

SUSTAINABLE DEVELOPMENT – URBAN DESIGN & PLANNING

CITY COMMISSION (CC) - GENERAL APPLICATION

Rev: 1 | Revision Date: 2/24/2017 | Print Date: 2/24/2017
I.D. Number: PREID - AR

CITY COMMISSION (CC) General Application

Cover: Deadline, Notes, and Fees
Page 1: Applicant Information Sheet, Required Documentation & Mail Notice Requirements
Page 2: Sign Notification Requirements & Affidavit

DEADLINE: City Commission submittal deadlines are set by the City Clerk and vary by type of application. Contact project planner to determine deadline prior to submittal of complete application.

FEES: All applications for development permits are established by the City Commission, as set forth by resolution and amended from time to time. In addition to the application fee, any additional costs incurred by the City including review by a consultant on behalf of the City, or special advertising costs shall be paid by the applicant. Any additional costs, which are unknown at the time of application, but are later incurred by the City, shall be paid by the applicant prior to the issuance of a development permit.

<input type="checkbox"/> Innovative Development (ID)	\$ 2,640.00
<input type="checkbox"/> Site Plan Level IV	\$ 950.00
<input type="checkbox"/> Site Plan Level II in DRAC/SRAC-SA <small>(Downtown Regional Activity Center / South Regional Activity Center-South Andrews)</small>	\$ 1,920.00
<input type="checkbox"/> Plat / Plat Note Amendment	\$ 540.00 <small>(includes \$90 Final-DRC Fee)</small>
<input type="checkbox"/> Easement Vacation	\$ 560.00 <small>(includes \$90 Final-DRC Fee)</small>
<input type="checkbox"/> ROW Vacation	\$ 830.00 <small>(includes \$100 Final-DRC Fee)</small>
<input type="checkbox"/> Rezoning <small>(In addition to above site plan fee)</small>	\$ 910.00 <small>(includes \$110 Final-DRC Fee)</small>
<input type="checkbox"/> Appeal and/or DeNovo Hearing	\$ 1,180.00
<input type="checkbox"/> Site Plan Deferral	\$ 490.00
<input type="checkbox"/> City Commission Request for Review	\$ 800.00
<input type="checkbox"/> City Commission General Review	\$ 89.00 / Hr.*

*The above fee is calculated at a rate of \$89.00 per hour. Generally these applications take no more than 3 hours total to review (\$267.00), however any additional time required by staff will be charged prior to the City Commission meeting.

Page 1: City Commission Submittal Requirements

INSTRUCTIONS: The following information is requested pursuant to the City's Unified Land Development Regulations (ULDR). The application must be filled out accurately and completely. Please print or type and answer all questions. Indicate N/A if does not apply.

NOTE: To be filled out by Department

Case Number	
Date of complete submittal	

NOTE: To be filled out by Applicant

Property Owner's Name	If a signed agent letter is provided, no signature is required on the application by the owner.	
Applicant / Agent's Name		
Development / Project Name		
Development / Project Address	<u>Existing:</u>	<u>New:</u>
Current Land Use Designation

The following number of Plans:

- One (1) original signed-off set, signed and sealed at 24" x 36"
- Two (2) copy sets at 11" x 17"
- One (1) electronic version* of complete application and plans in PDF format to include only the following:
 - Cover page
 - Survey
 - Site plan with data table
 - Ground floor plan
 - Parking garage plan
 - Typical floor plan for multi-level structure
 - Roof plan
 - Building elevations
 - Landscape plan
 - Project renderings i.e. context plan, street-level perspectives, oblique perspectives, shadow study, etc.
 - Important details i.e. wall, fence, lighting, etc.

*All electronic files provided should include the name followed by case number "Cover Page Case no.pdf"

MAIL NOTIFICATION

Mail notice is required for City Commission hearing of a Rezoning of Less than Ten Acres and of an Appeal of ROW Vacation. Notice shall be in the form provided by the Department and mailed on the date the application is accepted by the Department. The names and addresses of homeowner associations shall be those on file with the City Clerk. Rezoning of Less Than Ten Acres hearing notice must be mailed within 30 days of the hearing and Appeal of ROW Vacation hearing notice within 10 days of hearing.

- **REQUIREMENT:** Mail notice of development proposal shall be provided to real property owners within 300 feet of applicant's property, as listed in the most recent ad valorem tax records of Broward County.
- **TAX MAP:** Applicant shall provide a tax map of all property within the required notification radius, with each property clearly shown and delineated. Each property within the notice area must be numbered (by Folio ID) on the map to cross-reference with property owners notice list.
- **PROPERTY OWNERS NOTICE LIST:** Applicant shall provide a property owners notice list with the names, property control numbers (Folio ID) and complete addresses for all property owners within the required notification radius. The list shall also include all homeowners associations, condominium associations, municipalities and counties noticed, as indicated on the tax roll.
- **ENVELOPES:** The applicant shall provide business size (#10) envelopes with first class postage attached (stamps only, metered mail will not be accepted). Envelopes must be addressed to all property owners within the required notification radius, and mailing addresses must be typed or labeled; no handwritten addresses will be accepted. Indicate the following as the return address on all envelopes: City of Fort Lauderdale, Urban Design & Planning, 700 NW 19th Avenue, Fort Lauderdale, FL 33311.
- **DISTRIBUTION:** The City of Fort Lauderdale, Urban Design & Planning Division will mail all notices prior to the public hearing meeting date, as outlined in Section 47-27.

Page 2: Sign Notification Requirements and Affidavit

SIGN NOTICE

Applicant must **POST SIGNS** for all City Commission hearings of development applications according to Sec. 47-27.4.

- Sign Notice shall be given by the applicant by posting a sign provided by the City stating the time, date and place of the Public Hearing on such matter on the property which is the subject of an application for a development permit. If more than one (1) public hearing is held on a matter, the date, time and place shall be stated on the sign or changed as applicable.
- The sign shall be posted at least fifteen (15) days prior to the date of the public hearing.
- The sign shall be visible from adjacent rights-of-way, including waterways, but excepting alleys.
- If the subject property is on more than one (1) right-of-way, as described above, a sign shall be posted facing each right-of-way.
- If the applicant is not the owner of the property that is subject of the application, the applicant shall post the sign on or as near to the subject property as possible subject to the permission of the owner of the property where the sign is located or, in a location in the right-of-way if approved by the City.
- Development applications for more than one (1) contiguous development site shall be required to have sign notice by posting one (1) sign in each geographic direction, (north, south, east and west) on the public right-of-way at the perimeter of the area under consideration.
- If the sign is destroyed or removed from the property, the applicant is responsible for obtaining another sign from the City and posting the sign on the property.
- The sign shall remain on the property until final disposition of the application. This shall include any deferral, rehearing, appeal, request for review or hearings by another body. The sign information shall be changed as above to reflect any new dates.
- The applicant shall, five (5) days prior to the public hearing, execute and submit to the department an affidavit of proof of posting of the public notice sign according to this section. If the applicant fails to submit the affidavit the public hearing will be postponed until the next hearing after the affidavit has been supplied.

AFFIDAVIT OF POSTING SIGNS

STATE OF FLORIDA
BROWARD COUNTY

RE:

_____ CITY COMMISSION

CASE NO. _____

APPLICANT: _____

PROPERTY: _____

PUBLIC HEARING DATE: _____

BEFORE ME, the undersigned authority, personally appeared _____, who upon being duly sworn and cautioned, under oath deposes and says:

1. Affiant is the Applicant in the above cited City of Fort Lauderdale **Board or Commission** Case.
2. The Affiant/Applicant has posted or has caused to be posted on the Property the signage provided by the City of Fort Lauderdale, which such signage notifies the public of the time, date and place of the Public Hearing on the application for relief before the **Board or Commission**.
3. That the sign(s) referenced in Paragraph two (2) above was posted on the Property in such manner as to be visible from adjacent streets and waterways and was posted at least **fifteen (15)** days prior to the date of the Public Hearing cited above and has remained continuously posted until the date of execution and filing of this Affidavit. Said sign(s) shall be visible from and within twenty (20) feet of streets and waterways, and shall be securely fastened to a stake, fence, or building.
4. Affiant acknowledges that the sign must remain posted on the property until the final disposition of the case before the **Board or Commission**. **Should the application be continued, deferred or re-heard, the sign shall be amended to reflect the new dates.**
5. Affiant acknowledges that this Affidavit must be executed and filed with the City's Urban Design & Planning **five (5)** calendar days prior to the date of Public Hearing and if the Affidavit is not submitted, the Public Hearing on this case shall be cancelled.
6. Affiant is familiar with the nature of an oath or affirmation and is familiar with the laws of perjury in the State of Florida and the penalties therefore.

Affiant

SWORN TO AND SUBSCRIBED before me in the County and State above aforesaid this ____ day of _____, 20_____.

Owner: Gospel Arena of Faith, Inc. (“Applicant”)
Project: Six13
Location: 613 NW 3rd Avenue (“Property”)
Author: Andrew J. Schein, Esq.

November 13, 2017

PROJECT NARRATIVE
AND ULDR CRITERIA FOR RIGHT-OF-WAY VACATION

- 1. General Background Information.** Applicant is proposing to construct a mixed-use development consisting of 142 affordable housing multifamily units and 8,000 SF of commercial use. The Property is located on the northwest corner of NW 6th Street and NW 3rd Avenue. The alley reservation to be vacated was originally dedicated by plat and is considered a “paper alley”; the alley is not in any way improved and is not used for pedestrian or vehicular travel purposes. Pedestrians and vehicles will be able to access the other properties abutting the alley via NW 4th Avenue, NW 7th Street, or NW 3rd Avenue. The aerial below shows the Property outlined in blue and the approximate location of the alley reservation outlined in red. The sketch and legal description of the alley is included with this narrative.

- 2. Utilities.** Applicant has received letters from AT&T, Comcast, FPL, and TECO stating that they have no objection to the vacation of the alley. Applicant will relocate all utilities located within the portion of the alley reservation to be vacated at their sole expense. Public Works has indicated that they do not maintain any stormwater infrastructure in the alley.

ULDR CRITERIA

Section 47-24.6. Vacation of rights-of-way.

- a. The right-of-way or other public place is no longer needed for public purposes; and

RESPONSE: The alley reservation is not currently used for public purposes. It has not been improved and has never been used as an alley since the time of platting in 1911. Rather, it was “reserved” for an alley by plat. The alley is not necessary as it has never been used for such purpose. The portion of the alley to be vacated is a “paper alley”; it is not used for pedestrian or vehicular access to the abutting properties. The alley is currently used as part of the parking lot for the Gospel Arena of Faith church. Applicant is proposing to vacate only the portion of the alley within Applicant’s property, and the other properties abutting the alley can be accessed from NW 4th Avenue, NW 7th Street, or NW 3rd Avenue.

- b. Alternate routes if needed are available which do not cause adverse impacts to surrounding areas; and

RESPONSE: The alley reservation is not currently used for pedestrian or vehicle traffic. The surrounding areas and other abutting properties can be accessed from NW 4th Avenue, NW 7th Street, or NW 3rd Avenue.

- c. The closure of a right-of-way provides safe areas for vehicles to turn around and exit the area; and

RESPONSE: The alley reservation cannot currently be used for vehicular traffic due to extensive landscaping, utility poles, and development in the reservation. Vehicles will be able to utilize NW 4th Avenue, NW 7th Street, or NW 3rd avenue to access the abutting properties.

