June 29,2022

John Torrenga,

We are excited for the opportunity to respond to the Request for Proposal (RFP) for Single Source TPA, Pharmacy Benefit Management and Employee Assistance Program RFP#12698-525. Our proposal, which meets all of your criteria, is organized around your top business requirements. We look forward to continuing our collaboration with the City of Fort Lauderdale to further make and impact on the health of your employees and their families. With our commitment to better health outcomes, we deliver a high level of employee satisfaction with the ultimate goal of delivering long-term savings for your organization, your employees and their families.

For years, Cigna has been providing health plans to America's local governments, colleges and universities, and school districts and has strong, deep connections in the South Florida area. We currently serve 115 Government & Education clients and nearly 298,000 members throughout Florida.<sup>1</sup>

We're confident in our ability to continue to meet your needs – and that as your current carrier, Cigna can match your current benefits and services to maintain consistency for your employees and their families. At Cigna, we'll help you get to well-being in ways that are innovative and cost-effective.

Sincerely,

A handwritten signature in black ink, appearing to read "Yesenia Sanchez", written over a light gray circular watermark.

Yesenia Sanchez

Vice President (CHLIC) and Authorized Signatory

# REAL SOLUTIONS FOR REAL LIFE

Affordable

Predictable

Simple

The world around us has changed. The events of 2020 have affected every single person and every facet of our lives. Employees need more support, guidance and empathy than ever before. Employers need affordable ways to support workers mentally and physically. And they need a supportive health care team to partner with them so they can respond quickly to any new challenges that may be on the horizon. Let's show you how we are getting real results by helping to make health care more affordable, predictable and simple.

Through a deep understanding of benefits management in local government, we're equipped to deliver an experience that's tailored to your needs.

Together, we'll look for more opportunities to help continue to improve the health of your employees and their families, create innovative programs for collaboration and engagement, and help you reduce your total health care costs. Here's how we do it:

- We provide easy access to care, where and how your employees need it, through a large national network and by expanding virtual care offerings, with digital access to plan information and our care management programs (coaching, etc.)
- We don't ignore behavioral health; we focus on body and mind
- We integrate Cigna Pharmacy and Cigna Total Behavioral Health solutions
- We work to remove surprises from health care for clients and employees, and we continue to innovate
- We offer 24/7/365 personal and empathetic support

BidSync

# Financial highlights of our offer:

- Current fees will remain flat for 3 years thru 12/31/2025, with 2% escalators in years 4, 5, & 6
- Discretionary Fund:
  - \$120k year one only for the city to utilize for programs, initiatives, additional wellness funds or additional fee credit
- ASO Fee Holidays:
  - 3 month fee holiday in year one, worth \$180k
  - 3 month fee holiday in year two, worth \$180k
- Wellness fund in the amount of \$100k plus unused balance to be rolled over each year
- Additional Onsite Resource – Onsite Customer Service Representative
- Medical Discount Guarantee
- Improved Pharmacy Discounts and Rebates
- Pharmacy clinical outcome guarantees totaling over \$95,000 annually at risk
- Pharmacy Service Guarantees totaling over \$30,000 annually at risk
- A SaveOn Program guarantee of \$113,781

## Real partnership

We partner with you to:

- Develop flexible, customized solutions based on your employees' unique needs.
- Provide more effective support with the help of local account teams.
- Keep employees engaged in their health and well-being through personalized and digital experiences.

**3.1 million**  
customers in local governments, school districts, colleges and universities<sup>1</sup>

## Delivering for our clients

Our **4.0% medical cost trend**<sup>2</sup> has far outpaced the industry for seven years running<sup>2</sup>. We have been able to do this by continually developing new approaches and solutions to impact medical cost trend and to better manage utilization through clinical programs, value-based strategies and network innovations as well as by proactively guiding and educating your employees.

## Client successes

**A public school district in the Southwest achieved a -0.6% five-year health plan trend**<sup>3</sup>

**A public school district in the Southeast realized \$13.8M in clinical program, medical-pharmacy integration and fund-related savings**<sup>4</sup>

**A city in the Northeast saved \$2.5M through clinical program engagement in one year**<sup>5</sup>

1.Cigna Book of Business, January 2020, of medical and dental customers. 2. Compared to UHN, AET, ANTM – publicly available information. AET/CVS did not report 2018 medical cost trend; CVS 2019 medical cost trend assumed at midpoint of their guidance as of their third-quarter 2019 earnings calls; UNH 2019 medical cost trend assumed at the midpoint of its guidance as of its December 2019 Investor Day. 3. Cigna-generated report from Cigna Digital Data and Analytics, June 2020, reflecting dates between October 1, 2018, and June 30, 2019. 4. Cigna case study 2018. Savings over three years 2014, 2015 and 2016 – Cigna internal analysis of health plan performance. 5. Current Period reflects claims incurred between January 2019 and December 2019, paid through February 2020. Base Period reflects claims incurred between January 2018 and December 2018, paid through February 2019. Results may vary. Individual client results may vary.

To provide the highest level of customer service to **City of Fort Lauderdale** employees and their families, we are offering our **One Guide Solution** integrated with our **Smart Support Program**, exclusively for the public sector.

- **24/7 live customer support** so City of Fort Lauderdale employees can get help with claims, questions and crisis support whenever they need it.
- Dedicated call center staffed with experienced Personal Guides with access to real-time customer information so they can offer guidance and proactively identify opportunities for improved health and cost savings. This team receives quarterly training specific to public sector client and customer needs.
- My Personal Champion® program providing one-on-one support for managing life-changing diagnoses and complex situations.
- Personal Guides have access to client engagement programs so they can help employees understand all their health incentive opportunities and track their progress as they take actions to improve their health.
- Virtual care to support mind and body.

By guiding employees to the right care, we drive savings, including **45% more utilization<sup>1</sup>** of high-performing providers and **29% fewer ER visits<sup>2</sup>**

## Cigna onsite service team

Meeting employees where they are and making it simpler and easier for them to get the help they need.

### Onsite customer service rep – Added Resource in this proposal

- Provides immediate support for employees
- Offers assistance with complex claims handling
- Informs and educates members on the value of using in-network providers
- Serves at the direction of Human Resources for other benefit-based initiatives

### Onsite Well Being Coordinator – Jessica Roark

- Collaborate with Employer on Development of Wellness Committee
- Collaborate in development and delivery of promotion campaign
- Health Awareness Seminars
- Facilitates Wellness Campaigns
- Assists with Wellness Event/Fair
- Is a Wellness Resources

### Your City of Fort Lauderdale extended team

- Executive Sponsor, Yesenia Sanchez
- Medical Director, Dr. Marco Vitiello
- Senior Client Manager, Michelle Alperstein
- Client Service Executive, Micaela Bernardo
- Engagement Consultant, Nicole Watson

1. Cigna FY2019 office visit and outpatient utilization for OAP customers (excluding Medicare customers) residing in top 40 Cigna care designated (CCD) markets, based on 21 CCD physician specialties. Customers who had at least one visit with a provider in a CCD specialty who chose to use the CCD provider. 2. Cigna client reporting for subset of One Guide-engaged clients showing comparison between customers who use/interact with a Next Best Action (NBA) v. customers who don't interact with an NBA. ER = emergency room. Results may vary.

# Integrated Pharmacy

## One dedicated team and integrated view

At Cigna, we know that the best way to control total health care costs and improve the health and well-being of those we serve is to provide integrated solutions, built to work together as one, that engage our customers to take control of their health and make managing benefits easier for our clients.

### Our approach:

- Manage your financial health based on your total health care spend. While eliminating surprises and protecting your money like it's ours
- Proactively engage customers with service and clinical teams who see across all benefits – where real-time data and sophisticated analytics trigger outreach to get customers a high-value opportunity at the right time
- We work with providers – meeting them where they are and enabling and informing them in real time
- One dedicated team for the clients and their customers to help them easily navigate their health care
- It's an approach that focuses on the whole person: with more affordability, more predictability and more simplicity

# \$227

### PMPY

medical cost savings when connecting medical, Cigna Total Behavioral Health® and pharmacy benefits<sup>1</sup>

**One dedicated team, accountable to you** for implementing, monitoring and providing ongoing guidance for all your benefits.

**One expertly designed plan**, one set of consistent policies – built to work together.

**Simpler administration** with one contract and financial process, meaning less stress for your benefits team.

**Integrated reporting** with a complete, whole-person view, across benefits to provide analysis as well as strategic and actionable insights.

1. Cigna 2020 National Book of Business study of medical customers who have Cigna pharmacy + behavioral benefits vs. those with Cigna medical + behavioral. Individual client/customer results will vary and not guaranteed. Average BidSync member per year (PMPY).

# Behavioral health

Amplifies the power of your benefits to address whole-person health

## Provider collaboration

**Our approach is different because of our deep engagement and collaboration with providers. We have been leading the way in value-based care innovation with over a decade of experience and commitment to collaboration. Accountable care organizations are embedded in our approach, with over 700 collaborative care relationships<sup>11</sup> and 66% of claim payments in value-based arrangements<sup>12</sup>.**

### We help providers to deliver exceptional care through:

- Actionable patient insights that are pushed to providers on a daily basis
- Aligned interests around your employees' health, working to address their specific needs
- Coordination by a nurse in the doctor's office to promote better outcomes

A range of network options are available to meet your benefit objectives, all designed to offer value, choice and access to quality care. All of our offerings - from our broad, nationwide network to high-performing and local network options - include access and guidance to the most efficient health care providers.

We are addressing access and quality and supporting your employees' whole-person health, body and mind, through our suite of programs and expanded capabilities. We are providing convenient access with virtual care options for minor medical conditions, primary care and behavioral needs. Centers of Excellence programs – including Substance Use and Hospital Centers of Excellence - provide your employees with resources and support to make smart choices on the right quality and cost-efficient care.

**City of Fort Lauderdale**  
**Available Program Enhancements**

Helping your employees improve their physical and mental health is the best, and only, sustainable way to lower medical costs, thereby helping our customers improve the health of their business. All of the programs, tools and activities we offer emerge from this objective. The following additional programs are available to you:

Program Name	PEPM Cost	PEPM Claim Savings	Medical and Pharmacy Claim Savings %	Annual Cost	Annual Medical & Pharmacy Claim Savings	Net Savings
Integrated Diabetes Prevention Program (IDPP)			0.20%			
Healthy Pregnancies, Healthy Babies Option 2	\$ 0.48	\$ 0.94		\$ 10,368	\$ 54,684	\$ 9,936

Notes:

Savings are estimated and are based on annual medical and pharmacy claims of \$ 27,341,756

## Proposed Renewal Terms and Conditions

### A. General Terms of this Renewal Proposal

Cigna HealthCare is pleased to present this Proposal for renewal for an Administrative Services Only group Medical, Pharmacy, and behavioral health benefit plan (the "Plan") sponsored by City of Fort Lauderdale. This proposal is valid until 12/31/2022. Any revisions or updates made to this proposal will not renew this valid timeframe unless expressly communicated by Cigna Healthcare.

#### Renewal Caveats

Cigna HealthCare may revise or withdraw this renewal proposal if:

- there is a change to the effective date of the quote
- Plan modifications are requested
- the employer changes its level of contribution toward the cost of the coverage
- enrollment increases or decreases by 10.0% or more, by product, or for the total account, from the enrollment assumptions used in establishing the rates, fees, funds, and/or fee holidays set forth herein.
- Commissions are requested to be different than Net
- it is requested to interface with a third party vendor
- assumes and is conditioned upon client at all times maintaining a minimum bank account balance determined by Cigna (but no less than \$10,000) based upon plan funding (i.e., insured or self-insured), frequency of account funding, specific vendor banking institution requirements for cash flow and frequency. Calculation of the bank account balance will be based on average daily claim activity that can range from 1-8 days and include adjustments for non-daily activity (e.g. prescription drug benefits and network access fees when applicable)
- administration of the Plan will require more than the following:
  - Billing lines : 239
  - Billing and Claim Branch Benefit Options: 239
- it is not the exclusive provider of Medical, Pharmacy, or like products for all of City of Fort Lauderdale employees in all worksites
- there is any reimbursement arrangement ("gap" cards, etc.) that subsidizes or reduces the out-of-pocket obligation of covered persons under the policy.

Date Printed: 6/29/2022

## B. Scope and Application of this Proposal

Unless otherwise indicated, this Proposal:

- assumes that the group health plan or health insurance coverage to which this proposal applies will not be a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the "Act") and that it will be subject to all requirements of the Act applicable to a group health plan or health insurance coverage unless otherwise specified in writing.
- does not include paying on behalf of the Plan the Comparative Effectiveness Research Fee required under section 4376 of the Internal Revenue Code as added by the Patient Protection and Affordable Care Act. Cigna HealthCare is prohibited from calculating, collecting and paying the fee on behalf of the Plan.
- includes a Network (POS) plan(s) where in-network coverage for California residents is subject to California regulatory requirements under California's HMO law that may affect the design of in-network covered services provided. Because our provider networks in California include providers paid on a fixed charges basis, California regulations require that covered services be provided in accordance with California's HMO law whether the plan is fully-insured or self-funded. Cigna HealthCare of California (CHC/CA) will issue a Group Service Agreement that will reflect covered services mandated under California's HMO law. If your plan includes out-of-network benefits, your total premium will be allocated between CHC/CA and Cigna Health and Life Insurance Company (CHLIC) or Connecticut General Life Insurance Company (CGLIC). Any Patient Protection and Affordable Care Act fees and assessments imposed upon CHC/CA that are attributable to your Plan or Plan Participants including the Comparative Effectiveness Research Fee, the Health Insurance Industry Fee and the Transitional Reinsurance Assessment will be charged separately through your ASO bank account.
- supersedes and renders null and void any prior Cigna HealthCare offer or proposal with respect to the Plan
- presents financial terms that must be accepted on a packaged basis
- reflects the claims and administrative savings realized by packaging the following specialty coverages with medical: Pharmacy, Behavioral Health
- includes fixed charges for behavioral care services arranged by Evernorth Behavioral Health, Inc. or Evernorth Care Solutions, Inc. However, this may not apply in certain states.
- includes capitated charges for the provision of Hi-Tech Radiology services by eviCore (formerly known as MedSolutions, Inc.). Reimbursement methodology varies by state.
- Includes charges made by either a specialty vendor or an affiliate, such as eviCore for care management programs to contain the cost of specific health services/items and/or improve adherence to evidence-based guidelines to promote patient safety and efficient care (i.e., charges for management of diagnostic cardiology, radiation therapy, musculoskeletal procedures, medical oncology, gastroenterology, sleep management and home health/DME/HIT and appropriate setting of care/service) when applicable, and medical necessity review (i.e chiropractic services).
- requires a separate benefit option due to state regulations, if you have purchased any product with Cigna Total Behavioral Health and you have customers residing in CA or VI.

Date Printed: 6/29/2022

- **guarantees the second year ASO fee increase of 0.00% to mature first year fees and an increase of 0.00% over second year fees, 2% increase to third year fees, and 2% increase to fourth year fees, 2% increase to fifth year fees . All guarantees are subject to all other terms and conditions included in this document. The above caveat is not applicable to pharmacy ASO fees.**
- Notwithstanding the foregoing guarantee, Cigna may revise any charges at any time if Cigna is (i) required to pay any tax or assessment, or (ii) incur additional costs in administering the contract as a result of any state or federal law.
- includes the Network Savings Program (NSP) and other Cost Containment programs designed to contain costs with respect to charges for health care services/supplies that are covered by the Plan. For administering these programs, Cigna retains a portion of the savings or recoveries generated.
- excludes charges for converting a qualified customer of a group plan to an individual plan.
- includes a maximum reimbursable charge for out-of-network coverage equal to 110% of a fee schedule developed by Cigna HealthCare based upon a methodology similar to that used by Medicare to determine the allowable fee for similar services in the geographic market or 80th percentile of charges made by providers of such service or supply in the geographic area where the service is received.
  - assumes incentive design follows the standard guidelines offered by Cigna HealthCare. In the absence of final incentive design, additional charges may apply for any non-standard customizations requested for telephonic coaching and biometric outcomes goals.
- **ASO fees for the first 3 months will be reduced by a total of \$180,000 (3 months of Admin, Access and One Guide fees) total for a transitional relief credit. Additional fund of \$120,000 to utilize for programs, initiatives, additional wellness funds or additional fee credit**
- **ASO fees in year 2 will be reduced by a total of \$180,000 (3 months of Admin, Access and One Guide fees) total for a transitional relief credit.**
- **establishes a Wellness/Health Improvement Fund (the "Fund") in the amount of \$100,000**
- The Wellness/Health Improvement Fund will be used to defray the cost of Cigna designated and arranged health and wellness programs for employees (e.g., biometric screenings, flu shots, etc.) and to reward participation in wellness programs.
- Wellness/Health Improvement Fund may be accessed during the period from 01/01/2023 - 12/31/2023. The Fund may not be accessed following notice of termination of the Cigna HealthCare agreement. Unused Funds can be rolled over and Cigna HealthCare must pre-approve use of the Fund.
- Assumes a non-Cigna HealthCare Pharmacy Benefit Manager administers oral or other self-administered anti-cancer prescription medication claims at a copayment/coinsurance level that is no less favorable than that for intravenous or injected anti-cancer medication prescribed for the same purpose and covered under employer's Cigna HealthCare plan. This assumption is applicable only if: (a) employer has contracted with a PBM (not Cigna HealthCare); (b) employer's plan is either insured, or, if self-funded, not subject to ERISA (i.e., is a church, government or association plan); and (c) employer's Cigna HealthCare plan is situated in IA, HI, NM, OR, NJ, NE, VA, MA, NV, FL, ME, GA or a state with similar chemotherapy coverage law, or covers one or more individuals residing in CO, OK, VT, WA, TX, LA, MO, OH or in a state with similar extraterritorial chemotherapy coverage mandate.
- does not apply to individuals unless employed by the policyholder or an entity that participates in an association or trust that is the policyholder.

- assumes that dental/vision benefits will be under a separate ASO agreement and are excepted benefits and not subject to HIPAA and ACA requirements.
- includes Cigna's One Guide digital and customer guidance solution.

If an employer carves out stop loss coverage, an additional data reporting interface fee will be charged to the employer and may vary depending on the frequency of reporting requested. Reporting information and support services are provided only after confidentiality agreements have been executed by the employer and stop loss insurer. The information provided by Cigna is based on paid-claim data only. Information is not provided for any incurred-but-not-paid claims or projected claims. In addition, information related to precertification, case management, course of treatment or prognosis will not be provided. Carving stop loss coverage out to a third party insurer is only available in our Over 500 business segment.

All Cigna products and services are provided exclusively by or through operating subsidiaries of Cigna Corporation, including Cigna Health and Life Insurance Company, Connecticut General Life Insurance Company, Evernorth Care Solutions, Inc., Evernorth Behavioral Health, Inc., Cigna Health Management, Inc., Tel-Drug, Inc., Tel-Drug of Pennsylvania, L.L.C., and HMO or service company subsidiaries of Cigna Health Corporation and Cigna Dental Health, Inc. The Cigna name, logo, and other Cigna marks are owned by Cigna Intellectual Property, Inc.

### C. Additional Representations & Disclosures

The plans presented in this proposal have an actuarial value, determined by Cigna HealthCare, of 80% or greater. This determination was made using Cigna HealthCare's manual rating application which may produce an actuarial value slightly different than the official HHS calculator. Although we would expect any deviation to be small, you will have to consult with your actuarial consultant for a more precise determination of the plan's actuarial value. Cigna HealthCare does not provide actuarial certifications.

Cigna HealthCare may pay on your behalf any applicable state tax or assessment imposed upon your plan by drawing upon the bank account.

In order to implement the requested benefit design, different funding arrangements (i.e., insured, self-insured and/or HMO) involving affiliated Cigna companies may be required with respect to plan participants residing in certain states.

Cigna HealthCare may have an agreement with your benefit advisor, under which the benefit advisor may be paid for providing marketplace intelligence or for the performance of administrative services. The qualification for and amount of this payment may be based upon overall business growth and/or retention levels. Any such payment is funded through Cigna HealthCare's general overhead.

The benefit advisor may qualify for incentive payment (monetary or non-monetary) from Cigna HealthCare. For example, the benefit advisor may receive payment based upon new sales, new customer growth or retention. This incentive payment is funded from Cigna HealthCare's general overhead.

Cigna HealthCare sponsors programs to inform benefit advisors about Cigna HealthCare's plan coverage and services (including producer advisory councils). The cost of these events is funded through Cigna HealthCare's general overhead.

Includes Fixed Charges for Embarc Benefit Protection<sup>SM</sup>, a network solution for certain high-cost gene therapy drugs arranged by eviCore.

in order to implement SaveOnSP program on the plan effective date and with proper customer communications, written acceptance of this quote must be received no later than 60 days prior to the plan effective date. If approval is not received by this date, the SaveOnSP program will be implemented at the earliest possible time and could result in a disruptive customer experience.

# Cigna Employee Assistance Program (EAP)

A proposal to provide a Cigna EAP and work/life solution for:

**City of Fort Lauderdale**

June, 2022

The information contained in this proposal is proprietary and confidential to Cigna. The information may only be used for the purpose of evaluating Cigna appropriateness for fulfilling the obligations of the RFP. Information contained in this proposal may not be used in any other manner without the prior consent of Cigna.

This proposal provides only the highlights of the Cigna Employee Assistance Program. It is not a contract. Complete and prevailing terms are set forth in the applicable Cigna Employee Assistance Program service agreement.

All Cigna products and services are provided exclusively by or through operating subsidiaries of Cigna Corporation, including Cigna Health and Life Insurance Company, Connecticut General Life Insurance Company, Evernorth Care Solutions, Inc., Evernorth Behavioral Health, Inc., and HMO subsidiaries of Cigna Health Corporation. The Cigna name, logo, and other Cigna marks are owned by Cigna Intellectual Property, Inc.

**Real Support for Real Life**

Cigna's EAP offers support 24 hours a day, 7 days a week, and 365 days a year to help keep your employees performing at their best. Phone-based sessions, visits with EAP providers, work/life support, time-saving referrals, legal and financial consultations, and wellness discussions are just a few of our EAP tools which help reduce stress and support wellness within your workforce. Our goal is to keep everyday issues from becoming bigger problems.

Households today face many stressors, which can include relationship issues, financial concerns, work pressures, and life challenges. This is underscored by 2017 data, which states that 75 percent of individuals surveyed experienced at least one symptom of stress and at least one in five adults experience mental illness in a given year [1], resulting in over \$444 billion in medical expenses and lost productivity. [2]

**No Stigma with Cigna**

Too often, employees are uncomfortable seeking or receiving help with behavioral health issues. There is a stigma surrounding behavioral health treatment, and as such, many individuals wait until their problems escalate to seek care or avoid care altogether. They may also be confused about the services available to support them. We know that asking for help can be difficult, so we make every attempt to be approachable via our EAP. Our EAP communications are friendly, engaging, and matter-of-fact. They are designed to motivate employees to reach out to us proactively as help is always available and easily accessible.

We encourage employees to access the EAP for a broad range of issues, which may include breaking bad habits, repairing a relationship, opening a college savings account, or closing on a house. Cigna's EAP supports individuals through multiple stages of life's experiences and helps them to navigate with increased confidence, promoting empowerment.

360 Total Health and Well-Being

Results from our 2019 EAP Participant satisfaction survey

96 percent of Cigna EAP participants agree that the EAP helped improve their ability to be productive at work.

95 percent of Cigna EAP participants report an improved ability to balance work and personal life.

Cigna has provided EAP solutions for over 45 years. We currently service over **1,200 EAP clients** and **22.9 million program participants**. Our tailored programs evolved out of a history of providing real results based on what matters most to our clients and their workforces.

Our programs help employees optimize their physical, emotional, and social health in order to arrive at work focused, positive, and able to perform at their full potential. Our EAP services include the following:

- › phone problem-solving sessions with a licensed, master’s-level EAP provider who listens and helps the participant work through various life challenges
- › Wellness seminars available at the worksite and online to help employees stay mentally, emotionally, and physically healthy
- › Consultations with work/life specialists to better manage life at home
- › Resources to troubleshoot challenges affecting life at work
- › Organizational services, management referrals, and onsite services to help managers intervene early when they identify an employee who could benefit from EAP services

96 percent of participants say the EAP helped them better manage their stress.

## Why Cigna?

Our EAP thoroughly addresses each presenting issue, which drives higher utilization and improved results. Cigna's EAP is an outcomes-driven solution. We approach problem resolution like weeding a garden, instead of cutting weeds off the top, the EAP digs deeper. By helping employees unearth the complexities of their issues, they are able to identify and develop effective strategies for managing and removing the root of the issue.

