30 lump sum BAC-DROP distribution under section 20-129(b)(1.2)e.,

The written election shall be on forms promulgated by the Board. Failure to file such written election on or before March 1, 2003 shall result in the Member's disability being treated as a Local Law/Service Incurred Disability as amended by Ordinance No. C-02-34. In the event the Member timely elects to continue to receive the disability benefits under Section 20-129(c)(1) as if Section 20-129(c)(1) had not been amended by Ordinance No. C-02-34, then the Member's contributions and accrual of Creditable Service during the period of disability shall be governed by the provisions of the Plan as if Sections 20-129(c)(1) and 20-130 had not been amended by Ordinance No. C-02-34.

In the event of death prior to recovery from disability, then to the extent the Member has not been paid the minimum monthly disability Retirement income payable under § 175.191, Florida Statutes for Firefighters or § 185.18, Florida Statutes for Police Officers, then any minimum monthly disability Retirement income due under § 175.191 or § 185.18, Florida Statutes after the death of the Member, shall be paid to the Member's designated Beneficiary or Beneficiaries. Survivors benefits shall be paid as specified in subsection (b)(2) of this section.

If the Board finds that a Member who is receiving a Local Law/Service Incurred Disability Retirement benefit is no longer disabled, as provided in this subsection (c)(1), the Board shall direct that the Local Law/Service Incurred Disability Retirement benefit be discontinued. "Recovery from disability" as used in this subsection (c)(1) means the Member has regained the ability to render regular and continuous duty as a Firefighter or Police Officer, or other duty or duties available

1 through the fire department or police department respectively and which duty or
 2 duties can be performed by such Firefighter or Police Officer. If the Member
 3 recovers from disability and reenters the Service as a Firefighter or Police Officer,
 4 Service will be deemed continuous. In the event of recovery from disability prior to
 5 death, Creditable Service occurring during the period of disability shall be granted
 6 for purposes of subsequent Retirement benefits upon payment of contributions
 7 and interest in accordance with the provisions of section 20-130(a). Pursuant to
 8 section 29-129(a)(2) eligibility to elect between earlier or later Normal Retirement
 9 Benefits has been extended to certain Members.

- 10
 11 (2) Local Law/Non-Service Incurred Disability Retirement. Any Member who receives
 12 a nonservice incurred injury, illness, disease or disability as determined by the
 13 Board, and which injury, illness, disease or disability permanently incapacitates
 14 him physically or mentally from his regular and continuous duty as a Firefighter or
 15 Police Officer or any other gainful employment, shall receive monthly nonservice
 16 disability benefits from the Fund as hereinafter set forth. This benefit shall be
 17 known as the "Local Law/Non-Service Incurred Disability Retirement." Such
 18 Member shall receive such Local Law/Non-Service Incurred Disability Retirement
 19 benefits in equal monthly installments in an amount equal to fifty (50) percent of
 20 his Earnings at the time such disability was suffered which date shall be
 21 determined by the Board. To the extent permitted by law, Local Law/Non-Service
 22 Incurred Disability Retirement benefits payable from the Plan shall be reduced by
 23 any amounts paid or payable by reason of workers' compensation and federal
 24 Social Security (participant's PIA); provided, however, in the case of any Member
 25 who receives Local Law/Non-service Incurred Disability Retirement benefits who
 26 also receives earned income during such period of disability, the amount payable
 27 from the Fund plus workers' compensation, Social Security (PIA) and such earned
 28 income cannot exceed seventy-five (75) percent of his Earnings in effect at the
 29 date of disability. To the extent that the Plan benefit plus workers' compensation,
 30 Social Security (PIA) and such earned income exceeds seventy-five (75) percent
 31 of the Member's Earnings as of the date of disability, the amount payable from the
 32 Fund shall be reduced to the extent such reductions are permitted by law, so that
 33 the total of the foregoing amounts shall not exceed seventy-five (75) percent of
 34 such Member's Earnings in effect at the date of disability. The Local Law/Non-
 35 service incurred disability Retirement benefit shall commence ninety (90) calendar
 36 days subsequent to the date of disability and shall be payable until the earlier of
 37 death or recovery from disability. Local Law/Non-Service Incurred Disability
 38 Retirement benefits under this subsection (c)(2) will not be converted to normal

1 Retirement benefits upon attainment of the Member's Normal Retirement Date for
2 any Member:

- 3
- 4 i. Who as of November 29, 2002 has a non-service incurred disability under
5 this subsection (c)(2), as determined by the Board, and who has not
6 attained his Normal Retirement Date on or before November 29, 2002; or
7
- 8 ii. Who is determined by the Board to have a non-service incurred disability
9 under this subsection (c)(2) on or after November 29, 2002.

10

11 However, a Member who meets the criteria of Section 20-129(c)(2)i., above, may
12 elect to continue to receive disability benefits under Section 20-129(c)(2) as if
13 Section 20-129(c)(2) had not been amended by Ordinance No. C-02-34, provided
14 the Member files such written election with the Office of the Retirement System on
15 or before March 1, 2003. The written election shall be on forms promulgated by
16 the Board. Failure to file such written election on or before March 1, 2003 shall
17 result in the Member's disability being treated as a Local Law/Non-Service
18 Incurred Disability as amended by Ordinance No. C-02-34. In the event the
19 Member timely elects to continue to receive the disability benefits under Section
20 20-129(c)(2) as if Section 20-129(c)(2) had not been amended by Ordinance No.
21 C-02-34, then the Member's contributions and accrual of Creditable Service during
22 the period of disability shall be governed by the provisions of the Plan as if
23 Sections 20-129(c)(2) and 20-130 had not been amended by Ordinance No. C-02-
24 34.

25

26 In the event of death prior to recovery, then to the extent the Member has not been
27 paid the minimum monthly disability Retirement income payable under § 175.191,
28 Florida Statutes for Firefighters or § 185.18, Florida Statutes for Police Officers,
29 then any minimum monthly disability Retirement income due under § 175.191 or §
30 185.18, Florida Statutes after the death of the Member, shall be paid to the
31 Member's designated Beneficiary or Beneficiaries.

32

33 If the Board finds that a Member who is receiving a Local Law/Non-Service
34 Incurred Disability Retirement benefit is no longer disabled, as provided in this
35 subsection (c)(2), the Board shall direct that the Local Law/Service Incurred
36 Disability Retirement benefit be discontinued. "Recovery from disability" as used in
37 this subsection (c)(1) means the Member has regained the ability to render regular
38 and continuous duty as a Firefighter or Police Officer, or any other gainful

1 employment. If the Member recovers from disability and reenters the Service as a
 2 Firefighter or Police Officer, Service will be deemed continuous. In the event of
 3 recovery from disability prior to death, Creditable Service occurring during the
 4 period of disability shall be granted for purposes of subsequent Retirement
 5 benefits upon payment of contributions and interest in accordance with the
 6 provisions of section 20-130(a). Pursuant to section 29-129(a)(2) eligibility to elect
 7 between earlier or later Normal Retirement Benefits has been extended to certain
 8 Members.

9
 10 (3) Chapter 175/185 Disability Retirements. In lieu of the Service incurred disability
 11 provisions set forth in section 20-129(c)(1) above and in lieu of the nonservice
 12 incurred disability provisions set forth in section 20-129(c)(2) above, a Member
 13 may elect to have his or her application for a Service or nonservice incurred
 14 disability administered pursuant to the terms of this subsection respecting Chapter
 15 175/185 Disability Retirements in accordance with the following subsections a.
 16 through i.

17
 18 a. A Member having ten (10) or more years of Credited Service, or a Member
 19 who becomes totally and permanently disabled in the line of duty,

 21 or she becomes totally and permanently disabled as defined in subsection
 22 b. below, by reason of any cause other than a cause set out in subsection
 23 c. below on or after the December 31, 1999. Such Retirement shall herein
 24 be referred to as a "disability Retirement."

25
 26 b. A Member shall be considered totally disabled if, in the opinion of the Board
 27 of Trustees, he or she is wholly prevented from rendering useful and

 30 such Police Officer or Firefighter is likely to remain so disabled continuously
 31 and permanently from a cause other than as specified in subsection c.
 32 below.

33
 34 c. A Police Officer or Firefighter shall not be entitled to receive any disability

- d. No Member shall be permitted to retire under the provisions of this section until examined by a duly qualified physician or surgeon, to be selected by the Board of Trustees for that purpose, and is found to be disabled in the degree and in the manner specified in this section. Any Member retiring under this section may be examined periodically by a duly qualified physician or surgeon or Board of physicians and surgeons to be selected by the Board of Trustees for that purpose, to determine if such disability has ceased to exist.
- e. The benefit payable to a Member who retires from the Service of the City with a total and permanent disability as a result of a disability is the monthly income payable for ten (10) years certain and life for which, if the Member's disability occurred in the line of duty, his or her monthly benefit shall be the accrued Retirement benefit, but shall not be less than forty-two (42) percent of his or her average monthly compensation as of the Member's disability Retirement date. If after ten (10) years of Service the disability is other than in the line of duty, the Member's monthly benefit shall be the accrued normal Retirement benefit, but shall not be less than twenty-five (25) percent of his or her average monthly compensation as of the Member's disability Retirement ~~due~~ date.
- f. The monthly Retirement income to which a Member is entitled in the event of his or her disability Retirement shall be payable on the first day of the first month after the Board of Trustees determines such entitlement. However,

1 the monthly Retirement income shall be payable as of the date the Board
 2 determines such entitlement, and any portion due for a partial month shall
 3 be paid together with the first payment.
 4

5 g. The last payment shall be (i) if the Member recovers from the disability, the
 6 payment due next preceding the date of such recovery, or, (ii) if the
 7 Member dies without recovering from his or her disability, the payment due
 8 next preceding death or the 120th monthly payment, whichever is later.
 9

10 1. In lieu of the benefit payments as provided in this subsection, a
 11 Member may select an optional form as provided in section 20-131,
 12 Optional forms of Retirement benefits.
 13

14 2. Any monthly Retirement income payments due after the death of a
 15 disabled Police Officer or Firefighter shall be paid to the Member's
 16 designated Beneficiary (or Beneficiaries) as provided in section 20-
 17 127, Definitions and 20-129(d), Preretirement Death.
 18

19 h. If the Board of Trustees finds that a Member who is receiving a disability
 20 Retirement income is no longer disabled, as provided herein, the Board of
 21 Trustees shall direct that the disability Retirement income be discontinued.
 22 Recovery from disability as used herein shall mean the ability of the Police
 23 Officer or Firefighter to render useful and efficient Service as a Police
 24 Officer or Firefighter.
 25

26 i. If the Member recovers from disability and re-enters the Service of the City
 27 as a Police Officer or Firefighter, his or her Service will be deemed to have
 28 been continuous, but the period beginning with the first month for which the
 29 Member received a disability Retirement income payment and ending with
 30 the date he or she re-entered the Service of the City may not be considered
 31 as Credited Service for the purposes of the Plan.
 32

33 (4) Diseases suffered in line of duty; presumption.
 34

35 a. Firefighter. Any condition or impairment of health of a Firefighter caused by
 36 tuberculosis, hypertension, or heart disease resulting in total or partial
 37 disability or death shall be presumed to have been accidental and suffered
 38 in the line of duty unless the contrary is shown by competent evidence,

1 provided that, such Firefighter shall have successfully passed a physical
 2 examination before entering into such Service, which examination failed to
 3 reveal any evidence of such condition. There shall also be a presumption of
 4 disability suffered in the line of duty for certain enumerated diseases
 5 pursuant to the terms of § 112.181, Fla. Stat. (1999) as same may be
 6 amended from time to time. This section shall be applicable to all
 7 Firefighters only with reference to pension and Retirement benefits
 8 hereunder.
 9

10 b. Police Officer. Any condition or impairment of health of any Police Officer
 11 caused by tuberculosis, hypertension, heart disease, or hardening of the
 12 arteries, resulting in total or partial disability or death, shall be presumed to
 13 be accidental and suffered in the line of duty, unless the contrary be shown
 14 by competent evidence. Any condition or impairment of health caused
 15 directly or proximately by exposure, which exposure occurred in the active
 16 performance of duty at some definite time or place without willful negligence
 17 on the part of the Police Officer, resulting in total or partial disability, shall
 18 be presumed to be accidental and suffered in the line of duty, provided that
 19 such Police Officer shall have successfully passed a physical examination
 20 upon entering such Service, which physical examination, including
 21 electrocardiogram, failed to reveal any evidence of such condition, and,
 22 further, that such presumption shall not apply to benefits payable under or
 23 granted in a policy of life insurance or disability insurance. There shall also
 24 be a presumption of disability suffered in the line of duty for certain
 25 enumerated diseases pursuant to the terms of § 112.181, Fla. Stat. (1999)

 27 applicable to Police Officers only with reference to pension and Retirement
 28 benefits hereunder.
 29

30 (5) Service connected catastrophic disability for Firefighters. Members who are
 31 Firefighters who suffer a medically substantiated Service incurred injury, as
 32 determined by the Board, which injury renders the Member totally and
 33 permanently disabled as defined in Chapter 440, Florida Statutes (1987) and
 34 applicable federal social security provisions, shall receive a catastrophic disability
 35 benefit under this subsection. The monthly amount of such benefit shall be
 36 supplementary to and in excess of those amounts paid or payable by reason of
 37 workers' compensation and federal social security (participant's PIA) so that the
 38 total monthly benefit received from all such sources shall not exceed seventy-five

1 (75) percent of such Member's Earnings in effect at the date of such catastrophic
2 disability as determined by the Board. The disability benefit payable hereunder
3 shall be paid in monthly installments until the earlier of death or recovery.
4 Members receiving catastrophic disability benefits hereunder will not be required
5 to continue to make contributions toward or be eligible for normal Retirement.
6

7 (d) Preretirement Death:

8
9 (1) Service Incurred.

