In such instances, the Provider remains liable for the Provider’s own actions to the extent such liability exists in the absence of the legally impermissible indemnification.

6.1. Financial Penalties for Failure to Take Corrective Action

6.1.1. In accordance with the provisions of §402.73(1), F.S., and Rule 65-29.001, F.A.C., should the Department require a corrective action to address noncompliance under this Contract, incremental penalties listed in **6.1.2** through **6.1.3** shall be imposed for the Provider's failure to achieve the corrective action. These penalties are cumulative and may be assessed upon each separate failure to comply with instructions from the Department to complete corrective action, but shall not exceed 10% of the total contract payments during the period in which the corrective action plan has not been implemented or in which acceptable progress toward implementation has not been made. These penalties do not limit or restrict the Department's application of any other remedy available to it under law or this Contract.

6.1.2. The increments of penalty imposition that shall apply, unless the Department determines that extenuating circumstances exist, shall be based upon the severity of the noncompliance, nonperformance, or unacceptable performance that generated the need for corrective action plan, in accordance with the following standards.

6.1.2.1. Noncompliance that is determined by the Department to have a direct effect on client health and safety shall result in the imposition of a 10% penalty of the total contract payments during the period in which the corrective action plan has not been implemented or in which acceptable progress toward implementation has not been made.

6.1.2.2. Noncompliance involving the provision of service not having a direct effect on client health and safety shall result in the imposition of a 5% penalty.

6.1.2.3. Noncompliance as a result of unacceptable performance of administrative tasks shall result in the imposition of a 2% penalty.

Such Notice may be issued without providing an opportunity for cure if it specifies the nature of the noncompliance and states that provision for cure would adversely affect the interests of the State or is not permitted by law or regulation. Otherwise, Notice of termination will be issued after the Provider's failure to fully cure such noncompliance within the time specified in a Notice of noncompliance issued by the Department specifying the nature of the noncompliance and the actions required to cure such noncompliance. The Department's failure to demand performance of any provision of this Contract shall not be deemed a waiver of such performance. The Department's waiver of any one breach of any provision of this Contract is not a waiver of any other breach and neither event is a modification of the terms and conditions of this Contract. **6.2** does not limit the Department's right to legal or equitable remedies.

6.2.5. Failure to have performed any contractual obligations under any other contract with the Department in a manner satisfactory to the Department will be a sufficient cause for termination. Termination shall be upon no less than 24 hours' Notice to the Provider and only if the Provider:

6.2.5.1. Previously failed to satisfactorily perform in a contract with the Department, was notified by the Department of the unsatisfactory performance, and failed to timely correct the unsatisfactory performance to the satisfaction of the Department; or

6.2.5.2. Had any other contract terminated by the Department for cause.

6.2.6. In the event of termination under **6.2.1** or **6.2.3**, the Provider shall be compensated for any work satisfactorily completed through the date of termination or an earlier date of suspension of work.

6.2.7. **ATTACHMENT I
FINANCIAL COMPLIANCE**

The administration of resources awarded by the Department to the Provider may be subject to audits as described in this Attachment.

1. MONITORING

1.1. In addition to reviews of audits conducted in accordance with 2 CFR §§200.500- 200.521 and §215.97, F.S., as revised, the Department may monitor or conduct oversight reviews to evaluate compliance with contract, management, and programmatic requirements. Monitoring or oversight reviews include on-site visits by Department staff, agreed-upon-procedures engagements as described in 2 CFR §200.425, or other procedures. By entering into this agreement, the Provider shall comply and cooperate with any monitoring or oversight reviews deemed appropriate by the Department. In the event the Department determines that a limited scope audit of the Provider is appropriate, the Provider shall comply with any additional instructions provided by the Department regarding such audit. The Provider shall comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Department’s Inspector General, the state’s Chief Financial Officer or the Auditor General.

2. AUDITS

2.1. Part I: Federal Requirements

2.1.1. This part is applicable if the Provider is a state or local government, or a nonprofit organization as defined in 2 CFR §§200.500-200.521.

2.1.2. In the event the Provider expends \$750,000 (\$1,000,000 for fiscal years beginning on or after October 1, 2024) or more in federal awards during its fiscal year, the Provider must have a single or program-specific audit conducted in accordance with the provisions of 2 CFR §§200.500-200.521. The Provider shall provide a copy of the single audit to the Department’s Single Audit Unit and its contract manager. In the event the Provider expends less than \$750,000 (\$1,000,000 for fiscal years beginning on or after October 1, 2024) in federal awards during its fiscal year, the Provider shall provide certification to the Department’s Single Audit Unit and its contract manager that a single audit was not required. If the Provider elects to have an audit that is not required by these provisions, the cost of the audit must be paid from non-federal resources. In determining the federal awards expended during its fiscal year, the Provider shall consider all sources of federal awards, including federal resources received from the Department of Children & Families, federal government (direct), other state agencies, and other non-state entities. The determination of amounts of federal awards expended shall be in accordance with guidelines established by 2 CFR §§200.500-200.521. An audit of the Provider conducted by the Auditor General in accordance with the provisions of 2 CFR Part 200 §§200.500-200.521 will meet the requirements of this part. In connection with the above audit requirements, the Provider shall fulfill the requirements relative to auditee responsibilities as provided in 2 CFR §200.508.

2.1.3. The audit’s schedule of expenditures shall disclose the expenditures by contract number for each contract with the Department in effect during the audit period. The audit’s financial statements shall disclose whether or not the matching requirement was met for each applicable contract. All questioned costs and liabilities due the Department shall be fully disclosed in the audit report package with reference to the specific contract number.

2.2. Part II: State Requirements

2.2.1. This part is applicable if the Provider is a non-state entity as defined by §215.97(2), F.S.

2.2.2. In the event the Provider expends \$750,000 or more in state financial assistance during its fiscal year, the Provider must have a state single or project-specific audit conducted in accordance with §215.97, F.S.; applicable rules of the Department of Financial Services; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. The Provider shall provide a copy of the single audit to the Department’s Single Audit Unit and its

contract manager. In the event the Provider expends less than \$750,000 in state financial assistance during its fiscal year, the Provider shall provide certification to the Department's Single Audit Unit and its contract manager that a single audit was not required. If the Provider elects to have an audit that is not required by these provisions, the cost of the audit must be paid from non-state resources. In determining the state financial assistance expended during its fiscal year, the Provider shall consider all sources of state financial assistance, including state financial assistance received from the Department of Children & Families, other state agencies, and other non-state entities. State financial assistance does not include federal direct or pass-through awards and resources received by a non-state entity for federal program matching requirements.

2.2.3. In connection with the audit requirements addressed in the preceding paragraph, the Provider shall ensure that the audit complies with the requirements of §215.97(8), F.S. This includes submission of a financial reporting package as defined by §215.97(2), F.S., and Chapters 10.550 or 10.650, Rules of the Auditor General.

2.2.4. The audit's schedule of expenditures shall disclose the expenditures by contract number for each contract with the Department in effect during the audit period. The audit's financial statements shall disclose whether or not the matching requirement was met for each applicable contract. All questioned costs and liabilities due the Department shall be fully disclosed in the audit report package with reference to the specific contract number.

2.3. Part III: Report Submission

2.3.1. Audit reporting packages (including management letters, if issued) required pursuant to this agreement shall be submitted to the Department within 30 (federal) or 45 (state) days of the Provider's receipt of the audit report or within nine months after the end of the Provider's audit period, whichever occurs first, directly to each of the following unless otherwise required by Florida Statutes:
