

RESOLUTION NO. 14-45

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF FORT LAUDERDALE, FLORIDA, AMENDING THE FINAL OPERATING BUDGET AND PERSONNEL COMPLEMENT OF THE CITY OF FORT LAUDERDALE, FLORIDA, FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2013, AND ENDING SEPTEMBER 30, 2014, BY APPROPRIATING FUNDS AS SET FORTH IN CITY COMMISSION AGENDA MEMO #14-0090 AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, pursuant to Resolution No. 13-168, adopted on September 12, 2013, the City Commission of the City of Fort Lauderdale adopted the Final Operating Budget and Personnel Complement of the City of Fort Lauderdale, Florida for the Fiscal Year beginning October 1, 2013, and ending September 30, 2014,

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF FORT LAUDERDALE, FLORIDA:

SECTION 1. That the Final Operating Budget and Personnel Complement of the City of Fort Lauderdale for the Fiscal Year beginning October 1, 2013, and ending September 30, 2014, is hereby amended by appropriating funds and adjusting the personnel complement as set forth in Commission Agenda Memo #14-0090, copy of which is attached hereto and incorporated herein.

SECTION 2. That this Resolution shall be in full force and effect upon final passage.

ADOPTED this the 4th day of March, 2014.

Mayor

JOHN P. "JACK" SEILER

ATTEST:

City Clerk
JONDA K. JOSEPH

CITY OF FORT LAUDERDALE
City Commission Agenda Memo
REGULAR MEETING

#14-0090

TO: Honorable Mayor & Members of the
Fort Lauderdale City Commission

FROM: Lee R. Feldman, ICMA-CM, City Manager

DATE: March 4, 2014

TITLE: Resolution approving the consolidated budget amendment

Recommendation

It is recommended that the City Commission adopt a resolution amending the Fiscal Year 2014 Budget.

Background

Budget amendments are consolidated into one agenda item for consideration at the first meeting of each month.

Examples of recommended actions within the consolidated budget amendment are:

- transfer between funds;
- transfer between capital and operating budgets;
- transfer between capital projects;
- acceptance and appropriation of grant funding;
- appropriation from fund balance; and
- appropriation for modified revenue and related expenditures.

Staff is recommending that the City Commission amend the FY 2014 Operating Budget and Community Investment Plan by approving the following transfers and appropriations:

Fire-Rescue

A. Acceptance of grant funding and appropriation – Grants Fund – Urban Area Security Initiative (UASI) - \$62,940.17

The City of Fort Lauderdale was awarded a grant in the amount of \$62,940.17 from the Miami-Fort Lauderdale Urban Area Work Group for the Portable Handheld Video X-Ray Unit project. This device will reduce the risks of injuries and casualties to neighbors, visitors and responders in the event of a bomb threat. The grant acceptance CAM 14-0272 and the purchasing CAM 14-0267 are companion items on this agenda. No match is required.

Staff recommends that the City Commission amend the FY 2014 operating budget by amending the appropriate revenue and expense accounts in the Grants Fund in the amount of \$62,940.17 to facilitate the Portable Handheld Video X-Ray Unit project.

Human Resources

B. Appropriation for modified expenses – City Insurance Fund – reimbursement from insurance carrier - \$489,622

The City paid out a structured workers' compensation settlement to a former employee last month. This item was approved at the February 4, 2014 City Commission meeting, CAM 14-018. The settlement will be fully reimbursed by the excess insurance carrier since the City has exceeded the policy retention level. For correct accounting purposes, it is recommended to amend the revenue budget to account for this revenue.

Staff recommends that the City Commission amend the FY 2014 operating budget by amending the appropriate accounts in the Self Insurance Fund in the amount of \$489,622 to facilitate the reimbursement of the structured settlement from the worker's compensation excess insurance carrier.

Information Technology Services

C. Amendment of City Staffing Levels – Central Services Fund, Building Fund and Parking Fund – two additional Senior Technology Strategists positions - \$110,312

Due to technology infrastructure upgrades, two additional Senior Technology Strategists are recommended to plan, organize, direct, and coordinate the various activities of implementing the new Document Management System, along with the scanning project and electronic plans review for Department of Sustainable Development and the Transportation and Mobility Department. Both positions will be centralized in the Information Technology Services Department, but will be financially supported by the departments provided support. An estimated cost of \$110,312 is required to fund the two additional positions for the remaining 6 months of the FY 2014.