10
11 a. If a Member dies as a direct result of an occurrence arising in the
12 performance of rendering Service for the City before being eligible to retire,
13 the heirs, legatees, beneficiaries, or personal representatives of such
14 deceased Member shall be entitled to a refund of one hundred (100)
15 percent of the contributions made to the Fund by such deceased Member
16 or, in the event an annuity or life insurance contract has been purchased by
17 the Board of Trustees on such Member, then to the death benefits available
18 under such life insurance or annuity contract subject to the limitations on
19 such death benefits set forth in § 175.081, Fla. Stat. (1999), as to
20 Firefighters, or subject to the limitations on such death benefits set forth in §
21 185.061, Fla. Stat. (1999) as to Police Officers, whichever amount is
22 greater for such Firefighter or Police Officer.
23

24 b. If a Member having at least ten (10) years of Credited Service dies prior to
25 Retirement, his or her Beneficiary is entitled to the benefits otherwise
26 payable to the Member at early or normal Retirement age.
27

28 c. If a Member continues in the Service of the City beyond his Normal
29 Retirement Date and dies prior to his date of actual Retirement, without an
30 option made pursuant to section 29-131 hereof being in effect, then monthly
31 Retirement income payments will be made for a period of ten (10) years to
32 a Beneficiary (or Beneficiaries) designated by the Member as if the Member
33 had retired on the date on which his or her death occurred.
34

35 d. In the event that the death benefit paid by a life insurance company
36 exceeds the limit set forth in § 175.081, Fla. Stat. (1999) as to Firefighters
37 or exceeds the limit set forth in § 185.061(6), Fla. Stat. (1999) as to Police
38 Officers, then the excess of the death benefit over the limit shall be paid to

the Fund. However, death benefits provided pursuant to § 112.191, Fla. Stat. (1999), as to Firefighters, or § 112.19, Fla. Stat. (1999), as to Police Officers, or any other state or federal law shall not be included in the calculation of death or Retirement benefits provided under this Plan.

(1.1) In lieu of the Service incurred pre-retirement death benefits set forth in section 20-129(d)(1) above, by written election on a form prescribed by the Board and filed with the Board, a Member may elect the pre-retirement Service incurred death benefit hereinafter set forth in section 20-129(d)(1.1):

A death benefit shall be payable on behalf of any Member who dies as a direct result of an occurrence arising in the performance of Service. The benefit shall be payable as follows:

- b. For each child until he or she shall have reached the age of eighteen (18) years, or until such child or children shall die or marry before reaching the age of eighteen (18) years, in equal monthly installments an amount equal to ten (10) percent of the Member's monthly Earnings, subject to a limitation of a total of eighty (80) percent of Earnings for the Spouse and children combined. Each child's pension shall terminate at death or marriage as well as reaching the age of eighteen (18) years.

Upon the death of the Spouse, the allowance for each child shall be paid in trust or as otherwise determined by the Board to eligible children, not to exceed a combined total of fifty (50) percent of the Member's final Earnings. The manner of handling and administering the pension to any child or children shall be determined by the Board. No survivor pension shall be paid to any stepchild of a deceased Member who had not been legally adopted by such Member.

- c. There shall be in any event a minimum total Service incurred death benefit equal in amount to four (4) times the annual Earnings in effect on the date of death. If such amount has not yet been paid in total at such time as benefits cease under subsections (d)(1.1)a. and b. above, then the balance shall be payable in a lump sum to the Member's designated Beneficiary,

1 and if there be none, then to such Member's estate.

- 2
- 3 d. In lieu of all other Service incurred death benefits specified herein for
- 4 Spouse and children, a lump sum may be paid equal in amount to four (4)
- 5 times the deceased Member's annual Earnings in effect on the date of
- 6 death; provided, however, that the Member must have filed with the Board
- 7 in writing prior to his death, his election of the lump sum form of benefit.
- 8

9 (2) Nonservice incurred.

- 10
- 11 a. If a Member dies not as a direct result of an occurrence arising in the
- 12 performance of Service before being eligible to retire, the heirs, legatees,
- 13 beneficiaries, or personal representatives of such deceased Member shall
- 14 be entitled to a refund of one hundred (100) percent of the contributions
- 15 made to the Fund by such deceased Member or, in the event an annuity or
- 16 life insurance contract has been purchased by the Board of Trustees on
- 17 such Member, then to the death benefits available under such life insurance
- 18 or annuity contract subject to the limitations on such death benefits set forth
- 19 in § 175.081, Fla. Stat. (1999), as to Firefighters, or subject to the
- 20 limitations on such death benefits set forth in § 185.061, Fla. Stat. (1999) as
- 21 to Police Officers, whichever amount is greater for such Firefighter or Police
- 22 Officer.
- 23
- 24 b. If a Member having at least ten (10) years of Credited Service dies prior to
- 25 Retirement, his or her Beneficiary is entitled to the benefits otherwise
- 26 payable to the Member at early or normal Retirement age.
- 27
- 28 c. If a Member continues in the Service of the City beyond his Normal
- 29 Retirement Date and dies prior to his date of actual Retirement, without an
- 30 option made pursuant to section 29-131 hereof being in effect, then monthly
- 31 Retirement income payments will be made for a period of ten (10) years to
- 32 a Beneficiary (or Beneficiaries) designated by the Member as if the Member
- 33 had retired on the date on which his or her death occurred.
- 34
- 35 d. In the event that the death benefit paid by a life insurance company
- 36 exceeds the limit set forth in § 175.081, Fla. Stat. (1999) as to Firefighters
- 37 or exceeds the limit set forth in § 185.061(6), Fla. Stat. (1999) as to Police
- 38 Officers, then the excess of the death benefit over the limit shall be paid to

the Fund. However, death benefits provided pursuant to § 112.191, Fla. Stat. (1999), as to Firefighters, or § 112.19, Fla. Stat. (1999), as to Police Officers, or any other state or federal law shall not be included in the calculation of death or Retirement benefits provided under this Plan.

(2.1) In lieu of the non-service incurred pre-retirement death benefits set forth in section 20-129(d)(2) above, by written election on a form prescribed by the Board and filed with the Board, a Member may elect the pre-retirement Service incurred death benefit hereinafter set forth in section 20-129(d)(2.1):

If a Member shall die prior to Retirement from causes not attributable to the performance of his duties, a death benefit shall be payable as follows:

- a. To the designated Beneficiary or Beneficiaries in equal monthly payments for a period of eight (8) years an amount equal to fifty (50) percent of such Member's monthly Earnings as of date of death. If the designated principal Beneficiary or Beneficiaries and contingent Beneficiaries, if any, should die before the eight (8) years have elapsed, the balance of payments due shall be payable to the Member's estate
- b. In lieu of all other nonservice incurred death benefits specified herein, a lump sum may be paid in an amount equal to four (4) times the deceased Member's annual Earnings in effect on the date of death; provided, however, that the Member must have filed with the Board, in writing prior to his death, an election to take this lump sum form of benefit.

(3) Death Incurred During Qualified Military Service.

- a. In the case of a death occurring on or after January 1, 2007, if a Member dies while performing qualified military service (as defined in IRC section 414(u)), the Member's Beneficiary is entitled to any additional benefits provided under the Plan as if the Member had resumed employment and then terminated employment on account of death.

~~(3)~~ (4) No person who became a Member after January 2, 1973 shall be eligible to elect the lump sum benefit in either subsection (d)(1.1)d. or (d)(2.1)b. above.

