

RESOLUTION NO. 20-46

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF FORT LAUDERDALE, FLORIDA, AMENDING THE CITY OF FORT LAUDERDALE REVISED FY 2020 FINAL ALL FUNDS BUDGET FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2019, AND ENDING SEPTEMBER 30, 2020, AS AMENDED, BY APPROPRIATING AND TRANSFERRING FUNDS AS SET FORTH IN CITY COMMISSION AGENDA MEMO #20-0268, AMENDING THE CITY OF FORT LAUDERDALE FINAL FY 2020 - FY 2024 COMMUNITY INVESTMENT PLAN FOR THE FISCAL YEARS BEGINNING OCTOBER 1, 2019, AND ENDING SEPTEMBER 30, 2024, AS AMENDED, BY APPROPRIATING AND TRANSFERRING FUNDS AS SET FORTH IN CITY COMMISSION AGENDA MEMO #20-0268, ABANDONING THE REGIONAL REPLACEMENT/RECAPITALIZATION PROJECT, AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, pursuant to Resolution No. 19-184, adopted on September 17, 2019, the City Commission of the City of Fort Lauderdale, Florida, adopted the City of Fort Lauderdale Revised FY 2020 Final All Funds Budget for the Fiscal Year beginning October 1, 2019, and ending September 30, 2020; and

WHEREAS, pursuant to Resolution No. 19-182, adopted on September 17, 2019, the City Commission of the City of Fort Lauderdale, Florida, adopted the City of Fort Lauderdale Final FY 2020 - FY 2024 Community Investment Plan for the Fiscal Years beginning October 1, 2019, and ending September 30, 2024;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF FORT LAUDERDALE, FLORIDA:

SECTION 1. That the City of Fort Lauderdale Revised FY 2020 Final All Funds Budget for the Fiscal Year beginning October 1, 2019, and ending September 30, 2020, as amended, is hereby amended by appropriating and transferring funds, as set forth in City Commission Agenda Memo #20-0268, a copy of which is attached hereto and incorporated herein.

SECTION 2. That the City of Fort Lauderdale Final FY 2020 - FY 2024 Community Investment Plan for the Fiscal Years beginning October 1, 2019, and ending September 30, 2024, as amended, to the extent appropriated for the Fiscal Year beginning October 1, 2019, and ending September 30, 2020, is hereby amended by appropriating and transferring funds as set forth in City Commission Agenda Memo #20-0268.

SECTION 3. That the Regional Replacement/Recapitalization Project contained in the Community Investment Plan of the City of Fort Lauderdale, Florida, for the Fiscal Years beginning October 1, 2019, and ending September 30, 2024, as amended, are hereby abandoned.

SECTION 4. That this Resolution shall be in full force and effect upon final passage.

ADOPTED this the 20th day of March, 2020.

Mayor  
DEAN J. TRANTALIS

ATTEST:

\_\_\_\_\_  
City Clerk  
JEFFREY A. MODARELLI

**CITY OF FORT LAUDERDALE  
City Commission Agenda Memo  
REGULAR MEETING**

**#20-0268**

---

**TO:** Honorable Mayor & Members of the  
Fort Lauderdale City Commission

**FROM:** Chris Lagerbloom, ICMA-CM, City Manager

**DATE:** March 20, 2020

**TITLE:** Resolution Approving the Consolidated Budget Amendment to Fiscal Year  
2020 – Appropriation - **(Commission Districts 1, 2, 3 and 4)**

---

**Recommendation**

It is recommended that the City Commission adopt a resolution amending the Fiscal Year (FY) 2020 Budget and FY 2020 – FY 2024 Community Investment Plan (CIP) and abandoning the Regional Replacement/Recapitalization Project.

**Background**

Examples of recommended actions within the budget amendment are:

- transfer between funds;
- transfer between capital and operating budgets;
- transfer between capital projects;
- acceptance and appropriation of grant funding;
- amendment to staffing level;
- appropriation from fund balance; and
- appropriation for modified revenue and related expenditures.

