Aye: 5 - Mayor Seiler, Vice-Mayor Roberts, Commissioner Trantalis,
Commissioner DuBose and Commissioner Rogers

M-2 13-0876 LOCATION AGREEMENT FOR USE OF RIVER HOUSE TO FILM TELEVISION SERIES - Telemundo Studios Miami LLC - June 15, 2013 to November 6, 2013 - \$78,000

Commissioner Rogers announced that he inspected the River House and it is in need of repair. He requested an allocation of these funds for the repairs. During discussion of the item, the City Manager advised that Telemundo will be using the interior as a set. An RFP has been issued that anticipates the successful lessee would be responsible for repairing the building. Commissioner Rogers was concerned about hanging fascia which would be a safety concern. The City Manager agreed to send a crew out to address the safety issues.

Motion made by Commissioner Rogers and seconded by Vice Mayor Roberts to approve the item as recommended.

APPROVED

Aye: 5 - Mayor Seiler, Vice-Mayor Roberts, Commissioner Trantalis, Commissioner DuBose and Commissioner Rogers

M-3 13-0924 REIMBURSEMENT OF LEGAL FEES TO FRATERNAL ORDER OF POLICE LODGE 31 - defense of charges against Sergeant Florenco and Officers Mocerri and Shaffer - \$90,000 - pursuant to Florida Statute 111.065

Charles King, 105 North Victoria Park Road, discussed this matter and questioned the City having to pay this. He advocated for a better system, perhaps cameras in patrol vehicles, so that the taxpayers would not be obligated. Mayor Seiler responded by explaining what occurred.

Jack Lokeinsky, representing the Fraternal Order of Police (FOP), clarified that the state statute provides for reasonable attorney fees. Fortunately there are attorneys willing to represent FOP members when they are improperly charged at a discounted rate. Pursuant to state statute, this is a requirement.

Motion made by Vice Mayor Roberts and seconded by Commissioner DuBose to approve the item as recommended.

APPROVED

Aye: 5 - Mayor Seiler, Vice-Mayor Roberts, Commissioner Trantalis, Commissioner DuBose and Commissioner Rogers

M-4 13-0143 CHANGE ORDER 1 (FINAL) - HARBORAGE ISLE BRIDGE REPLACEMENT - Weekley Asphalt Paving, Inc. - \$67,088.98 plus \$4,696.23 engineering administration fees and adding 134 non-compensatory work days to contract and authorize City Manager to execute on behalf of City

APPROVED

Aye: 5 - Mayor Seiler, Vice-Mayor Roberts, Commissioner Trantalis, Commissioner DuBose and Commissioner Rogers

PUR-3 13-0786 **CITYWIDE TOWING SERVICES - REJECT ALL PROPOSALS UNDER RFP 135-11084 AND AWARD TWO-YEAR CONTRACT UNDER RFP 135-11212** in the total revenue amount of \$460,000 from West Way Towing, Inc. and authorize City Manager to approval all renewal options.

John Milledge, representing Page Three Enterprises, Inc. d/b/a All County Towing, advised that All County was ranked second, but would like to delineate why they should be ranked number one. He referred to the Evaluation Committee Tabulation, Exhibit 1 to Commission Agenda Memorandum 13-0786 provided to the Commission, which is attached to these minutes. As to the first ranking factor of facilities, equipment, etc., he displayed a map showing the locations of All County and Westway Towing, the first ranked company. Westway is in Lauderdale Lakes on State Road 7 whereas All County is at Avenue of the Arts near Sunrise Boulevard. The map was made a part of the record. Having to travel to Lauderdale Lakes to retrieve one's vehicle adds to an already poor experience. Westway is pledging much of the same equipment to other cities. He presented a list of equipment pledged to Tamarac and Lauderhill with those checked having also been pledged to Fort Lauderdale. All County has offered permit fees to the City of \$545,000 whereas Westway has offered \$460,000. Westway is in a position to spread their resources and should be able to offer a higher amount. For these reasons, he believed All County should be ranked number one. At the very least the contract should be broken into two sectors.

Scott Stringham, president of EMS Towing, advised that EMS Towing is located in Fort Lauderdale at Interstate 95 and Sunrise Boulevard. EMS Towing has been in business for twenty-five years. He was concerned that references were not checked, which would have revealed issues with Westway's response times. He also mentioned his community volunteer work with the police and fire departments. He mentioned the inconvenience of having to travel to Lauderdale Lakes to retrieve one's vehicle and that it supports business in that community instead of Fort Lauderdale. He paid \$42,000 in property taxes this year. He reinvests profits into the community.

Craig Goldstein, founder of Westway Towing, advised that Westway has been in business since 1990. Westway has never lost a City police contract. Westway won the RFP in 2007 and gave the City over \$1.3 million in franchise fees. They have performed over 40,000 tows. He was aware of three complaints over the course of those 40,000 tows. He explained that police towing is about taking control of someone's property after responding to the police. Performing towing services for a broken down vehicle is not as much as ten percent of the volume. He elaborated upon their technologically advanced dispatch system that prevent over-charging. There are fourteen office personnel with around the clock dispatching. The City has never lost any court cases due to Westway's handling of their evidence. Westway's indoor storage facility is located in Fort Lauderdale on 19th Street. He elaborated upon its size and amenities. Westway has thirty-eight vehicles for Fort Lauderdale and other municipal contracts. Westway also handles HAZMAT matters that saves the City money. The competitor in this RFP does not have any police contract experience. He elaborated upon Westway's rescue expertise and training work with the City's Fire Rescue Department. Westway is a responsible, certified towing company. He provided information on his presentation which is attached to these minutes.

Mr. Goldstein responded to Commissioner Trantalis' question about their retrieval fee for a vehicle that has been towed. Mr. Goldstein advised it is governed by Broward County ordinance; he believed it is \$22 per day storage. Broward County private property tow fee is \$100. In response to Commissioner Rogers, Mr. Goldstein advised that the Lauderdale Lakes location is used only for special holds.

The following information was presented during questions posed by members of the Commission. Kirk Buffington, Deputy Director of Finance confirmed that Westway has been under contract with the City for six years. Some four years ago, there were issues where their tow yard is located. Westway immediately responded to the neighborhood issues and there have not been any more. He was not aware of any other issues. The RFP required that the closed, contained confiscated warehouse be located within the City limits. The City Manager clarified particulars having to do with local preference and the associated scoring percentage. Commissioner Trantalis emphasized the importance of a convenient tow yard location. For this reason alone, he felt the recommendation should be reconsidered. Vice Mayor Roberts pointed out that perception and reputation are factors. There are companies other than Westway have been in the forefront of complaints with respect to Broward County regulations. Commissioner Rogers preferred to split the contract. The City Manager clarified the scope of the RFP is not for private property tows. If one is in a traffic accident or the vehicle is disabled and it is blocking the roadway, the City institutes police tow. The individual is always given the option to use their own wrecker service. Commissioner DuBose commented that when an individual is in a traffic accident, they are thinking about wellbeing and not a wrecker service. He felt residents would be better served if there was some competition. Mayor Seiler pointed out that this is a company with three documented complaints in 6-7 years that did not reach the Commission level. Westway has done a good job.

Discussion turned to whether the award could be made to the top two ranked companies. The City Attorney advised that it is possible to divide it, but practically the question is how to go about doing it and whether they would accept. The price may have been different based on the volume. The City Manager advised that the dispatchers are not City employees. If the Commission wishes to split the

contract, he recommended it be north and south. Vice Mayor Roberts pointed out the quantity of tows in each area is unknown. The City has no track record with All County at this time. He supported the City Manager's recommendation. Mayor Seiler suggested the award be reduced to one-year. Commissioner Rogers reiterated his desire to foster competition. Mayor Seiler pointed out that getting involved in dividing the calls by working with the dispatchers is adding to the City's cost in terms of employee time. He suggested one year and then re-bid. Vice Mayor Roberts agreed with Mayor Seiler and pointed out his belief that a proper division cannot be done. If it is to be awarded to two, the RFP has to be more specific and even so, it may be difficult to accomplish. At the end of the year, the City will know more about what the County is going to do and the dust settled as far as perceptions and reputations.

Motion made by Vice Mayor Roberts and seconded by Mayor Seiler to approve the item for a one-year period.

Aye: 2 - Vice-Mayor Roberts and Mayor Seiler

Nay: 3 - Commissioner DuBose, Commissioner Rogers and Commissioner Trantalis

More discussion ensued about the difficulties of dividing the contract.

Mr. Milledge agreed to a division and indicated that previously the division was at Sunrise Boulevard. He suggested that All County have south of Sunrise Boulevard based on past practices.

Christopher Casale of All County Towing advised that the 2007 RFP called for two companies, north and south with the division line being Sunrise Boulevard.

Mr. Goldstein believed in the previous RFP the company getting the north end of the city got all of the beach. He questioned how it could be divided at this point. He was open to discussing this.

In response to Mayor Seiler, Kirk Buffington, Deputy Director of Finance, indicated that the City changed from two zones to one zone in 2007 because it was an absolute nightmare for dispatch. Vice Mayor Roberts asked for Sergeant Rousseau, who was a member of the Evaluation Committee, to comment on that conflict.

Sergeant Bill Rousseau advised he is in charge of traffic homicide. He commented that when there were two zones, it was a nightmare also for the people whose vehicles were towed. The rates are the same because they are following Broward County tow ordinance. Competition is not being added by having two companies. The Traffic Homicide Division would then have two locations for vehicle storage. He felt it is a bad idea, confusing to the public, dispatch and Police Department personnel. Commissioner Rogers explained he is looking at revenue to the City as well as equipment availability in terms of competition.

Mr. Milledge conceded that all secured vehicles could be handled and stored with Westway.

Mr. Goldstein noted that there is an open investigation into All County at this time. He questioned how All County could be allowed to participate in this process with there being an open investigation. He provided more detail about the incident in response to Mayor Seiler and indicated that he provided a copy of the police report to the Commission previously. The Police Department also has a copy of the video. He explained that the needs in other cities where he provides service are different than Fort Lauderdale. He also emphasized that this is a police tow contract and not private property or motor club towing. Commissioner Trantalis emphasized his concern about convenience for the individual having to retrieve their vehicle. In response to Commissioner Trantalis, Mr. Goldstein advised if a

rental vehicle is towed, the rental company picks up the vehicle and the individual is provided another vehicle by the rental company. There were problems with companies with which the City contracted for this service before Westway.

Motion made by Commissioner Rogers and seconded by Commissioner Trantalis to defer the item and request the City Manager to negotiate with the two highest ranked vendors (Westway Towing and All County Towing) for the highest and best pricing and agreement as to how the contract can be split.

Mr. Buffington indicated staff will do its best to have the item back to the Commission on July 2.

City Manager requested to negotiate with two highest ranked vendors (Westway Towing and All County Towing) for the highest and best pricing and agreement as to how the contract can be split.

Aye: 3 - Commissioner Trantalis, Commissioner DuBose and Commissioner Rogers

Nay: 2 - Mayor Seiler and Vice-Mayor Roberts

OB 13-0953 WALK-ON RESOLUTION STRONGLY OPPOSING BROWARD COUNTY'S MOTION TO ADOPT BUDGET RESOLUTION 2013-459, AT THEIR COUNTY COMMISSION MEETING ON JUNE 11, 2013, TO TRANSFER FUNDS FROM THE RESOURCE RECOVERY FUND RESERVES TO THE SOLID WASTE FUND IN THE AMOUNT OF \$9,210,674 FOR THE PURPOSE OF RETAINING SUFFICIENT FUNDING TO MEET COUNTY OBLIGATIONS REGARDING SOLID WASTE DISPOSAL

Vice Mayor Roberts introduced the resolution, which was read by title only.