~~(4)~~ (5) Notwithstanding the provisions of subsections (d)(1.1) and (d)(2.2) hereof, survivor

4 actual Retirement.

5

21 contributions, upon attaining age fifty (50) years or more the Member may
22 retire at the actuarial equivalent of the amount of such Retirement income
23 otherwise payable to him, as provided for Firefighters in § 175.162(4),
24 Florida Statutes (1999), or as provided for Police Officers in § 185.16(4),
25 Florida Statutes (1999), or, alternatively, upon attaining age fifty-five (55)
26 years, the Member may retire at the actuarial equivalent of the amount of
27 such Retirement income otherwise payable to him, as provided for
28 Firefighters in § 175.162(1), Florida Statutes (1999), or as provided for
29 Police Officers in § 185.16(2), Florida Statutes (1999); or
30
31 c. In the event of the death of Member prior to reaching his Normal Retirement
32 Date, the Member's Spouse and children shall receive those benefits as
33 provided for in section 20-129(b)(2) of this division, which benefits shall be
34 paid as specified therein, commencing on the Member's Normal Retirement
35 Date.

36
37 (4) Former Police Officers and former Firefighters who terminated on or after October
38 1, 1991 with ten (10) or more years of Credited Service shall be eligible to receive

1 benefits under this subsection (e) upon reaching age forty-seven (47), provided he
2 did not elect to withdraw his Member contributions.

3
4 (f) Cost of Living Adjustments:

5
6 (1) Subject to the conditions set forth in this subsection (f), monthly benefits paid
7 under the System shall be adjusted, on July 1 of any year, to reflect the increase, if
8 any, in the cost of living. A benefit shall be adjusted if it is being paid as of such
9 adjustment date and was being paid as of July 1 of the preceding year. The benefit
10 paid to any beneficiary of a deceased Member shall be adjusted if either the
11 benefit paid to the beneficiary or to the deceased Member was paid effective as of
12 July 1 of the preceding year.

13
14 (2) The amount of any cost of living adjustment shall be added to each monthly
15 benefit paid after the effective adjustment date. Such amount shall be equal to a
16 percentage of the basic monthly benefit, excluding any previous cost of living
17 adjustment. The percentage amount of the adjustment shall be one (1) of the
18 following, a. or b., whichever is less:

19
20 a. A percentage which is not greater than the percentage increase in the
21 Consumers' Price Index (United States, All Urban Consumers, or such
22 other index as approved by both the Board and the City commission) for the
23 calendar year immediately preceding the effective adjustment date; or

24
25 b. A percentage increase, the actuarial present value of which can be fully
26 Funded by the amount of excess gains existing at the end of the
27 immediately preceding calendar year. The term "excess gains," as used in
28 this subsection (f), means an amount of money equal to one-third (1/3)
29 of the sum of all actuarial gains and losses of the System for the preceding
30 three (3) calendar years, including the calendar year immediately preceding
31 the adjustment; provided however, if investment earnings for the calendar
32 year immediately preceding the adjustment are allocated and recognized by
33 the Plan's actuary over a period of three (3) or more years, then the term
34 "excess gains" as used herein shall mean an amount equal to the sum of all
35 actuarial gains and losses of the System for the calendar year immediately
36 preceding the adjustment.

37
38 The applicable percentage, as specified in subsections (f)(2)a. and (f)(2)b. above,

1 shall not exceed five (5) percent unless a greater percentage is approved by the
2 City commission.

3
4 (3) The actuary for the System shall calculate and certify to the Board both the
5 amounts of the excess gains and the cost of living adjustment that such excess
6 gains will Fund in full. For this purpose, actuarial gains or losses in a given
7 calendar year shall be based upon the actuarial assumptions used in the official
8 actuarial valuation as of January 1 of that year and shall exclude gains or losses
9 related to changes in Plan benefits, changes in actuarial assumptions, or both.

10
11 Actuarial present values shall be based upon the actuarial assumptions used in
12 the official actuarial valuation as of January 1 preceding the effective adjustment
13 date.

14
15 (4) If additional excess gains remain after subtracting the actuarial present value of
16 the adjustment made, and if the cumulative cost of living adjustments paid in the
17 previous three (3) adjustment years were less than the cumulative increase in the
18 Consumers' Price Index (or other approved index) for the same years, an
19 additional cost of living adjustment to benefits shall be granted to recipients who
20 otherwise qualify for receipt of the foregoing adjustment, provided that such
21 additional adjustment shall not exceed four (4) percent in any year and the
22 actuarial present value of such additional adjustment shall not exceed the value of
23 the remaining excess gains. However, the total cost of living adjustment for any
24 single year, including any such additional adjustment, shall not exceed five (5)
25 percent unless a greater percentage is approved by the City commission.

26
27 (5) As an alternative to the method of distribution provided for in subsections (f)(1)
28 and (f)(2), the Board may utilize a distribution method which results in an
29 adjustment which is added to monthly benefits and which is based on either a
30 formula which allows for a graduated percentage benefit to be determined by
31 taking into Account the length of time a benefit has been paid to each recipient or
32 on a formula which provides an equal dollar monthly benefit, paid to each
33 recipient. This alternative distribution method shall not, however, provide for
34 payment of a total sum which would exceed the actuarial equivalent of the amount
35 generated by the applicable computation formula specified in subsection (f)(2)
36 above.

37
38 The provisions of this subsection (f) are repealed on July 15, 2008, unless readopted by

1 the City commission; provided, however, that nothing herein shall permit reduction of any cost of
 2 living adjustment previously granted and being received by any retiree or beneficiary as of such
 3 date of repeal; provided, further, however, that no cost of living adjustments shall be granted
 4 based upon the Plan's performance in calendar year 2007 and provided further than no cost of
 5 living adjustment may be granted, authorized, paid or distributed during calendar year 2008.

6
 7 (g) No Duplication of Benefits. There shall be no duplication of benefits or benefit
 8 payments on behalf of any Member or retiree as respects any employee benefit program
 9 established and maintained by the City; that is, no Member shall be entitled to a Retirement,
 10 death or disability benefit under the provisions hereof and at the same time receive a
 11 Retirement, death or disability benefit under the provisions of any other employee benefit
 12 program maintained by the City.

13
 14 (h) Payment of Benefits.

15
 16 (1) The monthly Retirement income payable in the event of Normal Retirement will be
 17 payable on the first day of each month. The first payment will be made on the first
 18 day of the month coincident with or next following his or her actual Retirement, if
 19 later, and the last payment will be the payment due next preceding the Member's
 20 death.

21
 22 a. However, in the event the Member dies after Retirement but before he or
 23 she has received Retirement benefits for a period of ten (10) years, the
 24 same monthly benefit will be paid to the Beneficiary (or Beneficiaries) as
 25 designated by the Member for the balance of such ten-year period,
 26 provided the Member has not elected an optional form of Retirement
 27 income under section 20-131. If a Police Officer dies after Retirement but
 28 before he or she has received Retirement benefits for a period of ten (10)
 29 years and no Beneficiary is designated, the monthly benefit will be paid to
 30 the estate of the deceased Police Officer, as provided in § 185.161, Florida
 31 Statutes (1999).