### Our Strategy

Our focus on advocacy and behavior modification supports our strategic commitment to alleviate the burdens of illness, provide access to evidence-based prevention and treatment, and improve health and productivity. We are dedicated to meeting the needs of the individual; we use participant satisfaction as one of our key success measures. In 2019, 98 percent of participants reported overall satisfaction with the Cigna EAP.<sup>1</sup>

### Our Ability to Deliver

From achieving seamless program implementation to providing critical incident response services, we consistently prove that we deliver quality services. Following are a few of our high marks:

- › **Critical Incident Stress Management (CISM)** - We are ready 24 hours a day, 7 days a week, 365 days a year to deliver critical incident stress management services for situations causing workplace trauma. In 2019, 99 percent of survey respondents reported satisfaction with services.<sup>2</sup>
- › **Problem Resolution** - Overall, 90 percent of participants resolve their issue via their EAP without having to access their behavioral health benefits.<sup>3</sup>

### Our Top Differentiators

Several differentiating services set our EAP solutions apart. These differentiators include the following:

- › **Critical Incident Stress Management (CISM)** - Our program allows clients to define what qualifies as a critical incident. Cigna does not have a predetermined set of definitions that must be met for access. By debiting the client's annual bank of employer service hours, the client can utilize CISM services as necessary throughout the year.

We further stand apart by only debiting employer service hours against the actual time spent on site. We do not charge for extra administrative costs, preparation time, or provider travel time. Further, if the critical incident requires the provider to stay overnight in a hotel, we do not charge the client for these additional costs.

Cigna does not subcontract with any outside vendors for CISM services. We have our own national network of qualified CISM providers. We own and manage the network as well as the process, and we closely collaborate with our contracted providers to help ensure that services are delivered seamlessly and effectively in accordance with Cigna guidelines. Our satisfaction rating for CISM services continues to hold firm at 99 percent or greater for the past seven years.<sup>3</sup>

- › **Find-a-provider search assistance** - Following a 2019 customer service pilot, Cigna introduced the find-a-provider search assistance to all EAP customers to offer proactive assistance in finding EAP providers with an available routine EAP appointment. Referrals for routine appointments are provided within three days; urgent/crisis needs are handled right away.

- › **EAP Wellness Seminars** - Cigna EAP offers a broad range of seminars to help your employees and managers reduce stress, stay healthy, and perform at their best. We have a wellness seminar and management training library with over 150 topics, including trainings on sensitive topics such as gender transition in the workplace, mental health, and suicide awareness as well as other offerings that align successfully with health and wellness initiatives. Seminar content is researched and refreshed annually to meet the evolving needs of our clients. Workshop formats were introduced in 2020 for challenging topics that would benefit from a more in-depth, interactive approach. Our seminar presenters are licensed clinicians and/or professional speakers with experience in the field of EAPs and counseling.

## Best-In-Class Employee Assistance

## City of Fort Lauderdale

Our knowledgeable team of coordinators makes it easy to bring topic consultation to full-service scheduling to your workforce. We have achieved a 99 percent satisfaction rating with those who participate in the EAP seminar offerings and 99 percent with HR professionals regarding EAP seminar services provided.<sup>4</sup>

- › **EAP National Wellness Webcasts** - Our clients have access to seminars delivered via our national webcast portal at no additional cost. Each year we chose 26 topics from our extensive library to offer support for both personal and professional issues that employees and managers face. We also offer innovative topics such as loneliness and the power of connection, talking to children about death, mindfulness, living with cancer, and getting and keeping good credit, to name just a few. Access to webcasts is managed through user-friendly web portal. Individuals can participate in the webcasts on their computer or iDevice. The on-demand replay feature allows them to access webcasts when it is most convenient, with each webcast available for 24 months.
- › **EAP Client-Specific Webinars** - Cigna's EAP makes it easy for clients by making our seminars available for presentation in a virtual format. This is an excellent way to meet training needs for employees dispersed across multiple company sites. Webinars are scheduled in the same manner as our in-person trainings. Trainings are facilitated by a specialized group of presenters who are experts in remote delivery of our wellness seminars. The client is only responsible for the technology needed to support webinar delivery.
- › **Work/Life Referrals** - Our work/life referrals include the following:
  - **Turnaround Time** - We provide up to three qualified referrals within 6 business hours in an emergency situation and within 12 business hours for routine requests.
  - **Qualified Referrals** - We call every provider to ensure he or she meets the individual's criteria and has vacancies. We verify appropriate licensure and accreditations.
  - **Time Savings** - EAP participants do not have to call around for services; we provide support for all their needs.
- › **Support for Military Veterans** - Our EAP is focused on assisting military veterans with various life challenges, which may include the following:
  - PTSD
  - Post traumatic brain injury
  - Suicide awareness
  - Adjusting to civilian life and the workplace
- › **Any Time, Any Day** - We are available 24 hours a day, 7 days a week, 365 days a year. When a participant needs us, we are available to help, day or night, weekdays or weekends, at home, at work, or while traveling.
- › **Coaching and Integrated Services Framework** - Our personal advocates are trained in Cigna CARE Coaching, which is a collaborative, affirming, respectful, and empowering coaching approach that focuses on the individual. Our coaching approach also enables cross referrals to other relevant areas of care in order to support the individual's health needs. Cigna's coaching and internal system protocols promote seamless integration with other purchased Cigna programs such as lifestyle management programs (tobacco cessation, stress management, weight management), disease management, Health Advisor®, and other health and wellness programs. For clients with One Guide®, EAP participant calls are supported by a designated team of personal guides.
- › **Wellness Integration** - Our EAP services and seminars work to complement and enhance wellness campaigns and initiatives. In addition to stress management, mindfulness, and emotional health resources and seminars, we offer EAP seminar topics, which target medical and disability cost drivers. Examples of the topic areas we cover include Know Your Numbers, Dreaming of a Good Night's Sleep, The Opioid Crisis and You, Tobacco Cessation, Life with Cancer, Living with Chronic Conditions, Pain: When It Impacts Your Life, Healthy Eating in a Hurry Up World, among others.

## Best-In-Class Employee Assistance

City of Fort Lauderdale

### A Helping Hand for Employees

Life is unpredictable, but Cigna is not. Employees can pick up the phone and call us for help when and where they need it, day or night, weekdays or weekends, at home, at work, or while traveling, 24 hours a day, 7 days a week, and 365 days a year.

When employees call us, our personal advocates can obtain the information individuals need and guide them toward the right solution, whether he or she is in crisis, seeking in-person treatment, or could benefit from helpful resources in the community. Our EAP offers the following support services our clients and their employees:

- › **Crisis Intervention** - We ensure individuals get the help they need when they are in crisis. Our licensed behavioral health clinicians stabilize the situation, coordinate treatment, contact local mental health resources as needed, and remain involved until it is clear that the individual is receiving appropriate care.
- › **Phone-Based Consultation** - When an individual would like to speak with a clinician by phone, he or she can speak confidentially with one of our telephonic EAP consultants. Our telephonic EAP consultants listen and help the individual work through his or her challenges. When appropriate, individuals are referred into face-to-face EAP services for additional assistance. Phone-based consultations include an alcohol use screening and referrals to additional resources, when appropriate. Telephonic EAP consultants follow screening, brief intervention, and referral to treatment protocols for all alcohol screenings.
- › **Face-to-Face Counseling** - Our program may include a specific number of face-to-face sessions per issue per year with a behavioral health provider in our national EAP network. If a referral to an EAP provider is appropriate, or if requested by the individual, we refer to nearby network providers for face-to-face visits based on needs and preferences.
- › **Our National Network** - Our network consists of over 114,000 unique EAP providers who are independently licensed doctorate and master's-level clinicians. These providers are a subset of our behavioral health network of nearly 200,000 providers credentialed using NCQA standards and re-credentialed every three years. Cigna launched its Fast Access Network to offer guaranteed initial appointments within five business days and guaranteed customer call back within one business day through participating providers.
- › **Work/Life** - We know employees have a wide range of work/life demands and most often need referral support within tight timeframes. From preschool referrals to graduate school applications, no matter what an individual requests, chances are we can help. Our referrals are qualified, meaning that we call every provider to ensure he or she meets the caller's criteria and have confirmed vacancies.
- › **Online Resources** - By accessing our website, individuals can search for a provider, schedule a phone-based consultation with a telephonic EAP consultant, obtain an EAP Code for face-to-face and telehealth visits, access educational materials on work/life issues, browse interactive tools, and find web seminars. The EAP website has been redesigned to make the program more relatable and easier to navigate. Online services are accessed within life categories: emotional health, home life referrals, financial and legal, and job and career support.

# Best-In-Class Employee Assistance

# City of Fort Lauderdale

As part of the online access to the EAP, we have live chat capabilities (available Monday through Friday from 9:00 a.m. to 8:00 p.m. EST) to make it easy for those individuals who prefer to contact us in an online format.

Once an individual clicks on the live chat feature via the website, he or she selects our EAP from the drop-down menu, and the specific reason for the chat.

Reasons for contacting the EAP may include the following:

- › EAP counseling, which includes referrals and authorizations
- › EAP scheduling, which includes phone-based consultations
- › Legal, financial and identity theft assistance
- › Child care, senior care, pet care, and other work/life concerns
- › Career or education services
- › Healthy Rewards<sup>®</sup>

Basic information, which includes the individual's name, date of birth (DOB), and address are requested as part of the chat. Once provided, he or she is connected to a live agent.

The grid below illustrates our face-to-face counseling, work/life, and online services available to EAP participants and their household members.

## Unlimited Phone-Based Support for Managers

Managers are often in a position to identify employees who could benefit from our services, thus, it is important that our EAP help managers intervene early to address issues before they escalate. We offer unlimited phone-based consultations and management referrals to do just that. Licensed clinicians are available 24 hours a day, 7 days a week, and 365 days a year for problem solving, brainstorming or even role-playing. We offer confidential discussion and support to managers on topics such as:

## Best-In-Class Employee Assistance

City of Fort Lauderdale

- › Organizational change (downsizing, relocations, acquisitions)
- › Effective leadership
- › Performance decline
- › Employee job jeopardy problems
- › Drug, alcohol, and company policies
- › Violence at home or work
- › Management referrals
- › Critical incidents, with no limiting parameters
- › Employee appearance and hygiene issues
- › Employee grief and loss
- › Violence in the workplace
- › J-appropriate behavior

99 percent of managers who referred employees to the EAP were satisfied with the services provided.<sup>5</sup>

When managers are concerned about job performance or policy violations, our EAP consultation team can facilitate a structured referral. Three types of management referrals include the following:

- › **Informal Referral** - The manager encourages an employee to voluntarily access EAP services during early stages of performance decline.
- › **Formal Referral** - The manager encourages performance-based voluntary referral by the employee; subject to signed release; Cigna reports compliance.
- › **Mandatory Referral** - The employee must access the EAP as a condition of continued employment (e.g., substance use concerns); subject to signed release; Cigna reports compliance.

### Customized Services for Your Organization

With Cigna EAP, you will get a custom program designed to deliver what matters most to your organization, including onsite support and trainings and reporting, which allows you to evaluate the impact of our program. Below are some of the services available that can benefit your organization.

**EAP Resources for Managers and Organizations Microsite** - Cigna makes it easy for managers, HR professionals, and clients to access EAP resources and information through our microsite, which is easy to navigate and addresses a range of needs, including critical incidents, disaster response, consultation services, wellness, and promotion.

**Disaster Response** - Cigna offers its Disaster Resource Center to clients and employees as an online microsite with resources, relevant articles for disasters by topic, and state-by-state links. Via <http://www.cigna.com/disasterresourcecenter>, our site provides timely information to support preparedness and assistance in the aftermath of a critical event or disaster.

**Suicide Awareness and Prevention** – Cigna offers a resource site with online information, crisis numbers and links to address suicide awareness and prevention for individuals, parents, employers, co-workers and more. The “EAP offers 24/7 access to crisis triage assistance for those at risk.

**Onsite Support** - Cigna annually allots a number of employer services hours for City of Fort Lauderdale to use toward the service options described below. We work with you to customize your bank of employer service hours according to your needs.

# Best-In-Class Employee Assistance

City of Fort Lauderdale

## EMPLOYER SERVICE HOUR OPTIONS\*

- › Specialized team of experts combines Cigna staff and providers trained in crisis response, intervention, and workplace trauma
- › Emergency/crisis intervention and counseling (via phone or onsite)
- › Phone triage

\*Please see Financials section for the number of hours your program includes. Additional hours can be purchased on a fee-for-service basis.

We let YOU decide what constitutes a critical incident so services meet your organization's unique needs.

99 percent of respondents to the wellness seminar and management training surveys were satisfied with our services.<sup>5</sup>

## Best-In-Class Employee Assistance

City of Fort Lauderdale

**Account Management Team** - A designated, solutions-driven account management team is integral to a successful EAP. This group of individuals gets to know your organization in order to creatively tailor an EAP that addresses your needs. Our account management teams are dedicated to making the implementation process as easy as possible and provide ongoing support to ensure we meet the unique needs of City of Fort Lauderdale.

The account team facilitates integrating the Cigna EAP with other Cigna employee benefit programs, such as health assessments and lifestyle management programs, to help drive proactive outreach when physical, mental, or social health issues are identified. Collaboration with City of Fort Lauderdale other health vendors is also an important part of implementation, and we work with other vendors to set up cross-referral protocols for City of Fort Lauderdale benefit offerings.

**Promotional Campaign** - Our goal with communication materials is to provide a range of resources and media that make it easy for employees to understand how to use the EAP.

Seeking to increase engagement, Cigna implemented a new EAP market messaging framework in 2019, built on customer insights research. Additional market research and test and learn activities were completed to drive customer engagement and remove/reduce any barriers. The new catchphrase, **Real Support for Real Life**, is combined with creative scenario headlines which frame EAP in ways that more relatable to everyday life. The results show increased engagement across a number of metrics. Results include:

- › 10.9% increase in average monthly EAP web visits in Q4 2019 in comparison to the average for FY2019
- › 62.5% increase in telephone consultations with employee assistance consultants over the prior year
- › 10.4% increase in face-to-face/virtual EAP sessions over the prior year

"It has been a pleasure working with Cigna this year. What I enjoyed most of all was the energy, the enthusiasm, the commitment, and the creativity that you have managed to harness toward the goal of better mental health treatment outcomes." – Industry Consultant

# Best-In-Class Employee Assistance

# City of Fort Lauderdale

City of Fort Lauderdale receives the following materials during implementation:

- › Posters
- › Customizable brochures with wallet cards
- › Orientation materials and recordings
- › Manager resources

We also provide electronic employee communications to highlight the features and benefits of the EAP:

- › e-flyers
- › e-cards
- › Promotional videos
- › EAP webcast calendar and monthly promotional materials
- › Newsletter articles
- › Health and wellness resources
- › Manager's guide to EAP

**Utilization Reporting and Analysis** - Cigna provides aggregate, detailed reporting to help you track and evaluate the impact of our program. For example, we offer online access to a quarterly reporting package that includes summarized data on utilization results, the number of EAP cases opened, the source of the referral, the presenting problems, and the disposition of closed cases. Comparisons to the base period and book of business norms are included.

- › Employer service hours for onsite training services such as wellness seminars, critical incident response, and manager and employee orientations. Please see the financial assumptions below for total number of hours available.
- › Unlimited telephonic consultations with licensed EAP staff for managers on workplace issues
- › EAP communication materials
- › Online tools and information, including self-assessments, articles, and provider directories
- › Online access to EAP utilization reports
- › Account management

### Financial Assumptions

- › Effective 1/1/2023
- › This proposal is valid for 90 days from its original date of release
- › Rates guaranteed for 72 months
- › Pricing based on a population of 2,824 employees
- › 2 hours per 1,000 employees of employer services per year, or 6 actual hours based on 2,824 Employees
- › If City of Fort Lauderdale exceeds this annual allotment, the following rates apply: CIR Services are \$285 per onsite hour, and wellness seminars or management trainings are \$255 per onsite hour.
- › If City of Fort Lauderdale enrollment changes by 10 percent (either +10 percent or -10 percent from the original reported enrollment), Evernorth Behavioral Health, Inc., or its affiliates may adjust their rates accordingly.
- › Commissions of 0% are included in the above rate.
- › This quote assumes the contract situs is FL.
- › Any federal or state legislative changes impacting benefit levels or funding arrangements may require revisions to proposed rates. In the event that it is determined that the program is not in compliance with state or federal law, the proposed program and pricing may be modified.
- › The EAP is administered by Evernorth Behavioral Health, Inc., or Evernorth Care Solutions, Inc. The EAP may be offered through its affiliates, Cigna Health and Life Insurance Company (CHLIC) or Connecticut General Life Insurance Company (CGLIC). If CHLIC or CGLIC offer EAP services, CHLIC or CGLIC delegates administrative responsibility to Evernorth Behavioral Health, Inc., or Evernorth Care Solutions, Inc.

# Best-In-Class Employee Assistance

# City of Fort Lauderdale

› Pricing represents a blended EAP rate, which is lower than the standard full-service EAP rate due to enrollment in Cigna Total Behavioral Health for a portion of the covered employee population. Cigna Total Behavioral Health offers an emotional well-being package, which includes services to help manage life events. These are similar to some services provided by the full-service EAP. To account for this, a rate reduction of \$0.25 PEPM has been calculated for the 1,800 employees enrolled in the program and blended into the standard rate for the rest of your employee headcount.

The rate reverts to the EAP standard rate if Cigna Total Behavioral Health enrollment no longer applies as outlined below:

Year	Session	PEPM
Years 1-3	1 to 10 Sessions and Full-Service Work/Life	\$ 2.31 Per Employee Per Month
Year 4	1 to 10 Sessions and Full-Service Work/Life	\$ 2.40 Per Employee Per Month
Year 5	1 to 10 Sessions and Full-Service Work/Life	\$ 2.49 Per Employee Per Month
Year 6	1 to 10 Sessions and Full-Service Work/Life	\$ 2.58 Per Employee Per Month

Cigna also offers our International EAP, which is available to assist your employees globally. Please contact us to learn more about the services we offer for individuals working and traveling abroad.

## Best-In-Class Employee Assistance

City of Fort Lauderdale

### Ready to Help Your Employees Boost Their Health and Performance?

Health happens where life happens. We can help you with that. From ending a relationship to starting a job, losing a pet to finding more confidence, we can help your employees reduce stress, stay healthy, and perform at their best, which helps your organization perform at its best too.

We are happy to have the chance to present our EAP services to City of Fort Lauderdale. As you consider Cigna, remember that we build a program that is customized to your people and your organization's one-of-a-kind needs and goals. With us, you get a tailored program to deliver what matters most to you.

We welcome the opportunity to further discuss our capabilities with City of Fort Lauderdale.

**PRESCRIPTION FINANCIAL UNDERWRITING CAVEATS**

City of Fort Lauderdale

**General**

- The effective date for this quotation is 1/1/2023 and the policy term will run for 36 months. Fees and rates represented within this quotation are valid for the policy term.
- This quotation assumes a total in-force of 1,800 employees covered under the pharmacy plan. Should actual enrollment vary by +/- 10 percent or, at any time after the effective date, Cigna's prescription drug rates, administrative fees, dispensing fees, and manufacturer consideration sharing guarantees included in this proposal will be subject to change.
- In the event that Employer purports to terminate such arrangement or enters into an agreement with another pharmacy benefit manager (PBM) or other third party to provide any or all pharmacy benefit management services for Employer's benefit plan prior to the end of such thirty-six (36)-month period, then, within thirty (30) days of CHLIC's written request, Employer shall pay CHLIC a fee in the amount of \$1.50 per the average monthly number of Members who were enrolled in the Plan's Pharmacy Benefit from the beginning of the 36-month period to the effective date of such purported termination or other agreement multiplied by the number of months remaining until the end of the 36-month period.
- Our discount and dispensing fee guarantees are offered pursuant to the language provided in our ASO contract or amendment, and will only be reconciled and payment issued according to the terms offered and agreed upon in a signed document between CHLIC and the client.
- Employee contribution percentages will be the same as the current arrangement.
- Quotation assumes Cigna standards of implementation, financials, edits, banking, plan operations, formulary, programming, reporting, systems capabilities, online functionality and consulting. Any non-standards may result in fees billable to the client.
- Quotation assumes Cigna is the exclusive provider of mail order, retail and specialty benefits.
- Quotation assumes no client specific network, in-house pharmacy, or onsite pharmacy.
- Quotation assumes exclusive home delivery for specialty medication.
- Quotation assumes a (90) day fill at home delivery for specialty medication. If client elects a 30 day supply for specialty at home delivery or participates in the Clinical Day Supply (CDS) Program, Cigna reserves the right to adjust rebates accordingly.
- Quotation assumes up to a ninety (90) day fill at retail pharmacies through Cigna's 90 Now retail 90 network. Retail 90 discount, dispensing fee, and rebate will apply to a minimum 83 day supply.
- Quotation assumes Cigna's 90 Now retail pharmacy network.
- Quotation assumes Cigna's Value prescription drug list.
- Quotation assumes aggregate specialty discount is based on client's specific drug mix.
- Remittance of rebates will be provided within ninety (90) days after the close of each applicable calendar quarter.
- Brand claims for purposes of rebate reconciliation exclude 340B, Run-Out, Reversals, Medical Specialty Drugs, Compounds, Vaccines and Brands Filled as Generic (DAW5).
- Unless otherwise indicated, this proposal assumes applicable requirements of the Patient Protection and Affordable Care Act will be implemented on the effective date/renewal date unless you direct otherwise.
- Cigna reserves the right to revisit and revise the fees if any of the following occur:
  - Additional optional services are requested or client structure requirements change significantly
  - Modifications to proposed benefit options are requested

**Government Regulations**

- At Cigna's option, this quotation, and any rate, fee, trend, or other guarantee included in this quotation, or agreements arising from this quotation, shall be void in the event of federal, state or local action impacting the benefit levels quoted herein or affecting our ability to meet our obligations to you, to your employees/our members or to our contracted providers. Should this happen, Cigna will make a good faith effort to work with the Employer to reach a new agreement that equitably reflects the circumstances as altered by government action.

**Exclusivity**

- This quotation assumes Cigna will be the exclusive pharmacy carrier for all employer worksites. Other competitors "like" products will not be offered in conjunction with the products noted above.

**Optional Services**

- Additional charges may apply if Cigna is requested to interface with a non-Cigna network, utilization management, third party mental health, prescription drug, or other third party vendor sample.

**Average Wholesale Price (AWP)**

- References in this proposal to the average wholesale price, or "AWP," of pharmaceutical products are based on the AWP's as published by Medi-Span or other alternative industry-accepted publication reasonably designated by Cigna. In the event of any change in the markup, methodologies, processes, or algorithms underlying the published AWP(s), or if Cigna chooses a benchmark different than AWP or chooses a different source for the AWP, Cigna may adjust any or all of the AWP-based charges to reflect the economics of this proposal prior to such change.

"Cigna HealthCare" refers to various operating subsidiaries of Cigna Corporation. Products and services are provided by these subsidiaries and not by Cigna Corporation. These subsidiaries include Connecticut General Life Insurance Company, Cigna Health and Life Insurance Company, and HMO or service company subsidiaries of Cigna Health Corporation and Cigna Dental Health, Inc.

Private and confidential property of Cigna. Do not duplicate or distribute.

**Cigna Pharmacy: SaveOnSP Program - 2023 Performance Guarantee**

6/21/2022

Cigna shall provide City of Fort Lauderdale with a 'SaveOnSP Guarantee,' as defined below, in the amount of **\$ 2.54** PMPM per year for the period from 1/1/2023 - 12/31/2023 (Guarantee Period).

The SaveOnSP Guarantee requires that City of Fort Lauderdale meet program requirements for, and enrolls in, the SaveOnSP Program, and participates in the SaveOnSP Program for the entire Guarantee Period. Standard program implementation is ninety (90) days.

**Guarantee Reconciliation:**

The SaveOnSP Guarantee shall be reconciled as follows:

- (i) the actual amount of cost share assistance dollars applied to Members' cost share through the SaveOnSP program
- (ii) minus the amount of the benefit design cost share prior to City of Fort Lauderdale's enrollment in the SaveOnSP Program,
- (iii) net of SaveOnSP program fees.

