CONSENT RESOLUTION

CR-1 15-0977 Resolution Authorizing Qualified Target Industry Tax Refund Incentive for Project Horizon

REMOVED FROM AGENDA

CR-2 15-0828 Motion to Approve Land Swap - JPG Investments, LLC parcels for City Owned Vacant Lot

Mayor Seiler recognized Charles King, 105 N. Victoria Park Road. Mr. King addressed the Commission in opposition to this item stating his views of the direction the City is taking in selling the City's properties with no marketing in an open market. This land swap is for City-owned property in an area in Victoria Park in exchange for land on Sistrunk Boulevard. Mr. King stated the Victoria Park Civic Association was unaware of this. Further discussion ensued.

Mr. Cox expressed his thoughts, comments, and concerns regarding this item and other land swaps in the City.

Mayor Seiler recognized Mr. Larry Wallenstein. Mr. Wallenstein representing Victoria Park Civic Association Aesthetics Committee addressed the Commission in opposition to this land swap. Mr. Wallenstein stated it was never presented to the Victoria Park Civic Association. Mr. Wallenstein read a text he received from the President of the Victoria Park Civic Association, "The on-line packet contains a letter from Charlie Ladd from one year ago stating we approved the application. I have

polled everyone who would have possibly have said that and under no circumstances do I believe it to be accurate. The Victoria Park Civic Association is opposed to this land swap.” Mr. Wallenstein gave a brief history of the efforts of the Victoria Park Civic Association Aesthetics Committee during the past seven years to get this piece land located in Victoria Park turned into a Park or a Greenway stating they were turned down.

Mayor Seiler asked Commissioner Trantalis about any discussions with his constituents on this subject. Commissioner Trantalis stated he learned of the concerns of the Victoria Park Civic Association at their meeting on August 17, 2015 and there was an exchange of emails.

Commissioner Trantalis stated his concern with City Auditor Herbst’s memorandum to each Commissioner in which the entire process is brought into question. Commissioner Trantalis asked City Manager Feldman to explain to the Commission the process of trying to sell real estate and if there is a procedure the City is supposed to follow regarding advertising. City Manager Feldman stated the City does do land swaps noting there is one the Commission has collectively requested, the Natchez Alhambra piece. The City’s Charter does not have a specific process or requirement for land swaps, but it does for the sale of property. He stated where there is equivalency regarding value as done in the All Aboard Florida piece, and the Natchez Alhambra, and the Wal-Mart site on Broward Boulevard stating the City occasionally does land swaps. Commissioner Trantalis stated those noted by City Manager Feldman were fully vetted and were part of public discourse and neighborhoods were part of the discussion. Commissioner Trantalis stated this item “came from nowhere.”

Mayor Seiler noted for the record that the Commission and City Manager Feldman had not heard of the request the land in Victoria Park be converted to a park. Mr. Wallenstein stated he would get the names for Mayor Seiler of the lower level City employees who were contacted by the Victoria Park Civic Association Aesthetics Committee to facilitate discussions about the request for a park but were turned down.

Commissioner Roberts noted this land swap is not financially favorable to the City despite the fact the assessments for both properties are equal. Regarding the marketability the land the City would receive in the swap, it does not seem equal. Further discussions ensued on this topic.

Commissioner Trantalis motioned to defer this item and was seconded by Commissioner Roberts.

Mayor Seiler recognized Ms. Courtney Crush on behalf of PDKN, the recommended applicant, to renovate and operate a casual seafood restaurant at 600 Seabreeze Boulevard. Ms. Crush stated the qualifications of the principals of this corporation who also own and operate several Bokamper’s throughout Broward County and in Naples.

Commissioner Trantalis stated his concern is that Bokampers has not been a good neighbor due to noise levels at other Bokamper locations in the City. Commissioner Trantalis emphasized the Commissions does not wish to replicate this type of operation in a residential area.