32
 33 For Police Officers hired prior to April 1, 2014, in lieu of the formula
 34 provided in subsection a. above, a Member may elect payment of benefits
 35 under the duration, survivor benefit formula in section 20-129(b)(2), but only
 36 for the period specified in section 20-129(b)(2). For Police Officers hired on
 37 or after April 1, 2014, such Police Officers do not have the option of electing
 38 payment of benefits under the duration, survivor benefit formula in section

1 20-129 (b)(2) c. For Police Officers hired on or after April 1, 2014, such
 2 Police Officers shall have the option to choose any of the benefit levels in
 3 existence on December 3, 2013 at a reduced actuarial rate which is the
 4 equivalent to the actuarial rate for the ten-year certain formula in Sec. 20-
 5 129(h)1.a.

6
 7 b. In lieu of the formula provided in subsection a. above, a Member may elect
 8 payment of benefits under the duration, survivor benefit formula in section
 9 20-129(b)(2), but only for the period specified in section 20-129(b)(2).

10
 11 (2) In the event of Early Retirement, payment of Retirement income shall be governed
 12 as follows: The monthly amount of Retirement income payable to a Member who
 13 retires prior to his or her Normal Retirement Date shall be in the amount computed
 14 as applicable to a normal Retirement, taking into Account the Member's Credited
 15 Service to his or her date of actual Retirement and Average Monthly Earnings as
 16 of such date, such amount of Retirement income to be actuarially reduced to take
 17 into Account the Member's younger age and the earlier commencement of
 18 Retirement income benefits. The amount of monthly income payable in the event
 19 of early Retirement will be paid in the same manner as in normal Retirement
 20 income. In no event shall the early Retirement reduction exceed three (3%)
 21 percent for each year by which the Member's age at Retirement preceded the
 22 Member's Normal Retirement Date.

23
 24 (3) Unless a Member elects earlier payment, distribution of the benefits to which he or
 25 she is eligible shall commence within sixty (60) days from close of the Plan Year
 26 after the later of a Member's:

- 27 a. Termination of employment;
- 28 b. Attainment of Normal Retirement Date; or
- 29 c. Tenth anniversary of the date on which the Member commenced
- 30 participation in the Plan.

31
 32 (4) The entire interest of each Member shall be distributed not later than as required
 33 by Section 401(a)(9), I.R.C. Internal Revenue Code, as same may be amended
 34 from time to time and the regulations promulgated thereunder. Notwithstanding
 35 any provision of this plan to the contrary, a form of retirement income payable from
 36
 37
 38

this plan shall satisfy the following conditions.

a. If the retirement income is payable before the Member's death:

- 1. It shall either be distributed or commence to the Member not later than April 1 of the calendar year following the later of the calendar year in which the Member attains age 70 ½, or the calendar year in which the Member retires;
- 2. The distribution shall commence not later than the calendar year defined above; and (a) shall be paid over the life of the Member or over the lifetimes of the Member and designated beneficiary , or (b) shall be paid over the period extending not beyond the life expectancy of the Member and designated beneficiary .

Where a form of retirement income payment has commenced in accordance with the preceding paragraphs and the Member dies before his entire interest in the plan has been distributed, the remaining portion of such interest in the plan shall be distributed no less rapidly than under the form of distribution in effect at the time of the Member's death.

b. If the Member's death occurs before the distribution of his interest in the plan has commenced, the Member's entire interest in the plan shall be distributed within five years of the Member's death, unless it is to be distributed in accordance with the following rules:

- 1. The Member's remaining interest in the plan is payable to his designated beneficiary ;
- 2. The remaining interest is to be distributed over the life of the designated beneficiary or over a period not extending beyond the life expectancy of the designated beneficiary ; and
- 3. Such distribution begins within one year of the Member's death unless the Member's spouse is the sole designated beneficiary, in which case the distribution need not begin before the date on which the Member would have attained age 70 ½ and if the Member's

1 spouse dies before the distribution to the spouse begins, this section
2 shall be applied as if the spouse were the Member.

- 3
4 (5) A Member shall be one hundred (100%) percent vested at his or her Normal
5 Retirement Date.

6
7 (i) Limitation on annual benefits. The maximum benefit payable under the Plan shall
8 be limited to \$ 210,000.00 for calendar year 2015, subject to adjustment for increases in the
9 cost of living in accordance with the following sentence. As of the first day of January of each
10 calendar year, the maximum dollar limitation shall be adjusted automatically to an amount
11 determined by the Commissioner of the Internal Revenue Service in accordance with Section
12 415 of the Internal Revenue Code effective for that calendar year and shall apply only to that
13 calendar year. Notwithstanding any other provisions of this Plan to the contrary, whether
14 heretofore or hereafter enacted, the annual benefit payable under this Plan shall not, in any
15 limitation year, exceed the limitations established for qualified government pension Plans under
16 Section 415 (b) of the Internal Revenue Code and the regulations issued thereunder, as same
17 may be amended from time to time. The retirement benefit of a Member shall be reduced to the
18 extent that it exceeds amounts specified in Section 415 of the Internal Revenue Code and the
19 regulations issued thereunder, as applicable.

20
21 (j) USERRA. Notwithstanding any provision of this plan to the contrary, effective as of
22 December 12, 1994, contributions, benefits and service credit with respect to qualified military
23 service will be provided in accordance with Section 414(u) of the Internal Revenue Code of
24 1986, as amended, USERRA and Chapters 175 and 185, Florida Statutes as applicable.

25
26 (k) Premiums for public safety officers. The Plan may allow a public safety officer to
27 elect a tax free distribution from the public safety officer's normal retirement benefit or disability
28 benefit of up to \$3,000 annually directly to an accident or health plan or qualified long-term care
29 insurance contract on a pre-tax basis, so long as the public safety officer separates from service
30 either on or after attaining the Plan's normal retirement date or due to his or her
31 disability. Accident, health plan or qualified long-term care insurance premiums may be paid for
32 the public safety officer, his spouse or his dependents while he is alive, but once he is
33 deceased, the benefit ceases and may not be used by his spouse or dependents to pay for their
34 premiums. Premium payments may only be made directly to the provider of the accident or
35 health plan or qualified long-term care insurance contract. "Public safety officers" include law
36 enforcement officers, firefighters, chaplains, rescue crew members or ambulance crew
37 members.

1
2
3 Sec. 20-130. Contributions.
45 (a) Member contributions.
6

7 (1) For all Members who are in the employ of the City on April 18, 2010, effective April
8 18, 2010 the contribution rate by payroll deduction for such Members shall
9 increase from seven (7%) percent to eight (8%) percent of the Member's Earnings
10 with such increase in contribution rate shall be imposed on the Member's Earnings
11 retroactive to October 4, 2009. The retroactive portion of the Member's
12 contribution rate shall be deducted from the Member's first paycheck payable from
13 the bi-weekly pay period beginning April 18, 2010.

14
15 (2) For all Members described in sub-subsection (a)(1) above, effective the first day of
16 the first pay period commencing on or after October 1, 2011, the Member
17 contributions rate by payroll deduction shall increase from eight (8%) percent to
18 eight and one-quarter (8.25%) percent of the Member's Earnings.