The SaveOnSP Guarantee applies only for groups enrolled in the SaveOnSP program. In addition to any other pricing conditions included herein, Cigna reserves the right to adjust the SaveOnSP Guarantee if:

- (a) manufacturer(s) change or alter their cost share assistance program(s),
- (b) Employer disenrolls from the SaveOn SP program at any time during the Guarantee Period;
- or (c) Cigna's ability to provide the SaveOnSP Guarantee is adversely affected due to
  - (i) Brand Drugs moving off-patent to generic status or introduction of a biosimilar product,
  - (ii) action by a manufacturer,
  - (iii) any industry or market condition,
  - (iv) due to a Change in Law;
  - (v) City of Fort Lauderdale changes its benefit design or Formulary during the Guarantee Period in a manner that material impacts this Guarantee;
  - or (vi) due to any other action or occurrence that has a material effect on Cigna's ability achieve the SaveOnSP Guarantee.

Cigna shall calculate the SaveOnSP Guarantee on an annual basis. Cigna shall pay to City of Fort Lauderdale the net shortfall, if any, between the SaveOnSP Guarantee and the actual amount of cost share assistance dollars applied to Members' cost share through the SaveOnSP program within one-hundred and eighty (180) days after the end of the applicable Guarantee Period. Any over performance will be retained by City of Fort Lauderdale.

The SaveOnSP Guarantee is an annual guarantee. If this Agreement is terminated prior to the completion of the then current Guarantee Period, then this Guarantee shall be null and void.

**Example Reconciliation (illustrative):**

*2020 Experience Estimate*

Total Expected Client Savings	\$ 502,050.00
Average members	53372
Guaranteed Client Savings (PMPM)	\$ 9.41

*1/1/2023 - 12/31/2023*

Total Client Savings	\$ 480,000.00
Average members	55000
Guaranteed Client Savings (PMPM)	\$ 8.73

Payout to Client (PMPM) **\$ 0.68**

**A Disruption Analysis completed for:**

**Account Name:** City of Fort Lauderdale  
**Date of Completion:** 6/21/2022  
**Reporting Options:** Option 1

**Data Adequacy Analysis:**

Data Elements	Number of Records provided on file(s)	% of total records
Provider Tax ID	10138	99.92%
Provider CPF ID	10132	99.86%
Provider NPI	9586	94.48%
Provider Name	10146	100.00%
Provider Address	10146	100.00%
Provider City	10108	99.63%
Provider State	10108	99.63%
Provider Zip	10108	99.63%
Provider Specialty	10141	99.95%
Par/Non-Par Indicator	10146	100.00%
<b>Total Records on file</b>	<b>10146</b>	

*Incomplete, missing or limited data elements can impact the accuracy and limit match result capabilities.*

**Best results will be generated when all of the following data elements are provided:**

- Cigna CPF ID – for existing Cigna accounts – must be 7 digits
- National Provider Identification (NPI) – must be 10 digits
- Provider Tax Identification Number (TIN) – must be 9 digits
- Provider Name (full first and last name) - initials or abbreviations may limit match capability
- Provider Address (number, street)
- Provider City (optional)
- Provider State
- Provider Zip Code – required for Local Plus network reporting
- Par/Non-Par indicator – indicates whether or not provider participates in the current carrier's network
- Provider Specialty (Cardiology, etc.)
- Measure of utilization (paid claims, submitted claims, number of claims, etc.)

*All reasonable efforts have been used to ensure that this report is accurate based on the data and methodology used. However, Cigna does not guarantee accuracy. Results are based on a data element contract status match at the time of the analysis and is not an indication of how claims will be paid and/or processed.*

*If the address information provided does not reflect the actual physical practice location, it may impact match results. Geography based products depend on service location zip codes. If billing zip codes are provided instead of physical service location, your match may be understated.*

*Provider contract matches are run against the medical network (including any applicable behavioral network). That match is then followed by comparisons to other Cigna ancillary network arrangements (i.e., national ancillary, dental, vision, and pharmacy networks). Ancillary network matches will be identified in the Match Type column indicating where the contract is held (i.e., NPI - Pharmacy Only). Provider TIN and/or NPI are used for additional ancillary network matches. If those data elements are not provided, the ancillary network matches may be understated.*

*"Cigna" is a registered service mark, and the "Tree of Life" logo is a service mark, of Cigna Intellectual Property, Inc., licensed for use by Cigna Corporation and its operating subsidiaries.*

*All products and services are provided by or through such operating subsidiaries, including Connecticut General Life Insurance Company and Cigna Health and Life Insurance Company, and not by Cigna Corporation. © 2022 Cigna.*

### Disruption Standard Reporting Rules

Choosing the correct report option is critical to ensure you receive the best results for your needs or broker/client expectations. The option you choose can vary with each request. Disruption analysis results will differ based on specialty between the three report options as identified below.

Provider Specialty Category	Reporting Option 1	Reporting Option 2	Reporting Option 3
General Description of methodology	Highest overall % result - non-medical specialties are excluded from overall disruption. Hospital based are defaulted to Yes.	May result in lower overall % than Option 1 because non-medical specialties are included in results. Hospital based are defaulted to Yes. Preferred option for repricing.	Lowest overall match results - "Yes/No" match for each record - no exclusions or defaults based on specialty are used.
Hospital Based Providers (see description below)	Defaulted to "Yes" match based on specialty.	Defaulted to "Yes" based on specialty.	Hospital Based Providers not identified or defaulted - "Yes/No" contract match for each record.
Invalid Specialty Types (see description below)	Excluded from match and overall disruption percentage	Included - "Yes/No" contract match results provided.	Included - "Yes/No" contract match results provided.

USED FOR REPORT OPTIONS 1 & 2	
<b>Hospital Based Provider Specialties</b> (specialties considered as par due to type of specialty regardless of the contract status when services are rendered by an in-network facility). Match results defaulted to "Yes".	Ambulance
	Anesthesiology
	Emergency
	Hospitalist
	Neonatologist
	Pathology
	Radiology
	Surgical Assistant

EXCLUDED RECORDS		USED FOR REPORT OPTION 1 ONLY	
<b>Invalid</b> (specialties not considered part of a medical or behavioral facility, representing ancillary services covered under national vendor contracts or limited or non-covered services under the plan designs). Excluded from overall disruption results for option 1.	Acupuncture	Holistic	
	Audiology	Home Health	
	Dietician	Midwife	
	DME		
	No Provider - (i.e., Test or Blank Records, Billing Services, Cruise Lines, Foreign Providers, insurance plans, etc.)		

### Match Types Used for Reporting

For standard disruption analysis requests, a mixture of high, middle and low confidence match types will be used unless specific match types are requested. To identify the match types used

Confidence Level	Data Elements/Match Type Examples (not all inclusive)	Description/Risks
<b>Highest</b>	CPF only	For existing clients only, the internal Cigna Provider ID is utilized for a match
<b>High</b>	Compound Match on 3 or 4 Data Elements - Examples: NPI + Name + Address + State TIN + Name + Address + State NPI + Name + State	Cigna applies "Compound Matching Methodology" by combining multiple data elements from the incoming data to match the same Cigna record thereby increasing the match confidence and accuracy.
	QR	Quality Review - indicates that match has been <b>manually reviewed</b> to validate match results.
	<b>Medium</b>	Compound Match on 2 or 3 Data Elements - Examples: NPI + State Tin + Name Tin + Name + Address
<b>Low</b>	Compound Match on 2 Data Elements - Examples: TIN + State TIN + Address Name + State	Could result in false/positive matches due: <ul style="list-style-type: none"> <li>Shared TINs and addresses</li> <li>Name provided on file was not matched to other data elements</li> <li>Common names or misspelled names/abbreviations</li> <li>Shared states</li> </ul>
	Provider Group Affiliation (formerly Auto Grp)	Identifies an incumbent/Cigna provider match when >= 50% of providers in an association are contracted with Cigna. Does not guarantee that all affiliated providers within the group are contracted or that there is a contract with the medical group.
	Single Data Element Match that is not unique or exclusive to a provider - Examples: TIN only Name only	Could result in false/positive matches due: <ul style="list-style-type: none"> <li>Shared TINs</li> <li>Name provided on file was not matched to other data elements</li> <li>Common names or misspelled names/abbreviations</li> </ul>
	Pharmacy, Dental, or Vision Only	Identifies a relationship with Cigna for other non-medical products or arrangements. Match is based on limited data element of TIN or NPI

REPORT OPTIONS 1, 2 & 3 - ADDITIONAL MATCH TYPES	
<b>Excluded - Invalid - No Provider</b>	Records that do not provide enough information to validate a match or are not an actual provider of health services that contract with insurance carriers. For example, records without a valid TIN or Name ("No Provider", "Unknown Provider", "Test", blank), insurance plans, foreign providers, or servicing entities such as billing, etc. These records are not included in the overall disruption results.
<b>Excluded - Out of LocalPlus Service Area</b>	LocalPlus is a geography based product. If the zip code for the provider is not within the LocalPlus service area, the provider record will be excluded from the match.
<b>Non-Par - No Disruption from Incumbent</b>	The non-par providers for both the incumbent and Cigna are not included in the overall disruption analysis results.
<b>Out of Date Range</b>	Effective Date is taken into consideration when determining whether or not the provider is contracted. If a record shows a match of NO with a match type of Out of Date Range, either the provider contract date is after the effective date of the case or the provider will term prior to the case effective date. This match type will only be reflected on the detail report.
<b>BH Only</b>	Identified that a contract match has been found for the behavioral network only. Contract match was not found for medical network.
<b>National Ancillary TIN</b>	This record matched a provider in a national ancillary contract. Match is based on TIN.
<b>NPI - Pharmacy Only</b>	This record matched to a provider contracted with one of Cigna's Pharmacy networks. This provider would be considered in network with a Cigna Pharmacy Plan. Match is based on NPI.
<b>NPI - Dental Only; TIN - Dental Only</b>	This record matched to a provider contracted with one of Cigna's Dental networks. This provider would be considered in network with a Cigna Dental Plan. Match is based on TIN or NPI.
<b>NPI - Vision Only</b>	This record matched to a provider contracted with one of Cigna's Vision networks. This provider would be considered in network with a Cigna Vision Plan. Match is based on NPI.

### Disruption Overall Summary

Combined overall summary percentages by product requested

## Understanding Your Disruption Results

The summary report will provide, at a minimum, the number of total records by Yes and No match results. Total records are the total number of records on the file submitted. Separate summary breakout sections are provided to assist in analyzing the results. The methodology and logic used for each section is defined below.

**Overall Yes/No Breakout section**

- YES – summary of all Yes matches based on individual record (line item) count. If utilization data is provided, additional breakouts will be shown for a numeric and/or dollar utilization.
- NO - summary of all No matches based on individual record (line item) count. If utilization data is provided, additional breakouts will be shown for a numeric and/or dollar utilization.
- Excluded Records - summary of records that were excluded due to report option logic or identified as an invalid provider record. Excluded records are removed from the overall disruption percentage calculation.

**Yes/No Breakouts by Match Types, Specialty and/or State**

- YES Match Breakdown – summary of all Yes matches by match type. Identifies match types used and impact of low confidence matches to overall results.
- NO Breakdowns by Specialty and/or State - top 20 summary breakouts of all No matches by state and/or specialty if provided in the data elements (not available for standard LocalPlus summary report)

**Behavioral Health Providers**

- Yes/No - If specialty is provided, a summary of Yes/No match results for providers that have been identified as Behavioral Providers will be included. However, the behavioral provider summary section may not provide an accurate portrayal of the Cigna/Evernorth Behavioral Network compared to a competitor. The identification of behavioral providers is dependent on the specialty information that is (or is not provided) on the incumbent file. Missing or inaccurate specialty information could impact the behavioral summary breakout section.

**Non-Par Providers**

- **Yes/Non-Par** - identifies yes match results using participating indicator data provided - if the file contains incumbent or existing Cigna plan par/non-par information, this section will be used in the disruption logic to identify those providers who were identified as "non-par" but returned a "Yes" match for the product/network requested. It will also show the "non-par" providers for the incumbent or current plan that are also "non-par" for Cigna. The non-par providers for both the incumbent and Cigna are included in the Excluded records and not used in the overall disruption analysis percentages. This logic is used as a standard reporting practice when available unless requested otherwise and identifies the providers where there is "no disruption from incumbent".

**Tiered Benefits (18 & 21)**

- Tiered Benefits (18) or (21) - If Tiered Benefits is requested, the disruption analysis results will provide the providers in the Tiered benefits. The Tiered Benefits section on the Summary will show the total "yes" matches for Tiered Benefits 18 and Tiered Benefits 21 (if requested). The Providers must be contracted for the main product (i.e., OAP or PPO) in order to be designated as a Tiered Benefits Provider for that network. Tiered Benefits 18 and Tiered Benefits 21 are not available for LocalPlus, HMO, Select, Value products.

**Collaborative Accountable Care (CAC)**

- Collaborative Accountable Care (CAC) - identifies Providers who have a Collaborative Accountable Care designation. Reporting is only available at the physician level and the disruption results may underestimate the impact of Cigna Collaborative Care physician group programs (aka Cigna Accountable Care, CACs). Facilities, Ancillaries and Associations are not identified at the CAC level and therefore the disruption report cannot return CAC results for these types of providers. Providers must be contracted for the main product (i.e., OAP or PPO) in order to identify a "Y" CAC designation in the disruption reporting.

Yes	2,125	21.83%	4,435	16.21%	\$4,436,936.75	6.53%

This report may underestimate the impact of Cigna Collaborative Care physician group programs (aka Cigna Accountable Care, CACs) as it reports at the physician level only. Facilities, Ancillaries, and Associations are not identified at the CAC level and therefore this report does not contain CAC results for these types of providers.

Attachment 13 – Questionnaire

**GENERAL INFORMATION**

1. Indicate the following summary client information for Broward, Miami-Dade, Palm Beach, Martin and Monroe Counties combined.

	Self-funded Open Access Network Only <sup>(1)</sup>	Self-funded Open Access POS <sup>(1)</sup>	Self-funded PPO	Consumer Driven Health Plan with HRA	TPA	EAP
Number of contracted commercial groups in excess of 1,000 covered employees	8	8	8	1	Not applicable. The proposed networks in the state of Florida are owned and operated by Cigna.	76
Total number of commercial members	212,133	212,133	212,133	20,068	Not applicable. The proposed networks in the state of Florida are owned and operated by Cigna.	146,608

2. For how many public employers does your firm currently provide medical TPA and PBM services in the State of Florida?

Medical

Cigna provides medical services for 106 public sector clients in the state of Florida.

Pharmacy

Cigna provides PBM services for 291 public sector clients in the state of Florida.

3. For how many members does your firm currently pay commercial claims (all products) nationally?

Cigna currently serves 14,636,435 commercial members across all medical lines of business nationally.

Attachment 13 – Questionnaire

**4. What is your network physician turnover ratio for the period January 1, 2021 through December 31, 2021 in Broward, Miami-Dade, Palm Beach, Monroe and Martin Counties combined?**

	HMO	POS	PPO
Primary Care	1.0%	1.0%	1.0%
Specialty Care	1.3%	1.3%	1.3%

**5. What are your company's standards for considering that it has a satisfactory quantity and choice of providers under contract for a given service area?**

- a. Specifically address the quantity of providers in proportion to membership and the required traveling distance and acceptable levels of choice.
- b. Specifically address the southeast counties where the City’s employees live i.e. Broward, Palm Beach, Miami-Dade, Monroe and Martin Counties.

The goal of our health care provider networks is to have an entire complement of doctors to service the needs of our members.

**Network Access**

Using Quest Analytics technology, we compare the geographical location of doctors, including PCPs, to the location of members. This monitoring helps ensure our members have reasonable doctor and hospital accessibility and an adequate mix of specialists in the network.

When the health plan establishes its annual member projections, it also examines the number of PCPs it needs for a standard ratio of 1 PCP to every 300 members. We also base the number of PCPs on the number of existing or potential network hospitals and the number of doctors who admit patients to these hospitals. We strive to have the number of specialists at two to three times the number of PCPs. We review these ratios throughout the year to ensure continued member accessibility.

We review service area configurations continually and adjust in response to our members.

**Health Care Provider Access**

Our provider contracts require participating doctors to have set office hours, and they must have scheduled office hours at least 24 hours per week. In addition, we require they be on call or have backup coverage 24 hours a day, 7 days a week, 365 days a year.

Appointment accessibility standards are as follows:

- for routine, nonurgent, or symptomatic visits, within 14 days
- for preventive screenings and physicals, within 30 days
- for emergencies, immediately (or direction to dial 911)
- for urgent care, within 24 hours (depending on the situation)
- for nonurgent prenatal care, within 14 days (first trimester), 7 days (second trimester), and 3 days (third trimester)

The reports provided in **Tab III – Network Forms and Geo Access Reports** show our OAP, OAP-IN, Behavioral Health and Pharmacy availability in the requested counties.

- 6. Please provide your continuity of care policy with respect to the following medical conditions existing on the proposed effective date with care provided by non-network providers.**
- a. Follow up care required for surgery performed prior to effective date
  - b. Pregnancies
  - c. Outpatient mental health
  - d. Treatment of dread diseases
  - e. Members currently participating in substance abuse programs
  - f. Cancer

As your incumbent provider, this is not applicable.

**7. What provisions are made for transition of care if a network provider is terminated?**

When an in-network health care provider leaves the Cigna network, Cigna makes every effort to manage the member's continuity of care (COC) to avoid a disruption of services that may impact the member's health status. There are no additional fees for these services. Changes to Cigna's COC processes have been implemented where needed to address requirements of the No Surprises Act.

Members must apply in writing for in-network-level COC within 30 days of the provider's change in status (unless the applicable state mandates a longer period). If Cigna approves coverage, a member may continue to receive services from that doctor, hospital, or other provider for a specified period with covered services paid at the in-network coverage level.

Members may contact a One Guide personal guide for assistance with completing the COC application. The personal guide records the information the member provides and submits the application on his or her behalf.

**Review Process**

As a first step in the review process, the COC request is examined to see whether it meets certain criteria. The following are examples of conditions that may qualify for COC coverage:

- second or third trimester of pregnancy as of the start date of coverage
- newly diagnosed or relapsed cancer (chemotherapy, radiation therapy, or reconstruction)
- transplant candidates, unstable recipients, or recipients who need ongoing care because of transplant-related complications
- acute conditions like heart attacks, strokes, or unstable chronic conditions in active treatment
- recent major surgeries still in the follow-up period (generally six to eight weeks)
- hospital confinement on the plan start date (for plans that do not have extension of coverage provisions)
- trauma
- nonparticipating health care facility services for inpatient care (maternity or hospice care associated with a COC request when nonparticipating doctor, hospital, or other provider services are approved for COC and the doctor, hospital, or other provider does not have privileges at a participating health care facility)

**Attachment 13 – Questionnaire**

If the COC request meets the inclusion criteria, Cigna may complete a medical necessity review upon receipt of the clinical information from the member or provider and may make a determination about coverage of the above services.

Unless otherwise required by applicable state mandates, which always take precedence, COC approvals apply to an appropriate period following the date of the current provider's change in network status; until the member completes care or transitions to a participating doctor, hospital, or other provider; or exceeds coverage limitations, whichever occurs first. Approvals do not generally exceed 90 days.

**8. What are your company's hours of operation for telephonic customer service representatives? For your nurse hotline? For account service?**

The City's employees will continue to have access to our One Guide Smart Support personal guides 24/7/365 via all modalities, including telephonically.

Additionally, the health information line is available 24 hours a day every day of the year, including weekends and holidays. We have also implemented chat capabilities so our members can connect with a health information line nurse Monday through Friday from 9:00 a.m. to 8:00 p.m. (EST), excluding holidays, through myCigna (web or mobile app chat functionality).

In addition, the City will continue to have access to Jessica Roark, your onsite Well Being Coordinator. Jessica is available from 7:30 am to 4:00 pm and will continue to focus on health promotion to ensure the appropriate delivery and coordination of the wellness programs.

Your account management team, led by Michelle Alperstein, will be available to the City for any questions or concerns and while confirm receipt of request within 24 hours Monday through Friday. We are also pleased to offer the City an Onsite Customer Service Representative as a direct point of contact.

**9. Provide your company's web address and all services available at that site. Provide a demo ID number that will allow navigation through the employee and employer portals.**

Member Website

At Cigna, we understand our members are individuals with personal goals for health, well-being, and security. Our member website myCigna, myCigna.com, provides an easy and convenient way for members to manage their health and health-related finances. Members can download the free myCigna mobile app to access their personalized information whenever it is convenient for them.

The City's employees and dependents will continue to have access to personalized myCigna features to do the following:

- manage health information, such as health goals and incentives, on My Health Dashboard
- view and update personal health records (PHRs) with key biometric data, medical conditions, medications, allergies, surgeries, immunizations, and emergency contacts
- complete a health assessment and get recommendations based on the health assessment's health profile
- link to other interactive tools and learn about available Cigna programs

Attachment 13 – Questionnaire

- locate doctors and review quality ratings and find out-of-pocket cost estimates for more than 600 common medical procedures
- locate dentists and find out-of-pocket cost estimates for more than 400 dental procedures
- search for behavioral providers and learn about the different types of care available
- get information on more than 8,000 topics on health conditions, medical tests and procedures, medications, and everyday health and wellness through Healthwise, an interactive library
- review coverage information
- view status of claims submitted in the past 24 months
- view EOBs, account balances, and transaction history
- view, print, send, or order a Cigna ID card
- refill prescription medications using our home delivery pharmacy, Express Scripts Pharmacy, a Cigna company (if Cigna provides the prescription drug coverage)
- compare drug price quotes, based on coverage, for specific pharmacies
- get information on numerous medical and surgical procedures through a personalized report
- access the Healthy Rewards® alternative medicine program, which includes discounts for services such as acupuncture, chiropractic care, massage, cosmetic dentistry, laser vision correction, and hearing care
- sign up for reminders to take medication(s) and order refills through Cigna’s medication coaching program (which also offers members who use our home delivery pharmacy reminders to check vital signs)
- receive their health care provider’s address and contact information via email, text message, or vCard as well as WebMD medical alerts

Client Website

The Cigna for Employers portal, [www.cignaforemployers.com](http://www.cignaforemployers.com), will offer the City continued access to information critical to day-to-day administration in four key areas.

**Member Support**

The City can access member-level plan information that complements the data members see on myCigna. The City can also visit our client portal to

- enroll and maintain coverage elections and demographics for employees and their dependents (e.g., add/delete a dependent, end coverage for a member, reinstate employee/dependent, process life status changes);
- access eligibility data in real time;
- help employees understand plan details;
- view 24 months of claim data and research and review claim information at the member level (as allowed by HIPAA);
- print temporary ID cards, order new ID cards, and update COB information; and
- view and print Cigna-produced member health plan booklets.

**Report and Statistics**

To make plan administration easier than ever, the City can access a variety of reports and data whenever they need them. These include the following:

- standard financial reports, including monthly experience, large claimants, and lag reports

**Attachment 13 – Questionnaire**

- up-to-date banking reports based on a preselected request (daily, weekly, or monthly, depending on report type)
- Cigna Choice Fund® reports containing detailed account and fund distribution information
- eligibility reports (e.g., member listings, census reports)

**Online Invoices**

The City can view and pay accounts receivable billing invoices.

**Security Administration**

Security administration features enable the City to control access to sensitive plan data by varying access based on user role (designated to internal and external resources).

**10. Describe in detail your out-of-area coverage for dependent students attending school. Include your procedures for non-emergency and emergency care including follow-up visits.**

Our Open Access Plus (OAP) offers a national network that allows members to access care at in-network levels from OAP health care providers in any of our local networks when away from home. Dependents living away from home can access care from local OAP providers. Members can obtain participating provider information from our website or by contacting customer service.

In the case of an emergency, we encourage members to seek care at the closest appropriate health care facility. We use prudent layperson criteria when defining an emergency.

We cover emergency care (claims from ER doctors and claims from an ER outpatient facility) at the in-network coverage level (coinsurance and deductible). Similarly, for plans with out-of-network coverage, we pay services deemed as emergency care at the in-network coverage level. For plans with only in-network coverage, we also pay emergency care services provided at out-of-network facilities at the in-network coverage level.

If a member is balanced billed for emergency services, he or she can contact Cigna; in these cases, our Offer and Settlement Policy may apply.

**11. Are there any major changes anticipated over the next 12 months as it relates to your corporate organization, website and/or telephonic services, network access or other improvements as it relates to your proposed program?**Corporate Organization

Cigna Corporation is a publicly traded company. State and federal laws regulate disclosures made by publicly traded companies about acquisition transactions. Proprietary and confidentiality concerns preclude comment on any planned activity before public announcement. In the event that a merger or acquisition transaction should occur, we would take steps to ensure continued, uninterrupted service to our members.

