1.01 PURPOSE

The Florida Sheriffs Association and the Florida Association of Counties invite interested vendors, including Motor Vehicle Manufacturers and Dealers/Certified Representatives to submit responses in accordance with these solicitation documents. The Florida Sheriffs Association will serve as the "Contract Administrator" in the solicitation process and the administration of the resulting contract. The purpose of this bid is to establish a twelve (12) month contract, beginning October 1st and ending September 30th, annually with manufacturer's authorized dealers for the purchase of vehicles and equipment on a "no trade-in basis".

Trade-ins are not addressed in this contract. If an agency has a desire to offer vehicles/equipment for trade to the dealer, the agency and dealer may do so at their sole discretion, separate and apart from this contract.

1.02 TERM OF CONTRACT

This contract shall remain in effect for one (1) year from date of contract execution by the FSA Cooperative Purchasing Program Administrator, and may be renewed by mutual agreement, at the sole option and discretion of the FSA, for up to two (2) additional years, on a year to year basis.

Contract extensions will only be executed when conditions indicate it is in the best interest of the FSA and the customers.

In the event that the contract is held beyond the term herein provided it shall only be from a month-to-month basis only and shall not constitute an implied renewal of the contract. Said month to month extension shall be upon the same terms of the contract and at the compensation and payment provided herein.

1.03 ESTIMATED QUANTITIES (Vehicles and Equipment)

In FY 2015-16 eligible users purchased approximately 8,500 rolling inventory from the vehicle and equipment bid awards. These estimated figures are given only as a guideline for preparing your bid and should not be construed as representing projected figures.

Estimated quantities or estimated dollars, if provided, are for FSA guidance only. No guarantee is expressed or implied as to quantities or dollars that will be used during the contract period. The FSA is not obligated to place any order for a given amount subsequent to the award of this bid solicitation.

1.04 SHERIFF AS COUNTY CONSTITUTIONAL OFFICER

The Offices of the Sheriff of the State of Florida are constitutional offices of the State of Florida. Each has the authority either individually or collectively to execute contracts for all goods and services for the proper conduct of that office. Section 30.53, Florida Statutes, exempts the Sheriff's Offices from the provisions of the Florida Statute requiring among other things, sealed and competitive bids procedures.

It is our practice to give consideration to the prices offered, but the Office of the Sheriff is not required by law to accept the lowest priced proposal and may reject any or all of the proposals without recourse. Nothing in this proposal in any way obligates the participating Sheriff's Offices for any payment for any activity or costs incurred by any vendor in responding to this proposal.

Funds expended for the purposes of the contract must be appropriated by the individual participating agency for each fiscal year included within the contract period. Therefore, the contract shall automatically terminate without penalty or termination of costs if such funds are not appropriated.

Vendor's obligations under the above paragraph with respect to legal action are contingent upon the Florida Sheriffs Association, participating agencies giving the bidder (1) written notice of any action or threatened action, (2) the opportunity to take over and settle or defend any such action at bidder's sole expense. All policies issued to cover the insurance requirements herein shall provide full coverage from the first dollar of exposure. No deductibles will be allowed in any policies issued on this contract unless specific safeguards have been established to assure an adequate fund for payment of deductibles by the insured and approved by the Business Operation Manager.

The liability insurance coverage shall extend to and include the following contractual indemnity and hold harmless agreement:

Cross-reference: Contract Conditions, FSA Administrative Fees for All Specifications, Section 3.35

In case of discrepancy in computing the amount of the bid, the UNIT PRICE quoted will govern. All prices must be F.O.B. destination, freight prepaid (unless otherwise stated in special conditions). The dealer has the authority to offer discounts for prompt payment.

Award, if made, will be in accordance with terms and conditions stated herein. Each item must be bid separately and no attempt is to be made to tie any item or items in with any other item or items. Cash or quantity discounts offered will not be a consideration in determination of award of bid(s).

2.19 OPTION PRICING

Prices for options submitted by the dealer, for Emergency Vehicle Lighting, shall include all applicable state and federal fees and charges not including installation. Motorcycle pricing will include installation. No additional charges or fees are admissible.

The bidder shall offer a discount which shall be below Manufacturer's Standard Retail Pricing (MSRP) or manufacturers published catalog price for any factory add options included in the bid submission and in resulting customer orders, if awarded. The amounts of discounts for each particular add option shall be decided by the bidder.

When calculating upgrades, the total recognized MSRP (Refer General Conditions, General Definitions Section 1.08) for an item (that is not a manufacturer's free flow option for the base specification) is calculated as the differential between the dealer costs on the representative base vehicle versus total MSRP of the requested FSA option modifying the vehicle.