19
20 (3) For all Members who are hired after April 18, 2010, the Member contribution rate
21 by payroll deduction shall be eight and one-half (8.5%) percent of the Member's
22 Earnings.

23
24 (4) Those Members under section 20-129(a)(2) who elect the later normal Retirement
25 date of age fifty (50) and twenty (20) years of Credited Service shall continue to
26 contribute six (6%) percent of earnings in effect at the date of disability where
27 contributions are otherwise required under the Plan in order to continue to accrue
28 Credited Service during periods of approved disability.

29
30 (5) The Member contributions are to be "picked-up" by the City for all compensation
31 earned after the effective date of Ordinance No. C-86-57. In determining tax
32 treatment under the United States Internal Revenue Code, all contributions,
33 although designated as employee contributions and accumulating in individual
34 employee Accounts, are to be paid ("picked-up") directly by the City in lieu of
35 contributions being paid directly by the employee. This Plan prohibits an employee
36 from directly receiving "picked up" amounts. A Member is one hundred (100%)
37 percent vested in his portion of City ("picked-up") contributions at all times.
38

- 1 (6) During periods of authorized leave of absence, suspension or Service in the
 2 armed forces of the United States, a Member shall continue to contribute the
 3 applicable percentage of his earnings to the Fund in a manner approved by the
 4 Board, except that no contributions shall be required of a Member for time spent in
 5 the military Service of the Armed Forces of the United States for which that
 6 Member is entitled to Creditable Service in accordance with the provisions of
 7 section 20-127, definitions, Creditable Service.
 8
- 9 (7) In the event of recovery of a Member who has been determined to have a local
 10 law/service incurred disability under section 20-129(c)(1) and in the event of
 11 recovery of a Member who has been determined to have a local law/non-service
 12 incurred disability under section 20-129(c)(2), a Member resuming his position
 13 may receive Creditable Service for the period of such disability Retirement, as well
 14 as for the period of continuous Service prior to the date of his disability upon
 15 paying into the Fund an amount equal to the aggregate contributions, plus interest
 16 at a rate to be determined by the Board (computed upon his earnings at the time
 17 of disability) which he would have been required to pay hereunder during the
 18 period of his disability, had he not been receiving local law/service incurred
 19 disability Retirement benefits under section 29-129(c)(1) or local law/non-service
 20 incurred disability Retirement benefits under section 29-129(c)(1).
 21

22 Member contributions shall be deposited in the Fund and shall be credited with three
 23 (3%) percent interest per annum, compounded annually on December 31 of each Plan Year.
 24 For Members who have reached maximum accrual under subsection 20-129(b)(1)b. or 20-
 25 129(b)(1)c., effective the maximum accrual date, and for DROP Participants during the DROP
 26 Period, contributions shall be reduced to the minimum amount required by F.S. Ch. 175 or Ch.
 27 185, for local Plans receiving Ch. 175 or Ch. 185 money. Member contributions which are
 28 withheld by the City on behalf of a Member shall be deposited immediately after each pay period
 29 with the Board.
 30

31 (b) State contributions. All state and other contributions received by the City under the
 32 provisions of F.S. Chs. 175 or 185, shall be deposited by the City immediately, and under no
 33 circumstances more than five (5) days after receipt, with the Board of Trustees.
 34

35 (c) City contributions. So long as this System is in effect the City shall make an annual
 36 contribution to the Fund in an amount equal to the difference in each year as between the total
 37 of aggregate Member contributions for the year plus state contributions for the year and the
 38 amount necessary for the year to maintain the System on a sound actuarial basis as shown by

1 the most recent actuarial valuation and report for the System. The total cost for any year shall
 2 be defined as the total of normal cost plus the additional amount sufficient to amortize the
 3 accrued past Service liability over a forty-year period commencing on January 3, 1973. City
 4 contributions shall be deposited at least quarterly, but nothing herein shall preclude the City
 5 from depositing the actuarially equivalent City contributions annually.

6
 7 (d) Guaranteed refund of Member contributions. All Retirement, death and disability
 8 benefits payable under this System are in lieu of a refund of Member contributions. In any event,
 9 however, each Member shall be guaranteed the payment of benefits at least equal in total
 10 amount to his accumulated contributions plus three (3%) percent interest.

11
 12 (e) Miscellaneous. All monies representing Member and City contributions and
 13 monies from all other sources whatsoever, including contributions made by the State of Florida
 14 and held by or in custody of the City or any other entity, including insurance carriers or trustees,
 15 for the purposes of Funding pension benefits for Members herein, shall be included in this Fund,
 16 including any interest gathered by these monies, and shall be transferred into this Fund.

17
 18 Sec. 20-131. - Optional forms of Retirement benefits.

19
 20 (a) In lieu of the amount and form of retirement income payable in the event of normal
 21 or early retirement as specified under section 20-129(h) above, a Member, upon written request
 22 to the Board of Trustees and subject to the approval of the Board of Trustees, may elect to
 23 receive a retirement income or benefit of equivalent actuarial value payable in accordance with
 24 one (1) of the following options:

25
 26 (1) A retirement income of larger monthly amount, payable to the Member for his or
 27 her lifetime only.

28
 29 (2) A retirement income of a modified monthly amount, payable to the Member during
 30 the joint lifetime of the Member and a joint annuitant designated by the Member,
 31 and following the death of either of them, one hundred (100) percent, seventy-five
 32 (75) percent, sixty-six and two-thirds (662/3) percent, or fifty (50) percent of such
 33 monthly amounts payable to the survivor for the lifetime of the survivor.

34
 35 (3) A retiring Member may elect to receive a decreased retirement benefit during his
 36 lifetime and have such decreased retirement benefit (or a designated fraction
 37 thereof) continued after his death to and during the lifetime of a person other than
 38 his or her Spouse. The election under this subsection (3) shall be null and void if

1 the designated contingent annuitant dies before the Member's retirement.

2
3 (4) Such other amount and form of retirement payments or benefits as, in the opinion
4 of the Board of Trustees, will best meet the circumstances of the retiring Member.

5
6 a. The Member upon electing any option of this section must designate the
7 joint annuitant or Beneficiary to receive the benefit, if any, payable under
8 this Plan in the event of his or her death, and may change such
9 designation, but any such change shall be deemed a new election and is
10 subject to approval by the Board of Trustees. Such designation must name
11 a joint annuitant or one (1) or more primary Beneficiaries where applicable.
12 If a Member has elected an option with a joint annuitant or Beneficiary and
13 his or her retirement income benefits have commenced, the Member may
14 change the designated joint annuitant or Beneficiary, but only if the Board of
15 Trustees consents to such change and if the joint annuitant last designated
16 by the Member is alive when the Member files with the Board of Trustees a
17 request for such change.