Ms. Crush explained what would go on at this location, and it would not be a sports bar. Ms. Crush stated the restaurant would be for casual seafood indoor and outdoor dining on the beachfront with outdoor music consistent with the other restaurants in the area, i.e., background music consistent with the City's noise ordinance. Further discussions ensued on this item including the benefits the City will receive from the lease and the benefits to the community will have with a restaurant at this location.

Mayor Seiler recognized Mr. Chuck Hansen, 545 S. Fort Lauderdale Beach Boulevard. Mr. Chuck Hansen stated he appears before the Commission as a representative of the Illian Condominium, which is adjacent to the leased property at 600 Seabreeze Boulevard in opposition to this item.

Discussions ensued on this item regarding salary, and insurance. Mayor Seiler stated City Attorney Everett's salary was approximately \$218,000 with the adjustment. This item was deferred until

Commissioner Trantalis and Rogers' questions could be calculated and fully answered. After the calculations were completed, it was stated that City Attorney Cynthia Everett's base salary is being adjusted from the date of hire from \$199,999 to \$218,582.12.

Regarding an insurance adjustment for City Attorney Everett, Mayor Seiler stated the adjustment is because City Attorney Everett does not have the same life insurance plan as City Manager Feldman, and she should be able to purchase a similar plan in an amount not to exceed the value of City Manager Feldman's insurance plan. Mayor Seiler suggested giving City Attorney Everett the amount of \$8,000 towards insurance.

Mayor Seiler also stated the three Charter Officers should receive the same car allowance due to the fact they are at a different level than Management Tier One. The salary adjustment and the car allowance will be retroactive to the date City Attorney Everett joined the City. However, the insurance is on a going-forward basis once she chooses an insurance policy.

Board of County Commissioners of Broward County, Florida for the
Segment II Broward County Shore Protection Project

Mayor Seiler recognized City Manager Feldman, who explained this motion was part of the process for beach renourishment granting permission for the Army Corps of Engineers and the County to use the City's beach. Mr. Feldman noted this was not on the Consent Agenda due to issues raised by the City Attorney's Office. Mr. Feldman deferred to Assistant City Attorney Bob Dunckel to explain these issues.

Mayor Seiler recognized Assistant City Attorney Bob Dunckel. Assistant City Attorney Bob Dunckel addressed the Commission stating there were revisions to the Consent of Use Form. Assistant City Attorney Bob Dunckel cited for the Commission the revisions and corrections to the legal description and the other revisions and corrections to the beach easements that now make the City's interests superior to the Army Corps of Engineers interests. Additionally, Assistant City Attorney Bob Dunckel stated the appropriate limitations not originally built into this project were addressed, and the Army Corps of Engineers agreed to modify language to address the City's interests.

Commissioner Roberts asked that for confirmation that all parties involved were "on board" to avoid any delays. Assistant City Attorney Bob Dunckel confirmed the text of the agreement is satisfactory with the Army Corps of Engineers, and Broward County.

Steve Wherry, Esq., of Greenspoon Marder at 200 East Broward Boulevard and on behalf of Holman Automotive addressed the Commission giving a brief overview of this rezoning request. Mr. Wherry stated this is the last step in a series of rezoning requests Holman Automotive had brought before the City Commission to expand the B-1 Zoning Corridor further west to accommodate a new BMW Sales Center planned for the site. Mr. Wherry stated the application is joined by Doric Lodge #40, a property owner on this block. All the other properties are owned by Holman Automotive. Mayor Seiler recognized Kristy Armada, Esq., Hackleman, Olive & Judge, P.A. and on behalf of Jim Ellis. Ms. Armada addressed the Commission in support of this item as it protects the residential character of the neighborhoods in the City and regulates noise, excessive parking, traffic, and safety

issues. This ordinance does not clearly identify the penalties associated with violations. Ms. Armada drafted suggested language changes for Section 15.282 which purports to regulate or identify the remedies for violations. Ms. Armada stated her proposed language focuses on and clearly designates and identifies violations in an effort for enforcement to be consistent and clear.

