TITLE: Imposition of Special Assessment Liens for Costs Associated with Lot
Clearing and Cleaning

Recommendation

It is recommended that the City Commission approve the imposition of a Special Assessment Lien for the costs associated with cleaning and removal of debris associated with the properties listed in Exhibit 1.

Background

Pursuant to City Commission Resolution 11-14, approved on January 19, 2011, the City cleaned and removed debris on the properties listed in the attached Exhibit 1. The exhibit lists the actual costs and expenses incurred by the City to abate the public nuisance. Those costs and expenses are to be recorded against the respective properties as a special assessment lien in the public records of Broward County.

In accordance with the Section 18-13, of the City Code, the property owner was provided with notification to clean and clear the property within 10 days of the date of notice. Since compliance was not achieved within the required timeframe, the property was cleared and cleaned by the City. The Statement of Assessed Costs and Expenses was mailed to the property owner for reimbursement of those expenditures and has remained unpaid.

Resource Impact

Should the City receive payment on the outstanding balance, there will be a positive fiscal impact to the City in the amount of \$46,210.77.