18
19 b. The consent of a Member's joint annuitant or Beneficiary to any such
20 change is not required. The benefits paid to a new joint annuitant or
21 Beneficiary shall be actuarially equivalent to the benefits payable under the
22 designation of joint annuitant or Beneficiary in effect at the commencement
23 of the Member's retirement, taking into account the ages of the former joint
24 annuitant or Beneficiary, the new joint annuitant or Beneficiary, and the
25 Member. For this purpose, the term "actuarially equivalent" shall mean
26 benefits of equivalent value, determined as permitted by law. In determining
27 actuarial equivalence hereunder, if evidence of good health of the former
28 joint annuitant or Beneficiary is not provided, the former joint annuitant shall
29 be considered deceased, and the age of the Member shall be advanced
30 five (5) years.

31
32 c. The Board of Trustees may request evidence of the good health of the joint
33 annuitant that is being removed and the amount of the retirement income
34 payable to the Member upon designation of a new joint annuitant shall be
35 actuarially redetermined taking into account the age and gender of the
36 former joint annuitant, the new joint annuitant, and the Member. Each
37 designation must be made in writing on a form prepared by the Board of
38 Trustees and filed with the Board of Trustees. If no designated joint

annuitant or Beneficiary survives the Member, such benefits as are payable in the event of the death of the Member subsequent to his or her retirement shall be paid as provided in the definition of Beneficiary in section 20-127.

d. Notwithstanding the provisions of this Section 20-131(a)(4)a., a retired Member may change his designation of a joint annuitant or Beneficiary up to two times as provided in F.S. § 175.333(2010) for Firefighters or F.S. § 185.341 for Police Officers without the approval of the Board of Trustees or the current joint annuitant or Beneficiary. The retired Member is not required to provide proof of the good health of the joint annuitant or Beneficiary being removed, and the joint annuitant or Beneficiary being removed need not be living.

e. However, for any changes of a retired Member's designation in a joint annuitant or Beneficiary after the first two (2) changes, the provisions set forth in this subsection (4)d. shall not be applicable.

f. Upon receipt of a completed change of joint annuitant or Beneficiary form or such other notice, the Board shall adjust the Member's monthly benefit by the application of actuarial tables and calculations developed to ensure that the benefit paid is the actuarial equivalent of the present value of the Member's current benefit. Nothing herein shall preclude the Plan from actuarially adjusting benefits or offering options based in accordance with F.S. § 175.333(2)(b)(2010), for Firefighters or F.S. § 185.341(2)(b)(2010) for Police Officers.

(b) Retirement income payments shall be made under the option elected in accordance with the provisions of this subsection and shall be subject to the following limitations:

(1) If a Member dies prior to his or her Normal Retirement Date or Early Retirement Date, whichever first occurs, no retirement benefit will be payable under the option to any person, but the benefits, if any, will be determined under section 20-129(d) of the Plan.

(2) If the designated Beneficiary or joint annuitant dies before the Member's retirement under the Plan, the option elected is canceled automatically and a retirement income of the normal form and amount is payable to the Member upon

retirement as if the election had not been made, unless a new election is made in accordance with this section or a new Beneficiary is designated by the Member before retirement and within ninety (90) days after the death of the Beneficiary.

(3) If both the retired Member and the Beneficiary (or Beneficiaries) designated by the Member die before the full payment has been effected under any option providing for payments for a period certain and life thereafter, made pursuant to the provisions of section 20-131(a) hereof, the Board of Trustees may, in its discretion, direct that the commuted value of the remaining payments be paid in a lump sum and in accordance with section 20-135(i) hereof.

(4) If a Member continues service with the City beyond his or her Normal Retirement Date and dies prior to actual retirement and while an option made pursuant to the provisions of this section is in effect, monthly retirement income payments will be made, or a retirement benefit will be paid, under the option to a Beneficiary (or Beneficiaries) designated by the Member in the amount or amounts computed as if the Member had retired under the option on the date on which death occurred.

(c) No Member may make any change in his or her retirement option after the date of cashing or depositing the first retirement check.

Sec. 20-132. - Administration.

(a) The general administration and responsibility for the proper operation of the System and for making effective the provisions of this article are hereby vested in a Board of Trustees consisting of eight (8) persons, as follows:

- (1) Three (3) elective Members other than Police Officers or Firefighters to be appointed as hereinafter provided;
- (2) Two (2) Firefighters to be elected as hereinafter provided; and
- (3) Two (2) Police Officers to be elected as hereinafter provided.
- (4) The finance director of the City shall be a nonvoting, ex officio Member of the Board.

(b) The terms of office of each appointed Board Member appointed after September

1 18, 2012 shall be four (4) years.
2

3 (c) The terms of office of the elective Board Members appointed after September 18,
4 2012 shall be four (4) years, unless the elective Board Member sooner leaves the employment
5 of the City as a Police Officer or Firefighter sooner, whereupon a successor shall be chosen in
6 the same manner as an original appointment for an elective Board Member. Nothing herein shall
7 be construed in such a manner as to preclude a DROP Participant from serving as an elected
8 Member of the Board.
9

36 ~~(f)~~ (g) Rollover distributions. This subsection applies to distributions made on or after
37 January 1, 1993. Notwithstanding any provision of the Plan to the contrary that would otherwise
38 limit a distributee's election under this subsection, a distributee may elect, at the time and in the

1 manner prescribed by the Plan administrator, to have any portion of an eligible rollover
2 distribution paid directly to an eligible Retirement Plan specified by the distributee in a direct
3 rollover.

4
5 (1) For the purposes of this subsection 20-135(f), the following words and phrases
6 shall have the meanings indicated:

7
8 a. Eligible rollover distribution is any distribution of all or any portion of the
9 balance to the credit of the distributee, except that an eligible rollover
10 distribution does not include:

11
12 1. Any distribution that is one of a series of substantially equal periodic
13 payments (not less frequently than annually) made for the life (or life
14 expectancy) of the distributee or the joint lives (or joint life
15 expectancies) of the distributee and the distributee's designated
16 beneficiary, or for a specified period of ten (10) years or more;

17
18 2. Any distribution to the extent such distribution is required under
19 Section 401(a)(9) of the Internal Revenue Code; and

25 annuity described in Section 408(b) of the Internal Revenue Code, an
26 annuity Plan described in Section 403(a) of the Internal Revenue Code, or a

30 shall also mean an annuity contract described in Section 403(b) of the
31 Internal revenue Code and an eligible plan under Section 457(b) of the

6 spouse Beneficiary receives a distribution from the plan, the distribution is
7 not eligible for a 60-day (non-direct) rollover.
- 8
- 9 d. Direct rollover is a payment by the Plan to the eligible Retirement Plan
10 specified by the distributee.

11

12 ~~(g)~~ (h) Effect of amendments. The City reserves the right at any time to amend or modify
13 this System in any respect or to terminate the System; provided that no amendment shall cause

15 benefit of Members and their Beneficiaries.

16

17 ~~(h)~~ (i) Denial of claim. A Member or Beneficiary whose claim for benefits under this Plan
18 is denied by the Board shall be given, within thirty (30) days, a written notice setting forth the
19 specific reasons for such denial. Such notice shall also advise the Member or Beneficiary that
20 he has the right to a full and fair review of the Board's decision. A Member or Beneficiary shall
21 have thirty (30) days from rendition of the written notice within which to file an appeal for a
22 review of the Board's denial. Such a Member or Beneficiary shall have the right to a hearing
23 before the Board at which time he may present any evidence or make any statements he deems
24 to be appropriate and relevant to the Board's review of its decision to deny the claim for
25 benefits. Upon completion of its review, written notice of the Board's decision shall be given to
26 the Member or Beneficiary within thirty (30) days. A Member or Beneficiary shall have thirty (30)
27 days from rendition of the written notice within which to file for certiorari review from such denial
28 in circuit court.