A copy of Ms. Armada's submission to the Commission is attached to these minutes.

Commission Trantalis asked City Attorney Everett about the change to the enforcement approach between the First and Second Readings of this ordinance and why those changes were made.

Ms. Armada stated her proposed revisions to the language did not change the differences in the ordinance included in the First to Second Reading. Ms. Armada stated she sent a draft of the proposed language changes to the Assistant City Attorney D'Wayne Spence.

Mayor Seiler recognized Jim Ellis, 2615 N. Atlantic Boulevard, who addressed the Commission in support of this item. Mr. Ellis thanked the Commission for taking a position on this subject to protect single family homeowners. The primary concerns are for the enforcement of the ordinance, and there be very clear penalties and a means to enforce the ordinance.

Mayor Seiler recognized Marty Bilowich, 2621 Center Avenue, who spoke in support of this item regulating vacation rentals in residential neighborhoods as it negatively affects the quality of life for residents due to the activity of short-term renters.

Mayor Seiler recognized Steve Ganon, 2715 N. Atlantic Boulevard and President of the Lauderdale Beach Homeowners Association, who addressed the Commission in support of this item stating his neighborhood is getting inundated with short term rentals at an accelerated rate. Currently, 20 percent of the homes in his neighborhood are short-term vacation rentals. Mr. Ganon acknowledged the State prevents the City from effectively addressing this issue. He asked the Commission to toughen up the ordinance and assist the neighborhoods in enforcing the ordinance effectively.

A copy of Mr. Ganon's presentation is attached to this minutes.

Mayor Seiler recognized Suzanne Sawyer, 2720 NE 25th Street, who addressed the Commission in support of this item. She outlined the negative impact of vacation rental homes in the Coral Ridge neighborhood stating there have been wedding receptions, bachelor parties that go on all night, excessive garbage cans being left on the street, loud noise all hours into the night, and a constant turnover of renters. Ms. Sawyer stated the leasing agents do not assist or address the issues with their renters.

Mayor Seiler recognized Susanne Ellman, 2829 NE 35th Street, who addressed the Commission in support of this item. Ms. Ellman stated one home in her block is rented by the night on various websites for \$295.00. This home is used for large parties usually every Saturday and Sunday night. She specifically requested curtailing one night rentals rented for parties.

Mayor Seiler recognized Lori Franke, 3509 Vista Park, who addressed the Commission in support of this ordinance. The action items her neighbors want to see include enforcement with strict penalties because warnings do not work and the need for mandatory background checks on short-term renters.

Mayor Seiler recognized Dennis Hanks, Executive Director of Florida Vacation Rental Manager's Association, who addressed the Commission stating the vacation rental industry is a \$30,000,000,000 per year industry. Fifty percent of those visiting the State now stay in non-hotel lodging and look for

alternatives to hotels. He stated the non-professionally managed properties are what is contributing to the problem, i.e., short-term vacation rentals with absentee owners and absentee managers. Mr. Hanks expounded on the industry and those it employs noting the differences as compared to the corporate hospitality industry.

Mayor Seiler gave his comments on this topic stating the Commission needs to make the ordinance more strict to protect the City's neighborhoods. Mayor Seiler asked for those who professionally run vacation rental management companies assist in regulating those who are causing negative issues in the City's neighborhoods. Mr. Hanks stated they would work with the Commission to implement proper compliance, regulatory training, and workshops.

Commissioner Trantalis gave his comments on this topic commenting private homes located in private neighborhoods do not have the infrastructure, i.e., parking, as do corporate hotels, and this stresses the neighborhood. Even a properly managed vacation rental home is not intended to accommodate this type of business, and this is why there are hotels. Further comments and discussions ensued.

Mayor Seiler recognized Hugh Chappell, Las Olas Isles Homeowners Association, who was in support of this ordinance. Mr. Chappell addressed the Commission on this topic stating vacation rentals are turning neighborhood homes into hotels. Mr. Chappell gave a description of an incident that occurred in this neighborhood from the occupants of a vacation rental home. Mr. Chappell thanked the City Attorney's office for working hard to address this issue.

