**RE: Special Event Application for Seaglass - The Fort Lauderdale Rosé Experience**

Dear Britany:

On behalf of Seaglass Group, LLC, please find attached the Special Event Application and Site Plan for Seaglass - The Fort Lauderdale Rosé Experience ("SEAGLASS").

SEAGLASS is a one-of-its-kind event, offering guests an immersive 3-day event featuring rosé's from around the world, paired with cuisine by celebrity chefs, with the Fort Lauderdale Beach as its backdrop. Proceeds from each SEAGLASS event go towards cancer research via AutoNation's DRV PNK initiative. SEAGLASS organizers help mitigate the event's impact on the environment by working with environmentally conscious vendors, suppliers, and sponsors to support the environmental clean-up and ocean conservation. Launched in 2020, SEAGLASS is committed to raising awareness to these issues by bringing wine and food enthusiasts together at this annual event.