Staff recommends that the City Commission amend the FY 2014 operating budget by amending the Parking Systems Fund by \$55,156 and the Building Permit Fund by \$55,156 for a total budget amendment of \$110,312 for funding two Senior Technology Strategist positions. In addition, it is recommended that the FY 2014 Personnel Complement be amended to add two (2) full-time Senior Technology Strategist positions.

D. Transfer between capital projects – Central Services Fund – Regional Consolidated Dispatch and Records Management System project - \$34,868

As part of the migration to the Regional Consolidated Dispatch and Records Management System project, two additional purchases are needed. Computers for teletype operations and mobile equipment installations for Fire-Rescue back up vehicles were not identified in the original project purchase request approved by the City Commission on November 5, 2013 (CAM #13-1404). The estimated cost of these purchases is \$34,868, which will be funded from the Radio Communications Microwave Replacement project balance.

Staff recommends the City Commission amend the FY 2014 Community Investment Plan (CIP) and Budget by amending the appropriate accounts in the Central Services Fund in the amount of \$34,868 to facilitate the completion of the migration of the Broward County regional consolidated dispatch and records management system.

Parks and Recreation

E. Appropriation for modified revenue and related expenditures – Commemorative Tree Canopy Trust Fund to General Fund – porous paving tree pit - \$45,500

To enhance the City's aesthetics and attractiveness, a porous paving tree pit system will be purchased. This new tree pit system will replace the current iron tree gates that trap trash and debris and causes hazards. Funding is provided via collected tree fines, which are deposited and held in a trust account for future tree replacements. The purchasing agreement, CAM 14-0178, is a companion item on this agenda.

Staff recommends that the City Commission amend the FY 2014 Community Investment Plan (CIP) and Budget by amending the appropriate accounts in the General Fund and General Capital Projects Fund, in the amount of \$45,500 to facilitate the purchase of trees.

F. Transfer between capital projects – General Capital Projects Fund –playground replacements - \$94,177.24

Several playgrounds are in need of replacement and have been approved as a part of the FY 2014 Community Investment Plan. For three of the playgrounds, the actual cost was more than the allocated budget; however, there were four others that came in under budget. Staff recommends that the available balances from the under budgeted playgrounds be transferred to the playground projects that came in over budget. Replacement playgrounds for Bass, Riverside, and Imperial Points parks require additional funding totaling \$94,177.24. The total budget originally approved for all seven parks will not be exceeded. The contract award is a companion item (CAM 14-0209) on this agenda.

Staff recommends the City Commission amend the FY 2014 Community Investment Plan (CIP) and Budget by amending the appropriate accounts in the General Capital Projects Fund in the amount of \$94,177.24 to facilitate the playground replacements at Bass, Riverside, and Imperial Point Parks.

Police

G. Appropriation for modified revenue and related expenditures - General Fund – police mounted unit donation - \$5,900

The City received a donation in the amount of \$5,900 from a benevolent group of Fort Lauderdale neighbors. Funds will be used to assist the Fort Lauderdale Police Mounted Unit with the acquisition of goods. The funds will be used to purchase equipment and/or maintenance services to include a storage locker, saddle bags and a round pen fence. Any remaining funds will be used for goods and services which directly benefit the mounted unit. The donation will be presented to the City Commission as a presentation item on this agenda.

Staff recommends that the City Commission amend the FY 2014 General Fund operating budget by amending the appropriate accounts in the General Fund in the amount of \$5,900 to facilitate the purchase of equipment, such as a storage locker, saddle bags, and pen fence to support the Fort Lauderdale Police Mounted Unit.

Public Works

H. Transfer between capital and operating budgets - Central Regional Wastewater System Fund- change order for epoxy polymer lining replacement - \$59,000

The City Commission approved the replacement of the epoxy polymer lining on September 3, 2013 (CAM 13-1087). However, additional damage and deterioration was discovered once the underlying protective coatings were removed during the replacement efforts. Additional funding in the amount of \$59,000 is recommended to provide the proper protection to the tank structure and also provide a proper surface to

allow application of the final epoxy liner system. The change order will be presented to the City Commission for approval at the March 18, 2018 meeting (CAM 14-0217).

Staff recommends that the City Commission amend the FY 2014 Community Investment Plan (CIP) and Budget by amending the appropriate accounts in the Central Regional Wastewater System Fund in the amount of \$59,000 to facilitate the change order to repair and replace the epoxy polymer lining.