ADOPTED

Aye: 5 - Mayor Seiler, Vice-Mayor Roberts, Commissioner Trantalis, Commissioner DuBose and Commissioner Rogers

RESOLUTIONS

R-1 13-0919 APPOINTING CYNTHIA A. EVERETT AS CITY ATTORNEY OF THE CITY OF FORT LAUDERDALE - effective July 1, 2013

Commissioner DuBose introduced the resolution, which was read by title only.

Commissioner Trantalis asked for clarification on his understanding that while Ms. Everett is slated to start employment July 1, she will not be able to work fulltime for the City immediately. Ms. Everett explained that the Commission wanted a start date of July 1, however, she is currently in private practice and has commitments to fulfill. There are identified events scheduled through August that would be difficult to reschedule. After August, she will be working fulltime. If there was something she needed to attend to, she would take leave to do so. Commissioner Trantalis questioned fulltime pay for someone who will not be here. Mayor Seiler explained that he asked Ms. Everett to start July 1 so there would be overlap with Mr. Stewart. He was certain she would be committed to the City nevertheless and available by telephone and so forth. For example, she may have a deposition on a particular day, but would be committed to the City for the remainder of the day. Commissioner Trantalis referred to Exhibit 3 of Commission Agenda Memorandum 13-0919, July and August List of Pre-Scheduled Matters/Events and pointed out that she will be attending a conference for five working days (July 28 – August 2). He was supportive of her contract, but did not agree with the July 1 start date. Ms. Everett noted that if she is not at work and working on other matters, she will be on leave without pay. The start date is a policy matter, but it is not a monetary issue. There is a Pinecrest meeting what will not start until 7 p.m. which would probably be after the hour that one would be in Fort Lauderdale. More discussion followed on this point and the following reflects the highlights. Commissioner Rogers referred to the professional conferences that are shown and commented that she would be attending those anyway. He appreciated her attendance at such conferences. Commissioner DuBose noted that this is occurring during the Commission's recess which is an ideal transition time. Commissioner Rogers felt the overlap with Mr. Stewart is really important. Aside from the compensation, Commissioner Trantalis was concerned about her attention not being on Fort Lauderdale. Mayor Seiler explained that she is starting at this time at the City's request.

Mayor Seiler opened the floor for public comment.

Charles King, 105 North Victoria Park Road, asked the amount of Ms. Everett's entire package. Mayor Seiler noted her base salary and that her retirement benefits are substantially less than Mr. Stewart. She has a car allowance and other benefits of that nature. There is a good savings. From all indications she has been an outstanding city attorney. Mr. King referred to some legal opinions of Mr. Stewart with which he disagrees. He would appreciate Mr. Everett starting earlier which would be a savings.

Robert Walsh, 401 East Las Olas Boulevard, advocated for Mr. Everett starting September 1 because she will not be in Fort Lauderdale before Mr. Stewart leaves.

ADOPTED

Aye: 4 - Mayor Seiler, Vice-Mayor Roberts, Commissioner DuBose and Commissioner Rogers

Nay: 1 - Commissioner Trantalis

R-2 13-0904 DESIGNATING CITY'S CODE ENFORCEMENT SPECIAL MAGISTRATES AS LOCAL HEARING OFFICERS and authorizing City Manager to utilize current staff to act as the clerk to the hearing

Vice Mayor Roberts introduced the resolution, which was read by title only.

Mayor Seiler was concerned that since their responsibilities are being shifted somewhat, he asked whether the City should look at the selected individuals' expertise. The City Attorney advised that the code requires that special magistrates be mediators or judges. There is no specialty required. Because of the volume, there is a likelihood that the City will need to add to the team which will likely

come back to the Commission in August. He responded to additional questions as to term and the number on the City's list. The City Attorney offered to ensure that these individuals have expertise in the areas that will be assigned to them. The City Manager noted for Vice Mayor Roberts and Mayor Seiler the time constraint and cost recovery information. Mayor Seiler wanted to make sure that these individuals are qualified to hear this type of case.

PUBLIC HEARINGS

**PH-1 13-0887 QUASI-JUDICIAL - RESOLUTION - WAIVER OF LIMITATIONS OF
UNIFIED LAND DEVELOPMENT REGULATIONS, SECTION
47-19.3.D AND E - construction and maintenance after the fact of two
triple-pile clusters extending a maximum of 45 feet from property line -
3012 NE 20 Court**

Applicant: Giles Blondeau; Multimo, LLC

Anyone wishing to speak must be sworn in. Commission will
announce any site visits, communications or expert opinions received
and make them part of the record.

Members of the Commission announced with whom they had spoken with and/or site visits made concerning this matter.

Stephen Tilbrook, representing the Applicant, advised that this is the third public hearing before the Commission on this matter. Since the last hearing, the Applicant has moved the piling to be further west from extension of the property line even though their surveyor interprets the riparian line to be perpendicular to the property line (Exhibit 12 of Commission Agenda Memorandum 13-0887). The Applicant also engaged Dynamic Engineering Solutions (engineer) and his report is provided as Exhibit 11 to the Commission Agenda Memorandum. This report and full backup was provided to their neighbors, those individuals who have participated in the previous public hearings and have not received any feedback. The engineer has certified the pilings minimum height, material and location. They should be triple and of wood material, a maximum height of 16.8 feet above NGVD. The mean high water line is 1.8 feet over the NGVD so the pilings would be 15 feet above the mean high water line which is the location of the vessel's rub railing. If they are lower, the pilings could damage the vessel. This is the minimum waiver to accommodate this vessel and provide access to the waterway so the property owner may exercise their riparian rights.

The following comments were provided in response to questions posed by the Commission. Linda Socolow, representing the Applicant, confirmed that the west piling is within the riparian rights. The Commission reviewed the surveys presented by Mr. Tilbrook that are attached to these minutes. Mr. Tilbrook advised because this is a corner lot, the riparian rights wrap around the corner of the lot. As interpreted in this case, the riparian rights are where the vessel may be docked and the ability to access the channel. The piling is east of the dock line extension and within the riparian rights. He believed the pilings have been reduced in height. Ms. Socolow advised that the rub railing is 11 feet above the water line. The 1.8 feet beyond the mean high water line is to accommodate the tide.

