## SETTLEMENT AGREEMENT

THIS AGREEMENT is entered into by and between FLORIDA POWER & LIGHT COMPANY, a Florida profit corporation, its subsidiaries, affiliates, parent corporations, and their officers, agents, employees, shareholders, representatives, successors and assigns (hereinafter referred to as "FPL") and the City of Fort Lauderdale, a Florida municipal corporation (hereinafter referred to as "Customer") (collectively referred to as "Parties").

WHEREAS, the Customer has multiple accounts for street lighting services with FPL which are covered by lighting agreements for those services including, but may not be limited to, the following FPL customer account number (collectively referred to as "Accounts"):

07778-40281; and

WHEREAS, the Customer conducted an independent field audit and, based on that audit, identified and alleged that FPL overbilled the Customer by charging the Customer for a number of poles for which the Customer is no longer responsible to pay. The Customer claims that a number of poles that were originally covered under a Street Lighting Agreement between Customer and FPL, and charged to the Customer by FPL, have now become "non-billable" poles. The Customer claims that, among other possible reasons, a pole can become non-billable for street lighting purposes when the pole has other attached wires or services that serve a purpose other than lighting services. In addition, the Customer alleges that FPL also charged Customer for some street light poles that could not be located during Customer's field audit. In total, Customer alleges that there are approximately 381 non-billable wood poles and 45 non-billable concrete poles (collectively referred to as "Non-Billable Poles") for which FPL overcharged the Customer prior to December 2022 under Customer's Accounts; and

WHEREAS, FPL has adjusted the billing on Customer's Accounts and agreed to remove the disputed charges as Non-Billable Poles beginning with the Customer's December 2022 FPL bills; and

WHEREAS, the Customer is claiming a refund for payments made by Customer to FPL for the monthly FPL charges and interest associated with Non-Billable Poles; and

WHEREAS, the Parties have reached a satisfactory resolution and wish to enter into this Settlement Agreement ("Agreement") to memorialize their accord, subject to certain terms and conditions; and

NOW, THEREFORE, in consideration of the mutual promises, and covenants herein contained, and other good and valuable considerations, the receipt and adequacy of which are hereby acknowledge, the Parties agree as follows:

- Parties agree the foregoing recitals are true and correct and incorporated herein by this
  reference.
- 2. FPL will issue a refund to the Customer in the amount of Two Hundred Two Thousand Two Hundred Eighty-Nine Dollars and Ninety-One Cents (\$202,289.91), payable in the

form of a check to the Customer no later than fifteen (15) calendar days after Customer's execution of this Agreement.

- 3. FPL will review all Lighting Agreements with Customer, and agree to correct and remove all Non-Billable Poles from Customer's current and future Accounts to ensure Customer is billed the correct number of poles and fixtures.
- 4. Customer agrees that FPL has corrected the monthly billing on Customer's Account number 07778-40281 beginning with Customer's December 2022 bills, removing the charges for the Non-Billable Poles. Customer further agrees that subject to the refund in paragraph 1, FPL's monthly bills for Customer's Account are correct as of the date of the execution of this Agreement, except that Customer reserves the right at its sole discretion to conduct future independent field audits and identify additional FPL billing errors, if any.
- 5. The parties agree that a satisfactory resolution regarding the Customer's claims has been reached and understand that this agreement is binding on both parties, their officers, agents, employees, shareholders, representatives, successors and assigns, and that both parties waive any and all rights to seek further review or bring any action before the Florida Public Service Commission or any court of competent jurisdiction, related to or arising out of the billing dispute claim or any of the facts described herein.
- 6. In consideration of the mutual compromise reached by the Parties, FPL and the Customer agree to acquit and forever discharge each other of and from any and all claims, actions, causes of action, demands, rights, damages, costs, expenses and compensation whatsoever, which the other, its officers, employees, or agents may now have or which may hereafter accrue on account of, or in any way growing out of, any and all known and unknown, foreseen and unforeseen damages and the consequences that resulted from Customer's claim(s) alleged herein regarding Customer's claim that it was overbilled for Non-Billable Poles associated with the Accounts or any other street lighting agreement with FPL and or the Lighting Agreement or the facts giving rise to the claims or allegations described herein.
- 7. This Agreement can be signed in counterparts.

EACH PARTY HEREBY DECLARES that the terms of this settlement have been completely read and are FULLY UNDERSTOOD and VOLUNTARILY accepted for the purpose of making a full and final compromise, adjustment and settlement of any and all pending claims, DISPUTED OR OTHERWISE, against each other, and all persons and entities described above (all such claims are expressly denied), on account of the injuries and damages above-mentioned and for the express purpose of precluding FOREVER any further or additional claims arising out of the aforesaid incident. Each party had an opportunity to consult with independent counsel and secure legal advice and guidance from their respective counsel prior to executing this Agreement.

IN WITNESS WHEREOF, Parties, by and through their respective authorized representatives, execute this Settlement Agreement as follows:
