Date, unless an improvement is substantially completed as of Closing Date. If an improvement is substantially completed as of the Closing Date but has not resulted in a lien before closing, **Seller** will pay the amount of the last estimate of the assessment. This subsection applies to special assessment liens imposed by a public body and does not apply to condominium association special assessments.

Buyer () () and **Seller** () () acknowledge receipt of a copy of this page, which is Page 4 of 8 Pages.

(f) Foreign Investment in Real Property Tax Act (FIRPTA): If **Seller** is a "foreign person" as defined by FIRPTA, **Seller** and **Buyer** agree to comply with Section 1445 of the Internal Revenue Code. **Seller** and **Buyer** will complete, execute, and deliver as directed any instrument, affidavit, or statement reasonably necessary to comply with the FIRPTA requirements, including delivery of their respective federal taxpayer identification numbers or Social Security Numbers to the closing agent. ~~If **Buyer** does not pay sufficient cash at closing to meet the withholding requirement, **Seller** will deliver to **Buyer** at closing the additional cash necessary to satisfy the requirement.~~

10. ESCROW AGENT: **Seller** and **Buyer** authorize Escrow Agent or Closing Agent (collectively "Agent") to receive, deposit, and hold funds and other property in escrow and, subject to collection, disburse them in accordance with the terms of this Contract. The parties agree that Agent will not be liable to any person for misdelivery of escrowed items to **Seller** or **Buyer**, unless the misdelivery is due to Agent's willful breach of this Contract or gross negligence. If Agent has doubt as to Agent's duties or obligations under this Contract, Agent may, at Agent's option, (a) hold the escrowed items until the parties mutually agree to its disbursement or until a court of competent jurisdiction or arbitrator determines the rights of the parties or (b) deposit the escrowed items with the clerk of the court having jurisdiction over the matter and file an action in interpleader. Upon notifying the parties of such action, Agent will be released from all liability except for the duty to account for items previously delivered out of escrow. If Agent is a licensed real estate broker, Agent will comply with Chapter 475, Florida Statutes. In any suit in which Agent interpleads the escrowed items or is made a party because of acting as Agent hereunder, Agent will recover reasonable attorney's fees and costs incurred, with these amounts to be paid from and out of the escrowed items and charged and awarded as court costs in favor of the prevailing party.

11. CURE PERIOD: Prior to any claim for default being made, a party will have an opportunity to cure any alleged default. If a party fails to comply with any provision of this Contract, the other party will deliver written notice to the non-complying party specifying the non-compliance. The non-complying party will have _____ days (5 days if left blank) after delivery of such notice to cure the non-compliance. Notice and cure shall not apply to failure to close.

12. FORCE MAJEURE: **Buyer** or **Seller** shall not be required to perform any obligation under this Contract or be liable to each other for damages so long as performance or non-performance of the obligation, or the availability of services, insurance, or required approvals essential to Closing, is disrupted, delayed, caused or prevented by Force Majeure. "Force Majeure" means: hurricanes, floods, extreme weather, earthquakes, fire, or other acts of God, unusual transportation delays, or wars, insurrections, or acts of terrorism, which, by exercise of reasonable diligent effort, the non-performing party is unable in whole or in part to prevent or overcome. All time periods, including Closing Date, will be extended a reasonable time up to 7 days after the Force Majeure no longer prevents performance under this Contract, provided, however, if such Force Majeure continues to prevent performance under this Contract more than 30 days beyond Closing Date, then either party may terminate this Contract by delivering written notice to the other and the Deposit shall be refunded to **Buyer**, thereby releasing **Buyer** and **Seller** from all further obligations under this Contract.

~~**13. RETURN OF DEPOSIT:** Unless otherwise specified in the Contract, in the event any condition of this Contract is not met and **Buyer** has timely given any required notice regarding the condition having not been met, **Buyer's** deposit will be returned in accordance with applicable Florida Laws and regulations.~~

~~**14. DEFAULT:**~~

~~(a) In the event the sale is not closed due to any default or failure on the part of **Seller** other than failure to make the title marketable after diligent effort, **Buyer** may elect to receive return of **Buyer's** deposit without thereby waiving any action for damages resulting from **Seller's** breach and may seek to recover such damages or seek specific performance. If **Buyer** elects a deposit refund, **Seller** may be liable to Broker for the full amount of the brokerage fee.~~

~~(b) In the event the sale is not closed due to any default or failure on the part of **Buyer**, **Seller** may either (1) retain all deposit(s) paid or agreed to be paid by **Buyer** as agreed upon liquidated damages, consideration for the execution of this Contract, and in full settlement of any claims, upon which this Contract will terminate or (2) seek specific performance. If **Buyer** fails to timely place a deposit as required by this Contract, **Seller** may either (1) terminate the Contract and seek the remedy outlined in this subparagraph or (2) proceed with the Contract without waiving any remedy for **Buyer's** default.~~

15. ATTORNEY'S FEES AND COSTS: In any claim or controversy arising out of or relating to this Contract, the prevailing party, which for purposes of this provision will include **Buyer**, **Seller** and Broker, will be awarded reasonable attorneys' fees, costs, and expenses.

16. NOTICES: All notices will be in writing and may be delivered by mail, overnight courier, personal delivery, or electronic means. Parties agree to send all notices to addresses specified on the signature page(s). Any notice,

17. DISCLOSURES:

(a) Commercial Real Estate Sales Commission Lien Act: The Florida Commercial Real Estate Sales Commission Lien Act provides that a broker has a lien upon the owner's net proceeds from the sale of commercial real estate for any commission earned by the broker under a brokerage agreement. The lien upon the owner's net proceeds is a lien upon personal property which attaches to the owner's net proceeds and does not attach to any interest in real property. This lien right cannot be waived before the commission is earned.

