

# FY 2023 Nonprofit Organization Grant Funding

As a part of the annual budget process, the City provides nonprofit organizations with funding to support key community services that align with the City’s Strategic Plan, annual Commission Priorities, and operational needs. This grant funding allows the Commission to allocate resources to key initiatives without the lead time that would be required if the City were to provide the services internally and provides flexibility to address different priorities each year without a long-term financial commitment. Nonprofit organizations that receive grant funding are required to execute a Participation Agreement which stipulates the funding amount, public purpose, scope of service, financial reporting, and term and time of performance.

The “FY 2023 Recommended Funding for Nonprofit Organizations” summary table details the organizations recommended for funding in the FY 2023 Budget, the recommended funding amount, and the purpose of the City’s contribution.
