RE: Wavier of Limitations – Scott Rappoport / 1180 N. Federal Hwy #408 Slip #17

Dear Andrew,

Per our discussion on August 7th, following the August 6th Marine Advisory Board Meeting there is a minor modification to the approved agenda item X. - Wavier of Limitations – Scott Rappoport / 1180 N. Federal Hwy #408 Slip #17.

In speaking with the applicant and confirming with the contractor it has been brought to my attention that the boatlift being installed will need to be upgraded from a 16,000lbs lift to a 24,000lbs lift. There will be no change to the dimensions of the lift or the approved wavier to install the lift 8 feet beyond the 25-foot limitation for a total of 33 feet from the wet face/property line.
