ENG CASE COMMENTS – Received July 08, 2022:

1. Per the DRC Vacation Application, provide a current certified boundary survey (within last 6 months) that is signed and sealed.
RESPONSE: See signed and sealed survey provided dated (11/21/22).
2. Provide letters from all franchise utility providers, including Public Works as appropriate (i.e. if easement being vacated is public), demonstrating their interests in maintaining or no objection to the vacation of this Easement; the letters should specifically state whether or not the franchise utility providers have existing facilities within the Easement vacation area that will need to be relocated or abandoned.
RESPONSE: Responses from ATT, Comcast, FPL, TECO, and Public Works are provided in the resubmittal.
3. Submit a stamped copy of the surveyor's sketch and legal description to the City's Surveyor for his review and approval of the Easement to be considered for vacation. The approved surveyor's sketch shall then be routed to the Land Development Manager or designee for signoff, prior to submittal to the case planner for final authorization to present this item to the City Commission.
RESPONSE: The Sketch & Legal has been digitally sent to the City Surveyor on 11/7/22. Once it has been approved, we will provide a hard copy of the signed & sealed Sketch & Legal to the City.
4. Please be advised that the vacating ordinance shall not be in full force and effect until an Engineer's Certificate is executed by the City Engineer or designee. This Engineer's Certificate shall be executed by the proper authorities and recorded in the public records of Broward County. A copy of the recorded certificate is to be provided to the City upon recordation. The City Engineer's certificate shall also state that all existing facilities located within the vacated easement have been relocated or abandoned to the satisfaction of the respective utility owners.
RESPONSE: Acknowledged and will comply.
5. The survey shows existing wooden poles, overhead wires, and a guy anchor located within the 15' Utility Easement to be vacated; relocated facilities shall require inspection and approval by the applicable franchise utility owner prior to issuance of City Engineer's certificate.
RESPONSE: Acknowledged and will comply.
6. Please be advised that additional Easements may need to be dedicated to the City resulting from the Vacation of Easement approval process, including Utility Easement(s) and Access Easement(s) that mitigate an otherwise dead-end Alley condition.

As applicable, provide documents such as easement and/or right-of-way deed, joinders, consents and Attorney's Opinion of Title. Please refer to City's Web site: <http://fortlauderdale.gov/departments/sustainable-development/building-services/engineering-forms-and-info> (under 'Engineering Forms' and 'Dedicated Public Rights of Way and Easements') or click on <http://www.fortlauderdale.gov/home/showdocument?id=1558>.