When add options listed are included in the base vehicle, bidder must submit options as "Included" or "STD". Bidder must use proper factory codes for all factory add options. Options available through the factory MUST be bid and supplied to Customer as "factory" options unless requested otherwise in writing by the Customer.

Products requiring certification should likewise require certification of options. If the options are not certified, this should be disclosed to the end user if purchasing non-certified options could result in the de-certification of the original product and/or warranty. All options must meet national safety standards.

Options are intended to add or delete equipment and/or features from the base vehicle specification, and to allow for an upgrade or downgrade to a manufacturer's model with a slightly different engine size or horsepower, and as such, should not be made available for purchase separate from the base vehicle. Bidders shall NOT use add or delete options to create a piece of equipment that is entirely different than the base unit called for in the specification, or any other options that do not meet the intention of options as stated above.

Bidder must indicate in their bid submission any option requiring the purchase of other options, and also indicate options that are a part of another option.

The codes listed in the "Prices" section of the Special Conditions must be used. Any dealer found requiring a buyer to purchase an "upgrade package" in order to purchase an available stand-alone item will be in violation of this contract and required to make a reimbursement to the agency of the cost between the option and the upgrade package.

The use of "Options" to facilitate the sale of an alternate Manufacturer's product which is outside the scope of the written base specification will be construed as non-compliant and their bid will be rejected, in whole or part by the FSA Bid Coordinator.

Example: Bidder CANNOT include option upgrades that result in the selling of a vehicle or truck on one specification that is offered as a separate specification in the bid solicitation. For example, a Vendor who is awarded the bid for 25,500 lb. GVWR Cab & Chassis cannot upgrade this item through an add option to a 30,000 lb. GVWR Cab & Chassis in order to circumvent the bid award winner for the 30,000 lb. GVWR Cab & Chassis.

2.20 SUBMITTAL OF BID

Bidders must submit their bid electronically via the Florida Sheriffs Association Cooperative Bid Award, located at <http://www.flsheriffs.org>.

Any bidder who offers emergency lighting and equipment (red, blue or any combination) to be installed on any vehicle or equipment, must provide evidence of EVT certification for installation. This includes any third party, up fitting. Example: a truck that may be used in the fire department to support the operation that requires public safety lighting and equipment.

Bidders must bid a requested FSA option first by offering the requested item if available from the factory. If this option is satisfied by the addition of a manufacturer's package that contains other items then it must be indicated in the comments

and verifiable via audit. Furthermore, if the package offered to satisfy the request requires another factory option then that also must be indicated and referenced in the available optional equipment spaces. If the item is a package and available as a free flowing option to the base vehicle then the manufacturer's MSRP governs and by definition becomes the ceiling price. If the item is a package that changes the manufacturer's model number then the recognized MSRP computation will govern and define the ceiling price.

Prices are to be rounded to the nearest dollar. Bids can be entered more than once; however, only the last bid entered into the system will be considered in the award process. Bids not submitted within the system will be rejected.

Each bidder is responsible for ensuring that his bid is submitted before the deadline outlined in the Bid Calendar. Late bids will not be considered and the system will not accept bids after the due date and time specified in the Bid Calendar. Reference: Bidder Instructions Section 2.23, Late Bids.

In addition to submitting the bid via the FSA Cooperative Bid Award system, one original and one (1) exact copy (includes divider tabs) of the bid package in separate 3-ring VIEW binders (not report folders) must be delivered or mailed to the attention of:

FSA Cooperative Bid Coordinator
Florida Sheriffs Association

The electronic cover sheet must be completed with dealership name, contact person, telephone number and mobile phone number, and bidder shall check the appropriate box indicating whether the submittal is an Original or Copy. The cover sheet must be placed in the front cover of the view binder.

- A printed copy of the submitted bid (printed after final bid submission takes place)
- Manufacturer's print-out (Ford - "Dora"; General Motors - "GM Autobook"; or approved equivalent) for each vehicle on which a bid is submitted. The Manufacturer's print-out shall indicate an order code for the Manufacturer's base model, all standard equipment, and any optional components required to provide the base vehicle as outlined in the bid solicitation. Dealer installed aftermarket components are required to meet the base vehicle specified must be identified, in writing, on the printout.
- For specifications or units that do not produce a manufacturer's print-out, bid package must include manufacturer's documentation that includes standard equipment and such other information that provides verification that such item meets the base specification.