Mayor Seiler recognized Joe Amorosino, 2725 Center Avenue, who was in support of this ordinance. Mr. Amorosino noted the increase in the number of vacation rentals is out of control, and is negatively impacting the "pride of ownership" for those residents who live in these neighborhoods. He recommended the Commission institute a moratorium on vacation rentals and begin again as the current ordinance addressing this issue is weak.

Mayor Seiler respectfully stated the putting a moratorium in place would not do any good because it would be a moratorium for the current law and would not help anyone.

Mayor Seiler recognized Joey Stotsky, President of the Las Olas Isles Homeowners Association, who was in support of this ordinance. Ms. Stotsky addressed the Commission stating the numerous complaints received from homeowners and the "free for all" nature of single family home vacation rentals. Ms. Stotsky questioned if the City is collecting hotel taxes from these vacation rentals.

Mayor Seiler recognized James Joiner, 6150 NW 34th Way, who was neutral on this ordinance. Mr. Joiner stated he is a real estate broker who participates in this business. Mr. Joiner stated those owners from out of the area who rent out their homes for vacation rentals were professionally managed by his company. He noted these homes rent from \$5,000 to \$7,000 per week. These vacation rentals are insured, the properties are maintained, and the property taxes are paid to the City. Mr. Joiner supports legislation to prevent unprofessional managers from destroying the City's neighborhoods. Mr. Joiner confirmed for Mayor Seiler that he is in real estate sales, and he does not manage any vacation rentals.

Mayor Seiler recognized Kai Stadler, 432 NE 12th Avenue, who was in opposition to this ordinance. Mr. Stadler stated he was a partner in one of the leading vacation rentals in the City. He was not opposed to regulating the industry but how it is regulated. He gave the statistics involved in the vacation rental business the City and how it impacts thousands of jobs in the City. He recommended this be done in a workshop type of environment comprised of the industry's leaders, and community representative's working together to define a set of rules that allow residents to live in peace and safety

while ensuring other residents are not being robbed of their livelihood.

Mayor Seiler recognized Stephen Colman, 1729 NE 17th Avenue, who addressed the Commission in support of this ordinance. Mr. Colman gave the Commission a history of his residency in the City and noting his neighborhood is being affected by owners of short-term vacation rentals. He cited the situation with his next door neighbor who is suing him for loss of income. The owner of the dwelling next door to Mr. Colman turned that single family home into a four-bedroom vacation rental without any permitting. This adjacent property is used as a motel for one night rentals. Discussions and questions ensued from the Commission on this topic and the scenario's that have occurred on the adjacent property.

City Manager Feldman stated the City has pursued this issue with the property owner and City Staff is addressing the issue.

Mayor Seiler recognized Mr. H. Collins Forman, Jr., 2626 NE 16th Street, who addressed the Commission in opposition to this ordinance. Mr. Forman stated his opinion and concerns for the Commission noting short term use of residential properties has been around for a long time and the core problem is bad neighboring. Mr. Forman stated this needs to be addressed with the industry and the community as a whole and noting there are expectations on both sides.

Mayor Seiler commented the ordinance being considered does not make single family vacation rentals illegal, it only puts regulations and restrictions in place such as the necessity to be registered with the City as a vacation rental. Further discussions and comments ensued.

Mayor Seiler recognized Mike Moskowitz, Esq., speaking on behalf of Florida Places 4 Rent, LLC and located at 800 Corporate Drive, in opposition to this ordinance. Mr. Moskowitz distributed a chart to the Commission to illustrate how to make the ordinance better. Mr. Moskowitz stated he represented Milic Mico Novovic, President of Florida Places 4 Rental LLC. Mr. Novovic personally owns and runs, and manages twelve homes in the City. Mr. Novovic is an ethical vacation rental owner who is registered, pays sales tax, and pays the bed tax for the rental of these homes. Mr. Moskowitz stated the industry did not have knowledge of this ordinance until after the First Reading, and the City made no effort to contact the industry for their input. Mr. Moskowitz reviewed the chart and gave his comments recommending the ordinance be fair across the board. Discussions, comments, questions, and concerns ensued concerning the proposed ordinance.