Mayor Seiler opened the public hearing.

Warren Ullman, 3031 NE 20 Court, presented three aerial photographs that are attached to these minutes. There are ten residences about the subject property and all of them are opposed to the application. There are no extraordinary circumstances. Approval will set a precedent to convert residential lots into partial marinas. He pointed out the number of water inlets to the Chart House restaurant on Oakland Park Boulevard where this could be repeated. The Applicant ignored the City's rules and regulations by proceeding with installation without a permit. Moreover crew members were residing on the boat.

Charles Donnelly, 3018 NE 20 Court, read a letter from his next door neighbor, Michael Jones, who could not attend, expressing his opposition. Mr. Donnelly felt that the pilings are grotesque. No rendering of the pilings has been presented. He displayed a photograph of the waterway and contended they should be back another five feet. The photograph is attached to these minutes. He urged rejection of the request that would set a dangerous precedent. The pilings will interfere with the view and negatively impact property values.

Charles King, 105 North Victoria Park Road, questioned why this matter is before the Commission and not settled by the building department. He believed that people are doing as they please with respect to pilings. He felt a decision should be reached that could be applied to future requests.

In response to Mayor Seiler, Dana Freed, representing the Applicant, advised that he is a captain that runs mega yachts worldwide. The pilings were twenty-five feet and have been lowered to 16.8 feet. The cap rail is above the rub rail. The pilings need to be above the cap rail and the lines not falling into the water. He elaborated on how damage to the vessel can occur if the pilings get under the rub or bow rail. The pilings will be wrapped with cable to be held together. The cable needs to be in a safe zone

also. He has not operated this boat, but has operated identical power and length of other boats. Once secured, the boat could move roughly no more than six inches.

Some exchange occurred between Mayor Seiler and Mr. Donnelly concerning the photograph taken from his property (attached). Mayor Seiler recalled that these pilings were removed and one was moved about ten feet to the west. Mr. Freed estimated it is closer to fifteen feet from that location. Mr. Donnelly believed that the pilings are proposed to be placed on the riparian property line. Mr. Tilbrook advised that it is at least 15 to 18 feet to the west of the riparian line. There is no dispute as to the riparian line. It has been submitted into evidence at this hearing. He drew attention to the surveyor's interpretation. The pilings are 12 inches and combined, it is an 18 inch circumference. It is not a significant visual impairment. Mr. Donnelly does not have a view corridor over his neighbor's riparian rights.

There being no other individuals wishing to speak on this matter, a **motion** was made by Vice Mayor Roberts and seconded by Commissioner DuBose to close the public hearing. Roll call showed: AYES: 5 - Mayor Seiler, Vice-Mayor Roberts, Commissioner Trantalis, Commissioner DuBose and Commissioner Rogers

Commissioner Trantalis commented that the number of waivers suggests that the regulations are broken. He felt that anyone living on the water should be entitled to a boat and the law allows it. He believed that any other property owners in this area made the same application, no one would be denied the right to have a boat. The only consideration would be water frontage based on lot size. He felt the application and pilings' placement are fair.

Mayor Seiler noted that the pilings have been moved about fifteen feet to the west at his request so they would not be behind the neighbor's house. The pilings are well within the riparian rights of the Applicant. The proposed type of piling is necessary. He supports the revised application. At his request, Mr. Tilbrook noted one piling is 44.1 feet and the other is 43.4 feet, both 16.8 NGVD in height.

Vice Mayor Roberts introduced the resolution as specified above, which was read by title only.

Amended to specify the two triple-pile clusters to extend from Applicant's platted property line, one 44.1 feet and the other 43.4 feet, both 16.8 NGVD in height.

Aye: 5 - Mayor Seiler, Vice-Mayor Roberts, Commissioner Trantalis, Commissioner DuBose and Commissioner Rogers

PH-2 13-0664

**QUASI-JUDICIAL - SECOND READING OF ORDINANCE-
REZONING TO COMMUNITY FACILITY - HOUSE OF WORSHIP -
Case 2-Z-13**

WESTWAY TOWING

FORT LAUDERDALE POLICE RFP

3681 WEST OAKLAND PARK BLVD

LAUDERDALE LAKES, FL. 33311

954-731-1115

AVAILABLE 24 HOURS 7 DAYS A WEEK

GOOD EVENING MAYOR, COMMISSIONERS, CITY ATTORNEY.

WELCOME TO WESTWAY TOWING

MY NAME IS CRAIG GOLDSTEIN. FOUNDER, AND FULL TIME OPERATOR OF WESTWAY TOWING SINCE 1990.

WESTWAY TOWING HAS NEVER LOST A CITY POLICE CONTRACT.

IN 2007 WE WON THE FORT LAUDERDALE RFP. WE ALSO GAVE THE CITY OF FORT LAUDERDALE OVER \$ 1,300,000 IN FRANCHISE FEES. WE TRIPLD THE AMOUNT YOU WERE GETTING OVER THE PAST 6 YEAR TERM.

WE HAVE PERFORMED OVER 40,000 TOWS IN 6 YEARS. 6000 TOWS WERE FREE FOR TOWING OF CITY VEHICLES.

I KNOW OF THREE COMPLAINTS AND THEY WERE HANDLED IMMEDIATELY. **40,000 TOWS, THREE COMPLAINTS.**

WE HAVE TRAINED YOUR ENTIRE FIRE DEPARTMENT TO KEEP THEM UP TO DATE WITH THEIR ACCREDIDATIONS. WE HAVE DONATED MANY CARS AT OUR EXPENSE FOR THEM TO DESTROY WHILE TRAINING. THIS TRAINING IS DONE AT OUR SITE.