- Contract Signature page. Bidder must complete the Signature Page in its entirety, and must indicate by signature on the form that bidder has read and understands the provisions contained in this Invitation to Bid.
- Bidder will check the appropriate box indicating whether the submittal is an Original or Copy. All bids must show the company name and be manually signed (no rubber stamps, facsimile signatures, etc.) in ink by a dealer principal and an employee who has the authority for bid submission if such employee is not a dealer principal. Unsigned bids will be rejected.

- The bid package must be received at the Florida Sheriffs Association according to the date and time specified in the Bid Calendar. Failure to meet all submission requirements by the dates indicated in the Bid Calendar will result in rejection of the bid. Reference: Bidder Instructions Section 2.23, Late Bids.
- By virtue of its bid submission, Vendor acknowledges its obligation to sell vehicles in all zones for which it is awarded.

2.21 EXECUTION OF BID

Bid must contain a manual signature of an authorized representative in the space provided on the Bid signature page. Failure to properly sign bid shall invalidate same and it shall NOT be considered for award. All bids must be completed in pen and ink or typewritten. No erasures are permitted. Any illegible entries, pencil bids or corrections not initialed will not be tabulated. The original bid conditions and specifications CANNOT be changed or altered in any way. Altered bids will not be considered. Clarification of bid submitted shall be in letter form, signed by bidders and attached to the bid.

2.24 BID OPENING

Bids shall be opened and publicly read on the date, time and place specified on the Bid Calendar and will be evaluated thereafter. All bids received after the date, time, and place shall be returned, unopened. Although prices will not be read, bidders may attend, but it is not a requirement.

2.26 BID TABULATIONS

Bidders desiring a copy of the bid tabulation may request same by enclosing a self- addressed stamped envelope with the bid.

2.27 MINOR IRREGULARITIES/RIGHT TO REJECT

3.01 GENERAL REQUIREMENTS FOR ALL VEHICLES

The requirements specified herein apply to ALL vehicles purchased under the terms and conditions of this contract. This specification is not complete without the specific requirements described in the detailed specifications for the particular vehicle to be purchased. In the event there is a conflict between the requirements of this specification and those of the enclosed detailed specifications, the requirements as stated in the detailed specifications over and above the vehicle standard equipment for the vehicle to be purchased shall apply.

Vendor/Dealers may offer demonstration vehicles that have never been titled, if acceptable to purchaser. These vehicles are to include the original manufacturer's warranty and may include additional discounts. It is determined that Fire/EMS related vehicles qualify as new/demonstrator vehicles if they comply with the above and are 2-3 model years from the newest available year model and have no more than 24,000 miles on the odometer. Heavy equipment qualifies as new/demonstrator equipment if they comply with the above and the engine hours do not exceed 1250 hours. *This is not applicable to sedans and light trucks.*

3.02 CONDITION AND PACKAGING

It is understood and agreed that any item offered or shipped as a result of this bid shall be the latest new and current model offered (most current production model at the time of this bid). If the production year has been exhausted any time during the contract, vendor may offer the current production model at the time of the purchase at no extra cost. Exceptions to this section include, but are not limited to: Changes to federal emissions standards resulting in additional production costs.

3.03 PRODUCTION CUTOFF

Vendor shall notify the FSA Cooperative Purchasing Program Administrator, in writing, no less than sixty (60) calendar days prior to the close of "Fleet Final Order Date". Reference Definitions, 1.08 (q) Balance Out.

Purchase Orders received by the Vendor ten (10) business days prior to the final order date must be accepted and entered into the order system with the manufacturer. Purchase Orders issued and received after the cutoff date will be subject to availability.

If a purchase order has been timely received by the Vendor and the manufacturer and the manufacturer fails to produce/deliver the production year vehicle, the Vendor must provide the next year's equivalent model at current contract prices.

Purchase Orders received by the Vendor after the cutoff date, the Vendor and manufacturer at their sole discretion may choose to provide next year's model at current year's prices until the end of the contract term.

3.04 DETERMINATION OF AWARD

The FSA shall award the contract to the lowest and best bidder. In determining the lowest and best bidder, in addition to price, there shall be considered the following:

- Whether the bidder can perform the Contract within the time specified, without delay or interference.
- The character, integrity, reputation, judgment, experience and efficiency of the bidder.
- The quality of performance of previous contracts.
- The previous and existing compliance by the bidder with laws and ordinances relating to the Contract.

3.05 FACILITIES

The FSA reserves the right to inspect the bidder's facilities at any time with prior notice.

3.07 COLLUSION

Dealerships and their representatives may submit multiple bids without conflict of "Collusion" as long as the bid submitted is not from the same manufacture and product line. Dealerships which share the same ownership may submit multiple bids also without conflict of collusion as long as the bidders are not in the same region, with the same manufacturer and product line. Reference General Conditions 1.44 Collusion for extended definition.

