Good morning Karen,

DSBD is in receipt of BioRamo's request for a revised QTI Certification. The company has requested a push in its job schedule out one year to fully benefit from the QTI program. To proceed with this request, DSBD will need documentation of continued LFS support from the City of Fort Lauderdale. This may come in the form of a letter of support from the community or a revised resolution.

Should you have any questions, please do not hesitate to contact me.

Regards,

Maureen Smith