Mayor Seiler recognized Mr. Milic Mico Novovic, President of Florida Places 4 Rental LLC. Mr. Novovic personally owns and runs, and manages twelve homes in the City. He addressed the Commission in opposition to this ordinance not to defend what is wrong but to improve the industry with any proposed ordinances or regulations by reaching out to the neighborhoods and Commission. Comments and questions ensued. Commissioner Roberts requested a copy of his contracts giving him the right to evict the residents of rental properties if caught doing something wrong Mr. Novovic uses for his vacation rental. Mr. Novovic gave the Commission a copy of his rental contracts.

Mayor Seiler recognized Jody Siegel, Esq., with Dumar Allsworth and also representing Mr. Novovic, President of Florida Places 4 Rental, LLC. Ms. Siegel reiterated the point they were willing to work with the City on these issues in conjunction with Mr. Novovic and the industry and would be happy to assist in drafting revisions to the provisions in the ordinance to regulate this industry in the City.

City Manager Feldman stated the effective date of the ordinance is November 1, 2015, and if the ordinance is adopted this evening, there is still an opportunity adopt a subsequent ordinance to amend any provision between now and the effective date November 1, 2015.

Mayor Seiler recognized Lars Heldre, Vice President, South Florida Vacation Rentals Association., Mr. Heldre spoke for fair regulations treating everyone equally. Mr. Heldre stated his background and commented those purchasing homes for vacation rentals have improved and modernized these homes noting they do not rent out these homes to people who would abuse them.

Mayor Seiler recognized Scott House, co-owner of Florida Luxury Rentals, a professional property management who manages almost 50 short-term rental property homeowners in Fort Lauderdale, was neutral on this ordinance but stated he was in favor of regulating the renters of vacation rentals. He felt the current ordinance did not adequately address larger homes. Comments, questions and concerns ensued.

Mayor Seiler recognized Richard Johns, 2801 Center Avenue, who spoke in support of the ordinance. Mr. Johns stated issues that have occurred in his neighborhood with short-term rental properties that have been a nuisance. His primary point was what recourse does the neighborhood have when faced with vacation renters who are not responsive when significant issues are brought to their attention.

Mayor Seiler recognized Barbara Cabral, a member of the Harbor Inlet Homeowners Association and on behalf of Gina Ellis, who spoke in support of the ordinance. Ms. Cabral cited for the Commission her experience and her history with short-term rentals.

Mayor Seiler recognized Ray Greg Kimball, 2720 NE 25th Street, who spoke in support of this ordinance. Mr. Kimball stated his experience with nearby short-term rental properties stating the owners of these vacation rentals are making money over other people's misery. He further stated those managing these property have not done anything when notified of nuisance renters.

Mayor Seiler recognized Arthur Pounsford, 3500 NE 25th Street, who spoke in support of the ordinance. Mr. Pounsford challenged the notion that having a high weekly rent is somehow a filter as to the quality of individual renting the property.

Mayor Seiler recognized Charles King, 105 N. Victoria Park Road, was neutral on this item. Mr. King stated his comments, questions, and suggestions with regarding this ordinance. He felt that the ordinance should address all types of residences in the City not just R-8 and RS 4.4, which would push vacation rentals toward other neighborhoods such as Victoria Park.

There being no individuals wishing to speak on this matter, a motion was made by Commissioner Trantalis and was seconded by Commissioner Roberts to close the public hearing. Roll call showed: AYES: Commissioner Roberts, Commissioner Trantalis, Vice Mayor McKinzie, Commissioner Rogers, and Mayor Seiler. NAYS: None.

