Coral Ridge Country Club Homeowner Assoc – District I Commissioner Roberts

Welcome Community Appearance Board Member – David Bowles

The Stellas/Johnston renovation project is located in the Coral Ridge area of Fort Lauderdale. The owners purchased the home in 2010 with the intention of completely redesigning the whole home. The home was built in 1980 but had been neglected in recent years and James and Craig were excited about creating the new look.

James and Craig asked for a very clean contemporary architecture as they both have always loved the pristine, clean look of contemporary architecture. They worked closely with their architect, Bruce Celenski, AIA, who transformed the entire house inside and out.

Renovation work started in the summer of 2011 and the project was completed in March of 2012. The architectural design was completed revamped to a full contemporary design and landscaping was created around the mature oak trees that framed the front of the home.

Bruce Celenski says, “The owners were wonderful to work with. They knew exactly what they wanted and were able to express the desire for a contemporary home to realize their vision of clean lines and subtle expressions of white interior space”.

The Fort Lauderdale City Commission and the Community Appearance Board proudly present the WOW Award for April 2014 to James Stellas and Craig Johnston and thank them for enhancing the neighborhood and the City of Fort Lauderdale.

We are pleased to present you with a certificate of appreciation from the City Commission, a gift certificate from Kelly’s Landing and an orchid donated by Home Depot to celebrate the recognition.
