Legislative Proviso Language

From the funds in Specific Appropriation 2247, each local government must use a minimum of 20 percent of its allocation to serve persons with special needs as defined in section 420.0004, Florida Statutes. Before this portion of the allocation is released by the Florida Housing Finance Corporation (FHFC), a local government must certify that it will meet this requirement through existing approved strategies in the local assistance plan or submit a new local housing assistance plan strategy for this purpose to the FHFC for approval to ensure that it meets these specifications. The first priority of these special needs funds must be to serve persons with developmental disabilities as defined in section 393.063, Florida

Statutes, with an emphasis on home modifications, including technological enhancements and devices, which will allow homeowners to remain independent in their own homes and maintain their homeownership.

"Person with special needs" means an adult person requiring independent living services in order to maintain housing or develop independent living skills and who has a disabling condition; a young adult formerly in foster care who is eligible for services under s. 409.1451(5); a survivor of domestic violence as defined in s. 741.28; or a person receiving benefits under the Social Security Disability Insurance (SSDI) program or the Supplemental Security Income (SSI) program or from veterans' disability benefits.

393.063 (9), F.S. "Developmental disability" means a disorder or syndrome that is attributable to retardation, cerebral palsy, autism, spina bifida, or Prader-Willi syndrome; that manifests before the age of 18; and that constitutes a substantial handicap that can reasonably be expected to continue indefinitely.