We will continue to invest in innovative solutions and programs to engage and support members in their health and life journeys and partner with health care providers on leading value-based care programs. We will continue to expand our proven footprint and capabilities across the globe for

Attachment 13 – Questionnaire

individual and employer clients. Our approach of focusing on health care services over sick care financing has never been more critical.

myCigna

By accessing the myCigna website or mobile app, members not only enjoy a personalized experience featuring up-to-date information (e.g., coverage, claims, account balance) and a variety of interactive tools, but are empowered to take control of their health, driving them to make smarter decisions. Available 24 hours a day, 7 days a week, 365 days a year, members are supported by digital-first relationships and multiple customer service options. These meaningful, digital interactions lead to improved health, increased engagement, and a better understanding of benefits—all meeting the identified trend that members want to be more actively engaged in their health care.

We are always exploring new opportunities to deliver a more seamless, simplified, and intuitive end-to-end member experience, and we are constantly finding and acting on opportunities to improve our digital offerings. This intuitive design, which is personalized to the City's specific programs, allows members to view a comprehensive dashboard that tracks claims, manage deductibles and pay bills, and switch to generics or mail order pharmacy—all at their fingertips.

Resources on myCigna create an integrated experience through which members can focus on their personal goals while maximizing affordability and value. Our multiyear strategy has brought forward, and continues to focus on member-centric enhancements to create a simple, understandable, and personally relevant experience to help members realize the full value of their plan and navigate a health care system that can be overwhelming.

As we continue to bring innovative and differentiated solutions to the market that feed into our technology plans, we are also focused on ongoing digital projects including:

- expanding advanced find care capabilities through self-guided navigation tools
- continuing coverage for in-network virtual care
- building out myCigna features and functionality
- creating deeper care connections across health care channels
- adding additional specialty vendors, such as
  - oncology
  - digital chronic-condition coaching
  - remote monitoring
  - telenutrition

Telephonic

Currently, we are conducting a multiyear upgrade process for OneView. Upgrades include a cleaner user interface and the addition of new features to improve efficiency and streamline the call experience for our members. We completed our upgrade to OneView 2.0 in 2017, but enhancements will continue to meet our members' changing needs.

Network

Cigna's health care provider networks are some of the most robust in the industry. We continuously evaluate the proposed networks for the City to ensure broad access and competitive unit costs, and we will work to ensure our networks meet your employees' needs.

At this time, we do not anticipate any reduction of networks in the near future.

**Attachment 13 – Questionnaire****12. Please confirm your company's ability to accept payment for administration fees via the City's P-Card program.**

Confirmed.

**ADMINISTRATIVE QUESTIONS****13. Do you agree to have available plan representatives at all open enrollment and informational session meetings upon request?**

Agreed.

**14. Provide a timeline for a new client implementation. For each timeframe indicated transition tasks, include key milestones, deliverables and responsible parties. Be sure to include the milestones, deliverables and responsible parties to ensure mail delivery of all ID cards before January 1st.**

We have included the requested implementation timeline in Tab VII – Other Information and Documentation, R. Exhibits section of this proposal response.

**15. How will you communicate with the city regarding the progress of the conversion and implementation effort? How do you propose to make the City's experience easy?**

Cigna is pleased that we currently provide medical, stop loss, pharmacy, behavioral health, EAP, and dental coverage to the City. Maintaining your coverage with Cigna would not require a complex implementation process since Cigna is the City's incumbent administrator. If we are fortunate enough to add additional membership or plan changes that the City requested, we will provide detailed implementation support coordinated by Angela Moore, your current implementation manager. We will carry out any changes to the plan design with the same attention to detail as the initial implementation and provide timing for those changes within the City's implementation calendar.

**16. In order to complete Open Enrollment, specify what services/resources are you willing to commit to after award prior to contract effective date.**

We understand the importance of providing representation at enrollment meetings and health fairs. Open enrollment meetings are a good opportunity for current and prospective members to learn more about plan offerings and the services provided by the client.

We have several options for open enrollment meetings and health fair support, including live in-person or virtual meetings as well as recorded webinars. While we understand the need and effectiveness with onsite meetings, our virtual options allow us to reach an expanded audience and benefit employees as they make enrollment decisions.

We determine our level of support for onsite events on a case-by-case basis and will be more than happy to discuss onsite staffing for specific meetings and fairs should we be named a finalist.

**17. Does your company have a system to communicate changes in legislation or rules from the federal or state levels regarding the administration of the plan? How do you ensure the City's plan documents comply with all federal and state regulation i.e. HIPAA, FMLA, HCR, CHIPRA, COBRA, etc. on an annual basis?**

Yes. We have an extensive legal and compliance staff to address legal, legislative, and regulatory matters. Our state and federal regulatory compliance department monitors legislative, market, and industry trends. The unit files plan coverage descriptions, certificate/policy language, and client-specific nonstandard coverage requests for states that require filings. They also file state-required reports on complaints and grievances, medical utilization, number of members, policies and procedures, health care provider networks, utilization review, and other categories. They track new statutes and regulations affecting our plans to ensure that the design and administration of those plans comply with federal law and, if applicable, state law. We routinely amend clients' policies and associated certificate and/or booklet language to conform to changes in those laws.

Clients will be promptly notified of legislative changes that materially affect our ability to provide client and member services. The client manager can assist with any technical questions from the City.

**18. How often is information updated on your website?**

Information on the member website, myCigna, is updated daily.

**19. How frequently do you conduct plan member satisfaction surveys?**

We measure member satisfaction with One Guide through our proprietary Voice of the Customer program. This comprehensive initiative uses more than 80 ongoing different surveys in order to collect member feedback to inform our continuous improvement initiatives. As part of that feedback, we derive a Net Promoter Score (NPS) for our One Guide solution.

Our One Guide Personal Guide NPS is currently measured at 67 across our book-of-business, representing the phone-based experience of members engaged with One Guide service personal guides.

In addition, The Cigna-accredited health plans participate in the annual National Committee for Quality Assurance (NCQA) Healthcare Effectiveness Data and Information Set (HEDIS®)/Consumer Assessment of Healthcare Providers and Systems (CAHPS®) member satisfaction survey.<sup>1</sup> This survey is the source for the 10 member satisfaction measures that NCQA uses in its health plan accreditation. The survey includes more than 50 questions on topics such as health care provider services, general health, customer service, and complaint resolution.

In each of the key ratings for 2021, our HMO plans scored a minimum of 53%, with ratings as high as 95%. PPO plans reported ratings from a minimum of 41% to as high as 96%. Our combined PPO-Open Access Plus (OAP) and HMO-POS plans (nine markets in total) scored a minimum of 40%, with ratings as high as 95%.<sup>2</sup>

(1) HEDIS® is a registered trademark of the National Committee for Quality Assurance (NCQA); CAHPS® is a registered trademark of the Agency for Healthcare Research and Quality (AHRQ).

(2) Note that the nine markets (Delaware, Massachusetts, New York, Ohio, Maryland, Pennsylvania, Maine, New Hampshire, and Virginia/District of Columbia) used to be a part of the HMO/POS and are now reported as the Combined PPO-OAP and HMO-POS plans.

Attachment 13 – Questionnaire

		<b>COMPLY/AGREE YES/NO*</b>	<b>COMMENTS/EXPLANATION *If you answer NO, briefly explain why</b>
<b>GENERAL INFORMATION</b>			
<b>20.</b>	<b>Will you assign a dedicated full-time onsite customer service representative?</b>	Yes	
<b>21.</b>	<b>Is your company capable of providing online access for the purpose of determining member eligibility and claim status and to initiate enrollment changes?</b>	Yes	
<b>22.</b>	<b>If enrollment changes are made, are changes effective in real time or is there a delay (specify time for both medical and pharmacy)?</b>	Yes	With our online enrollment maintenance tool (EMT) eligibility files can be updated in real time.
<b>23.</b>	<b>Is your company willing to actively recruit specified providers currently utilized by City members that are not currently in your network? Describe your efforts to recruit, including an estimate of the number of days from initial contact to contract completion.</b>	Yes	<p>We will consider adding health care providers to our networks if they meet our standard selection criteria and provider-credentialing requirements as well as agree to our contract terms and reimbursement rates. Members who would like us to consider adding a provider should ask him or her to call the toll-free number on their Cigna ID card.</p> <p>Additionally, to ensure our networks include the highest quality health care providers in a given area, our recruitment process uses a variety of sources to identify providers who are not currently contracted. Once recruited, providers are required to go through our</p>

Attachment 13 – Questionnaire

			<p>credentialing process to ensure they meet our standards.</p> <p>It generally takes about 45 days to credential a new network doctor after receiving a complete application and loading the doctor's fee schedule and start date into the claim system. If the doctor's file has issues, it will take longer.</p>
24	<p><b>Does your company anticipate any changes in your physician and hospital networks in 2023 other than normal turnover? If yes, please describe these changes in general.</b></p>	No	<p>At this time, we do not anticipate any major changes or reduction of networks in the near future.</p>
25	<p><b>Is there any pending litigation regarding your firm as it relates to your proposed services? If so, please list the nature, date and amount of damages requested.</b></p>	<p>In an industry where lawsuits are a commonplace, we are mostly involved in lawsuits arising in the course of ordinary business. In an average year, Cigna Corporation's subsidiaries, including Connecticut General Life Insurance Company (CGLIC) and Cigna Health and Life Insurance Company (CHLIC), process more than 60 million claims and receive approximately 400 claim-related lawsuits. While the outcome of this litigation cannot be determined, we do not expect litigation to result in losses that would be material to results of operations, liquidity, or financial condition.</p> <p>Please refer to Form 10-K and Form 10-Q for an updated description of material legal proceedings. These documents</p>	

Attachment 13 – Questionnaire

		<p>are available online: <a href="https://www.cigna.com/about-us/investors/">https://www.cigna.com/about-us/investors/</a>.</p> <p>Confidentiality concerns, together with the pending nature of a number of lawsuits, preclude further comment or description.</p>	
26	<p><b>Is your company under review or currently subject to sanctions from the state health insurance department or consumer protection agencies in any state in which you service clients? If yes, please provide details including any corrective action taken.</b></p>	<p>Our business is a heavily regulated industry; we are subject to numerous regular inquiries and oversight by various state and federal authorities. Although certain operating subsidiaries of Cigna may have been subject to regulatory actions, fines, and/or administrative penalties by certain state governmental regulatory bodies, the operations of the company have not been materially impacted by such actions. When one of our companies is presented with regulatory inquiries, it is our policy to cooperate fully to resolve any issues.</p>	
27	<p><b>Has your claims department been audited by a third party for accuracy and security? If yes, how recently and what type of audit(s)?</b></p>	<p>Yes</p>	<p>An external auditing firm conducts an annual independent examination of our claims processes, procedures, and systems according to the Statement on Standards for Attestation Engagements 18 (SSAE 18), "Reporting on Controls at a Service Organization." The approximate release date of the SSAE 18 is December 1.</p>

Attachment 13 – Questionnaire

28	In the event of termination, is your company willing to provide specific disease management utilization information for the purpose of transitioning DM members from your program to the newly selected program with the appropriate authorizations?	Yes	
29	Can your company's utilization reports provide comparisons between the City's utilization data and regional norms?	Yes	
30	Between re-credentialing cycles, do you conduct ongoing monitoring of practitioner sanctions, complaints and quality issues?	Yes	
31	Proposer agrees that no minimum participation requirements will apply to any proposed plan.	Yes	
32	Proposer agrees to meet quarterly with City staff to review the status of the disease management and wellness programs.	Yes	
33	Will your company attend meetings, at least quarterly, to review plan performance and ongoing service issues?	Yes	
34	Proposer agrees to provide a Summary Plan Description (SPD) within 90 days of effective date.	Yes	
35	Proposer agrees that no commission or remuneration of any kind is included in the quoted premiums or will be paid out in connection with the bid proposal.	Yes	

OPEN ACCESS PLANS (HMO & POS)

Attachment 13 – Questionnaire

**36. What is your company’s current average length of stay for hospitalization for your proposed network located in Broward, Palm Beach, Miami-Dade, Martin and Monroe Counties?**

The average length of stay for hospitalization for the Cigna OAP network in the counties of Broward, Palm Beach, Miami-Dade, Martin, and Monroe, Florida, is 4.75 days.

**37. Who is financially responsible if a network only physician refers to a non-network provider?**

In certain cases, we will cover necessary treatment by an approved out-of-network health care provider at the in-network level when prior approval has been received from Cigna. If a member uses an out-of-network provider without first receiving prior approval, out-of-network coverage levels will apply.

In-network providers are contractually obligated to refer members to other in-network providers. The member is responsible for ensuring that the doctor to whom he or she was referred is in-network.

		COMPLY/AGREE YES/NO*	COMMENTS/EXPLANATION *If you answer NO, briefly explain why
<b>OPEN ACCESS PLANS</b>			
<b>38.</b>	<b>Does your company contract with a separate company to provide lab tests and durable medical equipment? If yes please provide the name of the company(ies).</b>	Yes	<p>For over 15 years, we have had contracts with both LabCorp and Quest Diagnostics, which is unique in the industry. We require participating health care providers to refer members to in-network providers and facilities, including our preferred national ancillary providers (e.g., LabCorp, Quest Diagnostics). We remind providers of the requirement to refer members to in-network labs and educate them on local in-network options.</p> <p>We accept lab results from several vendors, including LabCorp and Quest Diagnostics.</p> <p>While we do not have a contractual relationship</p>

Attachment 13 – Questionnaire

			with a specific company to provide Durable Medical Equipment (DME), DME ordered by a health care provider is a covered service when we establish medical necessity and when the plan does not specifically exclude the device. We cover DME up to the contractual limit with applicable deductibles and/or coinsurance.
39.	<b>Are physicians required to exclusively order testing, labs and durable medical equipment through network providers?</b>	No	Not applicable. We do not have a contractual relationship with a specific company to provide DME.
40.	<b>If your company contracts with a company to provide lab services, are members required to use that lab service if the participating physician’s office has a lab?</b>	No	While we have contracts with both LabCorp and Quest Diagnostics, we accept lab results from any in-network lab vendor.

**CASE MANAGEMENT**

**41. Describe the circumstances under which case management is engaged. Is it based on diagnosis, paid claim amount or both? Be specific.**

We consider case management services for any clinical situation in which we can add value for the member or the client. Our case management programs focus on the appropriate use of evidence-based medical information and case manager experience to help improve outcomes while reducing costs. We do this by emphasizing education, prevention, and early intervention.

We use a number of identification resources, including our Health Matters suite of industry-leading predictive modeling tools, to identify intervention opportunities. Nurse case managers consult our daily census logs and use an internal business decision tool, Pre\*Vue, to assess the probability that a member will be readmitted to the hospital in the future and to identify those members for active outreach and case management during the hospital stay or immediately upon discharge.

Members scheduled for inpatient surgery or hospital admission receive screenings and assessments to help set expectations, identify potential gaps or barriers to care, and answer any questions. Members at high risk or with identified needs also receive outreach during their hospital stay, and members who have been hospitalized receive outreach after discharge home to ensure that they understands their doctor’s discharge instructions, know how to take prescribed medications, and identify any ongoing care needs.

Attachment 13 – Questionnaire

In addition, Health Matters Score, one of our predictive models, integrates the relevant information we have about a member into a single score and determines the appropriate path to optimize member interactions with Cigna. Health Matters Score incorporates medical and pharmacy claims information, pharmacy first-fill information, demographic data, lab results, behavioral health data, and disease categorizations (e.g., ETGs, Episode Risk Groups [ERGs]). A person’s score is a composite measure of risk, cost, opportunity, avoidance, behavior change, and engagement.

Nurse case managers also review for possible case management outreach to members who have multiple admissions and/or ER visits, have certain diagnoses, and/or have had high financial claims during the past six months. We encourage referrals from clients, members’ doctors, or our medical directors, claims administrators, or staff working within our other programs. We also encourage self-referrals or referrals from family members.

**42. What are the criteria for members to be discharged from case management?**

Unless a member requests to close their case or loses eligibility for the program, we do not close the case until the following conditions have been met:

- stabilization of the member’s service needs
- care plan in place with connections to appropriate medical and community resources
- short- and long-term case management goals met with maximum impact achieved
- member agreed to case closure

Using evidence-based medical information combined with their experience, case managers review each case to determine the appropriate time for case closure. Some situations are clear, such as when the member meets every goal and has no further health care needs. Other cases are less clear, such as when the member meets program goals but continues to need medical services. These situations require careful review and judgment about when to close the case. Case managers are always able to consult with medical directors about the appropriateness of closing a particular case.

Even if a case is closed, our predictive tools and referral resources remain in place. These mechanisms could trigger an outreach to open a future case for the member. In addition, case managers provide their name and contact information and encourage the members they serve to contact them with questions or concerns even after the case is officially closed.

		COMPLY/AGREE YES/NO*	COMMENTS/EXPLANATION *If you answer NO, briefly explain why
<b>CASE MANAGEMENT</b>			
<b>43.</b>	<b>Are there any types of cases the case management program does not manage? If yes, describe.</b>	No	We consider case management services for any clinical situation in which we can add value for the member or the client.

Attachment 13 – Questionnaire

44.	<b>Is the case management/utilization management function a part of your company or is it subcontracted to a vendor?</b>	Yes	Cigna owns and administers its core medical management programs.
-----	--	-----	--

**TPA SERVICES**

**Claims Administration**

**45. Describe your internal claim audit function.**

Our claim quality assurance program monitors internal performance standards to ensure claim payment accuracy. A dedicated team of auditors in our operational audit department administers this program. We have several quality assurance programs for claims:

- **System Logic Edits** - Logic edits that reject claims or services based on business rules are built into our claim intake and payment systems and allow Cigna to identify potential claim inaccuracies. These business rules vary in complexity and include some service coding logic.
- **Claim Inspections for Risk Management** - Claim inspections are pre-disbursement reviews based on high-risk factors associated with underlying markets, types of contracts, types of claims, payment amounts, etc. The claims are verified and corrected (if necessary) before being released for payment.
- **Performance Measurement** - Cigna measures claim accuracy performance following full claim payment using statistical sampling techniques, which cannot be appropriately represented as a percentage of claims. We use an automated audit tool to randomly designate the claim numbers to be audited. We use this data to measure performance and identify claim impacts for risk management.

We centrally manage and review manually processed and auto-adjudicated claims based on a monthly, statistically significant sample from which we select claims daily. In addition to the daily random claim review, we perform quality inspections based on pre-disbursement edit criteria that run against claim payments exceeding \$5,000.

**46. The City currently pays claims through a weekly wire transfer with an imprest account being held by the carrier. If your company is selected to provide TPA services, what is the standard banking arrangement that the City would be expected to follow? Include information on how and when the account is funded and the options available for reimbursement frequency.**

The City can continue to work with their Citibank account for claims payment with Cigna; and the City can continue to use any bank to fund the Citibank account. Cigna facilitates opening the claim payment account for claim payment in the City’s name and TIN. Cigna administers the claim payment account, issuing claim checks through our normal claim processing as well as reconciling the bank account on the City’s behalf. We include banking administration as a basic service under the ASO agreement.

As we issue checks, we send daily issue data to the claim payment account bank, which stores the information on an outstanding issue file. The claim payment account functions as a nonfunded, zero-

**Attachment 13 – Questionnaire**

balance, central-disbursing account. When checks are paid, the claim payment account becomes momentarily overdrawn. We match the paid checks against the outstanding issue file and then transfer them to the local bank account from which they were drawn. After debiting the local bank account, we credit the claim payment account, bringing the latter to its proper zero balance. There is approximately a three- to four-day float.

An initial deposit or imprest balance is required at the local bank to ensure adequate money is always available to cover cleared checks. The imprest balance is noncompensating and noninterest bearing. The final imprest amount is determined during the implementation process. If significant changes occur that cause the account to overdraft, we may adjust the imprest amount at any time; otherwise, we adjust it annually.

Daily or weekly account deposits are available. If depositing daily, the imprest amount is three days of average claim activity. Each day, the claim payment bank requests money from the City's local bank for the aggregate amount of checks that cleared the previous night. If depositing weekly, the imprest amount is seven days of average claim activity. On the first business day of each week, the claim payment account requests money from the City's local bank for the aggregate amount of checks that cleared during the prior week or at any other time the account is overdrawn. The City's local bank must honor the request for money via Fedwire 1031 automated clearing house (ACH) transfer the same day to restore the account to the imprest balance. Cigna does not accept checks as payment for claims.

We provide current daily/weekly deposit amounts from the claim payment account via automated email or fax.

ASO-funded clients have the option to choose a type of controlled disbursement, zero-balance account—referred to as same-day funding or same-day reconciliation. To qualify for same-day funding, the City must agree to deposit money into the account daily via Fedwire 1031. With same-day funding, Citibank or JPMorgan Chase receives an electronic file of checks, processed from the Federal Reserve. The claim payment account reviews the file and identifies payments belonging to same-day funding clients. Based on the review and any adjustments from the previous day, the claim payment account makes a request for money from the local bank no later than 11:00 a.m. (EST). The City must deposit money into the claim payment account by 2:00 p.m. (EST) on the same day the claim payment bank requests the money to ensure that money is in the claim payment account before applying the cleared checks.

**47. Describe your policy regarding claim subrogation. Include fee basis if billed separately from the administration fee.**

Cigna provides an extensive subrogation/payment program to our clients. We use a recovery vendor to identify potential subrogation cases and to follow up on overpayments flagged by internal audits. There is a \$500 minimum threshold for subrogation. To identify subrogation opportunities, the vendor uses an automated analysis of claim data based on a review of ICD diagnosis codes, member treatment costs and demographics, and any related claim matters. When the vendor identifies claims with recovery potential, it opens an electronic file for that case. The vendor uses the Insurance Services Organization database, as well as other methods (e.g., questionnaires, phone calls, court docket searches), to determine whether there is other party liability. If the vendor confirms other party liability, it proceeds to assert recovery rights.

**Attachment 13 – Questionnaire**

When the case is settled, Cigna refunds the gross recovery directly into the claim system at the member level, which in turn credits the City's account as appropriate. Refunds show as a credit on the account's monthly check register report. This process helps reduce overall claim costs for the client and the member.

Cigna will continue to perform recovery efforts on subrogation cases following the contract ending. There is no period for discontinuing or closing cases after the contract ends. When Cigna receives a refund for the client and banking is closed, we issue and mail the refund check to the client.

A separate subrogation agreement, which is part of the ASO agreement, outlines settlement authority, fee schedule, and other pertinent information related to our ASO clients. The following two provisions protect the plan's interests for recovering monies:

- **Conditional Claim** - The claim is paid on the condition that the injured party pays us for any proceeds collected from the negligent third party.
- **Subrogation** - The injured party's rights can be transferred to Cigna so we can pursue the third party for payment on our own behalf.

Using both provisions together permits Cigna to avoid pending and to pay the claim up front without jeopardizing our right to recover money in the future.

The subrogation recovery fee charged to our ASO accounts is 29 percent of recovery for nonlitigated cases. The fee for litigated cases (only pursued at the client's direction) is 5 percent of recovery, plus counsel costs. Fees are applied uniformly across all of our business; therefore, fees are not negotiable.

We only assess fees when the vendor has achieved a recovery and processed it back to the client.

**48. Please provide a list of reinsurers for which your firm is approved to pay claims.**

We offer clients integrated stop loss solutions that we underwrite and service.

It is not our policy to provide commentary on specific carriers; however, we work with a number of stop loss carriers throughout the country and will provide claim reporting and support services to any selected carrier.

**49. Describe your procedures for tracking and reporting specific stop-loss claims. What system capabilities do you have for such tracking and reporting?**

Our web-based financial experience reports are designed to help clients monitor their plan's performance and are available at no additional cost. Through our client website, clients have access to monthly paid claim and large claim reports. Additionally, clients with individual stop loss (ISL) through Cigna have access to our stop loss reimbursement summary report that is updated weekly.

The stop loss underwriter or the stop loss account manager may also provide additional information upon request.

**50. What is your average length of time to process "clean" claims? The process includes the time from actual receipt to the date an EOB is mailed.**

**Attachment 13 – Questionnaire**

Our turnaround time standard for claim processing is 90% of claims within 14 calendar days (10 business days) of receipt, and 98% of claims within 30 calendar days (22 business days) of receipt. In 2021, we processed 95% of claims within 14 days and 98.6% within 30 days. This includes time allotted for claims requiring internal review. We consistently exceed these standards. Please note that we do not report on clean claim metrics.

**51.****a. What is your current backlog of claims in calendar days?**

We do not provide claim backlog (also known as days' mail on hand) reporting.

**b. What is your goal for backlog in calendar days? What provisions or systems do you have in place to assure that you meet your clients' needs with respect to timely claims processing?**

Not applicable. We do not provide claim backlog (also known as days' mail on hand) reporting.

