DATE: July 2, 2024

TITLE: Motion Setting the Proposed Fiscal Year 2025 Non-Ad Valorem
Assessment Rate and Public Hearing Date for the Lauderdale Isles Water
Management District Tentative Budget - **(Commission District 4)**

Recommendation

Staff recommends the City Commission approve a motion setting the proposed non-ad valorem assessment rate for the Lauderdale Isles Water Management District at \$15 per parcel, establishing the date of September 12, 2024, at 5:01P.M., Broward Center for the Performing Arts - Mary N. Porter Riverview Ballroom - 201 SW 5th Avenue, Fort Lauderdale, Florida 33312, to hold a public hearing to consider the tentative budget for the Lauderdale Isles Water Management District, and directing the Acting City Manager or her designee to notify the Broward County Property Appraiser of such assessment rate, date and location.

Background

The Lauderdale Isles Water Management District was created as a water management district by the Broward County Commission in November 1970 for the purpose of protecting the water quality of the waterways in Lauderdale Isles. The District became a dependent district of the City of Fort Lauderdale when it was annexed in 2002. The primary activity of the district has been aquatic weed control in canals.

The governing board of the District is required to prepare and submit a tentative budget to the Fort Lauderdale City Commission annually for approval. The budget must cover its proposed operation and requirements for the ensuing fiscal year. The District advertised its intent to establish the non-ad valorem assessment and budget and approved its tentative budget at its March 18, 2024, district meeting.

The Lauderdale Isles Water Management District's tentative budget for Fiscal Year 2025 of \$127,636 is based upon a levy on all real and personal property subject to a non-ad valorem assessment of \$15 per parcel for properties within the District.