Staff recommends that the City Commission amend the FY 2020 Final Budget and FY 2020 – FY 2024 Community Investment Plan by approving the following transfers and appropriations:

**Department of Sustainable Development**

**A. Transfer from Capital Project to Operating Budget, Appropriation of Unanticipated Revenue and Expense Reduction – Building Permits Fund – Transfer of Greg Brewton Sustainable Development Center - \$6,050,000**

The Department of Sustainable Development, Building Services Division (BSD) has been paying rent for space to the General Fund and is renting other space from an external landlord at an estimated cost of \$750,000 per year combined.

In order to reduce this rental expense in the future and to allow for upgrades to the property to accommodate growth in staffing levels over the past several years, the General Fund will transfer the value of the building and parking areas to the Building Permits Fund at an estimated cost of \$6,050,000 based upon the average of appraisals received by the City dated October 22, 2019 and January 27, 2020.

Funding for the transfer is recommended to come from the Greg Brewton Center (DSD) capital project in the amount of \$5,689,761 that was slated for a building acquisition, unanticipated rental revenue to the Building Permits Fund in the amount of \$114,481 from rent generated from the General Fund, and Building Permits Fund operating budget savings related to rental expense in the amount of \$245,758.

Staff recommends that the City Commission amend the FY 2020 Operating Budget and FY 2020 – FY 2024 Community Investment Plan by amending the appropriate accounts in the amount of \$6,050,000, to account for the transfer of the value of the building and parking areas of the Greg Brewton Sustainable Development Center to the Building Permits Fund.

### City Manager's Office

#### **B. Transfer from Capital Project to Operating Budget and Appropriation of Unanticipated Revenue and Transfer between Operating Budgets – General Fund, General Capital Fund – Discontinuation of Return on Investment charge to the Water and Sewer and Central Region/Wastewater Funds - \$10,551,171**

The FY 2020 adopted budget includes a Return on Investment charge to the Water and Sewer and Central Region Wastewater Funds of approximately \$10.2 Million with associated revenues to the General Fund.

Due to the unbudgeted expenses associated with mid-year emergencies that have occurred in the City's Water and Sewer system during FY 2020, management recommends that the Return on Investment charge be discontinued immediately with no Return on Investment charges being expensed to the utility funds for FY 2020.

In order to discontinue these Return on Investment charges in FY 2020, staff has identified several one-time funding solutions in the General Fund to replace the \$10.2 Million in budgeted revenue from the utility funds. This one-time solution will need to be replaced with a permanent and ongoing solution as a part of the FY 2021 budget process to ensure a structurally balanced budget in the General Fund for future years. One-time funding sources identified to replace the Return on Investment revenue from the utility funds are outlined below:

- Unbudgeted revenue generated from the transfer of the Greg Brewton Center building

in the amount of \$6,050,000. This one-time revenue is offset by \$114,481 in an additional rental expense that the General Fund will incur as a result of the transfer value of the building and parking areas and a reduction of \$245,758 in revenue to the General Fund from the Building Fund related to rental expenses.

- Unbudgeted Building Permit Premium Fees revenue in the amount of \$1,000,000. The Premium Fee was adopted with the new building permit fees and went into effect on December 1, 2018. The fee was created to account for disparity in the increased number of permits issued, corresponding with an increase in plan reviews and inspections.
- Unbudgeted interest related to earned pooled investments estimated in the amount of \$450,000.
- Savings in the amount of \$500,000 budgeted for part time employees in order to implement the Florida Retirement System (FRS) in FY 2020. The FRS program will not be implemented until FY 2021.
- Due to the estimated timing of the Broward City Segment II Beach Nourishment Project, \$2,551,171 in budgeted funds available in this project will not be required in FY 2020. These funds are recommended to be utilized in FY 2020 to immediately offset the Return on Investment revenue reduction and must be replaced by FY 2022.

Staff recommends that the City Commission amend the FY 2020 Operating Budget and FY 2020 – FY 2024 Community Investment Plan by amending the appropriate accounts in the amount of \$10,551,171 to facilitate the removal of the Return on Investment charges to the Water and Sewer and Central Region/Wastewater Funds.

