Presentation Summary

Attorney Stephen Tilbrook of Akerman LLP opened the meeting and welcomed the attendees. He explained the purpose of the meeting as a City Public Participation requirement: that we would take a record of questions and be submitting a summary to the City of Fort Lauderdale in a report. He then introduced the Applicant team including Holy Cross Health representative and Chief Operating Officer Stonish Pierce, FACHE, and the Aaron C. Austin, RA, NCARB, CLSS-HC Partner and Larry Martineau of the Martineau Austin Architectural Group (MAAG). He asked members of the public to introduce themselves. The two that spoke included a representative from Stiles Corporation, Brendan Keating, and Val Sousa of the Jim Moran Foundation. They are working on a neighboring property which is also undergoing some changes.

Mr. Tilbrook presented a 10-slide Powerpoint. He first showed the Project location, and the existing elevations of the buildings included in the rezoning application. He discussed the existing uses of the buildings. He then showed an aerial street view, the existing zoning and the proposed zoning maps. He explained that the goal of the Project is to convert one of the medical use buildings, 1940 NE 47th Street, into a child care facility primarily to serve Holy Cross Health. He further explained that the hospital zoning – CF or Community Facility - is correct for the hospital and the accessory buildings south of 47th street and that the existing buildings and uses were built legally in the 1950s. But when the RMM 25 category, a residential use category was created several decades later, the existing structures and uses became nonconforming. When the Applicant brought the Project to the City of Fort Lauderdale, the City requested all three RMM-25 sites be rezoned and "fixed" at the same time to CF.

Mr. Tilbrook next provided a current status update: the Applicant has submitted the rezoning application and been placed on the schedule: the hearing will take place at City Hall on March 15 at 6:00 pm. He then presented the site plan for the 1940 building, noting that while no changes are anticipated to occur to the exterior façade, certain site requirements must be met for childcare uses. He shared the proposed site plan components as follows: introducing outdoor recreation areas for Toddlers and for Preschoolers; creating a pedestrian connection between them;

66258614;1

providing the required parking and drop-off; and updating fencing and landscaping. He further stated that though there is no timeline yet for the site plan and conditional use approvals, they will be upcoming. Mr. Tilbrook then concluded the presentation and asked for any questions.

Q & A

- Brendan Keating asked about any plans for the other two buildings. Mr. Tilbrook explained that there are currently no plans for the 1930 building.
- Val Sousa said the Jim Moran Foundation looks forward to being neighbors and to helping as they can
- Taryn O'Brien of Holy Cross replied positively to Mr. Sousa.

In addition to this written summary, please also review the attachments for additional content and contact me at (305) 755-5825 if you have any questions or comments.

Sincerely,