~~**(b) Special Assessment Liens Imposed by Public Body:** The Property may be subject to unpaid special assessment lien(s) imposed by a public body. (A public body includes a Community Development District.) Such liens, if any, shall be paid as set forth in Paragraph 9(e).~~

Buyer shall have 36 months from the Effective Date of this Agreement to secure financing and the requisite development approvals and close on conveyance of the Property. Seller, in its capacity as Owner of the Property hereby agrees to cooperate fully with Buyer in securing development permits and approvals. All expenses incurred by Buyer in obtaining the permits and authorizations for development of the site shall be the

Background

On November 21, 2024, the Community Redevelopment Agency Published a Notice of Intent to Accept Proposals to Acquire and Develop Fort Lauderdale Community Redevelopment Agency Properties on NW 22 Road and NW 24 Avenue in the NPF CRA Area. The properties consisted of 4 parcels along a four block area encompassing 9 vacant lots conveyed in "As Is" condition by the City of Fort Lauderdale to the CRA between October 2017 and April 2024 including:

Parcel No 1 - 660 NW 22 Road – Approximately 5,003 square feet
(Property ID 5042 05 01 1990)

Parcel No 2 – 708, 712, and 716 NW 22 Road – Approximately 15,312 square feet
(Property ID 5042 05 01 1820, 5042 05 01 1810 and 5042 05 01 1800)

Parcel No 3 – 744 NW 22 Road – Approximately 5,004 square feet
(Property ID 5042 05 01 1550)

Parcel No 4 – 800 NW 22 Road and 808 NW 24 Avenue – Approximately 17,036 square feet
(Property ID 5042 05 08 0080 and 5042 05 08 0100)

The parcels are zoned a combination of Community Business (CB) and RMM 25 – Residential Multi-family. The properties have an appraised value of \$827,380. A copy of the Location Map, Request for Proposal Notice, Broward County Property Appraiser Information and Appraisal Summary of the Property are attached as Exhibits 1, 2, 3 and 4.

Detailed submittal requirements were outlined in the RFP. Along with their proposal, the RFP required the proposers submit their Purchase Offer for the property and that their proposal include the development of all four parcels.

On January 6, 2025, two proposals were received from:

- The Central County Community Redevelopment Corporation, a subsidiary of the Urban League of Broward County, in partnership with Ellavoz Impact Capital, LLC and Minority Builders Coalition, Inc.
- Shumer Capital Corp.

An Evaluation Committee was established for reviewing and scoring the proposals. The Evaluation Committee consisted of:

- Avis Wilkinson, City of Fort Lauderdale Assistant Housing and Community Development Manager, and
- Corey Ritchie, Fort Lauderdale Community Redevelopment Agency Project Manager
- Eleni Ward-Jankovic, CRA Housing and Economic Development Manager

The Evaluation Committee then met on February 26, 2025 to score the two proposals and determine whether they wanted to hear presentations from the two proposals at a follow-up meeting. They decided that a follow-up meeting was not necessary and instead proceeded with their final ranking of the proposals using the Evaluation Criteria stated in the RFP. A mathematical formula is used to determine the scoring for each proposal based on the weighted criteria in the RFP.

RFP WEIGHED EVALUATION CRITERIA

Is in the best interest of the CRA and promotes or facilitates the furtherance of the goals, objectives and policies of the NPF CRA Plan and is most responsive to the requirements of the RFP.	33.33%
Demonstrates quality construction, materials and features of the structure and site, and	33.33%
Demonstrates the financial capacity, experience, qualifications and abilities best suited to carry out such proposal.	33.33%
TOTAL PERCENT AVAILABLE:	100%

Each Evaluation Committee member ranked each proposal by each criteria, giving their first ranked proposal a number 1 and the second ranked proposal a number 2. The lowest point score determines the highest ranking with the top ranked proposer receiving the lowest score, the second top ranked proposer receiving the second lowest score, and so on. This ranking is provided to this Advisory Board. A complete breakdown of the scoring by the Evaluation Committee and final ranking is attached as Exhibit 5.

Based on the RFP Evaluation Committee scoring, the ranking of proposers are as follows:

RFP EVALUATION COMMITTEE RANKING		
RANKING	PROPOSER	TOTAL POINTS
1	The Central County Community Development Corporation, a subsidiary of the Urban League of Broward County, in partnership with Ellavoz Impact Capital, LLC and Minority Builders Coalition, Inc	3

Consistency with NPF CRA Community Redevelopment Plan

The Redevelopment Program seeks to preserve and expand affordable housing, commercial development and job opportunities. The NPF CRA Community Redevelopment Plan is designed in part to stimulate private development of areas. The Project is consistent with NPF CRA Plan which provides for direct physical improvements to enhance the overall environment, improve the quality of life, promote public private partnerships, and investment in the area. In addition, per the Future Land Use Plan and CRA Plan, redevelopment and housing opportunities for low and moderate income households within the CRA should be encouraged.

Land assembly may be used as a government intervention technique or predominant method of redevelopment programming to foster private redevelopment. In connection with

those programs, projects or activities where land assembly for private disposition and use is deemed appropriate, the purpose, intent and objectives of the Redevelopment Plan shall be protected. Prior to disposition of any such public property acquired directly in connection with the Redevelopment Plan, the City or CRA shall approve conditions of control deemed appropriate at the time to facilitate the intended program, project or activity while adequately protecting the intent and objectives of the Redevelopment Plan.

Resource Impact

There will be a positive impact to the CRA in the amount of \$40 for unbudgeted revenues received from the property sale.

RE: NOTICE OF INTENT TO ACCEPT PROPOSALS TO ACQUIRE AND DEVELOP FORT LAUDERDALE
COMMUNITY REDEVELOPMENT AGENCY PROPERTIES ON NW 22 ROAD AND ON NW 24 AVENUE

Dear Mr. Wojcik:

The Central County Community Development Corporation Inc, a subsidiary of the Urban League of Broward County, in partnership with Ellavoz Impact Capital, LLC and Minority Builders Coalition, Inc, appreciates the opportunity to respond to the notice of intent to accept proposals to acquire and develop Fort Lauderdale Community Redevelopment Agency properties on NW 22 Road and on NW 24 Avenue. Our goal for this multi-site development is to create a cohesive, vibrant attractive residential community of mixed incomes and mixed uses and to utilize this opportunity of investment to be catalytic in reimagining and reviving NW 22nd Road to a safe, healthy, and nurturing environment for families to live and businesses to thrive. As an equity partner and co-developer, our intent with Legacy Village is to highlight the significant history of the target area, co-create with legacy landowners and community stakeholders, and to advance the intersectionality of health, housing, economic development and public safety through intentional community redevelopment.