3.08 OPTION TO RENEW WITH PRICE ADJUSTMENT

The contract could be extended for an additional two (2) years, on a year to year basis, if mutually agreed by upon both parties. Prior to completion of each exercised contract term, the FSA may consider an adjustment to price due to increases or decreases on the Consumer Price Index; but in no event will the prices be increased or decreased by a percentage greater than the percentage change reflected in the Nationally published Consumer Price Index-Goods and Services, computed 60 days prior to the anniversary date of the contract.

It is the vendor's responsibility to request any pricing adjustment under this provision. For any adjustment to commence on the first day of any exercised option period, the vendor's request or adjustment should be submitted 60 days prior to expiration of the then current contract term.

The vendor adjustment request must clearly substantiate the requested increase. If no adjustment request is received from the vendor, the FSA will assume that the vendor has agreed that the optional term may be exercised without pricing adjustment. Any adjustment request received after the commencement of a new option period will not be considered.

The FSA reserves the right to accept the renewal adjustment or to allow the contract to terminate and re-advertise for bids, whichever is in the best interest of the FSA.

The FSA reserves the right to add additional manufacturer lines and brands to the bid award as they become available and are not in conflict with any already awarded dealer representing or competing with the same manufacturer and brands. These Manufacturers/Dealers may be considered as additional providers of good and/or services to the contract after having met all of the criteria necessary to be an approved vendor and their product or service meets the minimum specifications of the original bid.

FSA reserves the right to remove, discontinue or suspend the sale or offering of any product or commodity within the bid document or existing contract, at its discretion.

This decision to take action may be based upon and not limited to:

- Slow or No Sales
- Product Recalls and Other Safety Issues
- Dealer/Manufacturer Performance
- Lack of Relevance of Products/Commodities

If an FSA awarded dealer terminates a product line (Manufacturer or Brand), the dealer is required to notify the FSA Cooperative Bid Coordinator within ten (10) business days of the decision not to retain the Manufacturer or Brand.

In the event a manufacturer reassigns the product line to an alternate dealer, the manufacturer and the dealer is required immediately to notify the FSA in writing of the change within ten (10) business days confirming the reassignment. If the vendor/dealer is not already an approved FSA vendor, the vendor is required to apply to the FSA to become an approved vendor PRIOR to conducting any qualified sales. 3.13 POLICE RATED VEHICLES/MOTORCYCLES (PPV)

Vehicles in this category have been reviewed by one or more of the nationally recognized authorities on Police Vehicle Testing Program/Evaluation. These vehicles were historically referred to as "Pursuit Rated".

These evaluations are not designed to recommend a particular product but to serve as a resource of information on vehicles which are currently being offered for police service. To see the full detailed report click or copy the links below.

The importance with which each individual phase is weighted in these evaluations is a subjective decision which should be made by each agency based upon that agency's needs.

For the purposes of this bid specification the following recognized authorities are as follows;

Preface from LASD Evaluation Report

The Los Angeles County Sheriff’s Department first implemented its police vehicle testing program in 1974. Since that time, our department has become nationally recognized as a major source of information relative to police vehicles and their use. It is our goal to provide law enforcement agencies with the information they require to successfully evaluate those vehicles currently being offered for police service. The Los Angeles County Sheriff’s Department is proud to publish this information, via the internet, to all law enforcement agencies. Since the inception of our vehicle testing program in 1974, we have continually refined our efforts in this area in order to provide the law enforcement community with the most current information available. During the 1997 model year testing, the Sheriff’s department expanded its existing criteria to include an urban or “city street” pursuit course. This course consists of multiple city block distances punctuated by the various types of turns normally found in most inner city environments. The “city street” course is designed to simulate the conditions encountered by most officers working in typical urban communities. The test is only conducted on vehicles offered with a factory “Police Package”. Since many law enforcement agencies buy “non-pursuit” vehicles, we also test vehicles offered in a “Special Service” configuration when offered by the manufacturers. These vehicles are tested in a similar fashion as “Police Package” vehicles however we do not subject them to the city street pursuit course. The booklet is not intended as a recommendation for any specific vehicle contained within. The Sheriff’s Department conducts the vehicle testing program in order to accomplish two primary goals. To provide law enforcement agencies with the data necessary to assist those in the vehicle selection process, and to provide the various vehicle manufacturers with the input necessary to better meet the needs of law enforcement. We recognize the fact that individual agency needs can be influenced by cost, operational considerations and other factors. Our testing process is designed to address the law enforcement officer’s operational requirements in terms of vehicle performance, vehicle safety, and comfort. Each test is designed and executed to simulate actual field conditions as closely as possible. The vehicles being tested are driven on city streets and interstates, as well as the performance track, by law enforcement personnel. The maneuvers duplicated during the electronic test procedures are those encountered in actual patrol and emergency operations which the law enforcement officer may encounter in the field. Interpretation of test results is the responsibility of each agency. The importance with which each individual phase is weighted is a subjective decision which should be made by each agency based upon that agency’s needs.