- d. The closure of a right-of-way shall not adversely impact pedestrian traffic; and

RESPONSE: The alley reservation is not currently used for pedestrian traffic. Applicant will be improving the sidewalk conditions along NW 6th Street, and pedestrians can utilize NW 4th Avenue, NW 7th Street, or NW 3rd Avenue to access the abutting properties.

- e. All utilities located within the right-of-way or other public place have been or will be relocated pursuant to a relocation plan; and the owner of the utility facilities has consented to the vacation; or a utilities easement has been retained over the right-of-way area or portion thereof; or an easement in a different location has been provided for the utility facilities by the owner to the satisfaction of the city; or any combination of same and utilities maintenance shall not be disrupted.

RESPONSE: Applicant has received letters of no objection from ATT, Comcast, TECO, Public Works and FPL stating that they have no objection to the proposed alley vacation. Applicant will relocate all utilities located within the portion of the alley reservation to be vacated at their sole expense.

Section 47-25.2 Adequacy Requirements.

A. Applicability the adequacy requirements set forth herein shall be used by the City to evaluate the demand created on public services and facilities created by a proposed development permit.

B. Communications network. Buildings and structures shall not interfere with the City's communication network. Developments shall be modified to accommodate the needs of the City's communication network, to eliminate any interference a development would create or otherwise accommodate the needs of the City's communication network within the development proposal.

RESPONSE: Not applicable.

C. Drainage facilities. Adequacy of storm water management facilities shall be evaluated based upon the adopted level of service requiring the retention of the first inch of runoff from the entire site or two and one-half (214) inches of runoff from the impervious surface whichever is greater.

RESPONSE: The Civil Engineering plans for any development on the site will conform to this requirement. There are no stormwater infrastructure facilities in the alley. See attached letter from Rick Johnson.

D. Environmentally sensitive lands.

1. In addition to a finding of adequacy, a development shall be reviewed pursuant to applicable federal, state, regional and local environmental regulations. Specifically, an application for development shall be reviewed in accordance with the following Broward County Ordinances, which address environmentally sensitive lands and wellfield protection which ordinances are incorporated herein by reference:

- a. Broward County Ordinance No. 89-6.
- b. Section 5-198(I), Chapter 5. Article IX of the Broward County Code of Ordinances.
- c. Broward County Ordinance No. 84-60.

2. The applicant must demonstrate that impacts of the proposed development to environmentally sensitive lands will be mitigated.

RESPONSE: Not applicable.

E. Fire protection. Fire protection service shall be adequate to protect people and property in the proposed development. Adequate water supply, fire hydrants, fire apparatus and facilities shall be provided in accordance with the Florida Building Code, South Florida Fire Code and other accepted applicable fire and safety standards.

RESPONSE: There is an existing fire hydrant directly across the street of the south west corner of Sistrunk and any future development will be fully fire sprinklered.

F. Parks and open space.

1. For all residential plats, a minimum of three (3) acres property per anticipated one thousand (1,000) residents, or cash equivalent value, or combination thereof as determined by the department shall be provided by the applicant to meet the needs for additional parks. In addition, contribution to sub-regional and regional parks in accordance with the Broward County Land Development Code is required, and an applicant shall provide documentation to the department that such contribution has been satisfied.

RESPONSE: Not applicable.

2. If there is adequate acreage available to service the proposed residential development, the City shall reserve the capacity necessary to serve the development.

RESPONSE: Not applicable.

3. Open space requirements provided in the ULDR shall be in addition to and shall not replace the park and open space required by this subsection F.

RESPONSE: Not applicable.

G. Police protection. Police protection service shall be adequate to protect people and property in the proposed development. The development shall provide improvements, which are consistent with Crime Prevention through Environmental Design (CPTED) to minimize the risk to public safety and assure adequate police protection.

RESPONSE: Not applicable.