Since 1975, the Urban League of Broward County, led by Dr. Germaine Smith Baugh, has been serving residents of Broward County and provides a myriad of programs in the areas of: housing, health, entrepreneurship, education, justice and jobs. To directly address the challenges related to economic and community development through affordable housing and small business lending, the Urban League created a subsidiary, Central County Community Development Corporation (CCCDC). The CCCDC is certified by the State of Florida as Community Housing Development Organization (CHDO) and nationally certified by the U.S. Department of Treasury as a Community Development Financial Institution (CDFI). These two designations have allowed the CCCDC to leverage millions in private capital investments as well as state and federal dollars to address the economic development needs of our local community.

The Broward County Minority Builders Coalition, Inc. (dba Minority Builders Coalition, Inc.), led by Brian C. Johnson, President/CEO, is an equity partner and co-developer in the proposed project.

For nearly 54 years, MBC has also been a valuable community asset in addressing the housing needs of residents living in Broward County's urban core. As such, MBC is a leading nonprofit developer/manager of affordable housing for moderate/low-income families and seniors. Furthermore, MBC has been the leading advocate and support service provider for MWBE construction related firms throughout South Florida for more than five decades.

Elavoz Impact Capital (EIC), led by Robert Hutchins, is an equity partner and co-developer in the proposed project. EIC is a social impact investor, advisor, asset manager, and real estate developer focused on sponsoring, developing and owning workforce and affordable housing assets and other community-oriented real estate properties. EIC currently has nearly \$350 million in assets under management. Its current investments are located in New Jersey, Florida, South Carolina, Minnesota, and New York. While national in scope, EIC seeks to geographically concentrate its investments to spark community revitalization. Current assets include single-family, multifamily, and mixed-use properties.

Our proposed project builds on decades of experience in community and economic development, as well as family support services, including health jobs, entrepreneurship, and housing. The Central County CDC and its partners recognize the historic contributions that many families have made to this area. The proposed project honors the legacy of families like ours by committing to preserving the vital resources (including healthcare services, small business support, and healthy food options) these families have provided to our communities.

This proposal incorporates a comprehensive viewpoint of the current state of the target area and its needs, including public safety and health, while providing a realistic approach to its future development. With time and investment from legacy entities, like the community partners included in the proposal, we strongly believe that this community can be a safe, nurturing and healthy place for families to raise their children, for elders to age with dignity, and professionals to be groomed for the health disciplines. This proposal provides opportunities for affordable rental units, introduces live/work ownership options, and wellness facilities aimed at supporting women and family health. Through co-creation with legacy landowners and property acquisitions, additional phases can include the consideration of adding a food pharmacy in the form of an appropriately sized groce, community gardens, and other economic drivers.

This development will meet the Northwest-Progresso-Flagler Heights Community Redevelopment Area Community Redevelopment Plan goals and requirements. With the local and national experience of the development team and the financial strength of each entity, we believe that this is an opportune time to create the Legacy Village Community, co-created with local landowners and community stakeholders. The proposed multi-site development will improve the quality of life for the current residents through health access and public safety, introduce new residents of mixed incomes through affordable residential units, promote public/private partnerships, create job opportunities for local minority owned firms, and capitalize on the social impact work of several local nonprofits.

The proposed concepts outlined in The Legacy Village will substantially transform the targeted area from one that is currently substantially blighted to an attractive new corridor where young adults, families and professionals can live and work. The modern urban design capitalizes on the current zoning and the Live Local Act provisions providing an estimated 64 residential units; along with up to 9,400 square feet of amenity space, including community meeting space, outdoor terraces, and fitness areas and introduces a wellness facility of approximately 8,900 square feet. Additionally, our strategic uses will boost economic activity, and improve the social well-being, physical health and economic mobility of residents in the targeted area.

Furthermore, we intend to work with the City of Fort Lauderdale Police Department on strategies to address crime and public safety in the immediate area; Broward County Transportation to upgrade existing transportation hubs and bus sites; and State of Florida Office of Broadband to address digital access through upgraded infrastructure.

PURCHASE OFFER

The Central County Community Development Corporation and its partners propose affordable housing targeting AMI of 80% and below and workforce housing up to 140%. Given the rent restrictions for housing affordability and to ensure a financially viable development that can be developed, constructed, and stabilized, the purchase offer for each parcel is outlined below:

Parcel #1 - \$10; Parcel #2 - \$10; Parcel #3 - \$10; and Parcel #4 - \$10

Our concept proposal envisions an exchange of value where we are requesting the lots at minimal cost in exchange for increased community benefits including, but not limited to, affordable housing, health services and small business support.

Thank you for consideration of this concept proposal and look forward to the opportunity to partner with the City of Fort Lauderdale and the NPF-CRA on this transformative redevelopment endeavor.

Sincerely,

Germaine Smith Baugh, EdD
Board Chair, CCCDC and CEO, ULBC

EXECUTIVE SUMMARY

The Central County Community Development Corporation Inc. a subsidiary of the Urban League of Broward County, in partnership with Ellavoz Impact Capital, LLC and Minority Builders Coalition, Inc. appreciates the opportunity to respond to the notice of intent to accept proposals to acquire and develop Fort Lauderdale Community Redevelopment Agency properties on NW 22 Road and on NW 24 Avenue. The Central County CDC and its partners (Ellavoz Impact Capital, LLC and Minority Builders Coalition, Inc.) are proposing to leverage the Fort Lauderdale CRA lots into the development of a broader community revitalization project that we call The Legacy Village. Our working concept, in response to this Notice of Intent, consists of a series of integrated projects that individually provide critical services to residents in our targeted area. Collectively, these integrated projects create a holistic development delivering critical services, attractive and engaging buildings, and sustainable economic activity that will transform an expansive corridor on NW 22nd Road. The target area of NW 22nd Road faces systemic barriers to economic stability and social well-being. Factors such as unemployment, healthcare access, and limited affordable housing contribute to cycles of poverty. Additionally, this target area is disproportionately affected by food insecurity, crime, and insufficient infrastructure.

