

TO: Honorable Mayor & Members
Fort Lauderdale City Commission

FROM: Lee Feldman, City Manager

DATE: October 16, 2012

TITLE: Motion to approve a ninety (90) day contract extension for residential solid waste collection services - \$952,600.50

Recommendation

It is recommended that the City Commission approve a contract extension for ninety (90) days, through January 31, 2013, for residential solid waste collection and disposal services with Choice Environmental Services of Broward, Inc.

Background

The current contract 692-10119 for residential solid waste collection and disposal services with Choice Environmental Services of Broward, Inc. will expire on October 31, 2012. Section 1.02 allows for a contract extension not to exceed ninety (90) days beyond the expiration date at the same rates currently in effect when the City invokes the extension clause. Currently, there are two contracts for this collection service that evolved during the privatization process of city collection services. Contract 692-10119 expires October 31, 2012 with extension options to October 31, 2016 and contract 682-9843 expires July 31, 2013 with extension options to July 31, 2015. Today, Choice Environmental Services of Broward, Inc. provides citywide collection service under both contracts.

Choice has requested that the City review both these contracts and combine into one agreement. Staff has commenced negotiations and a new agreement is expected to be presented to the City Commission for approval within the ninety (90) day extension period. A summary of the contract and proposed changes was presented to the City Commission September 18, 2012 (BUS-5).

The new agreement combines the two contracts, which will provide for one citywide collection contract, shortens a remaining term by twelve months, and provides for the disposal of yard waste recycling for the cart program.

Resource Impact

There is a fiscal impact to the City in the amount of \$952,600.50