WE HAVE TRAINED YOUR DIVE TEAM WITH CARS THAT WE PUT IN THE CANALS AND WORK WITH THEM TO MAKE SURE THERE ARE NO INJURIES. IN SIX YEARS NOT ONE OF OUR TEAM MEMBERS HAVE GOTTEN INJURED. (FIRE RESCUE AS WELL AS POLICE).

THIS IS A POLICE TOWING RFP.

NOT PRIVATE PROPERTY TOWING

THE IMPORTANCE OF THE TECHNICAL ABILITY TO PERFORM OVER AND ABOVE THE RECOMMENDED SPECIFICATIONS, AND THE KNOWLEDGE OF ADHERING TO THE FLORIDA STATUTES THAT GOVERN POLICE TOWING IS THE REASON CITIES MUST HAVE THESE TOWING RFP'S. NOT ALL TOWING COMPANIES HAVE THIS KNOWLEDGE AND EXPERIENCE.

POLICE TOWING IS ABOUT TAKING CONTROL OF SOMEONES PROPERTY AFTER RESPONDING ON A POLICE EMERGENCY CONSISTING OF AN ACCIDENT, DRIVERS ARREST, CIVIL, OR CODE ENFORCEMENT SITUATION.

PERFORMING TOWING SERVICES FOR A BROKEN DOWN CAR IS NOT EVEN 10 % OF THE VOLUMN. MOST ARE PUSHED OFF THE SIDE OF THE ROAD AND HANDLED BY THE RESIDENTS OWN TOWING COMPANY.

WESTWAY TOWING HAS CREATED THE MOST TECHNOLOGICALLY ADVANCED DISPATCH SYSTEM IN THE TOWING INDUSTRY.

CONTRACT RATES ARE PROGRAMMED INTO THE SYSTEM AND BY ACKNOWLEDGING THE CORRECT TIMES ON SCENE, THE INVOICE IS AUTOMATICALLY CALCULATED SO THERE IS NO GUESSING OF PRICING FOR SERVICES BY THE DRIVER. THIS IS WHY WE DON'T HAVE OVERCHARGING COMPLAINTS.

WE HAVE 14 OFFICE PERSONEL WITH AROUND THE CLOCK
DISPATCHING. AGAIN THIS IS A POLICE TOWING RFP WHICH
REQUIRES MANY DIFFERENT SPECIALTY DEPARTMENTS THAT ARE
HANDLED IN THE OFFICE.

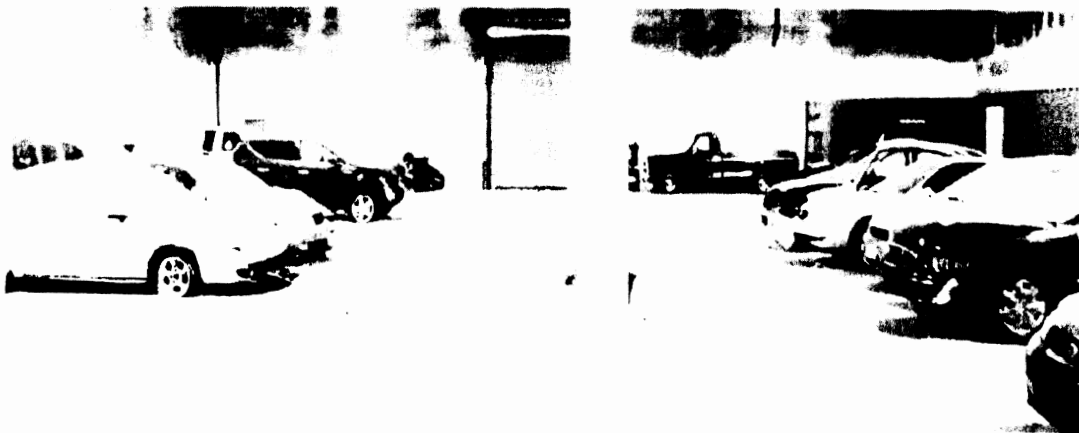

WE HAVE A GIRL THAT HANDLES ALL THE REPORTS FOR CODE
ENFORCEMENT, FT LAUDERDALE CIVIL, AND FORT LAUDERDALE
CONFISCATIONS, AS WELL AS ALL THE REPORTS THIS RFP CALLS
FOR.

