Fort Lauderdale City Commission

TITLE: Resolution Setting an Overall Goal for the Disadvantaged Business
Enterprise Program at the Fort Lauderdale Executive Airport

Recommendation

It is recommended that the City Commission adopt a resolution setting an overall goal of 9.67% for Disadvantaged Business Enterprise (DBE) participation in the U.S. Department of Transportation (DOT) assisted contracts at the City of Fort Lauderdale Executive Airport.

Background

The DOT adopted regulations with respect to participation of DBE contractors in programs financed with federal funds.

The regulations require that the City set an overall goal for participation, state the program's objectives, and outline responsibility, including a responsible DBE liaison officer. Pursuant to these regulations, the City advertised its goals and received no public comments.

Staff is recommending that the City Commission approve the resolution setting the City's DBE goals and designating the Assistant City Manager, Stanley Hawthorne or his successor, as the DBE liaison officer.