H. Potable water.

1. Adequate potable water service shall be provided for the needs of the proposed development. The proposed development shall be designed to provide adequate areas and easements, which may be needed for the installation and maintenance of potable water systems in accordance with City engineering standards, the Florida Building Code, and applicable health and environmental regulations. The existing water treatment facilities and systems shall have sufficient capacity to provide for the needs of the proposed development and for other developments in the service area which are occupied, available for occupancy, for which building permits are in effect or for which potable water treatment capacity has been reserved. Capital expansion charges for water and sewer facilities shall be paid by the developer in accordance with Resolution No. 85-265, as it is amended from time to time.

Improvements to the potable water service and system shall be made in accordance with City engineering standards and other accepted applicable engineering standards.

2. Potable water facilities.

- a. If the system is tied into the City treatment facility, the available capacity shall be determined by subtracting committed capacity and present flow from design capacity. If there is available capacity, the City shall determine the impact of the proposed development utilizing Table 3, Water and Wastewater on file with the department.
- b. If there is adequate capacity available in the City treatment plant to service the proposed development, the City shall reserve the necessary capacity to serve the development.
- c. Where the county is projected service provider, a similar written assurance will be required.

RESPONSE: Not applicable. There are no water infrastructure facilities in the alley. See attached letter from Rick Johnson.

I. Sanitary sewer.

1. If the system is tied into the City treatment facility, the available capacity shall be determined by subtracting committed capacity and present flow from the design capacity. If there is available capacity, the City shall determine the impact of the proposed development utilizing Table 3, Water and Wastewater, on file with the department.
2. If there is adequate capacity available in the City treatment plant to serve the proposed development, the City shall reserve the necessary capacity to serve the proposed development.
3. Where the county is the projected service provider, a written assurance will be required.
4. Where septic tanks will be utilized, the applicant shall secure and submit to the City a certificate from the Broward County Health Unit that certifies that the site is or can be made suitable for an on-site sewage disposal system for the proposed use.

RESPONSE: Not applicable. There are no sanitary sewer infrastructure facilities in the alley. See attached letter from Rick Johnson.

J. Schools. For all residential plats, the applicant shall contribute to school facilities in accordance with the Broward County Land Development Code and shall provide documentation to the City that such contribution has been satisfied.

RESPONSE: Not applicable.

K. Solid waste.

1. Adequate solid waste collection facilities and service shall be obtained by the applicant in connection with the proposed development and evidence shall be provided to the City demonstrating that all solid waste will be disposed of in a manner that complies with all governmental requirements.
2. Solid waste facilities. Where the City provides solid waste collection service and adequate service can be provided, an adequacy finding shall be issued. Where there is another service provider, a written assurance will be required. The impacts of the proposed development will be determined based on Table 4 – Solid Waste, on file with the department.

RESPONSE: Not applicable.

L. Stormwater: Adequate stormwater facilities and systems shall be provided so that the removal of stormwater will not adversely affect adjacent streets and properties or the public stormwater

facilities and systems in accordance with the Florida Building Code, City engineering standards and other accepted applicable engineering standards.

RESPONSE: Not applicable. There are no stormwater infrastructure facilities in the alley. See attached letter from Rick Johnson.

M. Transportation facilities.

1. The capacity for transportation facilities shall be evaluated based on Table 1, Generalized Daily Level of Service Maximum Volumes, on file with the department. If a development is within a compact deferral area, the available traffic capacity shall be determined in accordance with Table 2, Flowchart, on file with the department.

2. Regional transportation network. The regional transportation network shall have the adequate capacity, and safe and efficient traffic circulation to serve the proposed development. Adequate capacity and safe and efficient traffic circulation shall be determined by using existing and site-specific traffic studies, the adopted traffic elements of the City and the county comprehensive plans, and accepted applicable traffic engineering standards. Site-specific traffic studies may be required to be made and paid for by the applicant when the City determines such a study is needed in order to evaluate the impacts of the proposed development on proposed or existing roadways as provided for in subsection M.4. And applicant may submit such a study to the City, which will be considered by the DRC in its review. Roadway improvements needed to upgrade the regional transportation network shall be made in accordance with the City, the county, and Florida Department of Transportation traffic engineering standards and plans as applicable.