3.14 SPECIAL SERVICE VEHICLES (SSV):

Vehicles in this category, in some cases have been reviewed by one or more of the nationally recognized authorities on Police Vehicle Testing Program/Evaluation (see Section 3.13, above). These vehicles are often referred to as “Special Service Vehicle” and often used in Public Safety applications and other areas of government. Please refer to manufactures published information for detailed information regarding these vehicles.

3.15 CAB AND CHASSIS PURCHASES

Cab and Chassis can be purchased from the dealer without any required additional fitting by the dealer. However, the dealer upon sale of an incomplete chassis is not required to register/title the incomplete vehicle unless the up fitting is completed by the dealer or the dealers licensed and certified up fitter. If an agency chooses to up fit the chassis utilizing a 3rd party vendor and the work is outside of the scope of the purchase order issued to the dealer by the agency, then the 3rd party vendor is liable to perform all the prerequisites of the state and issue the appropriate registration/title to the agency upon completion of the work.

FSA highly recommends that all up fitting of cab and chassis be performed by vendors who are licensed/certified to perform such work to avoid unnecessary exposure to any possible future liability as a result of the up fitting. Reference F.S. 319.21(2)

3.16 FACTORY INSTALLED

Aftermarket parts, modifications and factory produced parts and components ordered as parts and installed by the dealer, or a Vendor, do not meet the requirements of "Factory Installed" components, and will be rejected for noncompliance with the requirements of the specification.

In the event a component(s) that does not meet the specifications is found to be installed on a vehicle before or after the vehicle has been accepted by the customer, the Vendor shall be required to replace the vehicle with a vehicle that meets the required specifications, INCLUDING ALL FACTORY INSTALLED COMPONENTS. In the alternative, the customer shall decide whether they will accept dealer installed components.

- All specified as "factory installed" is to be installed on the vehicle at the primary site of assembly and is to be the manufacturer's standard assembly-line product. No aftermarket and no dealer installed equipment will be accepted as "factory installed". Vendors found supplying aftermarket or dealer installed equipment where "factory installed" are specified may be required to retrieve all vehicles delivered and reorder new vehicles meeting the specifications.
- ALL factory ordered options are to be "OEM and factory installed" unless otherwise noted by the awarded dealer and acknowledged in writing by both the dealer and the customer. Verbal agreements will not be recognized; if any exception to the delivered product is taken be the dealer or the customer.

3.17 DEALER/VENDOR INSTALLED EQUIPMENT

All dealer installed accessories (roll bar, trailer hitch, etc.) shall be installed according to the manufacturer's specifications.

All such accessories must be manufactured by a recognized manufacturer of the product provided, unless the accessory is not available from a recognized manufacturer. *Dealer is required to disclose "Make/Model" of product being offered and the location, design, and model must be approved by the customer prior to installation. Dealer must also disclose the warranty of any item that less than or exceeds factory vehicle factory warranty coverage.*

An awarded Vendor that employs or subcontracts technicians to install emergency equipment on vehicles purchased on this contract are required to utilize technicians that are certified in Law Enforcement Vehicle Installation through EVT Certification Commission, Inc. or an approved equivalent.

The Florida Sheriffs' Association Cooperative Purchasing Program Administrator may at any time during the contract period request proof of the required certification.

Any awarded Vendor that violates this provision will be considered in default of the contract. The contract may then be terminated upon ten day written notice of said violation.

3.18 BID EVALUATION CRITERIA

Eligible responsive bids will be evaluated to determine if all contract bid requirements are met. Bids that do not meet all contract requirements of this solicitation or fail to provide all required information, documents, or materials may be rejected as nonresponsive.

Bidder must have the necessary facilities, personnel and expertise, and must be prepared, if requested by the FSA Cooperative Purchasing Program Administrator, to present evidence of such experience, including evidence of EVT certified technicians to perform installation of emergency lighting for applicable specifications.

The FSA Cooperative Purchasing Program Administrator reserves the right to investigate or inspect at any time during the bid award process and the contract period as to, whether the product, qualifications, or facilities offered by Bidder meet the contract requirements.

