Funding for the DIP Loan is subordinate to overhead and administrative costs related to operating and managing the CRA and senior CRA debt and previously approved CRA projects.

LOAN DISBURSEMENTS: The Borrower and Lender, in consultation with the construction lender, shall develop a schedule for disbursement of the DIP Loan proceeds as constrained by the conditions under the CRA line of credit agreement. Such disbursement schedule shall be incorporated in a Construction Loan Agreement and Funding Agreement, if necessary. Both parties anticipate a portion of the DIP Loan may be available to fund construction draws. If so, then the CRA shall

fund construction draws pari passu with the construction lender and only for hard costs. To the extent CRA funds are available after construction has commenced and the construction lender has to advance construction funds on behalf of the CRA, then CRA funds will be used to reimburse the construction lender for hard costs only and only to extent that the CRA would have funded had the proceeds been available and only to the extent the construction lender can document that its proceeds were used for hard costs. The construction lender may make additional or future advances under the construction loan so long as the principal balance of the DIP Loan and the principal balance of the construction/permanent loan does not exceed a loan to value ratio of 100% as determined by a current MAI appraisal based on the Project on an "as-complete basis.

The Borrower agrees that the First Mortgage shall include a provision requiring the First Mortgagee to give notice of default and an opportunity to cure in favor of the CRA. Borrower shall execute a negative pledge agreement in which it agrees not to further encumber the Property. In the event the Borrower seeks to refinance its construction loan,

the CRA will subordinate its lien to a new loan, provided the loan to value for the CRA loan, as established at closing on the DIP Loan is not diminished. At the time of a refinance, Borrower shall provide an MAI appraisal from an experienced and licensed appraiser reasonably acceptable to the CRA.

LOCAL CONTRACTING: Borrower will use its best efforts to work with the Lender to notify local business firms, minority owned firms, women-owned firms or labor surplus area firms of the opportunity to submit bids for construction work on the Project, with the goal of achieving a minimum 30% participation of the Project for minorities. Further, Borrower shall use its best efforts to hire local business firms, minority owned firms, women owned firms for the operation and management of the commercial uses within the Project and shall provide annual reports, in form, substance and content, using commercially reasonable standards, acceptable to the CRA and its successors and/or assigns.