RESPONSE: Not applicable. The alley does not exist and is merely a reservation. All adjoining sites are adequately served by existing City streets.

3. Local streets. Local streets shall have adequate capacity safe and efficient traffic circulation, and appropriate functional classification to serve the proposed development. Adequate capacity and safe and efficient traffic circulation shall be determined by using existing and site-specific traffic studies, the City's comprehensive plan and accepted applicable traffic engineering standards. Site specific traffic studies may be required to be made and paid for by the applicant when the City determines such a study is required in order to evaluate the impact of the proposed development on proposed or existing roadways as provided for in subsection M.4. An applicant may submit to the City such a study to be considered as part of the DRC review. Street improvements needed to upgrade the capacity or comply with the functional classification of local streets shall be made in accordance with the City engineering standards and acceptable applicable traffic engineering standards. Local streets are those that are not classified as federal, state or county roadways on the functional classification map adopted by the State of Florida.

RESPONSE: Not applicable. The alley does not exist and is merely a reservation. All adjoining sites are adequately served by existing City streets.

4. Traffic impact studies.

- a. When the proposed development may generate over one thousand (1,000) daily trips; or
- b. When the daily trip generation is less than one thousand (1,000) trips; and (1) when more than twenty percent (20%) of the total daily trips are anticipated to arrive or depart, or both, within one-half (34) hours; or (2) when the proposed use created varying trip generation each day, but has the potential to place more than twenty percent (20%) of its maximum twenty-four (24) hour trip generation onto the adjacent transportation system within a one-half (1/2) hour period: the applicant shall submit to the traffic impact analysis prepared by the county or a registered Florida engineer experienced in trafficways impact analysis which shall:
 - i. Provide an estimate of the number of average and peak hour trips per day generated and directions or routes of travel for all trips with an external end.
 - ii. Estimate how traffic from the proposed development will change traffic volumes, levels of service, and circulation on the existing and programmed trafficways.
 - iii. If traffic generated by the proposed development requires any modification of existing or programmed components of the regional or local trafficways, define what city, county or state agencies have programmed (the necessary construction and how this programming relates to the proposed development).
 - iv. A further detailed analysis and any other information that the review committee considers relevant.
 - v. The traffic impact study may be reviewed by an independent licensed professional engineer contracted by the City to determine whether it adequately addresses the impact and the study supports its conclusions. The cost of review by City's consultant shall be reimbursed to the City by the applicant.
 - vi. When this subsection M.4.b. applies, the traffic study shall include an analysis of how the peak loading will affect the transportation system including, if necessary, an operation plan showing how the peak trips will be controlled and managed.

RESPONSE: Not applicable.

5. Dedication of rights-of-way. Property shall be conveyed to the public by plat, deed or grant of easement as needed in accordance with the Broward County Trafficways Plan, the City's comprehensive plan, subdivision regulations and accepted applicable traffic engineering standards.

RESPONSE: Not applicable. Any future development on the site will comply with the Broward County Trafficways Plan.

6. Pedestrian facilities. Sidewalks, pedestrian crossing and other pedestrian facilities shall be provided to encourage safe and adequate pedestrian movement on-site and along roadways to adjacent properties. Transit service facilities shall be provided for as required by the City and Broward County Transit. Pedestrian facilities shall be designed and installed in accordance with City engineering standards and accepted applicable engineering standards.

RESPONSE: Not applicable. The alley is not in existence and is merely a reservation. Any proposed development will have adequate pedestrian facilities required under this section adjacent to public streets.

7. Primary arterial street frontage. Where a proposed development abuts a primary arterial street either existing or proposed in the Trafficways Plan, the Development Review Committee (DRC) may require marginal access street, reverse frontage with screen planting contained in a non-access reservation along the rear property line, deep lots with or without rear service alleys, or such other treatment as may be necessary for adequate protection of residential properties and to assure separation of through and level traffic.