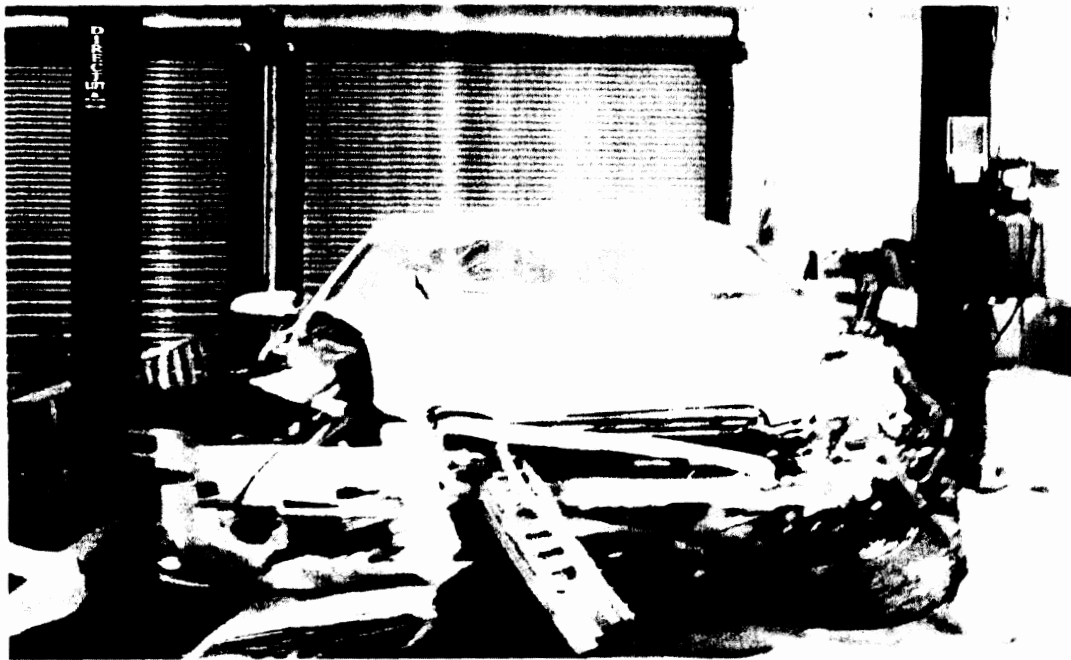

WE HAVE ANOTHER GIRL THAT HANDLES ALL FLORIDA STATUTE COMPLIANCE FOR THE DISPOSAL OF ABANDONED VEHICLES, AS WELL AS ALL THE HIGH PROFILE HOLD CASES. SHE HAS HANDLED OVER 1/4 MILLION CARS AND WE HAVE NEVER HAD ANY ISSUES.

FORT LAUDERDALE AUTO TASK FORCE HAS HAD NO ISSUES WITH THIS DEPARTMENT OVER THE PAST SIX YEARS, AND THE CITY OF FORT LAUDERDALE HAS NEVER LOST ANY CASES IN COURT BECAUSE OF WESTWAY TOWINGS HANDLING OF THEIR EVIDENCE.

WESTWAY TOWING EMPLOYS 36 DRIVERS FULL TIME.

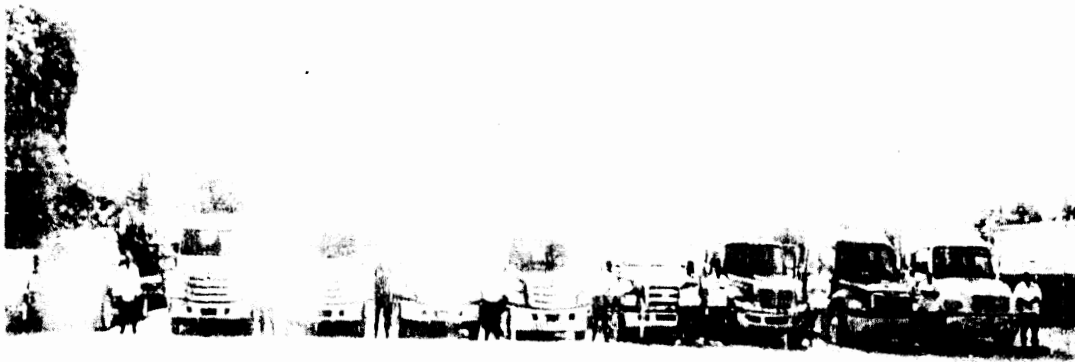

OUR INDOOR CRIME SCENE LAB IS 12000 SQUARE FEET WITH A BEAUTIFUL OFFICE THAT COULD HOUSE THE ENTIRE TRAFFIC UNIT. THIS BUILDING IS MONITORED 24 HOURS A DAY 7 DAYS A WEEK.

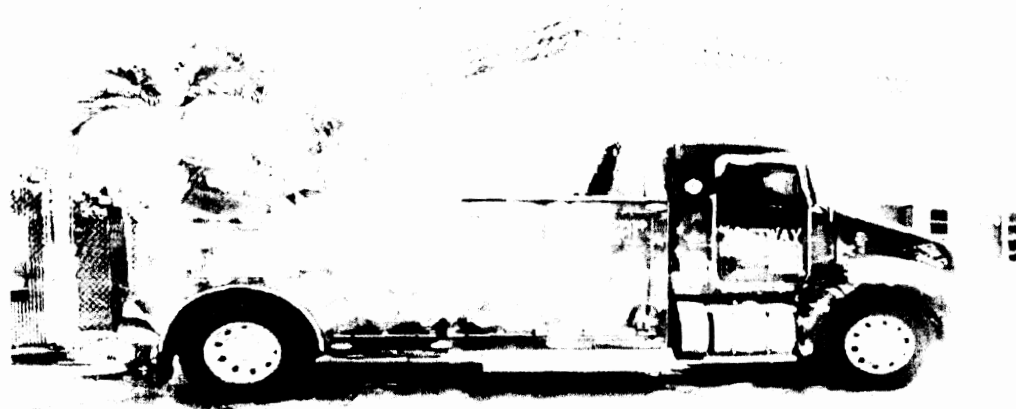

YOUR CITY HAS SOME OF THE HIGHEST PROFILE CASES IN THE COUNTRY. THESE CASES HAVE TO BE HANDLED VERY CAREFULLY. THESE ARE SPECIAL CRIME SCENE CASES THAT ARE TIED TO THE VEHICLE AS EVIDENCE. KEEPING THIS INDOOR EVIDENCE AREA UNDER STRICK HOLD COMPLIANCE WILL PREVENT AN ATTORNEY FROM USING POOR HOLD AREAS AS AN EXCUSE TO DESTROY IN COURT A POSSIBLE TRAFFIC HOMICIDE CONVICTION.

WE HAVE ROOM FOR OVER 100 CARS INSIDE.