I. Appropriation from fund balance - Cemetery Perpetual Care Trust – repaving roads at Lauderdale Memorial Park Cemetery - \$215,712

On January 9, 2014, the Cemetery Board of Trustees voted to approve expenditures up to \$215,712 from the Cemetery Perpetual Care Trust Fund to repave the roads at Lauderdale Memorial Park. The contract award is a companion on this agenda, CAM 14-0233.

Staff recommends that the City Commission amend the FY 2014 Community Investment Plan (CIP) and Budget by amending the appropriate accounts in the Cemetery Perpetual Care Trust Fund in the amount of \$215,712 to facilitate repaving roads at Lauderdale Memorial Park Cemetery.

J. Appropriation from fund balance – Stormwater Fund – annual canal dredging - \$998,000

The annual dredging contract is used to maintain the City's canals for navigation purposes and the unclogging of outfall pipes from the canals. Staff has identified 12 canal locations to be dredged during fiscal year 2014 with a total estimated cost of \$1,223,580, which includes construction costs and administration fees. The City of Fort Lauderdale's outfall structures deposit sediment into canals, which can impact water quality of the canals in addition to depositing sediment that requires dredging. Since municipal stormwater management includes flood control as well as water quality and resource management, it is recommended to use Stormwater funds for \$998,000 of this dredging project. The remaining funds are available from the General Capital Projects Fund dredging project.

Staff recommends that the City Commission amend the FY 2014 Community Investment Plan and Budget by amending the appropriate accounts in the Stormwater Fund in the amount of \$998,000 to facilitate the necessary dredging activities throughout the City.

Sustainable Development

K. Appropriation from fund balance and transfer between capital budgets – Central Beach Redevelopment CRA CIP Fund – streetscape improvement projects - \$475,479.49

The City Commission approved streetscape improvements along State Road A1A and Almond Avenue (within the Central Beach CRA boundaries) at the September 23, 2013 City Commission's Joint Workshop with the Beach Redevelopment Agency Board. Improvements include design and installation of new pavers, relocating sidewalk impediments (trees, signs, poles, lights etc.), and construction of new restroom facilities. Estimated cost of the design and implementation is \$1.2 million; however, additional funding of \$475,479.49 is needed to supplement the available funding. Staff recommends that this additional funding be appropriated from the Central Beach Redevelopment CRA fund balance and from the State Road A1A Beachfront Promenade project, which will be closed. The March 4, 2014 Community Redevelopment Agency Board of Directors meeting includes a companion agenda item, CAM 14-0323, to fund the project. The contract award is also a companion item on the City Commission regular agenda, CAM 14-0238.

Staff recommends that the City Commission amend the FY 2014 Community Investment Plan (CIP) and Budget by amending the appropriate accounts in the Central Beach Redevelopment CRA CIP Fund in the amount of \$475,479.49 to facilitate the design and implementation of the streetscape improvement project along State Road A1A and Almond Avenue.

L. Appropriation from fund balance – Northwest Progresso Flagler Heights CRA CIP Fund – Flagler Heights Community improvement projects - \$155,000

On February 18, 2014, the City Commission approved Northwest Progresso (NWP) Flagler Heights Community Redevelopment CRA CIP funds for community improvement projects that were originally programmed to come from Community Development Block Grant (CDBG) funds (CAM 14-0155). The following projects were approved by the Community Redevelopment Agency Board of Directors in the amounts indicated:

- River Gardens Sweeting Estates Entryway Monuments and Landscaping – \$35,000
- Dorsey Riverbend Curb and Sidewalk –\$35,000
- River Gardens Sweeting Park Improvements –\$35,000
- River Gardens Perimeter Privacy Wall –\$35,000
- Midtown Business Association Streetscape –\$15,000

Staff recommends that the City Commission amend the FY 2014 Community Investment Plan (CIP) and Budget by amending the appropriate accounts in the Northwest Progresso Flagler Heights CRA CIP Fund in the amount of \$155,000 to facilitate the neighborhood improvements projects.

Resource Impact

The fiscal impact in the various funds is outlined in the tables below. The letters below correspond to the descriptions in the background section of this document.

Where applicable, the approval of companion agenda items listed below is contingent upon the approval of the respective companion items as part of this consolidated budget amendment.