RESPONSE: Not applicable.

8. Other roadway improvements. Roadways adjustments, traffic control devices mechanisms, and access restriction may be required to control traffic flow or divert traffic, as needed to reduce or eliminate development generated traffic.

RESPONSE: Not applicable.

9. Street trees. In order to provide for adequate landscaping along streets within the City street trees shall be required along the length of the property abutting a street. A minimum of fifty percent (50%) of the required street trees shall be shade trees, and the remaining street trees may be provided as flowering or palm trees. These percentages may be varied based on existing or proposed physical condition which may prevent the ability to comply with the street tree requirements of this subsection. The street tree shall be planted at a minimum height and size in accordance with the requirements of Section 47-21, Landscape and Tree Preservation Requirements, except in the downtown RAG districts the requirements of Sec. 47-13.20.H.8 shall apply. The location and number of street trees shall be determined by the department based on the height, bulk, mass and design of the structures on the site and the proposed development's compatibility to surrounding properties. The requirements for street trees, as provided herein, may be located within the public right-of-way as approved by the entity with jurisdiction over the abutting right-of-way.

RESPONSE: Not applicable.

N. Wastewater: Adequate wastewater services shall be provided for the needs of the proposed development. The proposed development shall be designed to provide adequate areas and easement which may be needed for the installation and maintenance of a wastewater and disposal system in accordance with applicable health, environmental and engineering regulations and standards. The existing wastewater treatment facilities and systems shall have adequate capacity to provide for the needs of the proposed development and for other developments in the service area which are occupied, available for occupancy for which building permits are in effect or for which wastewater treatment or disposal capacity has been reserved. Capital expansion charges for water and sewer facilities shall be paid by the developer in accordance with Resolution 85-265, as it is amended for time to time. Improvements to the wastewater facilities and system shall be made in accordance with the City engineering and accepted applicable engineering standards.

RESPONSE: Not applicable. There are no wastewater facilities in the alley. See the attached letter from Rick Johnson.

O. Trash management requirements. A trash management plan shall be required in connection with nonresidential uses that provide prepackaged food or beverages for off-site consumption. Existing nonresidential uses of this type shall adopt a trash management plan within 6 months of the effective date of this provision.

RESPONSE: Not applicable.

P. Historical and archaeological resources.

1. If a structure or site has been identified as having archaeological or historical significance by any entity within the State of Florida authorized by law to do same, the applicant shall be responsible for requesting this information from the state, county, local governmental or other entity with jurisdiction over historic or archaeological matters submitting this information to the City at the time of, and together with, a development permit application. The reviewing entity shall include this information in its comments.

RESPONSE: Not applicable.

Q. Hurricane evacuation. If a structure or site is located East of the Intracoastal Waterway, the applicant shall submit documentation from Broward County or such agency with jurisdiction over hurricane evacuation analysis either indicating that acceptable level of service of hurricane evacuation routes and hurricane emergency shelter capacity shall be maintained without impairment resulting from a proposed development or describing actions or development modifications necessary to be implemented in order to maintain level of service and capacity.

RESPONSE: Not applicable.

NOTES:
 1) This survey is a preliminary plat and should not be used for any other purpose without the consent of the engineer and the client.
 2) Underground improvements, if any, are not located.
 3) This survey is not valid unless used with an endorsed survey plat.
 4) Boundary survey information does not title title or easements.
 5) All lot areas 5,000 sq. ft. or less, unless otherwise noted.
 6) Reference Bench Mark: City of Fort Lauderdale, French Ave. #16.
 7) Elevation: G.C.E. (Physically Contained) is 4.72 (Meters).
 8) All bearings and distances are taken from the National Vertical Datum (1988), and are indicated thus: 356° 12' 00" N, 240' 00" 00".
 9) This property lies in Flood Zone "AH", Elev. 4.0 Per Flood Control District of Broward County, Florida, dated August 18, 2014.
 10) Elevation per North American Vertical Datum (1988) derived from National Geospatial Vertical Datum (1929) data and converted using U.S. Army Corps of Engineers software (version 3.1.1) obtained from <http://www.fda.usace.army.mil>, dated August 18, 2014.
 11) There are no visible improvements shown on this plat, easements, or other public records of Broward County, Florida, which affect the property shown on this plat, effective August 3, 2017. Revised August 10, 2017.
 12) There are no visible improvements shown on this plat, easements, or other public records of Broward County, Florida, which affect the property shown on this plat, effective August 3, 2017. Revised August 10, 2017.