**52. Describe any software edits you have in place that automatically flag errors or the need for additional information before a claim can be processed.**

Our claim system has online data verification checks to ensure claim payment accuracy while maintaining productivity. The claim payment system automatically compares the service date to the plan date to help ensure accurate payment. Verification checks and edits include the following:

- **Basic Data Entry Verification** - verifies the value matches the definitions in the program specifications and/or tables
- **File Edits** - edits the value against other data or files
- **Claim Calculation Edits** - edits data at a claim level against individual and family history files and specific plan data

Other edits include the following:

- verifying member eligibility, health care providers, and maximum reimbursable charge (MRC) allowances
- identifying case management candidates
- noting COB

Cigna complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Cigna does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

**53.****a. What is your claim accuracy rate over the past 12 months?**

In 2021, our claims accuracy rate was 99.33%.

**b. How do you calculate this rate?**

Processing Accuracy is the total number of claims audited without any errors, divided by total number of claims audited, based on a stratified approach, and weighted accordingly.

**c. How frequently do you calculate this rate? What is your accuracy goal?**

We establish service standards using industry guidelines, NCQA standards, and ongoing client, member, and health care professional feedback. The reported metrics are based on our performance guarantee results. Our accuracy standard is 95 percent.

**54. Describe any software or manual procedures you have in place to identify provider fraud or abuse with respect to services, procedure coding, etc.**

Our Special Investigations Unit (SIU) analytics team uses multiple approaches to monitor and identify suspect patterns of behavior and schemes (e.g., link analysis, trend analysis, outlier analysis, social analytics, geospatial analytics, predictive modeling). The analytics team also uses the following technologies to monitor patterns and identify new or shifting trends as well as detect fraud or suspicious activity:

- Dedicated Data Mart (Healthcare Fraud Shield)
- Geospatial Analytics (ArcGis)
- Social Media Monitoring (Synthesio)
- Link Analysis (i2)
- P&R Dental Fraud and Abuse Detection
- RatStats
- Statistical Sampling Software
- Multiple Control Models (SAS Miner, SAS Enterprise Guide, SQL)
- Other Enabling Technologies (Teradata Studio, Toad, CA Workstation, Tableau, Cognos)

In addition to SIU's analytical process, the SIU works across the organization to lead antifraud investigations by leveraging people, processes, and technology to minimize the risk of fraud, including:

- **General Analytics and Partnership** - Partnership across the Cigna enterprise and leadership within the NHCAA allows the SIU to rapidly leverage information from Cigna's portfolio and the industry.
- **Red Flags** - Anomalies on paper or in electronic transactions with unusual patterns or characteristics trigger additional reviews or investigations.
- **Training and Communications** - The SIU facilitates the delivery of over 35,000 hours in training annually to various Cigna departments.

**Claim Editing**

Cigna runs millions of edits focused on evaluation of billed codes in relationship to each other for the purpose of identifying unbundled procedures, surgical coding errors, invalid data relationships, patterns of utilization that deviate from accepted practice standards, and diagnoses or procedures that may be invalid for the age of the patient on the same or different claims.

In addition to claim editing, Cigna administers various claim review programs designed to increase the accuracy of claim payments. Cigna also uses vendor software that is highly customized to support a portion of claim editing. The programs described below utilize data driven analytics to address aberrant billing behavior and detect abusive activity:

- **Complex Claim Review Program** - identifies erroneous charges, waste, and abuse; provides savings to clients and members

Attachment 13 – Questionnaire

- **Outlier Claim Review Program** - uses advanced analytics to define aberrant billing trends, unusual utilization patterns, and known abusive behaviors (claim algorithms and provider history)
- **DRG Claim Review Program** - focuses on claims considered to be outliers as compared to the norm for a particular DRG
- **High-Cost Claim Panel Review Program** - reviews higher cost facility claims by our dedicated cross-functional team
- **Prepayment Review Program** - has hundreds of prepayment edits that stop claims for review before payment (accuracy and billing issues)
- **Focused Review Program** - reviews of implantable devices, high-cost injectable drugs, and clinical specialty reviews

It is important to note that Cigna, unlike many payers, has the ability to identify and quickly respond to these situations on a prepayment basis preventing the unnecessary spend.

**55. What percentage of services requested were denied due to lack of medical necessity in 2020 and 2021? Of those denials, what percentage were appealed and subsequently approved? Use the following chart to summarize the information. Please describe what types of services are most frequently denied and why these services are denied.**

	2020	2021
<b>% Denied</b>	<p>During 2020, 9% of inpatient admissions did not meet medical necessity criteria.</p> <p>We are unable to report on the percentage of coverage denials for outpatient services that stem solely from failing to meet the definition of medical necessity based on evidence-based medical guidelines.</p>	<p>2021 information is not yet available at this time for inpatient admissions.</p> <p>We are unable to report on the percentage of coverage denials for outpatient services that stem solely from failing to meet the definition of medical necessity based on evidence-based medical guidelines.</p>
<b>% Appealed</b>	<p>We consider information on appeals and subsequent approval rates to be proprietary information and do not release this information externally.</p>	<p>We consider information on appeals and subsequent approval rates to be proprietary information and do not release this information externally.</p>

Attachment 13 – Questionnaire

<p><b>Subsequently approved</b></p>	<p>We consider information on appeals and subsequent approval rates to be proprietary information and do not release this information externally.</p>	<p>We consider information on appeals and subsequent approval rates to be proprietary information and do not release this information externally.</p>
-------------------------------------	---	---

Lumbar fusions are the inpatient services denied coverage most often. High-tech radiology services (e.g., CT scans, PET scans, MRIs) are the outpatient services denied coverage most often. These services were denied because they did not meet the definition of medical necessity based on evidence-based medical guidelines.

**56. Provide a list of all medical services that require prior authorization. What is the average turn-around time as well as the maximum allowed time for providing authorizations?**

We maintain a standard list of outpatient services and supplies that require precertification of coverage under the Health Matters Care Management Preferred medical management model. This list of high-cost/high-frequency services, some of which are associated with overutilization or inappropriate utilization, is continually reviewed and updated as we receive new data and research. We focus our clinical review resources where they will have the most impact on improving quality outcomes and reducing costs.

The outpatient services and procedures that generally require medical necessity review include the following:

- DME
- gastroenterology services (e.g., endoscopy, capsule endoscopy)
- genetic testing
- high-tech imaging (e.g., CT scans, PET scans, MRIs, diagnostic cardiology)
- home health care
- home infusion therapy
- infused/injectable medications
- medical oncology
- musculoskeletal services (e.g., major joint surgery and pain management services)
- outpatient surgery for selected procedures
- potentially cosmetic procedures
- potentially experimental/investigational/unproven procedures
- private duty nursing
- radiation therapy
- sleep management
- speech therapy
- transplant services
- unlisted procedures

Attachment 13 – Questionnaire

We also review certain services or procedures delivered on an outpatient basis that would require review if they were delivered on an inpatient basis. For example, we may review bariatric surgeries for medical necessity regardless of the procedure setting.

When deciding which outpatient supplies and services to include on the precertification list, we consider the following:

- potential for overutilization
- specific plan exclusions that may apply
- opportunity for redirecting to preferred vendors
- opportunity for potential case management
- overall coverage plan cost savings opportunity

While we provide examples of the kinds of services that require precertification, we consider our list to be proprietary and confidential; we do not provide or release this information. We post our current review list and any changes to our health care provider website.

The following time frames apply to coverage requests from doctors, facilities, and other health care providers:

- **Urgent Preservice (Prospective)** - within 72 hours of receipt of request
- **Urgent Concurrent Review** - within 24 hours of receipt of request
- **Nonurgent Preservice (Prospective)** - within 10 calendar days of receipt of request
- **Nonurgent Concurrent Review** - within 72 hours of receipt of request
- **Postservice (Retrospective Review)** - within 30 calendar days

Turnaround standards for requests to review or approve coverage for health care services may be dictated by state or other governmental requirements, by certification standards, and/or by our internal quality standards, in that order. When a precertification nurse cannot approve coverage for requests that require medical necessity review, they forward the request to a board-certified medical director. The medical director completes the review the same business day for any urgent situation and within one or two business days for prospective or retrospective requests. We measure the timeline from the initial receipt of the request to notification of the coverage determination to the member.

These time frames apply to coverage requests from doctors, hospitals, and other providers in the network as well as those who are not part of the network. The timelines assume that reasonably necessary clinical information has been submitted with the review request.

**57. Describe the claims appeal role your company will assume including your defense of member claims appeals through Level Two of a grievance procedure for both medical and pharmacy claims.**

Personal guides can often resolve issues for members. If they cannot, members can initiate an internal appeals process by phone or in writing up to 180 days from the date of the last determination. Clients may allow more than the Cigna standard of 180 days for filing appeals, but never fewer (per ERISA guidelines).

Providers must initiate appeal requests in writing. Cigna offers a single-level process for appeals about initial medical necessity and coverage determinations. It meets National Committee for Quality Assurance (NCQA), ERISA, URAC, and/or state regulatory requirements and internal empowerment

Attachment 13 – Questionnaire

program guidelines. Processes are in place to meet Affordable Care Act (ACA) requirements. Cigna may change this process to meet additional state requirements (e.g., two-level process when required by state regulations).

After receiving the appeal, we conduct pre- and postservice medical necessity reviews within 30 calendar days and postservice administrative reviews within 60 calendar days. In each case, members may request a one-time extension of up to 15 days. We conduct expedited appeals within 72 hours of receiving the appeal.

Reviewers making appeal determinations were not involved in the original decision, nor were their managers. A provider who is not a doctor (e.g., pharmacist, nurse) may make approval decisions on medical necessity appeals, but only doctors can make denial decisions. Nonclinical staff can resolve administrative appeals.

We verbally communicate expedited-appeal decisions within 72 hours of receipt of the appeal and follow up in writing within 3 calendar days from the verbal communication for ASO. We communicate denials or overturns in writing. For claim overturns, we will issue an explanation of payment (EOP)/EOB within 15 calendar days of the decision (or the state-mandated time frame).

An external review of medical necessity decisions by an independent review organization may be available.

		COMPLY/AGREE YES/NO*	COMMENTS/EXPLANATION *If you answer NO, briefly explain why
<b>TPA SERVICES</b>			
58.	Does your company agree to expedite the credentialing process for the physician and nurse’s assistant hired by the City’s near-site health center?	Yes	
59.	As the selected proposer, will you comply with the following as it relates to the City's health center?		
	a. Electronic transmission of lab data (for biometric import) and Health Risk Assessment completions annually	Yes	
	b. Electronic transmission of claims data monthly	Yes	

Attachment 13 – Questionnaire

	<b>c. Assistance with referrals</b>	Yes	
	<b>d. Coordination of programs for outreach, wellness and other health services</b>	Yes	
	<b>e. Quarterly reporting on utilization and unit cost by category including primary care, specialty care, emergency department, hospital inpatient and outpatient and ancillary services. Reports will include utilization and per capita costs for members utilizing the health center versus members not utilizing the center and overall.</b>	Yes	
	<b>f. Access to the TPA account manager and dedicated onsite service representative to coordinate services, resolve problems and continually improve services to the City of Fort Lauderdale</b>	Yes	
60.	<b>As the single-source, managed care TPA, do you agree to provide the City with the components listed below?</b>	Yes	
	<b>a. Comprehensive administrative processes, claims adjudication for health and pharmacy claims, utilization review, managed care and member communications.</b>		
	<b>b. Assertive disease management programs that fully integrate with medical and pharmacy claims data and existing wellness plans and initiatives.</b>	Yes	
	<b>c. Competitive medical claim discounts.</b>	Yes	

Attachment 13 – Questionnaire

	<p><b>d. Pharmacy benefit management using a transparent pricing model, with 100% of the discounted claims and rebates passed through to the City.</b></p>	<p>No</p>	<p>We are passing through 100% of earned rebates and we are providing minimum guarantees for each component. <p>72.</p>	<p><b>Proposer will accept retroactive enrollments/terminations back ninety (90) days from the eligibility or termination date.</b></p>	<p>No</p>	<p><b>Retroactive Terminations</b></p> <p>Our retroactive termination policy limits our financial responsibility for member termination submissions to 60 days before the client notifies us of the termination. If notified within 60 days, we return the payments that we have collected for the members whose coverage has ended. If we receive notification after 60 days from the date of termination, the payments are not returnable. We provide 60 days of credit from date of termination request. If the request is made outside of 60 days, we will return premiums for the last 60 days.</p> <p><b>Retroactive Additions</b></p> <p>Our retroactive addition policy allows the client to enroll members retroactively as of their start date without limitations.</p> <p>The City is financially responsible for claims, fees, premiums, and any state covered lives assessments as of the start date of coverage.</p> <p>We charge capitation retroactively for 60 days, consistent with our</p>

Attachment 13 – Questionnaire

			contractual agreements with health care providers.  Our retroactivity policies are consistent with state covered lives assessment regulations and tax calculations.
73.	<b>The City must approve any member communication materials prior to distribution. Proposer is responsible for all costs of printing, producing and mailing/distributing adequate quantities of member information. Summary Plan Descriptions and Certificates of Coverage will be available on City website.</b>	Yes	
74.	<b>Proposer will provide quality enrollment and informative materials that fully explain the benefits, limitations and exclusions of each plan to participants in electronic format. Materials shall meet all requirements of the Affordable Care Act, and must be updated as needed.</b>	Yes	
75.	<b>Proposer will provide documents for posting on the City’s website or distribution through electronic media in an ADA compliant format.</b>	Yes	
76.	<b>Proposer will provide assistance, technically and creatively, in the on- going development and preparation of various employee communication materials.</b>	Yes	

Attachment 13 – Questionnaire

77.	Proposer will provide at Proposer’s expense one full-time onsite representative with the ability to travel to other City work sites as scheduled, Proposer will also provide onsite backup when full-time representative is scheduled to be away. Selection of representative will be subject to approval by the City.	Yes	
78.	Proposer will review and update applicable sections of the City’s annual benefit summary book, (currently titled Employee Handbook) to ensure information is compliant with the plan documents.	Yes	
79.	Proposer agrees to provide all the reports requested in Section 4 of this RFP.	Yes	
80.	Will your proposed contract allow for an annual audit by the City? List any limitations and specifically address the limits on claims samples and approval of City designated personnel conducting the audit.	Yes	Cigna permits the employer may audit Cigna's administration of plan benefits under the terms described in section six of the ASO agreement.
81.	Choicelinx Corp provides online benefit enrollment services for the City. As the successful proposer, you will be required to engage with Choicelinx and identify any related costs in the proposed ASO fees.	Per the City’s response, the ChoiceLinx Benefit Enrollment System is no longer applicable. Notwithstanding, Cigna will comply to the ability to continue utilizing the City’s Online Benefit Enrollment System with any applicable fees included in the proposed TPA fees.	

**WELLNESS AND DISEASE MANAGEMENT**

**82. Describe how your firm would take over and administer the City's management wellness program. Include the procedures your company will follow for monitoring the program and providing incentives and reward to participants for achieving their goals. The current program provides the following:**

- a. **Completion of a Health Risk Assessment (to be taken on your web portal) and biometric screening (provided through area providers) at the beginning and end of a 12-month period.**
- b. **Ongoing telephonic mentoring calls by the carrier's coaches monthly or quarterly, depending on risk stratification.**
- c. **Special programs and initiatives provided by the carrier to support smoking cessation, weight loss, exercise and nutrition counseling.**
- d. **Individual web portal for each member to access and review their HRA and biometric results as well as general wellness information.**

Your Cigna Onsite Well-Being Coordinator, Jessica Roark, works in collaboration with the City to create, facilitate and execute a customized well-being program for employees based on leadership and employee feedback that focuses on all five dimensions of well-being. We also provide a robust MotivateMe incentive program, One Guide with Smart Support, a wellness improvement fund. Ongoing support for member benefit and wellness education throughout the year. Integrated telephonic health coaching for chronic conditions management, health improvement support, and behavioral health.

Jessica will be available to provide guidance and support in coordinating quarterly breakfast/lunch and learns for employees across various sites. Support to these events can include speaking on various health topics, coordinating different speakers, recommending healthy options for serving, and providing consult as to what might be beneficial to each population/department. In addition to coordinating larger employee events such as health fairs and fund raisers; Jessica can recommend vendors, assist with planning, and act as consult. Acting as a resource and reminder of Cigna Healthy Rewards, Jessica will help navigate care, and answer any specific questions about the City's Wellness Incentive Program.

**83. Describe how your firm would provide a wellness program to all non-Management employees that would expand and enhance the current HRA and biometric screenings.**

Cigna would continue to promote the MotivateMe program to all active full time employees, which includes the HRA and biometric screenings. Jessica Roark, the Cigna Onsite Well-Being Coordinator, would continue to promote to employees that they could complete the HRA through Marathon, or myCigna. Cigna could also provide assistance with coordination of onsite biometrics for sites through Quest, in addition to Marathon. Wellness improvement funds could also be used to provide giveaways to further encourage employee participation.

**84. Provide a method for expanding these initiatives as well as measuring, rewarding, and reporting these activities.**

We would recommend the City consider implementing the Cigna Diabetes Prevention Program which provides aggregate reporting for program participation. We began working with Omada Health in

2015, starting with a pilot program for diabetes prevention. As of January 1, 2019, we began offering an integrated solution called the Cigna Diabetes Prevention Program in collaboration with Omada. This solution is an intensive behavioral counseling program focused on reducing the risk of diabetes for members who are prediabetic or at risk for developing diabetes. It is a digital, CDC-recognized, outcomes-based program with deep data science for personalized coaching that has garnered positive enrollment, engagement, weight loss results, and member satisfaction. We add value to this arrangement by eliminating the need for client contracting as well as facilitating a real time eligibility data check, sending eligibility information, using smart algorithms to identify high-opportunity participants, and offering a competitive gym membership offer, incentive integration, link on myCigna, referrals from service and clinical teams, and client reporting.

Your Cigna Onsite Well-Being Coordinator, Jessica Roark, will continue to provide a customized wellbeing program for the City's employees focused on all dimensions of health, incorporating Cigna programs, and collaboration with the HR team.

**85. Describe your organization's dedicated wellness and health promotion internet and communications to employees provided during the term of the contract related to wellness, disease prevention and healthy lifestyles.**

Cigna's Health Promotion and Awareness Program gives the City an assortment of information to help increase employee health awareness.

Components of this complementary health awareness program include the following:

- engaging communication materials
- twelve-month wellness planning calendar
- health promotion campaigns
- onsite health and wellness seminars
- health observance communications
- health awareness day resources
- turnkey wellness challenges
- health and wellness resource client website

Cigna offers a variety of additional materials that reinforce wellness initiatives and convey key messages to employees in a fun way. Available items may include "Know Your Numbers" wallet cards, water bottles, and pedometers.<sup>1</sup>

Clients may work with their Cigna account team to customize existing wellness materials and communications. Wellness communications may be co-branded, modified for content, or created entirely new. An additional cost may apply.

(1) Additional cost may apply

**86. Describe the lifestyle management programs and wellness initiatives available to City members. Address the program's format, costs, completion criteria and ability to link completion with carrier-administered, City-designed incentives.**

Cigna members receive motivational support to help them adopt healthier behaviors through our lifestyle management programs for weight management, stress management, and tobacco cessation. These programs are available by phone and online.

Our phone-based health coaches use a motivational interviewing style to help participants choose and complete actions to affect positive change. One-to-one coaching sessions, supplemental educational materials, interactive tools, and discounts support participants as they work to change old habits into new, healthier ways of life.

In addition, as part of our One Guide® advocacy team, our health coaches receive enhanced training and technological tools that equip them to offer even more personalized interactions and exceptional service to members on issues that extend beyond health concerns, such as plan benefits, claim issues, and health care provider questions.

Our secure and convenient online model is for those who prefer to work independently. Powered by WebMD, My Health Assistant provides a personalized experience. Members can access the online coaching programs through the myCigna® member website or mobile app, where they select the health goals they would like to address and are provided with activities that serve to build habits and lay the foundation for achieving them. The interactive features in My Health Assistant offer additional suggestions about goals and activities based on areas of interest.

We integrate the My Health Assistant online coaching programs with our health advocacy telephone coaching offerings. This cross program coordination gives our phone coaches role-based access to participating members' online coaching goals and activities.

Each of our lifestyle management programs has a unique definition of program completion.

### **Tobacco Cessation**

We define program completion as follows:

- **Phone** - The participant and coach have a completion call during which they determine whether the participant has met his or her tobacco cessation goals and, if so, whether he or she has a high level of confidence in remaining tobacco-free. Minimum requirements for successful program completion include being both enrolled in the program and tobacco-free for at least 30 days (the assessment date is considered the enrollment date).
- **Online** - The My Health Assistant online tobacco cessation program is an 84-day program that includes specific completion goals and criteria. The program measures a participant's success in eliminating tobacco usage by completing daily, weekly, and one-time activities.

### **Stress Management**

We define program completion as follows:

- **Phone** - The participant and coach have a completion call and determine whether the participant has met his or her stress management goal(s).
- **Online** - The My Health Assistant online stress management program includes a 28-day goal and requires the participant to successfully track daily, weekly, and one-time activities. Participants can repeat or restart a goal as desired, and they can track progress daily and weekly. The program also includes tips and articles.

### **Weight Loss**

Attachment 13 – Questionnaire

We define program completion as follows:

- **Phone** - The participant and coach have a completion call and determine whether the participant has met his or her weight loss goals. (Cigna defines successful completion as the participant having lost more than 5 percent of his or her initial body weight.)
- **Online** - The My Health Assistant online weight loss program is a 28-day program during which each participant sets a weight loss target (not to exceed 10 percent of his or her starting weight). My Health Assistant allows participants to repeat, modify, or restart a goal and includes tips and articles.

To incent members to take advantage of our lifestyle management programs, we offer our MotivateMe incentive program. This incentive program provides a variety of milestones that encourage members to engage with programs, tools, and resources to help take steps to improve their health and well-being and rewards them for taking action. The program is easy to use and understand and enables clients to customize an incentive program to meet the specific wellness goals of their population.

Our enhanced incentive program delivers the following:

- a single administrative platform and plan coverage
- speedy reward timing (one to four days, on average)<sup>1</sup>
- an integrated customer service model
- flexibility for greater client customization
- integration with Cigna health advocacy programs
- incentives incorporated into the member experience on myCigna

Through MotivateMe the City can offer incentives for a variety of activities, including engagement in lifestyle management programs to help with stress, weight, or tobacco cessation (by phone and online).

Our incentive program seamlessly integrates into the City's health and wellness program. Program enrollment is automatic after the City identify who is eligible to participate via our standard eligibility file submissions, and the system automatically awards members after they complete required activities/milestones.

Members can access their incentive information on myCigna, and clients can easily track utilization online via weekly reports available on Cigna's online client portal. Incentive information is also available to our One Guide personal guides and health coaches, enabling the ability of our staff to discuss available incentive opportunities with members at every touchpoint. This results in a superior customer service experience and increased member participation.

The following programs are included in our quote:

- MotivateMe
- One Guide with Smart Support
- Health Advisor
- Your Health First (including smoking cessation)
- Pharmacy
  - prescription weight loss drugs
  - prescription vitamins
  - lifestyle drugs

Attachment 13 – Questionnaire

The following programs would be an additional cost and we would be happy to discuss capabilities further with the City if interested.

(1) Preventive exam incentives are dependent upon when we receive and process the claim

**87. Describe additional wellness and health improvement programs and services that are available and any corresponding charges for such services. Include an approximation of costs of all programs listed.**

Cigna wants to help improve our members' health, well-being, and sense of security. Our wellness programs are important tools in helping us achieve that goal.

The City can consider the addition of Cigna Diabetes Prevention Program and Healthy Pregnancies, Healthy Babies administered through MotivateMe incentive program. Pricing for both programs are included on the benefit enhancement tab of the proposal.

Cigna Diabetes Prevention Program

Our Diabetes Prevention Program, offered in collaboration with Omada Health, is an intensive behavioral counseling program focused on reducing the risk of diabetes for members who are prediabetic or at risk for developing diabetes. The digitally-based, CDC-recognized program uses personalized coaching to drive positive enrollment, engagement, weight loss results, and member satisfaction.

We add value to this arrangement by eliminating the need for client contracting as well as facilitating a real time eligibility data check, sending eligibility information, using smart algorithms to identify high-opportunity participants, and offering a competitive gym membership offer, incentive integration, link on myCigna, referrals from service and clinical teams, and client reporting.

Healthy Pregnancies Healthy Babies

We created the Cigna Healthy Pregnancies, Healthy Babies® maternity program to help improve pregnancy and newborn outcomes through preconception planning and education; assessments and stratification with applicable actions to improve the health and well-being of participating members; increased identification rates; and care management plans tailored to each member's specific maternity needs. The program's ultimate goal is to reduce the number of preterm and underweight babies—issues that can be positively impacted by promoting a healthy pregnancy.