Mayor Seiler closed the public hearing.

Commissioner Trantalis addressed the City's legal staff regarding the differences between the First and Second Readings. He noted the measure of compliance did not have sufficient teeth to expect compliance and was similar in nature to the City's experience with dock waivers for those properties located on the beach due to the cumbersome nature of Code Enforcement procedure. The enforcement mechanism needs to be legal, be able to "stick" in order to penalize those responsible for violations. Assistant City Attorney, D'Wayne Spence clarified the Commissions questions regarding the ordinance. Commissioner Trantalis stated the need for an immediate remedy to be put in place to ensure compliance "on the spot."

Further comments, questions, discussions, explanations and suggested modifications regarding the ordinance ensued among the Commission, City Manager Feldman, City Attorney Everett, and Assistant City Attorney Spence.

Mayor Seiler stated the Commission should pass this ordinance tonight and tweak it by working with the industry to address the issues raised this evening. Mayor Seiler stated he would like to get something passed this evening for contracts entered into tonight, August 18, 2015, with an effective date of November 1, 2015.

Commissioner Roberts stated he would like to see the ordinance revised to three violations rather than four before action is taken. Commissioner Trantalis and Vice Mayor McKinzie agreed with Commissioner Roberts' recommendation. Vice Mayor McKinzie stated the need for enforcement of the ordinance is critical. Discussions ensued on what restrictions and modifications to include in the ordinance. Mayor Seiler recommended passing this ordinance tonight with the amendments as discussed tonight between the Commission and Assistant City Attorney Spence:

Commissioner Rogers moved to adopt this item as amended and was seconded by Commissioner Trantalis, which was read in its entirety.

Commissioner Trantalis volunteered to organize a workshop group to address these issues. Commissioner Roberts stated he would also like to be part of the workshop group. Mayor Seiler stated this meeting would be publicly announced.

Mayor Seiler thanked all who came out to address this issue at this meeting stating the City is moving in the right direction to protect its neighborhoods.

OSR-4 15-1070 Ordinance Amending Code of Ordinances Relating to Terms of Boards and Committees

Assistant City Attorney D'Wayne Spence addressed the Commission noting the modifications to the language of the ordinance to clarify the terms of appointment for board members on certain boards and when they begin. There was language included that clarified when a member is qualified and appointed to particular boards. The term of appointment is now defined in the ordinance. Mr. Spence read the following as an example of the modifications to the ordinance,

Community Appearance Board

July 7, 2015

Dear Mayor Seiler and Commissioners:

As the Chair of the Community Appearance Board (CAB), I would like to take a moment to thank the City of Fort Lauderdale staff for their service and dedication to this Board.

The annual event was on May 14, 2015 and was another successful display of city projects and urban design excellence. Laura Gambino, the Community Appearance Board Liaison, coordinated the event. She was assisted in various ways by Petula Burks, David Rubin, Vanessa Martin and Patricia Smith.

We would like to recognize Laura and the team for all their hard efforts in making the WOW program and the Annual CAB event a success in 2015. Please acknowledge them for their hard work and continued dedication to this citywide program.

Mayor Seiler stated this complementary letter would be put in Laura Gambino's file.

Northwest Progresso - Flagler Heights Redevelopment Advisory Board

Motion made by Mr. Wilkes, seconded by Ms. Burrows, to send a communication to the CRA Board recommending that they take steps to modify the Community Redevelopment Plan as may be necessary. In a voice vote, the motion passed unanimously.

Mayor Seiler stated they wish to modify the Community Redevelopment Plan, and Commissioner Trantalis stated the Commission is aware of this request.

Police and Firefighters' Pension Board

The ordinance amendment to the pension plan regarding the IRS determination letter must be presented to the City Commission on First Reading on June 16 and Second Reading on July 7 so it is finally adopted by the City no later than August 13, 2015.