Bidders whose bids, past performance, or current status do not reflect the capability, integrity or reliability to fully and in good faith perform the requirements of the contract may be rejected as non-responsive. In determining past performance, the FSA Cooperative Purchasing Program Administrator will give strong consideration to the nature and number of complaints received from Customers regarding a previously awarded dealer. The FSA Cooperative Purchasing Program Administrator may use discretion in determining which bids meet the contract requirements of this solicitation, and which respondents are responsive and responsible.

The FSA Cooperative Purchasing Program Administrator may use discretion in accepting or rejecting any and all bids, or separable portions thereof, and to waive any minor irregularity, technicality, or omission if determined that doing so will serve the best interest of the local government agencies of the State of Florida. The FSA Cooperative Purchasing Program Administrator may reject any responses not submitted in the manner specified by solicitation documents

3.19 BASIS FOR AWARD

The FSA Cooperative Purchasing Program Administrator shall award the bid to the lowest and best responsive bidder by specification, by manufacturer and by zone to bidders who have met the qualifications based on facilities, financial resources, and can demonstrate their ability to perform the work in a satisfactory manner.

Bidders, who routinely demonstrate significant deficiencies in providing excellent customer service during the contract period prior to the issuance of this bid, may have their bid rejected or limited to the number of regions they can be awarded in this bid cycle. For purpose of this contract the term "significant" as determined by the Florida Sheriffs Association. In cases where the manufacturer is the core of the issue then the dealer must provide evidence of timely communication to the complainant and the FSA.

Bidders are hereby advised that the FSA Cooperative Purchasing Program Administrator may use discretion in rejecting any bid proposal not considered to be competitive in nature based on the best pricing information available.

The FSA Cooperative Purchasing Program Administrator may use discretion in rejecting any or all bids, in whole or in part, and/or make or limit awards either as individual items or as a total combined bid, whichever they consider to be in the best interest of the local governmental agencies of the State of Florida, and to waive any informality in any proposal.

The add options in the bid shall be for informational purposes only and will not serve as a basis for bid protest. Reference: Bidder Instructions, Section 2.19 Option Pricing, for additional criteria.

- CHRYSLER NEW PREPARATION, INSPECTION AND ROAD TEST
- FORD PRE-DELIVERY SERVICE RECORD
- GM NEW VEHICLE INSPECTION PROCEDURE
(Or manufacturer's latest pre-delivery form)

3.23 NON-SCHEDULED OPTIONS

FSA endeavors to include many non-scheduled options, factory and aftermarket, in the bid document. However, it should be understood that this category is enormous in capacity and not feasible for complete listing.

Should an agency request a non-scheduled option, not included in the contract, the awarded vendor may provide this non-scheduled option. The agency has the opportunity to request the vendor's demonstration of discount pricing for any non-scheduled option during the quote process. At no time should the non-scheduled option exceed MSRP or Published Price.

Non-scheduled options should be listed as a separate line item and noted as such on the purchase order, with prices. All non-scheduled options are covered under these terms and conditions.

Required delivery or due dates should be discussed with the dealer at the time of the quote. It is important to note that dealers do not have ANY control over production delays in schedules from the manufacturer.

While it is recommended that an agency purchase from the "zone" which is closest to their location, it is not mandatory to do so, when the agency needs determine an alternative vendor in another zone, is a better fit. Vehicles purchased from vendors awarded in the Police, Administrative, Utility Vehicles, Trucks & Vans contract (FSAXX-VELXX.X), outside an awarded zone may, upon mutual agreement between the vendor and the purchaser, charge an "Out-of-Zone" fee.

- 2) Purchasing agency is required to forward an executed copy of the purchase order to the Florida Sheriffs Association, Cooperative Bid Coordinator (by email, fax or hard copy) at the same time the purchase order is released to the Vendor.
- 3) If a Vendor receives a purchase order for a specification for which they were not awarded, the Vendor must notify the customer and return the purchase order to the customer within three (3) business days.
- 4) All vehicles ordered prior to manufacturer's close of production and in accordance with the contract shall be supplied in the manufacturer's next model run of that class vehicle even if it requires supplying a later model at the original bid prices.
- 5) Vendor shall place order with manufacturer within ten (10) business days after receipt of purchase order. Vendor shall assure that all orders are placed in full compliance with the specifications and purchase order.
- 6) It is the Vendor's responsibility to insure that the vehicle ordered by the customer is fully compatible with all ordered options and that the vehicle complies with all applicable manufacturer and industry standards. The Vendor's acceptance of a customer's order will indicate that the Vendor agrees to deliver a vehicle that will be fully compatible with all of its options.
- 7) Any changes that are required to bring a vehicle into compliance with its various options due to an incorrect order will be accomplished at the Vendor's expense.
- 8) A "Confirmation of Order" form shall be completed and returned to the customer placing order(s) against this contract, (a sample copy of the confirmation form is included) within fourteen (14) calendar days after receipt of purchase order without prompting or notification by the customer. (Refer to Addendum "C")

Any additional information needed to complete this form should be obtained by contacting the customer. The form may be modified to accommodate each customer individually as necessary.