Women call to enroll in the program or they can enroll via the Cigna Healthy Pregnancy app. We can also identify members through referrals from our other programs, from their doctors, or through their health assessment responses. Once enrolled, each woman talks with a maternity specialist who assesses her possible pregnancy-related risks. These may include gestational diabetes or premature labor. The specialist then develops a personalized care plan and follow-up outreach schedule to address those risks. Participating members receive prenatal education and care support based on their risk level (i.e., minimal, moderate, or high).

In addition many of our wellness programs and services are included at no charge. These include:

- **Health Assessment** - Our new, next generation, proprietary, gamified Health Matters health assessment offers members a simple and fun way to start their personal health journey. This inviting, colorful, interactive health assessment makes it easier than ever for members to

- identify and share insights into their health. This means that opportunities for improvement and maintenance are clear. The new health assessment delivers more options for members to connect with coaching programs, proactive education, and rewards for engagement. And without the complexity of a more traditional health assessment. Health assessment responses receive in-depth analysis by the University of Michigan Health Management Research Center Trend Management System™ (TMS) and its application of sophisticated analytics and algorithms.
- **My Health Tab** - My Health Tab is a personalized member “hub” with specific health information, personal recommendations, and simplified navigation to the information and programs they want. Upon completion of the health assessment, we direct members to the Tab to see tailored program and topic recommendations. The Tab is also the “front door” to available health programs and services.
  - **Health Information Line and Audio Library** - Cigna’s health information line is convenient, toll-free access to medical information at any time, day, or night. Members can speak with RNs for general health information, level-of-care information, and information about doctors, hospitals, and other health care professionals. Audio library resources are also available to members via our member website, myCigna.
  - **myCigna** - This personalized, confidential website gives members access to interactive health tools. These tools are based on the current recommendations of the U.S. Preventive Services Task Force. Members also have access to decision-support tools. These tools include our health care professional locator and quality assessment tools, and our online health library. The site provides personalized Health Trackers—graphic tools for tracking important health measurements over time. Members can also access myCigna via a mobile app (iOS and Android).
  - **Healthy Rewards® Discount Program** - Cigna offers discounts for a variety of health and wellness plan coverages and services. These discounts are related to weight management and nutrition, fitness, vision and hearing care, tobacco cessation, alternative medicine, mind and body care, and vitamins.
  - **Cigna’s Health Promotion and Awareness Program** - This program offers clients tools and resources to design, implement, and communicate a health improvement strategy. The yearlong program targets national health observances and other important health themes, as outlined in the included yearly wellness calendar. Clients can customize the calendar to reflect client-specific health promotion and wellness strategies. Through the VitaMin communication series, clients receive several items for distribution to their employees. Items include a monthly newsletter, monthly Cooking Light recipes, an informational postcard, and a “myth of the month” eCard. Turnkey health awareness campaigns and introductory worksite wellness lunch-and-learns are also available.
  - **Client Wellness Website, The Well** - This site gives clients access to an assortment of free health and wellness resources including how to promote internal wellness initiatives and events. It is easy to extract information from this site and post it on internal bulletin boards to promote awareness and program participation among internal groups.
  - **Healthy Babies® Maternity Education** - This voluntary prenatal service offers expectant parents educational materials from the March of Dimes® and toll-free access to information and nurse support.
  - **Wellness Reminders** - We send annual reminders related to colon cancer screening and childhood immunizations to members; outreach is national in scope. We use HEDIS® results

Attachment 13 – Questionnaire

to determine the clinical outcomes on which we wish to focus our efforts; these can vary from year to year.<sup>(1)</sup>

(1) HEDIS® is a registered trademark of the National Committee for Quality Assurance (NCQA).

- **Cigna Health Advisor®** - We provide members with one-on-one coaching from a health advocate (RN, health educator, or behavioral clinician). Five health topics/conditions are included: hypertension, hyperlipidemia, healthy eating, physical activity, and prediabetes. Predictive modeling and other identification sources also allow health advocates to coach members coping with one of several preference-sensitive care conditions. Outreach for identified potential gaps in care related to hypertension and hyperlipidemia is part of this program.
- **Lifestyle Management Programs** - Coaches deliver personalized phone and web-based coaching. Together, coaches and members develop and maintain customized, goal-oriented behavior plans. Our lifestyle management programs for tobacco cessation, weight management, and stress management provide the support and coaching necessary to create lasting behavior changes. The telephone model offers one-to-one contact with a wellness coach. The coach provides personalized, motivational support. Our online model offers secure, convenient information for members who prefer to work independently. Lifestyle management is supported by active account management, communications, and reporting.
- **Onsite Hourly Coaching Blocks** - Cigna provides hourly worksite health coaching in conjunction with our in-depth wellness seminars. Onsite coaching sessions provide a trusted, convenient resource for employees interested in face-to-face coaching. These worksite interventions strive to increase active participation in health and/or condition management programs. The industry’s most knowledgeable health coaches help employees understand the featured wellness seminar topic and teach people how to achieve and maintain personal health goals. Available only to clients who purchase our in-depth wellness seminars, Cigna provides these services directly following wellness seminars to adults age 18 and older. We charge on an hourly basis (minimum of four hours onsite).

**88. Confirm that your company will provide the required \$90,000 annual wellness allowance (see Section 4.10 of this RFP).**

Confirmed. To support the City’s continued wellness initiatives we are proposing a \$100,000 annual wellness allowance.

89.	<p>The City has a Management Wellness plan that provides management employees with a \$500 incentive based on completion of the defined activities. Will your company, along with the designated onsite service representative, track the activities of participants and provide a monthly report identifying the members who completed the activities required for incentive payout?</p>	Yes	
90.	<p>Do your services include smart phone applications? If so, please list them.</p>	Yes	Members will have access to the myCigna app.
91.	<p>Proposer agrees to provide an \$90,000 annual wellness allowance.</p>	Yes	We are proposing a \$100,000 annual wellness allowance.
92.	<p>Will your company allow the City to roll over unused funds to the following year?</p>	Yes	
93.	<p>Proposer agrees to complete and submit on a quarterly basis 45 days after end of quarter (paper copy and electronic), an Executive Summary Analysis, Dashboard, financial/trend analysis, membership and health utilization summary, high dollar claims, health management and wellness program key indicators, performance standards and guarantee measures, and accounting of completed and ongoing activities.</p> <p>Satisfaction of this requirement will be subject to performance guarantees.</p>	Yes	

Attachment 13 – Questionnaire

94.	Proposer agrees to provide cost and disease prevalence data, technical, creative, financial, clinical and wellness resources and program and performance metrics.	Yes	
95.	Proposer agrees to provide monthly, quarterly, and annual utilization reports broken down by employee, dependents and type of service. Such reports should also include details on the types of illnesses.	Yes	
96.	Proposer agrees to provide full monthly electronic claim extract files to any City designated vendor who has completed a BAA agreement within 20 days of the end of a month. There shall be no additional fees associated with the production of the extract files. Please indicate when the file will be available (i.e., how many days following the end of the month)	Yes	The monthly report has a turnaround time for feeds to clients 20 days after the close of the reporting period.
97.	Proposer agrees to provide a wellness portal on the member webpage where members can access an online wellness program including a Health Risk Assessment tool.	Yes	
98.	Proposer agrees to implement, at a minimum, the following six (6) disease management programs: Asthma, Chronic Obstructive Pulmonary Disease (COPD), Congestive Heart Failure (CHF), Coronary Artery Disease (CAD), Diabetes and Hypertension.	Yes	The City’s employees will continue to benefit from our Your Health First chronic condition coaching.

NETWORK

99.

**a. How do you measure provider performance and quality? Be specific and transparent in logic and rating scale.**

We use a suite of analytical tools to profile doctor quality, track and compare practice patterns, and monitor cost and utilization. We can compare doctors within their specialty groups and geographic areas. Our tools provide insight into varying practice patterns and account for clinical differences in patient populations. When we understand these differences, we can better identify opportunities for improvement. Our tools help us to

- identify trends that assist with contracting or medical management to manage our health care provider networks;
- identify potential best practices and benchmark members or groups;
- identify doctors who are high and low outliers;
- identify quality-of-care issues by targeting undercare situations and tracking specific clinical conditions from episode-of-care results; and
- conduct consultative sessions with doctors to help them understand the results, how they vary from their peers, and how they can improve or where they exceed.

To improve provider cost and quality include the following, we were among the first companies to waive fees for COVID-19 testing and treatment. We were also among the first companies to develop a program and a pledge with providers to decrease opioid use.

We use evidence-based medicine (EBM) measures and ETGs to profile doctors and measure performance.

**Quality Evaluation**

Cigna uses 3 quality indicators to assess participating doctors in 21 specialty types:

- National Committee for Quality Assurance (NCQA) Physician Recognition
- adherence to EBM rules
- group board certification

**EBM Measures**

The EBM assessment component of the Cigna Care Designation program for 2021 involved assessing compliance with a total of 91 EBM rules.

**EBM Assessment Process**

Determining individual doctor or group practice EBM rule adherence includes the following:

- aligning opportunities and successes for each eligible EBM rule to the appropriate individual doctor (using visit requirements and relevant specialty type category)
- using visit requirements in which a doctor is considered responsible for adherence to the EBM rule if he or she meets certain conditions
  - The EBM rule is relevant to the doctor's specialty. For example, pregnancy management EBM rules are relevant to OB/GYN, internal medicine, and family practice but not to other specialties.
  - There have been at least two office visit encounters for a Cigna member during the claim review period.

- At least one of the office visit encounters occurred in the last 12 months of the claim review period. Nineteen of our EBM measures require only one office visit encounter in the last 12 months of the claim review period.
- aligning individual doctors to doctor groups (practices) and summing EBM rule opportunities, successes, and expected successes to obtain practice totals
- calculating the quality index for the doctor group by dividing the doctor's or doctor group's number of actual EBM rule adherence successes by the number of expected EBM rule adherence successes (Expected EBM rule adherence successes are derived by applying the geographic market average EBM rule adherence success rates to that doctor group's particular rule mix opportunities.)
- determining a 90 percent confidence interval around the quality index, allowing EBM quality performance to be measured with a strong degree of certainty (Lower bound of the 90 percent confidence interval for a particular doctor or doctor group is defined as the adjusted quality index for that doctor group.)
- assessing and ranking (using the adjusted quality index score) doctor groups that meet the Cigna group board-certification criteria, have 30 or more total EBM rule adherence opportunities, and have at least 50 percent of their treatment episodes (used in the doctor's or group's cost-efficiency ETG analysis) attributed to the doctor specialty types assessed for EBM rule adherence
- placing doctors or groups with an adjusted quality index score in the top 34 percent of their group specialty type and geographic market in the top category for EBM rule adherence; placing doctors or groups with results in approximately the lowest 2.5 percent for the group specialty type in the market where there are at least 20 groups of that specialty type in the bottom category; and placing the remainder in the middle category
- setting thresholds for each market and each group specialty type within a market, determined by specific market considerations, such as geography, specialty volume, access to specialty care, and contract requirements
  - Thresholds range from approximately 30 to 70 percent.
  - Use of threshold adjustments allows for the consideration of individual market factors; however, when such market-specific threshold adjustments are made, other doctor groups in the market of the same specialty type that also meet the revised market threshold value will be deemed to have met the quality requirement for Cigna Care Designation.

We do not risk adjust EBM (quality) measures, because the EBM rules have explicit definitions for both the numerator and the denominator of each measure. The denominator explicitly defines the population at risk; thus, the definition of the measure incorporates risk adjustment.

#### **Cost-Efficiency Evaluation**

We use ETG/Episode Risk Group (ERG) grouper software, an industry standard available through OPTUM, to evaluate the cost efficiency of individual doctors and groups. The software allows for case mix and severity adjustment and clusters claims into more than 500 different episodes of care. Additional information about the OPTUMInsight Episode Treatment Groups, including a complete listing of the ETGs, is available at <https://etg.optum.com/etg-links>.

Using ETG episode-of-care data, we determine how a doctor group's cost efficiency compares to other groups of the same specialty type (PCP, mixed specialty, multispecialty) in the same

geographic market. For example, in the case of single-specialty primary care groups, we compare the group's cost-efficiency performance to the performance of other single-specialty primary care groups in the same market (i.e., we compare family practice groups to other family practice groups, internal medicine groups to other internal medicine groups, and pediatric groups to other pediatric groups). A doctor or doctor group's performance is a result of its fee schedule, utilization patterns, and referral patterns (e.g., use of hospitals and other facilities).

#### **ETG Assessment Requirements**

ETG assessment requirements include the following:

- There must be at least 10 occurrences of a specific ETG (e.g., incorporating episode severity and treatment level, comorbidity, complications, or presence of pharmacy coverage) within the geographic market and specific doctor specialty type to determine the market average cost for that ETG and, thus, include it in the market's analysis.
- The peer or market average for each specific ETG is established for each market and doctor specialty type.
- To reduce variation within cost-efficiency results, the assessment process excludes several ETGs, including routine immunizations and other inoculations, transplants, and ETGs with low volume or wide cost variation. Episodes with a severity level of four (the quality severity level assigned by OPTUM ETG software) are also excluded from analysis.

#### **ETG Assessment Process**

Individual doctor groups must have at least 30 total episodes of care during the review period to be reviewed for cost efficiency. For an episode to be attributed to a doctor (responsible doctor), two criteria must be met:

- The doctor must be responsible for more costs for medical or surgical management services than any other doctor providing care for the episode.
- The medical or surgical management costs for the doctor must be at least 30 percent of the total episode medical or surgical management costs.

If these two criteria are not met, the episode is excluded from analysis. While only the costs associated with doctors' provision of management services are used to attribute the episode to a particular doctor, total costs (doctor management costs and ancillary costs [e.g., lab, X-ray, hospital, ambulatory surgery, physical therapy]) are used to characterize the total cost of the episode.

The actual cost of an episode of care for each doctor group and for the doctors within that group is compared to the market average cost of an episode of care, derived using their unique mix of ETGs and the peer averages.

The sum of actual ETG episode costs for a doctor group divided by the sum of corresponding ETG episode market average costs is the group's performance index.

While we have a robust monitoring program, we cannot provide sample reporting or results and statistics relating to provider performance and profiling. This information is confidential and proprietary. We do, however, share these rates and measures annually with providers so we can work to develop an action plan, if needed, or identify good performance.

**b. What metrics do you make available to members to identify and select “high performance/efficient providers?”**

Cigna Care Designation identifies high-quality health care providers who meet or exceed specific industry-accepted cost and quality standards. This designation helps members make informed decisions about their health care and health care spending. In the online directory search, members can find Cigna Care–designated providers as well as tools that provide health information and support the decision-making process. Cigna Care Designation highlights cost-efficient (high-quality, low-cost) providers and encourages members to use providers in 21 specialties, including 3 PCP categories (internal medicine, pediatrics, and family practice). Provider types reviewed for Cigna Care Designation account for about 85% of total medical spending. Cigna Care–designated specialists have a 16.5% lower cost per episode of care than nondesignated specialists and are more compliant with evidence-based measures.

We select health care providers for Cigna Care Designation based on a combination of their quality and cost efficiency. We use state-of-the-art tools and input from third-party organizations to analyze the specialists’ overall performance. We use the following criteria to determine inclusion:

- **Cigna Network Participation** - Specialists meet our credentialing standards.
- **Board Certification** - Certification is required.
- **Performance Index** - Specialists must have managed at least 30 episodes of care for Cigna members during the review period in order to be assessed.
- **Adherence to Evidence-Based Guidelines** - The quality of care is evaluated using a claims-based assessment for evidence-based medicine (EBM) rules endorsed by the National Quality Forum (NQF) or Healthcare Effectiveness Data and Information Set (HEDIS®) or developed by doctor organizations.<sup>1</sup>
- **National Committee for Quality Assurance (NCQA) Recognition** - Doctor recognition programs assess clinicians and practices to ensure they support the delivery of high-quality care and provide medical services that adhere to evidence-based, nationally recognized clinical standards of care. In our online health care provider directory, we identify doctors who have received recognition in any of these four programs:
  - NCQA Diabetes Recognition Program
  - NCQA Heart/Stroke Recognition Program
  - NCQA Patient-Centered Medical Home™ (PCMH™) Recognition<sup>2</sup>
  - NCQA Patient-Centered Specialty Practice Recognition

(1) HEDIS® is a registered trademark of the National Committee for Quality Assurance (NCQA).

(2) Patient-Centered Medical Home™ (PCMH™) is a trademark of the National Committee for Quality Assurance (NCQA).

**c. What incentives do you offer providers that meet your performance criteria?**

There are no incentives attached to our Cigna Care Designation. Our value-based care pay for performance arrangements, prior to the COVID-19 pandemic, were defined as a payment that occurs pursuant to the terms of a contract when participating health care providers have met specified quality- and cost-related performance measures. During the pandemic, we temporarily suspended cost performance metrics for PCPs in collaborative arrangements. We are beginning to gradually add the cost performance metrics back to our program. Value-based care programs include Cigna Collaborative Care® (CCC) programs through which the ASO client is charged for value-based arrangements.

**Attachment 13 – Questionnaire**

Our program is flexible with reimbursement structures for specialty groups because we understand that groups are at varying stages in the evolution to value-based reimbursement. Our arrangements include care management reimbursements for meeting quality goals and episodes-of-care global reimbursements for meeting cost and quality goals.

The fee schedule increase method is primarily used in our arrangements with hospitals. In this model, we tie a portion of the annual fee schedule increase to achievement of cost and quality targets. There is a periodic reconciliation of payments, and the incentive payment decreases if the cost and quality fall below the baseline metrics.

We have value-based care arrangements in 36 states plus Washington, D.C.

**100. Describe any Accountable Care Organizations currently included in your proposed network(s).**

Our value-based care solution, Cigna Collaborative Care (CCC), is built on over 20 years of partnering with providers and hospitals to reduce costs and improve health outcomes. Our hands-on approach helps us meet health care providers at their current level of performance and take them where they need to be—delivering care built on evidence-based standards that improve quality, cost, and patient satisfaction. Currently, we have value-based arrangements with more than 240 provider groups across 34 states, 500 hospital facilities, and 265 specialists in 6 disciplines. This includes the following groups in Florida:

- AdventHealth Physician Network Central Florida
- AdventHealth Physician Network West Florida
- AssociatesMD Medical Group, Inc.
- Atlantic Coast Health Network
- BayCare Physician Partners
- Broward Health ACO Services
- Cleveland Clinic (FL)
- Community Health Network of Central Florida (DBA Parrish Medical Center)
- Community Health Partners CIN (Naples)
- Florida Accountable Care Services, LLC
- Florida Elite Management LLC
- Florida Medical Clinic PA
- Health First Privia Medical Group, LLC
- Integrated Physician Network (IPN Central and East Florida)
- Millennium Independent Provider Network
- Orange Care IPA
- Orlando Health Physician Partners (OHPP)
- Palm Beach Accountable Care Organization (PBACO C LLC)
- Physicians' Primary Care of SW FL
- Population Health Associates
- Primary Partners
- PrimeHealth Physicians
- Steward Health Care Network, Inc
- Tampa Bay Health Alliance

**Attachment 13 – Questionnaire**

- Tampa Bay Integrated Healthcare Network
- Watson Clinic LLC

There are nearly 400,000 members aligned to ACOs in Florida, with almost 14,000 practitioners providing care.

We do not provide members or reimbursement by ACO, and we have not paid our clients for measures not being met. The associated costs for these programs will depend on the number of the GROUP's members that align to the ACOs.

**101.****a. How do you process claims for non-contracted hospital based providers and services when selection is beyond the control of the patient?**

During a member's inpatient stay at a participating hospital, we will consider services provided by hospital-based, nonparticipating health care providers (lab, radiology, and anesthesia) at the in-network coverage level so the member is not penalized for using a participating hospital. Claim systems are designed for auto-adjudication of this process.

**b. How do you propose making this cost neutral for the City members, and dependents?**

As noted, we process this claims as in-network so the member is not penalized and the claim systems are designed for auto-adjudication of this process.

**c. Additionally, how can you protect the member from being incorrectly billed and having to dispute a claim?**

Doctors and hospitals agree, by contract, to only bill members for copays, deductibles, or coinsurance. Health care providers may bill members for services outside the member's plan coverage, subject to any contract limitations.

**102. Describe how your organization will ensure that providers in your network utilize In-Network laboratory and diagnostic testing/services, or propose your plan for cost neutrality for City members, and their dependents?**

For over 15 years, we have had contracts with both LabCorp and Quest Diagnostics, which is unique in the industry. We require participating health care providers to refer members to in-network providers and facilities, including our preferred national ancillary providers (e.g., LabCorp, Quest Diagnostics). We remind providers of the requirement to refer members to in-network labs and educate them on local in-network options.

Cigna processes out-of-network lab and pathology claims at the out-of-network coverage level. To prevent future referrals to out-of-network labs, we remind health care providers of the requirement to refer to in-network labs and educate them on local in-network options.

It is the responsibility of members to ensure any providers they see are in-network.

Attachment 13 – Questionnaire

		COMPLY/AGREE YES/NO*	COMMENTS/EXPLANATION *If you answer NO, briefly explain why
<b>NETWORK</b>			
103.	a. <b>If covered services are not available within the contracted network, how will members obtain necessary services?</b>	<p>We make every attempt to ensure that a full-service network contains core specialists. If no in-network health care providers with the required specialty are available within 25 miles of the member’s location, the member can contact Cigna customer service for assistance in identifying a Cigna provider (if available). If none are available, the member may receive approval to visit a nonparticipating provider/facility; in-network coverage levels would apply.</p> <p>Cigna will approve, by letter to the member, only those services that we will cover as in-network. Initial approval will allow up to 50 visits within a 12-month period. If a provider sends a member to another provider or facility for treatment, the member is responsible for ensuring he or she stays in-network for those services to be covered at the in-network benefit level.</p> <p>We document every</p>

		contact with a member in our desktop inquiry tracking system, OneView, making it simple to verify questions we receive, answers we give, and actions we take.	
	<b>b. What fee schedule or payment approach do you utilize for these benefits and services?</b>	In this scenario, the standard in-network payment approach would apply.	

**MENTAL HEALTH & SUBSTANCE ABUSE**

- 104. Do you provide Mental Health & Substance Abuse services directly, through your own contracted and credentialed panel of providers and facilities, or do you sub-contract these services to a third party entity? If the latter, please indicate the third party and summarize the contracting and compensation in place.**

Directly; our mental health and substance use disorder services are provided in-house. To supplement clinical care and increase access for members, we contract with digital, in-network providers. Additionally, members have access to digital cognitive behavioral therapy tools.

- 105. Do enrollees call one telephone number for Mental Health/Substance Abuse needs including claim issues, benefit questions, network availability, and referral/authorization for care?**

Yes. Members will be able to access support for the aforementioned services. Additionally, the toll-free number provided is the same number that members use to access medical, behavioral health, and EAP services.

- 106. What are your customer service hours? Do you have a 24-hour crisis line? If so, describe staff levels of training, and expertise. How are callers triaged?**

One Guide personal guides answer calls live, 24/7/365. We are the only carrier offering 24-hour support for both routine needs and crisis triage support.

Our personal guides are required to hold a bachelor's or master's degree (or equivalent) in the mental health or a psychology-/social work-related field. We prefer that they have two years' experience in a mental health, social service, or insurance setting and a strong knowledge of health care and behavioral health.

Licensed clinicians are always available to intervene and provide support during crisis calls. These are master's- and PhD-level professionals with a minimum of five years' clinical experience. Of these consultants, 100% hold (or must be actively pursuing) the certified employee assistance professional

**Attachment 13 – Questionnaire**

credential, indicative of specialized EAP training and experience. They are also licensed for autonomous practice.

Newly hired personal guides participate in a series of orientation and training sessions. Sessions focus on information on account specifics, roles and responsibilities, operations, policies and procedures, customer service, and other key topics. Personal guides participate in various exercises, including role-playing and mock calls. We also provide extensive crisis intervention training relative to crisis calls. This includes how to properly assess for and identify imminent risk of harm, when and how to warm transfer a caller to a licensed clinician, and how to engage a clinician in the call if a transfer is not in the caller's best interest. These skills are reinforced at weekly training meetings in addition to an annual refresher course which reviews policies and protocols.

We provide services for triage and emergency certification 24 hours a day, 7 days a week, 365 days a year. Licensed behavioral health clinicians conduct clinical triage in any situation that may require clinical direction and judgment. Triage protocols define what types of calls are transferred to clinicians and the type of assessment or intervention that should occur. These protocols

- allow a real-time capability to assess clinical severity/risk;
- ensure clinical urgency is assessed to arrange care within access time frames for routine, urgent, and emergent care;
- support appropriate level-of-care decision making; and
- allow the use of intensive crisis stabilization services as alternatives to inpatient care, when appropriate.