WESTWAY TOWING EQUIPMENT

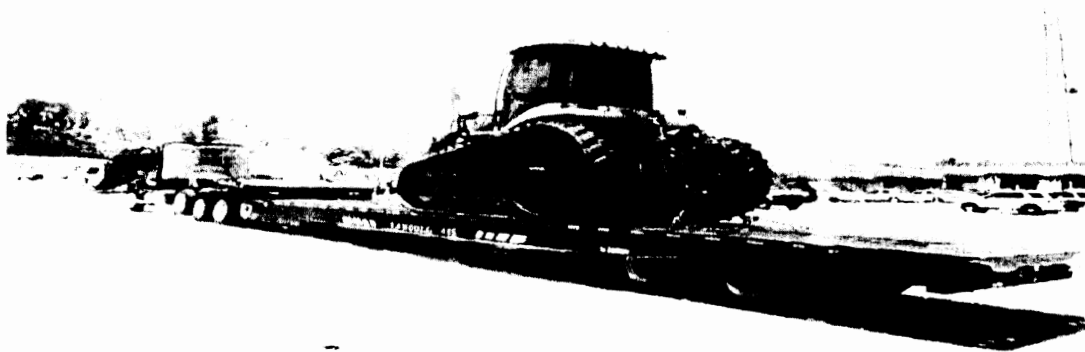

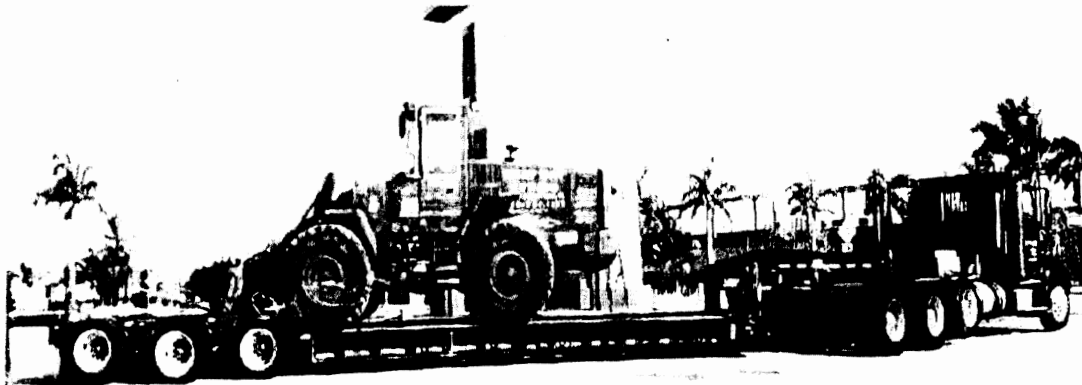

38 UNITS AVAILABLE TO THE CITY OF FORT LAUDERDALE

WESTWAY TOWING HAS 5 OF THESE TRAILERS TO SERVICE RFP

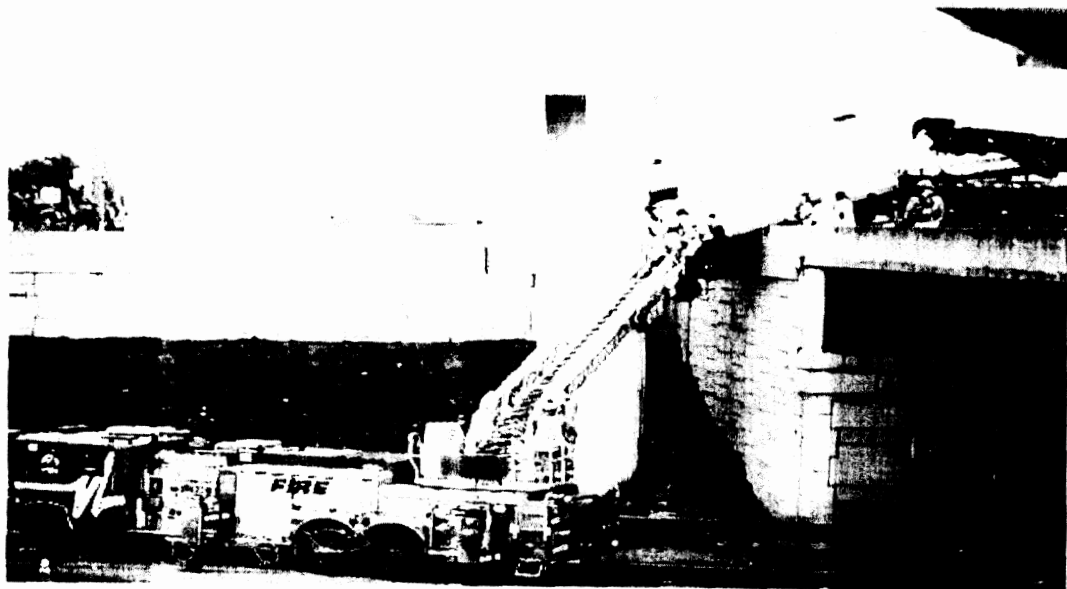

THE FOLLOWING IS JUST A FEW OF THE RECOVERIES THAT WERE HANDLED BY WESTWAY TOWING.

THIS RFP IS A LARGE RESPONSIBILITY WITH AN ENORMOUS AMOUNT OF EQUIPMENT NECESSARY.

AS YOU WILL SEE THESE RECOVERIES ARE NOT IN ANY WAY SIMILAR SERVICES AS MENTIONED. A COMPANY THAT NEVER HANDLED POLICE TOWING AND JUST PERFORMS PRIVATE PROPERTY TOWING HAS NEVER HANDLED SITUATIONS LIKE THIS.