To the extent the City has a local law Plan under Chapters 175 or 185, Florida Statutes, which in the opinion of the State of Florida Division of Retirement, meets the minimum benefits and minimum standards set forth in Chapters 175 and 185, Florida Statutes, the Board, as approved by a majority of Police Officers or Firefighters, whichever may apply, may

4 extra benefits to the Police Officers or Firefighters, or Police Officers and
5 Firefighters where included, participating in such supplemental Plan.
6

7 ~~(n)~~ (o) Funding of additional benefit levels under Chapter 99-1, Laws of Florida; extra
8 benefits.
9

10 (1) To the extent state contributions received under Chapters 175 or 185, Florida
11 Statutes prior to the effective date of Chapter 99-1, Laws of Florida, are not
12 adequate to Fund the additional benefits to meet the minimum requirements of
13 Chapter 99-1, Laws of Florida, only such incremental increases in benefits shall be
14 required as state moneys are adequate to provide. Such increments shall be
15 provided as state moneys become available.
16

17 (2) The Plan shall comply with the minimum benefit provisions of Chapter 175, Florida
18 Statutes (1999), for Firefighters, or Chapter 185, Florida Statutes (1999), for Police
19 Officers, only to the extent that additional premium tax revenues become available
20 to incrementally Fund the cost of such compliance as is provided in §
21 175.162(2)(a), Florida Statutes (1999), for Firefighters, and § 185.16(2), Florida
22 Statutes (1999), for Police Officers. When the Plan is in compliance with such
23 minimum benefit provisions, as subsequent additional tax revenues become
24 available, they shall be used to provide extra benefits. For the purpose of this
25 Plan, "additional premium tax revenues" means revenues received by the City
26 pursuant to §§ 175.121 and 185.10, Florida Statutes (1999) that exceed the
27 amount received for calendar year 1997 and the term "extra benefits" means
28 benefits in addition to or greater than those provided to general employees in the
29 City.
30

31 ~~(e)~~ (p) Provisions regarding transfer to another state Retirement System shall be
32 controlled by § 175.371 and § 185.38, Florida Statutes.
33

34 ~~(r)~~ (q) Chapter 175 / 185 Minimum benefit levels and minimum benefit standards. The
35 provisions of Chapter 99-1, Laws of Florida are intended to establish minimum benefits and
36 minimum standards for operation and Funding of the Plan, but nothing contained in Chapter 99-
37 1, Laws of Florida, nor in Chapters 175 or 185, Florida Statutes (1999) shall operate to reduce
38 presently existing rights or benefits of any Member of this Plan, directly, indirectly or otherwise.

1 Anything contained in this Plan to the contrary notwithstanding, to the extent the terms and
 2 conditions of this Plan do not meet the minimum benefit levels and minimum standards for
 3 operation and Funding of the Plan as set forth in Chapter 99-1, Laws of Florida, it is the intent of
 4 this amendment that such minimum benefit levels and minimum standards for operation and
 5 Funding of the Plan as set forth in Chapter 99-1, Laws of Florida, be applied, to the extent of
 6 such conflict, but without reducing any existing rights or benefits of a Member as of the effective
 7 date of this amendment and only for such period as the City is a Participant in premium tax
 8 money distributions under Chapters 175 or 185, Fla. Stat.

9
 10 ~~(q)~~ (r) Optional participation in premium tax moneys under Chapters 175 / 185;
 11 revocation; automatic repeal. The City may revoke its participation in premium tax money
 12 distributions under Chapters 175 or 185, Florida Statutes. In the event the City elects to revoke
 13 its participation in premium tax money distributions, premium tax moneys previously received
 14 shall continue to be used for the sole and exclusive benefit of Firefighters or Police Officers or
 15 Firefighters and Police Officers where included, and no amendment, legislative act, ordinance,
 16 or resolution shall be adopted which shall have the effect of reducing the then-vested accrued
 17 benefits of the Firefighters, Police Officers, retirees or their Beneficiaries. It is the intent of this
 18 Ordinance that any additional benefits enacted through this amendment and any standards
 19 enacted herein are solely for the purpose of meeting state mandated minimum benefits and
 20 minimum standards for the operation and Funding of the Plan so long as the City participates in
 21 premium tax money distributions and are not a product of the collective bargaining of the terms
 22 and conditions of employment. Accordingly, in the event the City revokes its participation in
 23 premium tax money distributions under Chapters 175 or 185, Florida Statutes, then, without
 24 disturbing or reducing those benefits accrued prior to such revocation, this amendment, except
 25 as to the provisions of section 20-129(f)(5) amended by this ordinance, shall automatically be
 26 deemed prospectively repealed, null and void and of no further force and effect, except as
 27 hereinabove provided and all provisions repealed by this amendment shall be prospectively
 28 automatically revived.

29
 30 ~~(r)~~ (s) Treatment of Chapter 185 Premium Tax Revenues on and after December 31,
 31 2013.

32
 33 (1) The entire balance of the Chapter 185 premium tax revenue reserve account in
 34 the Plan on December 31, 2013 shall be applied to reduce the City's annual
 35 required contributions to the Plan for the 2013-14 Plan Year. In addition, all
 36 Chapter 185 premium tax revenues received each year in the future shall be
 37 retained by the Plan and applied to reduce the City's annual required contribution
 38 to the Plan.

(2) In the event the Florida Division of Retirement requires that an additional pension benefit be paid using Chapter 185 premium taxes, those premium taxes shall be used to pay the cost of additional employee contributions, as described in this paragraph. There shall be a simultaneous increase in the employee contribution which, when expressed as a percentage of payroll subject to employee contributions, is equal to the amount of the Chapter 185 premium taxes. The increased employee contribution shall be paid using the Chapter 185 premium taxes which maintain the current net effect on employee compensation, net of contributions. The amount of the increased employee contributions will automatically be adjusted without further action of the city commission to reflect the level of available Chapter 185 premium taxes required for this purpose.

SECTION 2. That the City Commission finds and declares that adoption of this Ordinance is in compliance with Section 610, "Covenant Concerning Increase in or Addition to Pension Plan Benefits" of City of Fort Lauderdale Resolution No. 12-1979, adopted September 5, 2012 in that there is no additional cost associated with the adoption of this Ordinance for any increase in benefits or new benefit and therefore no increased City funding is required in conjunction with the adoption of this Ordinance.

SECTION 3. That if any clause, section or other part of this Ordinance shall be held invalid or unconstitutional by any court of competent jurisdiction, the remainder of this Ordinance shall not be affected thereby, but shall remain in full force and effect.

SECTION 4. That all ordinances or parts of ordinances in conflict herewith, be and the same are hereby repealed.

SECTION 5. That this Ordinance shall be in full force and effect ten days from the date of final passage.
