PROJECT DESCRIPTION:

The applicant is seeking to rezone two properties located at 900 NW 1st Avenue on the east side of NW 1st Avenue, west of N. Andrews Avenue, south of W. If approved, the NWRAC-MUne district will extend west to NW 1st Avenue and north of NW 9th Street, up to the Progresso Commons Shopping Plaza and will encompass all of 900 NW 1st Avenue. The existing sites are currently comprised of vacant land, and storage of automobiles. At this time, development plans on the subject parcels have not been submitted with the rezoning application.

The location map is attached as **Exhibit 1**. The application, applicant’s narrative responses to review criteria and a sketch and legal description of the area proposed to be rezoned are provided as **Exhibit 2**.

REVIEW CRITERIA:

Pursuant to criteria outlined in the City’s Unified Land Development Regulations (ULDR) Section 47-24.4.D, Rezoning, the rezoning application shall be reviewed in accordance with the following:

1. The zoning district proposed is consistent with the City’s Comprehensive Plan.

Rezoning the property to NWRAC-MUne is consistent with the Northwest Regional Activity Center (NWRAC) future land use. Reference the Comprehensive Plan Consistency section herein for additional information.

2. The changes anticipated by the proposed rezoning will not adversely impact the character of development in or near the area under consideration.

The proposed rezoning of the property to NWRAC-MUne will not adversely impact the character of development in or near the area under consideration. The land proposed for rezoning is surrounded by properties zoned RMM-25 to the south and west, and NWRAC-MUne to the east and north. The Northwest/Progresso/Flagler Heights Redevelopment Plan promotes new infill development to help support local commerce and community revitalization. Rezoning of properties to NWRAC-MUne is in alignment with the goal of supporting redevelopment opportunities and has the potential of increasing a mix of uses including housing opportunities and local employment.

3. The character of the area proposed is suitable for the uses permitted in the proposed zoning district and is compatible with surrounding districts and uses.

The proposed rezoning is intended to promote and enhance a mixture of residential and non-residential uses which supports the character of the area and provides for a wide range of employment, shopping, services, cultural and residential opportunities within the NWRAC. Rezoning to NWRAC-MUne will ensure compliance with development standards that future development on the subject sites will be required to meet. The Northwest Regional Activity Center Design Standards, include but are not limited to building requirements, open space, vehicular and pedestrian access, parking, landscaping, as well as neighborhood compatibility standards which will be applied during the development review process at the time of site plan application.
