The Historic Stranahan House Museum has served as a Welcome Center for downtown Fort Lauderdale and the beaches for more than three decades – welcoming guests from around the corner and around the world just as Frank and Ivy Stranahan had when they operated the area’s first trading post. For many years, the museum has been hidden behind a construction fence and the view to Las Olas Boulevard has been obstructed. With the completion of the Icon building on the adjacent property, Stranahan House will enjoy an unobstructed view from Las Olas for the first time in many years.

The new Welcome Center will be built on the northeast corner of the property with unobstructed access to Las Olas Boulevard, the expanded Riverwalk linear park, and the Water Taxi and Trolley stops.

The fully staffed building will serve as a ticket booth and expanded gift shop, featuring handcrafted items from local craftspeople. The increased sales will help to cover costs of operating the new facility. Staff will be able to offer personalized customer service for guests, directing them to museum services, other tourist points of interest, additional cultural venues, and area restaurants and shops.

The Welcome Center will provide for better accessibility for all guests and create a smooth transition from the front of the House around the entire property, while also increasing security for the historic property by having museum visitors enter and exit through one access point.

WELCOME CENTER

The new Welcome Center will include a ticket window and gift shop to improve access and control of the site while promoting community awareness of the museum.