B. Delivery

- 1) Vendor shall complete delivery of the vehicle to the customer within fourteen (14) calendar days after receipt of the vehicle(s) from the manufacturer or equipment supplier. Vehicles originating as an incomplete vehicle would be exempt.
- 2) Receipt of a vehicle by the Vendor is defined as acceptance of the vehicle(s) from a common carrier at the Vendor's place of business or any third party's place of business.
- 3) Deliveries of less than 350 miles may be accomplished by driving the vehicle. Any delivery accomplished by driving the vehicle must be supervised and the driver must comply with manufacturer's break-in requirements and all applicable traffic laws and ordinances. Any delivery accomplished by driving a police rated vehicle must use an "OUT OF SERVICE" cover on light bars. All deliveries in excess of 350 miles shall be made by transport, or otherwise approved by the purchasing agency. Incomplete vehicles would be exempt.
- 4) At the purchaser's option, a vehicle with more than 350 odometer miles may be rejected or \$0.51 cents per mile in excess of 350 miles may be deducted from the invoice, unless previously approved by the purchasing agency. This requirement also applies to redelivery of vehicles which were rejected upon delivery.
- 5) Warranty Start Date - If the purchaser needs to reset the warranty start date because of an extended delivery date, they must do so by contacting the dealer in writing. Incomplete vehicles or vehicles delivered to an up fitter would not qualify for a revised start date unless the vehicle is in the control of the dealer during the up fit. In any event, all warranties shall begin at the time of delivery and final acceptance by the purchaser.
- 6) All bids are F.O.B. to the agency. If the dealer, at the request of the purchasing agency delivers vehicles or equipment to an alternate location other than home base and is outside the scope of the purchase order, this will conclude the dealer's responsibility for delivery. Any exception is invalid unless the agreement, quote, purchase order, or other written document states otherwise.
- 7) Vendor shall notify agency personnel designated on purchase order no less than 24 hours prior to delivery during mutually agreeable dates and times. Transport deliveries must be unloaded and inspected by receiving agency. Deliveries not complying with these requirements may be rejected and will have to be redelivered at Vendor's expense.
- 8) All vehicles must contain no less than 1/4 tank of fuel as indicated by fuel gauge at time of delivery, except for vehicles and equipment with tanks over thirty five (35) gallons in capacity, which must contain a minimum of ten (10) gallons of fuel.

C. Liquidated Damages

- 1) Should the Vendor fail to comply with the requirements in Section 3.26.B.6 above, the agency may invoke liquidated damages of \$20.00 per day per unit for each day beyond the specified delivery requirements.
- 2) Force Majeure. Liquidated damages shall not be assessed for a delay resulting from the Vendor's failure to comply with delivery requirements if neither the fault nor the negligence of the Vendor or its employees contributed to the delay and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar cause wholly beyond the Vendor's control, or for any of the foregoing that Sub-Vendors or suppliers if no alternate source of supply is available to the Vendor. In case of any delay the Vendor believes is excusable, they shall notify the customer in writing of the delay or potential delay and describe the cause of the delay either (1) within ten (10) days after the cause that creates or will create the delay first arose,

- 3) If the vendor could reasonably foresee that a delay could occur as a result, or if delay is not reasonably foreseeable, within five (5) days after the date the vendor first had reason to believe that a delay could result. The foregoing shall constitute the Vendor's sole remedy or excuse with respect to delay.

3.27 ACCEPTANCE

It is the purchaser's responsibility to thoroughly inspect each vehicle prior to acceptance. Copies of the bid specifications and purchase order for the vehicle will be delivered with the vehicle. Purchasers are to inspect the vehicle and compare bid specifications, purchase order and manufacturer's window sticker or manufacturer's invoice to ensure vehicle meets or exceeds the requirements of the technical bid specifications and purchase order. Purchasers are to inspect the vehicle for physical damage.

Delivery of a vehicle to a customer does not constitute acceptance for the purpose of payment. Final acceptance and authorization of payment shall be given only after a thorough inspection indicates that the vehicle meets contract specifications and the requirements listed below.