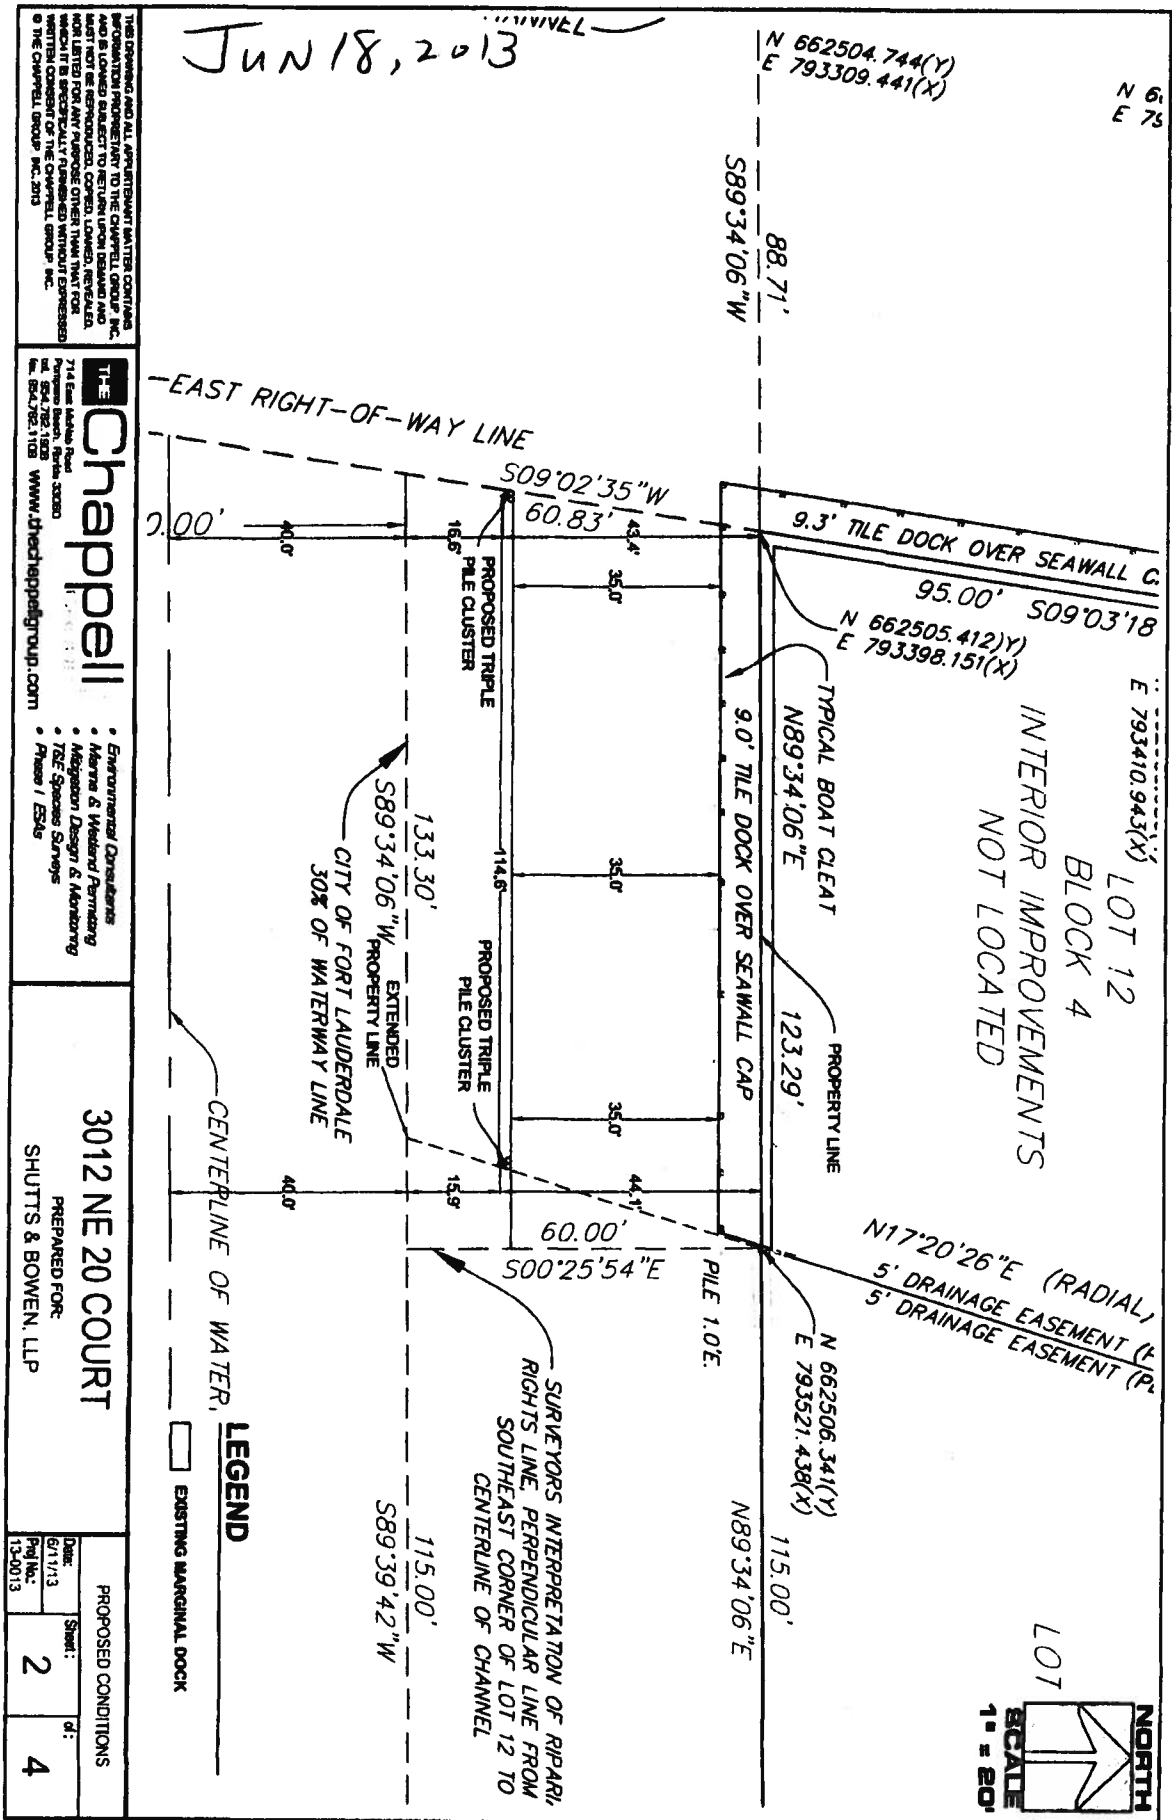

WESTWAY TOWING PERFORMED OVER AND ABOVE EVERY SPECIFICATION IN YOUR TOWING RFP. WE ARE PROUD OF THIS INCREDIBLE RECORD OF SERVICE.

***** THESE PICTURES ARE NOT PRIVATE PROPERTY TOWING *****

THIS IS ONE OF THEIR RECOVERIES.