The Sustainability Advisory Board

The Sustainability Advisory Board recommends that the City of Fort Lauderdale restrict the sale and use of expanded polystyrene (commonly known by one company's trademarked name for the material, Styrofoam) to protect City waterways, beaches, and other public property and rights-of-way from litter and pollution.

Expanded polystyrene is a petroleum-based material which is difficult to recycle, does not biodegrade, and is so lightweight that it is easily dispersed by wind and rain. It often breaks down into smaller pieces which become permanent litter, since they cannot be easily removed from beaches, parks, waterways, and other public property. In addition, small pieces of expanded polystyrene can be ingested by marine life, birds, and other animals, harming or killing them.

Several coastal communities in southeast Florida have acted recently to reduce expanded polystyrene litter. Most notably, the Miami Beach City Commission last year adopted several ordinances which prohibit:

- The carrying of expanded polystyrene products onto city beaches, piers, docks, boat ramps or into city parks.*
- The sale or use of expanded polystyrene food service products in public facilities and on public property by municipal contractors, vendors, lessees, concessionaires, operators of municipal properties, and special event permittees.*
- The placement of expanded polystyrene food service containers on the right of way, including use by sidewalk cafés permitted by the city.*

The City of Miami Beach ordinances have met with wide acceptance from the community, including local businesses. Recyclable or compostable alternatives to expanded polystyrene food service products are widely available and affordable. In addition, Walgreens agreed to stop selling expanded polystyrene coolers in Miami Beach, to reduce a potential source of litter.

Based on the success of its limited ban, the City of Miami Beach is considering a citywide ban on expanded polystyrene coolers and food service containers in the near future.

The City of Key Biscayne and the Village of Bal Harbour in 2014 also adopted similar bans on expanded polystyrene in municipal facilities and on municipal property.

Expanded polystyrene bans are common in other parts of the United States as well, including the entire state of Maine, New York City, many cities and counties in California, Seattle, Portland (Oregon), and the District of Columbia.

Given the importance of the waterways of "the Venice of America" and the city's beaches, parks, and public rights-of-way to the city's economy, environment, and quality of life, the Sustainability Advisory Board recommends that the City Commission adopt an ordinance, which, at a minimum, restricts the sale and use of expanded polystyrene in City facilities, including by City vendors, contractors, lessees, concessionaires, facility operators, and special event permittees; and on City property and

rights-of-way, including beaches, parks, marinas, and sidewalk cafes permitted by the City. We further recommend that the City Commission consider a citywide ban on expanded polystyrene coolers and food service products.

Commissioner Trantalis asked Mayor Seiler if wished to act on this communication. Mayor Seiler stated his concern that this should be done countywide or regionally due to the expense and regulatory concerns. Commissioner Trantalis recommended letting restaurants and hotels know they should not be using Styrofoam. Commissioner Roberts suggested asking voluntary compliance. Commissioner Trantalis recommended raising this issue at the next Commission Meeting to notify the community and the hospitality industry that the Commission is contemplating banning the use of Styrofoam containers. Further discussions ensued and it was decided to bring this up at the next Commission Meeting for discussion.

Mayor Seiler stated he had a good meeting with Jorge Hruschka and his group of volunteers stating this community group is getting active and are in need including staff assistance to get events organized. Discussions ensued on this item.

REQUEST FOR EXECUTIVE CLOSED DOOR SESSION

City Attorney Cynthia Everett requested an Executive Closed Door Session for the City Commission can meet privately pursuant to Florida Statute, Section 286.011(8) concerning:

Sandra Rice and Willie Grimes v. City of Fort Lauderdale Case No.: 14-017210 (21)

Mayor Seiler encouraged the Commission to meet with City Manager Feldman, City Auditor Herbst, City Attorney Everett, and City Staff to get any questions answered in advance of the Special Budget Meetings that will be held in early September 2015.

ADJOURNMENT

There being no further business before the City Commission, Mayor Seiler adjourned the meeting at 11:40 p.m.

CHUCK HANSEN

August 18, 2015

Good Evening Mayor Seiler, Commissioners,

My name is Chuck Hansen and I come before you this evening as a representative of The Illini Condominium, which is adjacent to the Oasis Café property at 600 Seabreeze Blvd on Ft. Lauderdale Beach.

My personal story is that I have worked hard for 52 straight years, 46 of which I've lived in Ft. Lauderdale. After working 31 years in Fire Rescue I saved enough money to buy a condo at The Illini to live happily ever after in retirement.

Over the past 16 years I have come to realize that his condominium is the most idyllic place in all of Ft. Lauderdale. You can sit on your balcony in the morning and watch the sun come up, enjoy a steady balmy breezy all day long, and watch a beautiful sunset at dusk by just turning your chair around 180. Later on when traffic abates you can hear the waves lapping on the shore making it so peaceful that one can fall asleep in a matter of minutes.

I'm afraid all this will come to an end if you allow PDKN Holdings to build their restaurant where the Oasis Café is situated now.

According to their proposal PDKN Holdings have five successful restaurants all called BOKAMPERS Sports Bar and Restaurant. When I am through I would like to ask a representative from The Crush Law Group why they do not call this BO's Sports Bar also. What is the difference between this restaurant and the other five Sports Bars restaurants?

If you look at the attached menu you will see that there is nothing amazing about it. This place is not going to pay the rent serving conch fritters, burgers, and peel and eat shrimp. All of this food is Sports Bar

food and the majority of their income will be from liquor sales. And what do they have to do to generate all these liquor sales, just by simply adding 20-30 flat screen televisions inside and out showing sports to the wee hours of the morning at extremely high volumes.

Don't get me wrong I like Kim BOKAMPER very much, as I have known him for 40 years or so. I also love sports every much. When I went into his Sports-Bar on Oakland Park Blvd for the every first time I was truly blown away by its enormity. There were 60 something flat screens on showing different sports. I said to myself this is the greatest invention since sliced bread. This feeling was every short lived, as I soon become bothered by how loud the volume was and left never to return.

It's seems to me that all the patrons from BOKAMPERS, as well as the Treasure TROVE are all in their 20's -30's and don't seem to mind the loud music or television. The residents of the Illini are much older and so will be the new residents of the LAS OLAS OCEAN RESORT HOTEL, which is being built as we speak, on the north side of The Illini. If all gets approved by the city there will be another 600 condos just to the west of this property at the Bahia Mar parking lot. In all there will be approximately 750 residential units, each paying extremely high taxes, within a few hundred feet from the soon to be Sports Bar. Any noise generated from the south side of The Illini is driven up the entire face of the building by the prevailing southeasterly on shore breezes. On this side of the building there are 52 bedrooms and 26 living rooms, all of which contain people who only want a peaceful existence and a restful night's sleep.

There is a bar one block away called the Treasure Trove that plays very loud music till 2am, which annoys the residents on the north side of the building. Whenever one of the residents call The Code Enforcement Office to complain they are told to quit calling, as there is nothing they can do

about it. Well there is something you can do about this property tonight before it ever gets to this point. I ask the Commissioners to postpone their vote on this property long enough to allow each of them the time to visit BOKAMPERS Bar & Restaurant on Oakland Park Blvd. I ask each of you to randomly walk through this place to the outside seats then ask yourself would you enjoy having your bedroom window only 2ft away from all that noise.

From beginning of time this property was once a gas station, a visitor's bureau, a Voyager Tour train and the Oasis Café. All of these businesses had one thing in common, there was zero noise emanating from this property 24/7.

BOKAMPERS may not be called a SPORTS BAR and be the highest bidders, but if you analyze the proposal, review my letter and view BOKAMPERS you will soon realize that this is a really bad fit for this residential neighborhood.

As you all know from years of experience that the highest bid is not always the best bid. Please re-open the bidding process and choose a more suitable business that would be more compatible with the 1500 residents that will be soon surrounding this property.

Thank you for your time and consideration.

Sincerely,

Chuck Hansen