The Legacy Village concept is a mixed-used, mixed-income affordable and workforce housing community "village" with multiple buildings across the available footprint, including community facilities, residential amenities, and wellness center. The primary objective of The Legacy Village is to invest in critical services aimed at enhancing the social, physical, and economic well-being of Broward residents and to enhance geographic targeted areas with documented needs for resources. This project concept builds on decades of community and economic development experience and family support services, including health, jobs, entrepreneurship, and housing. Through this proposed project, assets will be aligned with critical community needs to foster community-led revitalization.

The proposed concepts outlined in The Legacy Village will substantially transform the targeted area from one that is currently substantially blighted to an attractive new corridor where elders, young adults, families and professionals can live and work. The modern urban design envisions an estimated 64 residential units; along with up to 9,400 square feet of amenity space, including community meeting space, outdoor terraces, and fitness areas and introduces a wellness facility of approximately 8,900 square feet. Additionally, our strategic uses will boost economic activity, and improve the social well-being, physical health, and economic mobility of residents in the targeted area.

The Central County Community Development Corporation and Ellavoz Impact Capital, as lead developer and guarantors, respectively, for the Legacy Village, have the financial capability to undertake this multi-site development. Financial projections are based on initial project concept, design, and market conditions. These assumptions are subject to change based on the modifications to the project by the Fort Lauderdale CRA or applicant.

Our goal for this multi-site development is to create a cohesive, vibrant, attractive residential community of mixed incomes and mixed uses and to utilize this opportunity of investment to be catalytic in reimagining and reviving NW 22nd Road to a safe, healthy, and nurturing environment for families to live and businesses to thrive.

The Community Empowerment Center, a 28,000 square foot community and administrative building in the heart of Fort Lauderdale redevelopment area was master developed by the Urban League, including entitlement, design, construction, stabilization, and property management of the Center. Presently, we have assembled the largest number of acres by a social nonprofit organization to develop a mixed income affordable housing development (469 residential units) including community facilities. PROJECT CONCEPT + PLANS

SECTION FOUR

**“...PROVIDE FOR NEW HOUSING AND IMPROVED
NEIGHBORHOOD SERVICES WHILE ENCOURAGING NEW
RESIDENTIAL AND COMMERCIAL DEVELOPMENT WITHIN AN
URBAN VILLAGE APPROACH”**

NPF- CRA PLAN

INTRODUCTION

The Central County CDC and its partners (Elavaz Impact Capital, LLC and Minnity Builders Coalition, Inc.) are proposing to leverage the Fort Lauderdale CRA lots into the development of a broader community revitalization project that we call The Legacy Village. Our working concept, in response to this Notice of Intent, consists of a series of integrated projects that individually provide critical services to residents in our targeted area. Collectively, these integrated projects create a holistic development delivering critical services, attractive and engaging buildings, and sustainable economic activity that will transform an expansive corridor on NW 22nd Road.

The Legacy Village concept is a mixed-used, mixed-income affordable and workforce housing community "village" with multiple buildings across the available footprint including community facilities, residential amenities, and wellness center. The primary objective of The Legacy Village is to invest in critical services aimed at enhancing the social, physical, and economic well-being of Broward residents and to enhance geographic targeted areas with documented needs for resources.

This project concept builds on decades of community and economic development experience and family support services, including health, jobs, entrepreneurship, and housing. Through this proposed project, assets will be aligned with critical community needs to foster community-led revitalization.

STATEMENT OF NEED

The target area of NW 22nd Road faces systemic barriers to economic stability and social well-being. Factors such as unemployment, healthcare access, and limited affordable housing contribute to cycles of poverty. Additionally, this target area is disproportionately affected by food insecurity, crime, and insufficient infrastructure. According to HRSA ZCTA data, the target area (33311) has a population of 75,000 residents with approximately 42,000 between the ages of 18–64. The poverty rate is 28% and the rate of uninsured is 17% and 41% for health center patients. Medicaid recipients comprise 30% of the population and 52% are Medicare/private insured.

Key Challenge #1: Health and Food Insecurity

Maternal and Infant Mortality: Black infants in Broward County face mortality rates nearly 3x higher than White infants. Some of the contributing factors include inadequate prenatal care, preterm births and low birth weight babies. 20% of Florida women of childbearing age lack health insurance, limiting access to prenatal care.

Chronic Disease: The target area has high rates of hypertension (17%), diabetes (29%), and obesity (40%), especially among minority populations. Lack of preventive care, access to healthy food, and lifestyle management resources exacerbate these issues.

Healthcare Accessibility: According to the HRSA, the target area of this notice of intent has healthcare options that are over 2 miles away, making it difficult to access for residents without reliable transportation.

Limited Access to Healthy Food: There are currently limited full-service grocery stores in this neighborhood, and few options for purchasing fresh produce and protein. Residents of the target area often rely on corner stores and fast-food outlets, which creates a food desert for the families. Poor nutrition contributes to obesity, diabetes, hypertension and heart disease. In addition, nutritional deficiencies and higher health care costs arise from limited access to fresh foods.

In summary, the health data for the target geographic area demonstrates high disparities in chronic diseases, including diabetes, heart disease, and various cancers. In addition, the area is a maternal health desert with limited OB/GYN services for women and families. The historical context of the challenges in this community related to food desert, environmental pollution, low education, and housing affordability contribute to health disparities.

Key Challenge #2: Housing

Fort Lauderdale faces a critical need for affordable housing due to a combination of rising rents, rapidly appreciating property values, a growing population, and stagnant wages. Many working families, seniors, and professionals essential to the local economy are increasingly unable to afford housing within the city limits. Addressing this need requires a focus on developing affordable rental units and homeownership opportunities, ensuring long-term affordability, and implementing policies that promote equitable housing access for all residents. Broward County's 10 Year Affordable Housing Master Plan outlines aggressive strategies to be undertaken by local municipalities to help close this housing gap. 61% of Broward residents are burdened with housing costs meaning they spend more than 30% of their income on housing related housing-related expenses.

