Briefly describe topic to be discussed: _____

Rain Tree Park

I encourage the Commission to work with the developer of Marina Lofts, the new proposed 1000+ unit apartment complex on the New River just east of the Esplanade Condominium, to preserve the Rain Tree at that location and make a public "pocket" park around the tree. The park was proposed in the New River Master Plan and would serve to provide a one of its kind park around a one of its kind tree. Also it could be a distinguishing feature for the developer to incorporate into his building. A win for everyone.
