District II Commissioner Trantalis – Victoria Park Homeowners Association

Welcome Community Appearance Board member Tom Catalino to help present:

Greg broke ground on his home in 2006 and moved in one year later. His favorite memories of Florida were of Key West so he was determined to incorporate its unique architectural style in the creation and building of his home in Fort Lauderdale. The home is gracious, relaxed and welcoming with a look and feel of tropical Key West sunsets.

The house is very symmetric with a metal roof, two story front porch with supporting columns, sash windows with shutters and a large covered back porch. With the repetition of the windows and doors centered on the supporting columns, Greg wanted the landscape to be more asymmetric to soften the house's architecture. The anchor of the front yard is the old live oak that's been on the property for sixty years. Conveniently off-center in the front yard, it provides wonderful shade and directs the eye away from the driveway and garage.

Both the front and back yard are filled with palms, shrubs and bromeliads to create a beautifully manicured entrance to the home.

The Fort Lauderdale City Commission and the Community Appearance Board proudly present the WOW Award for May 2013 for District II to **Gregory Kabel** and thank you for enhancing the neighborhood and the City of Fort Lauderdale.

We are pleased to present you with a certificate of appreciation from the City Commission, a gift certificate and an orchid donated by Home Depot to celebrate the recognition.