According to the Broward County Housing Master Plan, the dynamics driving housing affordability in Broward County have been moving in the wrong direction — housing prices and rents increasing extraordinarily faster than wages, slow higher-wage job creation, tightening vacancy rates, and rapid appreciation that permanently removes more units each year from the local market. Broward County has an affordable rental housing unit gap of 74,000 units; Fort Lauderdale ranks second among the 31 Broward County municipalities in their gap of affordable rental units.

LEGACY ON NW 22ND ROAD

The concept for The Legacy Village was first derived from community conversations that highlighted the rich legacies associated with health and economic development that was initiated along this corridor north of the historic Sistrunk Blvd. Today, on the corner of NW 22nd Road and Sistrunk Blvd, there is the legacy establishment Betty's Soul Food Restaurant. On this same road, other black owned businesses and family legacies were produced and supported. Particularly, there are many stories of community engagement, personal sacrifices and professional excellence that came out of the targeted area. These include, but are not limited to, the invaluable contributions of Dr. Calvin Shirley, Mr. Henry Scurry and the Minority Builders Coalition, Inc. - all of whom made significant impacts on black communities throughout Broward County while having their main offices on NW 22nd Road. The Legacy Village seeks to center their contributions, highlight their stories and continue their community impacts on black communities throughout Broward County for future generations.

Dr. Calvin H. Shirley opened his OB/GYN practice on NW 22nd Road; women ushered Dr. Calvin Shirley into expanding his practice to the entire family and community once he delivered their babies. Dr. Shirley came to Ft. Lauderdale in 1949 when there were only two other black physicians at that time, who were all practicing at Provident Hospital since 1938. Dr. Shirley had four sites across two counties from Fort Lauderdale to Delray Beach to Belle Glade providing OB/GYN care. Women paved the way to actualize the vision for family centered care to ensure the wellbeing for themselves, their families, and the community. In addition to the health offices, Dr. Shirley also believed that doctors and interns/residents benefitted from living in the communities where they served patients and as a result, was ahead of his time in creating on site residential units located at the practice office.

Mr. Henry Scurry was well respected in the South Florida community as a tenured college professor at Miami Dade College for thirty-one years, including fourteen years as Department Chair. Mr. Scurry spent considerable time providing impressive subject matter knowledge to aspiring nurses, physicians and funeral directors who were required to pass his class. Mr. Scurry was a member of New Mount Olive Baptist Church in Fort Lauderdale for over 40 years, a member of the Zeta Alpha Lambda Chapter of Alpha Phi Alpha Fraternity, Inc. and the Pride of Fort Lauderdale Elks Lodge #652 and a Life Member of the National Association for the Advancement of Colored People (NAACP). He served on the Boards of United Way of Broward County and Girl Scouts of Southeast Florida and the Fort Lauderdale Cemetery System Board of Trustees.

In 1980 on NW 22nd Rd, Mr. Scurry opened Scurry Funeral Home, Ltd., which continues to exist today. For decades, Mr. Scurry was considered one of the most prominent black businessmen in Fort Lauderdale, and Scurry Funeral Home became a well-known institution in Fort Lauderdale's black community.

LEGACY ON NW 22ND ROAD

MINORITY BUILDERS COALITION FOUNDING BOARD MEMBERS (1971)

On this same NW 22nd Road, in 1971, the Broward County Minority Builders Coalition, Inc. was founded under the leadership of the late E. Pat Larkins, a former city commissioner and local businessman. Seven black and one Hispanic entrepreneur focused on unifying to create economic opportunities and promote and the collective prosperity of minority construction professionals.

MBC's formative years were spent on the property that is now the current site of Franklin Ball Bonds at 771 NW 22nd Road. Nearly 54 years later, MBC continues to be a leading nonprofit affordable housing developer and a fierce advocate for minority participation in community and economic development projects across South Florida.

Currently on NW 22nd Road, there are long tenured churches, such as Bethel Missionary Baptist Church and civic and fraternal organizations, including Kappa Alpha Psi Fraternity House. These legacies serve as a foundation for re-imagining this NW 22nd Road corridor to once again focus on economic growth, healthy living, and prosperity into the future.

THE LEGACY VILLAGE DEVELOPMENT CONCEPT

Building on the rich history, recognizing the current challenges and opportunities, and co-creating with community and business stakeholders, the Central County CDC and its partners introduce concept of The Legacy Village. The target area is comprised of multiple sites acquired by the Fort Lauderdale CRA along the NW 22nd Road and NW 24th Avenue.

The Central County CDC has developed a working concept for the use of the land assets which will address the following goals in the NPR CRA Implementation Plan (February 2008):

- History - The preservation and recognition of history and enhancing the general image of the area
- Housing - Provide a mixture of housing that provides housing opportunities for all segments of the community
- Connections - Internal and external connections to jobs, services, transit, and public places are important to the overall redevelopment opportunities in the area
- Economic Development - How location, past success and the tools of a local community redevelopment agency may be used to bring development opportunities to the area.

Proposed Solution to Affordable Housing Need: Legacy Living I and II

Among the two primary sites, including the proposed acquisition of 748 NW 22nd Road, The Legacy Village proposes Legacy Living I and II, up to 60 affordable and workforce rental units, along with introducing up to 4 live/work units on the two infill sites. Legacy Living I and II proposes residential units including studios, 1 BR, and 2 BR. The live/work units proposed are 3 BR units. Residential amenities include terrace pavilions, fitness areas and community facilities. The affordable housing solution is intended to target households with 80% AMI and below and the workforce housing will target households up to 140%.

