RE: May 7th Second Reading of Assessment Ordinance

Dear Honorable Mayor and City Commission:

I respectfully request that tonight's second reading of the assessment ordinance be deferred to June 4, 2013 at 6:00 p.m. when the first reading of the resolution is heard.

We have some community members that are requesting additional language be added to the ordinance and in deference to them, we would like to meet with City staff and legal to discuss.

I appreciate your consideration with this matter.

Sincerely,

Chris Wren
Executive Director
