**Re: City of Fort Lauderdale – Palm Aire Park Parcel
Rezoning Request from Residential Zoning District (RS-5) to Parks, Recreation and Open Space
(P)**

The City of Fort Lauderdale is seeking to rezone 8,038 square feet (0.1845 acres) parcel of land located at 3352 NW 63rd St. The request is to rezone from Residential Zoning District (RS-5) to Parks, Recreation and Open Space (P).

In accordance with the City's Unified Land Development Code, Section 47-24.4, Rezoning, an application to rezone shall address specific criteria contained in Section 47-24.4.D. Outlined below are responses to the criteria.

1. The zoning district proposed is consistent with the city's comprehensive plan.

RESPONSE: The City's Comprehensive Plan is designed to address the needs and aspirations of the community while addressing the City's requirements for growth. Rezoning of this parcel will enable the City to meet the following goals and objectives of the City's comprehensive Plan. Goal 1: Provide levels of service for Parks and Recreation Facilities sufficient to meet the existing and future needs of the City of Fort Lauderdale's population. Objective 1.1: The City will provide parkland and open space to meet a Level of Service Standard of 3 acres per one thousand residents. Policy 1.1.2 states that all city owned/designated park sites are to be zoned P for Parks, Recreation and Open Space and have a land use designation of Park-Open Space, where appropriate.

This item additionally advances the *Fast Forward Fort Lauderdale 2035 Vision Plan* and supports the City's *Press Play Fort Lauderdale Strategic Plan 2024* initiative specifically advancing: Goal 3: Be a community that finds opportunities and leverages partnerships to create unique, inviting, and connected gathering in places that highlight our beaches, waterways, urban areas, and parks as well as Objective 1: Improve access to and enjoyment of our beach, Riverwalk, waterways, parks and open spaces for everyone.

2. The changes anticipated by the proposed rezoning will not adversely impact the character of development in or near the area under consideration. Substantial changes in the character of development in or near the area under consideration supports the proposed rezoning.

RESPONSE: The property where the proposed rezoning is to take place is an existing park. Moving forward with the proposed rezoning will further solidify the current park use. Furthermore, the character of development of the parcel with its landscaping and vegetation supports the proposed rezoning. If approved the use of this land, inclusive of the proposed park amenities, will be consistent with the City's pattern of development for Parks and Recreation uses.

3. The character of the area proposed is suitable for the uses permitted in the proposed zoning district and is compatible with surrounding districts and uses.

RESPONSE: The proposed rezoning of the property to Park is compatible with the surrounding Residential uses within the area of the subject property. Since the current use of the site is a park, the proposed rezoning will ensure the zoning district is compatible with the existing use. Furthermore, the proposed rezoning will enhance the existing residential uses by providing additional park and open spaces for residents/neighbors to enjoy. The character of the surrounding area, together with the enhancements as proposed, all support that the proposed re-zoning is compatible with surrounding districts and uses.

Thank you for your time and attention on this matter.

Sincerely,

Phil Thornburg
Parks and Recreation Director