Proposed Solution to Need for Health Access: Legacy Health

On the primary site fronting NW 22nd Road, The Legacy Village proposes approximately 8,900 square feet of space to create comprehensive, data/research informed, culturally responsive, community-based wellness hub that is female-centered and family-focused. This intersectionality of health and housing would augment existing services and address continued gaps for access to health care services with a direct focus on female-focused community health model. The wellness center will be operated in collaboration with health care partnerships with existing health care providers as well as partnerships with Medicaid and Medicare managed care plans for a sustained patient base. It will establish primary prevention health care access with office spaces for rotating specialties with an emphasis initially on women's health services.

In addition to the health care programming, the proposed development concept will include affordable residential units targeting health care professionals, including doctors in residence programs and interns, with priority given to those working in the geographic area. This will create a live/work/learn experience supporting the goals of the initiative and addressing the challenges of affordable workforce housing. This may create expanded opportunities for partnerships with the university and college systems as well as hospital entities.

As a community of social impact organizations, we are also committed to a comprehensive approach to addressing the social determinants of health and wealth for families; therefore, engaging households on the full range of social and economic mobility resources is an imperative for a lasting and transformative change. To bring this comprehensive vision to life will require the input and support from legacy community stakeholders, potentially including, but not limited to community partnerships with entities such as, Minority Builders Coalition, Inc., Urban League of Broward County, Inc., Handy, Inc., Broward Community & Family Health Center, Inc., Community Based Connections, Inc., Mt. Olive Development Corporation Inc., Nova Southeastern University and Broward College.

Proposed Solution to Food Access: Legacy Healthy Market and Urban Garden

The need for a neighborhood grocery store offering healthy food options is both urgent and essential, particularly in this targeted area on NW 22nd Road. This area is considered a food desert with limited or no access to affordable and nutritious food within more than a mile. The residents in the area face significant barriers, such as distance or lack of transportation, in accessing full-service grocery stores offering fresh produce and other healthy foods. This lack of access contributes to poor dietary habits and increased prevalence of chronic health conditions like obesity, diabetes, and cardiovascular disease. For low-income families living in food deserts, the absence of nearby healthy food options often forces reliance on fast food or convenience store purchases, perpetuating cycles of poor health.

A new neighborhood-based grocery store with healthy food selections would directly address these basic community needs by providing a reliable source of fresh, affordable, and nutritious food. In doing so, it would empower residents to make healthier choices, improve community health outcomes, and reduce health disparities. We are also exploring the potential of placing an urban garden on the site where produce can be locally grown and supplied to the grocery store. Beyond meeting immediate dietary needs, a local grocery store with an urban farm, can catalyze economic development by creating jobs for community members, including positions in retail, logistics, farming and management, while also fostering ancillary commercial activity by attracting nearby businesses. The store/garden can become a hub for economic activity, helping to uplift the area, increase property values, and build a stronger, more resilient community.

Infrastructure: Public Safety, Broadband and Transportation

In addition to the development of the land assets, the Central County CDC and its partners desire to address transportation needs in the area, partnering with Broward County Transportation Division to upgrade bus shelters in the target area as well as with Florida Commerce and local internet service providers to address broadband access through infrastructure improvement. In collaboration with legacy landowners in the target area, the Central County CDC and its partners have drafted concepts for the inclusion of their property in future development strategies. In addition, but as important to the physical structures, we intend to work strategically with the City Commission and the City of Fort Lauderdale Police Department to strategize on crime deterrent and prevention strategies.

URBAN DESIGN

Integration of urban design in affordable housing is a vital approach to creating sustainable, inclusive, and vibrant communities. The Legacy Village has chosen an approach that is inclusive and yet challenges the existing status quo of the surrounding assets. The CRA Plan supports efforts of urban design and increased density with smart growth strategies. Below are some key principles and strategies.

Mixed-Used Development

The Legacy Village integrates residential, commercial, and public spaces to create a more vibrant community on NW 22nd Road. The design encourages walkability between the sites, with ground floor activity and community services and fosters economic activity.

Connectivity and Accessibility

Collaborating with the Broward County Transportation Department and the City of Fort Lauderdale, improving the public transportation options, including bus shelters, along the NW 22nd Road corridor would be beneficial to current and future residents of the area, enhancing mobility for residents.

Inclusive Public Spaces

Utilizing design principles, the architects provided unique opportunities for communal living through outdoor terraces, pavilions, and community and fitness areas all of which are designed to promote social interaction and mental health.

Sustainable Design

The residential units will incorporate energy-efficient mechanical systems, lighting, and low-flow water fixtures to reduce utility costs for residents, improve the overall air quality in units, and support global environmental sustainability goals.

Scalability and Flexibility

The mixed residential unit typology was intentionally considered to adapt to family sizes and community needs; thereby supporting a diverse population of residents and reducing the need for relocation so families can remain in the neighborhood without being displaced by The Legacy Village's revitalization efforts.

Preservation of Cultural Identity

Essential to The Legacy Village is the preservation of history and cultural identity and this is accomplished through design of public art on the buildings, and the intention to have a health legacy of Sistrunk also reflected in the lobbies and corridors of the wellness hub.

Integration with Social Services

Through partnership with local nonprofit organizations, The Legacy Village will co-locate access to healthcare, financial literacy, digital access, and economic services for current residents and the surrounding with the primary goal of improving the quality of life for all residents.

By embedding these principles of urban design into the development concept of The Legacy Village, affordable and workforce housing can become more than just a shelter—it becomes a foundation for thriving communities, including health, public safety and education.

INTRODUCTION PLANS + RENDERINGS

The design of The Legacy Village features a modern style that incorporates a range of textures and patterns that give interest to the buildings in a cost effective way. Textures, colors and patterns are consistent throughout the different designs for each building creating a motif that connects the buildings while allowing each to have its own identity.

Main Design Elements

- Pattern of horizontal stucco reveals on solid walls, strategically placed to add character to the buildings and highlight key areas.
- Laser cut aluminum screen which is used as balcony railings, and to enclose open-air stairwells. The screen pattern will become a symbol of the Legacy Village, unifying the various buildings as a whole. The screen is also functional as it provides security to open-air stairwells and corridors.
- Open-air corridors and stairwells allow for natural ventilation and daylighting of these areas, which saves on building development and operational costs and also provides a healthier environment for the building residents.
- Brightly colored awnings highlighting the storefront windows on each building. All residential units have a balcony to enhance the connection to outdoors.