Should the delivered vehicle differ in any respect from specifications, payment will be withheld until such time as the Vendor completes the necessary corrective action. Units shall be delivered with each of the following documents completed/included:

- a. Copy of "Customer's Purchase Order"
- b. Copy of the applicable "Vehicle Specification"

- f. Owner's manual
- g. DHSMV 82040, "Application for Certificate of Title and/or Vehicle Registration" (for signature of authorized representative). This document will not be included if the Vendor/dealer is providing the tag and title.

Deliveries that do not include the above forms and publications will be considered incomplete and will be refused.

3.28 INSPECTION, ACCEPTANCE & TITLE

Inspection and acceptance will be at destination unless otherwise provided. Title to/or risk of loss or damage to all items shall be the responsibility of the successful bidder until acceptance by the buyer unless loss or damage result from negligence by the buyer. Reference: 3.31 Invoicing and Payments

It is the expressed responsibility of the purchaser to inspect a vehicle within 3 business days after acceptance for any damages. When the vehicle requires delivery to an alternate location, other than that of the agency, for further modification or up-fitting, will not preclude the 3 day requirement for inspection. If the materials or services supplied to the FSA are found to be defective or not conform to specifications, the FSA reserves the right to cancel the order upon written notice to the seller and return product at bidder's expense.

3.29 EQUITABLE ADJUSTMENT

The FSA Cooperative Purchasing Program Administrator may make an equitable adjustment in the contract terms or pricing in the contract at its discretion. Adjustments to pricing may occur for various reasons, such as pricing or availability of supply (i.e. material surcharge) is affected by extreme and unforeseen volatility in the marketplace, that is, by

circumstances that satisfy all the following criteria: (1) the volatility is due to causes wholly beyond the Vendor's control, (2) the volatility affects the marketplace or industry, not just the particular contract source of supply, (3) the effect on pricing or availability of supply is substantial, and (4) the volatility so affects the Vendor that continued performance of the contract would result in a substantial loss.

When requesting an adjustment, including but not limited to price increases, the following must be submitted to the FSA Cooperative Purchasing Program Administrator:

- A letter of request from the Vendor, including the specification number and model listed in the contract, along with the requested changes;
- When requested adjustment is based on production cutoff of a currently listed model, a letter of affirmation from the manufacturer;
- When requested adjustment includes model changes, manufacturer's documentation of items included in the proposed model in order to determine that the proposed model meets the base specification;
- Currently published MSRP Listing

The dealer has the authority to offer additional discounts based on quantity, as well as additional manufacturer/dealer discounts.

3.31 INVOICING AND PAYMENTS

Vendors must invoice each customer independently from the Florida Sheriffs Association, the Florida Association of Counties and the Florida Fire Chief's Association for vehicle(s) purchased from this contract.

The Vendor shall be paid upon submission of properly certified invoices to the purchaser at the prices stipulated on the contract at the time the order is placed, after delivery and acceptance of goods. Upon receipt of goods, a customer has three (3) working days to inspect and approve the goods and services. The Local Government Prompt Payment Act (as stated in Sections 218.70–218.80, Florida Statutes); will apply to ensure timely payment of Vendor invoices.

The invoice(s) shall indicate the following but is not limited to these requirements:

Shipping location, purchase order number, contract number, quantity shipped, price, date, make, model and serial number of vehicle(s).

3.32 PAYMENT

Invoices for payment will be submitted by the agency after the items awarded to a vendor have been received, inspected, and found to comply with award specifications, free of damage or defect and properly invoiced.

3.33 WARRANTY, REPAIRS AND SERVICE

Failure by any manufacturer's authorized representative to render proper warranty service/ adjustments, including providing a copy of the warranty work order to the customer, shall subject that representative and the Vendor to

suspension from the approved vendor listing until satisfactory evidence of correction is presented to the FSA Cooperative Purchasing Program Administrator.

3.34 INADEQUATE SERVICE

When equipment requires service or adjustments upon delivery, the Vendor shall either remedy the defect, or be responsible for reimbursing the manufacturer’s local authorized dealer, or others, to remedy the defect. Such service or adjustments shall be initiated by the Vendor within forty-eight (48) hours (not including weekends and holidays) after notification by a customer. Delivery will not be considered complete until all service and/or adjustments are satisfactory and the equipment redelivered.

The provisions of the delivery paragraph shall remain in effect until the redelivery is accomplished. The cost of any transportation required shall be the responsibility of the Vendor until the equipment is satisfactory and accepted by the customer.

3.35 FSA ADMINISTRATIVE FEES FOR ALL SPECIFICATIONS rev 2/16

This FSA Fee should also be included in all additional equipment items (add options) and should not be indicated as a separate line item on any purchase order. Cross-reference: Prices Quoted - 2.18