**PBM****107. Will you agree to the proposed performance standards for claims adjudication accuracy, eligibility accuracy and payments to pharmacies?**

Cigna has included performance guarantees as outlined in section 4.12 of the RFP which include claims processing, financial accuracy, and eligibility discrepancy resolution as well as other service metrics for all services provided.

**108. List the tools available to assist members with obtaining information on medication options, medication pricing and education tools.**

Our member website, myCigna, provides an easy and convenient way for members to manage their health and health-related finances. Members can download the free myCigna mobile app to access their personalized information whenever it is convenient for them.

Members can access personalized myCigna features to do the following:

- manage health information, such as health goals and incentives, on My Health Dashboard
- view and update personal health records (PHRs) with key biometric data, medical conditions, medications, allergies, surgeries, immunizations, and emergency contacts
- complete a health assessment and get recommendations based on the health assessment's health profile
- link to other interactive tools and learn about available Cigna programs

Attachment 13 – Questionnaire

- locate doctors and review quality ratings and find out-of-pocket cost estimates for more than 600 common medical procedures
- locate dentists and find out-of-pocket cost estimates for more than 400 dental procedures
- search for behavioral providers and learn about the different types of care available
- get information on more than 8,000 topics on health conditions, medical tests and procedures, medications, and everyday health and wellness through Healthwise, an interactive library
- review coverage information
- view status of claims submitted in the past 24 months
- view EOBs, account balances, and transaction history
- view, print, send, or order a Cigna ID card
- refill prescription medications using our home delivery pharmacy, Express Scripts Pharmacy, a Cigna company (if Cigna provides the prescription drug coverage)
- compare drug price quotes, based on coverage, for specific pharmacies
- get information on numerous medical and surgical procedures through a personalized report
- access the Healthy Rewards® alternative medicine program, which includes discounts for services such as acupuncture, chiropractic care, massage, cosmetic dentistry, laser vision correction, and hearing care
- sign up for reminders to take medication(s) and order refills through Cigna’s medication coaching program (which also offers members who use our home delivery pharmacy reminders to check vital signs)
- receive their health care provider’s address and contact information via email, text message, or vCard as well as WebMD medical alerts

Mobile Capabilities

We connect on-the-go members with access to their myCigna account to quickly provide the information they need to manage their health—anytime, anywhere. We offer different types of myCigna mobile access:

- **myCigna Mobile App** - a free, safe, and secure native application for iOS (Apple), Android, and Kindle mobile devices that provides members with access to personalized health care information
- **myCigna Mobile Web** - myCigna operates on a responsive web design and is accessible via any mobile device with an internet browser—replicating all the information viewable on the desktop

We use the latest security technology and protocols (including multifactor authentication) in mobile applications to protect members’ personal health information while they are both on- and offline.

**109. Is your pre-authorization process administered in house or by a third party?**

Prior authorizations are handled in-house.

**110. If you can't offer the City's formulary listing, please provide a listing of how your formulary listing differs from the one show in in Attachment 4.**

**Attachment 13 – Questionnaire**

Our offer included the same prescription drug list that the City uses today.

**111. Is your company willing and able to adjust formulary to accommodate or minimize disruption from the existing formulary?**

As the incumbent administrator this is not applicable.

**112. Provide information on your company's mail order pharmacy facility that will be used for City members. List the name, locations, and years your company has used this facility.**

	<b>COMPLY/AGREE YES/NO*</b>	<b>COMMENTS/EXPLANATION *If you answer NO, briefly explain why</b>
<b>PBM</b>		
<b>113. Do you agree to incorporate administration of the City's current benefits including but not limited to the following services?</b>	No	We are passing through 100% of earned rebates and we are providing minimum guarantees each component. Our offer includes full pass-through at retail only.
<b>a. Pharmacy benefit management with transparent pricing and 100% of the discounted claims and rebates passed on to the City.</b>		
<b>b. Monthly reporting of claims, eligibility and utilization.</b>	Yes	
<b>c. Comprehensive network of pharmacies including Walgreens and CVS specifically in tri-county area (Broward, Miami-Dade, Palm Beach) and statewide and national network.</b>	Yes	
<b>d. Drug formulary should closely match the City's current formulary.</b>	Yes	

Attachment 13 – Questionnaire

<p><b>e. Exclusive specialty pharmacy service that includes patient education.</b></p>	<p>Yes</p>	
<p><b>f. Program should include step therapy and prior authorization programs similar to the current plan.</b></p>	<p>Yes</p>	
<p><b>g. Assistance with step therapy and prior authorization programs that include communicating with physicians and implementing a process that does not harm physician-patient relationship.</b></p>	<p>Yes</p>	
<p><b>h. Procedures to encourage the utilization of mail order pharmacies for maintenance medications.</b></p>	<p>Yes</p>

<b>Legal Counselors</b>	(1)	(1)	(1)	(1)	(1)

**121. Please describe the recruitment and selection criteria for providers in your network.**

Our national network employs a rigorous process for choosing health care providers and for affirming their credentials in accordance with NCQA standards. The following section outlines our screening, credentialing, verification, and recredentialing policies for network providers and facilities.

**Health Care Provider Screening and Selection** - The selection process begins with screening interested health care providers. We inquire about their accreditations, specialties, treatment methods, demonstrated commitment to quality, and clinical models. We invite providers with established positive reputations and verifiable skills in EAP-related specialty areas to apply for inclusion in our network.

We collect and evaluate the following information during the screening process:

- demographic information (e.g., address, phone, SSN, TIN, billing information, availability)
- coverage arrangements (24 hour)
- services available

Attachment 13 – Questionnaire

- specialty training/certification
- professional liability insurance coverage

The provider screening application also gathers the following information:

- board-certification status for doctors
- therapeutic orientation
- service modalities
- specialties
- handicap accommodations
- language proficiencies
- populations treated

**Credentialing Criteria** - Our provider credentialing criteria include the following:

- a signed application and agreement to participate
- current valid licensure or certification to practice independently in accordance with applicable state regulations (not applicable to physician assistants who must be supervised by a doctor)
- licensure or certification free of restrictions or stipulations
- behavioral health knowledge (physician assistants), demonstrated by continuing education in the field (in-network psychiatrist must supervise physician assistants)
- graduation from a formal education program, accredited or recognized by the applicable certifying organization (some chemical dependency providers are licensed to practice independently but have not completed a formal education program)
- work history with no unexplained gaps
- acceptable malpractice history and current liability coverage
- acceptable Medicare/Medicaid sanction history
- current and unrestricted DEA certificate provided by prescribing provider
- admitting privileges must be in good standing (if applicable)

In addition to the above criteria, as a participant with CAQH, we direct providers to use the CAQH Universal Credentialing DataSource when completing their applications.

**Verification** - Our standard credentialing process includes the following primary verification standards and practices:

- license verified with appropriate state agency
- highest level of education verified with the appropriate college or university (unless this primary source verification has been documented by the licensing board)
- DEA verified through National Technical Information Service (NTIS) tape or copy of certificate
- board certification verified by referencing publications from the American Board of Medical Specialties (ABMS; for MDs) or the American Osteopathic Association Official Osteopathic Physician Profile Report (for DOs)
- primary verification of residency training for doctors who are not board certified
- malpractice coverage verified through a copy of insurance certificate
- malpractice claim history verified directly with the NPDB
- Federation of State Medical Boards or state medical board queried for state license(s) and disciplinary actions
- Medicare/Medicaid history verified through the NPDB

**Attachment 13 – Questionnaire**

- acceptance of the provider's attestation of hospital privileges

**Recredentialing** - We recredential 100% of providers every three years. Providers must meet the criteria described in the credentialing section. We do not review information that is not subject to change, such as the education and work history we verified in initial credentialing.

**122. What are the minimum licensing requirements for the following providers:****a. Mental Health Professionals**

Clinical social workers/professional counselors must hold a master's degree.

Psychologists must hold a doctorate degree (PHD/EdD/PsyD). Additionally, all providers must be licensed for independent practice by the state in which they practice.

**b. Substance Abuse Professionals**

Qualifications includes:

- a master's degree; licensed for independent practice by the state in which they practice.
- Some states recognize addiction counselors as an independent license without a master's-level degree.
- Many substance use counselors are also licensed at the behavioral health level (e.g., social workers).

**c. Financial Counseling**

We provide access to a variety of financial providers with the following qualifications and experience:

- on average, 18 years of experience in the financial services industry
- at a minimum, five years of experience (e.g., accounting firms, the banking industry, credit issuers, investment and insurance firms, debt management services)
- certifications, such as the following:
  - accredited tax preparer
  - certified credit counselor, divorce financial analyst, financial educator, financial planner, mortgage planning specialist, senior advisor, credit report reviewer, identity theft risk management specialist, and/or public accountant
  - enrolled agent
  - personal financial specialist
  - fraud resolution specialist
  - accredited financial counselor
- minimum of a bachelor's degree
- sensitivity; a predisposition to assisting people in need

Each financial provider is required to finish the process of becoming a certified credit counselor. This certification process further ensures the staff can appropriately address each individual's financial needs. We verify degrees, licenses, and the status of licenses (licenses and the status of licenses are verified annually). We also conduct a thorough background check and a complete review of references.

**d. Legal Counseling**

**Attachment 13 – Questionnaire**

Participants are provided with highly qualified, fully credentialed legal providers with the following legal qualifications and training:

- an average of 18 years' experience in their field
- a minimum of 5 years' experience required
- must be in good standing with their local bar association
- demonstrate compliance with stringent credentialing criteria

**123. What promotional materials will you provide? Include format (hard copy or electronic). Will there be a limit on any promotional materials that are provided free of charge to the City? What is your guaranteed delivery time for any hard copy promotional materials after they are requested by the City? Detail any associated fees.**

Communication is critical to helping maintain EAP awareness, understanding, and use.

Our communication materials are simple, clear, and readily accessible to help clients promote the EAP to employees and their family members. These materials position the EAP as relevant to everyone and as a resource to help with life's challenges. Our goal is to collaborate with the City to tailor a communication strategy that meets the needs of your employees, managers, HR professionals, and EAP directors.

Ongoing promotion is important throughout the year, not just at program launch, and we recommend and support an approach that incorporates hard copy material with electronic media. Your account manager will work with the City to plan a promotional campaign/visibility plan at the start of the plan year. They will provide recommendations on the timing and delivery of communication materials. As part of the program, we provide posters and brochures, which include detachable wallet cards. The brochures are valuable at benefit fairs and may be mailed to employees and/or used by HR. Our electronic materials include e-flyers, handouts highlighting program services, and e-cards. We also provide a link to a set of promotional videos for members and managers. Videos may be embedded in an e-card, posted to an intranet site, played at the start of a meeting, or exhibited during health fairs. Electronic bulletin board ads and virtual benefit fair resources are also available.

We recommend leveraging employer service hours, which are part of the program offering each year, to plan for onsite or virtual events that lead to increased awareness and utilization of services. Wellness services provide relevant content and skill-building opportunities for employees while actively promoting EAP awareness. We provide the City with a yearly calendar of EAP national wellness webcasts that are presented bimonthly. We offer email promotions and e-flyers to promote the EAP wellness webcasts to your employees. We also provide a catalog of yearly wellness seminars and management trainings. Your account manager will work with the City to plan and coordinate these seminars/trainings, in addition to health fairs, and determine the ideal modality or modalities to most efficiently reach your employees (e.g., onsite seminars vs. webinars, virtual health fairs or onsite health fairs staggered throughout the work day). Employee and manager orientations are available onsite, but for those unable to join, we also facilitate electronic orientation sessions.

We know that managers and HR professionals are in a unique position to encourage employees to take advantage of the EAP's consultative services. Thus, we provide manager- and HR-directed e-cards and e-handouts, a manager's guide (online), a promotional video, and a number of seminars and trainings.

**Attachment 13 – Questionnaire**

Clients that have our EAP and medical services may add an EAP promotional ad as a unique customized feature to myCigna, our member website.

Customization for our trifold brochures, wallet cards, and posters, is available at no additional fee. We also offer a self-mailer, magnet, and business card, which are at an additional cost but do not incur customization expenses. Further customization is available at an additional cost which depends on the scope of the project.

Hard-copy brochures, wallet cards, and flyers will be ready and available for your employees at the start of the plan year. We include one poster per 100 employees. For brochures (and detachable wallet cards), for the initial year, we provide one brochure for each employee; in subsequent years, we provide one brochure for every other employee (50% of the population). For buy-up hard copy promotional tools such as magnets or home mailings, we provide pricing on a case-by-case basis and will work with the City to determine the optimal delivery timing. Our marketing team works in tandem with our account team to ensure that resources fit the needs of our varying client preferences.

Furthermore, we offer the *VitaMin* communications series, which delivers “vital health information in a minute.” This monthly newsletter, which is sent to your designated contact for distribution or posting on your website, includes health tips, a healthy recipe, and articles to help members obtain—and maintain—a healthy lifestyle. Additionally, we produce *LifeLines*, a quarterly newsletter that the City can distribute via email to its employees if one does not exist. This newsletter features articles on a wide variety of health and wellness topics. It can be customized with your company's website address and EAP access number.

Online tools such as promotional videos, community resource information, article library, assessment tools, microsites, Healthy Rewards discount program, work/life tools, our stress management toolkit, Disaster Resource Center, Coronavirus Resource Center, Advancing the Race Dialogue microsite, and Behavioral Health Awareness Series are available at any time (and updated frequently).

Please refer to the *EAP What You Get Guide Client Brochure* exhibit and the *EAP Variable Options Sample Brochure* exhibit for more details and same promotional materials.

**124. How much time does your Company require for plan implementation once approved? What will be the City's role in the process?**

As the City's current EAP vendor, a formal implementation process is not required. Our account team will work with the City to develop a new promotional/communications strategy process plan for the new plan year. We encourage the City's designated contacts to be involved in this process so that we can efficiently tailor our promotional approach, including communication materials and the planning of onsite trainings/seminars, to meet the customized needs and nuances of the City's population. Additionally, we will meet with any new external vendors to identify key contacts, develop interface processes and protocols, and update our account manual so that our intake team can familiarize themselves with the City's plan and seamlessly connect individuals to the various services they need.

**125. Please describe your reporting capabilities, including the frequency.**

We offer our clients unique management and data reporting advantages through online access. We set up access during implementation; at that time, the client identifies a primary administrator from

**Attachment 13 – Questionnaire**

their team. Once registered, the primary administrator can add users and/or delegate administrative privileges to others in his or her organization.

Our quarterly EAP reporting package includes the following:

- quarter-by-quarter utilization results and service details
- month-by-month utilization graphs
- book-of-business norms
- comparisons to the base reporting period
- demographic analysis
- life event (work/life) services and demographic analysis
- presenting issues profile
- assessment profile
- EAP resolution rate (percentage of cases closed because EAP services met participant needs)
- closed case analysis of resolution and referral types
- session frequency distribution and average number of sessions per unique client (applies to clients with face-to-face EAP session models)
- web utilization data, which includes the following:
  - time-of-day breakouts
  - top accessed areas
  - average minutes per session
  - average pages viewed per session
  - number of online authorizations for face-to-face counseling
- organizational services summary, which includes the following:
  - time-of-day breakouts
  - top accessed areas
  - average minutes per session
  - average pages viewed per session
  - number of online authorizations for face-to-face counseling

We post quarterly reports to a secure website by the 15th business day following the end of each reporting period. We also make available detailed employer service hour reports throughout the year (at no additional cost). In addition, the City's account management team will continue to meet with you on a mutually defined frequency to review program utilization and trends and to offer targeted recommendations and plan updates.

**126. What discounts are available to employees/dependents for childcare, elder care, financial planning and legal services?**

For child care, elder care, and other services, we provide up to three qualified referrals per request. We also provide searchable databases and resource links. Individuals can carefully compare the quality and cost of the various resources/referrals offered so that they can make an informed and cost-effective decision.

Please see below for additional discounts:

- **Financial Services** - Participants are entitled to a 25% discount on tax preparation services.

Attachment 13 – Questionnaire

- **Legal Services** - Participants using a legal network provider beyond the initial consultation are entitled to 25% off usual legal fees.
- **Online Savings Center** - Through our work/life partner, the savings center provides free membership to an online discount shopping club that offers savings up to 25% on hundreds of name-brand practical and luxury items from reputable retailers.
- **Healthy Rewards** – Members can access a variety of health and wellness products/services at up to 60% off. Products and services eligible for discounts include acupuncture, eye exams, fitness club memberships, hearing aids, LASIK, massage therapy, natural supplements, weight management and nutrition, QuitNet and Tobacco Solutions, and *Yoga Journal*.

**127. Provide the name and contact information for the Account Manager that would service the account.**

Lisa McDonald, Behavioral Account Executive

Office: 804.688.2522

Cell: 954.218.4172

Email: [lisa.mcdonald@cigna.com](mailto:lisa.mcdonald@cigna.com)

**128. Briefly describe your process for ensuring reasonable access for face to face assessment, evaluation, counseling, and referral for all City locations. Provide a list of any additional networks necessary for implementation that would allow all members access.**

To meet the varying needs of our members, we continually analyze, grow, and evolve our network - regarding its size, quality, accessibility, care modalities, satisfaction scores, and specialty provider recruitment initiatives. We regularly implement new, innovative approaches related to technology and digital advancements to ensure that we meet members where they are along the care continuum – regardless of their acuity level, presenting issue(s), location, age, gender, or ethnicity.

Our network solutions include the following:

- **Best-in-Class Coverage:** The City’s employees, their dependents, and household members will continue to have access to our national network of over 125,000 individual EAP providers. EAP providers are specially credentialed in various areas, such as short-term counseling, CISM, DOT/SAP services, and education. Additionally, we offer a crisis stabilization network, a virtual network, and a national fast access network, which guarantees timely access to provider appointments, same- or next-day callback, and coordination of care.
- **Quality of Care:** The quality of our network is as important as its size, which is why providers must meet our rigorous credentialing process to be accepted into our network. And, our EAP quality management program evaluates the quality of the care and services we provide by monitoring quality indicators and developing improvement actions if needed. When personal advocates answer calls live (24/7/365), we guide individuals to top-rated providers, including those in our fast access network. And, through our new Find a Provider appointment availability service, we assess callers’ personalized preferences and provide a curated list of suitable providers with confirmed availability – all within three business days.
- **Specialty Provider Initiatives:** We are continually implementing and enhancing specialty networks within the scope of our EAP solution. This includes the following:

**Attachment 13 – Questionnaire**

- providers with experience and training emergency responders (over 5,000 individual providers) – e.g., specializing in treating PTSD, grief/loss, suicidal ideations, and stressors related to reintegration
- healthcare professionals (e.g., physicians, surgeons, nurses, medical technicians (over 12,000 individual providers) – with clinical acumen regarding compassion fatigue, burnout, anxiety, and depression
- providers addressing racial and cultural concerns – network data reporting indicates the following growth: a 36% increase in providers who identify as BIPOC in the past two years; a 20% increase in providers with cultural/ethnic issues specialties in the past year; and a 10% increase in providers with LGBTQ+ clinical specialization in the past year)

Our internal provider relations and product teams work diligently to expand network access points; qualify providers based on outcomes of care, availability, and service metrics; introduce new and innovative service modalities; and reduce access barriers so that members can conveniently, confidentially, and efficiently access the support they need. As such, we achieve best-in-class health care provider and member satisfaction results from year to year.

**129. Describe your telephonic services for EAP counseling and support. Include the hours of operation and note if the initial assessment is counted toward the total number of sessions allowed per problem.**

Master's-level personal advocates answer calls related to EAP live – attending to individual's concerns and connecting them to resources. We are available 24/7/365 for both routine information/referrals and crisis triage support.

We employ the following key resources to help ensure one-stop solutions:

- If an individual needs assistance with scheduling a first-time routine appointment, a staff member contacts the individual within three business days with names of providers that have confirmed availability to match their specific needs. Individuals are given the most up-to-date provider contact information to schedule an appointment time that is most convenient for them.
- If one of our personal advocates assesses for and determines that risk of harm is imminent, a licensed clinician immediately intervenes. In emergencies, we refer to the nearest local health care provider for assessment for potential admission. We stay involved until the individual has begun receiving care.
- If individuals request assistance by phone, our master's-level, telephonic EAP consultants (licensed clinicians) help callers identify and assess their problem(s), problem solve, discuss and develop a plan of action, and/or make referrals to other clinical or community resources. Consultation by phone allows immediate, 24/7 access to a provider for non-crisis issues.

Initial assessments provided by our personal advocates, in addition to telephonic consultations with our licensed clinicians, do not count toward the available number of sessions per issue. Typically, when participants are connected to a network provider, the provider will “assess” the presenting need(s) of the individual as part of their overall treatment approach. The assessment, which often takes place during the first one or two sessions, is the initial step toward determining how to best use these sessions to help individuals identify specific problems, figure out how to best manage these

issues, and take steps toward resolving them by setting realistic goals. The EAP provider and the individual work together to develop a preliminary plan of action or list of appropriate solutions based on the assessment and mutually agreed-upon goals.

**130. Describe the referral process beginning with the employee/dependent’s first contact with your EAP program through termination of EAP services. Is the employee/dependent responsible for making initial contact with a local provider?**

We offer individuals seeking clinical advice an initial assessment with a qualified network EAP provider. Providers offer services in-person, virtually, and digitally (e.g., text-therapy via Talkspace). For first-time appointments, we offer our Find a Provider service, whereby personal advocates create curated lists of available, qualified providers based off of the participant's customized needs, such as location, specialty, ages treated, gender, and ethnicity (if disclosed). Participants then contact the provider to schedule an appointment to ensure mutually convenient timing.

During the visit, the EAP provider conducts an in-person or virtual assessment with the individual, which typically requires one to three visits. During these sessions, the provider determines the nature of the problem and possible plans of action. The individual's family and friends may be included in this process. The EAP provider and the individual work together to develop a preliminary plan of action or list of appropriate solutions based on the assessment and mutually agreed-upon goals. These solutions may include continued treatment or referrals to a specialist, community program, or other types of intervention.

Individuals who prefers assistance by phone receive immediate help from telephonic EAP consultants (master's-level licensed therapists). Telephonic EAP consultants help callers identify and assess their concerns, problem solve, and develop a plan of action. They may also provide referrals for face-to-face counseling or other clinical or community resources. Telephonic consultations are available on an unlimited basis and do not count toward the available number of sessions per issue.

**Referral** - If an assessment results in a recommendation for additional treatment beyond the scope of EAP, we can refer to an extensive and broad spectrum of MHSUD services. This can occur in instances where a participant would benefit from medication management or more intensive therapy beyond lower acuity day-to-day concerns. The individual and the EAP provider work together to identify an appropriate behavioral health provider based upon customized clinical needs and personal preferences. Since our EAP network is a subset of our overall Cigna behavioral health network, referrals are seamless.

If the provider (or telephonic EAP consultant) determines that there is a need for community resources outside of the clinical services provided, we make referrals to agencies such as the National Alliance for Mental Illness (NAMI), Autism Speaks, ALANON, or Narcotics Anonymous. If there are social determinant of health needs, we connect the individual with community-based and/or work/life resources. For Cigna medical/behavioral members, we can refer the individual into our Community Support Program, whereby case managers assess the member's needs and connect them to local resources for food, housing, financial assistance, and other support.

**Follow-Up** - Follow-up is an important component of our EAP. We contact a random but statistically valid sample of individuals within 45 days after the referral is given. We ask these individuals if they are satisfied with the services they have received thus far and address any additional concerns or situations. Survey responses are anonymous; we adhere to strict confidentiality measures. Follow-up

also occurs for cases in which individuals fail to attend scheduled appointments. Providers contact these individuals to determine whether services are still required and to reschedule, if appropriate. We also initiate follow-up on 100% of cases involving management and/or continuation-of-employment referrals. Furthermore, we follow-up on all cases involving CISM services and/or crisis cases.

**131. What is the average wait time for face-to-face counseling sessions and/or assessments?**

Our contractual standard states that we must find the participant an appointment with a provider within two business days of the initial call or by employee request; however, in urgent situations, we can triage the member to a telephonic EAP consultant who can offer same-day support.

**132. Under what circumstances are more intensive services recommended for the employee/dependent?**

In order to make an appropriate referral into EAP, behavioral health, or other health care services, we determine the level of care a person needs during the initial call. We proceed with EAP services for issues that are situational, non-chronic, and resolvable in assessment and referral. If the problem has a deep-rooted history, is medically complicated, involves medication, or has other specific symptoms that show that an immediate or a specific treatment is required (e.g., they are a danger to themselves or others; has a known history of serious and persistent mental illness; or exhibits psychosis), we bypass the general EAP assessment and refer the person directly to their behavioral health or other health care coverage.