RE: Alley Vacation – City of Fort Lauderdale
613 NW 3rd Ave.

To whom it may concern,

Please be advised, AT&T has no objection to vacating the existing 15' easement/alley reservation that runs North/South between NW 3rd Ave and NW 4th Ave extending north of NW 6th St. approx. 177.5' and as recorded in Broward County Records official records book 2 page 18 of Progresso plat book and as shown in attached sketch (See page #2).

Please note that any relocation of existing AT&T facilities that may be required will be at the cost of the owner/developer. The plan for such rearrangements will also need to be coordinated with and approved by AT&T.

Thank you for choosing AT&T Florida.

Respectfully,

A handwritten signature in black ink, appearing to read "John Hughes".

FORT LAUDERDALE, FL 33301

Re: 613 NW 3RD AVE, FORT LAUDERDALE FL 33311
PLAT BOOK 2, PAGE 18 – ALLEY EASEMENT

Dear Micayla Oniskey

FPL has no objection to abandoning or vacating the above requested easement.

However, FPL has existing overhead facilities and utility easements at this site. FPL will remove our existing facilities and vacate the existing easement at this location at the customer's expense. Prior to this being done, provisions must be made, new easements secured and facilities constructed to serve any existing FPL customers that may be affected by your request.

FPL will require a complete set of plans prior to construction. These would include the survey of property, site plan, water sewer & drainage, paving, and electrical plans. As the FPL engineering process takes about three to four months, it is imperative that complete plans be provided well in advance of construction.

Please contact me at 954 717 2062 should you have any questions or concerns.

Yours truly,

A handwritten signature in black ink, appearing to read "Lucas Cornish", with a long horizontal line extending to the right.

Subject: 613 NW 3rd Ave Fort Lauderdale alley vacation

- (X) We have no facilities in the area to be vacated; therefore, we have no objections to this vacation.

David Rivera
Gas Design Technician

- () We have facilities in the area to be vacated; however, we have no objections to this vacation providing the applicant will pay for the relocation retirement or replacement of these facilities.

David Rivera
Gas Design Technician

- () We have facilities in the area to be vacated which cannot be relocated for technical reasons, however, we have no objections to the vacation providing a utility easement is incorporated in the replat, or the applicant will pay for the relocation or replacement of these facilities.

David Rivera
Gas Design Technician

- () We have objection to the proposed vacation for the following reasons:
PGS has facilities in the easement and cannot be relocated.

Subject: Alley Reservation Vacation
BTE Project number 17-0601 The Six13
DRC Case # V17010

Dear Ms. Wright,

This letter is in response to your request for a letter of No Objection regarding the proposed vacation of the 15' alley reservation located on the property comprised of Lots 17, 18, 19, 20, 21, 22, and 23 and Lots 26, 27, 28, 29, 30, 31 and 32, Block 322, Progresso, according to the plat thereof, as recorded in Plat Book 2, Page 18, of the public records of Miami-Dade County, Florida, together with Lot 25, Block 322, less that portion as described in the Legal Description on the survey provided.

We have determined that there are no City of Fort Lauderdale water, sewer, or stormwater infrastructure facilities located within the subject alley reservation as shown on the survey provided. Based on this assessment, the City of Fort Lauderdale has no objection to the proposed vacation of the alley reservation.

Should you have questions regarding this matter, please contact me at (954) 828-7809.

Sincerely,

Rick Johnson