The result is a bright and uplifting design that will be a catalyst for additional development and growth in the neighborhood.

LEGACY LIVING I – CONCEPTUAL 3D RENDER

EX. OF ATRIA IN APT. BLDG.

The Legacy Village proposes a 4 story residential building, Legacy Living I, with approximately twenty six (26) affordable rental units on NW 24th Ave.

Main Design Elements

- First floor provides a liner which conceals the surface parking from the street, and includes a lobby, community room and management office as well as utility spaces and stairwells.
- CPTED strategies such as storefront design connecting the lobby, community room and management office to the street help to provide eyes on the street and activate the streetscape.
- Second floor is a dramatic transition, as the building circulation opens up to become a grand covered atrium, provides an open-air landscaped space.
- The corridors on the third and fourth floors overlook this second floor garden.
- At the North and South ends of this circulation space are two amenity spaces, possibly a play area or other garden space and a common Terrace overlooking the corner of NW 24th Avenue and NW 22nd Road.
- Both ends feature laser-cut aluminum screens in The Legacy Villages signature pattern, allowing for cross-ventilation through the building.

LEGACY VILLAGE

LEGACY VILLAGE

The Legacy Village proposes a six-story mixed-use residential building, Legacy Health and Legacy Living II, with approximately 34 affordable rental units and 8000 square feet of health and wellness space on the first floor.

Main Design Elements

- Second and third floors are occupied by structured parking while the fourth through sixth floors house the residential units.
- Fourth floor optimizes space by utilizing a roof terrace over the parking structure providing amenity green space.
- Similar key elements as Living Legacy I, including laser cut screens at the stairwells and elevator lobby allow ventilation into the corridors.
- This building has an additional design feature to highlight community legacy pioneers with a focus as well on the future generations, 2nd and 3rd floor parking levels are clad with perforated metal screen custom cut with photomontage mural.

See Section 7 for architectural drawings

LEGACY LIVE/WORK- CONCEPTUAL 3D RENDER

The Legacy Village proposes to introduce a live-work typology as an in-fill solution on sites 660 and 744 to the Sistrunk Corridor.

Main Design Elements

- Maximize the narrower lot, the live-work typology features two-stacked residential units on the 2nd and 3rd Floor, with a work space on the 1st Floor.
- Parking is constituted in the rear of the building so that the storefront faces and connects to the street, supporting CPTED strategies.
- Each 3-BR unit has a large balcony overseeing the streetscape.

See Section 7 for architectural drawings

The Legacy Village proposes to collaborate with community stakeholders and current legacy landowners in re-imagining and co-creating the use of their property.

FINANCIAL CAPACITY

Central County CDC and its partners are committed to addressing the critical need for affordable housing in Fort Lauderdale/Broward County. This narrative outlines our financial capacity to successfully execute the proposed affordable housing development, ensuring its long-term sustainability and community impact. The Central County Community Development Corporation and Ellavoz Impact Capital, as lead developer and guarantors, respectively, for the Legacy Village, have the financial capability to undertake this multi-site development in a phased approach. The Central County CDC is a subsidiary of the Urban League of Broward County, and each entity retains assets. The consolidated assets of the entities have approximately \$1C million in real estate assets under management. Additionally, the Urban League of Broward County has added 19.5 acres in land assets that is valued at approximately \$16 million.

Ellavoz Impact Capital, LLC (EIC) is a social impact investor, asset manager, and real estate developer focused on sponsoring, developing, and owning workforce and affordable housing. Its principals have more than 20 years of experience in the affordable housing and community development sector and have led transactions with a total capitalization of approximately \$2 billion. EIC owns and has invested in numerous affordable housing projects in FL, NJ, MN, and NY. Today, the company has approximately \$350 million in assets under management. EIC manages numerous Opportunity Zone and other impact investment funds. EIC is an approved "Key Borrower Principal" by Freddie Mac. The company has also been approved as a borrower of EB-5 program financing. EIC's principals have experience borrowing from and partnering with more than a dozen CDFIs and numerous CRA-motivated banking institutions. For this transaction, EIC as a co-General Partner sponsor and any required lender guarantees jointly with its partners.

Each organization has a history of successfully completing affordable housing projects as outlined in the experience section in Attachment B. These projects showcase the respective organization's ability to manage budgets, secure funding, and adhere to timelines while delivering high-quality housing for low to moderate income populations. Central County CDC and Ellavoz Impact Capital maintains a robust financial foundation as evidenced by the financial documents attached in the response. Consolidated financial audits for the Urban League of Broward County and the financial audits for the Central County CDC for the last three years are included in Attachment C. EIC's balance sheets and profit and loss statements have been provided to the Fort Lauderdale CRA under TRADE SECRET - FINANCIAL STATEMENTS document.

Given the current market conditions and the need for affordable housing options, developers have had to explore unique and extensive financing options to ensure the viability of affordable housing projects. Communities, like the one targeted in this response, are in dire need of reinvestment; however, the cost to construct and stabilize is often more than the market can accommodate. Therefore, it takes tremendous commitment from developers to partner to make these deals effective. EIC and its principals are well-versed in utilizing various financial products, tax credits, and concessionary capital sources, such as Opportunity Zone investment vehicles to capitalize affordable housing and community development real estate projects. Our partnership is readily equipped to move quickly to take advantage of market conditions and mitigate any negative challenges in the current construction and lending environment. The team has vetted construction costs, potential sources of subsidies, debt financing and partnerships. With a mix of public and private funding to support this development, these assumptions are outlined in the narrative and have been actively pursued by the development team.

Key partnerships with lending institutions, including Freddie Mac, Florida Community Loan Fund, USC, Reinvestment Fund, and various CRA-motivated financial institutions and government entities, further strengthen our capacity to execute this project. These entities bring additional expertise, funding, and risk mitigation to the table.