### Public Works

**C. Appropriation from Fund Balance, Transfer Between Capital Projects and Operating Budget, and Appropriation of Unanticipated Revenue and Expense - Water and Sewer General Capital Projects Fund, Water and Sewer Operations - Fund – Sewer Main Repairs, Replacements, Regulatory Fines, and NE 5th Street Force Main Improvement and NE 36th Street Force Main Improvement Projects - \$11,549,446**

Since December 10, 2019, the City has experienced several Force Main failures within the City's water and sewer system. Although repairs, remediation work, and pipe replacement continue, to date the identified costs including regulatory fines along with the capital project estimates stemming from these events, total \$11,549,446 in the City's Water and Sewer Fund.

Estimated emergency operating costs and capital projects including design, permitting and installation are outlined below:

- The removal and replacement of approximately 4,800 linear feet of 16-inch Force Main at Northeast 5th Street in Victoria Park and Coral Ridge 36<sup>th</sup> Street. The NE 5th Street Force Main Improvement Project consists of an emergency repair for a 16-inch force main located on NE 5th Street, between NE 9th Avenue and NE 19th Avenue in the Victoria Park Neighborhood. This project is for the removal and replacement of approximately 4,800 linear feet of 16-inch diameter cast iron force main pipe with new 16-inch diameter ductile iron force main pipe in the amount of \$1,929,050.
- The NE 36th Street Force Main Improvement Project is an emergency repair for a 12-inch force main located on NE 36th Street, between Bayview Drive and the Intracoastal Waterway in the Coral Ridge Neighborhood. This project is for the removal and replacement of approximately 1,200 linear feet of 12-inch diameter cast iron force main pipe with new 12-inch diameter ductile iron Force Main pipe in the amount of \$309,875.
- Operating Costs such as environmental cleaning, pumping services, lab supplies, air monitoring and pipe yard inventory in the amount of \$1,355,682.
- Legal Services assisting the City in responding to the Florida Department of Environmental Protection in the amount of \$150,000.
- Florida Department of Environmental Protection State fine in the amount of \$1,800,000.
- City of Fort Lauderdale increase for Large User Fees in the amount of \$6,004,839.

Staff recommends appropriations and transfers from unobligated fund balances, appropriation of unbudgeted Water and Sewer General Capital Projects Fund interest related to earned pooled investments, and savings from the discontinuation of the Return on Investment paid to the General Fund to fund these unbudgeted expenses.

Staff recommends that the City Commission amend the FY 2020 Operating Budget and FY 2020 – FY 2024 Community Investment Plan by amending the appropriate accounts in the Water and Sewer Operations, and in the Water and Sewer General Capital Projects Funds in the amount of \$11,549,446.

**D. Appropriation from Fund Balance, Transfer Between Capital Projects and Operating Budget, and Appropriation of Unanticipated Revenue and Expense - Central Regional Wastewater Fund, Central Regional Wastewater System Projects Fund – Sewer Main Repairs and Replacements and Rio Vista Tarpon River Subaqueous Redundant Force Main Project - \$16,269,512**

***Abandoning the Regional Replacement/Recapitalization Project.***

Beginning in December and continuing through January, the City experienced major sewer force main failures which were found to be caused by structurally deficient deteriorated pipes within the boundaries and responsibility of the Central Regional Sewer System.

Estimated emergency operating costs and capital projects including design, permitting and installation are outlined below:

- Acceleration of a design-build capital project for the Rio Vista Tarpon River Subaqueous Redundant Force Main Project. This project will result in the installation of a new redundant 48-inch sewer force main under the Tarpon River bend near the existing 54-inch force main in the Rio Vista Community in the amount of \$5,127,200.
- Operating Costs such as environmental cleaning, pumping services, lab supplies, air monitoring and pipe yard inventory in the amount of \$11,142,312.

Staff recommends appropriations and transfers from unobligated fund balances, the appropriation of unanticipated revenue from large users to the Central Regional Wastewater Fund, savings from the Corrosion Inhibitor Chemical Feed Program that was not yet implemented, and savings from the discontinuation of the Return on Investment paid to the General Fund to fund these unbudgeted expenses.

Staff recommends that the City Commission amend the FY 2020 Operating Budget and FY 2020 – FY 2024 Community Investment Plan in the amount of \$16,269,512 to support emergency operating expenses related to Central Region/Wastewater system sewer repairs and replacement and funding of the Rio Vista Tarpon River Subaqueous Redundant Force Main project.
