Dear Property Owners:

You have received previous correspondence from the Florida Department of Transportation (Department) regarding the above referenced License. This letter is a reminder that the Department wishes to seek a License from you. Such License will temporarily allow the Department to enter upon said property solely for the purpose of restoration. The restoration consists of tying in and harmonizing a privately held property with the adjacent State owned right of way. A definition of the License is provided below.

This document constitutes only a license, or permission for the Department of Transportation (Department) to enter upon the property of the owner for a specific, temporary, and limited purpose. No property right is created in the Department, only very minor legal rights are provided to the Department, and only to the extent provided in the instrument. Compensation to the property owner is in the form of NONMONETARY BENEFITS obtained from having the improvement in place.

If you have any questions, please feel free to contact me at (954) 777-4238 or email at Daniel.Marwood@dot.state.fl.us.

Sincerely,

Dan Marwood