The financial capacity of the partner organizations is well-aligned with the requirements of this affordable housing development. We are confident in our ability to deliver a community-focused project on time, within budget, and with enduring value to the community.

The included project Sources and Uses, operating projections, and rental mix reflect Central County CDC's current vision for developing a holistic community revitalization project on these CRA-owned parcels. The approach seeks to provide access to health services, healthy foods, quality affordable housing options, and wealth-building opportunities that will benefit existing and future community residents.

The proposed financial documents capture one version of how the Central County CDC and its partners could develop buildings that foster this vision. Should Central County CDC successfully secure the award to develop these parcels, the development team invites the engagement of the Fort Lauderdale CRA on modifications to its development plans, unit mix, rents, and sources of funds to best reflect current conditions and needs of the community to ensure a viable and sustainable community development.

REDEVELOPMENT AGENCY PROPERTIES ON NW 22 ROAD AND ON NW 24 AVENUE IN THE
NORTHWEST PROGRESSO FLAGLER HEIGHTS COMMUNITY REDEVELOPMENT AREA

Dear Mr. Woods:

I am writing to express my support for the *Legacy Village Project* proposed by the Central County Community Development Corporation, a subsidiary of the Urban League of Broward County, along with their development partners. The Central County CDC and its partners are making significant investments in essential infrastructure designed to revitalize the neighborhood, boost economic activity, and improve the social well-being, physical health, and economic mobility of residents in the targeted area.

The project builds on decades of experience in community and economic development, as well as family support services, including health, jobs, entrepreneurship, and housing. The Central County CDC recognizes the historic contributions that many families have made to this area. The proposed project honors the legacy of families like ours by committing to preserving the vital resources (including healthcare services, small business support, and health food options) these families have provided to our communities.

In partnership with legacy landowners, including my family, the Central County CDC has reimagined the integration of our property into future development plans. As a result, the *Legacy Village* project is uniquely positioned to deliver cohesive and complementary development and resources throughout the area. REDEVELOPMENT AGENCY PROPERTIES ON NW 22 ROAD AND ON NW 24 AVENUE IN THE
NORTHWEST PROGRESSO FLAGLER HEIGHTS COMMUNITY REDEVELOPMENT AREA

Dear Mr. Woods:

I am writing to express my support for the *Legacy Village Project* proposed by the Central County Community Development Corporation, a subsidiary of the Urban League of Broward County, along with their development partners. The Central County CDC and its partners plan to make significant investments in essential infrastructure designed to revitalize the neighborhood, boost economic activity, and improve the social well-being, physical health, and economic mobility of residents in the targeted area.

The project builds on decades of experience in community and economic development, as well as family support services, including health, jobs, entrepreneurship, and housing. The Central County CDC recognizes the historic contributions that many families have made to this area. The proposed project honors the legacy of families like ours by committing to preserving the vital resources (including healthcare services, small business support, and health food options) these families have provided to our communities.

In partnership with legacy landowners, including my family, the Central County CDC has reimagined the integration of our property into future development plans. As a result, the *Legacy Village* project is uniquely positioned to deliver cohesive and complementary development and resources throughout the area. Additionally, the Central County CDC and its partners are dedicated to collaborating with the Fort Lauderdale Police Department to develop and implement strategies aimed at reducing crime and enhancing public safety for residents.

Re: Notice of CDFI Certification Certification Number: 18ICE050718

Dear JC Toussaint,

I am pleased to inform you that the U.S. Department of the Treasury's Community Development Financial Institutions Fund (CDFI Fund) has certified Central County Community Development Corporation as a Community Development Financial Institution (CDFI). This letter officially documents your organization's certification as a CDFI, and it sets forth the terms under which continued and revised certification is granted. Capitalized terms not defined in this letter have the meaning ascribed to them in the CDFI Program regulations at 12 CFR Part 1805.

CDFI certification means that an organization meets the requirements described in the CDFI Program regulations at 12 CFR section 1805.201. These requirements include the following: having a Primary Mission of promoting community development; predominantly serving and maintaining Accountability to Eligible Target Markets; being a Financing Entity; providing Development Services; and being neither a government entity nor controlled by a government entity. CDFI certification does not constitute an opinion by the CDFI Fund or the U.S. Department of the Treasury as to the effectiveness or financial viability of an organization, nor does it indicate that the organization will be selected to receive an award from the CDFI Fund.

This CDFI certification is effective as of the date of this letter unless, as a result of a review of the organization by the CDFI Fund, the CDFI Fund, in its sole discretion, provides notification of termination of certification.

CDFI certification does not obligate the CDFI Fund and will not result in an exchange of funds, personnel, property, services, or any kind of financial commitment. Further, the CDFI Fund is not deemed to control the CDFI by reason of CDFI certification, for the purpose of any applicable law, nor does CDFI certification imply that the CDFI is an agent of the Federal government.

Your organization is certified as a CDFI with the Target Market(s) specified in Attachment A to this letter.

Compliance with Certification Requirements

In order for your organization to maintain its CDFI certification, your organization must continuously meet CDFI certification standards.

Thus, pursuant to 12 CFR section 1805.201(c), your organization must submit an Annual Certification Report (AnCer Report) at the time and manner proscribed by the CDFI Fund, along with such additional information as may be required to demonstrate its continued compliance with CDFI certification requirements.

Your organization's CDFI certification status will be reviewed annually or as deemed appropriate by the CDFI Fund, to ensure that it meets the certification criteria in effect at the time of review. At the CDFI Fund's sole discretion, the CDFI Fund may provide an opportunity to cure deficiencies prior to issuing a notice of termination of certification to your organization. Please note that from time to time, the CDFI Fund may revise its guidance for CDFI certification. Such changes may have the potential to impact your organization's annual reporting and ongoing certification status. The CDFI Fund will provide notice of changes to guidance via its website and/or direct notices. Your organization is strongly encouraged to monitor your e-mail boxes for such notices, to subscribe for email updates from the CDFI Fund, and to check the CDFI Fund website to monitor any changes to the CDFI Program regulations which may affect certification. Regulatory changes will be published in the Federal Register and on the CDFI Fund website.
