SECTION 1. That pursuant to Section 8-144 of the Code of Ordinances of the City of Fort Lauderdale, permission is hereby granted to Glenn Caddy and Kristie Caddy ("Permit Holder") for use, maintenance and repair of an existing dock measuring 70'L X +/-5' 12'W on public property abutting the waterway adjacent to 701 Cordova Road (hereinafter "Dock"), together with the mooring piles appurtenant thereto ("Mooring Piles") and seawall.

As a special condition in accord with City Code Section 8-144(1), the initial period of the permit for use of the Dock and Mooring Piles will be for a minimum of 5 years in exchange for such improvements required to maintain the seawall and dock in accord with the recommendation of the City Engineer. The Permit can be revoked by the City Commission with ninety (90) days advance notice.
2. As a special condition, the City reserves the right to remove the existing Dock and existing Mooring Piles for replacement of the seawall in the event that this might be required during the term of the permit as determined by the City Engineer. The Dock Area includes the marginal dock and adjoining seawall.
4. The Dock Area shall be kept open at all times as means of reasonable ingress and egress to the public, but the Permit Holder shall have the right to exclude the public from the Easternmost one-half of the dock.
5. All existing improvements to the Dock Area must be in accord with City Engineering design standards and in compliance with applicable building and zoning permit requirements. Copies of all construction permits must be submitted to the Supervisor of Marine Facilities upon completion and authorization by the City's Building Services Department.

10. The Permit Holder is prohibited from mooring any watercraft or vessel in such a manner that it is "rafted out" from any additional vessel owned or operated by Permit Holder.

SECTION 4. Permit Holder shall obtain all applicable permits prior to constructing any improvements to the Dock Area, including City of Fort Lauderdale Engineering Permits. All improvements to the Dock Area shall be in accordance with City of Fort Lauderdale Engineering design standards.
