CASE COMMENTS:

Please provide a written response to each of the following comments:

1. Provide a signed and sealed boundary and topographic survey showing all above ground improvements, utilities, rights of way dimensions and all easements. This survey shall be based on a Standard Title Commitment issued by a title insurer licensed to do business in Florida or an Opinion of Title issued by an attorney admitted to the Florida Bar.
 - a. Per the DRC Vacation Application, provide a current certified boundary survey (within last 6 months) that is signed and sealed.
 - b. Verify the northern and southern limits of the easement to be vacated along SE 10th Court since the survey depicts gaps for the sidewalk easement. Provide the plat book/page number or instrument number for the sidewalk easement.
2. The narrative states that there is a sewer line located within the sidewalk easement on the northeast portion of SE 10th Court, however our GIS map does not confirm this. Please clarify and provide additional as-built information regarding this sewer line. Contact City's Public Works Department staff, Igor Vassiliev, P.E. at ivassiliev@fortlauderdale.gov or 954-828-5862 for additional coordination.
3. The applicant must provide a Letter of No Objection from the City's Public Works Department for the vacation of the easement in question. Please contact City's Public Works Department staff, Igor Vassiliev, P.E. at ivassiliev@fortlauderdale.gov or 954-828-5862 for additional coordination.
4. Provide letters from all affected franchise utility providers demonstrating their interests in maintaining or no objection to the vacation of this Easement; the letters should specifically state whether the franchise utility providers have existing facilities within the Easement vacation area that will need to be relocated or abandoned.
5. Provide copy of latest corresponding Site Plan, so that it can be reviewed for consistency. Confirm that limits of proposed Right-of-way vacation are consistent with Site Plan.
6. Submit a stamped copy of the surveyor's sketch and legal description to the City's Surveyor for his review and approval of the easement to be considered for vacation. The approved surveyor's sketch shall then be routed to the Land Development Manager or designee for signoff, prior to submittal to the case planner for final authorization to present this item to the City Commission.
7. Please be advised that the vacating ordinance shall not be in full force and effect until an Engineer's Certificate is executed by the City Engineer or designee. This Engineer's Certificate shall be executed by the proper authorities and recorded in the public records of Broward County. A copy of the recorded certificate is to be provided to the City upon recordation. The City Engineer's certificate shall also state that all existing facilities located within the vacated easement have been relocated or abandoned to the satisfaction of the respective utility owners. Please note that prior to Engineer certificate being executed, letters from the City's Public Works Department and franchise utilities indicating relocation/ removal of their facilities and any easement requirements have been completed/ recorded to their satisfaction shall be provided to the City Engineer or designee.
8. Additional comments may be forthcoming at the meeting.
