Re: Item M16 on January 7, 2014 City Commission Agenda – Motion to Schedule a CRR Hearing

Dear Mr. Feldman:

This letter relates to Item M16 on the January 7 City Commission Agenda. The item says that, if the City Commission finds that the criteria for commission request for review (CRR) under City Ordinance No. C-07-108 have been met, the City Commission should adopt a motion scheduling a hearing for January 22, 2014 to review the two AT&T permit applications referenced in the back-up material for the item.

If the motion is adopted and the hearing is scheduled, AT&T respectfully requests that the hearing date be deferred from January 22 to February 4 (the next City Commission meeting date after January 22).

The request is largely due to logistics from AT&T's standpoint, since relevant AT&T personnel are not available on January 22 to attend a hearing.

Thank you for your consideration.

Sincerely,

Vic Beninate