**133. Describe the referral process if additional or alternative services are required and any associated costs.**

As the inforce carrier, we have established transition and referral protocols with the City's external vendors. Your plan information is loaded into our systems, and personal advocates familiarize themselves with your program. Should an employee contact us requesting support outside the scope of our EAP, they are provided with appropriate contact information or warm-transferred to other health care services. Your account management team works collaboratively with you to construct workflows for coordination with your external health plan services.

We can develop referral protocols with third-party vendors of all kinds: medical/behavioral health, wellness, disability, disease management vendors, and more – at no additional cost to the City. It is our goal to seamlessly guide members to the care that they need, even if it is outside the scope of our services.

**134. What capabilities do you have to refer to mental health providers that are in the City's health plan network? required to refer in network, what systems are in place.**

We encourage your employees to proactively outreach to their medical and behavioral providers to ensure the EAP provider they select is in-network. This ensures that the employee does not have to

Attachment 13 – Questionnaire

retell his or her health history should the employee need to utilize behavioral health benefits when EAP sessions finalize.

Additionally, we request that your employees bring information about their plan with them to their first EAP provider visit. This enables the provider to make referrals based on that information. In addition, personal advocates remind EAP providers to familiarize themselves with the behavioral health plan.

During the visit, if it is determined that an employee requires additional services beyond the EAP, the EAP provider contacts us for a referral to a health care provider for further care. At that time, a case manager is assigned to facilitate access to an appropriate provider and manage the ongoing care of the employee.

**135. Please specify the number of Masters-level (LMFT, LMHC, LCSW) clinicians and psychologists (Ph.D., Psy.D.) available in your network by county (Broward, Miami-Dade, Palm Beach).**

Please refer to the below table.

	Broward	Miami-Dade	Palm Beach
<b>Masters-level Clinician</b>	758	825	696
<b>Psychologists</b>	229	202	122

			trainings, and other onsite (or virtual) meetings/employer services throughout the year. Your account manager will work with you to determine the ideal timing for these events throughout the year to maximize awareness, engagement, and utilization of the program.
140.	<p><b>Do you agree to incorporate administration of the City's current benefits including but not limited to the following services?</b></p> <p><b>a. Short-term counseling for 10 sessions per problem per year, with no maximum on the number of problems.</b></p>	Yes	We agree to continue providing our 1-10 EAP visit model. Sessions are available per presenting issue, per participant, per year.
	<p><b>b. Referrals to community resources and appropriate mental health providers when continued and/or more intensive mental health services are required.</b></p>	Yes	Referrals into our behavioral health network are seamless, as our EAP network is a specialty subset of our overall MHSUD network.
	<p><b>c. 24/7 access to telephonic and online services.</b></p>	Yes	We are the only carrier to provide 24/7 access for both routine information/referrals and crisis triage support.
	<p><b>d. Unlimited telephonic management consultation.</b></p>	Yes	

Attachment 13 – Questionnaire

	<b>e. Financial and legal information.</b>	Yes	
	<b>f. Employee training and informational seminars (onsite and/or web-based).</b>	Yes	
	<b>g. Utilization reporting on both a quarterly and annual basis.</b>	Yes	
	<b>h. Promotional and communication materials.</b>	Yes	
141.	<b>Do you offer confidential video EAP sessions (web-based)? Please describe.</b>	Yes	EAP sessions may be accessed virtually (video-based) through our network of virtual providers. Additionally, participants can access services via Talkspace (video-based therapy and text-therapy). Talkspace is contracted within our EAP network as a digital provider, so there are no additional fees to access these services. Regarding text-message capabilities, one week of texts equate to one session per issue, regardless of how many texts were send.

Attachment 13 – Questionnaire

142.	<p><b>Is there a maximum number of problem areas that can be addressed within a 12-month period?</b></p>	No	<p>We do not limit the number of presenting issues that an individual may seek treatment/support for. If the individual is continually seeking treatment for the same issue, we may work with the member to discuss alternatives to ensure that they are accessing the level of care needed – for example, if that member may benefit from higher acuity behavioral health care, we will work with them to provide referrals into their behavioral health benefits.</p>
143.	<p><b>Do you have the ability to provide on- site EAP counseling? If so, please describe the frequency of visits, requirements and any additional costs.</b></p>	Yes	<p>Our hourly fee for onsite EAP provider counseling services typically ranges from \$75.00 to \$90.00 per hour. This depends on the contracted provider fee for each location where onsite EAP services are offered. (Please note that employer service hours cannot be utilized for EAP counseling, as these are network providers who are paid based on fee schedules.) We will work with the City to determine the ideal frequency/timing for the provision of onsite provider services.</p>

**EAP MANAGEMENT SERVICES**

**144. Describe your process for receiving and addressing management/supervisor referrals.**

Mandatory and management referrals are both available for the City's managers. A mandatory referral of an employee involves job jeopardy and may be precipitated by a positive drug screen or other corporate policy violation. Management referrals result from managerial concern about an

**Attachment 13 – Questionnaire**

employee's job performance. For either situation, managers may call our toll-free number to consult or to schedule an assessment for an employee. Our employee assistance consultants are trained to assist the City's managers in determining the best course of action. The employee assistance consultant may also suggest interventions in addition to or in lieu of the management referral.

The management referral process typically occurs in the following manner:

- A manager calls our toll-free number to state that he or she wants to make a management referral or has identified a job performance problem.
- The employee assistance consultant provides consultation services to the manager and gathers information on the situation; the management referral case is opened.
- The employee assistance consultant coordinates with the referring manager to obtain an appropriate management referral release of information from the employee; this must occur before we can share information.
- The manager reviews job performance issues with the employee and encourages him or her to call the EAP to access services.
- The employee contacts the EAP as requested by the manager and is registered; the employee is referred to an EAP provider.
- The employee assistance consultant contacts the EAP provider and reviews the management referral/job performance issues.
- The employee calls the EAP provider's office and schedules an appointment.
- The EAP provider conducts a face-to-face assessment to evaluate the employee's job performance issues and/or personal problems.
- The EAP provider contacts the employee assistance consultant at the completion of the assessment process to review the information obtained (before making any clinical recommendations to the employee).
- The EAP provider works with the employee to develop an action plan or other recommendations.
- After reviewing the case with the employee assistance consultant, the EAP provider facilitates a referral. MHSUD referrals are coordinated based on the employee's coverage.
- The EAP provider contacts the employee for follow-up to determine compliance with the referral recommendation and/or to assess status.
- If a release of confidential information is obtained, the employee assistance consultant contacts the manager to report compliance with the EAP assessment and referral recommendations.
- The EAP provider contacts the employee assistance consultant to close the case.
- The employee assistance consultant continues to provide consultation to the manager as long as needed to ensure job-performance resolution.
- The management referral case is closed when the manager decides no further consultation is needed.

In the case of a continuation-of-employment referral, the above steps also apply. If additional follow-up beyond the EAP is required, the EAP provider works with the employee and the treating health care provider to ensure requirements are met.

**145. What information, if any, is disclosed to the employer in conjunction with a management referral?**

**Attachment 13 – Questionnaire**

If a release of confidential information is obtained, the employee assistance consultant contacts the manager to report compliance with the EAP assessment and referral recommendations.

**146. Are management services provided face-to-face, telephonic or both?**

Both. Management services include the following:

- unlimited telephonic assistance, coaching, and consultative support for managers and HR professionals, available 24 hours a day, 7 days a week, 365 days a year
- an online EAP Resources for Managers and Organizations microsite
- onsite or virtual orientations that provide a detailed overview of our overall EAP services, including management consultations and mandatory referrals as well as a question-and-answer session
- management trainings (in-person or virtually) via seminars, group discussions, and online resources
- management/mandatory referrals for significant job-performance concerns/job jeopardy resulting from a positive drug screen or other corporate policy violation
- quarterly reporting on utilization, intervention, and referral outcomes, in addition to access to our online reporting dashboard
- in-person or virtual meetings with the account management team to discuss utilization trends and offer targeted recommendations for increased engagement
- manager-centric communication materials, including a manager's guide that provides a comprehensive introduction and overview of the services provided, how to initiate/coordinate manager/mandatory referrals and CISM services, and how to increase employee awareness/engagement

**147. Describe the consultation and counseling services provided in the event of a critical incident. Include information regarding any session and/or maximums per incident and any additional fees that may apply.**

CISM services are available 24 hours a day, 7 days a week, 365 days a year for any situation that causes workplace trauma. Services are provided internally and are not subcontracted to outside vendors. By debiting your annual bank of employer service hours, the City can utilize CISM services as necessary throughout the year.

Requests for CISM services receive the highest priority and are immediately taken by an employee assistance consultant (licensed clinician). They speak with a City representative to determine the nature of the event and the needed resources for stress management. One key differentiator is that our program allows clients to define what qualifies as a critical incident - we do not have a predetermined set of definitions that must be met for access.

Providers from our national EAP network subset who are specifically trained in CISM protocols arrive at the onsite location (if onsite support is determined to be the best approach). A member of our CISM team arrives at a mutually agreed upon time, which can be as soon as the day of the incident.

We further stand apart by only debiting employer service hours against the actual time spent onsite. We do not charge for extra administrative costs, preparation time, or provider travel time. Further, if

**Attachment 13 – Questionnaire**

the critical incident requires the provider to stay overnight in a hotel, we do not charge the client for these additional costs.

We offer a broad spectrum of CISM services, including the following:

- needs assessment
- consultation with management
- critical incident diffusing/stress debriefing
- onsite services
- debriefings within an agreed-upon time, usually 24–72 hours
- follow-up with employer and site contacts to monitor recovery and assess need for additional services
- individual EAP sessions as needed for significantly affected employees
- organizational recovery consultations
- educational workshops (e.g., grief, loss, coping with changes, family/children's reactions to critical incidents)
- community resource and/or treatment referrals

Employee assistance consultants complete a follow-up call to both the manager and the EAP provider following the CISM services.

Providers from our national EAP network subset who are specifically trained in CISM protocols arrive at the onsite location (if onsite support is determined to be the best approach). A member of our CISM team arrives at a mutually agreed upon time, which can be as soon as the day of the incident.

CISM services are provided at no cost through the annually allocated bank of employer service hours included in the City's contract. Should additional hours be needed, we can make arrangements on a fee-for-service basis.

**148. What capabilities do you have to provide seminars on the following topics and indicate if they are on-site, web-based or both. Specify any additional fees that apply.**

**a. Management/Supervisor Training**

We have an extensive listing of management/supervisory trainings that we offer both onsite or virtually. Goals include addressing issues such as employee performance, workplace concerns, promoting teamwork, and stress management. Management trainings can be used to promote skill-building and development for managers. Management trainings, which are 60–90 minutes, include interactive presentations and group discussions; select seminars are offered in a workshop format. These two-hour trainings offer more in-depth, hands-on exploration of a topic. Management trainings are also delivered via the EAP National Wellness Webcast portal (delivered at no cost; the use of employer service hours are not required for national webcasts). These may be viewed live or as on-demand replays. Please refer to the *EAP Wellness Seminars and Management Trainings Catalog\_2022* exhibit for a complete listing of our trainings.

**b. Personal Development Workshops**

We offer a wide variety of seminars on family matters, personal development, stress management, workplace issues, emotional well-being, mindfulness, and wellness. EAP seminars include a combination of lecture, discussion, experiential exercises, and handouts.

The seminars can be delivered in person at a client's site or presented virtually via webinar. Virtual presentations are hosted using the client's technology/platform. The Employer Service Coordinator works with the client to maximize virtual delivery, including vetting and using presenters well-versed in webcast technology and virtual presentations.

Wellness seminars typically last 60 minutes. We also offer 30-minute trainings and two-hour workshops (specified in the catalog). Seminars can be conducted during lunch or at another time convenient for your employees.

### c. Legal Guidance

We coordinate legal providers to provide standard or tailored seminars on topics of interest. Tailored seminars are existing topics that can be adapted to meet specific client needs for content or delivery method. Delivery can be via an onsite presentation or a WebEx teleconference.

Standard legal seminars include the following:

- fundamentals of estate planning (e.g., wills, trusts, powers of attorney, probate)
- legal and financial concerns of senior citizens (e.g., asset protection, conservatorships, Medicaid, powers of attorney, senior citizen abuse)
- powers of attorney (health and financial) and living wills (advanced directives)
- overview of financing long-term care (e.g., reposition assets, gifting, long-term care insurance)
- overview of family law matters (e.g., dissolution, custody, child support, spousal support)
- mediation and arbitration to resolve disagreements (e.g., interoffice conflicts, civil matters, domestic and parenting issues, diversity issues, senior care, harassment)

Pricing depends on the delivery method and level of customization required. We can provide details on pricing once the City's needs have been identified. Employer service hours are not eligible to be utilized for legal seminars/presentations as these are delivered by contracted network providers.

### d. Financial Planning

Similarly, we coordinate financial providers to provide standard or tailored seminars on topics of interest. Tailored seminars are existing topics that can be adapted to meet specific client needs for content or delivery method. Delivery can be via an onsite presentation or a WebEx teleconference.

Standard financial presentations include the following

- financial seminars - onsite
  - retirement planning
  - college funding
  - rollovers
  - tax strategies/planning
  - asset allocation
  - investment fundamentals
  - financial planning
  - basics of money management
- financial seminars - virtual/webinar

Attachment 13 – Questionnaire

- budgeting
- rebuilding credit
- understanding a credit report
- planning for college
- preparing for a home purchase
- buying a car
- preparing for a layoff

Pricing depends on the delivery method and level of customization required. We can provide details on pricing once the City's needs have been identified. Employer service hours are not eligible to be utilized for financial seminars/presentations as these are delivered by contracted network providers.

We also offer no-cost EAP national webcasts related to financial care. For example, the webcast “Financial Setback? Regroup and Rebuild” offers ways to better manage finances and navigate the pathway to financial security.

**e. Parenting, Child & Elder Care**

Our no-cost EAP national wellness webcasts focus on a variety of family-centric topics, concerns, and strategies for conflict resolution and well-being. This includes:

- **Stress and Your Child** - learn how to build your child’s resilience and give them the tools to tame stress
- **Navigating Eldercare: A Compass for Caregivers** - review key concerns in navigating various caregiving decisions and challenges; receive tips for obtaining resources while reducing stress and anxiety

We also offer wellness seminars and trainings offered at no-cost via use of your employer service hours. These seminars include:

- Strategies for Caregiving Challenges
- Work and Personal Life: The Balancing Act
- Helping Children Cope with Traumatic Events
- Keeping Up with the Kids
- Life as a Single Parent
- Navigating Back-to-School Challenges
- Family Life: The Juggling Act
- Family Conflict: Keeping the Peace
- Stress and Your Child
- New Parents: Off to a Good Start

Please refer to the “Family Matters” section (page 17-18) of the *EAP Wellness Seminars and Management Trainings Catalog\_2022* exhibit for additional seminars.

**f. Other Life Management Coaching**

We offer monthly one-hour webinars on work/life topics. Prior webinars include the Mind-Body Connection, Financial Fitness, Estate Planning, Disrupting Negative Thoughts, Communication Skills for Collaboration, Strategies for Multigenerational Caregiving, and Coping with Change.

**Response to Section 5.29 Acknowledgement of Compliance**City of Fort Lauderdale  
12698-525**5.29 Acknowledgement of Compliance or Non-Compliance**

**Provide a summary of any RFP specifications, requirement, terms, conditions, and provisions that the Proposer will not conform to. This summary should include a justification and an alternative to the Section(s) that are not acceptable. If the proposal is being submitted is in compliance with all RFP specifications, requirements, terms, conditions, and provisions the Proposer should acknowledge compliance to all Sections. Label this Response to Section 5.29 and include in Tab V of the proposal.**

Cigna acknowledges compliance to all sections.

### ADDENDUM NO. 3

RFP No. 12698-525

Single Source Third Party Administrator, Pharmacy & Employee Assistance

ISSUED: June 16, 2022

This addendum is being issued to make the following changes:

1. Section II - Special Terms and Conditions, 2.9 "Payment Method" is hereby revised as follows. In the revised section, words in strike-through type are deletions from text; words in bold underline are additions to existing text:

**2.9 Payment Method**

~~Payment on this Contract will be made by check.~~ **The City of Fort Lauderdale has implemented a Procurement Card (P-Card) program which changes how payments are remitted to its vendors. The City has transitioned from traditional paper checks to payment by credit card via MasterCard or Visa. This allows you as a vendor of the City of Fort Lauderdale to receive your payment fast and safely. No more waiting for checks to be printed and mailed. Payments will be made utilizing the City's P-Card (MasterCard or Visa). Accordingly, firms must presently have the ability to accept credit card payment or take whatever steps necessary to implement acceptance of a credit card before the commencement of a contract. See Contract Payment Method form attached.**

2. The following form is hereby added to this solicitation and shall be required as part of the vendor response:
  - a. Contract Payment Method P-Card Form 06-27-19
3. The following documents are added to this solicitation review purposes:
  - a. Attachment 5 – "Specific Provider Network" is hereby converted from PDF format to Excel format.
  - b. Attachment 11 – "High Cost Medications" is hereby converted from a from PDF format to Excel format.
  - c. Attachment 12 – "Highly Utilized Medications" is hereby converted from PDF format to Excel format.

## ADDENDUM NO. 4

RFP No. 12698-525

Single Source Third Party Administrator, Pharmacy & Employee Assistance

ISSUED: June 17, 2022

This addendum is being issued to make the following changes:

1. Section V – SUBMITTAL REQUIREMENTS, 5.11 through 5.28 are hereby revised as follows. In the revised section, words in strike-through type are deletions from text; words in bold underline are additions to existing text:

**5.11 Provider Directories**

Proposers must provide a copy of the proposed provider network directories. ~~on USB flash drive or approved alternative.~~  
Label the directories Response to Section ~~5.12~~ **5.11** and include in Tab VII of the proposal.

**5.12 Prescription Drug Formulary**

Proposers must provide a copy of their current drug formulary. In addition, proposers must complete the attached form (Attachment 11), **highly utilized, high cost medications**, included in Section 8 of this document, indicating your company's formulary tier for each medication and noting if prior authorization of step therapy is required. Label this Response to section ~~5.13~~ **5.12** and include in Tab VII of the proposal.

**5.13 Questionnaire**

Proposers must respond to the questionnaire (see Attachment 13). These responses must be placed in Tab IV of the proposal.

**5.14 Grievance and Appeal Process**

Proposers must provide a description of the grievance and appeal procedure to be conducted on behalf of the City's health plan. Label this information Response to Section ~~5.15~~ **5.14** and include in Tab VII of the proposal.

**5.15 Audited Financial Statement and/or Annual Report**

Proposers must furnish their most recent independently audited financial statement and/or 2021 Annual Report (or most current). Label this Response to Section ~~5.16~~ **5.15** and include in Tab VII of the proposal.

City of Fort Lauderdale • Procurement Services Division  
100 N. Andrews Avenue, 619 • Fort Lauderdale, Florida 33301  
954-828-5933 Fax 954-828-5576  
[purchase@fortlauderdale.gov](mailto:purchase@fortlauderdale.gov)

**5.16 Service Organization Controls**

The Proposer shall provide a current SSAE 19, SOC 2, Type I report with their proposal. Awarded Proposer will be required to provide an SSAE 19, SOC 2, Type II report annually during the term of this contract. If the Proposer cannot provide the SSAE 19, SOC 2, Type I report at the time of proposal submittal, a current SOC 3 report will be accepted.

**5.17 Incorporation/Licensing**

Proposers must provide proof of State of Incorporation and State in which licensed. Label this information Response to ~~5.18~~ **5.17** and include in Tab VII of the proposal.

**5.18 Authorization to Provide Services**

Proposers must provide certification from the appropriate State offices that the firm is authorized to provide the services contracted in this proposal. Label this information Response to Section ~~5.19~~ **5.18** and include in Tab VII of the proposal.

**5.19 References**

Proposers must provide a list of current group TPA clients including three (3) government entities with more than 1,000 covered employees (preferably with as many or more employees that the City of Fort Lauderdale). In addition, provide references for two (2) EAP clients. Also include references for two (2) accounts that have terminated services within the past 24 months. Include names of persons and phone numbers who may be contacted for references. A reference form (Attachment 6) is included in Section 8 of this document. The completed form(s) should be placed in Tab VI of the proposal.

**5.20 Information Regarding the Company**

In order to evaluate the ability of the Proposer to perform the services requested, information about each firm must be provided to determine the firm's ability to meet all of the requirements as stated in this RFP. Provide a brief summary of the corporate/company history of the firm which should include the number of years the firm has administered self-funded group health plans in Florida (minimum of five (5) years required). Label this response to ~~5.24~~ **5.20** and include in Tab VII of the proposal.

**5.21 Statement of Minimum Qualification**

Proposer must provide documentation of minimum qualifications as outlined in Section 2.17 (Minimum Qualifications of Proposer) of this document. Label this information Response to Section ~~5.22~~ **5.21** in Tab VII of the proposal.

City of Fort Lauderdale • Procurement Services Division  
100 N. Andrews Avenue, 619 • Fort Lauderdale, Florida 33301  
954-828-5933 Fax 954-828-5576  
[purchase@fortlauderdale.gov](mailto:purchase@fortlauderdale.gov)

### **5.22 Proposal ASO & PBM Agreement**

Proposer must include any and all proposed sample agreements, that may be requested to be executed by the City under the proposed plans, or your RFP response may be deemed non-responsive. Label this information Response to Section ~~5.23~~ **5.22** and include proposed contract in Tab VII of the proposal.

### **5.23 Additional Agreements**

Proposers must include a sample of any additional administrative agreements they may require (A proposed banking agreement is attached in Exhibit 9). Any provisions contained in the agreements that conflict with the City's requirements and/or the response to the RFP will be deemed null and void. Label this Response to Section ~~5.24~~ **5.23** and include in Tab VII of the proposal.

### **5.24 Service Performance Guarantees**

Proposers must agree to the service performance agreement allowing for liquidated damages for non-conformance to identified standards and the details for this agreement including liquidated damages as noted in Section 4.12. Provide the company's understanding and acceptance of these terms, label this Response to Section ~~5.25~~ **5.24** and include in Tab VII of the proposal.

### **5.25 Utilization Review**

Provide a brief description of each utilization review component outlined below. This should include a description of services, an explanation of how they work, time frame, and turn-around time. If the UR program does not include one of the components, please provide a statement to this effect.

- A. Pre-admission authorization
- B. Continued stay review
- C. Retrospective utilization review
- D. Discharge planning
- E. Outpatient utilization review
- F. Medical case management
- G. Psychiatry/substance abuse review
- H. Diagnostic X-ray and lab/advanced imaging authorizations
- I. Surgical procedure authorization
- J. Physical Therapy medical necessity determination

Label this information Response to Section ~~5.26~~ **5.25** and include on Tab VII of the proposal.

City of Fort Lauderdale • Procurement Services Division  
100 N. Andrews Avenue, 619 • Fort Lauderdale, Florida 33301  
954-828-5933 Fax 954-828-5576  
[purchase@fortlauderdale.gov](mailto:purchase@fortlauderdale.gov)

### **5.26 Disease Management/Health Promotion**

Proposer must provide a description of all disease management programs that will be offered as part of this proposal and any associated costs for this program. This information should include:

- Specific services and interventions of the program
- Staffing resources as well as frequency and availability of these services
- Description of the approach to managing each of these disease states
- Description of the enrollment process for the disease management program
- Descriptions of any incentives your company uses to encourage participation in the programs
- Description of the type and frequency of reporting the company uses to track, analyze, and assess disease management program cost savings

Label this information Response to Section ~~5.27~~ **5.26** and include in Tab VII of the proposal.

### **5.27 Organ Transplants, Alternative Medicines**

Proposer must provide a description of current practices regarding organ transplants, alternative medicines, investigative drugs, new medical devices and procedures. Include a list of the Company's Centers of Excellence that describes the procedures available at each Center. Also, provide information about the experimental procedures that will not be covered. Label this Response to Section ~~5.28~~ **5.27** and include in Tab VII of the proposal.

### **5.28 Acknowledgement of Compliance or Non-Compliance**

Provide a summary of any RFP specifications, requirement, terms, conditions, and provisions that the Proposer will not conform to. This summary should include a justification and an alternative to the Section(s) that are not acceptable. If the proposal is being submitted is in compliance with all RFP specifications, requirements, terms, conditions, and provisions the Proposer should acknowledge compliance to all Sections. Label this Response to Section ~~5.29~~ **5.28** and include in Tab V of the proposal.
